

ASSEMBLYMEN HIT STOKES

His Message That Session Laws Awaited Their Action Stirs Up Trouble.

POLITICAL BUNCOMBE

Sullivan and Baker Sharply Arraign the Governor In Reply to Barber—Joke Over G. O. P. Platform.

Governor Stokes sent to both houses at Trenton yesterday a special message, which told the members that the session laws awaited on their action, counseled legislation along the pledges of both political platforms, and a sine die adjournment.

The Governor said: "The Legislature has now been in session since January with frequent recesses. Until a final day is fixed for the enactment of laws, the session laws cannot be printed, and the statutes are to that extent confused. I have recommended the enactment of measures of public importance. Some of these have already been passed by one branch of the Legislature. These measures have now been indorsed by the platforms of both parties, and there would seem to be, therefore, no further excuse for delay in their enactment."

"I again recommend the prompt passage of these measures and suggest that the Legislature fix a date for the termination of legislation."

In the House the members indulged in an acrimonious debate, during which Mr. Barber, of Mercer, told the Democrats that they had been playing politics and indulging in political buncombe.

Mr. Sullivan came back with the view that the message of Governor Stokes asking the Legislature to adjourn because the Session Laws had not been published was the "worst piece of political buncombe I have ever seen, when it is remembered that last year when the session of the Legislature was over in April the Governor did not complete signing the laws until late in November."

Mr. Baker, of Hudson, made an attack on the Governor, saying that the worst piece of political buncombe he had seen was "the convention of Republicans two weeks ago resolving in their platform that we 'indorse the wise administration of Edward Casper Stokes.'" A committee on final adjournment was finally named to meet a Senate committee on Oct. 11 and fix the date for final adjournment.

BASEBALL DINNER.

Covers Will Be Laid for Twenty-Five at Y. M. C. A. Affair.

All the plans for the dinner to be given by the Y. M. C. A. to its baseball nine Saturday night have been completed. The affair will be held in the main parlor. Covers will be laid for twenty-five, and among the guests expected are Manager Ernest Dorfing and Captain Brit Martin of the pennant-winning Clinton Avenue nine. Brit wouldn't think of accepting the invitation until he was assured that a speech wouldn't be required of him.

Speechmaking, however, there will be. President Garrett will make an address and Manager Listman will also speak. Captain Howard Craig is an accomplished orator, and he, too, will have to weave a few sentences for his faithful fellow-athletes.

For Y. M. C. A. State Orchestra.

The local Y. M. C. A. boys, who have played in the Boys' Orchestra, or such as desire to play in the State Orchestra at the conference on Boys' Work, at Ridgewood, October 25-27, are invited to confer with Mr. Robbie as to how to arrange the matter. The State Orchestra will be made up from the twenty-two associations represented at the conference, and will play at all the sessions of the delegates. Special concerts will be given. M. A. Korff has been appointed conductor.

Mormon Missionaries.

The recent request of representatives of the Mormon church to conduct public meetings in Bloomfield has brought a protesting petition from Woman's Christian Temperance Union members here. The town council has been asked to refuse permission to the Mormon missionaries to meet here. If the town officials do not deny them the right to conduct meetings the women threaten to take the matter into their own hands.

Children's Home Meeting.

It was announced this morning by Mrs. M. E. Kimball that the monthly meeting of the Children's Home had been postponed until Thursday, October 10.

Edward Terry, of Watchung avenue, is seriously ill with typhoid fever. He will probably be removed to Muhlenberg Hospital for treatment.

BABY CAMP CARED FOR 1,050 CHILDREN

AND IN SEPT. ALONE DAY NURSERY HAD 199 LITTLE ONES.

Reports concerning the condition of the day nursery and the baby camp on the mountain were received this morning at an executive committee meeting of the City Union of the King's Daughters and the past season was considered most satisfactory.

It was reported that the Day Nursery building on West Third street has been painted, papered and the new bathtub and fixtures, donated by Mrs. Percy Stewart, installed. The nursery was reopened September 1, and during that month 199 children were cared for by the day. It was also stated that there is no furnace in the building and would be appreciated exceedingly.

There was also a report from the camp committee, which was very encouraging. The camp was open seven weeks, and during that time 1,050 children were cared for there, receiving substantial benefit. In all 3,150 meals were served. During September the nurse made sixty-two visits. The report of the treasurer showed a balance of \$354.07. Contributions for either the camp or Day Nursery work are always acceptable.

TEETH DOCTORS PLAN LOCAL ORGANIZATION

DENTISTS TAKE STEPS TO GET TOGETHER HERE.

A movement is on foot among the dentists of the city and borough to form an organization similar to that of the local physicians. The first steps in this direction were taken at a meeting held recently at the home of Dr. Frank T. Clawson on Park avenue. At that time the advisability of forming such an organization was discussed and it was unanimously favored.

Another meeting is to be held soon to perfect the details. The objects of the association are to promote the interests of the members and to bring about a co-operation not existing at present. The members plan to meet once a month, and aside from the business interests to be considered there will be social features. There are twenty-three dentists in the city and borough and assurances that all will join the association have been received.

VETS DIME SOCIAL.

Pleasant Affair Conducted by Antietam Command, U. V. U.

Antietam Command, Union Veterans' Union, held a dime social in the organization's hall on East Front street last night. It was largely attended by veterans and their friends from this city, Westfield, Elizabeth and other places.

Comrade Henry C. Drake was in charge of the gathering and made an opening address, after which the following program was rendered: Musical songs, Miss Moffett; readings, Miss Harriet Gibbons; remarks, Comrades Naylor, Wagner and Townley; monologue, Comrade Henry Frazee; reading, Mrs. Henry Frazee; remarks, Comrade Augustus Runyon; song, Mr. Oakley, of Westfield.

Refreshments were served in conclusion and a half hour was spent socially.

Blames Dentist for Killing.

Richard Scott, the colored chauffeur who was in the automobile that killed Marcus J. Jacobs, the theatrical man, a week ago in Newark, was released from the Essex County Jail yesterday, where he had been confined since Saturday. Dr. William F. McFarlane and F. E. Myers, other occupants of the car, are still at large. Dr. Walter H. Morris was at the wheel when the fatality occurred, according to the negro. The doctor is at liberty under bail on a charge of manslaughter.

Express Kills Man.

Frank Romano, a laborer, who lived in Eighth avenue, Newark, and W. A. Servis, a section foreman, of Orange street, Newark, were struck by the Buffalo express from New York, on the Lackawanna Railroad in Harrison yesterday afternoon. Romano was hurled twenty feet and killed. Servis escaped with a slight injury to his left leg.

Pitney May Go To Hudson.

Supreme Court Justice Mahlon Pitney, it is said, will be assigned to the Hudson County Circuit, to succeed ex-Justice J. Franklin Fort. The Hudson circuit is sought, as it is in the largest county in the State and is the busiest of the county courts.

Sylvester Horn, of Highland Park, has returned home after a visit with his sister, Mrs. P. Maguire, of this city.

COLBY RAPS THE SENATE

Regulars Defeat the Brady Bill and Reform Leader Speaks Plainly.

PLATFORM IS INSINCERE

In the House, Colby's Direct Primary Measure Is Also Beaten By Vote of 25 to 10.

When the State Senate met at Trenton yesterday Senator Colby introduced the direct primary act which does away with all conventions. The measure was referred to the committee on elections.

The Brady House bill for the expression of popular choice for United States Senator was taken taken up and lost, the Republican regulars holding that this act was the Oregon act and circumvented the constitution of the United States. Senator Colby attacked the regulars' position, saying that the act allowed the fullest expression of a popular will.

"If you do not want this act, then you do not the Republican platform declaration for the voice of the people in the selection of United States Senators. That is as true as Gospel," he said hotly.

Senator Hillery, the Republican leader, did not agree with him, saying that the Senate bill requiring 200 petitioners in each county was a simpler method, and was not in violation of either the United States or the State constitution.

In the House Mr. Klenert, Passaic, reported the Colby direct primary act. Mr. Hendrickson, Hudson, objected to the clause which would make the Governor and members of Congress come under the direct operation of the act, saying that the popular sections of the State would always get those nominations. But the Democrats voted down his amendment, which was to exempt those offices from the act. On the final vote the direct primary act was lost, 25 to 10.

ASSEMBLY CHOPS UP PUBLIC UTILITIES BILL

THEN PASSES SENATE MEASURE IN MUTILATED FORM.

The Assembly at Trenton yesterday, after amending the Senate public utilities bill, passed it on third reading under suspension of the rules by a vote of 34 to 6. The six negatives were Republicans—Drake, Lillagore, Potter, Ridgeway, Shalley and Taylor.

The measure as amended provides for an elective commission of three, abolishes the railroad commission, provides an additional penalty of \$1,000 for failure to accept the rulings of the commission by a public utility or railroad, and allows the commission to fix rates, and gives full power to abolish grade crossings.

It is certain that the Senate will not agree to this measure, the elective feature being one which the Senators have determined would allow the railroads as well as a public utility to get into politics in order to elect the three men they wanted as commissioners.

FIRE AT UNION VILLAGE.

Former Mayor Lang's Barn and Contents Completely Destroyed.

A large barn on the property of former Mayor Lang, of Newark, located at Union Village, was totally destroyed by fire yesterday. The structure was filled to the roof with hay and grain and the first floor held a lot of farming implements. All of which were consumed. The damage is placed at \$10,000, partly covered by insurance.

A threshing machine and its corps of men was on the premises yesterday, and it is thought some one started the blaze by dropping a match or cigar stump in the loose hay. The threshers did not discover the blaze until it was beyond control, and they had hardly enough time to save the live stock.

Fire at the Park Club.

The borough fire department was called out at 4 o'clock yesterday afternoon for a slight blaze at the Park Club. Sparks from a defective chimney set fire to the roof and the flames were in a threatening mood when discovered. The chemical stream sufficed to end the trouble before any serious damage had resulted.

Forty-two New Shriners.

More than twenty-five Plainfield members of Salaam Temple, Ancient Arabic Order Nobles Mystic Shrine, attended the meeting held in Newark last night and witnessed the initiation of forty-two members. A banquet followed.

WANT \$100,000 SCHOOL

Board of Estimate to Withdraw Its Request for \$90,000 Building.

MAYOR FISK'S IDEA

Alteration in Plans Deemed False Economy—Action to be Taken at Once.

Realizing that it is practically impossible for the city to erect the proposed new primary school at Darrow avenue and Essex street for the original amount appropriated, \$90,000, owing to the great advance in materials and labor, the Board of Education, following the reception of bids for the work of construction, asked the Board of School Estimate, which is to have returned the petition sent to the Common Council asking for the appropriation of \$90,000, and to have another request for a larger amount framed.

The Board of School Estimate met yesterday afternoon in the office of Mayor Fisk, and it was then decided to send a communication to the Common Council at its meeting Monday night, asking that the petition in question be returned. After discussing the situation at some length the Board of School Estimate decided that about \$10,000 additional would be needed for the purpose. This would give the city practically a fireproof building, which the new \$125,000 High School is not.

The bids submitted Monday night for the new building, with the exception of those of John Abbott, were all above the \$90,000 appropriation. On each one of his three bids Mr. Abbott was below those figures, but these do not include fees of architect.

Mayor Fisk is strongly impressed with the idea that the city should appropriate an additional sum to give the adequate school facilities, and he believes that the Common Council will decide to give the extra amount needed. Another city official speaking of the matter said today that when it is considered that Plainfield's bonded indebtedness is only about \$325,000 on a \$22,000,000 valuation the city can be considered in a good financial condition and quite fortunate.

MADISON LINEMAN KILLED AT CRANFORD.

George Vonnell, Shocked When Telegraph and Telephone Wires Cross, Falls from Pole.

Cranford, Oct. 3.—George Vonnell, about thirty-five years old, a lineman, of Madison, was instantly killed while at work here yesterday. He fell from a high pole.

Vonnell, who was an employee of the New York and New Jersey Telephone Company, had gone up the pole to repair a wire. He had been at work but a moment when he fell.

A telephone wire becoming crossed with a telegraph wire caused him to receive such a shock that he lost his hold. It is not known whether he was killed by the fall or by the volts of electricity which he received.

Vonnell leaves a widow.

New Buildings On Madison Avenue.

William Mills broke ground on Madison avenue, between Front and Second streets, this morning, for a one story cement block building which he will use as a tin shop. Permission to use the hollow cement blocks was granted at the last meeting of the Common Council. Directly opposite, Miss Stephenson, formerly of North avenue, will erect a one story building, to be used for her catering business. It will occupy a portion of the old Gillies property, which she recently purchased.

Funeral of George Whitlock.

The funeral of George Whitlock, who died suddenly Monday noon, was held at the home of his mother on East Sixth street, last night. The service was conducted by Rev. C. L. Goodrich and the attendance included fifty members of the Carpenters' Union. The pall-bearers, who were from the organization, were David Bodine, Herman Overland, A. V. Whitlock and Walter Harris. Burial was made at Rock Hill this morning.

J. Fred MacDonald Interested.

It is J. Fred MacDonald and not B. Donald, who is interested in the purchase of a tract of land situated between Tier's Pond and the Watchung Silk Company's mill. Mr. MacDonald was largely instrumental in securing this property for the syndicate.

Green Was Down-and-Out.

Maze Green, a borough resident, who has a habit of overestimating his drinking capacity, was found helplessly drunk on Somerset street, last night. Marshal Pope took him in for safe-keeping and he will be given a hearing tonight.

ABUSED WIFE SAVED HIM

Scathing Rebuke and Stern Warning for Henry Donnelly in Court.

RUM HIS DOWNFALL

Sacrificed All In His Craving for Strong Drink—Judge Listens to His Noble Wife's Plea.

The wife he abused saved Henry Donnelly, 30 years old, from jail this morning. It was for her sake alone, and to save her from complete homelessness, that Judge Runyon refrained from giving Donnelly, who was arraigned in the city court on his wife's complaint, the heavy dose that is usually meted out to men brought before the magistrate on such complaints.

Donnelly has taken no sort of care of his wife and child for three years. Drink has been the only thing he cared for, and to it he sacrificed everything, including all their little store of furniture, until today wife and child are without anything that makes a home.

"Donnelly," said the judge in disposing of the case, "I am going to let you go only for the sake of your wife. I don't like you a bit; you are yellow all the way through. But you have promised snivellingly to do better, and because your wife would be left entirely helpless if I did anything else, I am going to give you a chance to keep your promise. She has promised to let me know the first time she detects in you any sign of liquor—whether it is one glass or twenty makes no difference—and you had better not attempt to intimidate her to keep that report from me. I would learn of it sooner or later, and the dose coming to you would be measured accordingly. Now take your chance, and see if you can't make up for the rotten years that have passed."

MILK DEALERS HAVE NEW FACTOR TO CONSIDER

INCREASED PRICE HAS RESULTED IN DECREASED ORDERS IN MANY PLACES.

The milk dealers may not make as much as they figured when they put up the price of milk and cream. From what housewives say and observant folk have noticed, it is becoming certain that the advance will result in an appreciable decrease in the consumption of milk.

As soon as the advance was announced many of the housewives went through rapid calculations, and then decided that they could get along with less milk. In a good many families a quart was taken, more to insure a plentiful supply than because of actual necessity. More or less of the milk was thrown away each day to make room for the fresh supply. In these families the housewives have simply made up their minds to be a bit careful in using milk; and have cut down their order from a quart to a pint daily. In some of the houses, to be sure, the pint will be found to be just a mite too little; just as the quart was found to be a little too much, but in most of the households the pint will do all the everyday milk service required, and in those households the dealers will have lost three cents each day, instead of gaining one cent.

That the general reduction in milk consumption has begun was brought to the attention of one of the observers, mentioned in the foregoing, last night on his way home from a meeting. In the New Madison flat block he counted eight pint bottles set out for the customers. They told eloquently, if silently, of changed orders. It is to be wondered if the dealers will not find the advance too hurtful to maintain.

Another thing is the fact that housewives can fill back on condensed milk as a substitute.

County Chairman's Anniversary.

County Chairman and Mrs. F. H. Smith, of West Fourth street, celebrated the tenth anniversary of their wedding Monday night, and in honor of the event they entertained the card club, of which they are members. The club remembered the celebrants by presenting them with a handsome copper tankard. The evening was spent playing cards, after which supper was served.

Weekly Dance a Success.

The weekly dance given at Saengerbund Hall last proved a success. It was largely attended, and the music of Prof. Charles M. Suhr's orchestra was a feature. These dances will be continued every Wednesday night. Last night the orchestra was obliged to respond to many encores. Among the patrons were people from Dunellen and Bound Brook as well as from this city.

THOUGHT BRIDAL GIFTS WERE IN DANGER OF THEFT

BUT SUSPICIOUS CHARACTER TURNED OUT TO BE JUSTICE HAND.

Charles Burt, of 916 Putnam avenue, telephoned to police headquarters at 12:30 o'clock this morning that a man was trying to break into the house of Richard M. Boardman, next door. Miss Leese, sister of Mrs. Boardman, who lives with her, is to be married Saturday, and Mr. Burt suspected that the underworld was reaching out after the gifts, which are many and valuable.

The patron wagon, with Policemen O'Keefe and Saffron in it, was sent out in a hurry. The "burglar" welcomed them with cordiality. He was Justice of the Peace and District Court Officer Ezekiah Hand, acting temporarily as detective. He was on duty for Mr. Boardman, watching the gifts that were supposed to have been in danger.

The justice-court-officer - detective was a bit put out over the suspicion directed at him, but admitted that he might have moved around in a way to upset a neighbor who didn't know the official position of the justice, etc. The policemen left 2 the guardian of the gifts on the porch, and told Mr. Burt not to be suspicious any more.

BRICK PAVING WORK STARTED THIS MORNING

LARGE SECTION LAID ON PARK AVENUE BY NOON.

The work of placing the brick pavement over the concrete bed already in position, was commenced on Park avenue this morning. A gang of expert setters began operations at Front street and by noon had laid a large section, approximately 100 feet. The pavement is going down nicely and it is hoped to reach Second street by Saturday at the latest.

Foreman Quinn, who has had a wide experience in setting brick, declared the concrete foundation to be the best he has encountered in years and that the city has gotten more than its money's worth in the job. It is a common thing, he said, to find the "bed" made with an inferior quality of cement and little of it, at that, but no such remark can ever be passed about the one on Park avenue.

Contractor Meeker has been put to considerable inconvenience and expense by an order prohibiting him from mixing light and dark colored brick in one section of the pavement. When the material was unloaded on the walks, no attempt was made to separate the various shades and it was the intention to lay the brick just as they came to hand. City Engineer Gavett decreed, however, that only one color should be used in order to have the pavement uniform and this is being done. Only the dark-colored material is being put down and the others will be carted over to Somerset street. The order necessitated a new supply for Park avenue and is holding back the setting as the laborers have to carry the brick from Front street as the work progresses. They can only keep one setter busy on a line, whereas two can be on the job when the piles are near at hand.

The concrete mixer secured by Contractor Meeker two days ago went on its good behavior this morning and is showing operations along at a swift pace. The foundation men will now be able to keep about a block ahead of the setters.

Police Save Clothiers' Signs.

Telephoning from his home on Duer street, J. Weinberger, of Weinberger & Co., clothiers, of West Front street, reported to the police at 6:30 o'clock this morning that he had just been told that a colored man was taking down the signs at his store. Policeman O'Keefe, sent to the place to investigate, found Oscar Hamilton removing the signs. Hamilton said Mrs. Weinberger, widow of a former proprietor of the business, had instructed him to do it. O'Keefe stopped him.

Printer Locked Up.

Michael J. Short, who described himself as a printer on his way from New Rochelle, N. Y., to Washington, D. C., was arrested last night for drunkenness. Judge Runyon released him this morning under suspended sentence.

MURDER SUSPECT FREED

Alibi Develops for Michael Marasquiano, Who Was Arrested Yesterday.

HERE DAY OF KILLING

Almost Overcome With Joy When Released In Court This Morning

—Ovation From Fellow-Laborers in Paving Gang.

Michael Marasquiano, the ruddy-haired laborer arrested while at work on the street paving job on Park avenue yesterday on suspicion of being Giacomo Fanella, "wanted" by the police of Niagara Falls, N. Y., for the killing of Mrs. Mary Tallery, regained his freedom this morning. Although he answered the description of the murderer in every detail, even to the length of time he has been in this country, one thing developed quickly after his arrest that freed him. The police learned that the shooting was done on September 27, and complete proof was produced to show that the suspect had been in this city, and hard at work, all that day.

Marasquiano, who had been frightened almost to the point of collapse by his arrest, was nearly overcome with joy when City Judge Runyon told him to go in court this morning. He forgot his hat and coat on the bench, and started to run out of the courtroom bareheaded. His fellow-laborers paused in their work to give him a little ovation when he returned to the gang. The men who came from the same village embraced him with Italian effusiveness, to the amazement of the people who had paused to watch the work.

Although Marasquiano does not know it, the police are not quite certain that his alibi is as satisfactory as it might be. He will be kept under surveillance until all doubt of his innocence is removed.

SCHUYLER AGAIN REPRIVED.

Governor Puts Off His Execution Until November 1.

Trenton, Oct. 3.—Governor Stokes yesterday granted an additional reprieve until November to John Schuyler, of Hunterdon county, who was convicted for the murder of Manning Riley at Califon, and was to hang next Friday at Flemington. Colonel Edward Fox, of the executive department, left yesterday afternoon with the reprieve for the condemned man. The Governor received a letter yesterday, signed by many prominent citizens of Hunterdon county, stating that they believed that Schuyler was innocent and requesting that he receive a reprieve.

This course was brought about yesterday, when former Judge Herr and H. L. Stout, who defended Schuyler, made application for a reprieve in order that they may obtain additional evidence, and Governor Stokes advised the counselors to secure the signatures of a number of people as to their views in the case.

Send in Your Checks.

In furtherance of plans for "The Gathering of the Clans," to be held at the Casino, for the benefit of Muhlenberg Hospital, the executive committee yesterday received reports The plans are working out satisfactory and the women feel sure that the affair will be one of the best ever held. Persons wishing to contribute money toward the affair can send the same to the treasurer of the women's auxiliary board, Mrs. W. L. C. Glenney, who will acknowledge it. It was announced that Mrs. Andrew Kenney has been made chairman of the committee in charge of the industrial and ice cream booths.

LOCAL AMUSEMENTS

"Way Down East," that old-time friend with recollections enshrined in laughter and sentiment is abroad in the land once again. This splendid play of the New England farm, with its happy folks and good strong plot, with a plentitude of stars in

Alice Rhodes, in "Way Down East," at New Plainfield Theatre This Afternoon and Night.

contrast to the peals of laughter, is so well known that it is absolutely unnecessary to attempt to elaborate the genial atmosphere that pervades from the rise to fall of the curtain. It is to be at the New Plainfield theatre this afternoon and tonight.

Miss Mamie Fleming, a big favorite, comes to the New Plainfield theatre tomorrow night in a play new to local theatre-goers, entitled, "Girl of Eagle Ranch," which is a play dealing with life in the far West. Most of the scenes are laid in Montana, and the central character is that of a good hearted athletic young woman, who performs acts of heroism and is the pride of the hardy citizens. Then the scene shifts to Denver, showing the parlor of the Mountain House, which is said to be a remarkable bit of stage realism. A novel feature of the production will be the introduction of high class vaudeville by Miss Fleming, Valley Forge Quartette, Miss Primrose, W. H. Gracey and others. The company surrounding the little star is said to be uniformly excellent.

The most successful star and play on the road this season unquestionably is Max Figman in "The Man on the Box," which is announced for next Saturday afternoon and night at the New Plainfield theatre. From the Atlantic to the Pacific oceans and

from Manitoba to Texas the testimony of the press and public has been that of unstinted praise. There has not been one dissenting voice among the critics, and from a monetary standpoint this attraction has been the envy of all competitors. "The Man on the Box" was dramatized from Harold MacGrath's book of the same name, and, contrary to the usual run of book plays, has not proven a disappointment to the readers. The salient features of the story are fully retained and framed in an environment of strong and brisk dramatic action expressed in brilliant and witty dialogue.

"Mr. Blue Beard," conceded by press and public to be the best and brightest comedy production now on tour, is to be the offering at the New Plainfield theatre next Monday night. The comedy has been called a comedy cocktail, which seems a befitting description, as the performance is bright, lively, snappy and entrancing, and local theatre-goers who relish tuneful music and bright dialogue, presented by an excellent cast of players, together with magnificent scenery and gorgeous costumes, may look forward to a most satisfying entertainment. The story of "Mr. Blue Beard" is one of humorous complications, and the interest never flags, but holds the attention of the auditor to the final curtain. The novelty of plot, together with the in-

When Well-Known Plainfield People Tell It So Plainly.

When public endorsement is made by a representative citizen of Plainfield the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

Andrew Mattis, carpenter, of 127 West Fourth street, Plainfield, N. J., says: "I have been troubled for years with dull backache and pain in the back of my head, caused by kidney complaint. I was hurt severely some time ago by falling from a scaffold and the physicians thought my spine was injured. I think that fall injured my kidneys. As nothing else that I tried seemed to help my back or kidneys, I decided to try Doan's Kidney Pills and got a supply at Randolph's pharmacy. I have now taken nearly three boxes, and find that the backache and headaches have disappeared."

SPORTS HERE AND THERE

FOOTBALL.

The Plainfield High School candidates are working out in good shape, and it is predicted that the school will have the strongest eleven in its history. The boys are out for practice every day and are doing good signal work.

The Daily Princetonian calls attention to the fact that every college generation at Princeton has witnessed at least one victory over Yale, and that unless there is to be a break in the rule Princeton must win from Yale this year. The last Princeton victory over Yale was in 1903—De Witt's team. However, whether Princeton wins or loses this year, the present generation will have seen one game in which the Tigers were not beaten. That would be a negative satisfaction which hardly would satisfy Nassau's sons, though things might be worse.

Teddy Roosevelt, Jr., has yielded to the call of the gridiron. It was announced a few days ago that young Roosevelt would not try for the team this year, but he has reported on Soldier's Field at Cambridge as a candidate for end. He played that position on the Harvard freshman team two years ago and stood up in the path of the onrushing Yale freshmen without a flinch until another youth was sent in to take his place. Theodore, Jr., is light and not likely to become varsity material, but like many another young fellow at college who has but slight chance of making the team, keeps on trying. Dill Starr apparently has gone back to quarter for good. Starr was a cracking good quarterback year before last. Also he played some good games at end last year, in the Indian contest especially, but did not show to especial advantage in the Yale scrap. However, his work at end was such that his return to the backfield means that there is promising end material on hand. It will be a pretty fight between him and Newhall for varsity quarter.

Leonard J. Clarkson, of the Norwich University team, who died in Hanover on Monday as a result of injuries sustained in the Dartmouth game last Saturday, had an attack of appendicitis last summer. He played football this fall against the advice of his team mates, and on Saturday last suffered a rupture of the intestines. His father, according to an account, says his son's death was the result not of the football game but of his impaired physical condition.

The New York University football team had a fast signal practice Tuesday in preparation for the opening game at Ohio Field on Saturday, when St. Stephen's College, of Andover, will be played for the first time in six years. In addition to the signal work, Olcott, the coach, gave the men a long drill in catching punts, later sending the ends and linemen down the field under the punts. A good punter appeared in Rust, '09, who has solved scholarship difficulties, and is almost now to regain the position at quarterback he won in his freshman year. "Tom" Redley, '05, captain of the 1904 team, was on the field to help in the coaching. A short practice game will be played with Webb.

COLBY MAY WITHDRAW FROM THE CAMPAIGN

REGULARS MUST LIVE UP TO PLATFORM HE SAYS.

Senator Everett J. Colby in Newark yesterday said at rest all doubts as to his position in the Republican party by joining forces to work for the election of John Franklin Fort and the Assembly candidates. He had intimated that he would "sit down" unless the Republican Senate passed suitable legislation. "If the Republican Senate shows any inclination to dodge the spirit of the platform that the party adopted, I certainly will not work, and will sit down," he said. "I am willing and ready to work for the party," he added, "but, I repeat, I will not do so if, in my mind, there is any attempt to sidetrack legislation that has been advocated in the platform upon which we all agreed."

"We have no intention whatever of giving up our work," said a prominent New Idea leader yesterday. "While we have discontinued work in our own headquarters, practically, because we have joined with our former opponents, yet we have decided to have the rooms of our organization in readiness at any time to take up the work if we are of the opinion that the regulars are trying to swallow us and defeat our principles."

Somerset Council No. 102, Jr. O. U. A. M., will have initiation at its meeting tomorrow night.

Franklin Council No. 41, Jr. O. U. A. M., will meet tonight and complete details for the entertainment to be held at the Casino Thursday night, October 10.

John Hand Camp No. 28, Sons of Veterans, met Tuesday night and initiated several new candidates. Plans were discussed for the fair to be held in December.

Plainfield, N. J., October 3, 1907.

Judging by his remarks in the Senate yesterday, Mr. Colby like Mr. Ackerman believes that lawmakers should not play politics.

When Mr. Katzenbach is "in our midst" on Saturday, he's going to tell us just where he stands on the Bishop's bill. Isn't that so, Mr. Colby?

The New York Press' declaration that Frank S. Katzenbach is losing ground every day, brings up the question as what ground he ever held.

At first glance, it appeared like a newcomer, but its new appearance showed that it was only the New Brunswick Times in a new suit of clothes. Middlesex is fortunate in having such a paper.

Don't fail to go and see the "Gathering of the Clans" at the Casino. They assemble at the playhouse on Thursday, October 17. The proceeds will go to the most worthy of all local charities, the hospital.

The good whole-souled ne'er to be down-hearted farmer-orator says that Mr. Katzenbach will be given a dinner when he invades Plainfield on Saturday. Of course that means that Jim will pay the freight as he always has. In the face of such rank and persistent ill-treatment at the hands of his friends, isn't our Democratic friend truly a political martyr?

Evidently Mr. Fort thinks better of Mr. "Sam" Dickinson than do the vast majority of his fellow Republicans since the man who unfortunately clings to the office of Secretary of State has been made a member of the State Republican executive committee. The gubernatorial nominee neglected a splendid opportunity when he did not demand that the Hudson county man be ousted from the position.

The Netherwood residents who are rightly complaining of poor mail service can best obtain satisfactory deliveries and collections by filing a protest with the postmaster who would, no doubt, immediately bring the condition of affairs to the attention of the authorities at Washington. Certainly something should be done to remedy the shabby service in that section and no better method could be devised than by registering a good solid "kick."

Mr. Roosevelt seems to think that the "Full Dinner Pail" dog has had his day. Though industrial enterprises all over the land continue to retrench and lay off hands, he keeps rapping away at the business interests. —Trenton True American.

In thus classifying criminal trusts among the business interests, the Trenton's so-called Democratic paper not only preaches an undemocratic idea but lives up to its reputation of filling its editorial columns with rot.

POLITICAL NOTES

The Warren County Democratic Convention at Belvidere yesterday renominated Joseph H. Firth, of Phillipsburg, for Assembly.

The Democratic city convention at Paterson by acclamation nominated Dr. Andrew McBride for Mayor. Dr. McBride has been county physician for a number of years. The Republican nominee for Mayor is Alvin Smith, now a member of the Board of Aldermen.

Auto Notes.
Frank L. C. Martin and William Mazzocco returned yesterday from their trip west, where they have been for the past two weeks inspecting the 1908 models of the various makes of automobiles. They are very enthusiastic over the outlook for the cars their company will handle next year.

VOTING MACHINES ARE ASSIGNED FOR ELECTION.

Secretary of State Orders 361 Placed in as Many Districts.

Secretary of State Samuel D. Dickinson has assigned 361 voting machines to as many voting districts in New Jersey to be used at the coming election on November 5. The total number of machines is the same this year as last, but under the new assignment some new districts are named and some of the old ones are cut off the machine list.

The total number of changes in the assignment of machines is thirty-nine. In Hudson county eight machines are dropped, in Cape May one, in Gloucester three, in Morris three, in Middlesex one, in Burlington three, in Ocean seven, in Atlantic four and in Cumberland nine. In Ocean and Atlantic counties all of the machines used there last year are removed. In Cumberland county there were thirteen last year, and with the removal of nine this year but four remain.

In Passaic county but fifteen machines are added, six of which go to Passaic City and nine to Paterson. Eight machines are added in Sussex county, two in Bergen and four in Mercer. The added machines in Camden county go to Camden City, while the four new ones in Mercer go to Trenton.

Assistant Secretary of State Smith was still working on the report locating the voting machines when seen by a Press correspondent last night, and expressed much satisfaction at the number of requests for voting machines from several counties during the day. He said it had been the purpose of the department to comply as nearly as possible with the requests of the different communities regarding the location of machines; that it had been its desire to take machines away from those places where they were not cared for and locate them in places where they were sought after.

The eighteen machines which had been marked for removal from the Eleventh and Fifteenth Wards of Newark were, upon consideration of Senator Colby and Chairman Dalrymple, retained.

NON-RESIDENT PUPILS CROWD DOVER SCHOOLS.

Wherefore an Additional Teacher Is to Be Engaged.

Dover, Oct. 3.—Supervising Principal J. Howard Hulsart, in his report to the Board of Education last night, called attention to the great pressure for the admission of non-resident pupils in the Dover schools. There are, he said, upward of ninety outside pupils already admitted. More than fifty of these are in the High School grades and most of the others are from Randolph township and are attending the Belmont avenue school, which is not crowded.

The extra High School pupils are accommodated with difficulty, Mr. Hulsart said, but it was thought best to admit them, as there will be plenty of room as soon as the new high school is finished.

Millinery and Costumes
Tuesday—Wednesday—Thursday.

Presenting a style show at Popular Prices that cannot be equalled elsewhere. Certainly no past season has been so productive of models which in their richness of adornment, beauty of design, and extreme splendor of color and contrast, seem to have struck the highest keynote of refined elegance—that have the distinction and gracefulness that so strongly appeal to women who insist upon having the very latest. It is a wonderful collection, so varied and attractive that probably will not be seen again this year.

We extend a cordial invitation for you to visit us on the above days.

MR. FORT'S ITINERARY IS NOW MAPPED OUT

FLYING TOUR OF GUBERNATORIAL CANDIDATE NEXT WEEK.

A partially prepared itinerary of the first week's campaign of John Franklin Fort, the Republican gubernatorial candidate, was given out this morning by Assistant Prosecutor Wilbur A. Mott, who is in direct charge of the plans for the nominee's travels between now and election day. There are some little details yet to be completed, such as hearing from the county leaders as to just where and when they wish the candidate to appear, but Mr. Mott said it had been definitely decided what route Mr. Fort would take next week, anyhow.

The campaign will be considered as being formally opened Friday night, when Mr. Fort will be the principal speaker at a big meeting to be held in the Krueger Auditorium, at which place it is expected he will take up the platform of the party and define his position on the different planks. He will spend today at his Spring Lake cottage preparing this speech, and today will quite possibly go to the Trenton Interstate Fair. Tonight he will be given a reception, or serenade, at his Spring Lake home by Monmouth county Republicans. Governor Stokes is expected to be present at this and will join with Mr. Fort in receiving the guests. Friday the candidate will return to his East Orange home with his family, and Saturday night expects to be in attendance at the Republican convention at Jersey City.

The real tour of the State will begin Monday, Mr. Mott said. Mr. Fort will that day appear in Somerset county, making a dozen or so speeches there, as he will every day thereafter until election. Just where the big meeting will be held in Somerset county Mr. Mott said he had not heard yet, but expects to get into communication with Senator Frelinghuysen this afternoon to ascertain his wishes in the matter.

From Somerset the candidate will go into Mercer county on Tuesday, and the night meeting will be held at Princeton. On Wednesday the western end of Burlington county will be visited, with the night meeting either at Mt. Holly or Burlington. This is Mr. Fort's native county, and it is understood he will spend a few hours with his father and sister during the stop at Mt. Holly. Thursday the candidate will go north again into Middlesex county, and it is supposed will speak that night in New Brunswick. The following day will be devoted to a tour of Passaic county, and on Saturday, October 12, Bergen county will be the field traversed, with a night meeting at Hackensack.

Just who the speakers will be who will accompany Mr. Fort on next week's trip Mr. Mott was unable to say this morning. He did say, however, that the candidate's tour would be by automobile, and that flying trips would be made from town to town.

CHRISTIAN FIELD.

John B. Oakley, of Elizabeth, will speak at the Plainfield Rescue Mission, 100 Madison avenue, tonight. Good singing will be a feature.

A Bible study rally will be held at the Young Women's Christian Association tonight. W. D. Murray will speak. All girls will be welcome.

There will be a social and reception at the Christian church tonight, under the auspices of the Ladies' Aid Society. An informal program of music will be given, followed by refreshments.

The young people of the First Baptist church will meet in the lecture room of the church tomorrow night to hear the report of the committee on nomination and organization of the new society.

A series of four lessons on "The Crises of the Christ" will be given by Miss Emily Cramp Taylor, of Philadelphia, at the Young Women's Christian Association, on East Front street, on Tuesdays, October 15, 22 and 29 and November 5 at 3:30 o'clock. This will be under the auspices of the Afternoon Bible Class. This course was given during the summer by Miss Taylor at Silver Bay.

ELIZABETH GETS AFTER THE RECKLESS AUTOIST

TO HAVE ORDINANCE TO PREVENT HIGH SPEEDING.

Warned by the Jacobs fatality in Newark of the results which may follow a loose enforcement of the speed laws, and remembering that "a stitch in time saves nine," Mayor P. J. Ryan, in a communication to the Elizabeth Council Tuesday night, urged action looking towards the most effective police regulation possible of the automobile traffic. The law committee will frame an ordinance to carry out the Mayor's recommendations. Mayor Ryan's letter was as follows:

"I am prompted by the many accidents that occur outside of our city and the many narrow escapes that we have had here from reckless and fast driving of automobiles to call your attention to the situation. Lying as our city does on the main thoroughfare between the large cities of New York and Philadelphia, there are many automobiles that are constantly passing through the city to both points named and to other places in New Jersey, that are driven at a reckless speed, and I am sure in violation of the State laws.

"This practice is not alone confined to non-residents, as I regret to say, from reports that I have received, that some of our citizens who can afford a conveyance of this kind are not respecters of the law as regards speed. Many serious accidents have occurred recently where an automobile, run at a rapid rate and at times getting beyond the control of the driver, has resulted in loss of limb, and what is worse, loss of life. Before any serious accident takes place in our city, as may happen at any time, I would urge your honorable body to refer this communication to the proper committee so that the same may be acted upon in a legal manner without delay and thereby, perhaps, avoid many accidents and give proper protection to our citizens.

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week
Beginning Oct. 6.

By REV. S. H. DOYLE.

Topic.—Rally to the work!—Ex. xiv, 15; II Chron. xxx, 21, 22. (Consecration meeting.)

The word "rally" is defined as "the act of bringing disordered troops to their ranks." This word in this sense is therefore very appropriate to express the significance of rally day in the modern church and its various organizations. In the summer season the ranks of Christian workers become disorganized. Many of the workers are away, some of them for a considerable time. In the hazy season of the summer it is impossible to keep the ranks filled and active, and yet there is no question but that more Christian work could be effectively done than is.

No church should close its doors. Some one will always be present at the meetings, and the Master often preached to an audience of one. Certainly no Endeavor society should abandon its meetings. The work may lag to some extent, but it takes a small number to make a prayer meeting. The prayer of one Christian may accomplish much. If we abandon our services and work altogether in the summer, a rally day is indeed necessary, and we shall need the special power of the Spirit to get the ranks together again. Let us therefore prepare to "move forward," being fully satisfied that "in every work that we begin in the service of the house of the Lord and in the law and in the commandments," if we "do it with all our heart," we shall prosper. God will bless our labors, for we will be laboring with Him.

The first requisite in a rally day is to get the ranks filled. All absentees should be notified of the meeting, both by mail and a personal visit, if possible. The best programme possible should be arranged and a most enthusiastic service held.

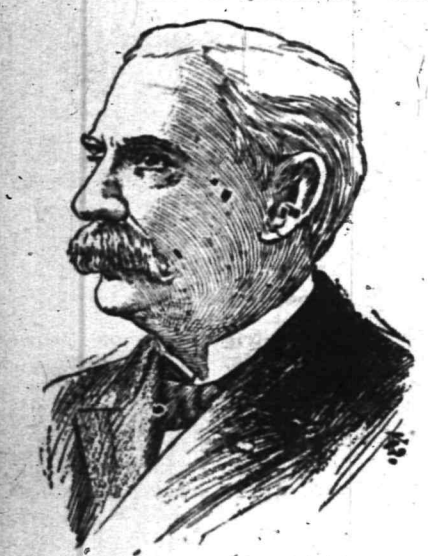

Another necessary requisite to a successful rally is plans for definite work. These should be arranged before hand. Rally to the "work." If there be no work arranged, there can be no rally to the work. The various committees should arrange work for the winter, and the members of the society should each have some definite work decided upon, and when the roll is called each should state what advanced progressive work he expects to do. There are so many things to do that each one can find something to do.

There's a work for me
And a work for you,
Something for each of us
Now to do.

Put the emphasis upon "now" and then do it.

A New Picture of Dr. Clark.
The beloved founder of Christian Endeavor, the Rev. Dr. Francis E. Clark, has consented to pose for a new photograph, a reproduction of which is herewith presented. The

REV. DR. FRANCIS E. CLARK.
same kindness of expression which has so endeared Dr. Clark in all parts of the world is true to life in this newest picture. The increasing gray of hair and mustache are practically the only changes time has wrought in the appearance of this noted leader.

Speak Appreciatively.
Christian Endeavor has constantly to recruit its ranks from new and untapped material, while it moves its trained workers along into the Sunday school as officers and teachers, and into the church as elders, deacons and committee members. Why not recognize these facts and let them be known? Why not speak the word of appreciation, and even of praise if it is deserved? Why not call out reinforcements for Christian Endeavor, as Christian Endeavor is trying in every way to call out reinforcements for all other lines of Christian service?—William Shaw.

Heads Together.
In union there is strength and wisdom as well. If you want to maintain your Christian Endeavor work at the best, hold frequent conferences with other workers. If under no other auspices, two nearby societies could hold a joint session, taking up the committees one at a time and exchanging plans and ideas. If you have a local union, by all means plan for regular committee conferences. Once a year, for instance, let all the lookout committees meet together, under the guidance of an expert in that line of work, and discuss what their committees might do; so for all other committees, Junior workers and officers. —F. H. Endeavor.

EPWORTH LEAGUE.

Oct. 6: "Christian stewardship." The principle approved. "These ought ye to have done and not to have left the other undone."—Matt. xxiii, 23.

By REV. WALTER J. YATES, D. D. Passages for reference—Gen. xiv, 19, 20; Lev. xxvii, 30-32; I Cor. xiv, 2.

God's ownership of the earth and all it contains is the plain teaching of all parts of the Christian Scriptures. It is as clearly the teaching of reason and experience. It is God's by right of making and keeping. He created and He alone preserves all that is. Man is here not as an accident, but by deliberate purpose of God as a part of His world plan. He is not given any title deeds to any part of the domain. He is God's tenant and servant, a tenant at will, liable at any time to be called to account and to be turned out of his holdings. He is a steward intrusted with property for which he is responsible and will sooner or later be asked for a reckoning.

All is on the most reasonable terms. He shares in the profits according to his fidelity and also receives many favors unearned and not given as reward of merit, but as clear bounty and good will from the owner.

The terms of the stewardship are to "do justice, mercy and faithfulness." These are the weighty things of God's law. Besides these, there are minor ordinances and observances which should not be left undone, but should never be elevated into the chief place of duty. Among these minor matters of the law is the duty to give of one's "substance according to his ability" to the cause of God's kingdom.

Abraham gave a tenth of the spoil taken from the robber kings to God's priest, Melchisedec. Jacob dedicated to God a tenth of all the increase of his possessions. In Israel it became a law that a tenth of all the increase of harvests and flocks and herds be longed specially to God. In some Christian lands at some time this tithe of the earth's fruits and cattle has been exacted by law for the support of the church.

Considerable effort has been made recently in many parts of the church to induce the young people to enter upon systematic habits of giving and to set aside one-tenth of the income for purposes of benevolence.

It is an excellent plan for every one to regularly put aside a certain proportion of the income for religious uses and to keep strict account of it. It checks selfishness, gives a broader and deeper interest in the progress of the work of the church and often shows how little one has before entered into the earnest work of God's kingdom.

Several items need to be firmly settled in this regard. First, there is no rigid rule of proportion laid down in the New Testament as to the amount of the giving. One-tenth is a good proportion and can well be adopted by multitudes of our young people who are making their own way. Many should give more. Some ought to give less. Each must settle the matter for himself. Secondly, all one has should be sacredly used as a trust for God and administered in the wisest manner.

Thirdly, comes a principle many have not attained to, but which is vitally important. It should be settled early in life the limit beyond which one will not increase property for his own use, but will dedicate and administer all surplus directly for the advancement of God's work in the world. This whole matter of Christian stewardship needs treatment in a broader and more reasonable way than it has usually been handled. It is easier to follow the Pharisees' rule than to follow that of Christ, but it is not so well in the end.

THE BIG SALVAGE SALE

WILL BEGIN FRIDAY MORNING, OCTOBER 4, 1907.

A Stock of Seasonable Winter Goods--Mostly Clean and Fresh--Bought at a Bargain--Is now Offered the Public at a Trifle of its Real Value

Goods of all kinds have been advancing, as you know, especially in the past six months, to give real bargains in the face of such conditions were almost out of the question, unless something extraordinary occurred. IT DID OCCUR! A large wholesale dry goods house of Allentown, Pa., had their stock damaged by fire and water; the stock was sold by the fire underwriters, through Field, Chapman & Co., Auctioneers. OUR BUYERS WERE THERE WITH THE CASH and bought everything that was desirable sold at a bargain, for there were lots of goods just the least damaged by smoke or water that had to be sacrificed. We bought these so cheap that even at the low prices we quote, we still have a little margin for our trouble. But our biggest aim was to advertise our name to the public—we want you to know that we are wide awake for your interests, that you can procure bargains at TEPPER'S when they are scarce everywhere else. Every desirable lot was bought with enthusiasm, knowing that many families would appreciate such an opportunity to lay in their fall and winter needs at such a saving. Here are the bargains; read every item of them; the values are exactly as quoted; you can depend on everything to be strictly as represented. Buy liberally—that is our best advice to those who need the saving most—this is a sale for the working people who must account for every dollar they spend, and they know that there are few real bargains to be had these days of advancing prices. Remember, sale begins Friday morning, October 4th, and continues until further notice. There will be plenty of extra salespeople to serve you, but come early in the mornings and you can take plenty of time for your choosing.

Poultry Show Prizes.

In addition to the five prizes awarded to A. C. Bechstein, of Park avenue, at the Essex County Fair, last week, for his fine showing of Orpingtons and Japanese Silkies, his exhibit of two buff cockerels at the Trenton State Fair, this week, won for him first and second prizes. These birds are of the stock of Mr. Bechstein's imported English cock and "Golden Glow," and are probably among the finest exhibited in this part of the country.

Negro Murderers to Die.

After being out fourteen minutes the jury which has been hearing the case of Charles Gibson and Stephen Dorsey, the two negroes who were on trial for brutally murdering Mrs. Frances Horner, of Cooper Creek, and Victoria Natoli, a servant, on August 20 yesterday brought in a verdict of guilty of murder in the first degree at Camden. The two negroes will be the first to be electrocuted under the new law in New Jersey. Judge Garrison has not yet signed the death warrant.

First Hunt of the Season.

The first hunt of the Watchung Hunt Club this season will be held Saturday afternoon. The members will assemble at the Plainfield Country Club, from which place the start will be made at 2:45 o'clock.

The work on the Southside sanitary sewer is now progressing, under the direction of City Engineer A. J. Gavett. John Sutcliffe, of Poughkeepsie, has been engaged as superintendent of the work.

Neuman Brothers will have shipments of Jersey peaches both tomorrow and Saturday morning and they will probably be the last for the season. The assortment will include those two fine varieties—Iron Mountain and Fox Seedlings.

Cook—Lawks! Here's mistress! Quick, into the clothes press. Soldier Sweetheart—In the clothes press and not in the larder? Mina, and you say you love me. Meggen-dorfer Blatter.

The Greek Catholics.

In the United States there are about 500,000 Greek Catholics. They are principally from Austria-Hungary. They must not be confounded with the Greek Orthodox churchmen, who come from Russia and Greece. The Greek Catholics are those of the Eastern Greek church, who are in full communion with the Roman Catholics, and who acknowledge the pope as the chief bishop and head of the church. Most of the Greek Catholics in this country are by nationality Rumanians or "little Russians." Rumanians, Italians and Syrians. The Rumanians come from Galatia and Carpathian mountains, the Rumanians from eastern Hungary, the Italians from Calabria and Sicily, and the Syrians from various parts of Turkey. They have prospered greatly in the United States, and are settled mostly in Pennsylvania. They have at present over 100 churches, about forty schools and ninety-eight priests.—Washington Herald.

Gold in the North.

Perhaps the most northerly gold fields in the world are those in Lapland, where the River Ivalo seems to be the centre of an auriferous region, where gold dredging operations have been carried on for some time. Diggings to the depth of 300 feet have been completed with a view of finding out the real course of the ore. The gold discovered last year by a company, founded in the United States, amounted to only four pounds, valued at \$1,500. This was found along a part of the Ivalo river, and the largest nugget weighed about 123 grains. There are three companies digging gold there now, the latest being the Ivalo company, organized in the United States. Within the possessions of this company lies Kullala, which was built in 1871 by the Finnish government for washing gold.—Washington Herald.

HERE'S TO YOU

A little greeting from the James Van Dyk Company to all visitors, whether purchasers or not, is contained in this attractive novelty.

Be sure to stop in and get one, as it will amuse the children.

FREE FOR ASKING.

At the same time don't forget we have got some mighty good Tea and Coffee here at a price which only the Van Dyk "System" enables us to make so low. You have heard a great many things about "Systems" but we've got a "System" that even Thomas Lawson couldn't beat. In fact, it is the kind that he wouldn't beat but would want to help to become effective. Our Tea and Coffee is shipped direct to us from our own plantations, thence it is distributed to our many stores, all of which are run by men thoroughly conversant with Van Dyk principles. This means:
First—The best Tea and Coffee to be obtained (pure and rich in flavor).
Second—No Middleman's profits, and hence low prices.
Third—Courteous attention; combined with a thorough knowledge of the Tea and Coffee business on the part of our clerks.
Are we not worth a trial?

CLOSED PORTALS.

Arlington Council, No. 214, Junior Order of United American Mechanics, passed resolutions last night instructing its delegates to the State convention next month to admonish the State organization to appeal to the government to take steps to have the bulk of the battleship Maine raised, so that the seventy heroes who went down with it might have monuments placed at the heads of their graves. Past Councillor A. B. Anderson offered the resolution.

To Resume Road Probe.

Trenton, Oct. 3.—The special legislative commission to investigate the increased costs of the construction of stone roads in this State, and to consider the advisability of the State acquiring and operating stone quarries for road purposes, will resume its sessions at the State house next Tuesday afternoon. At the meetings already held the work has been preliminary, and at the session next Tuesday it is expected that the real probing will be begun.

Frank Wolf, of West Third street, has returned from a two weeks' visit with friends at Chester, Pa.
