REV. RICHARD MOLDENKE DIED VERY SUDDENLY

Wealthy Lutheran Minister, Stricken at Breakfast Table, Passed Away Soon After.

ATTACK DUE TO GRIEF
PASTOR BEMOANED THE FATE OF SLOCUM DISASTER VICTIMS.

He Was Seventy Years of Age and Had Been in Charge of One Church for Thirty Years.

Rev. Dr. Richard Moldenke, one of the best known and wealthiest Lutheran clergymen in the country, died at his summer home, "Elsinore," Washingtonville, on Saturday. He was stricken with heart disease while at breakfast and before medical aid could be secured he passed away. The cause of his illness was believed to be due to grief for members of his congregation who lost their lives on the ill-fated Gen. Slocum, and his compassion for the bereft families of St. Mark's church.

A week ago yesterday he broke down while holding memorial services for the Slocum dead. He then went to his country home. Dr. Moldenke was pastor of St. Peter's Lutheran church, New York, for thirty years. He was 70 years old and leaves a widow and three sons—Dr. Richard Moldenke, manufacturer and secretary of the American Foundrymen's Association; Dr. Charles Moldenke, a retired clergyman, and Dr. Alfred Moldenke, who is the assistant pastor of St. Peter's church.

The remains have been taken to New York, where services will be held in St. Peter's church tomorrow. They will then be brought back to this city and placed in a vault which the deceased built near his home several years ago.

ALIS DROPS A GAME TO THE MURRAY HILLS

Errors by Launder and Gray Help Visitors Win a Tenth-Inning Contest.

WERE EVENLY MATCHED
BOTH PITCHERS WERE TOUCHED FOR THIRTEEN HITS.

McGoey Almost Makes a Home Run—Gauven Gets Three Hits—The Scores in Detail—Lauder Not to Play Until Ankle Is Well.

The dropping of an easy fly ball by Launder and a wild throw by Gray to first base in the fifth inning, together with a couple of singles, was the cause of Alis losing an otherwise interesting game to Murray Hill on Saturday. The two errors were largely responsible for three runs made in that inning, and barring these the score would have been 8 to 7 in favor of Alis, instead of 10 to 8 in favor of the visitors. It required ten innings to decide the contest, the score being a tie with eight runs each at the end of the ninth. A two bagger by O'Neil and singles by O'Gorman and Conroy netted two runs, one to spare, while Alis could do nothing in their half of the tenth.

The locals started the game in merry-go-round style, making four runs, while the visitors were shutout in the first two innings. In the third they tallied three runs, while Alis drew one. In the fourth both teams drew a blank, but the fifth brought three more for the visitors, and only one for Alis. The next inning was a blank; while in the seventh each team scored two more runs. Alis failed to make any more, while Murray Hill chalked two in the tenth, giving them the game.

There seemed to be a hoodoo spell about the Alis team and Captain Launder was particularly affected. His fumble of two easy fly balls was unusual and especially unfortunate. He made two of the four errors for the team, Gray and Davis each making one. Billy covered second and barring his two misplays handled himself well. He has decided, however, to retire from the game for the present and he will not be with the team until his ankle is entirely well.

In the eighth inning McGoey was out of a home run at the home plate. After putting the ball far beyond the reach of the fielders, he made the circuit, only to be thrown out at home. He failed to touch the rubber.

Struck out—By Davis, 7; by Conroy, 2. Left on bases—Murray Hill, 7; Alis, 9. First base on errors—Murray Hill, 3; Alis, 1. Umpire—Meritt. Time of game—2:30. Attendance—1,300.

It was a disappointment to the local fans to see Alis lose. Two or three times they seemed to have the game, only to fall down at the wrong time. Davis tossed the leather sphere in his usual good style, dividing honors with Conroy, late of the Boston Americans. Each pitcher was touched for thirteen hits. The visitors played a good steady game, and at the bat they excelled in bunting their hits. "Al" Farmer put up his same top-notch uniform.

ALBERT I. LITTELL SERIOUSLY INJURED

Falls From High Roof Sustaining a Compound Fracture of His Left Leg.

NOW AT THE HOSPITAL
PLUNGED HEADFOREMOST FROM HOUSE WHILE AT WORK.

Dr. George W. Endicott Hastens to Spot and Cares for Injured Man—Chief Kely Takes Him to Muhlenberg in Patrol Wagon.

Pitching head first from the roof of a three-story house, Albert I. Littell, of North avenue, narrowly escaped death about 9 o'clock this morning. He was on top of the three-story, mansard roof house at the corner of Putnam and Kensington avenues, occupied by Mrs. Amelia F. Lavelle and lost his balance while hoisting some roofing material from the ground. In falling, he turned completely over and struck the ground on his left foot, sustaining a compound fracture of the lower part of the left leg.

Dr. G. W. Endicott was called and temporarily cared for the injured limb, which had to have the clothing cut from it, the broken bone having protruded through the flesh. The patrol wagon was sent for and responded promptly, Chief Kely coming out with it. Littell was removed to Muhlenberg Hospital and a careful examination was made to ascertain the extent of his injuries, it being feared for a time that some internal hurt had been sustained in addition to the broken bone, which had to be bound rigidly together with wire. It was found, however, that outside of his leg, Mr. Littell suffered no other injuries except to his face. The facial injuries were slight, however, consisting only of a few scratches and abrasions.

At the hospital this afternoon it was reported that Mr. Littell was getting along nicely and that his leg will not have to be amputated.

DR. E. L. EARP CALLED TO SYRACUSE UNIVERSITY

Will Take Charge of the Department of Sociology There.

WILL LEAVE AUGUST 1
ANNOUNCEMENT MADE YESTERDAY CAUSES DEEP REGRET.

The Official Board of Grace M. E. Church Adopt Resolutions—A Committee Appointed to Secure a Supply.

Rev. Dr. Edwin Lee Earp, pastor of Grace M. E. church, has been elected to the chair of sociology at Syracuse University. The appointment has been accepted, and at yesterday morning's service at his church the formal announcement that Dr. Earp is to give up pastoral activity for educational work was made to the congregation. The announcement came as a great surprise.

Dr. Earp laid the matter of his departure from the charge before his official board Friday night. His resignation was accepted after expressions of regret. Next Wednesday final action on the matter will be taken at the quarterly conference of the church.

It is expected that Dr. Earp will begin his duties at the university next September. He is to be released from his charge in the borough on August 1.

Dr. Earp is highly educated and a wide student. He has received four degrees: Ph.D. from Leipsic University, A. B. from Dickinson College, A. M. from New York University, and B. D. from Drew Theological Seminary, where he prepared for the ministry. He is a native of Maryland. He has been in the ministry for five and a half years. His first charge was at Ridgewood, where he stayed a year. He was in charge of St. James' church, Newark, during the next two years, and has been pastor of Grace for the past two and a half years.

In making the announcement of his approaching departure, at the morning service yesterday, Rev. Dr. Earp spoke very briefly. He simply stated that he had received a call to take charge of the department of sociology at Syracuse University early in the week, and that to enable him to begin his work there it was necessary for him to be released August 1. He explained that a special meeting of the Official Board had been called to take action in the matter, and that he had been freed from his pastoral obligations, beginning August 1, and that a committee had been appointed to co-operate with Presiding Elder Halloran in securing a pupil supply until the next annual conference. At some later time, he said, when it would be more fitting and appropriate, he would have something to say as to his feelings in severing connections with Grace church.

After the service there were many expressions of regret over Dr. Earp's going. His flock gathered about him to assure him of their best wishes in his new field, and to make it plain that they were sorry he had to go.

In releasing Dr. Earp, the Official Board passed the following resolution of appreciation: "The Official Board has received the announcement from Rev. Dr. E. L. Earp that he has been called to the chair of sociology in Syracuse University, and hereby expresses their gratification at the opportunity open to him of wider usefulness. With great regret we contemplate the necessity of releasing him of his obligations to the church as its pastor. He has endeared himself to our people by his Christian courtesy and bearing, and by his faithful and sympathetic ministrations. In consenting to release him August 1, we pray earnestly for his success and happiness in his new sphere, and pray God's blessing on his wife and children."

The committee appointed to look after the pupil supply in co-operation with Presiding Elder Halloran is composed of Dr. H. K. Carroll, John Valiant and E. E. Winckler.

STAND TO BE MADE

Russians Intrenching at Tatshekiao to Fight There.

BATTLESHIP SUNK AT PORT ARTHUR

Large Warship of the Peresviet Type Goes Down Before the Fire of Togo's Fleet—Japs to Enter Kailchow Today.

LONDON, June 27.—A Tientsin dispatch says that 40,000 Russian troops are at Tatshekiao, fifteen miles north of Kailchow, where intrenchments are being erected and where a stand will be made against the Japanese.

Thirty officers of the Red Cross society went into Newchwang and purchased medicines and comforts for the sick. A courier who has been out three days from Newchwang has returned and reports that the Japanese are scouting ten miles southwest of Kailchow.

Information from private Russian sources indicates that the Russians have only a few pieces of field artillery between Liaoyang and Kailchow.

It is reported that the Japanese expect to enter Kailchow unmolested today and expect a battle near Tatshekiao. If victorious they will hold Newchwang with a strong force.

Advices from the far east show that six Russian battleships, five cruisers and fourteen destroyers, apparently planning a dash southward, were attacked as they lay under the shelter of Port Arthur's guns by a fleet of Japanese destroyers. One battleship of the Peresviet type was sunk, the Sevastopol was disabled and a cruiser of the Diana type was badly damaged. The Japanese losses were few.

There were rumors in Newchwang that the Russians had lost 16,000 men in a battle near Siyuen on Thursday. General Sakharoff reported a sharp skirmish on the Tatshekiao road on that day, but there was nothing to show that a general engagement had taken place.

General Oku's army continued the march on Kailchow, traveling slowly and keeping in order of battle. General Kuroki's position is practically unchanged.

Heavy firing in the direction of Port Arthur was heard at Chefoo, and the active work of reducing the fortress has apparently begun. The fleet's attempt to escape lends credence to the report that the Japanese siege guns are in effective operation.

A Liaoyang report says that the second Japanese army, under General Oku, is withdrawing all along the line, having apparently abandoned the intention of effecting a junction with General Kuroki's army.

Advices from St. Petersburg say that the Japanese report of the loss of three Russian ships at Port Arthur has not been published there, though the authorities have allowed to be printed a statement that the squadron had made a sortie and also the news of the loss of Japanese torpedo boat destroyers. Some of the papers have even commented with satisfaction on the prospect of a fight in the open sea, where the merits of the two fleets would be fairly tested.

An official explanation of the suppression of the Japanese report is that the admiralty is unwilling to unnecessarily alarm the public by the circulation of such statements entirely on the authority of the enemy and in the absence of definite advices from the commander at Port Arthur.

A Seoul dispatch says that Russian troops have burned numerous dwelling houses in the towns of Kilju and Hamhung, and at the latter place women were subjected to ill treatment.

One thousand Russian troops are commandeering live stock, foods and carts from a wide area in northwestern Korea. These men are on their way to Vladivostok and will cross the Tumen river by means of recently constructed bridges.

A Tokyo report says that the failure of the Russians to furnish information concerning Japanese prisoners of war in their possession is arousing a strong feeling of resentment there. Japan's attitude concerning Russian prisoners is most correct. Careful reports of the condition of the Russian prisoners are prepared and forwarded weekly to the Russians through the American government.

It is probable that the government of the United States will be asked to make pointed inquiries at St. Petersburg concerning the present condition of Japanese prisoners and to arrange a system of regular reports. It is reported at St. Petersburg that a serious land fight has taken place near Tatshekiao, in which the Russians were defeated.

Skyrdoff Visits Jap Wounded. VLADIVOSTOK, June 27.—The Japanese wounded in the attack by the Vladivostok squadron on the Japanese transports are doing excellently. Vice Admiral Skyrdoff has visited the hospital and chatted with them through an interpreter. The Japanese thanked the admiral for his attention and for the care they were enjoying.

ITALIAN MARAUDERS

Wild West Man Hunt In New York State.

ALL HIGHWAYMEN NOW IN THE TOILS

Remainder of Gang Who Robbed Treasurer Longyear Rounded Up After Great Chase by Police and Farmers Near Shokan.

KINGSTON, N. Y., June 27.—Crazed with fear and exhausted from their long flight without food or rest, the two remaining Italian bandits, confronted by two of their pursuers armed with revolvers, weakly threw up their hands and surrendered. Thus, after sixty hours of pursuit by numerous gangs of men and boys, armed with every conceivable weapon, from shotgun and revolver to hay rake and pitchfork, the most exciting man hunt Ulster county has ever known ended in a truly wild west fashion. Not even the bloodhounds were lacking to make the hunt realistic, for the local penitentiary supplied three, which were imposing if ineffective.

When the news reached this city that the bandits had been captured, great crowds began to gather, and when at last the prisoners were brought in, handcuffed and bound in great coils of rope, for the captors took no chances, hundreds of people jeered and howled until the terrified Italians cowered behind their captors for protection, fearing mob violence.

The arraignment before Judge Humphrey was equally dramatic. Until that time all the prisoners had refused to talk. But then Vincenzo Crezella, a brawny Sicilian, generally believed to be the leader of the gang, broke down and sobbingly begged to be sent back to Italy. His broken talk of a far-away sweetheart convinced many that the whole desperate scheme had been planned by him to get enough money to return to his native country and win his Sicilian bride. But this romantic explanation is not accepted by others, who point out that \$800 of the \$2,700 stolen by the highwaymen when they held up Longyear and, after robbing, bound him and left him helpless by the roadside is still missing. This they believe was the share of other confederates, perhaps members of a local Mafia of the Italians in the quarries.

The story of the capture of the bandits is replete with sensational details of dime novel character. When the pursuit became hot and the bloodhounds were close on the robbers' trail the four desperadoes separated. The two who were captured turned back toward Kingston, while the others made for the mountains and from the hilltops watched their pursuers. The former couple were rounded up, but for many hours the other two eluded their pursuers. Late in the forenoon, however, they were gathered in by the man hunters.

Finally, weary and disgusted, the sheriff and his deputies had given up the chase and started home. Among the pursuers were two men, Elmendorf and Teas, residents of Shokan, a mountain hamlet on the Ulster and Delaware railroad. They were returning dejectedly from the pursuit and had just come out of the underbrush near Browns Station, on the Ulster and Delaware road, when before them, sitting dejectedly by the trackside, they saw their desperadoes, looking anything but desperate. Both Teas and Elmendorf were armed, and without warning they rushed at them and ordered them to hold up their hands. Apparently the exhausted fugitives had just enough strength remaining to do this.

Then followed a long delay. The captors and captives sat looking at each other from different sides of the road, neither side caring to move until the station agent came along and opened his office. Then a telephone call brought sheriff and posse, and in a few brief hours the Italians were safely behind bars.

No Word of Loomis.

PARIS, June 27.—Not a word has been received regarding the whereabouts of Kent J. Loomis, brother of Francis B. Loomis, American assistant secretary of state, who disappeared shortly before or after the arrival of the North German Lloyd steamer Kaiser Wilhelm II. at Plymouth. Although a week has passed since the disappearance of Mr. Loomis, the officials still cling to the belief that he will turn up.

His Holiness Pleased.

UNKISSED MAY WED.

Prophet Dowie Arrives With Future Daughter-in-Law.

NEW YORK, June 27.—John Alexander Dowie, known principally to himself as Elijah III., has arrived here on the Cunard line steamer Lucania, bringing his unknissed son and the suggestion of a romance.

With him was a young and beautiful woman, who appeared on the passenger list as Miss Ruth Hofer, and a rumor circulated on board was that she and Elijah IV., A. J. Gladstone Dowie, were engaged to be married. Indeed, there appears in the ship's manifest the name "Mrs. Gladstone Dowie," and on the back of the list is the correction, "Not on board."

Voyagers on the Lucania believed there was to have been a wedding and that the precipitate flight of the "prophet" from England—for he took refuge on the vessel in which he arrived a day in advance of her sailing—interfered with whatever matrimonial arrangements might have been contemplated.

SLOCUM DISASTER.

No More Bodies in Hull of Vessel.

Nine Hundred and Thirteen Found.

NEW YORK, June 27.—Captain Kivlin of the Merritt-Chapman Wrecking company reports that there are no more bodies in the hull of the General Slocum so far as he can ascertain. Coroner O'Gorman and his assistants, however, will make a thorough search of the hull.

The bodies of two victims of the Slocum disaster, those of a woman and a child, were picked up and taken to North Brother Island.

The wreckers and grapplers who have been engaged for the past ten days in searching for bodies have so far recovered 913.

There are still at the morgue thirty-two unidentified bodies.

French Upheaval Averted.

PARIS, June 27.—Political circles have been convulsed over the parliamentary investigation into the charges that the Grand Chartreuse millions were used in an attempt to corrupt leading personages. The affair threatened to cause a greater upheaval than the Dreyfus, Panama or Humbert affairs. The public at first stood aghast at hearing the names of the chief officers of the government connected with the transaction. It was generally believed that the fall of the Combes ministry had finally come, and it was asserted that its wreck would involve the reputations of many persons in the highest station. But the sensation has been practically exploded. There is no further thought that Premier Combes will be seriously weakened.

Mystery Surrounds This Death.

NEW YORK, June 27.—Mystery surrounds the death of Mrs. Ralph Pratt Hinckman, whose body was found by relatives in her home, 35 Washington avenue, Brooklyn, with a bullet hole in the right temple. Mrs. Hinckman disappeared from her summer home at Sound Beach, Conn., last Thursday. Search by members of her family and private detectives failed to reveal any clue as to her whereabouts. Her husband, who was absent on a business trip, was communicated with and, hastening to Sound Beach, joined in the effort to find his wife. While her husband was making inquiries in Manhattan relatives visited the family residence and there discovered the body.

France Is Not Satisfied.

PARIS, June 27.—Haiti's apology for the insult to the French minister at Port au Prince, M. Deprez, who was stoned by the palace guard recently, has been received by the foreign office, but does not give satisfaction. It appears to seek to make light of the incident. Officials here are indisposed to assume a belligerent attitude toward a small power, but they expect Haiti to adequately realize and redress the offense. This contributed to the decision to send a warship to Haitian waters.

Mormon Colony For Mexico.

CITY OF MEXICO, June 27.—A report is being circulated here to the effect that the Mormon church would be quite actively engaged during the next few months in securing land in various portions of Mexico for the purpose of colonization. The assertion is made that it had been decided recently to purchase a tract of 500,000 acres in Sonora or Chihuahua, to be used as an extension of the colonies of Colonia, Dublin and Diaz.

Rush on Saratoga Bank.

SARATOGA, N. Y., June 27.—The Citizens' National bank, which has suffered a heavy run, is declared to be sound and fully prepared to meet all obligations should small depositors today continue their demands. Losses by unfortunate investments and alleged irregularities of Cashier John H. De Ridder, who has resigned, are now placed at from \$30,000 to \$40,000.

Catharts Upset; Girl Drowned.

BRISTOL, R. I., June 27.—A squall capsized and sunk two Providence catboats lying at anchor with sails down in Hunter's cove, Prudence Island, and of the eight people who were thrown into the water Miss Ellen May Adams of East Providence was drowned. The others were rescued by men from an oyster steamer.

A CAPTIVE'S STORY

Perdicaris Tells of His Experiences With Briganda.

KEPT PRISONERS IN FILTHY HUT

Raisuli, Being Deprived of Much Property, Took Law Into His Own Hands to Obtain Relief—Outlaw Poses as a Patriot.

TANGIER, June 27.—Ion Perdicaris, the American who has just been released by the brigand Raisuli, is better and stronger now and has given a description of the circumstances of his capture and of his experiences while a prisoner in Raisuli's camp.

He says that on the night of May 18 he had just entered the drawing room after dinner, and, hearing a noise among the servants, he and Cromwell Varley, the British subject, who also was captured by Raisuli, went out to investigate the cause. They were immediately surrounded by armed Moors, who bound and maltreated them. Varley resisted and was struck on the head with the butt of a rifle, and a knife was slashed across his hands, making a serious wound. At first it was thought Varley's skull had been fractured.

Perdicaris and Varley were then carried away on horseback. They were bound with ropes, and roundabout roads were taken in order to avoid villages. The bandits stopped at Tassarant, twenty-four hours from Tangier, and Raisuli allowed Perdicaris to write to his wife next morning and also to the sheriff of Wazan asking them to intervene for himself and Varley.

At Tassarant the captives lived in a filthy hut. They were not allowed to go a hundred yards away from it and were strongly guarded. When the sheriff of Wazan arrived a big tent was placed at the disposal of the prisoners, and in other ways the sheriff was the means of considerably alleviating their condition. The attitude of the Moors changed from insult to fair treatment.

Spies of the pretender who were in the camp all the time tried to induce Varley to accept a post under the pretender.

Raisuli daily held long conversations with the prisoners. He said anarchy was reigning in the country. The animosity of the people, he said, was not directed against the sultan, but against his governors.

Raisuli's father, Perdicaris said, left him much property and cattle, which aroused the animosity of the Kaidas, who induced the bashaw by presents to rob Raisuli of his belongings and finally to imprison him for four years at Mogador. On his release Raisuli interviewed Mohammed el Torres, representative of the sultan at Tangier, concerning the restitution of his property, and, this being without avail, Raisuli swore to take the law into his own hands, with the results already known. Raisuli said that he bore no ill will to Europeans, but stated that the only way to bring the Moorish government to its senses was by capturing Europeans until the foreign powers awoke to a realization of the existing conditions.

Mr. Perdicaris said that Raisuli is posing as a patriot, who wants to see the country happy and peaceful, and he is offering to accept the responsibility for maintaining the country from Tangier to Fez and clear it of robbery and crime if he is backed up by the powers. He found in Raisuli a man educated and intellectual.

The only time the prisoners were anxious was during the last two days, when they were at Barabin, the village of Zekel, the governor of the Beni M'sara tribe. When the exchange occurred over three hours were lost in the exchange of compliments, Raisuli refusing to talk business until the last moment, being apparently very suspicious of an attempt to capture him. When he received the money and the men turned over to him by the ransom party, he hurried away toward the village.

Perdicaris and Varley immediately mounted horses and proceeded for Tangier, a journey of sixteen hours.

Rear Admiral Chadwick's squadron left Tangier today for Gibraltar and Genoa, but Rear Admiral Jewell's squadron will remain for the present.

Will Make No Claim on Moors.

WASHINGTON, June 27.—The state department does not contemplate any claims upon the Moorish government on account of the Perdicaris incident. In its view that government has suffered severely both from a financial point of view and in national humiliation through its compliance with the demand of Secretary Hay. American legation officials at Paris are hopeful that the Washington government will take steps to recognize the good offices of France leading up to the release of Messrs. Perdicaris and Varley. France practically furnished the money from which the ransom was paid, as the recent French loan of \$12,500,000 gave the sultan the means to meet Raisuli's demand for \$70,000.

SAN JUAN, Porto Rico, June 27.—The transport Kilpatrick, having on board 400 Porto Rican teachers, has sailed for Boston, and the Sumner, with 200 teachers, sailed for New York. The teachers will spend two months in educational institutions in the United States.

Few great advertising successes were made in a day—few that really lasted. Just as a skillful engineer starts a train of Pullman coaches, gently, waking not a single passenger, so the broad advertising campaign is started—easily, but with gathering headway that is soon irresistible power. "Keeping everlastingly at it" is the idea, but this phrase includes keeping at the machinery behind the advertising. The instantaneously successful advertising often consists of nothing more than advertising. The campaign that gathers momentum from month to month and goes on steadily for years is one that reflects a thorough selling organization.—Ex.

COLORED GIANTS DEFEAT WESTFIELD

Denman's Colts Get a Good Coat of Whitewash Saturday.

"RED" WALLER PITCHED THE DUSKY BRAVES GIVE A FINE EXHIBITION OF BASEBALL.

Only Nine Hits Made—The Two Teams Will Meet Again on Wednesday at Business Men's Matinee—The score.

According to the schedule prepared by Charles Denman, who is the original Foxy Quilter, there was to be a game for the Westfields Saturday afternoon. Blackberry pie. Instead of pie, they got eggs—goose eggs. Nine of them, and the New York Colored Giants, who were slated to go down the maw of the Denmaniacs, tripped gayly away with one run. Just one, but quite enough for all practical purposes. It was expected that the Giants would furnish a lot of fun, but hardly that they would have any—and shut-out frolics at that. They put a lot of horseplay and gurgling rag-mastication in their coaching, but they played ball and played every minute of every inning.

Good ball, top. Both sides played fast, the Giants hanging right to the darlings of the Denman hamlet. While the pitchers had an old-fashioned duel, there was enough for the fielders to do, and they were kept open-eyed with admiration.

Red Waller was in the box for Westfield, and he pitched golden-tipped ball. Once Charley Denman repudiated Red, because he went away with other and naughtier players, and vowed that Red would never wear the Westfield tailor made suit again. But Charley has forgiven the erring one, and Red showed how happy he was by shining up his rosate bat and striking out eleven of the mahogany and ebony batsmen.

But Red lost his own game, and maybe Charley will grow cold and distant again. It was one of those foolish wild pitches that will come up. Red put too much muckiness on the ball in an effort to catch the runner at first, in the fourth, and the run sailed in. After that it was nip and tuck, and nothing doing but wild attempts for both sides. Westfield got a man to third twice, but Warlick, the gunmetal shootsmith and his backers were all there to block the threatened gallop down the homestretch.

Mr. Denman is so tickled over the way his pets were beaten that he is going to take another shy at the Giants Wednesday afternoon. "They are the best colored players going," he said after the game. Of course. After beating Westfield they couldn't be anything else. The Wednesday game is down as a "business men's matinee." It will start at 5 o'clock. Score by innings:

Colored Giants. 0 0 0 1 0 0 0 0—15
Westfield. 0 0 0 0 0 0 0 0—4
Batteries—Warlick and Devoe; Waller and Poole. Attendance—600.

ALIS DROPS A GAME TO THE MURRAY HILLS

(CONTINUED FROM PAGE 1.)

game behind the bat, but he fell off a trifle in hitting.

Oregon and McGooey and Badgley, the latter of Lehigh University, took care of the outfield to perfection. Gaussen bled down first without an error and he swatted Conroy for three singles. Walton covered short in good style, but was weak with the stick. He made one mistake in not coming up on Farmer's throw down to catch a man running home from third.

The Murray Hill team is a fast bunch, proving themselves a worthy opponent of Alis. It is to be hoped that when they return here Fourth of July morning, the score will be different. In the meantime, Manager Johnston expects to have Quinby at second and a new man on third. Gray only came for the one game, as he is playing regularly with Aeolian.

Mrs. John Stevens, of Watchung avenue, has returned from a visit with relatives at Karitan.

Mrs. Wallace Hall and grandson, U. W. Vail, of Valley, Hunterdon county, are visiting friends here.

SUBURBAN NEWS.

DUNELLEN AND VICINITY.

A reunion of the Stryker family was held on Saturday at the home of Mrs. John Campbell, of Dunellen avenue. Quite a number of the members of the family were present and all enjoyed the day exceedingly. About thirty-five sat down to a sumptuous dinner which was enlivened by merriment and good feeling. Members of the family were present from Philadelphia, Camden, Whitehouse, Lebanon and this vicinity.

Christopher Gray, the fourteen-month-old son of Edward Gray, of South avenue, was severely burned yesterday morning. The youngster overturned a cup full of boiling hot water in his face.

A letter received from John Peters says that on the voyage to Europe he was the only one of his family who was not seasick. Mr. Peters enjoyed the trip immensely and was not sick a minute.

The Dunellen Field Club will play the Somerville High School next Saturday at Somerville.

A number of Dunellenites spent Sunday in the cooling breezes of various summer resorts.

Stacy B. Opyke and family entertained relatives from out-of-town yesterday.

'PLAINS AND FANWOOD.

The local ball team certainly won a game Saturday when everything seemed to be against them. On Thursday, Williams was notified that Saturday's game had been cancelled, and on Saturday morning a telegram was sent him to report as usual for play. For some reason he did not receive the message and failed to show up. This left third base, a most important position, to be filled. Joe Alberts was pressed into service and although Joe's regular position is outfield, he played third without an error. George Allen was behind the bat playing with a sprained ankle, and then to cap the climax, Painter, the first batter up for the Colonials, collided with Baldwin on first base and George was out of business for about ten minutes. When he recovered he went back into the game. After the first inning the "cripples" settled down and played an elegant game of ball, and one would hardly have known that they were playing under conditions that would discourage any team.

Less than 100 people attended the ball game Saturday afternoon. This enthusiasm will not support a school team, much less an article of baseball, such as the locals are playing. Scotch Plains will miss it if the team disbands or transfers its schedule of games to some other more profitable field.

The local ball team played at Riverside Park Sunday afternoon. An effort may be made to have the local team play there regularly, as it is claimed that the Sunday games being played are being well supported and a good team could make the venture a paying investment.

Mrs. Randolph Silvers, who died Thursday at Muhlenberg Hospital, was buried Saturday morning in the family plot in the Baptist cemetery. Mrs. Silvers was a former resident of this place, removing from here to Plainfield a number of years ago.

The B. Y. P. U. meeting was the only evening service held last night at the Baptist church. Rev. Mr. Todd, of Dunellen, occupied the pulpit at the morning service, Rev. Mr. Shost

preaching in the Decatur street Baptist church, of Brooklyn.

John, the eighteen-month-old child of Mr. and Mrs. Duncan Munroe, of Park avenue, died Saturday afternoon after an illness of several weeks. Funeral services were held this afternoon at 2 o'clock from the home.

The weekly meeting of the Epworth League was held last night in the class rooms of the Methodist church. The balloon ascension at Galvin's Park yesterday afternoon was the attraction for a large crowd.

Miss Emily Winants, of Carlton avenue, has been visiting Miss Elsie Shost, at The Manor.

David Patterson, of Johnston avenue, has been visiting friends in town.

SOUTH PLAINFIELD.

A quantity of wire was recently stolen from the telephone line near Stetson. Watchmen were set a few days afterward and last week two men were caught making another attempt at plundering.

Carrie Teeple met with an accident Saturday from which she received some injuries by falling down the back stoop of the house, while carrying a pail of water.

A new well recently bored at the water works was blown out by dynamite Saturday afternoon. Others will be finished in this way after a few days.

The parents of John Reilly, who has been at the hospital in Plainfield some weeks, were sent for this morning, the boy being much worse.

T. C. Laing ate new cucumbers from his garden yesterday.

CANDIDATES MANY.

General Nelson A. Miles May Be Nominated by Prohibitionists.

INDIANAPOLIS, Ind., June 27.—The Prohibition national convention will meet in Tomlinson hall, this city, tomorrow. The nominations for president and vice president will not be made until Thursday. It is still an open question whether General Nelson A. Miles will accept the nomination for the presidency. He has left for an unknown summer resort without leaving any definite statement. Other names mentioned for the presidential nomination are: Alfred L. Manierre, New York; Professor A. A. Hopkins, Hornellsville, N. Y.; Dr. Silas C. Swallow, Harrisburg, Pa.; A. G. Wolfenbarger, Lincoln, Neb.; Dr. E. L. Eaton, Allegheny, Pa.; T. B. Castaden, Keyser, W. Va.; L. H. Ames, Portland, Ore.; H. B. Metcalf, Pawtucket, R. I., and James A. Tate, Harrison, Tenn.

There is a faction of powerful temperance advocates who believe that General Miles should be nominated even if he be not at home before the convention meets. Others favor the postponement of the convention until that of the Democrats, so that the platform and the candidates nominated in St. Louis can be inspected before the Prohibitionists take action.

PANIC AT BOSTON.

Edward Harrington Badly Injured on Steamer Mount Desert.

BOSTON, June 27.—While hundreds of excursionists were boarding the Nahant steamer Mount Desert at Union wharf here one of the counterbalancing weights to the gangway, weighing 600 pounds, fell, striking Edward Harrington, a son of the purser. Harrington suffered internal injuries, both legs were broken and his left hip fractured. His condition is critical.

Harrington's screams were heard by every one on board the boat, and a panic followed; the passengers trying to crowd on shore through a narrow passage just wide enough for one person to pass through. In the crush Mrs. Daniel Murphy of Charlestown had her right arm broken. Only the opportune action of the steamboat officials in quickly reassuring the passengers prevented many persons from being pushed into the water.

Tr. in Wrecked Motor Car.

NEW YORK, June 27.—Charles Ballancon and Paul Lawrence, two well known automobilists of Simonson avenue, Clifton, N. Y., had a narrow escape from death. Both are members of the Staten Island Automobile club. They had been to Plainfield and returned by way of Perth Amboy and Tottenville ferry and thence along the Amboy road. As they reached Crooks' crossing a train came in sight, which they had not seen or heard. They saw their predicament simultaneously and jumped, one from each side of the machine. As they struck the ground the machine was hit by the locomotive and wrecked. Ballancon and Lawrence suffered much from shock and were later taken home in a carriage.

His Heart Was Forced Out.

CLEVELAND, O., June 27.—Christopher Freese, an ex-city councilman, and his wife, Louisa, both over sixty years of age, were struck by a Lake Shore electric car here while crossing the tracks on the Clifton boulevard and killed. The husband was killed instantly, and the wife died within a few minutes. A peculiar feature about the husband's death was that his heart in some strange manner was severed from its tendons, forced from the body and was found lying at the side of the dead man.

Denounce Murder of Bobrikoff.

HELSINGFORS, Finland, June 27.—The Finnish senate has issued the following manifesto: "The senate, assembled for the first time since the death of its president, Governor General Bobrikoff, feels the need of expressing deep indignation at the detestable and revolting crime, which is without parallel in the annals of the country, of which the governor general became the victim. All well disposed inhabitants emphatically pronounce their censure of this act."

Four Dead From Mother's Act.

CHICAGO, June 27.—Threatened with starvation and with her husband hopelessly insane in the asylum at Kankakee, Mrs. Anna Kelsdzick gave up the struggle for existence, killed her three small children and then ended her own life. Illuminating gas was the means of destruction she adopted, and when the bodies were found all four had been dead several hours.

Captain Coffin Ill.

POUGHKEEPSIE, N. Y., June 27.—Captain Coffin of the Cornell crew, accompanied by Manager Aldrich, came to this city and has entered a private sanitarium, where he is confined to a bed with fever. His trouble is nothing more serious than malaria, but his condition is such that it will be a matter of days, if not weeks, before he can leave the hospital.

Five Killed in Mexican Wreck.

CITY OF MEXICO, June 27.—Official information has been received in this city by officials of the Mexican Central railroad stating that five persons lost their lives in a wreck which occurred on the Central railroad near Tampico. A freight train collided with a yard engine just outside the yard limits at Tampico.

Pierola Proclaimed a Candidate.

LIMA, Peru, June 27.—A mid perfect order 20,000 persons of all classes in Lima and the suburbs paraded through the center of the city proclaiming General Nicolas de Pierola as a candidate for the presidency. The scene was one without precedent in Peru.

STRIPED BASS IS A FIGHTER

When Biting It Is a Fish That Will Give the Angler a Good Day's Sport.

"Would you go a-fishing?" observed an enthusiastic lover of salt water angling, according to the New York Sun. "Then do not dream of your speckled trout, nor of black bass waters, nor the far-away salmon, but seek the haunts of that shyest, gamest, handsomest of all fishes of the Atlantic coast, the striped bass."

"The striped bass is a fish of sporting blood. He has teeth on his tongue, a square jaw, a fierce eye and power in his shoulders. Born and reared in the turmoil of swift waters, he is aggressive always and fears no foe. Even in the depths when the water is in repose, he draws near shore when it is as still and where his easier prey then lies. At times he seeks the ditches in the salt water meadows, eager for the crustacea that may be found afloat as the tide rises."

"He follows up the streams that flow into the sea, and finds his food where the water of other streams mingles with that in which he is swimming. He may at times be found on the bottoms of rocky channels, where the water runs swiftly. If you love a contest with nature as well as with fish, go into the surf or brace your feet on a low, rocky headland, where the spray will drench you, and cast your baited hook into the midst of the white water when the tide is at flood."

"But perhaps you would rather handle the oars and troll. Then take your boat where the tide rushes to and fro in some rocky inlet and you will find your bass there, alert, and ever ready for the contest. Or, preferring a tramp, along the shore and a cast from the land, go to the ditches on the sunken meadows connected with the sea, and drop your hook into the water over the bordering grass that overhangs the bank."

"He will take the fly, this most versatile of fishes, and if you would put him to the test with this, equip yourself with split bamboo rod and gaudy flies; go up the Hudson river, at any likely spot, and they are plentiful almost anywhere above Spuyten Duyvil; get into a boat and anchor it where some stream comes into the river. With a red and white ibis for your stretchy fly and a white miller for your dropper, let your lures fall gently, as for brook trout, and sink them a foot below the surface, as for black bass, drawing them smartly and casting."

"You will strike plenty when the tide comes. None will be large fish. Some will weigh three pounds, and a three-pound striped bass on an eight-ounce rod will put you to your best skill in outgeneraling him in his fierce rushes and sudden plunges and the many eccentricities of his resourceful tactics. When you can save your fish in such a bout and maintain the tip of your rod intact, you may have no fear of a trial of conclusions with any angler."

"For trolling for striped bass no stronger rig is needed than one that will serve in black bass trolling. Artificial silvery lures are used, one that anglers have found particularly killing being an imitation minnow three or four inches long. For fishing in the surf and from rocky headlands heavier and stronger tackle is necessary."

DANGERS OF CROWD POISON

Impure Air Inhaled in Working Places and Some of Its Ill Effects.

"Crowd poison" confronts us at all turns in this city. In our own homes, in places of employment, in public buildings and in conveyances we are constantly breathing impure air and being poisoned by it, the only part of the day, perhaps, when we breathe pure air being the few minutes which are spent in walking to work or in waiting for the trolley which will carry us thither, says Health Culture.

So insidiously does "crowd poison," which is the poison of impure air produced by a vast population in a small area, enter the system that it is hard to persuade people of its existence. The occupants of a work-room, entering it in the morning and remaining all day, or of a sleeping-room, do not notice the gradual withdrawal of the oxygen from the air and its substitution by "crowd poison" thrown off by their own lungs. The sleepiness, lassitude and headache that follow it they ascribe to the fatigue of long-continued labor.

The inability to rise brisk and fresh in the morning, after a night spent in a close room, the lack of appetite for the morning meal, the pallor and muddy complexion that ensues after awhile, they do not recognize as the results of days and nights spent in impure air. They seek relief from their ailments in taking medicines, rather than in the simpler method of cure by exercise in the open air.

Born Diplomat.

"But," protested the fair maid after the engagement had been duly ratified, "this is the same ring you gave Edith three months ago when you were engaged to her."

"I know it is, darling," replied the wise youth, "but I had it cut down three sizes in order to make it fit your shapely finger."

And his explanation pleased her so much she immediately fell on his collar and giggled for joy.—Chicago Daily News.

LARGEST IN THE STATE

utilful and Accessible

from Elizabeth, 7 Miles from Newark,
14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries command themselves to Heads of Families and Investors

BECAUSE OF THE \$1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years ago, in most cases, no provision made for perpetual care without extra expense to lot owners.

A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER, AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO ALL CLASSES OF PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS IN ROSDALE and LINDEN PARK WILL BEAT IN VALUE those of our MOST NOTED cemeteries.

Why Lots in these Cemeteries command themselves to Heads of Families and Investors

BECAUSE OF THE \$1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years ago, in most cases, no provision made for perpetual care without extra expense to lot owners.

A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER, AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO ALL CLASSES OF PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS IN ROSDALE and LINDEN PARK WILL BEAT IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transfer to lot owners, call on buyers, apply at once to any LEADING UNDERTAKER or office of the Associations:

IS YOUR SAVINGS ACCOUNT WITH THE TRUST COMPANY?

If it is not, here are some of the reasons why it should be.

Deposits made before the fourth of each month draw interest from the first of that month.

3 per cent interest is paid and is compounded twice a year.

A Capital of \$100,000 and a surplus of a like amount, together with a very strong board of Directors, make it the strongest kind of an institution.

I believe that there is a borough ordinance which prohibits the exploding of any kind of fireworks except on the Fourth of July. Should not this ordinance be strictly enforced even though it does effect the family of a borough official. Law and Order. North Plainfield, June 27, 1904.
