NEUMANN BROTHERS CO.

Whether you buy in small quantities or large, your main object should be to see that your purchases come up to your expectations, namely, Quality and Price. Goods bought merely because they seem exceptionally reasonable do not at all times prove profitable, but those purchased with a guarantee to please at a price that is in keeping with their quality are what most thrifty housewives seek these days. Goods of this description can always be found here.

Coffee—Our selections include only those that are bound to give perfect bouquet and strength. One of our foremost sellers carries our famous White Label.

Babbit's Soap. Those who know this standard brand of goods will realize that in our offering at this price per case a money saving is meant not only now but later on.

They do their own cooking and have their sleeping quarters in the large structure, which accommodates several hundred men.

Many P. H. S. Notables

(Continued from Page One.)

'77. Miss Kimball, who was secretary of the Shantauqua Literary and Scientific Society, died recently.

In the public life of the State and city there are many prominent members of the Plainfield High School Alumni. Some of these are: Senator Ernest R. Ackerman, '80; the late Corporation Counsel, C. A. Marsh, '72; Ex-city Judge William N. Russell, who is now a member of the State Legislature; State Supervisor of Roads, Robert A. Mosher, '70; County Engineer Frank J. Hubbard, '82; a member of the Board of Education, R. Henry Dewey, '89, president of the Citizens' Reform Movement, and Charles M. Doherty, '86, formerly rector of North Plainfield. The librarian at the Plainfield Public Library is Miss Florence Bowman, a graduate of Plainfield High School. Miss Emma L. Adams, high school teacher, is also a member of the alumnae and is engaged in philanthropic work in New York city. Miss Flora R. Petrie has charge of the library at the 47th street branch of the Y. M. C. A. in New York city. Perhaps the most widely known of the graduates of the Plainfield High School is Franklin B. Wiley, '78, editor of the Ladies' Home Journal. Van Wyck Brooks, '04, is the author of the "Wine of the Puritans." Ethel Boardman, '81, is the person who contributes the fascinating designs in the Harper Bazar, doing so under the name of Ethel Rose, Parker. Three of the most skillful physicians have diplomas from the high school: Norman H. Probasco, '94; Thomas D. Blair, '95, and Frank Wilbur Cornell, '96. George L. Babcock and the Andrew McLean Parker, '95, respectively, have rendered financial assistance to the former donating the laboratory to the High School, and the latter presenting Parker Field to the city. Lieutenant-Colonel Therman W. Oberlin, '01, is stationed at Honolulu, and Lieutenant Frederick Taber Van Aiken, '03, of the navy, is in command of the battleship Oregon. The only colored college graduate among the alumni has made a mark for himself. Miss Anna Broadnax, '04, Oberlin, was valedictorian of her class and is now teaching in a college at Wilmington, Delaware. Miss Adele Hope Kirby, '93, assistant treasurer of the Plainfield Trust Company, enjoys the unique distinction of being one of the few women of the United States to hold such a responsible position in a banking institution. Cyril Brown, '03, is one of the many correspondents at the German front. Ferdinand Tietz, a graduate of Plainfield High School, and of Alfred University, is now circulation manager of Scribner's Magazine.

Perhaps, one of the best known graduates of the Plainfield High School is William D. Murray, '03. Mr. Murray is an author, a lawyer, a Sunday-school superintendent and president of the local branch of the Young Men's Christian Association. He is probably more widely known by the present generation of High School students than any other member of the alumnae association, as he very often occupies the lecture platform during chapel exercises.

EAST AND WEST.

The debate which was arranged some time ago between the representatives of the West End Community Centre and the East End Civic Association and which was postponed at the time, has been scheduled to take place on 30th March, evening of next week. Unless some announcement is made to the contrary between now and Monday, local citizens will have an opportunity of hearing the merits of the West End contrasted with those of the East End. The West End representatives will be: City Clerk John J. Carroll, W. J. Boyd and Thomas Van Wyck. The East End defense will be made up of Robert Newton Crane, Councilman Charles S. Smith and the Rev. Edward S. Ralston.

OPEN FOR BUSINESS

The disastrous fire in the rear of my store Sunday afternoon did not affect the business part. Neither fire nor water reached the front section of the store.

I wish to take this opportunity to express my appreciation for the efficient work of the police and fire departments. The blaze was handled in a faultless manner and the excellent work of the firemen probably checked its spread to greater proportions.

Close Night School for Present Term

Night school sessions at the Plainfield High School were ended on Thursday evening of last week and will not be resumed until next September or October. Throughout the State, the night sessions have been discontinued for the present year, the action taken being due in a great measure to sickness and falling off in attendance.

According to those in charge of the night school work, the present conflict in Europe has had considerable effect on the attendance. A careful scrutiny of the roll-book during the past few months reveals the fact that Southern Europe has had a larger representation than Northern Europe. Most of the men and women who heretofore availed themselves of the opportunity of attending the night school classes have grasped the chance to work overtime in the shops and have allowed their study to become neglected. However, there was at one time an attendance of one hundred and fifty pupils at the evening school. Mrs. Sarah Wardner, the principal, has been compiling her report for the year and is of the opinion that much good has been accomplished by the sessions.

The teaching staff numbered seven, including Mrs. Wardner. There were two classes for men, the instructors being A. C. Hawkins, principal of the Wakefield School, and Mr. O'Neill of Dunblair. It is planned to resume the night school in the fall and it is hoped the conditions at that time will be such as will enable the work to go on without hindrance. The closing exercises last week were simple and a large percentage of those attending the school intimated that they fully intended availing themselves of the opportunity to resume study when the evening school is reopened.

Chandler Elected to Executive Board

Declaring its opposition to any plan to admit children or teachers to the public schools of the State who have not been educated in the State, the Jersey Association of Health Officers at its meeting in Trenton Saturday afternoon adopted a resolution placing the organization on record against House Bill No. 55, which embodies the idea of admitting children introduced by Assemblyman HARRY D. JOHNSON, of Newark. President Edward, of the association, declared the bill to be "pernicious."

A spirited contest for president for the ensuing year of the organization culminated in the election of Dr. W. P. Wilsey, of Perth Amboy, defeating Dr. Charles V. Crockett, of Newark. James E. Brook, of Glen Ridge, was chosen vice president unanimously, and C. H. W. of Monmouth, chosen treasurer. The new executive board will be composed of L. J. Richards, Elizabeth; John Hall, East Orange; T. J. Dunfield, Summit; John W. Ryan, Passaic; Dr. Charles V. Crockett, Newark; Randolph Chandler, Plainfield, and T. Dudley Ballinger, Orange.

A number of bills recommended by the legislative committee to be introduced at the present session were approved, including one authorizing local boards of health to license midwives. At the present time this is done by the State Board of Medical Examiners. Considerable discussion was provoked by this recommendation. Dr. Frank H. Smith, of Jersey City, retiring president of the association, stating the measure is needed. He said midwives in Jersey City have been found to be engaging in very reprehensible practices. The bill will apply to all municipalities. A bill to permit the sale of colored plombarine was introduced, as was another to broaden the powers of local boards of health.

A proposed law providing for a medical examination for food handlers of all kinds, including soda fountain clerks, and another providing that the Commissioner of Labor will not license a bakery or ice cream factory until the local board of health gives its approval, were both approved by the health officers. Another bill calling for the making of ice cream out of cream that has been pasteurized was also introduced.

PETER FLOERSCH REMOVES TO NEW AMBOY HOSTELRY.

Peter Floersch, who has successfully conducted the Queen City Hotel during the past eight years, has removed with his family to the New Backer House, which he will conduct in Perth Amboy.

The New Backer House will be formally opened next Thursday, when the Chamber of Commerce of Perth Amboy will hold its annual banquet. Mr. Floersch will hold a banquet for his many friends in this city in Perth Amboy next Thursday. He and elaborate preparations are now being made for the affair, while the bar at the Queen City Hotel will be kept open until next Thursday, the closing night for the hotel was Saturday. All during the evening, the dining room was crowded with friends of the Floersch family who were called to say farewell, and to wish Mr. Floersch continued success.

COLE PASSES TEST.

Clifford Cole, of the undertaking firm of High & Cole, of this city, was one of the nine successful candidates who took the undertaker's examination held in Newark on January 21. There were twenty-two candidates but only nine successfully passed the test. For the twelfth consecutive time John P. Martin, of Elizabeth, was elected secretary of the State Board of Undertakers and Embalmers at their annual meeting held in Atlantic City during the past week.

Mr. and Mrs. Ferdinand Lewis Tiltworth, who were recently married here, will be "at home" to many friends after Thursday of the coming week. Mr. and Mrs. Tiltworth have taken a room at 1934 University Avenue, New York City. Mrs. Tiltworth is circulation manager of Scribner's Magazine.

The AEOLIAN-VOCALION

Style \$100.

The Phonograph of Richer Tone That You Can Play

THE Aeolian-Vocalion is a phonograph of such superior musical quality that it is virtually a new type of musical instrument.

Tonal richness and fidelity distinguish the Vocalion. Deep voices of the orchestra that the talking machine intones but dully, high notes of the human voice that have sounded so thinly from your records—these and all the tonal beauties with which music is enriched, the Aeolian-Vocalion re-voices undimmed in splendor, unchanged in subtlest quality.

AND THE WONDERFUL GRADUOLA

This remarkable invention, second in importance only to the invention of the phonograph itself, has made the Vocalion truly a musical marvel. Through the delicate tone-control which this ingenious device provides, you literally may sing with the voices of the greatest artists—play with the skill and technique of the greatest instrumentalists.

All Models of the Vocalion Are Sold on Liberal Charge Terms

The Aeolian-Vocalion is on exhibition and sale, in New York, only at Aeolian Hall. Whether or not you are a possible purchaser, you are cordially invited to hear the instrument demonstrated.

Besler Pledges Aid of Jersey Railroad

In the event of this country getting into war with a foreign power, great deal of the successful defense of strategic points would depend in large part on the proper cooperation between the military authorities and the railroads. William O. Besler, of this city, as president of the railroad represented the Central Railroad of New Jersey at a meeting in New York several days ago when the railroads of the entire country pledged themselves to the support of the Government in the event of a break with Germany, and assured the administration at Washington that the roads would give earnest cooperation with the National Council of Defense appointed by President Wilson.

This action, taken at a special meeting of the executive committee of the American Railway Association, was unanimous, and was attended by patriotic speeches from several prominent heads of systems, including Mr. Besler.

Fourteen members were added to the special committee to work with the military authorities so as to constitute a committee of eighteen members to represent the work which the National Council for Defense has in hand and which will be known as the Special Committee on National Defense of the American Railway Association. The committee was made up to be representative of the four army districts. As a member of the committee and representing the Department of the East, Mr. Besler, in case of war, would become a prominent figure in this section of the country. The committee will have complete charge of all mobilization arrangements under the supervision of the military authorities. The committee will direct the shipment of food, coal and other supplies in national emergencies arising out of the break with Germany.

Democrats Plan to Stage 'Come-Back'

For the first time since November, the Democratic party poked its head above the ground and showed signs of life this past week. It announced the "faithful" that it is not dead, but slumbering; that it is retaining consciousness—recovering from the effects of the tremendous wallop received at the last general election, and would fight the coming possibilities of Ten Eyck R. Beardsley for State Senator and William W. Schlicht for sheriff.

Beardsley, whose home is in Plainfield, was a candidate for Assembly in 1914. He is a New York lawyer and has been active in the interest of the party in his home town and in Plainfield. Schlicht is engaged in the butcher business in Elizabeth. He is one of the most popular members of the Elizabeth Lodge of Elks, and while never recognized as an out-and-out party man, is believed by his friends to have efficient Democratic tendencies to make him an acceptable candidate.

The Democrats seen an opportunity this fall of coming back. They, judging from the gossip surrounding the possible candidacy of Beardsley and Schlicht, believe capital can be made of the aspects which they declare have resulted from the freeholder probe and the break between the Republican organization and State Senator Carlton B. Pierce. They would like to concentrate upon an up-county Democratic for State Senator and an Elizabeth man for sheriff. How far the concentration will succeed, if concentration is tried, is a question which will not be answered until the late summer or early fall. In the past, under the name of a ticket geographically balanced, mobilization plans have failed, and failed miserably. The party has always had enough aspirants for county offices in Elizabeth to knock out of kilter the entire topography of what might have been considered a well-balanced ticket.

"Before I Went To Sleep

That night," said one of the biggest undertakers in a western New Jersey town, "I knew that the wooden box was already half full of water. At that time I didn't know about the Norwalk Vault. But from now on it will be used at every funeral in my charge." The best undertakers in this region are years ahead of that man—they have been using the Norwalk right along.
