

SCHOOL BUDGET FINALLY ADOPTED

City Council Approves Appropriation of \$109,130 for Educational Purposes.

PASS TAX ORDINANCE

Board of Health Ask for Permission to Retain Fees—Water Company Reminds Council It Has Not Renewed Contract—Many Petitions.

The Board of School Estimates in a communication to the Common Council at its June meeting, last night, certified that \$109,130 would be needed for the maintenance of the schools for the coming year, exclusive of the amount to be received from county and State, and certified statements to that effect were offered. This is the amount agreed upon at a recent meeting of the Board.

Later in the evening Councilman Leighton Calkins offered an ordinance, a supplement to the tax ordinance, fixing that amount to be raised through taxation. The ordinance was adopted on two readings and ordered advertised, according to law.

The Board of Health requested the Council to allow that body to retain all fees collected during the year, inasmuch as it could not see its way clear to grant an extra \$1,000 appropriation, making the total sum \$9,000. The Board set forth that it would need the additional amount to meet certain fixed expenses. The matter was referred to the finance committee.

The Plainfield-Union Water Company informed the Council that it had voted to locate seven two-way hydrants in the Netherwood section, as requested, but called the attention of the members to the fact that the city's contract with the company expired in May, 1912, and had never been renewed.

Lindabury, Deane & Faulks, the city's counsel in the sanitary sewer matter, in a communication informed the Council that the rule to show cause for which application was made by the Borough of Middlesex, had been dismissed by Justice Bergen, and advised the members to deliver the bonds which were sold several weeks ago. This will be done at once.

A communication from the Board of Freeholders relative to the care of certain roads was referred to the street committee and then to Corporation Counsel Charles A. Reed for an opinion. The agreement between the city and the Board of Governors of Muhlenberg Hospital for the care of indigent patients at the hospital, was received and filed. By the agreement the city pays a rate of \$2 a day for the care of such patients.

The A. C. Thompson Automobile Company asked the Council for permission to install a 380 gallon gasoline tank at its place of business on Park avenue. This was referred to the fire and building committee. J. B. Motley and others petitioned for two lights on Richmond street and this was referred.

William J. Tallamy made a protest against the erection of frame automobile garages, stating that only recently two such structures had been built near his residence at 214 East Sixth street. He thought more strict regulation should be provided for buildings of this character. This matter was referred to the fire and building committee.

Horace G. Adams, clerk of the District Court, reported receipts of \$189.10 for the past month and expenditures of \$55.50. Building Inspector T. O. Doane reported the granting of seventeen permits during the month, and Street Commissioner A. J. Gavett reported the granting of twenty-one sewer permits for the same period.

Overseer-of-the-Poor Garret T. Dunham in his monthly report referred to several improvements that had been made at the Industrial Home, and stated that the monthly expenses aggregated \$674.43.

Through a resolution offered by Councilman Calkins the sum of \$100 was ordered paid to Winfield Scott Post, No. 73, G. A. R., according to the annual custom, to meet Memorial Day expenses.

Resolutions offered by Councilman Francis J. Blatz and adopted, provided that cast iron pipe be used in making house connections to the sewer, that bids be received on Monday, July 6, for the construction of an addition to the sewer system, according to maps and plans filed. An ordinance introduced by the same member, read twice and ordered advertised, provided for the establishment of the grade on certain streets and fixed Monday, July 6, as the time for a public hearing.

Permission was given to the New York Telephone Company to extend its underground work in Grant avenue and South Second street. A number of petitions in connection

SCHOOL CENSUS WILL BE TAKEN THIS YEAR

Board of Education Plans to Prepare Roster of Local Pupils.

The monthly meeting of the Plainfield Board of Education was held in the High School last night, when considerable routine business was disposed of. The Board decided to hold the Plainfield High School commencement this year in the new auditorium which will be completed prior to the date set. The class day and other commencement week exercises will also be conducted in the auditorium. Work is being rushed on the high school addition and it will have a seating capacity of 1,100.

The Board also decided to take, this summer, a school census, a requisition made by the State school laws, with which the local board will have to meet. Miss Margaret Holly, the attendance officer, will have charge of this work and her report is expected to develop facts not yet known concerning the growth of the school population in Plainfield.

POPULATION WILL REGULATE LICENSES

Common Council Adopts a Fixed Policy Regarding the Liquor Question.

The supplement to the ordinance to license inns and taverns, fathered by Councilman Leighton Calkins, which provides that in the future both retail and wholesale liquor licenses shall be granted on a basis of the population, was adopted on third reading at the June meeting of the Common Council, and after Mayor Percy H. Stewart's signature is affixed will become a law. The ordinance was passed by a unanimous vote.

Mr. Calkins was much gratified with the result, and took occasion to comment on the fact. He said that he was told a year ago that it would be impossible to put through such a measure, that all such efforts were hopeless. He expressed his appreciation to his fellow members for their support, adding that while it was not a move in the direction of prohibition and consequently not approved by all prohibitionists, he did claim it to be a temperance measure. He vouchsafed the opinion that the two absent members, Messrs. Claybrook and Edgar, would have voted for the ordinance had they been present.

The ordinance provides that there shall be one retail licensed place for every 2,500 of the population and one wholesale place for every 6,000 population. It will make no change at present, but is likely to result in the granting of an additional wholesale license next year. The new measure does not affect the Tyler "zone" ordinance.

CHURCH WORKERS PLAN FOR ANNUAL SUMMER FESTIVAL

Arrangements have been completed for the annual summer festival of the Church of the Heavenly Rest which will be held on the church grounds and in the parish house, Saturday afternoon and evening, June 20. There will be a sale of fancy and useful articles many of which were made by the women of the parish and dancing will be one of the features of the occasion.

The grounds surrounding the church will be transformed into a scene of gayety with decorations and lighting effects for which the committee in charge is now planning. Refreshments will be served by a committee during the afternoon and in the evening.

VERDICT SET ASIDE.

Judge Spear, of the Circuit Court, sitting at Elizabeth, granted a ruling to show cause why a verdict granting Edward A. Knapp, of Elizabeth, \$1,000 for services rendered in adjusting insurance claims on the residence of William J. Butfield, of the borough, should not be set aside and a new trial granted. The ruling was asked for by Donald McLean, Mr. Butfield's attorney.

SHRINERS AT NEWARK.

A number of local Shriners will attend the ceremonial session at Salem Temple, Newark, Thursday evening of this week. The trip will be made by auto bus, the start being made from Park avenue and Second street early in the evening.

Our tire repair department is in daily operation, thereby prompt service insuring. Auto Dist. Co.—Adv.

RECORD CLASS WILL GRADUATE THIS YEAR

North Plainfield High School Seniors Plan for Commencement Program.

Final arrangements are now being completed for the annual commencement exercises of the North Plainfield High School which will take place in the Plainfield theatre on the evening of June 19. The seniors have each received twenty invitations and will probably receive as many tickets. There are twenty-five in the class which makes it the largest that has ever been graduated from the borough school.

The school chorus, which consists of sixty voices, has about completed its work and will render four selections under the direction of Miss Jessie Luter, singing instructor.

The annual alumni dance, which is held at the Park Club, in honor of the seniors, is in charge of Messrs. Newton Spencer, Thomas Fetherstone and Richard Underhill, of last year's class. This closing function will undoubtedly prove a great success and a fitting finale to the school year. Rosenberg's orchestra, of New York, has been engaged for the exercises and the dance.

Those who will be graduated are: Mary Bennett, Sadie Bornmann, Edith Dalley, Lucile Ewart, Elva Forre, Alene Giddes, Edna Green, Kathleen Hanlon, Flora Krause, Virginia LaPorte, Mary Mary, Lois Peck, Beatrice Pope, Jennie Sears, Anna Warnock, Helen Woodruff, Charles Beckman, Ashley Burner, Gibson Fairman, Atwood Giddings, Franklin Lowe, Roy Love, Robert McConnel, Estes Small and Frank Dunning.

BEST WISHES FOR RETIRING OFFICER

Council Adopts Resolutions Congratulating Police Captain Frederickson.

Proper recognition of the retirement of Police Captain Christian Frederickson, yesterday, after a continuous service of twenty-four years in the police department, was taken at the June meeting of the Common Council, last night. Councilman Juan A. Babcock, chairman of the police committee, following the adoption of the resolution retiring the captain on June 1 on half-pay, offered another resolution in which the congratulations of the Council were extended to him and expressing regret over the loss of his service, which was marked by painstaking effort and efficiency.

A copy of these resolutions were ordered drawn and framed to be presented to Captain Frederickson as a mark of esteem from the Council. All of the members joined in extending their best wishes to the retiring officer. He plans to spend the summer in his native home near Copenhagen, Denmark. A copy of the resolution providing for retirement at half-pay, will be sent to the Police Pension Commission, through which Mr. Frederickson will draw his salary.

PATRICK J. FAY TO BECOME A BENEDICT

Will Wed Mrs. Lora Meyers at St. Mary's Church Tomorrow.

Friends of Patrick J. Fay, one of the oldest and best known conductors in the local trolley service, learned with surprise today that plans had been completed for his marriage. The ceremony will take place in St. Mary's church, tomorrow afternoon at 2 o'clock, the bride being Mrs. Lora Meyerson, who resides with her mother, Lauritz J. Lauritzen, of 1509 West Front street. A large delegation of friends will witness the ceremony. The wedding will be followed by a reception in the couple's new home in the Sallman building, where the groom has furnished an apartment.

Mr. Fay has been connected with the local street railway force for the past seventeen years. At present he is on the Netherwood line. Although Mr. Fay is past the three score and ten mark, he is one of the most active men in the service and has earned a name for himself as a careful and competent custodian of his passengers.

He has been making his home at 247 East Fifth street.

TEMPERATURE REPORT.

The temperature report from The State Trust Company today is as follows: 9 a. m., 68 degrees; 11 a. m., 76 degrees; 1 p. m., 80 degrees.

OUTLINE PLANS FOR CELEBRATION

Dunellen Board of Trade Arranging for Observance of July 4.

ELABORATE PROGRAM

Borough Council Will Co-operate With Civic Body—Various Petitions Regarding Street Matters Are Received.

The Dunellen Council at its June meeting last night, received a communication from the Board of Trade outlining the plans for the proposed Fourth of July celebration and the borough body has decided to co-operate with the civic organization. The celebration promises to be an elaborate one, in fact the best the borough has had in many years.

The Watchung Investment Company in a communication requested the grading of Second street, between Washington and Jackson avenues, and the street committee will take the matter up with the company. A petition from the Board of Trade relative to the repairing of sidewalks on the east side of Prospect avenue, was referred to the street committee. The Mayor and borough clerk were authorized to draw a demand note for \$500 to meet current bills.

The monthly report of Treasurer Isaac J. Stites showed a balance of \$372. Two bids for the contract of laying crossovers in the borough, were received. John Fedderman offered to do the work at 40 cents a square foot, while Orlison Smalley's bid was 34 cents a square foot. Mr. Smalley's bid was accepted.

Overseer-of-the-Poor Lewis Schneider was questioned by Mayor Latham regarding the case of Wladyslaw Sienkiewitch, who was sent to Muhlenberg Hospital, Plainfield, by the Board of Health. A bill covering treatment for the man had been received by the Council. Mr. Schneider said that the man was still sick and unable to work, but his sister had informed him that just as soon as he could go to work he would pay the bill.

An ordinance relative to the establishment of grades in various thoroughfares was passed on first reading. Chairman Castner, of the street committee, reported that the cost of oiling the various streets amounted to \$450 and that \$120 additional will be needed to complete the job. The streets yet to be oiled are North avenue, Chestnut street to Gallagher's corner, Madison avenue, Mountainview Terrace to Fourth street, Washington avenue between the railroad track and North avenue and a twelve foot strip along North avenue. Mr. Castner also reported that the Public Service Corporation had agreed to contribute \$160 towards the oiling of North avenue. The committee was empowered to repair the culvert near Kuldoshes Brothers' grocery.

Walter S. Craig, of New Market road, was present in person at the meeting and called the Council's attention to the unbearable condition of that thoroughfare on account of the dust stirred up by automobiles. He said that last Sunday automobiles passed along that road at the rate of seventy-five miles an hour.

Mayor Latham explained to Mr. Craig that the Freeholders had contracted with the Standard Oil Company to oil that road, and the work would be done just as soon as a new car of oil arrives, which is expected any day. Chairman Ryan of the committee on laws and ordinances, stated that the borough was minus a number of dogs and that within a short time several more canines would be disposed of in a humane manner.

J. H. MC CORMACK ELECTED.

The New Jersey Branch, National Association of Letter Carriers, met in annual session at Elizabeth, Saturday. Several resolutions were passed, and addresses were made by prominent men, among whom was Congressman William Tuttle, of Westfield. J. H. McCormack, who is connected with the local postoffice, was elected to the executive committee.

HOME FROM EUROPE.

Mrs. J. P. Truitt, of Greenbrook road, and her nephew, J. Alexander Wilson, of Grove street, returned home Sunday after a ten weeks' trip to Europe. They visited the British Isles, France, Germany, Italy, Bulgaria and other places. Both enjoyed excellent health during their trip. The return voyage was made on the Cunard liner "Carmania," the same boat on which they sailed from New York.

TRAIN TELESCOPES BUT CREW ESCAPES

Fast Freight Wrecked By Broken Flange Near Bound Brook Last Night.

Twelve New Jersey Central freight cars telescoped east of the Bound Brook railroad station at 7:55 last night, when a flange on one of the forward cars snapped off causing the car to jump the tracks. The cars were reduced to a tangled heap of splinters and scrap iron and the wreckage was strewn over the west-bound tracks, tying up all traffic for three hours. Although driving his train at a speed estimated at forty miles an hour, the engineer escaped injury as did also the remainder of the crew. Those nearest the derailed portion of the train were severely shaken up, but none required medical attention.

The freight was traveling on track No. 4 and when the flange broke the central part of the train smashed together with a terrific impact, sending out a report that could be heard for a considerable distance. Rumors of a catastrophe soon spread around Bound Brook and hundreds of spectators flocked to the railroad. At first it was thought that members of the train crew were caught under the pile of debris, but those fears were soon allayed.

The wrecked cars were mostly of the box type and contained little freight. During the tie-up west-bound trains were sent through Bound Brook on the Lehigh Valley tracks.

MRS. CLARENCE E. S. BELLOWS PASSES AWAY

Succumbs to Complications at Her Home on Woodland Avenue Today.

Mrs. Jane Grey Bellows, wife of Clarence E. S. Bellows, died early this morning at her home, 516 Woodland avenue, from a complication of asthma and heart trouble with which she had been a sufferer for several years. The news of her death was a severe shock to her many friends, who did not realize the seriousness of her condition.

Mrs. Bellows was born in Brooklyn and lived there until sixteen years ago when she removed to Plainfield. During her residence here she made many warm personal friends and was admired for her strong womanly qualities. She was a member of Grace Episcopal church and interested in the work of the parish guilds. She was devoted to her home and family where there were strong ties. She was the daughter of the late Mr. and Mrs. Robert Hazelton, of Brooklyn.

There survives a husband and two sons, Robert H. and C. E. Stanley Bellows; four sisters, Mrs. Francis C. Wernig, of this city; Mrs. Frank Thompson, Mrs. Benjamin Mammel and Miss Florence Webster Hazelton, and a brother, Henry W. Hazelton, all of Brooklyn. The funeral will be held at Grace church tomorrow evening at 7 o'clock. The burial will be in Greenwood cemetery, Thursday and will be private.

JUNIORS GUESTS OF SENIORS AT PICNIC

Graduates of Mt. St. Mary College to Attend Banquet Tonight.

The seniors of Mt. St. Mary College are today giving a picnic to the juniors, as a part of the commencement week exercises, the affair being arranged in an attractive spot near the college. This evening the senior banquet will be held at 7:30 o'clock, at which time there will be several interesting addresses. The Cecilian orchestra will furnish the music.

Informal class day exercises were held last night, but owing to a little disappointment in the arrangements, the class day was postponed until tomorrow. The commencement exercises will be held on Thursday, at which time honors will be conferred, to be followed with able addresses.

COMMISSIONERS TO MEET.

The commissioners in charge of the Madison avenue widening will hold an open meeting in the city council chamber tonight. All persons interested in the project are requested to be in attendance to state their views. This will be the second public hearing relative to the proposed improvement the first being held several weeks ago.

MISS SEILER BRIDE OF J. B. DUMONT, JR.

Former Plainfield Man Married at Sweickley, Pa.

Miss Louisa A. L. Seiler, cousin of Mr. and Mrs. John Ebbert Porter, of Sweickley, Pa., and John B. Dumont, Jr., son of former Councilman John B. Dumont, of this city, but who has been living at Sweickley for some time, were married last evening at the home of the bride's cousins. Only the immediate relatives and a few intimate friends witnessed the ceremony.

Rev. Alynne C. Howell, rector of St. Stephen's Episcopal church, of Sweickley, performed the ceremony. Afterward there was an informal reception. Following a trip the couple will reside at Sweickley. Mr. Dumont is well-known here where he lived for a number of years, but in recent years he has been away from Plainfield. The bride is a member of an old and well-known Pennsylvania family.

WILL MAKE NO CHANGE IN DEPOSITORY

Council Decides to Keep Its Funds in City National Bank.

The Common Council at its June meeting, last night, decided not to change its depositories for city moneys as requested by the First National Bank and State Trust Company, which institutions previously requested a reasonable proportion of the funds on deposit. Councilman Leighton Calkins referred to the letters received from the two above-named institutions, and then explained that after careful consideration the finance committee had decided not to make any change. Mr. Calkins said that the average city balance amounted to \$10,000 and nothing would be gained by dividing this amount among three institutions, and beside the Plainfield Trust Company could reasonably expect a share, although it had not made a request up to the present time.

He went on to explain that by such a division as proposed it would mean a considerable amount of bookkeeping and would only place extra work on the city treasurer, who has a right to be considered in the matter. Mr. Calkins said that the finance committee had held a conference with the representatives of the First National Bank and State Trust Company, at which time the whole matter was explained to them. Consequently there will be no change for the present.

FREE LIGHTING CASE TO BE ARGUED SOON

Corporation Counsel Charles A. Reed at last night's meeting of the Common Council, informed the members that the case on appeal of the Public Service Corporation against the City of Plainfield, in the matter of free lighting would be argued at the present term of court beginning today. He said that he felt sure that the higher court would sustain the decision of the Public Utilities Commission, but in case it did not, he advised that the matter be taken to another court.

A copy of the report of the National Board of Fire Underwriters, a digest of which was published in The Daily Press yesterday, was presented to the Council and filed. The sum of \$5,000 was transferred from the general to the fire fund in accordance with a resolution of Councilman Calkins.

JEFFERSON DEMOCRATIC CLUB TO HOLD CLAMBAKE

At a largely attended meeting of the Jefferson Democratic Club, last night, the members voted to hold an outing in the form of a clambake on July 4. The affair will take place at Sebring's Mills and the following were appointed to complete the arrangements: David L. Coleman, chairman; Caesar Grobe, Michael Griffen, Frank McElhone, Benjamin Greenburg and Robert Scott. The club also voted to accept an invitation from Patrick Culliney, of Manson place, to attend a reception in a body at his home tonight. The affair is to be a farewell to Mrs. Culliney, who sails for Ireland tomorrow.

The club has been rapidly gaining in membership and influence, and it was decided last night to have the organization incorporated. Attorney V. W. Nash, Jr., has been delegated to prepare the necessary papers and will proceed at once.

WOULD DEFINE AUTO BUS ROUTES

Through An Ordinance Mayor Would Designate Streets to Be Used for Service.

MEASURE IS OPPOSED

Business Men's Association and Board of Trade Object to Any Restriction or Discrimination—Ordinance to be Acted Upon Later.

Believing that the Common Council planned to take some action regarding the operation of automobile buses in Plainfield, the Business Men's Association and the Board of Trade petitioned that body, last night at its June meeting, urging that nothing be done to interrupt this service and protesting against efforts on the part of certain people to prohibit the operation of these vehicles or curtail their usefulness in bringing people into the city.

Later in the evening, Councilman Juan A. Babcock, acting for the committee on public affairs, presented an ordinance, which allows the Mayor to grant or refuse licenses, restrict and designate the streets through which the auto buses and vehicles of a similar character shall be operated. It provides for a license fee of \$15 for each vehicle and \$20 fine for each violation. Copies of the ordinance will be sent to the members for consideration before it comes up for further action.

As was to be expected the introduction of the ordinance aroused considerable comment and not a little discussion following the meeting. There was pronounced opposition to the ordinance on the part of some of the members of the Council and there is no doubt but that when the ordinance comes up for a final vote there will be difficulty experienced in putting it through in its present form.

Mayor Percy H. Stewart in commenting on the ordinance after the meeting, said that he did not want anyone to understand that he was opposed to the auto bus service in any sense, but he believed that it should be under proper regulation and subject to the orders of the Mayor. He said that he had held several conferences with the representatives of the auto bus companies and the latter, felt disposed to enter into an amicable arrangement, and he had expressed his willingness to meet the representatives half way.

However, the Mayor thought that as the buses are assuming such size that it was time that steps be taken to properly regulate their operation. He had no doubt but that a satisfactory arrangement could be made that would not interfere with the service.

Only recently, A. H. Atterbury, of West Seventh street, protested to the Common Council against the buses running through that street. It is no doubt due to this fact that some people have the idea that there is opposition to the bus service. In the opinion of many one street is no better than another for such a service and no discrimination should be made.

MAYOR STEWART NAMES THREE NEW PATROLMEN

John Fritts, Joseph H. Hayles and J. J. Neylon were named by Mayor Percy H. Stewart, at the June meeting of the Common Council, last night, as patrolmen on the local force to serve from June 15 next to January 1, 1915. They were confirmed through a resolution offered by Councilman Juan A. Babcock, chairman of the police committee.

The new men will be expected to serve a probationary period before being made regulars, in accordance with the rules of the department.

COUNCIL DECIDES TO PURCHASE ANOTHER ENGINE

Through a resolution offered by Councilman C. C. Graves at the June meeting of the Common Council, last night, advertisement for bids for furnishing the city with a triple combination auto fire engine to be placed in the Netherwood firehouse, was authorized, as foretold in The Daily Press yesterday.

The new apparatus will be a combination auto fire engine, hook and ladder and hose cart combined and will be a better one than the Nott engine now located at headquarters. Bids will be received at the meeting of the Council on Wednesday night, June 17.

COULD NOT DELIVER THE WINNING PUNCH

Plainfield High School Nine Lost Hard Game to the Pingry Players.

A poor inning cost Plainfield High School a defeat yesterday afternoon, at the hands of the ball team representing Pingry School, of Elizabeth. The score was 2 to 1. Both teams played a classy game of baseball, Pingry making four misplays and Plainfield one. Brick was in good form for Plainfield, giving but two passes and fanning five men. Only four hits were made off his delivery, while the local lads scored six off Langstaff.

As usual Plainfield had a chance to win out in the ninth, but the necessary punch was lacking and Pingry carried the bacon to Elizabeth.

The score:

"RED" GRIMES WILL PLAY WITH PLAINFIELD OUTFIT

Next Sunday afternoon the Plainfield Sunday baseball team will meet Jimmy Montross' fast Duellen contingent on the South Plainfield diamond. Captain Mullin, of the Plainfield nine, has three new players signed who will take part in their first contest this week.

"Red" Grimes, the star hitter of the Somersetville team and one of the best known players in Central New Jersey, will fill an infield berth. A star twirler has also been signed to appear again Duellen, Sunday.

PLAINFIELD WILL FACE A "S. O." WONDER SATURDAY

Plainfield will have its work cut out Saturday afternoon when Manager Dordlinger takes his Pets to Westfield to lineup against Manager McDonald's aggregation in the first of a series of inter-city ball matches. The Westfield team is considered much stronger this year than it was last, and possesses one of the best hurlers in this vicinity.

In Saturday's game against Garwood, Cowperwaithe allowed but four hits and fanned eighteen batters. Just what the Pets will do against this article of twirling remains to be seen, but Manager Dordlinger intends to take a strong lineup to the place for the game.

COUNTY TITLE GAME HAS BEEN POSTPONED

The second game for the Somerset County baseball championship between the North Plainfield and Somerville High School teams has been indefinitely postponed. In the last game played at Somerville last week one of the home players was hurt and the management does not wish to encounter the boroughites on Hyde Oval without their regular lineup.

Manager Beckman and Captain Smalley, of the N. P. H. S. baseball team, went to Somerville yesterday and tried to arrange a game for this week, but were unable to. Manager VanFleet explained that there was no use in throwing the title away by coming here with a poor team and the local management accepted this as a legitimate excuse. The team will go to Woodbridge tomorrow afternoon by automobile.

FINAL LEAGUE GAME.

Plainfield and North Plainfield High Schools will meet in the final contest of the Interscholastic League race on Hyde Oval next Saturday afternoon.

RUBBER GAME WON BY VANEMBURGH'S TEAM

Kiely Rolls Consistently But His Team Drops Final Game of Series.

VanEmburch's team took the first, dropped the second and won the rubber contest in a series with the Kiely outfit on the Elks' Club alleys last night. Captain Kiely's work featured the series, the anchor man on the losing side setting up scores of 205, 153 and 213. He was the only man on either side to pass the double century mark.

The scores:

KIELY No. 6.		VAN EMBURGH No. 4.

MISS WILDEY LOST HARD FOUGHT SERIES

Local Woman Player Defeated by Miss Marion Fenno in Championship.

Brilliant play between tennis players from New York, Boston and Philadelphia's leading racquet clubs featured the opening day's program of the annual Women's Pennsylvania Eastern States Championship Tournament yesterday afternoon, on the courts of the Merion Cricket Club, Haverford. One of the best matches of the day was the one between Miss Edna Wildey, of this city, and Miss Marion Fenno, of Boston. Both won from Philadelphia players before they met in the opening round, Miss Wildey defeating Miss Eleanor Hopkins in two sets, and Miss Fenno eliminating Miss E. Dougherty in two sets.

The Plainfield player was defeated by Miss Fenno in an exciting match which attracted an unusual amount of interest from the large gallery present. Miss Wildey made her opponent work hard every minute of the time, losing after a hard struggle in straight sets, 6-3, 6-4.

PLAINFIELD BALL PLAYERS ON THE BIGGER CIRCUITS

Girard, the former High Bridge High School twirler, who starred in games against North Plainfield High School last season, is making an enviable record for himself in a Lafayette College uniform. In Saturday's game against Rutgers he engaged in a pitching duel with Johnson of the rival side. After a teammate had made the first base hit of the game in the tenth inning Girard came across with a single that brought the winning run across the pan, the final score being 2 to 1. Girard twirled against Plainfield in a High Bridge uniform last season in the Central New Jersey League race. He is a freshman in Lafayette.

Jack Martin continues to hold down the difficult corner in the Boston Brave camp. In a double header with Brooklyn yesterday, his team dropped both contests, but he managed to garner one of the few hits made. In the two games he handled five putouts and four assists without an error.

Doc Scanlon, former Central New Jersey twirler and at one time a Brooklyn National Leaguer, pitched in fine form for the Bay Ridge Athletics at Bay Ridge, Saturday, shutting out the New York fire department team 6 to 0. Scanlon allowed only three hits, struck out thirteen men and gave no passes.

One run in the ninth inning won a 6 to 5 verdict for the York team of the Tri-State League over Wilmington yesterday. Lidgate, the Fanwood youth, scored two runs, two hits and accepted five putouts and three assists without an error.

LEALS IN ACTION.
The Carteret Academy team is due to appear on Crescent Oval tomorrow afternoon for a game with the Local School team, of this city.

AMONG THE MISSING.
A brand new Reading bicycle belonging to William C. Newman, disappeared from in front of Miller's drug store last Friday evening, while Mr. Newman was making a purchase in the store. The theft was reported to the police department.

CAPTAINS DO NOT AGREE.

Commanders at Odds on Cause of the Collision—Kendall Says Liner Was Stopped—Anderson Says She Was Making Speed.

CAPTAINS' STATEMENTS ON DISASTER DISAGREE.

Captain Kendall and Captain Anderson in their public statements agree that fog signals were exchanged when their vessels were a considerable distance apart, but there are irreconcilable statements as to the speed and as to the Stordstad's conduct immediately after the collision.

Extracts from the captains' statements follow:
Captain Kendall—I saw my ship was stopped. I blew two long blasts, meaning, "My ship is stopped and has no way upon her."

Captain Anderson—The Empress was going a good speed ahead. She was going fast. She was making considerable headway.
Captain Kendall—I shouted to the Stordstad to keep his ship full speed ahead to fill the hole made. He backed away. The Empress then began to fill and listed over rapidly.

Captain Anderson—The headway of the Empress swung the Stordstad around in such a way as to twist the Stordstad out of the hole.

Montreal, June 2.—The placing of the responsibility for the sinking of the Empress of Ireland, in which 960 lives were lost, promises to be one of the greatest fights in the history of admiralty courts.

It is evident from the stand taken by the representatives here of the owners of the Stordstad, which rammed the Empress, and also by that taken by the Canadian Pacific officers, that many months will pass before a final decision is reached by the board before which evidence regarding the collision will be heard.</

POOR SARCASM.

Seumas MacManus may know how
to write fairy stories, but when he
prepares a letter for publication,
which he considers sarcastic, in or-
der to try to ridicule a man with as
splendid a reputation as City Judge
DeMeza, he goes wide of the mark.
The Daily Press makes it a rule to
print all letters which are sent to
it, when they are properly signed,
and that is all that accounts for our
publication elsewhere today of Mc-
Manus' communication. We have,
however, not the slightest sympathy
for the contents thereof, and believe
people in the city, familiar with the
circumstances, commend Judge De-
Meza for his action.

McManus admits that he was "an
eminently burglarious-looking
person," whatever that may be, and
that he "sauntered up and down in
front of the house" for some time,
thus naturally exciting the suspi-
cion of one of the best men on the
local police force. He admits that
he refused to tell the officer whom
he was, and every intelligent citizen
knows that an officer has a perfect
right to demand the name of a per-
son whom he thinks is acting suspi-
ciously.

Judge DeMeza, when the case
came in court was lenient with Mc-
Manus, not wishing to injure him in
his profession, and considerably let
him go, saying in so doing that he
had been decidedly indiscreet in not
telling the officer at once who he
was. McManus may have thought
that his fame was such that everyone
knew him by sight, but until this in-
stance we think it safe to say that
mighty few people in Plainfield
realized that such a celebrity lived
within our borders. Then Mr. Mc-
Manus must remember that police-
men do not read every fairy story
that appears in the magazines.

NO CAUSE FOR ALARM.

Examiners sent by the Board of
Fire Underwriters to investigate
fire fighting and prevention condi-
tions in Plainfield certainly take a
pessimistic view of things in the
city and borough. While no one
disputes that all of the things which
they recommend would be very nice,
we are inclined to believe that no
other community offers such a per-
fect condition of affairs with regard
to the fire department as the under-
writers examiners seem to think is
needed here.

With a tax rate soaring above
\$2.10 per \$100, and scores of other
things needed in the city we are in-
clined to believe that it will be some
time before a lot of things are or-
dered which are said by these
outsiders to be needed. Plainfield
has thrived for a great many years
with much less efficient equipment
than it now possesses, and there has
only been one really serious fire in
fifteen years or more, that in the Bab-
cock building. Now the motor driven
apparatus practically doubles the
efficiency of the department, and the
increase in the number of paid men
this year takes care of all reasonable
needs. Bids have been authorized

for another automobile pumping en-
gine, and this equipment will be in
operation in a few months. It is to
be hoped that the specifications will
not be so drawn that only one engine
will come within the requirements,
however.

The size of the city, the fact that
most buildings are far apart, except
in the business section, which it is
admitted is well protected, and the
efficiency of the call men in the de-
partment indicate that the demand
for seven paid men in each hose
company is not reasonable. That
the cost of operation of the Plain-
field fire department has increased so
largely within five years is convinc-
ing proof that this city is well up
with other cities, and no cause for
alarm need be felt. In 1909 the
total cost of operating the depart-
ment was \$27,267. Last year it
amounted to \$36,336. In the five
years intervening \$26,539 was spent
on improvements, and early this year
the automobile fire engine was ad-
ded. Certainly these figures prove
that Plainfield is keeping up to
other places of the same size in the
conduct of its fire department.

So the autobusses are to be limited
to certain streets, in spite of the pro-
test of the business men who pay the
biggest taxes in the city, are they?
We rather suspect that before the
Common Council gets through with
monkeying with the ordinance which
was introduced last night they will
wish the subject was never brought
up. Every merchant in the city can
be depended upon to lift his voice
in protest against the measure by
Councilman Babcock. Mayor Ste-
wart, who is quoted as saying that he
believes that there should be some
regulation of these busses, it is to
be feared, has been listening too
much to the complaint of the man
who does not care whether business
thrives in Plainfield or not, and not
enough to the just claim of the mer-
chant, who sees hundreds of dollars
brought into town every month by
people who ride in these vehicles.
Here is a splendid opportunity for
the Plainfield Business Men's Asso-
ciation, and the Board of Trade to
show just what they can do, and that
they will come to the defense of the
bus lines goes without saying.

When the Daily Press pointed out
last night the foolish extravagance
of buying motorcycles for the local
police department, it was said that
this newspaper was misinformed
about the situation in the city. Cer-
tainly there was no misinformation
in the statement that there has been
no crying demand on the part of the
taxpayers that officers be mounted
on these machines and certainly we
were not equally misinformed when
it was said that in about 999 cases
out of 1,000 motorcycles are not
needed to bring speeding autoists to
justice, for the license number is all
that is needed to eventually round
them up and usually some sharp eyed
person gets this if the police do not
happen to be around. Motorcycles
are worthless for patrolling purposes
at night, for a policeman might just
as well go about the city shouting
that he is coming as to ride one of
the noisy two-wheeled vehicles. They
are all well enough perhaps in big
cities, but they are a foolish extrava-
gance in a community like Plainfield.

The failure to name a captain in
the police department is as great a
mistake as the plan to purchase
motorcycles. Every time Chief Kiely
goes out of town, now that Captain
Frederickson has retired, there are
left behind two officers with the
rank of sergeant. One of these is
Detective Sergeant Flynn, who is
also frequently called out of town,
and the other is Sergeant Higgins,
whose duties are such that he should
not have any more work thrust upon
him. There should be one superior
officer above the sergeant's rank al-
ways in Plainfield, as has been the
case during Captain Frederickson's
occupancy of the position, to avoid
the danger of conflict in authority.
Flynn is the logical man for the of-
fice, both by right of succession and
because of ability, and by the same
rule Higgins should succeed him. It
is hard to understand why there has
been any delay in filling the place.

It is gratifying to learn that the
Plainfield water supply is satisfac-
tory to the Board of Fire Underwrit-
ers. A short time ago we were told
that the quality of the water was
good, and now the assurance comes
that the quantity is great enough for
all demands.

THE FORUM

Editor Plainfield Daily Press.

Will you let me fix public attention
upon a verdict that is going to be
famous in future centuries and in
worlds yet unmapped by Mr. Roose-
velt. After a number of burglaries
had been brought to a peaceful issue
in the town of Plainfield, (where I
am temporarily hanging out my shingle),
a policeman, bent upon vindicat-
ing the efficiency of the law, saw
me, an eminently burglarious-looking
person, returning from the post-office
one night, cross the quiet tree-shaded
avenue on which I reside, directly
to the house that has the honor of
holding me, then saunter up and
down in front of my house, (a highly
suspicious action to which I am
prone)—pause once or twice in the
path (in poetic ecstasy) and resume
the suspicious exercises again. From
the shadows opposite, the vigilant
guardian of the law, pounced upon
his prey, demanding where the prey
lived (if he lived anywhere) and
what was his name. The humor of
the situation so amused me, that the
policeman considered the majesty of
the law, represented in his august
person, was vilely outraged. I joked
my persistent companion up and
down the block, his temper got the
best of him and he arrested me. For
charge, he was able to recall the
morning after, that I called him in
"loud and profane language" a qual-
ified fool—the profanity being ex-
pended on the qualification. The real
fact is that I had forgotten to name
him so.

His chief, when he found what
had happened, in the kindest and
most gentlemanly spirit, and with
the most praiseworthy object, tried
to have the thing quieted. But, in
the interest of justice, I refused, and
insisted upon the matter going into
open court.

It is fortunate that I did so, for it
has resulted in legal history being
enriched by a verdict which for acumen
and brilliancy, takes precedence
of any other pronouncement in the
world's history from the days of
Dogberry to those of Plainfield Police
Judge DeMeza—a verdict that will
outlive and relegate to obscurity
even the famous one of the Arkansas
Jury, who found the prisoner guilty
of murder in the first degree, be-
cause, though he hadn't killed the
victim, he had, the year before,
stolen the foreman's gray mare.
This wonderful verdict which will
command the admiration and awe of
legal luminaries yet unborn, and
which is destined to go down to im-
mortality in the bright annals of Jer-
sey jurisprudence, was—"I find you
not guilty of disorderly conduct, as
charged, and the case is dismissed."
"But," continued the grave gentle-
man on the bench, "as you should
have given your name to the officer,
I find you guilty of indiscretion and
suspend sentence."

Now where is the fellow who said
that fiction was stronger than fact?
Tremblingly sitting under the sus-
pended sword of DeMeza, the Wise
and Wonderful, I am,
Yours faithfully,
SEUMAS MACMANUS.

by Mr. Blatz, with instructions as to
their disposition.

Another ordinance introduced by
Mr. Blatz and adopted on first read-
ing, provided for the permanent im-
provement of certain streets, and the
issuing of \$17,000 worth of three-
year bonds to cover the cost of same,
with the usual provision for the ap-
pointment of commissioners to assess
benefits and damages. Still another
ordinance offered by the same mem-
ber and adopted on two readings,
provided for the acceptance of Os-
borne, Loraine, Helena and Dixie
lanes as public streets. A public
hearing on the ordinance will be given
on Monday, July 6. The Council
adjourned to meet again on Wednes-
day night, June 17.

SOMERVILLE COUNCIL ADOPTS ORDINANCES

Cement Sidewalks Will Be
Laid on Number of Streets
in That Town.

Considerable feeling was aroused at a meeting of the Somerville Council, last night, when a discussion arose over the compulsory laying of concrete sidewalks along the east side of North Bridge street. The body divided into two factions and the proposition was finally defeated.

It was unanimously voted to pass an ordinance requiring the construction of cement sidewalks along the north side of East Main street, and a sidewalk on Washington place. Vandervort street was accepted at the meeting and an ordinance adopted requiring the laying of sidewalks on that thoroughfare.

William D. Quick, representing a committee from the Somerville Merchants' Association addressed the Council regarding a proposed "Clean up Day" and asked the co-operation of the members of the Council in the matter. Bills to the amount of \$4,000 were ordered paid.

TROLLEY PETITIONERS FILED THEIR BRIEFS

The Plainfield Board of Trade and the petitioners in the South Plainfield trolley extension matter filed their briefs today with the Public Utilities Commission in Trenton, in accordance with the ruling made at the conclusion of the hearing on the subject in Newark two weeks ago. A decision in the matter is expected within three days, the commissioners having intimated this at the hearing.

The petitioners ask for a trolley line to South Plainfield over any route suitable to the Public Service Corporation. The latter body contends that such a route would not be a paying proposition and at the hearing introduced evidence to show the cost of construction and for the upkeep of such a line. The petitioners' estimate for the construction work was much lower and testimony offered by those who would be benefited by such an improvement showed that it could be made to pay.

TAPS FROM THE GAVEL.

Lodges scheduled to meet tonight are as follows: Division No. 1, Ladies' Auxiliary, A. O. H.; Jerusalem Lodge, No. 24, F. and A. M., at the Babcock building; Fourth Watchung, No. 3871, I. O. F., at Junior Hall; Protective Conclave, I. O. H., at Firemen's Hall; Noah Dove Encampment, No. 28, I. O. F., at the Babcock building; and Freedom Castle, No. 42, K. of G. E., at the Babcock building.

Anchor Lodge No. 149, F. of A. M., will confer the fellow craft degree upon two candidates at its meeting on June 9, and the master mason degree upon one candidate at the meeting on June 22. At the first named session, an amendment to the by-laws will be considered.

Perseverance Lodge, No. 74, K. of P., has completed arrangements for its memorial services to be held at the First Presbyterian church, Sunday evening, June 14. Rev. Dr. Charles E. Herring, pastor of the church, will preach an appropriate sermon on that occasion.

Crescent, Uniform Rank, K. of P., will conduct its memorial services at the local cemetery on Sunday, June 21. It is expected that the uniformed company of Elizabeth will be present.

A rally of the Royal Arcanum councils of this district was held at the Metuchen High School last evening. About six hundred members of the order were in attendance, Metuchen council acting as host of the occasion. Supreme Regent Wickham was in attendance, and made the address of the evening. Local members of the order made the trip in two auto busses. Delegations were present from this city, Princeton, Perth Amboy, New Brunswick, Carteret, Elizabeth, Newark and Jersey City.

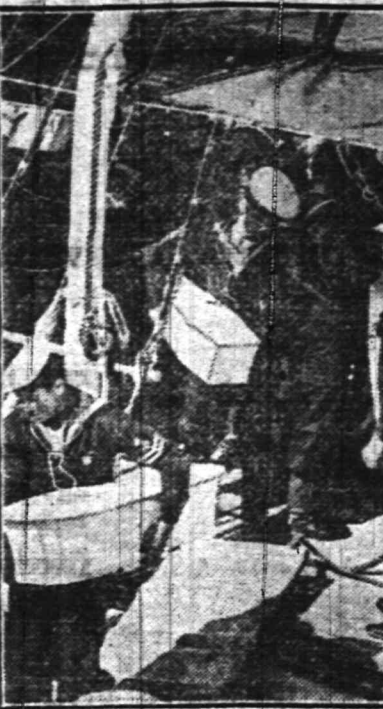

Members of the Jr. O. U. A. M. of this city, who recently secured an option on the Bird property on East Front street, have started a campaign for funds with which to furnish the building, so that it may be occupied during the course of the coming fall or winter.

PROPERTY-OWNERS TO DISCUSS TAX QUESTION

Public Meeting to Be Held in
Sebring's Auditorium,
June 8.

There being an impression among some people throughout the city that the members of the Board of Assessors are raising the assessments too high, this year, arrangements are being made for a meeting of taxpayers to be held in Sebring's Auditorium, Monday night, June 8, for the purpose of discussing the tax question in general. It is understood that most of the so-called "kick" comes from the business section, and it is chiefly those who own property in that section that have taken the initiative in the present movement.

The Board of Assessors, it is said, in levying assessments this year have laid particular stress on land values more than buildings and the aim is to equalize more than ever assessments throughout the entire city. The assessors will meet tonight to go over some of the work and compare results.

It is said that assessments have been raised in a number of instances in the business section, but only in cases where heretofore they have been considered too low. There are a number of other instances where assessments considered too high have been reduced materially for the one purpose of equalizing the levy as near as possible.

CHRISTIAN FIELD.

Holy communion will be observed at the Trinity Reformed church next Sunday morning. The preparatory service will be held Friday evening.

The Children's Day exercises of this church will be held Sunday, June 14. The Ladies' Aid Society of the St. Peter's German Lutheran church will meet Thursday afternoon, at half past two o'clock, at the home of Mrs. John Borman, 317 East Second street.

Rev. John Y. Broek, of the Trinity Reformed church, will speak at the prayer service tomorrow evening on "A Threefold Admission."

The General Synod of the Reformed church of the State will convene at Asbury Park, Thursday, and continue in session until Wednesday of next week.

Rev. Dr. John S. Zee, pastor of the Crescent Avenue Presbyterian church, will speak at the prayer service tomorrow evening on "The Failure of the Successful Man."

The monthly meeting of the Women's Home Missionary Society of the Crescent Avenue church will be held Friday afternoon. The subject will be "Alaska."

Children's Day will be observed at Hope Chapel next Sunday morning at 10:30 at which time the Sunday school will meet with the regular church morning service. The summer schedule of services will go into effect the following Sunday.

The Ladies' Aid Society of Hope Chapel will hold a lawn fete at West Fourth street and Lee place on the afternoon and evening of June 26.

TENDER A RECEPTION TO WILLIAM R. COCK

Has Served Forty-three Years
in the Choir of Grace Episcopal Church Here.

In recognition of his forty-three years of service as a member of the Grace Episcopal Church choir in this city, William R. Cock was tendered a reception in the parish house last night from 8 to 11 o'clock. Many old acquaintances of the singer attended the affair, some being associates of his in the church choir many years ago. The interior of the parish house was appropriately decorated for the occasion and among those in attendance were the singers who are at present connected with the choir.

During the evening a committee from the church served refreshments to the guests. Mr. Cock came to Plainfield from New York in April, 1871, and shortly afterwards joined the Grace Church choir. Before coming here he was in the chorus choir of St. Thomas' church, New York city. At the time of Mr. Cock's entrance into the local choir Grace church was located on Front street above Richmond street. His second epoch commenced when the church was moved down town in 1876 the choir being at that time a quartet. A large photograph of Mr. Cock has been framed and presented to the church.

ALUMNI ADVOCATES A GRAND OPENING

Plainfield High School Association Met in Annual Session Last Night.

Meeting in their annual session in the Plainfield High School last night, members of the Alumni Association discussed various ways and means to make the association more popular to the graduates and undergraduates. Numerous suggestions were offered to produce this result and will be put into practice during the coming year. A committee was appointed to confer with the Board of Education for the purpose of planning for a grand opening to be held in the High School next fall. The addition to the present structure will be completed at that time and a fitting celebration will probably be arranged for the opening day of the term.

Officers were elected for the ensuing year as follows: President, F. K. Anderson; vice-president, Dr. Sidney R. Titsworth; secretary-treasurer, Miss Margaret V. Leggett. The trustees named were William D. Murray, F. K. Anderson, Dr. M. L. Clawson and W. C. Hubbard.

The annual reception to the graduating class of the school will be given in accordance with the custom this year and the members are now preparing plans for this event.

CIGARETTE FOES IN SESSION.

Mohawk Lake, N. Y., June 2.—The annual meeting of the Anti-Cigarette League of America, began here today and will continue in session until Friday. Representatives of organizations in many States are in attendance. In addition to receiving reports and discussing plans for future work, the league will listen to addresses by physicians, business men and others as to the ill effects of tobacco on the national efficiency. The conservation of human resources by the abolition of the cigarette habit is the keynote of the convention.

POPE PIUS HAS A BIRTHDAY.

Rome, June 2.—Addresses and telegrams from all parts of the world were received today at the Vatican congratulating Pope Pius on his seventy-ninth birthday anniversary. There was no celebration of the anniversary, but during the day the Pope received visits from a number of cardinals and many of the foreign prelates who came to Rome for the consistory. This morning His Holiness said mass in the presence of a few specially invited of the faithful.

UNVEIL JEFFERSON STATUE.

New York, June 2.—A portrait of Thomas Jefferson, a gift to the city from the late Joseph Pulitzer, was unveiled today in front of the School of Journalism of Columbia University. The unveiling formed a part of the commencement exercises at the school, of which Mr. Pulitzer was the founder. The statue is the work of William Ordway Partridge and represents Jefferson as he appeared at the age of fifty-eight years, when he was President of the United States.

WILL WED TOMORROW.

Miss Elizabeth St. Ives and former City Judge W. A. Coddington, will be married tomorrow noon at the Madison Avenue Baptist church, New York, by Rev. Dr. C. A. Eaton. After a brief trip the couple will reside temporarily on Mountain avenue, the borough, coming to this city later.

WILL RECEIVE BIDS.

The City Council will receive bids June 17, for placing a new floor in fire headquarters on East Second street. The present flooring is in bad condition.

ANCIENT CITY OF MEXICO, ZACATECAS, SLEEPS ON HIGH

Villa's Guns Will Soon Disturb Calm of Ages.

City Has Manners and Customs of Departed Centuries.

THOUGH separated only by a river from the United States, Mexico, to us is still largely a foreign land, not only in fact but in spirit. Notwithstanding our geographical nearness, we have in reality always been strangers to the Mexicans—a people whose ideas and ideals are so distinctively different from our own that we cannot judge them by our own standards in the least. Curious customs and strange sights often give convincing evidence of a civilization utterly remote in its origin from ours.

Among the spots out of the beaten track, but which just now is coming more into the limelight of publicity is Zacatecas, which lies in the direct line

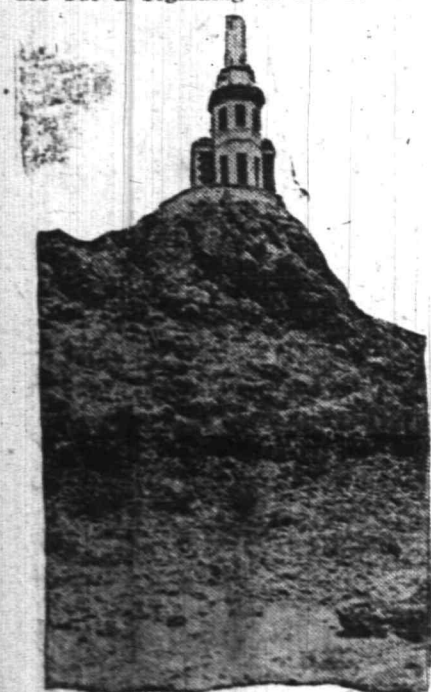

MOUNTAIN ROAD LEADING TO ZACATECAS.

of advance for the Constitutionalist forces to the City of Mexico. It is the capital and chief city of the state of that name and is situated 439 miles from the City of Mexico. This quiet little city of 40,000, perched high among the mountains, is like nothing so much as a bit of ancient Egypt dropped from out the Biblical ages into the seething unrest of the western world.

Up narrow, rock paved streets wander burros in pairs or dozens, heavily laden with baskets, charcoal, wood, feed, ore, everything cartable, not only goods and chattels, but whole families as well. Sometimes the babies are dividing attention with the chickens, squawking their disapproval on the other side or the pig voicing his from a precarious position across the back.

On either side rise tier upon tier of flat topped adobe houses, for no two streets are upon the same level, and sometimes the little cross streets connecting are made up of steps alone, the whole being dominated by the Bufo, whose peaks appear ready to topple over the city at any moment. The city itself is 8,000 feet high, and the Bufo goes a thousand feet more into the clouds.

Domes and towers galore leave no doubt of the road to the places of worship, even should the tourist be deaf to the continual clangor of the bells. The cathedral is a mass of rich carving of brownstone, in which the life size statues of Christ and the apostles are but a beginning of the beauties

OBSERVATORY AT ZACATECAS.

that dawn upon the artist's eye, the whole being capped by an immense tiled dome and two great towers.

It is the silver mines surrounding the town that support it, some of them dating back to the time of Cortes and yet still producing. Wonderful stories are told of fabulous wealth found in a night; but, whether good or bad, there is no mine but has its little shrine to the Virgin.

Hours may be spent loitering near an old fountain, where natives travel to and fro, filling large water jars in shape and size the same as Rebecca carried to the well centuries ago. Much of this water is brought in by an old aqueduct—in many ways the counterpart of the one that supplied ancient Rome.

Other water carriers or aquadors, as they are called, use a yoke across the shoulders with a bucket at either side, while the milk wagon is a burro, with the cans balanced in panniers, or else a goat driven to the door and milked while you wait.

Hundreds of patient burros plod the streets or take their way across the mountainous roads to the mines or villages in the vicinity. They are driven or ridden by as picturesque characters as ever stepped from a story book, for the peons still cling to their own distinctive costumes.

They wear sandals upon their feet such as Moses wore. The men wear the largest hats in the world and the women none at all, but a simple rebozo, or scarf, generally tightly wound around a baby. The men have thrown about their shoulders the ever present serape or blanket of the most brilliant colors, even the young boys wearing them with a grace not excelled by any stately dame of fashion's whirl. The men's trousers are generally skin tight and rival in color Joseph's coat from the wealth and variety of their patches.

The adobe houses, which are mostly low, opening directly upon the street, lend themselves to the rarest tints of azure, brown, rose, green and yellow, but outside of this give little idea of the interior. There, around an inner patio, brilliant with blooming plants and vines, open casement doors and windows into quaint old arched and high ceilinged rooms, with furniture that would make the lover of antiques green with envy.

Street vendors uttering weird cries pass constantly, while women and children are squatted along the sidewalk or in doorways with baskets or little stands of dulces, tamales, cakes,

Photo by American Press Association.

A STREET SCENE IN THE PEACEFUL TOWN.

fruit or drinks. Their sales for the day or sometimes far into the night seldom amount to more than 12 or 15 cents, for the most frequent purchase is one piece of candy or cake.

One place always visited by tourists each Sunday morning is Nuevo street, or, as it is sometimes called, Thieves' market. It is a little, narrow street, on either side of which next to the sidewalk and spread out on the ground is such a conglomeration of articles as can scarcely be enumerated, from mahogany furniture and antique jewelry to wooden legs, fine combs, false teeth, old bottles, dishes, guns, pieces of iron, flowers, toothbrushes, broken lamps and one day a tiny coffin.

Even in the market the provisions are purchased in the smallest of quantities, generally for the day, or more often, for the meal, and you can buy the leg of a chicken, an eighth of a cabbage, a slice of watermelon, a handful of beans or a spoonful of lard.

A winding horn announces the approach of the street car, which passes once an hour up to 7 o'clock in the evening. The cars are very small and are drawn by three miniature mules, who are pushed downhill by the car and lifted up hill by the adjurations of the driver.

Here is nothing of the strenuous life. Time is never supposed to fly; his wings were clipped hundreds of years ago, and he still lingers by the wayside, taking all things as they come, but never hurrying.

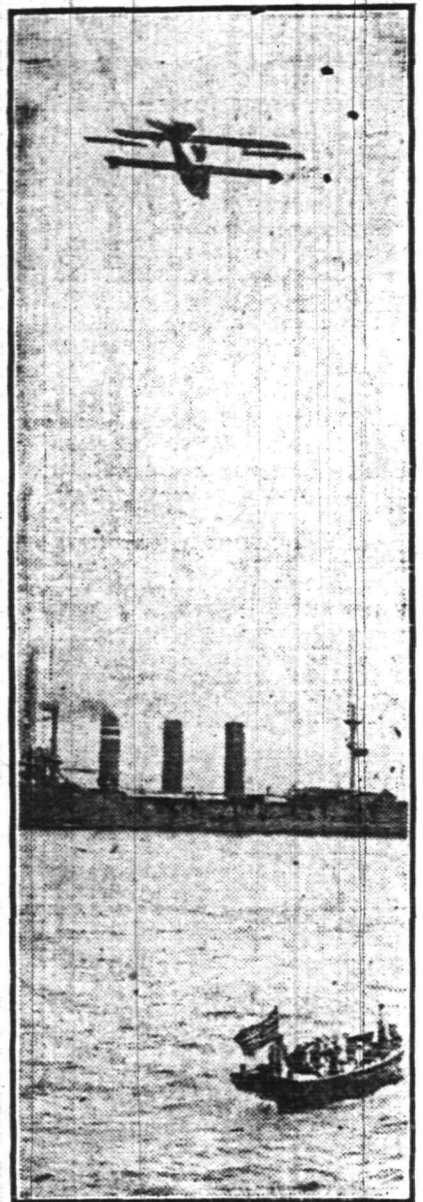

And so they go their way in this little city among the mountains, regardless of the casual stranger within their gates, still clinging to the customs of ages past and gone, with something of a wholesome contempt for other cities where the foreign element has changed and modernized many things.

The continual warfare has fallen heavily upon them, but it has changed very little their habits of life and thought. It is symbolical of their religion to believe that God will take care of tomorrow, and manana to them bears few terrors, regardless of the specters of war and famine.

AEROPLANES WITH FLEET.

Flying Machines Are Now a Necessary Equipment For Warfare.

Aeroplanes are expected to play a prominent part in any trouble with Mexico. Several of the warships blockading the port of Vera Cruz are fitted out with aeroplanes which are equipped both for scout duty and as deadly instruments of warfare. Army and naval authorities are agreed that should land fighting ensue the aero-

plane will serve a useful purpose. A fleet of airships will be found a necessary part of the military equipment.

A recent statement by the war department that it possessed only five aeroplanes fit for service is responsible for offers of assistance in the shape of machines and aviators made to the secretary of war. The first provisional aviation corps, Colonel Mortimer Delano acting commander, proposed to enter the service of the federal government. A similar organization exists in the west, formed with the view of serving in case of war with Mexico, with A. B. Lambert of St. Louis, a governor of the Aero Club of America, as its head.

A PROMINENT SUFFRAGETTE.

The Begum of Bhopal is an Ardent Supporter of Women's Rights.

No less a personage than Nawit Sultan Shah Jehan is an ardent advocate of the woman suffrage cause. She is the only woman ruler in India and is eighth in line from Dost Mohammed Khan, the famous founder of the dynasty. She was born in 1858 and rules over a territory of nearly 7,000 square miles, containing 900,000 souls.

The begum would make an interesting figure in a suffrage day parade such as added so much to the success of the

recent first suffrage day celebrated in many states of the Union. It is interesting to note that just recently a resolution proposing an amendment to the federal constitution to extend the right of suffrage to women was ordered reported without recommendation to the United States house of representatives by the judiciary committee. The amendment provides that the right of "citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex."

Certified Pure Natural Ice

Dr. M. J. Rosenau

Professor, Harvard Medical School, says:

"Sanitarians have never made much fuss over ice, and even the newspapers have found in the subject only cold pickings. When the warm light of science is thrown upon the cold facts of truth the alleged dangers are found to melt and run away. Dilution, freezing and storage are among the great natural forces which attenuate and finally destroy bacteria in NATURAL ICE. In fact, the purifying process of freezing and the favorable action of storage eliminate any elements of danger that may have existed in the water from which the ice was cut."

Corporation Notice.

Proposals for a four-Cylinder Triple Combination Motor Pumping Fire Engine

Pursuant to a resolution adopted by the Common Council of the City of Plainfield at a regular meeting held June 1st, 1914, notice is hereby given that the Common Council will meet on Wednesday, the 17th day of June, A. D. 1914, at 8:00 p. m., at the Council Chamber, no. 149 and 151 North Avenue, at which time and place said Common Council will receive sealed proposals for furnishing the following, that is to say:

One Four-Cylinder Triple Combination Motor Pumping Fire Engine and Hose Carrier, with pumping capacity of not less than 700 gallons per minute, against 120 pounds net water pressure, and at least 50 per cent of the rated capacity at 200 pounds net water pressure, to have a divided hose body with a capacity of at least one thousand feet of hose with carrying equal amounts of 2 1/2 inch and 3 inch hose; also to be equipped with one 40 gallon chemical tank and at least 200 feet of three-quarter inch chemical hose with a three-eighth inch brass nozzle, to be capable of obtaining a speed of at least 20 miles an hour and of covering 25 miles an hour over paved or macadam street having such grades as the apparatus is likely to encounter in service. All tests to be made under the supervision of the National Board of Fire Underwriters, and to the satisfaction of the Committee on Fire and Buildings. Equipment to be as specified by the Chief of the Fire Department in specifications to be obtained from him.

Proposals to state point of delivery and date on which apparatus can be delivered. Upon receipt of bids or proposals the Common Council will immediately proceed to unseal the same and publicly announce the contents in the presence of the parties bidding or their agents provided said parties or agents choose to be then and there present, and also make proper record of the prices and terms upon the minutes of the Council.

The right to reject any and all bids to be reserved by the Common Council. Proposals should be endorsed "Proposals for one Four-Cylinder Triple Combination Motor Pumping Fire Engine and Hose Carrier."

MEDIATORS ARE NOW DEADLOCKED

Carranza Chief Issue at
Peace Conference.

PROCEEDINGS REACH CRISIS

South American Envoy to Quit if Rebel Chief Is Not In—Refuse to Yield to Pressure From Bryan—All Progress Is Blocked.

MEDIATION CONFERENCE HAS REACHED CRISIS.

A crisis has been reached in the mediation proceedings that threatens to frustrate all efforts to settle the Mexican affair. Shall the Constitution be put in force? Shall the United States decide that the mediators have no voice in the matter of selecting who shall be parties to mediation?

The three South American diplomats take an opposite view. After three conferences with the United States delegates they refuse to recede from their position.

Niagara Falls, Ont., June 2.—The crisis in the mediation proceedings between Mexico and the United States is at an acute stage. The three South American diplomats and the American delegates have reached an absolute deadlock, and nothing further will be done on either side before a solution to the latest difficulty has been found.

After conferring two hours on the issue in dispute—namely, the participation of General Carranza in the mediation conference—Justice Lamar and Frederick W. Lehmann have not been able to induce the mediators to view the situation in the light in which the state department at Washington would like to have them see it. Ambassador da Gama of Brazil and Ministers Naon and Suarez of Argentina and Chile are positively determined to yield no more to the Mexican revolt leader than to Mr. Bryan.

Persons who are close to the mediators declared that all three envoys will positively refuse to reverse their position regardless of any pressure which may be brought to bear upon them. It was pointed out that the mediators have adopted this attitude not only for the good of Mexico, but also to protect their personal dignity. All three are of the opinion that Carranza was offered every opportunity to enter the conference on the same footing and at the same time as General Huerta and that he should have availed himself of this opportunity.

Lamar Hopeful.

"We had a conference," said Justice Lamar, "at which we continued the discussion of the point concerning which we have not agreed on. The matter is still under discussion, but we found in our talk that we were not so far apart in our construction of certain phases, and we are still quite hopeful."

Justice Lamar declined to say whether "hopeful" referred to an agreement or to the admission of General Carranza to the conference.

Since Friday all progress has been blocked. Under present conditions the A. B. C. mediators believe negotiations should be continued with only the American and Huerta representatives participating.

President Wilson and Secretary Bryan do not believe an agreement carrying all assurances of peace can be reached without the concurrence of General Carranza. The extent to which the issue may be carried depends on the administration in Washington.

It is pointed out here that the United States might find itself in an embarrassing position should the mediators ignore General Carranza. With the signing of the protocol responsibility of the mediators ends. Should Carranza capture Mexico City, however, and set up a provisional government of his own the work of the peace conferences might be completely undone.

FIND EMPRESS SURVIVOR.

Fishermen Come on Woman Wandering on Bleak Shore.

Quebec, June 2.—Haggard, hungry, bruised and all but demented, a Norwegian woman was at an early hour found wandering aimlessly about on the bleak shores of the St. Lawrence gulf, some seventeen miles below Father point.

She is undoubtedly one of the survivors of the Empress. Her clothes were sodden and torn, and her mind had begun to wander.

She is reported to have been found by two French-Canadian fishermen and is thought to have drifted for probably two days and nights on some wreckage until carried ashore.

TEST FOR LANGLEY PLANE.

Lincoln Beachey Proposes to Loop the Loop in It.

Detroit, June 2.—Aviator Lincoln Beachey announced here that he proposed, some time before July 4, to further demonstrate that the late Professor S. P. Langley's flying machine was "diable" by taking the eighteen-year-old relic aloft and looping the loop in it.

\$3.98 Buys a Hand-

some Crepe de Chine Blouse

The usual price is \$5.00.

Our buyer for this department said the other day, "These blouses are the prettiest we have ever offered at the price. They are actually worth \$5—the amount the maker intended them to be sold for. The few hundred I was fortunate enough to secure should be sold in less than a day."

The Crepe de Chine is of an excellent quality—in peach, flesh, light blue and white. Collars are of organdie in the gladstone effect, finished with a black moire tie. The cuffs are trimmed to match. Some are finished with a shirred blouse effect—others without. Sizes 34 to 46.

Bridegroom Suicide After Quarrel With Relative, SHOT THROUGH THE HEART

Half Brother of Bride Upbraids Bridegroom Upon Learning of Marriage, Declaring Girl Was Too Young—Angry Words Follow, Which Led to Suicide—To Hold Inquest.

Woodbury, N. J., June 2.—When the half brother of the girl with whom he slipped off and was quietly married remonstrated with him for marrying the girl, Charles Miller, twenty-two years old, employed on the farm of John E. Pedrick of Mickleton, N. J., his father-in-law, went into the barn and shot himself through the heart.

Miller had been employed on the farm of John Wolforth, adjoining the Pedrick farm. About a year ago he met Sarah Pedrick, who was then sixteen years old. The two were constantly together.

To be nearer the girl, Miller asked her father to allow him to work on his farm, and Pedrick consented. Two weeks ago Miller moved his belongings to the Pedrick farm.

Miller and the girl became engaged, but kept the fact a secret for fear the girl's parents would object owing to her youth. They decided to be married, and they left the house together, stating that they were going for a short walk. They went to a nearby town, and when they returned they were man and wife.

When he arose his bride was standing in the kitchen of the farmhouse. Her eyes were filled with tears. Miller walked over to his bride and held her in his arms and kissed her on each cheek.

"I am going out to feed the horses," he said. "Goodby."

The young wife saw her husband go to the barn. A few seconds later she heard a pistol shot and, rushing to the barn, found him lying inside the door, way on a pile of hay with the revolver in his hand.

KUEHNLE AGAIN AT LIBERTY
Former Atlantic City Boss Is Set Free by Board of Pardons.

Trenton, N. J., June 2.—Met by four friends in a big touring car, Louis Kuehnle, former Republican leader of Atlantic City, who was convicted of grafting in connection with a half million dollar water main contract while president of the Atlantic City water board, left the state prison a free man.

As he stepped through the big steel gates he had no word to say as to his future plans. His friends were likewise silent. It is supposed the party left for Atlantic City.

Kuehnle had paid a fine of \$1,000 and served nearly half a year's sentence, which was commuted by the state board of pardons.

Four other men, also convicted of participation in the Atlantic City frauds, whose sentences were commuted, gained their freedom.

They are Estel D. Rightmire, former engineer of Atlantic county; John Unsworth and Frank Enderlin of the Atlantic county board of freeholders, and John Zeller, a former sheriff of Hudson county.

HOLD MAN FOR MURDER.
Coroner's Jury Decides Evidence Is Against William J. Boyd.

Point Pleasant, N. J., June 2.—Circumstantial evidence, it is said, will enter largely into the trial of William J. Bond of Philadelphia, who was held responsible by a coroner's jury for the murder of John R. Hafer of Reading on the river front last Wednesday.

Walter Havens, a storekeeper at Laureton, near here, testified that on the day preceding the murder Bond and Hafer entered his store to buy groceries. He said Bond offered to sell him two hatchets and several other tools. He told Havens that he was a carpenter out of work. Havens bought a hatchet.

JUSTICE VOORHEES DIES.
New Jersey Jurist Expires in His Home in New Brunswick.

New Brunswick, N. J., June 2.—Supreme Court Justice Willard Penfield Voorhees died in his home here. He had been ill more than three months of heart disease complicated with other troubles.

Mr. Voorhees was born in New Brunswick on July 28, 1851, was graduated from Rutgers college in 1871 and from it received the degrees of A. M. and LL. D.

He began the practice of law in 1874 and was appointed a justice of the supreme court by Governor Fort in 1908.

WHITMAN SAYS HE SEEKS GOVERNORSHIP

Announces Candidacy For the
Republican Nomination.

New York, June 2.—Charles S. Whitman, district attorney, in his home in Madison avenue, dictated a statement for the newspapers announcing his candidacy for the Republican nomination for governor.

Coincident with it came information that Whitman's friends are starting a movement to obtain his endorsement by the Progressives as well. Whitman took care to say that he had entered into no "deal" with any one.

To further the plan for obtaining Progressive endorsement for Whitman it is planned to hold a nonpartisan mass meeting in Syracuse in the last week of July to name a ticket headed by the district attorney and seconded by men in sympathy with his views for presentation at the Republican and Progressive primaries.

The movement has been inaugurated without the knowledge of many Progressive leaders and in spite of their opposition to any such project.

Whitman's announcement of his candidacy came when this project was laid before him last night. Here is his statement: "I have nothing to say except that I expect to be a candidate for the nomination for governor in the Republican primaries and that I have entered into no deal or arrangement with anybody as to my nomination and that I shall not make any such arrangement to enter into any such deal with anybody."

Suffragettes Fire Church.
Henley, England, June 2.—An arson squad of militant suffragettes destroyed by fire the historic parish church of St. Mary's, Wargrave, three miles from here, on the Thames. All that remains of the church, which was built in 1538, is a portion of the tower and the scorched stone walls.

CAPTAIN ANDERSON.

Commander of the Storstad,
That Rammed the Empress.

© 1914, by American Press Association.

Captain Anderson of the Storstad wept many times after his ship sank the Empress of Ireland. Pilot Nault, who brought the collier to Montreal from Quebec, said: "There were three on the bridge of the Storstad at the time of the collision—Captain Anderson, the first officer and Pilot Lechance. On the way up the river an examination was made of the damage to the Storstad. We found that twenty of the forward plates had been sprung, but that all of these plates the ship was undamaged. At Quebec the Storstad took in so much water that we were obliged to flood the aft compartments in order to keep the bow up. There had been no water in the collier's head. Captain Anderson was deeply grieved over the disaster. I came upon him several times while we were on the way from Quebec to Montreal, and each time I found him crying, with his face buried in his arms."

99 OF VICTIMS AT QUEBEC IDENTIFIED

Five Persons Claim the Body of Baby.

Quebec, June 2.—Grief stricken relatives of victims of the Empress of Ireland thronging the temporary morgue in Louise basin added greatly to the confusion of identification by their inability to decide definitely on the characteristic physical traits of the ones for whom they were looking.

Identifications were made, unmade and remade in the course of the day. There were many instances of two and three persons claiming the same body as that of a relative. Five persons insisted that the body of a baby was that of a relative. It is quite probable that bereaved relatives have picked out bodies of persons who are not their relatives, and, consoled in the belief that they have the right body, have shipped it away for burial.

The officials of the Canadian Pacific and of the Canadian government, however, refused to hand over the body of the baby to any one of the five claimants, and have insisted on thorough proof of identification before yielding it.

The solicitous officials who were inclined to accept the assertion of any relative as to the identification of a body became more strict. The result was that only fifty-one more bodies had been named, making ninety-nine all told and leaving eighty-nine bearing numbered tags.

The most striking instance of the confusion came over the body that was claimed yesterday by Miss Thiria Townshend of New Zealand as that of her aunt, Mrs. Wynne Price. It seems that after Miss Townshend, consoled in having found the body, had returned to the Chateau Frontenac, sixteen sailors of the Empress of Ireland insisted that the body was that of Mrs. T. H. Lender, chief stewardess of the ill-fated ship. Her name was substituted on the tag for that of Mrs. Price. Miss Townshend was then confronted by representatives of the sailors, who insisted on the identification. The officials of the Canadian Pacific were called in as arbiters, and when Miss Townshend pointed to the rings which had been removed from the body after her identification she received final possession of it.

REPORT AMERICAN EXECUTED

Mexican Government "Urgently Investigating" Case of William Sims. Washington, June 2.—William Sims, an American, was executed by Mexican federalists at Salina Cruz on May 16, according to apparently authentic reports to the state department.

The state department has made representations in the case of the Huerta government. As a result of this the Brazilian minister is "urgently investigating" the case, but is having difficulty in establishing telegraphic communication with Salina Cruz.

There is likewise difficulty in communicating with Guiterrez, where J. Smith is imprisoned.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

FIRST IN DELAWARE

According to the figures filed by the various companies with the Insurance Department of the State, The Prudential led every Life Insurance company operating in Delaware in 1913, by issuing and reviving through its agents in that State during the year 12,948 policies, for \$2,780,568 paid-for Life Insurance. A great honor paid to this Company and its agents by the people of Delaware. Furthermore, The Prudential has been the leader in new business in Delaware for the past eight years.

Hupmobile

Economy

The net average repair cost of the Hup owner is less than 2 mills per mile.

That's one striking instance of Hup economy.

But Hup economy also includes low gasoline cost, low oil cost, low tire cost.

It includes, too, low depreciation.

Hup owners figure the latter at one cent a mile.

Prove these facts for yourself. Ask any Hup owner.

Then give us a chance to tell you—

Why the Hupmobile costs less to run—

Why the Hupmobile commands a higher second-hand price—

Why the Hupmobile is "The Car of the American Family."

These Hup reasons are important—let us give them to you.

Personal Service

now a little less than four years old, has by modern methods and personal service, built up a business of approximately \$600,000.

It is not so large that it cannot give attention to the smallest banking needs of its many patrons, nor so small that it cannot render every facility that its customers have a right to expect.

Additional patronage is invited and a continuance of this personal service is promised.
