WILBUR PETITION IN CIRCULATION

Local Freeholder Starts Campaign for Republican Nomination for Sheriff.

WRIGHT VS. CALVERT

Popular County Clerk to Have Sheriff as Opponent in Primary—Prominent Signers of Calvert Petition.

The contest for the shrievalty nomination on the Republican ticket has been further enlivened by the appearance of Freeholder S. P. T. Wilbur's petition. He was mentioned as a possibility some time ago in the Daily Press, but little credence was given his reported candidacy until the petition was placed in circulation. His home being in this city, friends believe that he will poll a large vote throughout the county against the three Elizabeth aspirants.

Freeholder S. P. T. Wilbur (Seeks Shrievalty nomination.)

Mr. Wilbur has been a member of the Board of Freeholders from this city for the past eight years, succeeding the late Captain Hubbard, who was director of the Board at the time of his death. Mr. Wilbur was first appointed by the Common Council and has been re-elected to the office each time since. It is said that he has the support of many of

The Board members as individuals in his candidacy. County Clerk James C. Calvert, who is seeking the Republican nomination for re-election, has his petition in circulation in every municipality in the county. Charles W. Runyon was circulating one in this city yesterday. The petitions already have been signed by practically every Republican member of the judiciary and most of the Republican legal fraternity in the county, among the first signers being former Chancellor W. J. Magie, of Elizabeth; former Judge Addison C. Swift, former Judge Clark McK. Whittemore, former Governor Foster M. Voorhees, Mayor Mravlag and all Republican members of the Elizabeth Council, three-quarters of the Republican Freeholders, Charles H. K. Halsey, former president of the Elizabeth Board of Trade; County Attorney W. R. Codrington, of this city; Paul Q. Oliver, president of the Union County Bar Association; former Judge William N. Runyon and City Judge William G. DeMeza, of this city; David Armstrong, of Rahway, and business and professional men generally throughout the county.

Mr. Calvert will make a vigorous campaign for the nomination, which has twice before been his almost

There was a large attendance of members and much interest in the proceedings.

It was reported that seven new branches were organized during twenty-one days in May and other branches are now being formed. The membership of the local branch is more than one thousand and is constantly increasing. On account of the increased amount of work it was decided to have two secretaries, a recording and corresponding. The treasurer's report showed a substantial balance on hand, although no special efforts have been made to raise funds, outside of two bridge parties and in that case the profits were sent to the State organization. The members took occasion to speak of the "suffrage edition" of the Daily Press, published recently, and expressed their appreciation for the help given and courtesy shown by the management of the Daily Press. F. W. GODDARD HEADS LOCAL COMEDY CLUB

Amateur Organization Selected Officers Last Night—Had a Prosperous Year.

Frederick W. Goddard was chosen last night at the annual meeting of the Comedy Club of Plainfield, as the president of the organization for the year 1914-1915. The meeting was held at the Park Club. Mr. Goddard succeeds Brown Rolston, who has held the office for the past two years, and under whose leadership the club has developed rapidly into one of the best amateur dramatic organizations in the State. Henry L. McGee was re-elected as vice-president; Dr. F. E. DuBois as secretary; Leslie R. Fort as treasurer, and Alson M. Abbott as business manager. On the executive committee will be the five officers, Mr. Rolston, Hugh Jarvis, Robert H. Cox and Maxwell E. Perkins. A vote of thanks was passed, extending to Mr. Rolston the congratulations of the other members upon the success of the club under his leadership.

For the nominating committee for 1915, Mrs. Brown Rolston, Dewitt Brokaw and Charles P. Titworth were selected. Two members will be named from the executive committee to assist in this work. Aside from the election of officers routine business was transacted, and a plan was discussed for strengthening the club next year in such a way that there will be no necessity for a public sale of tickets for the annual performance at the Plainfield Theatre. To work out the details of this plan the retiring president, Mr. Rolston, a few days ago appointed a committee drawn from the active and associate members, who will take the matter in charge. This committee consists of Charles W. McCutchen, O. T. Waring, Robert H. Cox, Maxwell E. Perkins, Wilbur H. Rogers, Mr. Goddard and Mr. Rolston. It is hoped that two hundred and fifty associate members will be procured, there being about two hundred at the present time, and forty-five active members.

The club was reported as being on a sound financial footing, there being a substantial balance in the bank after all of the year's bills were paid. Copies of the constitution and the treasurer's report will be mailed to all members within a few days.

SUDDEN DEATH OF GEORGE BALL

Well Known Lawyer Passes Away at His Home in Scotch Plains.

PRACTICED LAW HERE

Was Admitted to Bar in 1897 and Passed Counselor's Examination in 1900—Survived by a Mother, Sister and Brother.

George Ball, aged about forty-five years, widely known in this section and throughout the county as a lawyer, died suddenly at his home on Front street, Scotch Plains, this morning from heart trouble. Although he had been in poor health for the past three months, his general condition was not considered serious. Early this morning he complained of severe pains about the heart and he passed away suddenly about 7:30 o'clock.

Mr. Ball was a native of Scotch Plains, where he always resided. He was admitted to the Bar in November, 1897 as an attorney and passed his counselor's examination in 1900. He was also an advisory Master in Chancery. After his admission to the Bar Mr. Ball opened an office in Plainfield where he continued the practice of law up to the time of his death. For many years his office was in the First National Bank building, and more recently in the Schwed building.

Mr. Ball was a familiar figure in this city, and while he did not have an extensive court practice, he was very successful in his chosen profession, being employed at various times in the settlement of large estates. He was of a quiet retiring disposition and he had a large number of friends at Scotch Plains and this city. In politics Mr. Ball was a staunch Republican, and although he never held public office he was active in working for his party at Scotch Plains.

There survives a mother, Mrs. Elizabeth Ball, one sister, Miss Ball and a brother, Charles Ball. The funeral service and burial will be private.

DESPERATE ITALIAN GETS JAIL SENTENCE

Committed for Sixty Days on Charges Preferred by Two Girls Whom He Annoyed.

Charged with annoying two Italian girls on North avenue on several occasions during the past three weeks, Michael Scarlette, an Italian, was arraigned before City Judge W. G. DeMeza in the city court this morning, and sentenced to pay a fine of \$20 or be committed to the county jail for a period of sixty days. He will serve the jail sentence.

Scarlette, who recently moved to 1343 North avenue from New York city, was accused by Johanna Paralea and Mary Campi, both of North avenue. They alleged that the Italian had followed them about the city and accosted them. Their testimony was substantiated by a number of witnesses.

When sentenced to jail the defendant became frantic and considerable difficulty was experienced in subduing him. He is a foreigner of the desperate type and bears a long scar on his right cheek which he says is the result of a bullet wound received in a row. Enroute to police headquarters with Detective Sergeant Flynn the prisoner attempted to rid himself of a razor which he had in his possession but was unsuccessful.

ANTILLA NOW OFF TAMPICO

But It Is Believed She Will Wait Developments Before Landing Arms.

VILLA THREATENS R. R.

His Men Are Said to Have Blown up Trains Running Between Mexico City and Vera Cruz in Order to Prevent Huerta's Escape.

Vera Cruz, June 11. (From A. J. Rorke, Central News Correspondent.)—A radiogram from Rear Admiral Mayo this morning stated that the S. S. Antilla had arrived at Tampico but the message did not give any information as to the discharge of her cargo of arms. It is believed that the captain will not make any attempt to unload the ship until he can do so with impunity.

Washington, June 11.—The Steamer Antilla, bearing arms and ammunition for the Constitutionalists, arrived off Tampico today. Officials maintain there is no order to prevent the landing of arms on the arrival of the vessel at the port.

The attitude of the administration toward permitting this landing of arms apparently is in violation of an agreement understood to have been reached by the United States and the Huerta delegates at Niagara Falls. By the terms of this agreement no arms were to have been landed for the rebels during the progress of the mediation proceedings.

Secretary Bryan today reiterated that an order is in effect forbidding shipments of munitions of war from United States ports for Mexico, in spite of the fact that custom officials at Galveston yesterday, were reported to have said they were without authority to prevent the transshipment of arms from the El Sud to a steamer sailing for Tampico.

Practical confirmation of reports that the railroad lines between Mexico City and Vera Cruz were threatened by the Constitutionalists, was received at the State Department today. A number of wrecks of trains attempting to make the trip between the capital and the seaport have been reported to Consul Canada at Vera Cruz. The Mexicans explain these accidents as "washouts," but there have been no heavy rains in the vicinity for months. It is believed by officials here that mines have been exploded under the trains by the rebels, who have threatened to use every means of cutting off Huerta's escape from Mexico City.

San Diego, Cal., June 11. (Via Wireless from Mazatlan, Mexico.)—Heavy firing heard today is believed to indicate that Constitutionalists are advancing for a determined assault. The city is completely invested on the land side and the attack, it is thought will result in the fall of the city. The rebels captured a strategic hill north of the city Tuesday night.

DEMONSTRATED PROPER WAY TO WEAR CORSETS

Addressing a company of about thirty women from the various stores of the city in the parlors of the Queen City Hotel, last night, Dr. Maude L. Dunn, of New York, representing a corset house, gave many valuable suggestions on how to adjust different kinds of corsets on the slender, medium and stout figure. The demonstration was made by Dr. Dunn, assisted by Miss May Hughes upon some of the models from the store of A. E. Force & Co.

It was the opinion of Dr. Dunn that the majority of women wear their corsets too high, not taking time to adjust them so that there is no pressure on the body from the waistline up and firm support for the lower part of the body. A physiological chart was used to impress these facts more firmly on the minds of the audience. After the demonstration tea and cake was served.

WANTS CO. TAX BOARD OUSTED

Anderson Would Prefer Charges of Incompetency Against Body.

COLLEGE MATTER CITED

Resolution to Exonerate Mt. St. Mary College From all Blame in Effort to Escape Just Taxation Introduced at Township Meeting.

William de la R. Anderson, chairman of the North Plainfield Township Committee, introduced a resolution at the monthly meeting of the committee, this afternoon, exonerating Mt. St. Mary College from any effort to escape just taxation during the recent controversy between that institution and the State Board for the Equalization of Taxes. The matter in question was brought before the State authorities by the township committee, which had levied an assessment of \$25,000 on the property and the State Board, sitting at Somerville last week, decided that the college building and five acres of land adjoining, known as "excess land" is taxable. This decision was reached under the College and Academy Act. The college officials claimed that the building and five acres of land were exempt under the State law, the same as other similar institutions, and this view was finally sustained by the State Board of Taxation.

In his resolution Mr. Anderson lays the Somerset County Tax Board for its failure to comply with the law and suggests that the matter be taken up with the Governor. In an interview with a Daily Press reporter yesterday Mr. Anderson said that every effort would be made to have the present tax board ousted and a competent one substituted. He claims that the action of the Somerset County body was taken willfully in an effort to evade the State laws.

At the hearing held in Somerville Mr. Anderson took occasion to severely criticize the County Board for its "laxity" in the matter. He asserted that the matter was properly brought before the board but that it was never decided in a satisfactory manner.

DRIVER HAS NARROW ESCAPE WHEN AUTO HITS A WAGON

While driving through West Front street in one of W. L. Smalley's delivery wagons yesterday afternoon, Grover Schuck, an employee, had a narrow escape from serious, if not fatal injuries. Schuck was driving west on the thoroughfare when an automobile driven by Herbert Nelson, of Dunellen, crashed into the rear of the wagon sending him head foremost over the horse's back.

The machine was traveling at a pretty lively clip along the street and the impact completely demolished the rear of the butcher wagon. The fact that the horse stood still after the accident was all that saved Schuck from serious injury.

UNION COUNTY FEDERATION ENDORSES ERNESTO NATHAN

The Union County Federation of Patriotic Societies met last evening, at the Jefferson School in Garwood, and instructed a committee to draw up a resolution endorsing the appointment of Ernesto Nathan, ex-Mayor of Rome, representing the Italian government at the Panama-Pacific Exposition, and recommending all patriots to support the Exposition every way possible. Other federations are expected to take similar action.

The resolution represents the voices of about 3,000 voters in the county. The objects of this federation are to combine all patriotic societies for the purpose of influencing lawmakers and public officials in behalf of better laws, better government and patriotic principals, and to endorse for offices those individuals who are Americans and will advocate and endorse the principles of patriotism. The principles include the endorsement of the free non-sectarian public school system; free speech, free press and the complete separation of the church and State.

MANY NOTABLES PRESENT

Religious Ceremony Took Place To-
day—Spanish Aristocracy and Rep-
resentatives of All Nations Present
at the Nuptials—Brief Honeymoon
on the Continent.

Madrid, June 11.—A brilliant gathering of Spanish aristocracy, representatives of the diplomatic corps of all nations and many guests from various countries witnessed the final ceremony of the marriage of Miss Belle Willard, daughter of Joseph E. Willard, American ambassador to Spain, and Kermit Roosevelt, son of Colonel Roosevelt, today. The ceremony which is known as the religious ceremony took place in the Episcopal church in the British embassy grounds.

Colonel Roosevelt and Ambassador Willard were the witnesses today. Owing to the custom in Spain a civil ceremony must precede that of the religious part of the affair.

The civil ceremony was very formal. Kermit Roosevelt and Miss Willard, accompanied by the Duke of Alba and former Minister Osma y Scull, witnesses for the civil ceremony, went to the home of the civil magistrate, near the embassy. After signing the necessary papers the party returned to the American embassy to prepare for the real wedding.

The church where the ceremony took place was decorated with flowers. The American embassy, too, was turned into a pretty bower for the young couple, who held a reception there after the service. The ceremony took place at noon, the Rev. Dr. Watson, rector of the American church in Paris, officiating, assisted by the Rev. Robert Brown, chaplain of the British embassy in Madrid.

Miss Willard was attended by her sister, Miss Elizabeth Willard, as maid of honor; the Princess of Thurn and Taxis, daughter of the German ambassador at Madrid; Miss Katherine Page, daughter of the American ambassador to England; Mlle. Gilmore de Vionour de Tillieres of Paris and Miss Virginia Christian of Richmond, Va.

Following the reception at the American embassy Mr. and Mrs. Roosevelt started for a brief honeymoon on the continent. They will sail for Brazil, where Mr. Roosevelt is connected with a railroad company. They will make their home at Sao Paulo.

Bride a Favorite in Madrid.
Mr. Roosevelt and his bride met at the Roosevelt home at Oyster Bay when Miss Willard was visiting Miss Ethel Roosevelt, now Mrs. Richard DeJoy. Miss Willard is twenty-one years old and Mr. Roosevelt twenty-four. Since coming to Madrid with her father Miss Willard has been a favorite in Spanish society. She was presented at the court of St. James in London before coming to Madrid. Miss Willard made her debut in society at Richmond, Va., two years ago. The family home of the Willards is in Richmond.

Mr. Roosevelt, although still young in years, has seen much of the world. He accompanied his father to Africa for the big game hunt in 1910 and has had several other hunting trips since. He was graduated from Harvard in 1912 and after a trip to England took up railroading in Brazil. Last winter he made a trip through the Brazilian wilderness and after coming out from the Amazon country a few weeks ago hastened at once to Madrid. Colonel Roosevelt after a visit to New York sailed for Madrid to be present at the wedding.

GEORGE W. PERKINS.

Progressive Leader Attacked by
Pinchot as Favoring Trusts.

That George W. Perkins doctored the Progressive national platform in 1912 to make it conform to his views on the trust question—and that after the platform had been adopted—is broadly hinted by Amos R. E. Pinchot in a letter to Progressive National Chairman Joseph M. Dixon and the members of the Progressive national committee demanding that Mr. Perkins be deposed from the chairmanship of the executive committee and practically read out of the party.

WANTS PERKINS OUT
OF THE PROGRESSIVESPinchot Says That He Favors
the Trusts.

New York, June 11.—Declaring that George W. Perkins, the present chairman of the national executive committee of the Roosevelt Progressive party, is a bitter enemy of organized labor, the unswerving champion of illegal trusts and monopolies and that he has used the official organs of the bull moose party in his protrust propaganda, Amos R. E. Pinchot, brother of Gifford Pinchot, the Roosevelt candidate for senator in Pennsylvania, made public a letter he had sent to Senator Joseph M. Dixon, to Colonel Roosevelt and to the members of the bull moose national committee, in which he calls for the elimination of Perkins from the affairs of the Progressive party.

Pinchot asserts that Perkins is alienating the entire labor vote from the Progressive party despite the fact that the party platform stands for unionized labor. He attacks Morgan's former partner bitterly for his alleged belief that private monopolies and trusts are "sacred institutions," adding that Perkins as chairman of the committee has made the whole bull moose party appear to favor monopolies.

Pinchot assails Perkins for his connection with the steel and harvesters trusts and speaks sarcastically of the steel corporation's "co-operative store," by which it declared it would share profits with employees. He points out that the "co-operative store" pays more than 100 per cent dividend a year into the coffers of the steel trust instead of sharing anything with employees.

TRACKS MINED
TO KILL HUERTADictator Faces Death if He
Should Leave.

BRYAN SILENT ON ANTILLA

It Is Known No Instructions Have
Been Sent to Stop the Cargo of Munitions For Rebels—Greatest Secrecy Is Maintained.LATEST DEVELOPMENTS
IN MEXICAN SITUATION.

Huerta faces sure death if he quits city.
The Ward liner Antilla, with 2,000,000 rounds of ammunition for the rebels, is due at Tampico at any minute.
Secretary Daniels said last night that no steps have been taken to interfere with the landing of the Antilla's cargo.
The mediation conference at Niagara Falls is again at a standstill pending the receipt of General Carranza's reply to the note of the mediators.

Vera Cruz, June 11.—Any attempt by Huerta to flee from Mexico City would amount to suicide, according to passengers who arrived here from the capital.

They said rebel forces have planted dynamite under every railroad track to blow up if necessary any train on which he may try to flee. Yesterday's train narrowly escaped destruction from the rebel mines.

"Look out for bombs," the passengers report that Huerta said when he was in the train. He was seen to be talking to friends at the train just before it pulled out of the capital.

That his warning was well timed was proved when the train reached a point forty miles from Mexico City. There it passed over two boxes of dynamite which were set to explode by a trigger pulled by a string.

By mistake the rebels had carried their string over instead of under the rails, and the first wheel of the engine cut it off.

It was believed by the passengers that rebel spies in Mexico City saw Huerta at the depot and, believing he was about to flee on that train, either telegraphed or wigwagged orders for its destruction.

Bryan Is Silent.

Washington, June 11.—With the Ward liner Antilla due to arrive at Tampico any minute with a large cargo of arms and ammunition for the Constitutionalists speculation runs high in official circles as to whether the administration will make any efforts to hold up the delivery of the shipment.

Secretary Bryan, upon whom apparently rests the decision, is keeping so close mouthed on the subject that even some of the members of the cabinet are in doubt as to what steps will be taken.

It became known that the only instructions thus far sent to Rear Admiral Mayo at Tampico are to the effect that the moment the Antilla arrives at Tampico report shall be sent direct to Secretary Bryan.

No Instructions to Stop Ship.
On the highest authority it can be stated no instructions have been sent to stop the Antilla from landing her cargo.

Despite reports reaching Washington from Niagara Falls concerning a disagreement between the Mexican delegates and the American representatives over the manner of selecting a provisional president of Mexico to succeed Huerta, President Wilson is still confident that the Mexicans, as well as the mediators, will come to terms. Secretary Bryan had a long conference with the president at the White House, but refused to comment on his visit.

It is understood to be the intention of the administration to observe strictly from now on its prohibition of arms shipments from United States ports to Mexico.

On the other hand, it was pointed out, to prevent the landing of the Antilla's shipments after the ship had been allowed to clear for Mexico would be to seriously jeopardize the prospect of Constitutional support for the mediation program.

rested in Sherman Suit.

Beardsley, secretary of the company, and John P. Hemenway, a director, surrendered themselves to the federal authorities in this city and gave bonds of \$3,000 each to appear in Pittsburgh for trial.

REARREST SYLVIA PANKHURST

Police Begin Vigorous Measures to
Repress "Wild Women."

London, June 11.—Miss Sylvia Pankhurst, one of the militants' most fiery leaders, was rearrested on Bow road as she was gathering her cohorts for a movement on parliament.

Her arrest indicates that the authorities have determined to adopt the most rigorous of repressive measures against the "wild women."

without a struggle. The open primary gives promise of producing more candidates for the job than in many years past. It is certain that neither the Democrats nor Republicans will suffer from a dearth of candidates for the party nomination and the Progressives will also nominate a full county ticket.

Sheriff Wright, who will also seek the county clerk nomination as running mate with Rev. William T. Stuchell, of Rahway, who wants to go to Congress, has almost forty petitions in circulation and is putting in his spare time in quiet canvassing among his friends in all sections of the county. It is considered probable that former Congressman Charles N. Fowler will make the race again this year.

Two changes were made in the personnel of the Progressive County Committee at the meeting Tuesday night. Because of business reasons, Clarence P. Morrell tendered his resignation as county chairman, and Harwood Fish, Mayor of Roselle, was unanimously elected to succeed him. At the same time Harry F. Brewer asked that his resignation as treasurer be accepted. This action was taken, and his place filled by Theodore P. VanDyke, of Summit.

There was some speculation as to who the various Progressive candidates would be. It is known that there is some talk of John K. English, of Elizabeth, and James Furber, of Rahway, as Congressional timbers.

Charles A. Trimble, it is understood, will be a candidate for county registrar. He will be one of the staff of campaign orators. Others who will lend their services in addressing various rallies are Roland F. Calhoun, of Elizabeth; Fred S. Taggart, of Westfield; former Mayor Moy, of this city, and W. Lincoln Phillips.

TO KEEP TAB ON JAGS.

Flemington, June 11.—Mayor O. H. Sproul has appointed Stephen S. Dean, Asher R. Stryker and Jacob Rowe to constitute a Board of Proctors for Flemington to prevent drunkenness. Should it become necessary, it is expected a jag list will be prepared. The appointments have been confirmed by the Council and the Board will hold its first meeting in the Council rooms Thursday night of next week.

MARKED SHINGLES

FAIL TO CONVICT

Peter Christiansen is Acquitted of Charge in Middlesex
County Court.

Charged with the larceny of four bundles of shingles, valued at \$15, from the property of Samuel M. Titus, of Dunellen, Peter Christiansen was placed on trial Monday before Judge Daly and a jury, in the Middlesex County Court. The trial occupied several hours, being finished yesterday, when the jury promptly returned a verdict of not guilty.

Witnesses for the State were, Samuel M. Titus and Norman W. Volk, and it was shown that five or six of the stolen shingles were found on the roof of a house that Christiansen erected at Dunellen. Mr. Volk is employed by the complainant in the case and told of having placed a "V" shaped mark on several of Mr. Titus' shingles and of having found some of them on the defendant's roof.

The defendant on the stand denied all knowledge of how the stolen property came to be on his property and he introduced the following witnesses to testify to his good character: George A. Lutz, Robert L. Pierce, J. P. Loizeaux, John H. Coyle, George M. Coriell and U. B. Crane.

Assistant Prosecutor Stricker represented the State, while the defendant's interests were looked after by Alfred S. March.

The following jury heard the case: James Churchill, William Romer, Andrew McCabe, James C. Sullivan, Daniel Bunting, George Griggs, Robert Traay, John Castner, William Carberry, Mulford Castnerline, Chas. Bennett, Sr., and William Seifeld.

A THIRST FOR KNOWLEDGE.

Investigators making a survey of
a township in Minnesota—it might
just as well have been some other
locality in some other state—were
confronted by a spirit of indifference
to citizenship and a contempt for
politics. "What's the use of taking
time for politics when the whole
thing is run by the politicians any-
way?" was the way it was put up to
the probers who found themselves
unable to reply to the argument.

On the other hand, there was a
goodly number of people who be-
lieved that "schools run by the gov-
ernment should do more to acquaint
the growing generation with practi-
cal knowledge about government."

Voicing a growing demand for the
study of government in the schools,
which the Daily Press has advocated
in a plea for a course in city gov-
ernment in the public schools of
Plainfield, these men said:

"We need young men who will
understand the organization of so-
ciety in government, and who clear-
ly see the relation between the local
township and the county organiza-
tion, and the connections between
the county, state and federal govern-
ments. Then farmers will get to see
how vitally their own welfare con-
nects up with governmental activi-
ties."

If the study of local government
forms and functions is recognized by
the city as a good thing, it is good
for the country and the opposite also
holds equally good. These Minne-
sota farmers, like other farmers and
the average city resident, view gov-
ernment after all not as a political
proposition, but as an answer to the
demand for individual and public
welfare, as it concerns society. Their
plea for the education of the young
generation in affairs of government
is the plea of the city. The demand
is being felt for a better, more in-
telligent and more efficient citizen-
ship beginning with the training of
the child.

The demand will be met in time
by the schools of the city and prob-
ably by the rural schools as well.
As vocational training is making
more efficient workers and more
productive citizens of tomorrow, gov-
ernment education will make more
efficient and intelligent future citi-
zens. Local governments are grow-
ing less and less merely political and
more and more the agencies of pub-
lic welfare and it requires trained
citizens to carry out this ever in-
creasing civic conscience.

WHY OPPOSE PIERCE?

After presenting creditable candi-
dates in the past and establishing a
record for supporting the best can-
didates available for office, the Pro-
gressive county committee has now
decided to put a full ticket in the
field for county offices at the fall
election. Senator Carlton B. Pierce,
as able a man as has ever sat in the
upper house of the legislature from
this county, and who will seek re-
nomination and election on the Re-
publican ticket, will be opposed with
the others.

We fear that many who have al-
lied themselves with the Progressive

party since it was started will feel
that the time has come to forget
party, and cast their ballots for Mr.
Pierce. When a man has as pro-
gressive and clean a record as the
Union county Senator he should re-
ceive the support of all good men,
regardless of party, and the Progres-
sives would have strengthened the
balance of their ticket had the coun-
ty committee decided to support Mr.
Pierce.

Every time anybody wants to
place blame for the tax rate, they
charge the increase to the Board
of Education. And yet when the
Board of Education needs anything
to improve the school facilities, they
present their case so ably that the
Board of School Estimate has to ad-
mit that it is needed, and allow the
increase. The latest evidence of
this comes with the announcement
that \$100,000 is to be raised to build
and equip a new school on the lot
which was recently acquired on
Evergreen avenue. The Board of
Education is ready to show anyone
that it is not extravagant in its de-
mands, and that new schools are
constantly needed to take care of
the rapidly increasing number of
pupils. We have yet to hear of a
person who has studied the situa-
tion, who does not think the school
is needed in the section which will
be taken care of by the Evergreen
avenue building. \$80,000 will be
spent on the building, and \$20,000
on the furnishings, and it is expected
that classes will first be held there
in the fall of 1915.

Traffic regulations as laid down
by the Plainfield police department
at many of the principal corners of
the city are splendid aids to the or-
derly movement of vehicles, but it
seems to us that a mistake has
been made in placing a post at the
intersection of Park avenue and Sec-
ond street, because of the narrow
street leading to one side of this
corner. If an automobile traveling
along Park avenue from the railroad
wishes to turn into West Second
street, it requires skillful manouv-
ering to get around the post, and
some big cars have had to back and
turn before they could clear it, ac-
cording to bystanders. It is equally
hard for the drivers of furni-
ture vans and other big vehicles to round
the post. Traffic has passed back
and forth at this point for several
years without the regulation being
needed, and there have been no ser-
ious accidents there. We doubt
whether one of the big fire depart-
ment autos would be able to round
the corner successfully without run-
ning into the post.

Possibly the Merchants and Manu-
facturers' Association of New Jersey
is nothing more or less than a name
behind which the brewers hide, but
whether they are or not a statement
sent out by them regarding the anti-
saloon league needs explanation, or
the league stands condemned as an
extravagant and useless organiza-
tion. The circular in question says
that the league raised \$143,624 from
September 1, 1909, to December 1,
1913, and spent \$80,575 for sal-
aries, hotel and traveling expenses,
and \$63,049 for rent, debt and inter-
est, "blue books" and sundry office
expenses, during that time, and ac-
complished nothing after begging all
this money from the churches and
the friends of temperance in the
state. The methods adopted by the
organization in the past have sub-
jected it to severe criticism, and if
this is all that it has been able to
do, the donors of the money might
as well have put it in a rat hole or
burned it up.

It is certainly the irony of fate to
have the police start a crusade
against riding bicycles on the side-
walks at just the same period of the
year that the street department puts
tar on the oads. However, there has
been entirely too much sidewalk
riding, especially by young people,
and the practice should be stopped.
A few warnings, with due publicity
to arrests, will be fully as effective
as fines.

ing sister."—Newspaper headline.
Now the question is: What had the
sister been kissing.

COLORED UNIVERSITY SINGERS
PLEASE LARGE AUDIENCE

The colored quartet, of Atlanta
University, delighted a large audi-
ence, last evening, in the parlors of
the Crescent Avenue church. After
a short prayer by Rev. Dr. J. S. Zelle
the four students sang, "Reign Mas-
ter Jesus, Reign, 'Hold Out to the
End' and 'Swing Slow, Sweet Char-
lot, Swing Slow." The quality of the
singing portrayed the earnestness
with which they held the attention of
the audience. Dr. Zelle introduced
Professor G. A. Towns, a graduate of
Harvard and one of the leading social
workers among the colored popula-
tion of the South. In a straightfor-
ward and convincing talk he describes
Atlanta University, as one of the pio-
neer institutions for the Christian
education of the Negro youth.

The University was founded in
1867 under the auspices of the Amer-
ican Missionary Association by Ed-
mund A. Ware, a graduate of Yale
University in 1863. There are en-
rolled four hundred students, two-
thirds of whom come from the city
of Atlanta. There is probably no
school for the negroes in the south
better equipped with facilities for
domestic science, for library work, or
for the training of teachers. All this
Professor Towns touched on in his
talk.

Following Professor Towns' appeal
Sidney Woodward played and sang a
pleasing number entitled, "The
Homeland," after which the quartet,
consisting of Messrs. Sidney Wood-
ward, Benj. Graham, T. E. Govern-
ington and B. C. Styles, sang "Ain't
that Good News."

The singers left the University at
the close of their college year on
June the seventeenth. Tonight they
sing at the Marlborough Hotel in East
Orange.

WHAT D'Y MEAN "LOST DOG?"

A stray hound wandered aimlessly
into a store on Watchung avenue
yesterday afternoon and sent up an
agonizing howl portraying the fact
that he was lost. Finding no sym-
pathy in the store the dog trotted
out of the place and jumped into a
mud puddle. He then entered the
store again, this time to receive
even less sympathy. At regular in-
tervals he would sit on his haunches
and let out a loud appealing howl.
Passers-by offered plenty of sym-
pathy but all that the dog wanted was
a home. The hound has since disap-
peared.

POLITICS QUIET IN BOROUGH;
TREMBATH MAY SEEK OFFICE

The search for available material
for councilmanic timber in the bor-
ough has been started by leading
lights of the Republican party. The
terms of Edmund Rushmore and Jul-
ius Stahl expire on the first of next
January, and there has been some
doubt as to their desire to make an-
other run. Neither, however, has
made a statement one way or the
other, as the season has not advanc-
ed sufficiently as yet to be seriously
considered. Rumors have it that
William Trembath, of Chatham
street, has concluded to make a run
for the Republican nomination of
Councilman, should either Mr. Stahl
or Mr. Rushmore decline to try
again.

When interviewed on the question
this morning, by a Daily Press rep-
resentative, Mr. Trembath would
make no statement, saying that it
was too early in the season to think
of local politics.

Aside from justices of the peace
and constables, the two Councilman-
ic chairs are the only borough offices
to be filled this fall, it being an "off
year." Interest will be added to the
campaign by the election of a State
Senator from Somerset county, and
a Congressman from the Fourth Dis-
trict.

LEADERS' MEETING TO BE
HELD AT EAST ORANGE

The annual leaders' meeting of
the New Jersey Y. M. C. A. Camp
Wawayanda, will take place this
year on Saturday, June 13, at 2:30
o'clock, at the home of Mrs. Bal-
win, in East Orange. The reception
is given by the mothers of the boys
going to camp and the women's aux-
iliary to the camp leaders. This
meeting is the same as the one given
by Mrs. G. Herbert Condit, in
Plainfield last year.

The local Y. M. C. A. is to be re-
presented by Messrs. H. W. Welle, C.
H. Line and C. W. Bingham. At
the meeting, which is to be in charge
of C. Scott, the State secretary for
boys' work, the work of the sum-
mer camping season will be outlin-
ed. The meeting will be on the
lawn of the Baldwin home if the
weather permits.

This year a delegation of thirty-
nine will go from Plainfield to Camp
Wawayanda. The first section,
which leaves for two weeks begin-
ning June 25, has planned a social
meeting for Friday afternoon, June
12, at 2:30 o'clock.

PICTURES OF ENGINE TEST.

Henry Bryniarski, the local agent
for moving picture productions, which
are issued each week, covering
the important events of the week,
took pictures this morning of a
demonstration of the electrical en-
gine which has been recently tested
out by the government under the di-
rection of Secretary of the Navy
Daniels. If the picture is a good
one it very probably will be shown
at Proctor's Front street theatre.

DUTCH ARMS TO PLAY.

WILLIAM MEFFORD RUNYON
PASSES AWAY IN BROOKLYN

William Mefford Runyon, only son
of the late Mr. and Mrs. Oliver Run-
yon, who were among the early resi-
dents of Plainfield, died at his home,
779 Carroll street, Brooklyn, yester-
day. Mr. Runyon's father was a
partner of Alexander M. Runyon, who
died suddenly on Saturday night, in
the undertaking business, the latter
taking the business upon the death of
the former.

While in this city, Mr. Runyon lived
on West Second street. He re-
moved to Brooklyn a number of years
ago and continued his residence
there up to the time of his death. He
was engaged in business in New
York. He is survived by a wife,
who was Miss Anna Dunham. The
funeral will be held at the late home
in Brooklyn at 8 o'clock tomorrow
night.

MANY PLAINFIELDERS
GOING ABROAD THIS WEEK

Among the Plainfielders who go
abroad this week as reported by Es-
till's agency, through whom passage
was secured, are the following: Mr.
and Mrs. C. W. King, of Watchung
avenue, left yesterday on the White
Star Liner Adriatic, for a summer's
visit with friends and relatives in
England. Charles Clark, of East
Third street, left today on the Cun-
ard Line's new Aquitania on her

maiden return trip. Mrs. C. R. Al-
len, who expects to visit in Sweden,
will sail tomorrow on the American
steamer Helig Olaf. She will be ac-
companied by her sister, Miss Maria
Hedin. Mrs. Edward Strapp and
children and niece, Miss Nee, who
were to have sailed on the White
Star Liner Baltic last week, but were
detained on account of illness, sailed
today on the Adriatic.

JOHN DAY DIES
IN HIS 77TH YEAR

John Day, aged seventy-seven
years, of 240 Somerset street, the
borough, died at his home yesterday
afternoon after a long illness. Mr.
Day was a native of Ireland, and
came to this country fifty-seven years
ago, residing in this city practically
ever since his arrival from the old
country. He is survived, beside his
wife, Mrs. Catherine Day, and five
children, Thomas Day and Mrs.
James Shelley, of Brooklyn; Mrs.
Charles Johnson and the Misses
Julia and Elizabeth Day, of this city.
Mrs. James Reid, a sister, of this
city, also survives.

Mr. Day was one of the first com-
municants of St. Mary's church, of
which he was a faithful attendant
until his health would not permit.
The funeral services will be held at
his late residence Saturday morning
at 8:30, and at St. Joseph's church
at 9 o'clock. Interment will be
made at St. Mary's cemetery.

THREE STARS IN ONE

William Gillette, Blanche Bates and Marie Dora will for the first time in the careers of any of them step upon the same stage side by side next season in a play that has already run over a year in London, where it gives promise of running a year more, and is nothing less than Sardou's fine old melodrama, "Diplomacy." For more than a season Miss Dora has been playing in "Diplomacy" the role of "Dora." Miss Bates will in this country act the role of "Countess Zicka," and William Gillette will here play the part that has brought new fame to Gerald du Maurier in London. The first performance of this all star presentation of "Diplomacy" is set down for October in New York. On that night William Gillette will make his first reappearance on a New York stage in over three years.

LOCAL SCHOOL WORK
IN COUNTY EXHIBIT

Charles R. Bostwick Will Represent Plainfield at 1914 Innovation.

Specimens of work done by Plainfield school children in the manual training department were taken to Elizabeth this week where they will be placed with the work of other schools of Union county at the exhibit to be held in St. Patrick's High School, today, tomorrow and Saturday of this week. Charles R. Bostwick, supervisor of this branch of the Plainfield exhibits and many fine articles made by local children were taken there by him Wednesday.

Mr. Bostwick, who is president of the Union County Manual Training Teachers' Association, is one of those in charge of the combined exhibit and present indications are that the experiment will prove entirely successful. This is the first exhibit of the kind to be held in this county and the innovation has met with marked response from all of the cities and towns in the county promoting this branch of educational endeavor.

Mr. Bostwick stated yesterday that the unfinished condition of the Plainfield High School addition would make it impossible to hold an exhibit here this year, but promises one of the largest in the history of the work here for next year. Hereafter it has been customary to hold the affair in the High School gymnasium, but this is at present undergoing alterations.

Miss Katherine Steinmacker, of Milltown, was quietly married to Nelson Birch, of New Brunswick, at Somerville yesterday, by Rev. W. F. Barney, pastor of the German Reformed church, of that place. Both Mr. and Mrs. Birch are well known to a large circle of friends in Somerville, Milltown and New Brunswick, where the bridegroom is employed in the office of William D. Nolan.

LEAL'S COMMENCEMENT
WILL BE HELD FRIDAY

The commencement exercises at the Leal School this year will take place tomorrow morning at 10 o'clock, at which time Professor Charles Knapp, of Columbia University, will address the graduates. The exercises will be very simple this year. Of the graduates Frederick F. Stevens, Edward S. Faber and Frederick B. Krom are going to continue their studies in higher institutions. Examinations for the undergraduates will be held all next week. The annual commencement dance at the Park Club will be held on Monday evening, June 22.

SPECIAL BOROUGH SCHOOL
ELECTION SET FOR JUNE 23

A special school election will be held in the borough Tuesday night, June 23, when the school voters will be given an opportunity to cast ballots on the 1915 budget as drawn up at the last meeting of the North Plainfield Board of Education, and other annual school matters. This is one of the occasions when women are eligible to exercise a right of franchise and feminine balloting is always a conspicuous feature of these elections.

Notices of the election will be posted about the borough ten days prior to the date set. Among the other things to be decided are matters brought up by the State authorities regarding the fire conditions in the borough schools and the matter of altering the Somerset street structure in order to make it fireproof.

WILL TALK ABOUT LINCOLN.

Evansville, Ind., June 11.—Members of the Indiana Republican Editorial Association rounded up here today and began what promises to be the most notable annual meeting in the history of the association. Tomorrow the members and invited guests will go to Lincoln City, where exercises will be held in the Nancy Hanks Memorial Park, where the mother of Abraham Lincoln is buried. Addresses will be delivered by former Vice-President Fairbanks and former Governors Wilson, of Kentucky; Deen, of Illinois, and Darbin, of Indiana.

COMMENCEMENT ORACLE
WILL BE THE BEST EVER

The management of the Plainfield High School senior play will submit a report on finances in the course of a few days. It is already known that the amount netted by the cast of "If I Were King" will be large enough to insure a success of the 1914 commencement Oracle. The board of editors has promised the class the best issue of the Oracle in its history.

The class book will contain nearly seven hundred square inches of engraved matter and the class picture is going to be eight by ten inches in size, which means a larger Oracle than heretofore published by a graduating class. The managing board will have the Oracle on sale by commencement day.

The editorial board consists of Harold Williams, editor-in-chief; Harold Lounsbury, assistant editor-in-chief; John B. Cottrell, Jr., Guy Snyder, Kenneth Mackenzie and Miss Ruth Maguire. The business staff consists of Samuel Mann, Elston J. Hoagland and William Thompson.

GETS BABY THAT
FATHER STOLE

Mother Speeds Away in Auto With Child.

TO BARRICADE HER HOME

Woman to Prevent Common Assault, Kidnaping or Any Other Form of Siege—Father, Who is G. J. Hattersley, Formerly Captain in Fifth Regiment, N. G. N. J.

Paterson, N. J., June 11.—Twice since Sunday, the second time being yesterday, the unwritten law of parental instinct was put into effect in this city for the possession of a girl baby of sixteen months, daughter of Mr. and Mrs. George J. Hattersley, who have been living apart for a year.

The mother made the last move yesterday by going in an automobile to the house of her husband's sister, Miss Elizabeth Hattersley, in Totowa, a suburb of this city, where she suspected the child was harbored, entering without ceremony, exploring the house until successful and then speeding with her child to the home of her father, Martin J. Curley, 74 East Fifth street. She said she intended to barricade the house against common assault, kidnaping, police courts or any other form of siege.

Hattersley, who has been a captain in the Fifth regiment, N. G. N. J., had been trying for some time to become reconciled to his wife, and she would not hear of it. Sunday he went to her father's house while she was out and carried off the baby.

Mrs. Hattersley asked the police to arrest him, but was informed that as there had been no court allotment of the child nothing could be done, the father having acted within his rights. She spent two days in searching out clues and followed them up yesterday by giving Hattersley a piece of the same law he had invoked.

TO GET POWER CO. BOOKS.

New Yorkers Say International Co. cealed Financial Conditions.

Trenton, N. J., June 11.—Charging the International Power company, an \$8,000,000 New Jersey corporation, with concealing its true financial condition, William L. Bull and others of New York city have obtained from Justice Swayne in the supreme court an order compelling the defendant company to deliver its books to the supreme court commissioner, Frank P. McDermott, at his office in Jersey City. The books are to remain in the office of Mr. McDermott for thirty days in order to permit the complainants to examine into the condition of the corporation.

The plaintiffs are William L. Bull, Henry W. Bull, Frederick Bull, Lewis E. Waring and Louis Livingston, all of New York city, comprising the stock brokerage firm of Edward Sweet & Co. They own 500 shares of the capital stock of the corporation and charge that the affairs of the company have been so manipulated that the value of the stock has been forced from 190 down to 35.

"LADY POLICEMAN" TO QUIT.

Miss McArdie Hasn't the Heart to Stop Spooning in Parks.

Bayonne, N. J., June 11.—Bayonne's policeman, Miss Ruth McArdie, said that she would resign. "I don't want to watch spooners; it is a mean job," said Miss McArdie. "I wouldn't be the cause of lovers' losing their benches in the park. Let some one else do it."

"Besides, I have received too much notoriety. The position of lady policeman would be all right, but when your name gets into every newspaper in the country you strenuously object."

All the members of Bayonne's playground commission were made special policemen by Mayor Bert Daly. Miss McArdie, by virtue of her position as secretary to the commission, received the appointment of policeman. She intends to tender her resignation next Monday.

STATE NOTES.

Unless the diphtheria and scarlet fever epidemic in Jersey City is checked at once, Mayor Hagan will order all victims to contagious disease hospitals.

Five boys ranging in age from nine to fourteen were arrested in Newark charged with breaking into a grocery store and stealing eight packages of cigarettes.

Frank Wilson, a young man who was arrested for burglary and was thought to be a deaf mute, talked when his past record was read to Judge Mark A. Sullivan in Jersey City.

Twenty negro and Indian students of Hampton Institute, Virginia, will give an open air festival on the estate of Decatur M. Sawyer, in Llewellyn road, Montclair tomorrow night.

Berry pickers are greatly exercised by Jontague because D. C. Starcks of the department of weights and measures seized thousands of baskets, claiming they are not up to the standard measure.

POLITICS AND POLITICIANS

State-wide primaries will be held in Minnesota on June 16.

Governor Morehead, of Nebraska, has decided to be a candidate for re-nomination.

The Prohibition party in Nebraska, will hold its State convention in Springfield on July 8.

Colonel Roosevelt is to open the Progressive campaign in Connecticut with an address in Hartford, on July 22.

The death of Senator Bradley has served to increase the number of entries in the senatorial race in Kentucky.

Judge John C. Karel, of Milwaukee, again aspires to be the Democratic candidate for governor of Wisconsin.

The Democratic State Convention in Tennessee went on record as opposed to the repeal of any of the prohibition laws.

H. A. Aaker, of Fargo, has been named as the choice of the Progressive party for the governorship of North Dakota.

Not much has been heard lately of the candidacy of Charles W. Bryan, brother of the Secretary of State, for the gubernatorial nomination in Nebraska.

Mrs. Joseph R. Knowland, wife of Congressman Knowland, of California, who is a candidate for the senate, will stump the State with her husband.

Louisiana Progressives plan to put a State ticket in the field. A State convention of the party has been called to meet in New Orleans on June 18.

Senator John Walter Smith, of Maryland, whose term expires next March, will have as his principal opponent for re-nomination, Isaac Lobe Straus, former attorney-general of Maryland.

A special election is to be held in the Third Congressional District of Alabama on June 29, to choose a successor to Representative Henry D. Clayton, who resigned recently to accept a position on the Federal bench.

It is the general belief among Minnesota politicians that Governor Eberhart, in the event of his re-election to the governorship this fall, will be a candidate for the United States senate in 1916, when a successor will be chosen to Senator Moses E. Clapp.

Solicitor Hugh M. Dorsey, of Atlanta, who prosecuted Leo M. Frank, the young factory superintendent, convicted of the murder of Mary Phagan, may decide to become a candidate for the Democratic nomination for governor of Georgia in the primaries this summer.

Henry L. Jost, mayor of Kansas City and a possible candidate for the governorship of Missouri, was once an inmate of an orphan asylum in New York city, and in infancy was taken to Missouri with a carload of waifs who were sent to the west to find new homes.

Dr. W. Godfrey Hunter, of Lexington, Ky., former congressman and United States minister of Guatemala and Honduras from 1897 to 1902, has announced his candidacy for the nomination for United States Senator on the Republican ticket to succeed the late Senator W. O. Bradley.

Petitions have been started in circulation for a referendum upon Civil Service for county employees. Similar petitions were signed by many last year, but through technicalities the question was not allowed to be printed upon the November ballots. Several prominent Democrats are against the adoption of Civil Service, as in the event of their party capturing any of the courthouse plums next fall, there would be little for distribution among the faithful.

Elizabeth, June 11.—Three sheriff sales were held yesterday afternoon in Sheriff Wright's office, while one was adjourned. The plot of land in Sycamore street, Plainfield, in which Eugene M. Two plots of land at Stelle avenue and Plainfield avenue, Plainfield, went to the complainant, Mary N. Esterbrook, the defendant being Henry C. Crofoot. The total price was \$3,000. The sale of the plots in which John Ross was complainant and the Home Building and Supply Company, defendant, was adjourned for one week.

ATTRACTIVE PROGRAM
FOR 'SILVER BAY PARTY'

"The Search for the Blue Bird" Will Be Among the Features.

The committee in charge of the "Silver Bay Party," to be held at the Y. W. C. A., tomorrow evening, has arranged a very attractive program. The party will be carried out on the lines of a county fair and will be held on the grounds of the Young Women's Christian Association. The proceeds will increase the Silver Bay Conference which is to be held the last week in July.

The booths will be in charge of the different clubs and departments. There will be an Indian village, a professional fortune teller and plenty of pink lemonade sold from an old rustic well. The features of the evening will be a balloon ascension, the Greek dance and a performance of the playlet, "The Search for the Blue Bird." This play is to be given by the same cast that played it last year at the Silver Bay Convention at Lake George. Special music will mark this presentation.

Those taking part in the Greek dance are the Misses Helen George, Marion Wean, Ruth Wean, Fredericka Quentin, Betty Greenleaf, Gladys Chase, Nettie Steiner, Marion Mair, Lucile Ewart and Edna Green.

The cast of the playlet is Miss Edna Green as Tyltyl, Miss Terry as Mytyl, Miss Parmelee as Light (the guiding spirit), Miss Scarborough as Land of Memory (the past), Miss Evelyn Manley as Nightingale (the Glee Club), Miss Reba Kleine as Fairy (gymnasium and social), Miss Adele Herrman as Sickness (first aid class), Miss Gertrude Mair as Forest (Camp Fire Girls), and Miss Gardner as the Kingdom of the Future.

WILL CELEBRATE
101ST BIRTHDAY

Bennet Britton, Plainfield's "Grand Old Man," Still in the Best of Health.

One week from today Captain Bennet Britton, "Plainfield's Grand Old Man," will celebrate his 101st birthday, surrounded by his relatives and intimate friends. When Captain Britton attained the century mark last year he declared he felt "just like living fifty years more." Despite his great age the captain is as spry as a man fifty years old. He is up and about every day and is in active charge of his store in the Clinton avenue section.

Captain Britton is a native of Paterson, where he was born in 1813. Later he removed to New York and established himself in the hotel business. At the outbreak of the Civil War he enlisted with New York troops and saw three years' service. About forty years ago he removed to Scotch Plains and a few years later to this city, where he has since resided.

On Memorial Day the captain participated in the exercises conducted by Winfield Scott Post G. A. R. He is a great believer in outdoor exercises and every day he takes a walk of from four to six miles.

SCOOP GETS GOLF'S GOAT

IN THE SPORTING SPOTLIGHT

"Money or Sportsmanship"

Mediation with concessions that are a detriment to the best interests of interscholastic athletics, is the outcome of the North Plainfield-Plainfield High School baseball wrangle and the deciding contest might better remain unplayed than to be staged under the circumstances suggested by one who ought to know better. Why is it that our home league should be forced to transfer its operations to hostile territory some twelve miles from the boundaries of the Queen City? Is the terra firma in this particular locality not good enough for baseball purposes? No, the reason is obvious. Certain individuals have long been clamoring to transform the old spirit of genuine interscholastic sportsmanship into a profit yielding proposition and this is their recourse.

Take the contest in which interest is known to be rife to Somerville for settlement, and you are taking an unfair advantage of your faithful schoolboy supporters. How many of these loyal youngsters, who do their part for athletics from the sidelines, can afford to squander fifty-five cents, thirty for carfare and twenty-five for admission, on a two-hours' exhibition of baseball? By an actual canvass you will find that ninety per cent. can ill-afford the luxury and forty per cent. of the remainder adopt tragic means of getting possession of the one-day fund.

And those who are looked upon to exercise a ruling hand over just such a condition are the ones who are fostering it. Is it any wonder then that interscholastic athletics are becoming corrupt and the heretofore friendly spirit of rivalry is dying a hard death? To whom should we look for a possible settlement of existing conditions? Why, to those who are forcing the regrettable state of affairs upon us.

It would be folly to concede that we have no baseball diamonds in Plainfield or North Plainfield where an interscholastic match could be decided on its merits alone. Even the schoolboys themselves admit that Parker Field and Hyde Oval are pretty fair apologies for baseball diamonds, but the Hyde Oval idea is tabooed for the simple reason that some fortunate youth might possibly get away without handing over the entrance fee. Is it necessary that the treasures of the two institutions should be filled to overflowing by the receipts of this one contest? Coming down to real statistics the thirty cents carfare saved every individual who would have to travel to Somerville, if the contest were played at that place, would aggregate about \$275. Is it not better that the school treasures should be minus a possible twenty-five or thirty admission fees than that these several hundreds of dollars should be squandered on carfare? If the real truth were to be known we firmly believe that the school treasures are in a pretty fair state of existence at the present time and that no immediate windfall is needed. If the contest can be decided on its merits in Somerville, why can't it be decided on its merits in this city or North Plainfield? Is there something about the environment or atmosphere in this fair city of ours that is an incentive to unfairness or unsportsmanlike spirit?

In closing, we might suggest that the two managers reconsider their action and get together on that coin flipping proposition to decide whether the game shall be played on Parker Field or Hyde Oval. Otherwise, bury the hatchet and let matters rest as they now exist. Life is altogether too short to devote a period of it to wrangling over a trifling condition such as this one.

Queries, Comment and Answers

Sporting Editor:
Query—Is there any accurate definition of the word "amateur" as far as sport is concerned? K. D. R.
Answer—Amateur is a pretty broad term and is taken several different ways by athletes. In a broad sense it was referred to a person who has never taken compensation for work in athletics of any kind and you have never played with or against a professional. Professional meaning one who has received money for sports.

Sporting Editor:
Query—Will anyone be allowed to compete in the city five-mile run to be held in connection with the Parker Field meet on July 4? I have been given to understand that this is an event closed to Plainfielders. N. G.

MISS WILDEY ELIMINATED, NEW YORKERS IN THE LEAD

Philadelphia, June 11.—New York contestants demonstrated their superiority in emphatic fashion at yesterday's session of the annual tournament for the Women's National Lawn Tennis Championship on the courts of the Philadelphia Cricket Club.

Of the four survivors who are to meet in the semi-finals for the singles today, three are New Yorkers, and one, Miss Isabella Pendleton, comes from Cincinnati. The New York women did equally well in the championship doubles and mixed doubles, and are now practically certain to carry off a majority of the prizes.

The winner of the final round will meet Miss Mary Browne, of California, in the challenge round. Miss Wagner won from Miss Caroline Neely, of Chicago, yesterday in straight sets, while Mrs. Raymond won from Mrs. Willard Sullivan, of Richmond, Va., in a match in which she met strong opposition.

RESOLUTE DEFEATS VANITE, AND SETS A NEW RECORD

New York, June 11.—The white sloop Resolute won a glorious race sailed off Sandy Hook. She defeated the Vanitie 4 minutes 16 seconds actual time, and with her allowance by 7 minutes 29 seconds. The Defiance had a mishap and withdrew. The race was fifteen miles to windward and return. The Resolute not only won the race, but she established a new record for the course. She sailed faster than any America's cup race over a windward and leeward course has ever been sailed. Her time was 3 hours 16 minutes 41 seconds. The fastest cup race over a similar course was sailed by the Vigilant in 1893. She sailed in a strong easterly wind and her time was 3 hours 24 minutes 39 seconds. The Resolute's time is faster than this by 7 minutes 48 seconds. Her time is all the more remarkable when it is noted that the Vigilant in her race defeated the Valkyrie. The Valkyrie led at the windward mark, but on the run home carried away two spinners. The Valkyrie's time to the windward mark was 2 hours 6 minutes 35 seconds. The Resolute's time yesterday was 1 hour 55 minutes 15 seconds.

It was the Resolute weather, the conditions being ideal for the small sloop. The wind early in the race blew eight miles an hour and the sea was smooth. Just a little ocean roll was coming in, but not enough to bother the yachts.

P. H. S. RACQUET WIELDERS OPPONENT IN THE LIMELIGHT

Harold Throckmorton, of Princeton, who opposed Plainfield High School tennis players on the courts during the past season, the former interscholastic champion, scored a surprising victory yesterday in the New Jersey State Tennis Championship on the Englewood Field Club court, at Englewood, when he defeated Dr. William Rosenbaum in straight sets by the score of 7-5, 6-4.

It was the biggest upset of the tournament, and the youngster caught the veteran clearly off his game. Dr. Rosenbaum appeared to feel the effects of his early match with W. F. Slade, which he won easily. Throckmorton played a strong game and was at his best. His service was swift and his overhand strokes accurate, while his placing was deadly.

Y. M. C. A. TO HAVE TENNIS TOURNAMENT

Enthusiasm Keen in New Athletic Feature Launched at Meeting Last Night.

At a meeting of the social committee of the local Y. M. C. A. last night, it was decided to hold a tennis tournament for the city championship some time this summer. All amateur tennis players of the city and borough will be eligible. Both singles and doubles contests will be held.

The winner and the runner-up of the singles title each will receive silver loving cups and the winner and runner-up teams of the doubles will receive suitable prizes.

Entries close with the Y. M. C. A. officials on June 25. The tournament will be played off during July and August on various courts in the city. The finals of both tournaments will probably be played at Parker Field. The entrance fee is fifty cents per man and one dollar for a doubles team.

TOWNLEY AND STINE END SUCCESSFUL COLLEGE YEAR

Herbert Stine, of North Plainfield, has returned from the International Y. M. C. A. Training School at Springfield, Mass., where he has been a student during the past year, pursuing a physical instructor's course. During the summer months Stine will be one of the Union county inspectors in the crusade being waged against the mosquito. During his first year at the Springfield college the borough boy made the varsity baseball team as a catcher and has been doing some good work.

George Townley, another North Plainfield athlete, who is also a freshman in the Y. M. C. A. college, twirled excellent ball for the varsity team during his first year and together with Stine formed one of the institution's most reliable batteries. Townley has gone to Portland, Me., with a college chum to work during the summer months.

SCHOOLBOYS TOOK A TIP FROM THE DAILY PRESS AND RESORTED TO "COIN FLIPPING"

Third and Deciding Interscholastic League Game Will Be Played on Parker Field Next Saturday Afternoon—Representatives of the Contending Factions Met in the High School This Morning and Arrived at a Satisfactory Conclusion.

As suggested in another column of this issue representatives of the North Plainfield and Plainfield school athletic forces met in the city high school building this morning, and took the only open course to a settlement. Principal Lindsey Best, acting as mediator, flipped the coin for the playing field and Captain Smalley, of North Plainfield, failed to call the right turn. As a result the all-important contest will be staged on Parker Field next Saturday afternoon with Billy O'Rourke of New Brunswick, as the likely arbitrator. The selection of a neutral umpire is in accordance with the agreement reached at the meeting this morning and everything is now in readiness for the staging of the conflict.

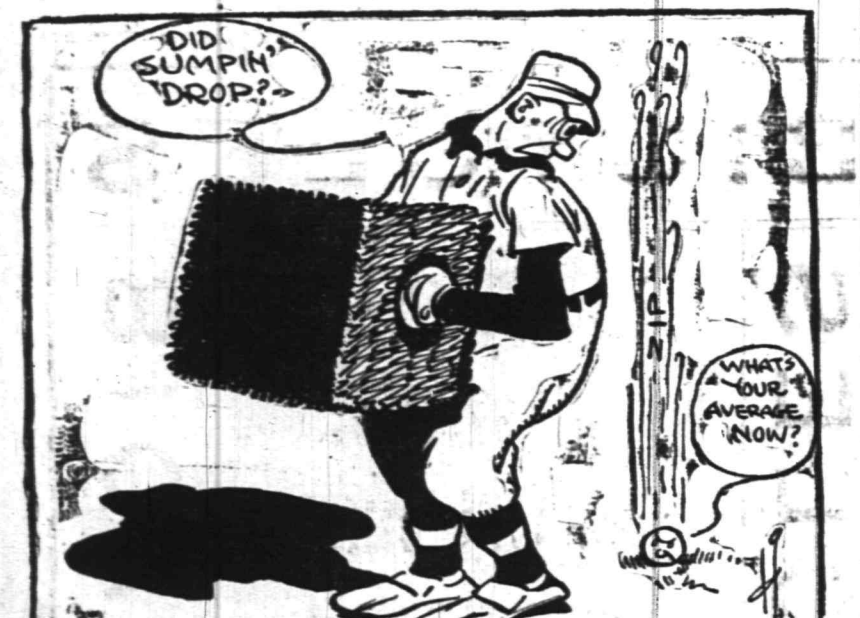

The borough delegation, taking the initiative went to the Plainfield High School this morning, entering into consultation with the representatives of that school. The Plainfielders at first stuck to their old contention that Hide Ova should not be taken into consideration for a lengthy wrangle finally brought them around and all decided that a coin flip was the only fair way out of the tangled up mess. Appearing for North Plainfield were Captain Smalley, Manager Beckman and Coach Mullin and for Plainfield were Principal Best, Coach Patch, Captain Rosenson and Acting Manager Hetfield.

Following the session in which Plainfield came out on top Coach Mullin and Captain Smalley expressed themselves as being thoroughly satisfied.

With the result of the coin flip taking the result in true sportsmanlike spirit. In Mullin's own words "Stahl can beat Plainfield on any field and under any conditions," but that is a matter that will be decided on the playing field Saturday. Smalley, while he wanted the game staged in North Plainfield, accepted his defeat gracefully and the schoolboy factions parted on the best of terms. Plainfield, of course, is thoroughly satisfied with the result and both teams left the principal's office this morning determined to put in some extra practice sessions between now and Saturday to polish up any defects brought to the surface in the previous encounter. The probabilities are that the contest Saturday will bring out the largest crowd of baseball fans ever herded together on Parker Field.

Referring to an article published in another local paper yesterday, regarding a supposed "mediation" brought about on the quiet yesterday morning, Captain Smalley, of North Plainfield, stated this morning that it was little more than a "pipe" dream, the borough team not having been consulted in the matter. He stated that he was aware of some individual action yesterday morning but anything that was done was done with his consent or the consent of the borough school and all after announcements were unofficial. It appears that two "wiseacres" got together and decided on a little bout of their own during the early hours of the morning yesterday.

LEGAL LIGHTS AND SCALP WELDERS READY FOR THE PARKER FIELD CONTEST

Judge DeMeza is Fattening Up on "Square Muffs."

If you haven't heard anything from the training camps of the doctors and lawyers who are conditioning for that circus stunt on Parker Field June 20, it isn't because they are not still on the job. Stiffening of vocal cords and a tightening of biceps come with daily practice on a baseball diamond and the alleged ball players will probably not spring into the public limelight for another few days at least, when the period of soreness will have worn off sufficiently for them to let the public know what they intend to do along the line of cleaning-up.

To date the supply of talent has kept pretty well under cover and efforts to get a peek at a few of the more prominent characters have been futile. Under a circus tent that soars skyward several hundred feet "Sammy" Swackhamer is delving into the mysteries of curvology and has developed a curve ball that does the subway stunt under the home plate. The few privileged characters who have stacked their personages up against his shoots declare that what he doesn't know about the knuckler, spitball, fadeaway and trolley-dodger aren't worth knowing and with the ever-present

Harry Runyon on the receiving end the legal lights' battery looks like a winner.

In a contest yesterday afternoon with a herd of juveniles the Blackstonians gave a good account of themselves, aside from making some bad boots and square muffs all of which increased the general interest. Judge William G. DeMeza has become proficient as a dodger of fly balls and has established a record for himself as a sprinter when one of the buzzers are aimed in his direction. Among the notables present on the first day were some who haven't been seen since. One of the latter is Frank Blatz who was at one time looked upon as a promising candidate for the bat-boy job. Since his first appearance Blatz has been spending his time, and incidentally getting into fighting trim, by making a round of drug stores in search of a supply of liniment.

Among the sawbones delegated from the hospital to hold up the pill-dispenser's end of the deal are many who have performed in previous conflicts of this nature and are pretty well hardened to the strife they are forced to undergo in benevolent affairs.

THIRTY SILVER TROPHIES PLACED ON EXHIBITION

Thirty of the handsome silver loving cups, offered by local merchants and organizations as prizes to be competed for in the Parker Field meet on July 4, were placed on exhibition in the show window of the Schwed store on West Front street this noon. Ten more will probably be added to the collection prior to the date set for the field and track events.

Entries are coming in fast for the numerous events programmed and the affair gives every promise of being the largest of its kind ever conducted in this section. Other meets in Central New Jersey are being run as opposition to the Plainfield affair but nevertheless little difficulty is being experienced in bringing out talent.

RIFFERT DOING GOOD WORK FOR SWARTHMORE BALL NINE

Jack Riffert, the former Plainfield High School all-around athlete, was the star of a Swarthmore College baseball contest yesterday afternoon, doing his usual good work with the willow and performing in a consistent way in the field. Riffert has developed into a mainstay with the wagon tongue and is one of the leading hitters on the college team. Swarthmore was defeated by the University of Pennsylvania yesterday, by a score of 7 to 4. In three times at bat Riffert cracked out a pair of hits and scored one of his team's runs. He was hit by the pitcher in his other time at the plate.

VANITIE LOSES RACE ON TIME ALLOWANCE

Crossed Line First This Afternoon, But Resolute Gets the Decision.

Sandy Hook, June 11.—In the cup trials here this afternoon the Vanitie was the first to cross the finish line, but the Resolute won the race on time allowance.

Although the weather was a little hazy, the yachts in the trout for America's cup were discernable from the shore throughout the trials today. The run for the second mark was off shore. At 1:15 the Vanitie appeared to be maintaining her lead, taken during the first stretch. She proved a better sailor in the light wind and held her lead as they neared the second mark, passing that point unofficially as follows: Vanitie, 1 hour 32 minutes 15 seconds; Resolute, 1 hour 34 minutes, 28 seconds. The Resolute on the run home went in close to shore where she found a little wind and appeared to be gaining.

Shortly after passing the second mark the Vanitie ran into a soft spot and the Resolute took the lead. Five miles from the finish the Resolute was ahead by about two minutes.

By good seamanship the Vanitie again wrested the lead from the Resolute and was ahead when the boats were about one and a half miles from the finish.

MANAGER DORFLINGER WILL PROBABLY POSTPONE GAME

Now that the Plainfield and North Plainfield High School teams have decided to use Parker Field Saturday afternoon for their deciding league game it seems likely that Manager Dorfänger will cancel the engagement he has scheduled for that afternoon on the same field with the Frankfort aggregation. It was stated on good authority this morning that Dorfänger was willing to do anything in his power for the schoolboys in their third game and he will probably notify the rival management at once of the cancellation.

A semi-professional conflict in Plainfield on the same day with the league game would undoubtedly be a failure as all local and borough fans will steer in the direction of Parker Field for the all important schoolboy clash.

MORE UNREST IN BALKANS, SAYS DESPATCH TO LONDON

London, June 11.—A despatch to the Times says that unrest in the Balkans has become acute. Several of the states, it says, have recently been employed in clearing their newly acquired territories of undesirable elements and the Bulgarians have been the principal sufferers. The unrest is attributed to the drastic policy of the young Turks in expelling all Greeks from Asia Minor and Turkish Thrace.

OUTLINE OF WILSON'S ANTI-TRUST PROGRAM

Washington, June 1.—President Wilson's anti-trust program is outlined as follows: First, substitute the Newlands Trade Commission bill for the Covington bill and amend it by adding a provision to authorize the commission to regulate trade practices; second, pass the stock and bond regulation bill framed by Rayburn and Newlands; third, pass the Clayton bill prohibiting interlocking directorates. The President will not insist upon retaining the exemption of labor unions if the judgment of Congress is adverse thereto.

He submitted some time ago, on the ground that it violated state rights.

FINDING OF SLAIN GIRL'S HAT NEW CLEW

Rigid Search Is Kept Up in Winter Casa.

Baltimore, June 11.—The hat worn by Miss Ella G. Winter on Thursday night, when she disappeared, was taken to the home of her mother, Mrs. Laura V. Winter, by Edward Rhodes, the caretaker of a brickyard on Curtis creek.

Rhodes said that he found it Friday morning floating near the second bridge downstream from where Miss Winter's body was found early Monday morning. The hat was identified by members of Miss Winter's family.

Earlier in the day, William Ford, captain of a scow owned by the Davison Chemical company, told Chief of Police Irwin of Brooklyn that he had seen a hat answering the description of the one worn by Miss Winter floating opposite the plant of the Standard Quano company on Monday morning, about eight hours after the body was recovered.

This statement caused Chief Irwin to say that he believed that Miss Winter went overboard at some place other than Flood's park. The situation changed, however, when the hat found on "Friday was brought to the Winter home and identified.

Mr. and Mrs. William Baurer, of Clinton avenue, gave a lawn fete at their home last night for the Sisterhood of Temple Sholem, about seventy-five guests being entertained with a pleasing program of open air amusement. Dancing was a feature enjoyed on the spacious porch of the Baurer home with excellent terrace-chore music, many taking advantage of this particular form of entertainment.

The lawn was attractively decorated for the occasion and illumination was furnished by Japanese lanterns of many hues. Cut flowers were also profusely scattered about the premises. Cards were played and appropriate favors awarded to the winners at each table.

During the evening Harry Blinn and Harry Weber, two well known Elks' minstrelers, appeared in a comedy skit accompanied at the piano by Miss Rae Preger. The committee in charge included Mrs. Max Tepper, Mrs. Herbert Schuldenfrei, Mrs. William Schloss, Mrs. William Newcorn and Ruth Livingston.

Traveling with Children.

The special problem of traveling with children is discussed by Anne Guilbert Mahon in the Mothers' Magazine for May. She makes the following practical suggestions:

The emergency box or bag should always be considered one of the necessities of travel. Court plaster, a small bottle of antiseptic wash, a healing salve, a roll of soft bandages, absorbent cotton for cleansing, etc., should be part of the contents of the box.

Flaxseed or other appliances for removing cinders from the eyes should be included also. A small bottle of soda mint or some other remedy should be carried in case of train-sickness.

It is not best for children to drink too copiously of the water on the train and, to obviate this, the mother should include in the lunch basket plenty of juicy fruits. These will satisfy the children's thirst to a great extent and prevent too much water drinking.

If the journey is of several hours or of a day's duration, the mother will do well to provide a lunch of wholesome brown bread sandwiches or nutritious crackers, even if meals can be obtained on the train or at some station.

Children are bound to get hungry while traveling and if this craving is satisfied by plain, wholesome food, with a little fruit to slake the thirst, and satisfy the desire for sweets, they will not be so likely to clamor for the candy which is sold on the train, an over-indulgence in which is so often the cause of illness during or after the journey. The air in the front of the car is supposed to be better than in the rear on account of the number of passengers breathing it. If it is possible to sit near enough to an open door or window to get advantage of the fresh air without being exposed to a direct draught, the wise mother will avail herself of such a location. If it is possible to include a small, soft pillow in the suit case it will be found to be a great convenience, and a warm wrap for throwing over the little sleeper will also be necessary. The limbs should be straightened out and the child placed in an easy, comfortable position, so it will awake from the nap fresh and good-natured, rather than peevish and fretful.

A pack of Old Maid cards, authors or some other games for the older children, take up scarcely any room and will keep them employed for an hour or more while they forget their cramped quarters. Several pencils and a small pad of paper will be useful in many ways. The children may draw objects which they themselves see from the car window, or others which mother may suggest, then they may color them with colored crayons or pencils taken along for the occasion, or if the children are too little to draw, nothing will keep them more pleasantly occupied than to have mother make pictures of familiar objects. This simple device has been known to keep an active group of children interested for a long time, and the pictures, erasable as they were, were treasured by the little ones even after the journey was over.

Sometimes a new picture book, purchased at the ten cent store, and

brought along as a surprise will keep the little ones interested and happy for some time.

Paper dolls, furniture and animals cut from magazines and newspapers with scissors offer another means for their entertainment. Mother can also introduce games to be played along the way, such as counting the number of horses, cows, telegraph poles, houses and other objects and give a small trifle as a prize for the child who counts the largest number. This game is also useful in stimulating the children's powers of observation.

There are other games, such as the color game, which can be employed while sitting still. The mother says "I see something blue in the car," and the children guess the object.

PLAINS SOCIETY OBSERVES ITS 40TH ANNIVERSARY

The Ladies' Aid Society of All Saints' Episcopal church, Scotch Plains, celebrated its fortieth anniversary at the residence of Miss Kye in Fanwood, yesterday afternoon. The active president and officers, members and former members were present. The meeting was opened by the president, Mrs. H.P. Robinson, with prayer, after which Mrs. Charles L. Sykes, founder of the society and widow of the first rector, read an interesting paper giving a graphic account of the organization of the society in the old schoolhouse at Scotch Plains with twelve charter members, seven of whom are living and five of whom were present yesterday.

The object of the society has been to help the needy and to give financial assistance to the church, which it has continued to do to the best of its ability. The society has increased and prospered, doubling its membership. The paper by Mrs. Sykes was followed by the report of the secretary which embraced the work of later years. At this rather unusual occasion all enjoyed the meeting and greeting old friends and the entertainment was a delightful one. Refreshments were served before the guests said farewell.

Not a home in this city but has its quota of discarded furniture, rugs, stoves perhaps, a wheelbarrow maybe.

A few cents for a Press want ad and some one who needs the very article that lies rotting in your garret will call and pay you for it.

You are better off—new owner is pleased—and the article itself is contributing to the reduction of the high cost of living.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.
