MONEY IN THEIR FOOTBALL.

Curious sequel to the Finding of a Ball of Bank Notes.

REMARKS, June 12.—What promise to be a surprising sequel case was begun today in the United county by the filing of papers for the County Clerk in a suit for the recovery of a treasure of \$1,000, found two years ago by three boys who were searching along the Central Railroad in the suburbs of this city.

The surprised youngsters hastened home with their prize and gave it to one of their fathers, who its confidence troubling him as to what disposal to make of it, resolved to consult John Karon, Chief of the New Jersey Detective Bureau.

Karon took the money to the First National Bank and deposited it in his own name. He advised the boys to keep the money in their pockets, telling of the find and calling on the owner to appear and prove his property.

Nothing came of the money, however, and the boys were left to their own devices. The money was eventually found by the boys, and they were left to their own devices.
