

FIX SOMERSET'S BUDGET

The Freeholders Appropriate \$150,000 for Current Expenses for the Year.

BOROUGH FARES WELL

Set Aside \$3,250 For Bridge Improvement In North Plainfield

—After Advertising Sign Men.

A special meeting of the Somerset County Board of Chosen Freeholders was held in the court room in Somerset yesterday. The following estimates were made as to the probable cost of bridges in the respective townships and boroughs during the current year:

Bedminster township, \$3,000; Branchburg township, \$2,500; Bernards township, \$4,000; Bridgewater township, \$4,500; Bound Brook township, \$4,000; Franklin township, \$2,000; Hillsborough township, \$2,300; Montgomery township, \$1,600; North Plainfield township, \$2,300; North Plainfield Borough, \$2,250; Warren township, \$2,400; total, \$28,650.

A resolution that the sum of \$150,000 be appropriated for current expenses, debt and interest, public works and all other county expenses for the current year, and be certified to the Somerset County Board of Taxation to be assessed and collected according to law was unanimously adopted.

Member Joseph Fitzgibbon moved that notice be served on Thomas & Co., a Scarsville clothing firm, to remove at once their advertising signs from the bridges of the county and that notices be inserted in the county newspapers to the effect that advertising signs or bills of any character upon the county bridges and county property is forbidden, and that the violation of the notice will be prosecuted to the extent of the law. Carried.

The committee to whom was referred the application of the Board of Managers of the State Epileptic Village for permission to cross the county road at Skillman with a side-track from the railroad to the village reported favorably and the application was granted.

The board adjourned until tomorrow at North Branch, when two small concrete bridges that have recently been erected there will be viewed and if satisfactory accepted.

The Board will meet next Tuesday in regular session.

A MUSICAL TREAT.

New York Artists to Take Part In Affair.

A musicale will be given at Truett Hall, Netherwood, on Friday night at 8:30 o'clock. Among those who will take part are Miss Stella Thomas, contralto, late of Sousa's Band, and now of Pryor's Band; Freeman Wright, tenor, late of London; Arthur Depew, pianist and organist of The Wanamaker Auditorium, New York, and Hallet D. Chapman, accompanist and Angelus expert, also of New York.

A very elaborate program has been arranged and will no doubt be well enjoyed by all those who will attend.

The musicale will be under the direction of James W. Casey, representative of the Wanamaker piano store, New York.

William L. Henry a Benedict.

William L. Henry and Miss Elizabeth P. Logan, both of this city, were quietly married Sunday night at the home of Mr. and Mrs. Armistead Jackson, on West Third street, the rector of the Colored Mission at Grace church, officiating. The ceremony was witnessed by a few relatives and intimate friends, and after an informal reception the couple departed on a short wedding journey. The groom is employed by Fred Endress, the West Front street butcher. The couple will reside here.

Auto Frightened Horse.

Charles Graham, of Mt. Bethel, was slightly injured in a runaway accident on East Front street late yesterday afternoon. The horse attached to a runabout he was driving took fright at an automobile near Leland avenue, and its first plunge threw Graham from the seat. He was cut about the face and hands, but did not require medical attention. The horse was caught by Edgar Lewis, of Madison avenue, who seized one of the trailing reins and jerked its head around. The horse fell, but was unhurt.

Shivanski Fined.

The part taken by Shaulson Shivanski in the Polish christening row at South Plainfield cost him \$17.50. Justice W. E. Smith fined him that amount at the hearing. Shivanski is said to be the man who started the fuss. Joseph Visoski was fined \$7.90. Joseph Leiss and his wife, the other prisoners, were discharged.

VICE PRES. FAIRBANKS TO ATTEND CELEBRATION

PRESIDENT ROOSEVELT MAY ALSO BE AT ELIZABETH AFFAIR.

"No tickles, no confetti" is the edict of the Old Home Week committee, of Elizabeth, announced yesterday, and Elizabeth looks forward to the novelty and a week's carnival without these time honored accompaniments. The committee has determined that this celebration is going to be a dignified one, though promising at the same time that it will be lively enough to attract the attention of the entire State. After seeing the undignified manner in which ticklers and confetti were used by ordinarily staid Bostonians during the recent celebration at the Hub, it was decided that it would be best to put a ban on them here.

Vice President Fairbanks is to be invited to attend the celebration, and the committee is sanguine of his accepting the invitation, as Mr. Fairbanks is known to be very anxious to get in touch with voters all over the country. He was the drawing card at the Boston celebration and the local committee thinks he will help things considerably here if President Roosevelt should decline the invitation to attend. Senator John Kean has promised to arrange for an interview between the President and the committee. Governor Stokes will very likely be one of the guests of honor at the celebration.

MISS DUNHAM NOW MRS. JOHN P. WILCOX

REV. DR. GEORGE H. WHITNEY OFFICIATES AT CEREMONY.

Miss Ida E. Dunham, daughter of Mrs. Marvin M. Dunham, of 116 Madison avenue, and John P. Wilcox, formerly of this city, but now of Princeton, were quietly married at 5 o'clock yesterday afternoon at the home of the bride's mother, Rev. Dr. G. H. Whitney of this city, performed the ceremony in the presence of a gathering of guests from Plainfield, New York and Middletown, N. Y. The couple was unattended.

The home was attractively decorated with the season's flowers, the arrangement in the dining-room being especially so. After the ceremony congratulations were offered and supper was served. Later the couple left for a wedding trip. The bride is well known here in a large circle of friends and is a popular member of the vestal choir of the First M. E. church. The groom is engaged in business in Princeton as a pharmacist, and he and his wife will reside there upon their return from a trip. The bride received a large collection of gifts, including furniture, cut-glass etc.

"BLONDIE" CAUGHT.

Mountain Negress Must Answer Disorderly Charge.

On the complaint of Frank Rice, who resides on the mountains within the territory of Watchung, a colored woman known as "Blondie," was arrested last night by Marshal Keller. The arrest was made on a charge of disorderly conduct, preferred by Mr. Rice. The woman will be given a hearing tonight before Justice Snape.

It is said that the woman has a roving disposition and spends most of her time on the mountains. The one particular cause of complaint on the part of Mr. Rice is said to be that the woman has continued to entertain her male friends in an unconventional manner on his property. He had reported the matter to the police but it was not until last night that they were able to arrest her.

Agriculturists to Meet.

A regular meeting of the Somerset County Board of Agriculture will be held in the court room in Somerset on Saturday, August 17, at 2 o'clock p. m. G. A. Billings, dairy husbandman of New Jersey State Experiment Station at New Brunswick, will lead a discussion on "Best Methods for the Production and Care of Commercial Milk." A. A. Cortelyou is president of the association and A. P. Sutphen secretary.

Finishing New Bridges.

The contractors who are building the new bridges at Park and Watchung avenues and Washington street expect to complete the work within the next three weeks. Another contracting firm will build five of the new structures.

Mrs. L. L. McVoy, Mrs. Runk and the latter's daughter, Miss Edith Runk, of East Front street, are spending the day at Rockaway Beach.

HIS GIFT FROM A SULTAN

Dr. Bostwick Has a Richly Decorated Saddle of Peculiar Value.

A MARK OF ESTEEM

Moroccan Ruler Honored His Dentist As No Other Foreigner Had Been at Fez—May Use Royal Colors.

Dr. Frank B. Bostwick, dentist to the Sultan of Morocco, who is visiting his father-in-law, Charles Eoff, of Crescent avenue, will leave today for the Thousand Islands. He will take with him the richly decorated saddle presented to him by the Moroccan monarch in May, after the doctor's interview with His Majesty. The doctor has decided to lend the saddle to the Museum of the University of Pennsylvania, his alma mater, but he wants to show it to his people first, and will carry it with him on a western trip before placing it behind glass.

It is designed for State occasions and as State affairs in Morocco are apt to be forlorn, the saddle is a trifle too fancy for everyday use in a temperate climate. There is a gold-braided neck ornament for the horse in the outfit, a big saddle cloth and spurs. The saddle cloth is the real honor of the gift, for it is probably the first one with the Sultan's colors that has been presented to a foreigner with the privilege of wearing it. Dr. Bostwick's appearance on a State occasion with the saddle cloth in evidence would lead to great deference from the Moroccans. The spurs are cruel spikes, about four inches long. Dr. Bostwick says Moroccan horseflesh is pretty poor, and it must be if the Moors are willing to use their spurs in the neighborhood of their mounts. The saddle was brought to Dr. Bostwick's hotel at Fez an hour after his last interview with the Sultan. The dentist saw the saddle in the palace courtyard as he went in, but he did not dream it was to be his. A saddle is the gift the Sultan usually presents to Ambassadors, and the presentation to Dr. Bostwick was a peculiar honor.

Dr. Bostwick does not live in Morocco. His office is in Gibraltar, and he journeys to the Sultan's capital on call.

NEW H. AND L. TRUCK FOR SCOTCH PLAINS

EXCELSIOR BOYS DECIDE PRESENT APPARATUS IS TOO OLD.

The old hook and ladder truck which has been in service at Scotch Plains for many years is soon to be replaced by a new and up-to-date truck. The members of Excelsior Hook and Ladder Company have decided that the old apparatus has outlived its usefulness and it is time to secure a new one.

At a meeting of the company last night the question was taken up and discussed and all the members were in favor of the change. A committee was appointed to devise ways and means for purchasing a new truck, and in the meantime efforts will be made to sell the old one to a smaller community, where it can be used to good advantage. A report from the committee will be received at the next meeting of the company.

ORDERED PAYMENT.

Judge Atwater Disposes of Bond Litigation.

In the foreclosure suit of William H. Codington, complainant, against Frederick A. Pope, trustee, and others defendants, Judge Atwater has heard the parties on an order of reference to him by the Chancellor. Mr. Codington is a resident of Warren township and Mr. Pope a Somerville lawyer. After hearing the witnesses for the complainant the court ordered that the defendants pay the principal and interest due on the bond, with the costs of the complainant. This would make it unnecessary to report to the Chancellor and also save such costs. This was accordingly done.

His Suit Is Missing.

Albert Grieb, of East Front street, is shy a suit of clothes as a result of a visit to a cleaning establishment. He left the suit with a local renovator, to have it sponged, last week. When he called for it the cleaner said he couldn't remember seeing any such suit. That was all there was to it, from his standpoint, said the cleaner, and Mr. Grieb might whistle or do anything else he chose. Mr. Grieb has placed the case in the hands of V. W. Nash, Jr.

ENDORSE J. E. MARTINE

Union County's Democratic Committee Launches Candidacy of "Our Jim."

UNANIMOUS CHOICE

Farmer-Orator Receives Support of His Own County In His Effort to Secure Party's Nomination for Governor.

Recognizing the sterling worth and loyalty of James E. Martine as a member of the Democratic party, the members of the Union County Democratic Committee, at its meeting in Elizabeth, last night, gave him their united endorsement as a candidate of the party for the gubernatorial nomination, and pledged themselves to do all in their power to secure the nomination for him.

There was not a dissenting voice heard. The resolutions were drafted by J. V. E. F. Dilts, John Lane and Charles Moore. They were passed with a "hurrah."

The only other business of the evening was that of attempting to fill the vacancies on the county election board, but owing to the fact that many of the committees in the various places throughout the county, had failed to send in the names, the county committee was unable to complete the work. This will be done before the next meeting.

Now that Union county has spoken, it is believed that at least half a dozen other county committees will come out in favor of the "farmer-orator" for the governorship. "Jim" says he will take the nomination if it comes his way.

TWO MEN ARE FIGHTING OVER A FARM LEASE

BOTH ARE IN POSSESSION AND THE JURY DISAGREES.

James Smith and C. H. Folwell, of Berkeley Heights, were the principals in an interesting dispossession case which was tried yesterday afternoon before Justice Woodruff and a jury at New Providence. Mr. Smith, the plaintiff, was represented by J. P. Owens, while J. Henry Crane was counsel for Mr. Folwell, the defendant. After a long drawn-out argument of the case, the jury failed to agree, the vote standing five to one in favor of the defendant. The case will be tried again on Wednesday.

The question to be decided was whether Smith or Folwell were entitled to possession of a farm owned by C. P. Browning, of New York, it being claimed by each party that he had leased it for a year for the consideration of \$100. According to the testimony Mr. Smith disposed of his farm and household furniture, intending to eventually go to the Klondyke. Mr. Folwell learning of his neighbor's action, said that he intended to lease the Browning farm and that Mr. Smith could live in half of the house. This was agreed to and in correspondence between Folwell and Browning, the latter offering the farm for \$150 for the year. It was then thought that if either one should personally see the owner it could be secured for a less amount. Mr. Smith said he was going to New York and would call on Mr. Browning. This was done, each agreeing to pay half the yearly rental. Smith secured a lease and paid the first quarter's rental, \$25. Another lease was secured by Folwell, but so far as could be learned, the owner's signature did not appear on it. This, it is said, was discovered when Smith sought to eject Folwell from the premises. It is also said that the money paid for the first quarter's rent came from Smith and paid by Folwell. When the latter sent his money to the owner, the latter refused to accept it, saying that Smith had leased the premises.

Folwell refuses to get out, claiming that he has a right to live on the farm, claiming that he paid the first quarter's rent. In the meantime a large quantity of hay is standing on the farm and Smith refuses to allow Folwell to sell it, and the latter will not let Smith dispose of it. Both Smith and Folwell are living on the farm and neither will not move.

Barry In Trouble Again.

John Barry, of the borough, was arrested last night by Marshal Keller, on a charge of being drunk and disorderly. He will be given a hearing tonight by Borough Recorder Doliver.

V. W. Nash, Sr., to Move.

V. W. Nash, Sr., the coal dealer, will remove his office on August 15, from 207 Park avenue to Watchung avenue and East Second street.

WANT A PUBLIC CAUCUS

Suggestion From Independent on the Republican City Committee.

MAJORITY GOES SLOW

Frank H. Smith Says He Can't See Any Particular Good In Such a Meeting, But Wouldn't Oppose It.

Calls for the primary election and the city convention were issued by the Republican city committee last night. The primary will be held September 10. The date for the convention was not known by any of the members, and the call was worded to read "within the time required by law." Secretary Townsend will learn the date and advertise the call.

The meeting was not largely attended, and in the absence of Chairman Iremonger and Vice Chairman McCordell, the chair was occupied by G. W. V. Moy. A proposed public meeting for the popular suggestion of nominations, such as were obtained last year, was the only thing of more than passing interest to come up.

Duncan W. Taylor, of the Third ward, one of the Colbyites, brought the subject before the committee. He wanted to know what was to be done toward holding such a meeting. The suggestion was not received with noticeable cordiality.

County Chairman Frank H. Smith said he couldn't see what good could come from such a meeting. However, if it was deemed desirable he would be in favor of it. The motion for a meeting was not put and the suggestion took on a tenuous appearance.

Mr. Moy said this morning, in speaking of the incident, that the failure of the independents to press the suggestion was to be explained by their position as the minority. It seemed to him that it was not the independents' part to attempt to usurp or cut in on the rights and intentions of the majority with regard to the committee's course. The independents, in any event, would go steadily on their own way, cleaving to the path of duty as they saw, regardless of what the city committee did.

MISS ADAMS RESIGNS AS LOCAL LIBRARIAN

EFFICIENT SUPERINTENDENT WILL QUIT THE POSITION ON SEPT. 1.

Miss Emma Adams, of West Sixth street, who has been librarian at the Plainfield Public Library and Reading Room, with the exception of a short time, since it was founded, tendered her resignation to the Board of Directors at the August meeting, last night, the same to take effect October 1. It was with sincere regret on the part of the board that Miss Adams took this action and after careful consideration, the resignation was accepted.

Miss Adams is especially well qualified for the position she has held so long and has been particularly faithful and efficient as librarian. She is now out of the city, and inquiry today failed to disclose reasons for giving up her position.

The special committee appointed to prepare and have printed the library report stated that the same would be ready for distribution within a few days. The committee will act with the librarian regarding the distribution.

Miss Petersen was one of a party of excursionists that visited Boynton Beach last Friday, and in the accidental upset of a boat she was drowned.

The services were conducted by Rev. Mr. Diggs, pastor of the Mt. Zion A. M. E. church. There was an elaborate display of floral tributes. The burial was in the M. E. cemetery.

NEW SWITCH TOWER TO BE OPENED SUNDAY

NAYLOR AND GRIFFIN WILL TAKE DAY AND NIGHT SHIFTS.

The officials of the New Jersey Central have decided to open the new switch tower at the East End of the city Sunday morning at 10 o'clock, and Frank Naylor, who has been the telegraph operator at the freight house for several years will be placed there as day operator. Michael Griffin, formerly night operator at the North avenue station, will be the night operator in the tower. In accordance with other changes, Fred Harding will take Mr. Naylor's place at the freight house, and Peter McDonough, who has been Manager Schermerhorn's assistant at the Western Union office, will be the night operator there. Miss Johnson, of Elizabeth, is Mr. Schermerhorn's day assistant.

The bridge construction gang has completed the Park, Watchung avenue and Washington street bridges, affecting the two westbound tracks and they will both be opened today for traffic. At the same time the work of removing the remaining part of the old bridges over which the eastbound tracks run, will be commenced today, throwing all traffic over the westbound tracks, one of which will be used for eastbound trains, until the other half of the bridges are completed.

TIARA WORTH \$5,200 AN ANNIVERSARY GIFT

MR. AND MRS. L. ROTH MARRIED 45 YEARS AGO.

Surrounded by their children, and other relatives and friends from Newark, South Orange, Trenton, Princeton, Philadelphia and New York, Mr. and Mrs. L. Roth, of South Orange, celebrated their forty-fifth wedding anniversary at their summer home, No. 307 Third avenue, Asbury Park, last night. A banquet was a feature of the celebration during the course of which Mrs. Roth, one of the sons, presented his mother on behalf of the family a diamond tiara worth \$5,200. For the family also he presented a gold headed cane to the father of the house. An orchestra of twelve pieces furnished the music.

A flash light group picture of the family was taken at the conclusion of the festivities. During the day, Mr. and Mrs. Roth received numerous telegrams and letters of congratulations and the dining table was covered with a mass of floral remembrances. Among the guests were their two daughters and sons in law, Mr. and Mrs. J. Cohen, and their two children, and Mr. and Mrs. George Kridel, both of South Orange, their daughter, Miss Carrie Roth, of South Orange, and their two sons and their wives, Mr. and Mrs. J. Waiting to Hear From Prosecutor.

Justice Snape, of Watchung, has not yet given his decision regarding the application of W. G. DeMeza, counsel for Edward Himble, to reopen the case wherein the latter was fined \$28 for allowing a hound dog to run at large. He informed Mr. DeMeza today that he would not make a decision until after hearing from Prosecutor John F. Reger, before whom he had laid the facts.

—On account of the absence of nearly all of the members of the Board of Education, who are enjoying their vacation out of town, the August meeting of the board was not held Monday night.

FATALLY INJURIES CHILD

Assemblyman Perkins Runs Over Colored Boy in Bergen County.

VICTIM DIES IN AN HOUR

Lawmaker Was Prominent In the Movement to Bring the Vanderbilt Cup Race to This County.

Assemblyman Randolph Perkins, of Westfield, who worked hard in the forefront of the movement to bring the Vanderbilt Cup race to Union county, ran over and fatally injured a negro child with his automobile last night. The victim died an hour after the accident.

The Assemblyman and his chauffeur were going to his country home in Woodcliff from Oradell, in Bergen county, when the machine approached a group of children at play in the road. Three or four of them suddenly ran across the street in front of the machine. Fred Thompson, nine years old, was knocked down and the machine passed over him.

Assemblyman Perkins picked the lad up and rushed him to the home of Dr. Vanderwater, which was near by. The boy died from internal injuries about an hour after.

Assemblyman Perkins was the leader of the Republican forces in Trenton when the latest New Jersey speed law was passed. About a month ago he was arrested for speeding near Hackensack, but was discharged when the patrolman was unable to explain the mechanism of his speedometer. Mr. Perkins' stand in favor of the cup race was not approved by the people of the county, but their ideas were apparently disregarded by the Westfield solon.

NEARLY \$50,000 INCREASE IN NORTH PLAINFIELD REALTY

Total Assessed Valuations in Borough Approximately Three Million Dollars.

Tax Assessor J. H. Cooley, of North Plainfield, completed his work yesterday, and, together with the other assessors throughout the county, presented his books to the Somerset County Board of Taxation at Somerville for revision and confirmation. It is estimated that the increase in real and personal valuations in North Plainfield this year will be between \$40,000 and \$50,000, there being a considerable number of new buildings erected there since the assessor made his last rounds a year ago.

One encouraging feature to the taxpayer is that the increase each year has about kept pace with the extra expense needed as certain improvements are demanded and thus it has been possible to keep the tax rate down. The borough total valuation this year will be about \$3,000,000, which shows a steady and substantial growth.

TO LAY CONCRETE PAVE ON SOMERSET STREET BRIDGE.

Somerset Freeholders Appropriate \$150 Towards the Improvement.

The Somerset County Board of Freeholders at its meeting yesterday concurred in the action of the Union County Board in the proposed improvement of laying a concrete pavement over the county line bridge on Somerset street, the cost not to exceed \$150 for Somerset county. Freeholders Emmons, of North Plainfield; William Demler, of North Plainfield township; Smith, of Bound Brook; Codington, of Warren, were named by Director Baird as a committee to look after the improvement.

It is now assured that the concrete pavement will be laid, as the Union County Board last week authorized the work and appointed a committee, of which Freeholder J. Hervey Doane is chairman, to attend to the county's interest in the matter.

CITY STOPS BUILDING.

New Structure On Watchung Avenue Is Over the Line.

Work on the one-story building being erected by W. R. Codington and Walter Manning on Watchung avenue, near the railroad, was stopped abruptly this morning by Building Inspector T. O. Doane and Street Commissioner Andrew J. Gavett. The building goes four feet over the building line established four or five years ago.

The structure is about half up, and the change will not cost a great deal. A hurried effort to have other property owners consent to a new building line failed. They would not consent to narrowing the street.

NEW BRUNSWICK.

The labor market in New Bruns-

wick is stirred, so far as sewer and trench diggers are concerned, by the scarcity of men. The ruling rate of wages has been \$1.50 per day for all classes of work, but a number of contractors with sewer contracts have been paying a higher rate for sewer diggers. A conference of employers is to be held with a view to fixing a higher scale for sewer diggers. The city is letting a large number of sewer contracts and the scarcity of labor has caused a noticeable increase in the figures at which later contracts have been let.

MASTODON BONES IN A CREEK.

Odd Discovery of Men Working in Gravel Pit On Indiana Farm.

Workmen operating a gravel suction pump the other evening in the bed of Back creek, on the farm of Ancil Winslow, two miles north of Fairmount, Ind., were startled to see the teeth of some large animal shoot from the end of the discharge pipe, says the Fairmount correspondent of the Indianapolis Star. The tooth weighed fourteen pounds. Within a short time a bone four feet long and twenty inches in diameter came to the top of the water, followed by broken pieces of other mammoth bones.

Further investigation disclosed the fact that the supposedly perturbed tree trunk which had been blocking the progress of the pump during the greater part of the day was nothing else than the skeleton of a mastodon, and it will be necessary to remove the big pile of bones or abandon the gravel pit.

It is believed that the greater part of the skeleton remains intact sixteen feet below the surface of the ground. As the bones brought to the surface seem to indicate a good state of preservation, care will be used to extracting the remainder of the bone pile.

Two years ago a similar skeleton was found six miles east of Fairmount by the Smith brothers, who were the tenants of the Gift farm, which resulted in the filing of a lawsuit for possession of the bones, directed against the tenants, who claimed the skeleton by right of discovery, by the landowner, who contended that it was his property, under the classification of minerals. The case was in the Grant county courts for more than a year, and the skeleton was finally sold to a New York museum for \$1,000.

Believer in Cheerful Funerals.

The Rev. Frederick Spurr, one of the best known Baptist pastors in London, started the mourners at the funeral of one of the deacons of his church the other day by officiating in a gray suit of clothes, says a London special cable dispatch to the New York Sun. When questioned on the subject the pastor declared himself a believer in cheerful funerals. He said: "I am heartily sick of the paganism connected with Christian funerals. The deacon was eighty-two years of age. He had been a good Christian all his life and died of old age, and so at his funeral I wore a gray suit, and we sang the Easter hymn."

Rats.

The fecundity of the rats is so great that in a few years they would overwhelm a whole city if they were not kept down by artificial means. One pair will rear four or five families of ten to fifteen to each litter in one year, and in six months these young ones are ready to reproduce. Thus one couple in the course of three years could raise a population of several hundred thousand. If not restrained by any destructive measures.

The Grasshopper.

The grasshopper mentioned in the book of Ecclesiastes is believed by some commentators to be a species of cicada exceedingly troublesome to nervous persons on account of its shrill cry, or song. "The grasshopper shall be a burden," therefore to elderly people on account of the annoyance made by its singing and not, as commonly supposed, because of its weight.

Paper Yarn.

Paper yarn has been spun and woven at Verviers, in Belgium, for ten years past. The paper cord is largely used for tying small packages. The sacking manufactured there has rendered admirable service and seems to replace the jute article perfectly. Sacks of this material have been very successfully employed as mail bags.

Servant Marriages.

Servant men do not marry for love, but to secure an additional worker for the household. So very young men marry women several years older than themselves, as girls are less experienced in housework. In the lower and middle classes women are always helped last and may not sit down unbidden in the presence of the men.

Potted Oatmeal.

Put two cups of oatmeal in a medium sized bean pot and add one quart of slightly salted water, cover closely and bake all day in a moderate oven, looking at it occasionally to see if more water is necessary. Heat it next morning and serve with cream or milk and sugar.

Birth Superstition.

It is an old saying that those who were born in the last six months of the year will have a great change of experience every seventh year, and their dreams will have significance during the full of the moon.

Marbles and Agates.

Most of the stone marbles used by boys are made in Germany. The refuse only of the marble and agate quarries is employed, and this is treated in such a way that there is practically no waste.

Watches and Locomotives.

The accuracy of some parts of the locomotive is ten times finer than in the watch, but for absolute measurement the accuracy in the watch is almost three times as fine as in the locomotive.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your
Troubles—A Plainfield Citizen
Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness and that it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Plainfield people testify to permanent cures.

John H. Stewart, carpenter, of 413 New street, Plainfield, N. J., says: "Last winter I suffered from severe pains across my kidneys and what is more commonly called backache. When my back hurt the worst cold sweat stood out on me, and if I caught cold it always settled on my kidneys. I got so bad with these troubles that I had to quit work, but though I doctored faithfully, no medicine struck the right spot until I began using Doan's Kidney Pills, procured at Randolph's pharmacy. I took in all three boxes and they stopped my many aches and pains and regulated the action of the kidneys. Since taking them I have worked steadily, without any ill effect on the action of the kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Coptic Superstition.

The Coptic Christians believe that on Christmas eve the nature of every savage beast is tamed, that children may play with a lion and that all venomous reptiles lose their power to harm.

Cattle and Sheep.

The first cattle and sheep in the United States were introduced into Virginia in 1610. The first Short-horns and Herefords were introduced into Kentucky in 1816.

Wax Figures.

Each figure in a first class wax-work exhibition has to be remade every four or five years. The wax loses its color and becomes soft and spongy after that time.

Poisoned Arrows.

The poisoned arrows in use among some native tribes of the upper Amazon derive their venom from having been dipped in the poison sacks of venomous serpents.

SPORTS HERE AND THERE

DIAMOND DUST.

There will be but one game of especial interest on Saturday, when Clinton Avenue will meet Scotch Plains, at the latter place. Because Clinton Avenue defeated Y. M. C. A. last Saturday, thereby increasing its lead for the pennant, the race has now narrowed down to the Plainfield aggregation and the Plains team. There is a great difference of opinion as to the outcome of Saturday's contest, but a majority of the Plainfield fans are banking on Clinton Avenue. With Clifford Randolph in the box they can see nothing but victory for the leaders. Frenz or Hewitt will be called upon to pitch for the Plains team, and Manager Dorfing's colts believe that they can hit either one sufficiently to win. Scotch Plains has the reputation of winning its home games, however, and this may work out again.

If Raritan has dropped out of the Inter-City Amateur League it will leave but one game to be played on Saturday and the Laurels, of Bound Brook, will have an off day. The league managers have had sufficient experience this season to guide them in the future if another local organization is formed, and it is to be hoped that they will profit by the season's mistakes.

Somerville was anxious to join the amateur league this season, and in the opinion of many fans it would have been the part of wisdom to have admitted them. They would have made a fight worth while.

"Willie" Keeler has returned to the game and his many friends look for a change of luck in the playing of the Highlanders.

Pitching for Somerville against High Bridge on Saturday, Jimmie Montross allowed the opposing team but two hits up to the ninth inning and then had the misfortune to lose the contest by a score of 2 to 0.

Hal Chase, with his right arm in a sling, met Jack Warner, with his right thumb done up in a sling, yesterday. The disabled heroes exchanged greetings and condolences as they grasped hands with their sound members. Chase says he will be back in the game in three weeks.

Monday's victory was the first in Chicago this season for the New York Nationals, something unheard of in recent years.

It required thirteen members of the Boston Americans in twelve innings to defeat St. Louis at Boston on Monday, and then the Bostonians only nosed out a victory by a score of 3 to 2.

GOLF.

With a score of 80, plus 1—81, W. Lester Glenney showed by far the greater strength in contesting for Golf Committee cup honors at the Plainfield Country Club on Saturday. He is one of the few players of the club who has been given a plus handicap of one and he has demonstrated his ability to return a low score under such conditions.

E. M. Wild is the winner of the championship of the Cranford Golf Club for the second time, and has taken final possession of the handsome club trophy. G. K. Fullerton took the runner-up prize. Wild defeated Fullerton, 5 up and 4 to play. On Saturday Miss E. Hillier won the July putting contest with a total score of 115.

It is to be hoped that the severe defeat experienced by the Park Golf Club on Saturday will not prove so discouraging as to prevent other matches this season. It is very likely that a return match will be played with the Middlebrook Country Club on the borough course in the near future.

Another large entry seems already assured for the annual invitation tournament of the Deal Golf and Country Club, August 22, 23 and 24. There will be an eighteen hole medal play qualifying round, contestants to qualify in four sixteen for the president's, vice president's, treasurer's and captain's cups. Besides these, trophies have been provided for the beaten eights in the first and second sixteens. There will be an eighteen hole medal play handicap on the last day.

This tournament last year was won by Gilman J. Tiffany, of Powelton, champion of the Hudson River Golf Association. Tiffany defeated Robert Abbott, of Plainfield, in the final. The Deal course is one of the longest in the country, covering a playing distance of more than 6,400 yards.

Considerable surprise will doubtless follow the announcement that the 1908 annual championship tournament of the American Golf Association of Advertising Interests is to be held at Toronto; presumably over the links of the Lambton Golf and Country Club. It had generally been expected among the organization's Eastern members that a course in this vicinity would be selected. Previous tournaments under the auspices of this association were held at Cleveland, Atlantic City and Midlothian.

Gilbert S. Collins? Perish the thought; he's too good a man!

Who is going to nominate the next governor—the Pennsylvania railroad or the Public Service Corporation?

Joseph S. Frelinghuysen is reported to be mum on politics, which goes to show that the Senator is busy "sawing wood."

Miss Emma Adams' resignation as librarian of the Plainfield Public Library is a severe loss to that worthy institution.

After his unfortunate accident yesterday, we suppose Assemblyman Perkins has materially changed his views on the desirability of a auto cup race in New Jersey.

Newspaper report has it that the friends of Senator "Pat" McCarran are booming him for the governorship of New York. Has the Empire State fallen so low as all that?

When the Republican city committee set the date for the primaries last night, it fired the opening gun of the local campaign, which promises to be one of the warmest in many years.

It appears that Vivian Lewis, Passaic county's "favorite son," for the Republican gubernatorial nomination, has one claim to fame. He closely resembles John W. Griggs—but only physically.

The latest gubernatorial possibility sprung on the politicians is former Senator S. S. Childs, of Barnards township, Somerset, that county's Democratic committee having agreed on him as their candidate at a meeting held at Somerville on Saturday afternoon. Thus, another "favorite son" is added to the already long list, but the chances are that the famous restaurateur will dine on "crow," after Jim Smith has spoken.

The Republican party could find no better candidate for the governorship if it searched through every county, city, town, hamlet and crossroad of the State than Joseph S. Frelinghuysen, and it behooves the Somerset county committee to come out in his favor. The Raritan man is "no man's man," which is to say that he favors a "square deal" for every man and that's the kind of a man we want for governor.

And while we're thinking of the governorship, what's the matter with James E. Martine? Didn't the Union county Democratic committee only last night endorse the candidacy of the silver-tongued gray-haired veteran of campaigns innumerable, and won't some of the rural counties' Democratic committees follow suit? Well, we just guess so. But then, his candidacy won't amount to fiddlesticks if the report be true that the man who holds the whip, one James Smith, Jr., has decided to order the nomination of Judge Childs, of Essex county. At any rate, however, let's whoop it up for "Our Jim," whose only fault is that he is too much on the level to suit the bosses, or, in other words, the corporations.

KNIGHTS OF COLUMBUS GATHER AT JAMESTOWN

JOHN G. EWING LIKELY TO BE CHOSEN HEAD OF THE ORDER.

Norfolk, Va., Aug. 7.—With Knights of Columbus, their wives and daughters arriving on every train and steamer that enters Tidewater Virginia, the indications are that the attendance at the celebration of Knights of Columbus Day at the Jamestown Exposition tomorrow will exceed that of any special day since the opening of the tercentennial. Members of the order are coming in from all parts of the United States, every province of Canada, Mexico and even the far-away Philippines. It is estimated that between 25,000 and 30,000 knights and their families will pass through the turnstiles during the day.

Among those here are Supreme Knight E. L. Hearn, of New Haven, Conn.; District Deputy George E. Clarke, of South Bend, Ind.; Dr. E. W. Buckley, of St. Paul, Minn.; John G. Ewing, of Notre Dame University, Ind., and W. P. Breen, of South Bend, Ind.

The first meeting in connection with the convention was that of the board of directors, which was held Monday at the Virginia Club, in Norfolk. This was well attended and much enthusiasm was shown by the directors. The convention was formally opened yesterday.

While there are many matters of importance to be discussed at the convention, the greatest interest centres in the election of a supreme knight, and a warm fight is expected for the position.

John G. Ewing will oppose Mr. Hearn, the incumbent, and the friends of both are working hard for the success of their respective candidates. Both are popular, both have a strong and influential following and nobody will venture a prediction as to who the successful candidate will be. Although the administration of Mr. Hearn has been a splendid one, the members of the order say Mr. Ewing is strong and may be the next supreme knight. Besides being well-known to the knights throughout the country, he is a nephew of the late James G. Blaine and an author of some note. Mr. Hearn is standing on his past record and is looking to that for his re-election.

GOT A FREE DINNER.

Then Young Man Decamped With Red Bank Woman's Jewelry.

A slender, well-dressed man, about 30 years old, called yesterday morning at the home of Mrs. M. A. J. Irwin, in Red Bank, and engaged board. He was shown to a room upstairs. After dinner he told the landlady that he was pleased with the board and would go out for a short walk. The daughter, Mabel, went to the man's room, and found that the bureau drawer had been ransacked, a jewel case belonging to her emptied and a bracelet and three diamond rings, valued at \$150, taken. The police were notified, but no trace of the man could be found. The supposition is that he entered and left town in an auto.

Previous to calling at Mrs. Irwin's, he called at County Prosecutor Henry M. Nevius's home for board. He said his father was a wealthy contractor and builder, and gave him the name of Martin. He left a collar at Mrs. Irwin's house, wrapped in an Elizabeth newspaper.

More Work For Mobs.

New York, Aug. 7.—Crimes against women and little girls were committed in several parts of Manhattan, Brooklyn and Queens yesterday, and in a number of instances summary punishment was visited upon offenders by mobs of men and women. In two cases mothers of little girls led the vengeance-seeking mobs and the accused men narrowly escaped with their lives. Only police inference of the most energetic kind saved them. One man was taken to Bellevue Hospital seriously injured. In one case at least a mob's frenzy for vengeance resulted in an innocent man being so badly beaten that only immediate hospital treatment saved his life.

Boy Bites Mother and Brother.
Chicago, Aug. 7.—While nursing her dying boy George, who was suffering from rabies, the result of a dog bite, Mrs. Charles T. Davis, of Danville, Ill., was bitten in the chin by the child a week ago, and Vance Davis, a brother, was bitten and scratched about the face and hands. The child died in great agony a few hours after Mrs. Davis was bitten. The attending physicians became frightened over the result and yesterday brought both mother and son to Chicago for treatment at the Pasteur Institute. The dead boy was bitten by a mad dog on June 16. Six weeks later symptoms of rabies developed and he died July 30.

John D. Will Live Long.
Cleveland, Aug. 7.—That John D. Rockefeller will live to more than ninety-four, is the prediction of Dr. H. F. Biggar, his family physician. Dr. Biggar watched Mr. Rockefeller play golf over the Forest Hill links yesterday and at the finish declared that the Standard Oil magnate was likely to live more than a quarter of a century longer. Mr. Rockefeller, who looked particularly well, said he had never felt better in his life and that he could eat anything. Long life in the Rockefeller family has long been a matter of comment.

Price of Brick Pavement Raised.
In New Brunswick bids for brick street paving have jumped from \$2.25 to \$2.64 per square yard within the last few weeks. Increased cost of labor and materials is given as the reason for the raise.

LOCAL AMUSEMENTS

Sandwiched in between earlier forms of speech, comes the newest and latest form of human expression, the gasoline language, and in these days and times to acknowledge an unfamiliarity with it, is to argue oneself woefully behind and non-progressive. "The Vanderbilt Cup," the great automobile musical comedy, which comes to the new Plainfield theatre Saturday afternoon and night, is said to be a liberal education in "motorism." It is a play built entirely upon motor cars and the "swell mob" who at present almost live in their magnificent touring cars. The plot hinges upon the great race on Long Island for the cup presented by W. K. Vanderbilt, Jr., and brings in many delightful resorts in and about New York.

In selecting the company which will be seen at the New Plainfield theatre, August 1, in George Ade's comedy, "The College Widow," Henry W. Savage received and examined hundreds of applicants. The play is one of American types and each player was selected with a view to his physical fitness to realize to the letter the role entrusted to him to portray. tor, the railroad magnate, the rural Freshman, the athletic girl, the football player, the trainer, the coded, the town marshall—these are a few of the people so truly sketched by Mr. Ade and so completely realized by Mr. Savage's company. "The College Widow" affords an evening of fullest and rarest enjoyment.

"Little Johnny Jones," when it is seen in this city on August 17, will be presented by a specially selected cast of singers, dancers and comedians accompanied by one of the largest and best drilled choruses in America in all numbering seventy-five people. The same massive and complete scenic production as seen for twenty-six weeks in New York and all summer in Chicago will be seen here. It is the biggest and most expensive attraction that will be seen here this season, and as its fame and reputation has preceded it, a crowded house is already assured.

John Powers' New Place.

John T. Powers, until recently proprietor of a drug store on Somerset street, has gone to New Brunswick to be assistant at Bradley's pharmacy. Mr. Powers is a graduate of the New York College of Pharmacy, and holds a New Jersey pharmacist's license. He is a member of the Knights of Columbus.

Rev. Bergen D. Stelle, of Philadelphia, will occupy the pulpit at the First Baptist church, on Sunday, morning and night.

SIRE'S AND SONS.

President Fallieres of France is exceedingly thrifty. He spends as little as possible of his liberal allowance of \$600,000 per annum.

John W. Gates, the plunger, wears gold bowed spectacles and looks as mild mannered as a country storekeeper, which he is not.

Mr. Justice Brewer of the United States supreme court is the best speechmaker among the nine members of that distinguished body.

Judge Gaynor is in danger of being expelled from the New York bar for heresy. He says he "can think of no more despicable person on earth than a gabby little lawyer."

Colonel William C. Gorgas, the United States commissioner in the canal zone, told the Cornell medical graduates that within the next two or three centuries "the centers of wealth, civilization and population will be in the tropics, as they were in the dawn of man's history."

John R. Dos Passos, a New York lawyer, regarded as an authority on corporation law and finance, is one of the counselors of the president in dealing with the railroads. He has a country estate down the Potomac, and his yacht is often seen on the river during the summer season. He is sixty-three years old and is of Portuguese-American descent.

William H. Baldwin, who has been for thirty-nine years president of the Boston Young Men's Christian union, has resigned because of the burden of years. Mr. Baldwin observed his eightieth birthday last fall. His successor is to be Colonel Frank Lovering Locke, who has been for some years superintendent of the Boston Rubber Company, at Malden.

Thomas Pryor Gore, the political leader of Oklahoma, is blind and has been since he was eleven years old, when he accidentally shot his right eye out with an arrow gun. Three years before a playmate, in a boys' passion, blinded his left eye with a stone. He is one of the most sought for lawyers in his state and has been active in all campaigns in Oklahoma since he went there from Mississippi.

GOWN GOSSIP.

Moire parasols, with or without borders, are very popular.

Straw belts are among the new things, belt and buckle being made of finely woven flexible straw.

A new linen or pique skirt which will appeal to the laundress is a plain circular model, buttoning all the way down the left front, so that it may be unbuttoned and laid flat for ironing.

Ombre taffeta or liberty is artistically used for the foundation of sheer frocks. A skirt of gauze or chiffon, for example, is made over a colored silk barely tinted at the waist, but shading to a much deeper hue at the skirt bottom.

Little taffeta boleros in emerald green, Havana brown, suede gray, etc., are much worn by Parisiennes over batistes, voiles, etc. The little coats are very short and fitted, trimmed in tiny ruffles of the silk and buttoning with one large button at the bust line—New York Sun.

ETHICS OF THE BIG D.

An Episcopalian Bishop's Defense of the Word "Damn."

At the meeting of the American Booksellers' Association the address of the occasion was delivered by Bishop Talbot, of the diocese of Central Pennsylvania. Having perpetrated a novel, Bishop Talbot justly asserted his claim to be considered an author, and he entertained his hearers by his views on the privileges of authorship. He admitted that in the conversational parts of his book he had frequently employed the word "damn" as a qualifying adjective, and he defended such action, giving as evidence the testimony of his publishers, who said that "if I had used the customary dashes I should have emasculated my story." Rather than invite so deplorable a catastrophe he bolstered up his first artistic instincts.

Here, then, is high clerical authority for literary freedom of speech. When the reader encounters in a story written by a right reverend gentleman the not infrequent use of a word deprecated in fastidious society, and certainly not heard at church entertainments, he must bear in mind that so-called profanation is preferable to emasculation. He must remember, also, that the word is used in its illustrative literary sense, and, like many other things which appear in works of fiction, is not privately sanctioned by the author. Doubtless the bishop might give at great length and in the most convincing manner other reasons for not sacrificing plain English to dashes, but enough has been set forth to make his position clear.

An objection at once arises that if this impolite word has been employed simply because it was characteristic of the conversation in which the people of the book indulged, exactly where is the line to be drawn by the faithful novelist? And if so distinguished a church official as a bishop sanctions the use of an expression, even illustrating, would a humble clergyman be justified in reporting conversations even more literally? And so, proceeding to the last common denominator, what might not be permitted of the ordinary writer of fiction who is not restrained by the cloth or by his position as an ordained instructor of the masses? Such questions as these must present themselves to writers who would fain have their names enrolled in the distinguished list of the six best sellers if not the hundred best books.

What effect the bishop's cheerful confession will have on the great American writers of fiction remains to be seen. So eminent an authority cannot fail to carry much weight and inspire a good degree of enthusiasm, and perhaps in our forthcoming crop of novels we shall be "damned" even with more frequency and more fervor than in the eighteenth century output. The author will tell that he has discharged his duty to faithful portraiture and the reading public will become familiar with the spelling by a word so long mincingly expressed by a straight line.—Chicago Tribune.

ENGLISH BASEBALL FUNNY.

Yale Athletic Adviser Tells About Game He Saw in London.
Walter Camp, athletic adviser at Yale University, who has been in England for five weeks, arrived at New York recently with his wife on the Cunard liner Caronia, say the New York Tribune. He said baseball as played in England was laughable. Shortly before he left London Mr. Camp said he attended a game played between the Rhodes students at Oxford and a picked nine from the best of the association football players.

"The game started at 2 p. m.," he said, "and there was little or no enthusiasm until some errors were made, which caused the runs to accumulate rapidly. The more runs the more the crowd applauded. They overlooked the fine points of the game and looked for high scores, as in cricket. I sat from 2 p. m. until 7 p. m., and when I left they were just finishing the last half of the third inning. The score at that time was something like 58 to 32 in favor of the Rhodes students."

Regarding football, Mr. Camp said he thought there would be no further alterations in football regulations. He said the game as it is played now is about as good as it can be.

To Bury His Feet In China.
Several months ago Sank Loo, a Chinaman of Springfield, Ill., was knocked off an interurban car west of Springfield by a collision. Both his legs were run over and the feet taken off. The Chinaman instead of having them buried had them taken with him to St. John's Hospital and later had Undertaken Charles T. Bisch embalm the members, says the Cincinnati Enquirer. He invested in cork feet. The other night he left for his home in China, he having obtained \$5,000 damages from the interurban railroad for the loss of his feet. He had the feet expressed. It is the Chinese custom in the event of a Chinaman losing any part of his anatomy that it be buried in China.

Fire Hose.
As late as 1682 squirts or syringes were used for extinguishing fire in England, and their length did not exceed two or three feet, with pipes of leather. Water tight seamless hose was first made in Bethnal Green in 1720.

NEWARK CLUB AFTER PLAINFIELD TWIRLER

BURNHAM ANXIOUS TO SIGN WILTSE, WHO HAS BEEN REINSTATED.

With the idea of strengthening the batting, as well as the pitching, department of the Newark Eastern League nine, Manager Burnham announced yesterday that he had his lines out for Lew Wiltse, of this city, the heavy hitting twirler, formerly with Baltimore. Wiltse was reinstated Monday by the National Commission, and is now eligible to sign with any national agreement club.

Wiltse was placed on the ineligible list two years ago for jumping from Baltimore to the Tri-State League, along with Jack Hayden, who was since reinstated, and is now playing with Rochester. Wiltse had made several efforts to get back in the fold of organized baseball, but his appeals were unsuccessful until the final one. Wiltse said recently that he would like nothing better than to play in Newark, on account of it being near to his home.

This season Wiltse played with the Johnstown team of the Tri-State League, but succeeded in securing an unconditional release, which placed him in a position for reinstatement, and he is now with the Reading Atlantic League Club. Burnham has a high opinion of Wiltse, both as a pitcher and a batter, and if his arm is in condition he will probably land a job with the Sailors.

GOLF.

A professional four-ball match which is likely to be productive of good golf has been arranged to take place at Bernardsville on September 15. George Low, of Baltusrol, the Metropolitan open champion, and Dave Hunter are to team it up against Alec Smith, of Nassau, and Joe Hagen, the Bernardsville "pro." In an invitation tournament there last summer Smith in addition to winning first money broke the course record.

The Scottish American Golf Club, a recently formed organization which makes its headquarters at Van Cortlandt Park, considers that it was shabbily treated by the New York Golf Club last week. It will be remembered that the play on the first two days in the Van Cortlandt Park tournament was under the management of the New York Golf Club.

"CENTRAL PARK" Was Is Will Be

IT WAS, only about a year ago, just a pretty farm. IT IS to day the finest building site in Plainfield, with broad avenues macadamized their entire width, concrete curb, sidewalks, trees, gas, electric light, in fact all improvements. Nearly \$100,000 expended in new and handsome dwellings, now ready for the market.

WHAT IT WILL BE we hardly dare predict, with contracts out for even more extensive improvements and twelve more handsome residences.

Central Park is that beautifully situated tract bounded by Park, Prospect, Hillside and Thornton Avenues. Lots selling rapidly—Prices very low—Great investment or speculative opportunities.
