HEALTH BOARD WILL TAKE ACTION

Unless Citizens Co-operate in
"Clean-up and Paint-up
Week."

PROGRAM FOR TODAY

Residents Are Urged to Remove all
Inflammable Materials—List of
Dumps Where Rubbish May Be
Taken.

"Clean-up and Paint-up Week" in
Plainfield is now well underway, and
as a rule citizens generally are co-
operating in the movement to make the
city a better and more attractive
place in which to live. The Board
of Health has taken the initiative and
has a large committee at work assist-
ing in a general supervision of the
work.

Section one, of article one, of the
city ordinance, which applies to gen-
eral nuisances, reads as follows:

"Whatever is dangerous to human
life or to health and whatever ren-
ders the ground, air, food or water
unwholesome and an injury to human
health, is hereby declared to be a nu-
isance and is prohibited." In case
householders and citizens generally
fail to abate such nuisances, the
Board of Health will take steps to
act under the above provision.

The clean-up plan for today calls
for a clearing out of all places where
waste inflammable materials of all
sorts have been thrown or stored.
Cellars, attics, storerooms, closets,
hallways, etc., should be cleared of
old boxes, papers, rags, bits of wood,
anything likely to cause fire.
Fluffy householders will collect the
old wood, split it for kindling and
take it neatly ready for use. The old
papers, etc., will be put in bundles
ready to be taken to the dumps, or
disposed of in other ways.

Boards will not be permitted on
account of the danger likely to re-
sult. Hundreds of fires are started
in Plainfield every year in this way,
which might, prove very serious, but
for the work of the fire department.
This clean-up week is for the benefit
of the city, therefore, the methods
used should not be such as might
prove detrimental.

It has been remarked by those who
are in a position to know, that Plain-
field as a whole is unusually "clean,"
but there is still room for improve-
ment, so this is your chance to help
bring about this improvement.

If newspapers and magazines are
tied in bundles, the Salvation Army
will remove them free of charge. If
notified (Telephone 707-W). They
will also take old clothing and dis-
carded furniture.

The only dumps where rubbish
may be taken are the following: East
Seventh street, between Leland and
and Terrill road, David Hand;
near 474 West Front street, Sylvanus
Hoffman; Arlington avenue, exten-
sion, J. D. Loizeaux Lumber Com-
pany; Wilver street, off Rushmore
avenue, between Second and Third
streets.

JEWISH NATIONAL FLOWER DAY OBSERVED HERE

The Jewish national flower day
was observed in this city yesterday.
When a sale of flowers was conducted
under the direction of Camp No. 57,
Order Sons of Zion. Over four hun-
dred plants were sold by the commit-
tee of young women, netting a good
sum for the purpose of re-inhabiting
the Holy Land by the Hebrews. The
committee in charge of the sale was
composed of the Misses Sadies Roth-
berg, Edith Rosenson, Lena Moldes-
ky, Ethel Shragar, Bessie and Rose
Davidson and Bertha Frucht.

At a meeting of the lodge last eve-
ning resolutions expressing apprecia-
tion of the work accomplished and
the aid given by the general public
were adopted. Delegates were also
elected to the convention of the or-
der to be held at Providence, June
21, 22 and 23. Henry Rosenbaum
and Harry Katz were elected.

CHILDREN'S SERVICE AT ST. MARY'S CHURCH

"The Closure of the Month
of May" is Impressively
Observed.

The annual children's service at
St. Mary's church, designated as "the
closure of the month of May," was
held yesterday afternoon. Practic-
ally all the juvenile members of the
parish participated, the assemblage
forming a pretty picture as the im-
maculately white-clad children march-
ed from the Parochial School to the
church. The crowning of the statue
formed part of the service, during
which Rev. Father Bernard M. Bo-
gan gave an appropriate sermon.

The blessing of the sacred sacra-
ment was given in conclusion. Rev.
Father MacDonald assisted in the
ceremony. Previous to these en-
trance to the church, the children
were grouped on the lawn where they
were photographed by Paul Collier.

HORSE TAG DAY TO BE HELD NEXT MONDAY

S. P. C. A. Will Raise Funds
to Carry on Work of Or-
ganization Hereabouts.

National Horse Day will be observ-
ed in Plainfield next Monday by a
tag day to raise money to carry on
the work of the S. P. C. A. The day
will differ from the ordinary day in
the fact that tags will be sold only
by personal solicitation, and not
through indiscriminate holding up of
people on the streets. In addition to
the sale on Monday, tags for the
horses, and buttons for the people,
will be on sale at the Y. M. C. A. and
Schreiner Brothers all of this week.

The event next Monday, June 1,
will be the second national horse day
and comes as a result of resolutions
adopted by the National Team Own-
ers Association and the American
Humane Society. To aid the work
Dr. H. M. Maxson, head of the local
schools has instructed every princi-
pal to make mention of the day in
some way during the school exercises
on Monday next.

Mrs. S. G. Van Hoeson, agent of the
society in Plainfield and vicinity has
charge of the arrangements, and she
will personally see that every fireman
and policeman in this city has but-
tons, and every horse connected with
these two departments is furnished
with a tag on Monday. She said this
morning that on the similar day last
year one town of about 5,000 inhabi-
tants raised \$247 for the work, and
she already has had \$25 subscribed
locally for the cause. The day will
also be observed in Westfield.

The tags are circular in shape cut
from blue cardboard, and besides a
drawing of a horse's head have on
them "National Horse Tag Day, June
1st, 1914. Humane Societies and
Team Owners Association." On the
buttons, which are celluloid, printed
in gold red, blue and black, is to
be found the same inscription but
the center picture is that of an at-
tractive woman holding a big horse.

The S. P. C. A. will hold its regu-
lar monthly meeting this afternoon
at the Y. M. C. A. at 4:30 when rou-
tine business will be transacted, and
plans completed for the tag day.

COMMISSIONERS MEET PROPERTY OWNERS TONIGHT

Arthur E. Smith, Albert H. Atter-
bury and J. Fred MacDonald the
newly-appointed commissioners in
the matter of the Madison avenue
widening project, will hold their first
meeting in the Common Council
rooms, tonight, for the purpose of
treating with the property owners.
It is the intention of the council to
widen this avenue between Front
street and the railroad.

Previous attempts have been met
with opposition to the improvement
on the part of Harry Dreir and the
estate of Samuel Dreir, as their
property will suffer the most by the
widening. A previous commission
submitted a report of assessments for
benefits and damages, but under an-
other ordinance a new commission
was named later and the members
will begin their work tonight.

REV. J. M. HARE ACCEPTS THE CALL

Will Become Pastor of Scotch
Plains Baptist
Church.

COMMENCING JUNE 1

New Minister Prominent in Baptist
Denomination of the State—Will
Succeed Rev. Franklin K. Math-
ews.

Rev. J. Madison Hare, who has
been pastor of the Parly Memorial
Baptist church of Jersey City Heights
for several years, has accepted the
call to the Scotch Plains Baptist
church, succeeding Rev. Franklin K.
Mathews, who served the church for
a number of years prior to several
months ago, when he resigned to en-
gage in literary work and follow up
other lines of endeavor, including the
Boy Scout movement for which he is
librarian.

The announcement that Mr. Hare
had been given the call and that he
had accepted the same, was made at
the morning service in the church
yesterday, by David Hand, chairman
of the pulpit committee. He in-
formed the congregation that the call
was unanimous on the part of the com-
mittee as well as the trustees of the
church.

The members of the church are
much pleased over the acceptance by
Mr. Hare. He will begin his new du-
ties on June 1. It is expected that
with the coming of the new pastor
there will be a revival of interest in
the work at the parish house, as well
as all the other departments of
church work.

For many years Mr. Hare has been
a prominent figure in the Baptist de-
nomination in New Jersey. He is a
strong preacher and he has the repu-
tation for doing good pastoral work.
During the time he has served Parly
Memorial church, Jersey City, he
succeeded in building a handsome
new edifice, one of the finest in that
city, but the work has been too ardu-
ous and for that reason Mr. Hare de-
sires to take a country charge, where
he will be able to regain his full
health and strength.

The Scotch Plains church is the
second oldest of the denomination in
the State, the Stelton Baptist church
being the oldest. The 'Plains church
is the mother of the First Baptist
church, of New York. It has had a
number of notable pastors, including
Rev. Dr. J. C. Buchanan, father of
Dr. J. Hervey Buchanan; Rev. Dr. J.
H. Parks, Rev. G. M. Schott and more
recently Rev. Franklin K. Mathews.

Y. M. H. A. MEET TO PLAN FOR STATE SESSION

The executive council of the State
Y. M. H. A. and Y. W. H. A. met in
this city yesterday afternoon and
made plans for the State convention
to be held at Trenton, September 13.
Thirty-two representatives from var-
ious cities of the State were present
at yesterday's session.

During the meeting three recently
organized associations were elected
to the State body. Several changes
to the by-laws were presented and
adopted. Reports of the education-
al and lecture work as carried on by
the State officers and local associa-
tions were presented and showed
much progress in these lines. The
next meeting of the council will be
held in Paterson early in July. The
officers of the State body are as fol-
lows: President, H. S. Feller; first
vice-president, H. Y. Brodsky; second
vice-president, Joseph H. Stone; fi-
nancial secretary, Dr. B. Feldman;
treasurer, S. M. Westheimsan; ser-
geant-at-arms, Andrew Gold. Re-
freshments were served at the con-
clusion of the session under the di-
rection of a committee of local young
women.

HIS CONDITION UNCHANGED.

The condition of Joseph Coffey, the
boy who sustained a badly injured
knee as the result of falling in a
friendly wrestling match, remains the
same at Muhlenberg Hospital. The
physicians are making every effort to
save the limb and to attain that end
the youthful patient is being put
through heroic treatment. Special-
ists from New York have been drafted
into the case, but they also can
give no assurance of the limb being
saved.

TEMPERATURE REPORT.

The temperature report from The
State Trust Company today is as fol-
lows: 9 a. m., 67 degrees; 11 a. m.,
78 degrees; 1 p. m., 81 degrees.

ENVOYS REJECT BRYAN'S PLAN

Secretary of State Wanted
Commission Government
for Mexico.

OUTLOOK IS FAVORABLE

Justice Lamar Indicates that Matters
are Progressing Well—Net Closing
Around Huerta—Force of Rebels
is Moving on Jalapa.

LATEST DEVELOPMENTS IN MEXICAN SITUATION.

Envoys reject Bryan's plan for a
commission form of government in
Mexico.
General Carranza sent word to
President Wilson that he will not
send any representative, formal or
informal, to the mediation confer-
ence.

A report received at Vera Cruz
was that the rebels had captured
San Luis Potosi.
Confirmation of reports of rebel
activity in the state of Vera Cruz
was contained in a dispatch to the
Spanish ambassador in Washington
from the Mexican foreign office.
It said 3,000 rebels had landed about
fifty miles north of Vera Cruz and
are moving to attack Jalapa, capi-
tal of the state.

Niagara Falls, Ont., May 25.—It is
known that Secretary Bryan is strong-
ly in favor of establishing a commis-
sion form of government in Mexico
pending election of a president, a vice
president and members of congress un-
der constitutional forms. The Bryan
plan, as it became known here, pro-
vides for a commission of three men,
one to be named by the federalists, one
by the Constitutionalists and one by
the A. B. C. mediators.

From the information obtained there
is hardly any likelihood that such a
plan will be accepted by the Brazilian
ambassador and the Argentine and
Chilean ministers. The understanding
of their position is that it is not their
province to assume responsibility for
any such arrangement. The feeling
among the mediators is said to be that
the present undertaking, while initiat-
ed by the A. B. C. nations, must be con-
cluded between the representatives of
Mexico and the United States. The me-
diators regard themselves as mere con-
ciliators and not as possessing any
right or power to determine how Mex-
ico shall be ruled. Whatever is the out-
come of the Bryan plan, it seems to be
assured that the third commissioner
must be chosen by some other method
than the selection by the three South
American diplomats.

Closing Around Huerta.

Washington, May 25.—The reports of
the landing of a Constitutional force
about fifty miles north of Vera Cruz
were confirmed in a dispatch received
at the Spanish embassy and conveyed
by Ambassador Riano to Secretary of
State Bryan. Mr. Bryan gave out the
following statement:

"The Spanish ambassador has com-
municated to the state department a
message just received from the Mexi-
can foreign office to the effect that a
Constitutionalist force of 3,000 has
landed on the coast of the state of Vera
Cruz, and the foreign office explains
that the movement of federal troops
in that neighborhood is against the
Constitutionalists and not against the
Americans."

"The explanation is made by the
Mexican government in order that its
activities in that direction may not be
misunderstood."

Neither Ambassador Riano nor Sec-
retary Bryan could tell at what point
the landing had been made. Members
of the Constitutional Junta in Wash-
ington said that the estimate of 3,000
men in the rebel force is too high.
They added that there are something
more than 1,000 men in the landing
force, which is commanded by General
Candido Aguilar. The point of landing
is about fifty miles north of Vera Cruz
city, and the objective of the move-
ment is Jalapa, capital of the state of
Vera Cruz. Also it is said by the Con-
stitutionalists that the force under
General Aguilar will furnish one more
line of attack in the narrowing circle
of concentration which it is the hope
of the Carranza leaders to throw
around the capital. The troops were
conveyed from Tampico on board the
steamer Yucatan.

Jalapa is on the line of the Inter-
oceanic railway—the narrow gauge line
—from Mexico City to Vera Cruz. This
is regarded as one of General Huerta's
most likely avenues of escape from
Mexico City when in the event of cer-
tainly of defeat he makes a final
break. This is the only remaining ave-
nue except the Mexican railway to
Vera Cruz via Puebla which is under
federal control. It is believed that
with Jalapa as a base the next move of
the Constitutionalists will be toward
the line of the Mexican railway with
a view to cutting it between Mexico City
and Vera Cruz.

DECISION RESERVED IN ANGLEMAN CASE

Vice-Chancellor Allows Law-
yer to File Brief in His
Own Behalf.

Trenton, May 25.—After hearing
the evidence today, Vice-Chancellor
Backes reserved decision in the dis-
barment proceedings against Winfield
S. Angelman, a Plainfield lawyer. The
Vice Chancellor gave permission to
Mr. Angelman to file a brief in his
own behalf.

The all-gation against Mr. Angle-
man upon which the disbarment pro-
ceedings were ordered by Chancellor
Walker, is that he accepted fees from
Mrs. Belle Overbaugh, of Plainfield,
to institute a divorce suit for her and
failed to prosecute the case. The
proceedings were also broadened to
include alleged irregularities on the
part of Mr. Angelman in connection
with a mortgage in Plainfield.

WALPOLE EXTRADITED TO NEW YORK STATE

Taken There Today to Be
Tried on Three Counts Pre-
ferred by Whitman.

Lynus Walpole Jr., of Scotch
Plains, who has been indicted by the
New York State authorities, on
three separate counts, will be taken
from the Union County jail at Eliza-
beth today to the Tombs, in New
York pending arraignment at some
future date. Since being re-arrested
in this city Walpole has been confined
in jail awaiting extradition. The
requisition papers in the case were
signed today.

Walpole was originally arrested on
of a Union County complaint but it is
probable that the proceedings in this
State will be discontinued inasmuch
as the youth is being prosecuted by
the New York State authorities. When
the case was taken up by Prosecutor
Charles Whitman, Walpole was re-
arrested in this city after being out
on \$1,000 bail in the Union County
case. Arranged before City
Judge W. G. DeMeza in the city
court, following apprehension he was
held on a second bond for the New
York courts and could not furnish
the necessary amount.

REV. DR. PIERCE TO GIVE UP PASTORATE

Will Devote His Time to
Evangelistic and Literary
Work.

Rev. Dr. Robert F. Y. Pierce, of
Lenox avenue, this city, who has been
pastor of the Second Avenue Baptist
church, New York, for the past six
years, to the surprise of his congrega-
tion yesterday, presented his resig-
nation. He gave as his reason for
giving up the pastorate his desire to
enter the evangelistic field and do
more literary work for which he has
a great fondness.

During his pastorate in New York,
Dr. Pierce has accomplished a great
deal. In addition to his regular
preaching he has organized religious
classes among all sorts of foreigners
and the membership and following of
the church is unusually large. For
several years Dr. Pierce has made his
home in this city, where he has
many warm friends.

Prior to going to the New York
church, Dr. Pierce was for ten years
pastor of what was then known as
the Penn Avenue Baptist church, of
Scranton, Pa., but which has since
been changed to the Emmanuel Bapt-
ist church, and before that he held
several pastorates in the West, all be-
ing very successful. He is a promi-
nent figure in the Baptist denomina-
tion, and has gained much fame
through his clever chalk talks which
have been a valuable help to him in
his work of preaching the Gospel.

CYCLIST BREAKS HIS ARM.

Harry Matson, a young man living
on West Third street, received a
broken arm yesterday, in a fall from
his wheel on West Fourth street.
The machine slipped on a wet car-
track as Matson was riding at good
speed near Liberty street. He was
picked up by bystanders and assist-
ed to the office of a nearby physician.
Beside the broken arm, the young
man was badly cut and bruised.

MERCHANTS TO CLOSE.

The majority of the local places of
business are to be closed next Sat-
urday (Decoration Day) and the Busi-
ness Men's Association desire the co-
operation of the public in doing their
shopping early on Friday.

THREE JAILED IN 'SPEAKEASY' RAID

Police Break up West End
Nuisance Shadowed by
Sergeant Higgins.

OFFICER IN SCUFFLE

More Arrests Will Follow—Hearing
Will Be Held in City Court this Af-
ternoon—Place Has Been Under
Suspicion for Some Time Past.

Matching himself against three in-
toxicated men in the middle of the
road on South Second street, yester-
day afternoon, Sergeant Maurice Hig-
gins, of the police department, held
his opponents at bay until the arrival
of help from headquarters and in-
cidentally succeeded in breaking up
what is alleged to be one of the worst
dives in the West End section of the
city. Higgins had spent the morn-
ing in "shadowing" several suspi-
cious Sunday resorts along South Sec-
ond street and early in the afternoon
had gained enough evidence to war-
rant placing the frequenters of a res-
taurant conducted by Raphael Cam-
penuto, at 836 South Second street,
under arrest.

Apprehending a customer as he
came from the door of the place in a
staggering condition, Higgins was
preparing to hustle him off to head-
quarters when two of the man's
friends appeared on the scene. A
battle was the result and the police
officer brought into play all of his
pugnistic knowledge to combat the
frenzied onslaught of his foes. Af-
ter being buffeted about for several
minutes Higgins managed to send a
bystander to the home of Patrolman
Hendershot for help and meanwhile
Chief Kiely had been notified by tele-
phone of the fracas.

Hendershot arrived to snatch one
of the prisoners as he was preparing
to make a getaway. Higgins mean-
while had succeeded in quelling the
other and when the patrol wagon ar-
rived they were taken to headquar-
ters.

Chief Kiely arrived on the scene
and conducted an investigation into
the interior conditions of the alleged
"joint." On entering he found six
men drinking an amber colored fluid.
When he demanded to know the na-
ture of the refreshments the proprie-
tor is said to have admitted that he
was dispensing beer.

Arraigned before City Judge W. G.
DeMeza in the city court, this morn-
ing, the two prisoners who resisted
arrested gave their names as John
Boyle and John Kelley, and accord-
ing to the authorities, both have po-
lice court records; The prisoners,
proprietor and witnesses corralled in
the "clean-up" will be arraigned for
a hearing this afternoon at 5 o'clock.

COUNCILMAN CALKINS WILL EXPLAIN LIQUOR ORDINANCE

Councilman Leighton Calkins will
address a meeting of the Federated
Men's Clubs tomorrow evening, in
the Parish House of the Congrega-
tional church. At this time Mr. Cal-
kins will explain fully the intent and
purpose of his bill now pending in
the Common Council.

The object of the meeting is to
give the people a chance to under-
stand the measure before it comes
up for final action. As the measure
is one in which all citizens are
interested, all voters are urged to be
present to hear Mr. Calkins, and to
participate in the open discussion
which will follow the address.

Big attractions are announced to-
day at Proctor's where the latest in-
stallment of "The Perils of Pauline"

evening as the headliner of the bill.

clude "The Water Dog," "The Career

Moore, also a former national champion, won the final round in the doubles' championship match from Miss Wildey and Mrs. Farley. STYLISH RELIABLE

Cleanliness Isn't Next to Godliness; It Is Godliness!

Civilization starts in the home. It then extends to the community and then the entire country.

No home is healthier and happier than it is clean; no community is healthier or more prosperous than it is clean.

"Clean-up Week" is a nudge to negligence to take a care lest civic inertia should set in and do for this city what it has done for every city in history that failed to recognize its first duty—the duty of cleanliness.

The Fanwood Field Club will play two games next Saturday, both being on the home grounds. The third and deciding game with the Mt. Pleasant A. C. will be one of the attractions. The Garwood A. C. will probably be the other. The Field Club and Mt. Pleasant have each won a game and Saturday's contest will be the deciding one.

A movement has been started by several local women to organize a society of Camp Fire Girls and a meeting will be held in the Scotch Plains Public Library this evening at 8 o'clock. Several members of the New York Camp Fire Girls will be present and explain the object of the organization and other questions. The girls of this place will probably welcome such an organization.

The Scotch Plains Public Library will be open this evening between the hours of 8 and 10 for the purpose of circulating books. Librarian Anson will be in charge.

The forest fires on the mountains back of the Plains are becoming more frequent every day and greatly endanger houses that are in that section. The one back of the Henderson estate Friday evening spread so rapidly that it threatened to consume several dwellings before the local fire department could get it under control. As it was they worked from 7:30 to long past midnight to keep it from destroying the outbuildings on the Henderson estate. The fires are of incendiary origin.

When the new outfit for the Scotch Plains police force (Patrolman Ashton) arrives he will be able to cope with any trouble. The Township Committee has ordered a summer uniform of blue with short coat and white visored cap. He will also have a bicycle in order to run down law breakers.

PLANS MELLER GRAND JURY.

Pelletier Wants Indictments For Any Acts Committed in Boston.

Boston, May 25.—District Attorney Pelletier announced that he would try to indict officials of the New York, New Haven and Hartford railroad and others as the result of the testimony given last week by Charles S. Mellen before the Interstate commerce commission. His detectives are trying to determine whether any of the "hold-ups, conspiracies or extortions," to use the district attorney's language, occurred in Suffolk county.

If the district attorney thinks that he has jurisdiction a special session of the Suffolk county grand jury will be called. The district attorney issued a statement calling on all citizens to aid him by furnishing evidence to corroborate Mellen's testimony. The statement adds:

"Such conduct as Mr. Mellen describes calls for the rigorous punishment of officials for breaking the criminal law."

Miss Woods Goes to Wed General Huerta's Officer.

They met six months ago at Cuernavaca, following the battle between the federales and the Zapatistas.

Miss Woods and her parents came to Vera Cruz as refugees, but she insisted on returning when General Castro wrote, asking her to come back to marry him. Her parents reluctantly agreed and went on the train with her. John Woods, her father, is a business man of Cuernavaca.

General Castro was several times wounded, and the American girl nursed him back to health.

INDEPENDENTS WIN FIRST GAME OVER S. S. PLAYERS

The Independents, a new aggregation of ball stars in this section scored a defeat over the Monroe avenue Sunday-School Leaguers Saturday afternoon by a count of 10 to 6. Hard hitting and some ragged fielding by the Independents, gave the Leaguers an easy verdict and their chances of coming out in the lead were never in any real danger. Fourteen errors were charged up against the losing side, many of which came at critical points.

Dufford, Compton and the Terry brothers led the hitting for the winners, while Barret and Heckman did some effective willow welding for the churchboys. Many stolen bases also figured in the issue.

THE FIRST STEP TOWARD OUR GOAL

for betterment will be **The Reorganization Sale**, as presented elsewhere on this page, to dispose of merchandise prior to re-arrangement and reorganization of departments for the fall season.

THE AIM OF THE NEW FIRM

It will be the aim of this new firm to use as its basic foundation the principles of legitimate merchandising to which the respected late W. V. Snyder & Co. and his associates devoted the best years of their lives in the upbuilding of a business to which we succeed, and under the new management is to be a store for the distribution of merchandise of merit emphasizing true value.

ABOUT THE STORE'S NEW MERCHANDISE.

Thousands of dollars' worth of absolutely new goods have been added and will be on display throughout the store, much of it far under regular price, as concessions from the best importers, manufacturers and wholesale dealers in the United States, as a token of good will to us in our new undertaking.

A FEW WORDS OF OUR FUTURE

We ask for your patronage and confidence and trust we may always retain one and never lose the other. With our long active experience we feel that we know the wants of the people and the manner in which they wish to be served, and rest content that the growth of this new business will prove the sincerity of any claim made now or that may be made in the future.

OUR SINCERE THANKS ARE EXTENDED

to the public for the initial reception accorded the new firm as the successors of W. V. Snyder & Co., and trust that we may continue to meet their approval as we progress from day to day in our endeavors to bring this store up to their ideals as a true shopping centre.

TO OUR FELLOW MERCHANTS

To the firms of Goerke Co., Hahne & Co., L. Bamberger & Co., Bedell's and Lissner's, our sincere appreciation for beautiful floral gifts and words of greeting.

In the rivalry for patronage we believe there is room for friendly feeling and that, by jointly making the interests of the public identical, it must help to place Newark first in the thoughts of New Jersey people when shopping is uppermost in mind.

We can only go at this time into part detail of the extraordinary values that more than two weeks of closing has permitted us to prepare for those who become our first customers. ASLEEP AT THE SWITCH.

The new method of drawing
grand juries may be all right, but it
seems to us that there must have
been something radically wrong
with the last one chosen. At least
four cases which were brought be-
fore it evidently were not acted up-
on, for no arrests have been made
by the police in any of them. In
one case in which it is said that no
indictment was found, a professional
crook who had served two and a half
years in Sing Sing, and who passed
two bad checks in this city, evident-
ly was not indicted. There are per-
sistent rumors that no bills were
found in the case of the man who
robbed gas meters in this city, one
of the robberies resulting in an ex-
plosion, and in the case of a boy who
is alleged to have robbed nearly a
score of stores here. A newspaper
man at Elizabeth who wrote and had
printed a story that Danton, the man
who was accused of holding up two
Summit policemen, had not been in-
dicted, is said to have been sum-
moned to appear in court to tell
where he got his information. Al-
together it looks as if the Grand
Jury evidently was asleep at the
switch, or else is trying to save the
county money by letting accused
persons go without the expense of a
trial.

MAKE VACATION PAY.

This is an editorial not of pecu-
niary interest to the individual sum-
mer vacationer, but of public bene-
fit. Make your vacation this season
pay. Make it pay your city; make
it pay the citizens generally. Share
with those who have been unable to
go upon an outing, the things you
see and the ideas you cultivate.
Keep your eyes open for new
"stunts" that will make Plainfield a
bigger, brighter and better commu-
nity.The summer vacation season is
about to be launched. You are plan-
ning your trip. Bear in mind that
there are many people who will re-
main in the city during the hot
weather, in the city they will spend
their summer vacation. Why not
bring back a part of your outing to
the folks at home? Many of those
who cannot go to the seashore, the
lakes or the mountains, are the very
ones who need the trip most. Bring
home to them the results of your
trip.Make your vacation pay. Remem-
ber some of the things which you
see and which impress you. If you
see some beauty spot, imbibe of it
and bring home the idea you gain.
If you witness some beneficial event,
stow away the plan and transplant
it when you return from your outing.
Every city has something to learn
from its neighbors; you may help
transmit this education. The im-
pressions which you have received
and forgotten on vacations hereto-
fore, might have worked wonders
for the home city if you had applied
them. Cultivate these ideas on your
outing this summer; they may mean
a better and brighter city for you to
spend your working days in.Perhaps it will be parks, perhaps
it will be ornamental lighting, or itmay be well paved streets, efficient
public markets, playgrounds, page-
ants, or possibly it will be beautiful
homes and maybe handsome factory
buildings, which you will see. Sup-
pose you try to bring home one good
impression and set it to action for
a better Plainfield. Then your vaca-
tion will really pay.There is no telling to what extent
the holiday craze will go in the
cities. Plainfield merchants have
been requested to close up all day
on Saturdays during August, but
there does not seem to have been
any concerted action toward doing
as the civic committee of the College
Club has asked, and the merchants
feel that they have good reason for
refusing to do so. In New York
three of the largest stores in the city
have announced that they will close
all day on Saturday during July and
August, while in Newark, where the
Saturday half holiday during the
summer months has been the practice
for many years, the principal
stores are now closing on Saturday
at six o'clock the year round, ex-
cept, of course, during the summer,
when the half holiday prevails.The Board of Health is going at
the clean-up work with a vigor which
promises well for the success of the
project. Aid has been sought from
many residents of the city, request-
ing them to take charge of certain
districts, and see that they are prop-
erly cleaned up, preparatory to an
inspection which will be made Fri-
day. The clean-up week idea is by
no means new. It has been tried
successfully in cities great and small
throughout the country, and the re-
sults have been remarkable. In this
city we believe that by the time Sat-
urday comes there will be hundreds
less rubbish piles than there were
last Saturday.IRVING HUNTING IS
ELECTED PRESIDENTAnnual Meeting and Dinner of
Men's Club An Enjoyable
Affair.The annual meeting, election of
officers and dinner of the Men's Club
of the Seventh Day Baptist church,
was held last evening, when forty of
the men gathered at the church to
bring to a close one of the most pros-
perous years of the organization.Frank J. Hubbard acted as toast-
master, at the dinner, while several
members addressed the gathering on
the general subject of "Service." Dr.
O. B. Whitford gave a toast to the
supper, and to the members of the
Woman's Society for Christian
work of the church, which served the
repast.The speakers and the subjects are
as follows: Dr. Henry M. Mason, "Re-
lation of Education to Service;" Ray-
mond C. Burdick, "The Reason-
ableness of Service;" Dr. Marcus L.
Clawson, "The Value of Service;"
Theodore G. Davis, "The Ideas of
Service;" John B. Cottrell, "The
Cheerfulness of Service;" Rev. Ed-
win Shaw, "The Extremity of Service."
The addresses were short, and to
the point making a very profit-
able evening together.During the business session of the
evening, the following officers were
elected: President, Irving Hunting;
vice-president, Franklin A. Langworth;
secretary, George Clarke, treas-
urer, Alexander W. Vars.

GOES FREE FOR A CHANGE.

Miss Catharine Cahill, an old of-
fender, was arraigned before City
Judge W. G. DeMeza in the city court
this morning, on a drunk and disor-
derly charge. During the past ten
years Mrs. Cahill has spent nearly
twenty per cent. of her time behind

allowed her to go on a suspended
sentence.

Flatley last week, who alleges that
the defendant was acting in a suspi-
cious manner on Crescent avenue.

OF LIGHTSHIP WRECKSeven Already Found; One Is
a Woman.Halifax, N. S., May 25.—The toll of
dead recovered from the lightship Hal-
ifax 19 totals seven. The bodies were
buried side by side in the little Metho-
dist cemetery at Liscomb by Rev. E.
P. Bowman.One was a woman unidentified, and
of the remaining six the names of only
two became known from their clothing.
These were William Morris of Glasgow
and John Gorman.It is believed that there were sixteen
on board, but no one survives to tell
the tragic story.The search for bodies today resulted
only in the finding of one. All of those
recovered had life belts. The captain
of the government steamer Stanley,
who is in charge of the searching op-
erations, reports to the marine depart-
ment that if belts were put on by the
others they may be found during the
next couple of days. He sent a wire-
less message to Halifax stating that
the sea was going down and the indi-
cations were that the water would be
calm enough soon to search the wreck
more carefully. Some of the crew may
have straggled to the ship, though there
is not the slightest hope that any living
person will be found on board.The wreck is lying on her side, al-
most submerged, and the sea has been
breaking over her all day.
The chronometer was washed ashore
among other wreckage. This stopped
at 2:10 Greenwich time, so that the dis-
aster must have occurred somewhere
about 10 o'clock on Friday night.COMPELLED TO EXCHANGE
SUIT FOR SAILOR TOGSDischarged from the navy and hav-
ing no further use for Uncle Sam's
navy blue uniform, George Curtis, of
823 St. Mary's avenue, took Ernest
Whitney, of 3 Chatham street, to a
barn in the rear of his home yester-
day afternoon and compelled him to
exchange suits, according to a report
filed with the police by Whitney, who
is now looking for Curtis. Whitney
met Curtis yesterday morning and
walked with him to St. Mary's ave-
nue, stopping in the latter's barn.
Once inside Curtis is alleged to have
forced Whitney to take off a new suit
of cloths and don the sailor togs.Much abashed and enraged, Whit-
ney went to his home on Chatham
street and after securing a change
of clothing made a report to the po-
lice. Curtis is well known to the
local authorities and will be picked
up on sight. He has been in the toils
a number of times for various of-
fenses and only two weeks ago got
a fine of \$10 for being drunk.—You find the "short road" to em-
ployment when you tell what you can

MAN BATTERED BY WOMANHenry Palmer and Mary Hayes,
colored, of 522 South Second street,
were arraigned before Judge DeMeza
in the city court this morning on a
disorderly charge, having created a
rumpus in the vicinity of their home
Saturday afternoon. Palmer dis-
played a bandaged-up head the cover-
ing being due to cuts inflicted by the
Hayes woman with an iron rod.
According to the woman Palmer
had come to her home and started a
"fuss" yesterday and when ordered
away refused to go. She took it
upon herself to get rid of him and
drove the intruder away with the iron
weapon. Palmer is an old offender
and was sentenced to pay a fine of
\$15 or spend sixty days in the county
jail. The woman was allowed to
go on her promise to leave town
within twenty-four hours.FUNERAL SERVICE OF

business of the W. V. Snyder
Company, at Broad and Cedar streets,
Newark, announced that a more sat-
isfying start than had been expected
was the result. A heavy business in
every one of its departments was
done, and the store was crowded all
the time from the opening to the
closing hour.The firm were especially pleased
with the many congratulations and
wishes for success which they received.
These were from customers old
friends and nearly every rival busi-
ness house in the Broad and Market
streets retail trading district. Many
of the latter sent floral pieces to the
Michael store, and representatives
of various firms called in person to
pay their respects and to wish the
new concern well.Many changes have been made in
the store since it came into the hands
of the new owners, but the complete

Wunch, and his array of witnesses,
dubbed by Wunch as "gangsters,"
was alleged to have bothered the other

You Help in Rendering Good Telephone Service

THERE are three important factors necessary in rendering good telephone service:

1. The Party who is calling.
2. The Telephone Operator.
3. You.

When a customer desires to reach you by telephone, and the operator finds that your telephone is busy, she is obliged to report: "Line's busy." It is her way of saying: "His telephone door is closed." She has done her part; the person calling has done his.

You can help in rendering good telephone service by providing telephone facilities adequate to prevent frequent "Busy" reports.

Upon request we shall be glad to furnish a record showing the number of times your line has been reported "Busy" and recommend the facilities necessary in order to keep your TELEPHONE DOOR OPEN AT ALL TIMES.

ROOSEVELT IS NOT A CANDIDATE

Emphatically Denies He'll Run For Governor.

TO REJUVENATE THE PARTY

Is Making Tentative Plans With Other Progressive Leaders For the Fall Campaign—Silent on His Candidacy For 1916.

Oyster Bay, N. Y., May 25.—The report that Colonel Roosevelt would run for governor on the Progressive ticket next fall was settled by the colonel himself. He said that he would not be a candidate and that no one could induce him to think of such a thing. He called the report absurd and asserted that his candidacy was not being considered at the conference at Sagamore Hill.

"There is absolutely nothing in it," said he, speaking rather more emphatically than usual—"absolutely nothing. Does not this, my third denial, convince you of my sincerity?"

The teeth came together with a click; one fist waved in the air and finally struck the other palm with a resounding whack. And then the colonel, having looked very fierce for a moment, broke into a smile as he thought perhaps as did one of the reporters to whom he spoke, "I thrice presented him a kindly crown, which he did thrice refuse."

Anyway, it became known that since Colonel Roosevelt's return he has been presented on numerous occasions by optimistic Progressives with the crown that goes with the governorship of New York. The state leaders who have come to Oyster Bay have come to convince the colonel of the advisability and even the necessity of his saving the party by capturing the state and becoming its governor.

But he has declined in each instance to consider such a course and has been very largely impelled to do so, it is understood, by his desire to save the party, not in any one state, but in the nation at large. He has told his New York followers that the late summer and fall months will be devoted to a big swing or stump speaking right across the continent, with stops wherever the party's organization seems to be most crippled and in need of his aid.

Retiree About 1916. Colonel Roosevelt has declined to speak publicly about 1916 and his intentions regarding that year of presidential election, but it is well understood here that the summer and fall speaking tour is to be largely an opening wedge toward that end. In a word, it will give an opportunity to feel the public pulse and what still remains of his popularity.

The colonel's callers today were as they have been previously, men of importance in the Progressive column. Frank B. Kellogg, a former president of the American Bar association, who was known as Roosevelt's trust buster, was one of the first to arrive. He had come from Minneapolis. While he was yet closeted with the colonel, Bourke Cockran, one of the law partners of Martin T. Manton, who defended Becker, came to Sagamore Hill, and the political talk became general. William Loeb, Jr., who was secretary to President Roosevelt, was there too. It is very apparent here that Mr. Roosevelt is preparing to launch himself with all of his well known vigor into the business of resuscitating the bull moose party, and it is quite as well understood that the party is his party and is to be run by him as he sees fit.

ROOSEVELT LECTURE PLANS.

Colonel Will Spend a Busy Day in Washington Tuesday.

Washington, May 25.—Plans for Colonel Roosevelt's lecture on Tuesday before the National Geographic society on his Brazilian explorations were completed. They provide for eight hours' stay in the capital, into which will be crowded the colonel's lecture, his first glimpses of his African trophies in the National museum, a private dinner at a downtown hotel with a few friends, for which all political significance is disclaimed by its managers, and an opportunity for any one to ask him about his newly discovered river.

The colonel will arrive here at 3:20 Tuesday afternoon and leave at midnight. George K. Cherry, Leo E. Miller and Anthony Fiala, members of his staff on the Brazilian trip, will accompany him. A special police escort will be detailed for him while here.

Weather Forecast.

Fair in south, local showers in north portion today; probably fair and warmer tomorrow; fresh south winds.

REAR ADMIRAL WINSLOW.

Rumor He Will Succeed Fletcher at Vera Cruz.

Photo by American Press Association.

Information has come to light of the purpose of the navy department to place Rear Admiral Winslow in command of the fleet in Mexican waters when Rear Admiral Badger, now in supreme command, returns to American waters. This in its face might indicate that Rear Admiral Fletcher, who directed the occupation of Vera Cruz, was to be superseded for reasons growing out of his handling of the situation at Vera Cruz, particularly his appointment of Robert J. Kerr of Chicago as civil governor of the captured city.

MAY PROBE FINANCES OF OTHER RAILROADS

Sweeping Inquiry Is Planned by Folk.

Washington, May 25.—That the interstate commerce commission will delve into the fiscal operations of other railroads than the New York, New Haven and Hartford is the report prevalent in official circles. The New York Central and the Baltimore and Ohio may be included in the proposed investigation relative to financing methods employed in certain deals.

The amazing revelations of Charles S. Mellen, formerly president of the New Haven, has about convinced the interstate commerce commission that a sweeping inquiry into the fiscal operations of other big railroad systems is imperative. Officials of the commission have no hesitancy in declaring that they would welcome such an inquiry, and there is a strong sentiment in the senate to take such a step.

Joseph W. Folk, chief counsel of the commission in its present investigation of the affairs of the New Haven, is said to be looking into the operations of the New York Central in anticipation of an official inquiry.

tion of an official inquiry. The Rock Island and the St. Louis and San Francisco roads, which have figured conspicuously in Wall street reports in the last year or two, are other roads mentioned, concerning which men high in the financial and banking worlds, it is believed, could give much interesting testimony.

ENGINE HITS AUTO.

Six Are Injured, Two of Whom May Die From Wounds.

Haverstraw, N. Y., May 25.—Two persons were so dangerously injured that it is feared they will die, a third is believed to have been crippled for life and three others were less seriously injured when a New York, Ontario and Western freight train crashed into an automobile on Cemetery crossing, in West Side avenue.

Michael Colono, the crossing flagman, was substituting for William Knapp, the regular West Shore flagman, who had been ordered off duty to have his eyes examined. Colono disappeared immediately after the accident and is still missing, though constables had searched for him throughout the day.

Colono had raised the gates—twin wooden spars—at Cemetery crossing just after a southbound passenger train had gone by and failed to see the New York, Ontario and Western freight train approaching the crossing from the north. As the red lantern on the gates went up, signaling that all was safe, the automobile with its six passengers, held up by the passenger train, resumed its journey, only to be hit by the engine.

BANK TAX LAW ATTACKED.

Jersey Citizens Allege That Measure Was Illegally Put Through.

Trenton, N. J., May 25.—Robert S. Ross and William J. Field, both of Jersey City, began suit in the supreme court here to test the validity of the bank stock tax act.

They alleged that the assembly committee substitute for the original bill was introduced after March 5 without unanimous consent, as required, and that the original bill should have been an assembly measure, as is required of revenue raising legislation.

Chief Justice Guernsey granted an order that depositions be taken at the statehouse on June 5. Attorney General Wescott will argue for the state in behalf of the law.

BIG FORTUNE TO MRS. MAYO.

With \$200,000 Widow Will Carry Out Colonel's Kentucky Plan.

Paintsville, Ky., May 25.—The will of Colonel John C. C. Mayo, Kentucky capitalist and Democratic national committeeman, who died in New York, will be probated here on June 1. His entire fortune was left to his widow, who will endeavor to carry out the plan Mr. Mayo had for further development in eastern Kentucky.

Close friends of Mr. Mayo say his fortune will amount to at least \$200,000. Mr. Mayo carried \$275,000 worth of insurance at the time of his death, having dropped \$250,000 several years ago.

ROCKEFELLER IN AUTO CRASH

His Car Struck Another, but No One Is Hurt.

Tarrytown, N. Y., May 25.—While John D. Rockefeller was giving five women an automobile ride another car collided with his at the top of the Elmsford hill, and a serious accident was narrowly averted.

Mr. Rockefeller was going east on the White Plains road, and the second car was coming down the Hartsdale road. This is a bad junction, and neither chauffeur could see the other car until almost on it. Mr. Rockefeller's car being on the right side of the road, it was impossible for his chauffeur to steer clear. The chauffeur of the second car applied the brakes as soon as he saw Mr. Rockefeller's automobile, but he couldn't stop his car in time to prevent the crash. He struck the Rockefeller car in the front, smashing the radiator and the fender. The women screamed, but Mr. Rockefeller was cool and assured them that the danger was over and the damage not heavy.

SCOOP TRIES TO LAND A SHORT ORDER WEDDING

BEANS SPILLED BY DUNNING'S 'BULL'

Somerville High School Nine Snatches Victory in the Twelfth Inning.

A SEPCTACULAR FINISH

Teams Even up on Hits and the Race is Nip and Tuck During the Dozen Rounds of Play—Game Gives Somerville the Lead.

The North Plainfield and Somerville High School baseball teams went twelve innings Saturday afternoon at the latter place before the Somerville boys won the decision by the score of 4 to 3. The contest was fast and exciting throughout and the home team only won after Dunning dropped a long fly with a man on second base. Denny was on the mound for the boroughites and Kershaw, the Somerville slabsman, opposed the local batters. He fanned fifteen men. The local players were in good form and gave Denny fine support in all but two instances. None of the Somerville runs were earned, but were made on four errors.

Both teams were blanked in the initial inning and the local team started the scoring in the second. Dilts made first on an error and went home when Conroy placed the ball against the left field fence for a double. Smalley fled out and Denny struck out. VanMater came across with a fine single scoring Conroy. Hebert struck out ending the inning. The home team came back in the last half of this period and put one run over the rubber. Robeson doubled and on the hit and run play, scored when Dilts let one go through him. North Plainfield was held scoreless for five successive innings through the fine twirling of Kershaw and his airtight support. The county seaters tied the score in the fifth. Kershaw and Schomp singled 3; left on bases, N. P. H. S., 8; S. H. S., 7; first base on errors, N. P. H. S., 2; S. H. S., 4; stolen bases, Robeson, Dumont; first base on balls, off Denny, 1; off Kershaw, 4; struck out, by Denny, 8; by Kershaw, 15; double play, VanMater to Shaw's weak points and drew a run Townley. Umpires, Henderson and

over the platter. VanMater walked and Abrams fanned. Dunning and Townley both singled scoring VanMater. The home team tied matters up in their part of this inning. Robeson singled and stole second. Dumont singled to left and Dunning let the ball get by him and Robeson scored. In the next three stanzas neither side scored and the locals were blanked in their half of the twelfth. Somerville sent in Ammerman as a pinch hitter and he singled and went to second on the next play. McHugh went out, Denny to Burner and Kershaw whiffed the air three times. Schomp then hit a hard one to left center and Dunning dropped it. Ammerman scoring with the winning run. This was the first game for the Somerset County Championship and the second game will be played next Saturday on Hyde Oval. Robeson, Dumont and Kershaw were the leading batters for the home team and Townley led the locals with three bingles. The score:

FRITTS TAKES THIRD IN THE PENTATHLON

Contest for All Around Athletic Title Won by Team-mate of Local Boy.

Competing against the country's athletic cracks in the Pentathlon, held in Celtic Park, New York, yesterday afternoon, in connection with the games of the New York Postoffice Clerks, Jack Fritts, of this city, again snatched third place in the event. The Plainfield competitor was one out of a field of eleven and rang up twenty-six points. Platt Adams, formerly first baseman on the local Y. M. C. A. baseball team, and the logical choice for the all-around title, was beaten out by an unknown to the athletic world and had to be content with second place, tallying twenty-three points.

P. F. O'Connor, a titian-haired Pastime A. C. man and fellow club-mate of Fritts, carried off the championship with twenty points. Although he scored only one first his all around test was so good that it netted him the best average at the end. Among the eleven competitors who tried for the prize was Melvin Sheppard, the ex-Olympic champion, and he secured ninth place with a total of thirty-nine points. Sheppard won the 200 meters, the first event, but was beaten out in the 1,500 meter run, an event in which he holds an Olympic record. Myles McHugh, of the Pastime A. C., won the latter race and Fritts was second. Fritts also scored a third in the javelin throw with a mark of 147 feet 6 inches, and finished well up in all of the other events, although he did not break in to the first three places.

MARTIN DIVIDES UP.
Charlie Deal's return to the Boston National League club's fold Saturday, after an enforced lay-off, was the cause for the benching of Jack Martin in the eighth. Jack has been playing some good ball during Deal's absence and will probably divide up honors with the regular third sacker for the time being, at least.

Mysterious Moundsman Completely Baffles the Villagers—Entirely New Lineup for Pets—Dorfinger Retained Only Two Old Players.

Ernest Dorfinger's Plainfield Pets opened their season Saturday afternoon on Parker Field by defeating the Dunellen baseball nine by the score of 4 to 1. The locals were the winners at all times and the only run that the visitors made was in the seventh when Wall hit for a trip around the bases. Steinbach was in the box for the locals and was effective at all times and was given excellent support throughout the entire game. The locals hit the opposing pitcher for eight safeties.

Plainfield's first run came in the fourth when Harney was hit pretty hard and also gave a base on balls. Coyle hit for a double and was sacrificed to third by Ortleib. The Dunellen team was blanked for the first six periods and their only tally came in the next inning on Wall's clout. Plainfield scored three times in the seventh which gave them a comfortable lead of three runs. Ballau doubled on the first ball pitched and was sent home on two singles. Ortleib was hit by the pitcher and the third run was made on a safe hit.

Coyle led the local batters with a two bagger and two singles and Green was second with two singles. Wall led the visitors with a home run and a single. In the fifth inning Hannon was hit in the head by a pitched ball and was forced to retire. Montross taking his place at first base. Harney struck out three men and Steinbach sent five back to the bench. The score:

LEALS ELIMINATED FROM LEAGUE RACE

Plainfield High School's Victory Puts an End to Private School Bid.

After scoring six runs in the opening period of the second interscholastic game between Leals School and Plainfield High School, Saturday afternoon the High School boys showed up and had the private school nine at their mercy during the rest of the encounter.

In the first inning the entire High School nine had a turn at bat, with the result that six batsmen crossed the pan. In Leals half of the first inning eight batsmen faced the pitcher and three crossed the pan. Brick did the twirling for High School and kept the private school boys well in hand at all times, striking out five men and passing four. Leals used three pitchers to hold their opponents down. Stewart started off in the box, but in the middle of the first inning he changed places with Faber at short. With the beginning of the second inning he again took up the pitching job, but soon turned it over to Faber. Voorhees went in to pitch in the fourth period and held the High School scoreless during the rest of the game.

Hetfield used his stick to good advantage in the game hitting the ball for two neat singles. O'Leary and Rosenson also got two singles. For Leals out of the running for the city made two hits. This game puts Leals out of the running for the city championship.

NEEDLEWORK

Practical Fashion Hints

By Alice Gibson

14297

Small doilies will often be found very useful, and this artistic design is suitable for use on a finger-bowl or tumbler doily. It is six and one-quarter inches in diameter and four transfers are included in the pattern. The design may be developed in heavily padded solid work and eyelets or solid work alone. The edge should be firmly padded, so as to keep its shape when laundered, and

covered with buttonhole-stitches laid evenly and closely together. If desired, a narrow cluny lace edging may be added. Fine white round thread linen should be used for making the doily and the embroidery should be done with white mercerized cotton.

Guaranteed, hot-iron transfer pattern, No. 14297, will be supplied to readers for 10 cents.

The collar, the sleeve and the vest are the points of interest in the modern blouse; these may be varied according to one's own personal fancy. The Japanese collar is perhaps the most general favorite owing to its becomingness. It preserves the "v" shaped front and is high in back, which makes it especially suitable to the woman with a slender throat. Sleeves may be long or short, but as the season advances, it is not difficult to predict that short ones will be most generally favored. Number 1429 is a blouse showing the ruffled shoulder, Japanese collar and inset vest and an unusually smart girdle. If the blouse is made of a plain material, taffeta, poplin or linen, it is effective to have the vest and girdle of a figured silk or poplin. There are some unusually pretty materials for this purpose among the new cotton crepes; many of them show Chinese and Japanese designs, others, the dainty Dolly Varden figures. These are especially pretty with white or light-colored silks or poplins. With this blouse, a chemise may be worn or the throat may be left open. This design requires for size 36 two yards of 36-inch material. Silk poplin is one of the most popular materials just now for afternoon wear. It comes in many of the new shades, ranging in price from \$1.25 a yard and up. This pattern is cut in six sizes, 34 to 44.

THIS IS A PERFECT PATTERN. Be sure to give the right size, measuring over the fullest part of the bust for dimensions. It may be obtained by filling out the coupon and enclosing 10c in stamps or coin to the Pattern Department of this paper.

Women's \$10 to \$15 Summer

Dresses for \$7.50

Just one of the lucky turns of the trade—one that comes to a house like Hahne's every now and then—brought these splendid quality dresses to us at a mere fraction of the maker's original figure. Three hundred and fifty of them! Direct from a maker who makes only quality dresses—and who supplies thousands of dresses each season for the speciality shops of New York.

Suitable for present wear, too—and come in a wonderful range of styles—made of light weight cloths, challies and wool crepes. Well made dresses, exceptional lines, smart, stylish and yet quite conservative.

An individual description would be impossible here—too many styles to note—except that there are twenty distinct models. Many are trimmed, others with combinations.

As the lot is strictly limited in quantity, no C. O. D. or approval orders will be filled.

Daddy's Bedtime

The Fairies Play In The Sand.

DADDY knew that he could not let much more time go by without a fairy story, so he thought he would tell one to Jack and Evelyn at once.

"I am going to tell you this evening the story of the fairies' latest party for they had one the other day," said he.

"Goody!" cried Evelyn. "It is ages since you have told us about the fairies."

"Well, I thought so, too," laughed daddy. And then they all laughed, and daddy commenced his story.

"The fairies found just the nicest sort of a place where it was very, very sandy. They hadn't had a party in the sand for so long that they were very much excited about it. The fairies adore being together and never, never grow tired of playing with one another. That would be quite impossible."

"They all marched in file to the sandy place. They thought that would be a very amusing way to go, and they had a little band to head the procession."

"The crickets were taken along to furnish the music, and they were very proud of being called the band. Also they were very proud of being invited to go to the fairies' party."

"And the fairies, marching behind the crickets, sang—
"Here we go to play in the sand,
Headed by a little band."

"And, of course, the crickets sang and beat their wings together with greater vim than ever when they heard the fairies singing about their band."

"When they got to the sandy place they all commenced to play without a moment's waiting."

"While they were playing the crickets kept up their music, for they had heard that big, real people liked music at all sorts of funny times, such as when they ate and when they were at afternoon teas, so the crickets wanted to keep up with the times and do their best."

"But the game that they really had the most fun over was 'Here we go round the mulberry bush.'"

"They played that a great deal. They put a funny stick up on the top of a sand pile which they made, and then they would march around it in a ring. They fell down so often in the soft sand that it amused the others much. They laughed so hard over the funny way they fell that the crickets said:—
"This is enough to keep us cheerful for the rest of our lives."

ROBBER IMPERILS LIVES OF COUPLE

Causes Explosion by Break-
ing Into Gas Meter.

NEARLY CAUGHT IN A TRAP

Was With Difficulty That Thief and
Owner of House and His Wife Man-
aged to Get From Building—Got \$1.25
For His Work—Much Damage Done.

Trenton, N. J., May 25.—A thief was nearly caught in a trap while robbing a house in this city. He, with two others in the house, narrowly escaped being burned to death as the result of an explosion. It was with difficulty that the owner of the house and his wife managed to get from the building.

The house is owned by Martin Smith and is in Klagg avenue. Smith and his wife retired early. Some time later they were awakened by the report of an explosion in the house, and as they started downstairs they were met by a rush of flames and smoke from the lower floor, and they were nearly overcome when they got to the street.

In the meantime neighbors who heard the explosion hurried to the house, and James Abbott, a twelve-year-old boy, had sent in an alarm. Much damage was done before the flames could be extinguished.

An investigation was then made, and it was found that one of the windows on the lower floor had been pried open. The slot gas meter was broken into and \$1.25 taken from it. It is supposed that the thief, after breaking open the machine, went about the lower floor looking for plunder. The escaping gas filled the room, and the thief, in trying to find the break, lighted a match, and then the explosion followed.

PRISON FOR AUTO THIEF.

John Gargare, Who Received Stolen Cars, Will Not Appeal.

Toms River, N. J., May 25.—John Gargare, a garage manager at Lakewood and prominent in politics, was sentenced to not less than a year and a half nor more than three years and a fine of \$1,000 and costs.

He was convicted of buying from Dan Kelly, a New York chauffeur, a car that he knew had been stolen. Gargare will not appeal and will begin at once to serve his sentence.

Gargare was first implicated in confessions made by Dan Kelly and Chester Travis, chauffeurs, who received jail sentences for the theft of automobiles. The two said that they had been employed by Gargare in wholesale theft of cars. They received \$300 for each machine.

SAVES BROTHER'S LIFE.

Eight-year-old Sister Rescues Lad From Flames in Trenton.

Trenton, N. J., May 25.—While Mr. and Mrs. David Murray of 63 West State street were attending church, having left their four-year-old son, Percival, in the care of their eight-year-old daughter, Eleanor, the boy took some matches and ignited the curtain in his playroom in which he was playing and ignited the smoke. His little sister smelled the smoke, rushed to the side of her brother and rescued him from probable incineration. He was painfully burned about the hands and face. Slight damage was done to the house, as the neighbors and fire department put out the blaze.

June 8, were named by Governor Fielder. The appointees are: Trendwell Cleveland, H. C. Jenkinson and David Grotto of Newark; Arthur A. Quinn of Perth Amboy and George Dinkie of Jersey City. The convention will take up for discussion subjects relating to labor and workshop and factory legislation.
