**"Eleven P. M." Starring
Blanche Bates, Here Tuesday**

That well-known American actress,
Miss Blanche Bates, will appear at
the Plainfield Theatre, matinee and
night, April 17, in a new play by

Blanche Bates.

Paul M. Potter, entitled "Eleven P. M." This is a scene from the local
production. Miss Bates has achieved
many successes in the past that have

endured her to the theatregoing
public, and in her new production by
the author of the famous "Trilby,"
she is said to be provided with a ve-
hicle eminently suited to her electric
personality. As an actress she is sec-
ond to none on our stage, and as a
woman her high ideals for the best
in the American theatre have endow-
ed her to the public and to her pro-
fession. It will be good to see her
again and to know that her brief re-
turnment, due to the lack of a suit-
able play, is definitely at an end. Her
managers, T. H. Hunter, Inc., have
provided her with the best possible
support of cast and production. Wil-
son Lackaye, one of the best actors
on our stage, is the featured member
of Miss Bates' remarkable company,
which also includes such excellent
players as Charles Hammond,
Thomas J. McDevane, Charles Butler,
Louise Mackintosh, Janet Travers,
Jeffrey Travis, J. H. Barnes, Ford
Penmore, Maria Amara, Sallie
Harcourt, George Gaston, Henri
Virey and Albert Prieco.

The play has received the highest
praise from critics in the cities to
which it has shown and is the best
of its kind. It is the most successful
in the annual testimonial to David
Rogers, the treasurer, and that alone
should insure a full house.

**Huge Spectacle
For Proctor's**

Miss Geraldine Farrar, who has
just completed under the direction of
Cecil De Mille a filmed version of
the life story of Joan of Arc, entitled
"Joan the Woman," recently discus-
ed the difference between the art of
motion pictures and grand opera
acting. The picture will be shown at
Proctor's Theatre for three days, be-
ginning next Monday, April 16th.
"There is something so different
about creating a role for the camera
and creating a part for the opera,"
said Miss Farrar. "The two arts are
not so closely allied as one would
think. With the opera there are
weeks of preparation, to be sure, and
then comes the premier. It is true
that great latitude is allowed on the
operatic stage for the development of
character and to the broadening of
effects. But after all, the fundamen-

**Midnight Maidens
At Theatre Monday**

Considerable interest is displayed
in the announcement of the *Midnight
Maidens* as the attraction which
comes to the Plainfield Theatre,
Monday, April 16. Not only is it
offering a noteworthy one on account
of its large display of vaudeville spec-
taculars, but its chief attractiveness is
in the two rollicking farcietas, en-
titled "A Trip to Pisco" and "Fun in
Hollywood." A stage on a stage
with brilliant hilarity exploded from
the mouths of two boxes adjoining the
stage behind the footlights, is one of
the best hits ever seen in extra-
vaganzas.

A large cast has been engaged and
an extra large number of skilled me-
chanics will provide the different set-
tings and effects.
Grace King, the well-known and
dainty singing ballad, claiming to be
the first one who ever introduced a
specialty of this particular charac-
ter: Fern, Blagov and Modan, in a
conglomeration of eccentric dor-
eries; Hanscom and Vernon, prom-
inent whirlwind dancers; Billy Barry,
the Celtic melodist; Helen Byron,
prima donna; Clara Gibson, dashing
acrobate; Ethel Vernon, a com-
edienne of charm; Harry Hearn, a
suspense match provoker; William
Hoyt, a unique and clever German
comedian; Charles Cardon and oth-
ers will be much in evidence.
There is a wealth of wardrobe in
which the well selected chorus will
be seen to great advantage. A score
of musical and dancing ensembles
and the scenic splendor is unsur-

Miss Farrar as "Joan."

tales of the performance continue the
same in its various repetitions.
"The past summer has been a revela-
tion to me. For nearly three
months, many hours every day and
sometimes far into the night, I have
watched the story develop from an
idea into a massive production. I
think Mr. De Mille has done wonder-
ful things and I believe the scenario
by Jeanie Macpherson is to be a re-
velation to those who doubt that a long
picture must rely upon its spectacular
features to the exclusion of its heart
interest. It is true that throughout
this picture there are various
extraordinary spectacles, such as
the battle scene in the siege of
Orleans, but one never loses sight of
the central figures, her hopes, her
tragic moments, disappointments and
her failures."

**Youthful Wanderer
Booked At Theatre**

Norfolk L. Bow, the American
Boy Scout, who interviewed Presi-
dent Wilson, the Kathar, Lord Kitch-
ener and other world famous charac-
ters, will be at the Plainfield Theatre
today and tomorrow, when he will
tell of his experiences in traveling
about the world. Although only a
youth, he has seen more and gone
through more than many a full
grown man and narrates it in an in-
teresting manner.
Another number on the bill that is
especially appropriate to this season
of the year is a comedy sketch with
a patriotic motif, entitled, "The
Shackler." It is presented by Johnny
Walker and his company and treats
lightly with a serious question. The
other three numbers on the program
include: The "Harbor Car" Trip,
comedians; Baker & Lane, clever girl
dancers and singers, and Ross &
Stewart, variety artists.
The latest motion picture release
will be shown, including Pathé News
and Mutual comedies.

**Forget Your
Headaches**

We respectfully solicit your pa-
tience when in need of glasses, as
we already have a large following
of satisfied patients in Plainfield.

**DEPARTMENT OF MARINE AND
INSURANCE**
Created by Act of Congress, March 3, 1917.
Whereas, the United States Marine Insurance Company,
located at Cincinnati, in the State of Ohio,
has filed in this Department a sworn statement
for the proper officers thereof, showing its
condition on December 31, 1916, and business
for the year and has complied in all respects
with the laws of this State applicable to it;
Now, Therefore, I, George M. LaMonte,
Commissioner of Marine and Insurance of the
State of New Jersey, do hereby certify that
said Company is in good standing and is trans-
acting its business in accordance with the
provisions of the laws of this State relating to
marine and insurance companies, with
law, until March 1, 1918. The condition and
business of said Company for the year 1917
statements are shown as follows: \$115,000,000
Liabilities, except Capital and Surplus, \$115,000,000
Paid-up Capital, \$115,000,000
Surplus over all liabilities, \$115,000,000
Income for the year, \$115,000,000
Disbursements for the year, \$115,000,000
In Witness Whereof, I have hereunto set
my name and affixed my official seal at
Trenton, the day and year first above written.
(Seal) GEORGE M. LAMONTE,
Commissioner of Marine and Insurance.

DEATHS OF A WEEK

HOWARD P. REYNOLDS.
Howard P. Reynolds, dean of Plainfield druggists and a resident of this city for over fifty years, died at his home, 814 First place, Sunday afternoon in his seventy-fifth year, following a paralytic stroke. Born at Gloucester in 1817, he moved to this city after graduating from the New York College of Pharmacy and for a time conducted a drug store with the late Randolph Steele. He was at one time a member of the Common Council and in 1877 was prominent in organizing Muhlenberg Hospital. He was survived by a sister, Mrs. Elizabeth Reynolds, and a niece. Funeral services were held from his late home Tuesday afternoon at 2 o'clock. Rev. John Sheridan Ziegler, of the Crescent Avenue Presbyterian church, where he was a communicant, officiating, and interment was made in Hillside cemetery.

ASA HARTPENCE.
Asa Hartpence, a resident of this city for many years and a farmer by occupation, died at Muhlenberg Hospital Monday in his sixty-fifth year after a week's illness. He contracted pneumonia during the recent warm spell. He is survived by a sister, daughter and nephew. Private funeral services were held Wednesday.

MRS. MATILDA O'BRIEN.
Mrs. Matilda O'Brien, a cousin of former U. S. Senator James Martin, and sister of the late Judge Randolph B. Marline, a prominent New York jurist, died Sunday night at "Cedarbrook," on Watchung avenue, following a lingering illness from complications. She was a native of New York, but since the death of her husband had passed most of her time in this city, where she was well known. A sister and four cousins survive. The funeral services were held Wednesday morning at 11 o'clock from "Cedarbrook." Rev. E. Vicens Stevenson, rector of Grace Episcopal church, officiating, and interment was made in Sleepy Hollow cemetery, Tarrytown.

AUGUST MOSHER.
August Mosher, employed as a weaver at the Watchung Silk Mills in the borough of Passaic, Tuesday morning while at work in the factory. A physician called from Muhlenberg Hospital said that heart trouble caused his death. He was a resident of

Stirling and had been working at the mills for but one day. He is survived by his mother, who lives in Stirling. Funeral services were held from his home yesterday.

DR. JOSEPH FRIEDLANDER.
Rev. Dr. Joseph Friedlander, rabbi of Temple Sholem for the past year and prominent among those of the Jewish faith, passed away at Muhlenberg Hospital Sunday night, following a short illness from a complication of ailments. A native of Scotland and a graduate of the Jewish College in London, he was for a time located at Melbourne, Australia, but for the past twenty years had been in various parts of the United States. One brother survives. The funeral was held from Temple Sholem at 1 o'clock Tuesday and was in charge of Rev. Jacob Goldstein, of Bensonhurst, L. I., assisted by Rev. Solomon Foster, of Newark.

GEORGE W. MONFORT.
George W. Monfort, for the past thirty-three years a photographer in this city and a resident for over forty years, died Sunday night as the result of an attack of heart failure, which followed a series of illnesses lasting since February. He was sixty years old and born at Manseth, L. I., but came to this section in 1870 and went in business under the name of Fletcher & Monfort, photographers, and later going by himself. He is survived by a wife and brother. The funeral was held from the late home on Arlington avenue Wednesday afternoon with Rev. Charles E. Anderson, pastor of the First M. E. church, officiating. Interment was made in Hillside cemetery.

JONATHAN B. QUINN.
Jonathan B. Quinn, a resident of this place for nearly twenty years and eighty-five years old, died at his home on Clinton avenue Saturday as the result of a stroke of paralysis, which followed a series of illnesses lasting since February. He was a native of England but came to this country sixty years ago and engaged in business as a woodworker. Since living here he had retired. He is survived by two daughters, three sons and a granddaughter. The funeral was held Tuesday night from the late home, Rev. Cortlandt H. Muller officiating, and was private. Interment was made in Woodlawn cemetery, New York.

Fanwood Concentrating Efforts On Home Guards, Red Cross and Farming

Preparations are underway in every town, village and hamlet throughout the United States for the coming of the Home Guards, Red Cross and Farming. For such a complete mobilization of its resources as has Fanwood borough, in order that every resident be doing something for the war, while three different branches of effort have been organized: namely, The Home Guards, community farming and Red Cross work. Officers have been elected and active measures have already been taken.

The control of the idea is vested in a board of directors and is the outcome of a campaign on the part of the Civic Association. Edward Meeker has been elected president. Frank Bonnell, vice president. John Knight, treasurer, and Arthur Kay, secretary. They are to be helped and advised by committees. Mrs. Albert I. Niechi in directing the work of the Red Cross Society. Major James Strausse, a retired army officer, will be military director until called to the colors, and Hubert Beardsley will probably be chief of the community farming project.

The women and young girls of Fanwood have been engaged in Red

Cross work for some months and as a result have a base hospital practically equipped. The Home Guards were organized during the past week and farming will be started as soon as the weather permits. At the organization meeting of the Home Guards seventy-six members rolled under the direction of Captain J. J. Thomas, of Westfield, and already application has been made to the Government for an allotment of Kralic rifles. A site for a suitable rifle range is now being picked and as soon as possible uniforms will be secured. Major Strausse will probably have his men out for their first drill tomorrow afternoon.

While everyone will help in the community farming, it will be especially for those who are unable to take an active part in the Home Guards. A fund in to be raised to pay for the plowing of ground and the remainder of the work will be done by individuals. A number of property owners have granted the use of unused land for cultivation and before long onions and potatoes will be a common sight on front lawns.

All Wireless Stations Are to Be Dismantled

Announcement by the War Department that all amateur wireless stations are to be dismantled while the present trouble is occupying the country's attention means that a number of Plainfield youths will have to discontinue their outposts for the time being, at least. While the police department has not yet received instructions to superintend the dismantling something definite may be expected at any time. Secret Service men have on a number of occasions interested messages evidently intended for hostile people and this week even announced that New York was put out of communication by the police. Although there are quite a number of stations in this city many of them are large for the time being, at least. When a request is made to each one possessing a station they will likely be willing to help by taking their apparatus down.

VISITED ATLANTIC CITY.

Mr. and Mrs. Robert Newton Crane returned home Sunday from Atlantic City after spending five days. City Tax Collector and Mrs. William R. Townsend went to Atlantic City. William Counihan, one of the managers of the Plainfield Theatre, and Mrs. Counihan spent last week at the same Atlantic resort.

HANDLING FINANCES.

A. M. Hark of Central avenue, is chairman of the committee handling the financial affairs of "Billy" Sunday's New York revival, which opened last Sunday.

Fashion is not all Vanity. The appeal to the beautiful is ages old. Beautiful Shoes are every woman's right and it is our pleasure to satisfy their needs. Our line of Pumps and Summer Shoes is very complete.

PLAINFIELD, N. J., FRIDAY, APRIL 13, 1917.

JUST A SUGGESTION: NOT A CRITICISM.

Although there has been hardly an utterance of complaint from those members of the Home Defense League who have been assigned to guard duty the plan of patrol now in use does not appear to be the most efficient that could be mapped out. The policy of compelling a man to cover a post for four or five consecutive hours does not savor of military ethics and it is doubtful whether or not the commanding personnel is getting the desired results. During the past week men have been detailed to guard the water tanks in the east end of the city, the duty being assigned in four-hour shifts, a man going to the post at a designated hour and leaving for home as soon as relieved.

In the Federal army and in the militia a man is seldom called upon to patrol a post more than two hours at a time; the general rule being to do duty two hours and rest four hours in an appointed guard house near the post. He is thus enabled to obtain the amount of rest during the night that will make him fit for service the following day.

As we understand it the Home Defense League has adopted an eight or ten-hour shift schedule at the water tanks, one shift of men reporting at 9 o'clock and working four or five hours and another detail going on duty at 1 o'clock for a similar length of duty. The period of activity is altogether too long for the seasoned soldier and it is only reasonable to expect that it is too exacting from the volunteers who have their own business interests to look after the following day. If instead of having two shifts all of the men were ordered to report at 9 o'clock and serve in alternating details a bigger squad would be available at all times and greater efficiency in patrol work could be attained. There would be a reserve force stationed at the guard house at all times which could be mustered out at short notice. In the present plan trouble at one post would no doubt necessitate calling the guards from other posts and leaving certain spots unprotected.

The present plan may also have its good features but it is hard to believe that a man patrolling one post for four hours consecutively is capable of rendering the same efficient service as a man working in alternating shifts.

RED STAR MOVEMENT WORTHY OF SUPPORT.

An effort is being made locally to stir up interest in the Red Star work authorized by the United States War Department and there are sufficient reasons for a general endorsement of the project in this and other communities of New Jersey and the nation. The Red Star move will be patterned after the Red Cross organization but the new activity will take charge of horses and other dumb animals during war time instead of human beings. The care of beasts of burden has been a troublesome proposition to the government in previous times of stress and the Red Star movement bids up as the most logical solution to the problem. On the battlefield and in the training camp much depends upon the animal and an organized force to work for the preservation of the horse and mule is much needed.

The recent Mexican border campaign stands out as a graphic example of mistreatment received by horses and mules. The soldiers did not have the necessary time to devote to the care and acclimation of the equine and as a consequence many of them died or had to be shot after considerable suffering. It is the aim of the Red Star movement to do just such work in the army camps, relieving the enlisted men of the responsibility for sick animals and providing qualified veterinarians to doctor and care for them.

Mrs. Stephen G. Van Hoesen, district agent for the S. P. C. A., has been designated by the Secretary of War Newton D. Baker as the local representative of the Red Star and she is making an earnest plea for volunteers. The departure of work should appeal to any lover of horses and also to the patriotism of skilled veterinarians.

"HOLD-UP" SCHEME DISGUSTED PUBLIC.

Officials invested with authority to issue permits for public demonstrations of skill or cunning in our city streets should see to it that no such "hold-up" scheme was practiced on the citizens of Plainfield Wednesday night is again allowed. The "steep-leak" who drew a crowd of two thousand unexpecting persons to Front Street and Madison avenue was a schemer of the first class. His plan was to sensationally advertise a feat of climbing on a public thoroughfare and then refuse to perform until he was presented with every cent of twenty dollars. He appeared at a designated spot at 8:30 in the evening, delivered a long-winded oration favoring wholly of self-praise, declared he would have to be furnished with the \$20 before going through his advertised performance, and after counting his collection and finding himself a little over a dollar short used this excuse for another delay.

The throng was a thoroughly disgusted one and the calibre of exhibition he finally gave added still more to their distaste. He climbed the side of the Andrews building with the same skill as a carpenter would saw a piece of wood or a window cleaner would shine a piece of cut

glass. In the meantime traffic at one of the busiest corners of the city was stopped for nearly an hour at a rash period. That there were no serious accidents was fortunate.

Applicants for similar exhibition permits will stand investigation. On this occasion the public was "bilked" out of \$20 in one of the slickest ways conceivable.

FEDERAL RIFLE RANGE NEEDED IN NEW JERSEY.

Senator Frelinghuysen has selected the Great Piece Meadows, near Caldwell, as the logical site for a Federal rifle range and his suggestion that such an asset to national preparedness should be established immediately is likely to meet with the endorsement of his colleagues in the United States Senate. The spot is situated in the midst of a population of over 8,000,000 people and they are in urgent need of some facility of this character in order that they may train in marksmanship.

There are approximately 6,000 men in the rifle clubs of New Jersey but the organizations are widely distributed and in some parts of the State firearm practice is strictly banned. In Plainfield we have been given the advantages of a well appointed range in the rear of police headquarters. Its popularity was evidenced at the start and not a day has gone by since its inception that numerous business and professional men have not reported to better themselves as marksmen. What Plainfield needs other communities need and the Federal rifle range would supply the facility in a way that no other project would take care of it.

Military authorities have placed the stamp of approval on rifle practice in municipalities and there is every reason to believe that other cities of the State will follow the example set by Plainfield.

MAJOR CALKINS FOR THE STATE ASSEMBLY.

Although it is still a little early for the political bee to start buzzing in his noisiest tones informal comment being passed around the county indicates that there is a movement in the course of formation to put Mayor Leighton Calkins in the assembly race next fall. Whether or not the city executive will consent to run for the nomination has not as yet been announced, but he is known to have his quota of ardent supporters throughout Union county and if his name goes on the Republican ballot it is certain to gather a substantial vote. Mayor Calkins has formed an intimate acquaintance with municipal, county and State affairs and is fully qualified to assume an intelligent stand on all matters.

Rumor has it that Carlton B. Pierce is slated to go at the next election and if Mayor Calkins enters the race and is successful there is little doubt but what he will succeed the Cranford man. He will be given the Republican vote from this end of the county and there are those G. D. P. stand-bys in the Elizabeth end who do not feel kindly toward Mr. Pierson. When the proposition is presented to the mayor in a formal manner it is to be hoped that he will see his way clear to accept.

DISMANTLE WIRELESS DEPOTS; AVOID TROUBLE.

One phase of home defense work that should be assigned to our Plainfield league is the dismantling of amateur wireless stations in and about the city. This matter should be taken up at once and unlicensed operators should be given to understand that their equipment will be confiscated and destroyed if allowed to remain in position. It is probable that the Federal government will order such measures in Plainfield as it has elsewhere but the Home Defense League could be of marked assistance in taking a census of the amateur plants operated locally.

While a majority of the stations located near here are not of the powerful type the government has made it a rule to dismantle wireless outfits of every description, whether they are capable of receiving or sending long distance messages or even if they are temporarily out of commission.

Local operators should demonstrate their patriotism to the extent of complying with orders that have been issued elsewhere. Sooner or later the task of tearing down stations in this vicinity is going to commence and it will then be necessary for the owners to furnish the War Department with a detailed account of themselves, their intentions and their apparatus.

OBEY THE LAW. KEEP YOUR MOUTH SHUT.

"Obey the law and keep your mouth shut" is the literal meaning of an important point in Mayor Calkins' proclamation. The chief city executive wisely advises us to treat our neighbors of German birth with consideration as LONG AS THEY CONDUCT THEMSELVES INOFFENSIVELY. He suggests that we make allowances for the natural feelings of sympathy which Americans of German descent will have for the unfortunate plight of the country of their origin but it is only reasonable to expect us to deal with aliens or naturalized Americans decently as long as THEY OBEY THE LAW, AND KEEP THEIR MOUTHS SHUT.

Mayor Calkins calls upon Plainfield citizens to display the Stars and Stripes and by this time they should be flying from every American home. You as an American citizen have a right to resent any affront to the emblem of Americanism but exercise good judgment in dealing with those of unpatrician tendencies. You have the right to appeal to the proper authorities and you may rest assured that you will get the satisfaction your red blood demands.

HOW ABOUT THAT TROLLEY EXTENSION?

The demand for a Plainfield-South Plainfield trolley line was never more conspicuous than it is at the present time. The buses operated by the Plainfield Transit Company are partially fulfilling the needs of the people in the suburban village but the establishment of a definite route with a more frequent schedule must necessarily follow. Plainfield merchants are awake to the fact that some of their most profitable trade comes from the adjoining town and if they are going to keep or increase it they must furnish their customers with better means of transporta-

tion. Manufacturing interests have caused people to flock to South Plainfield in large numbers of recent years and the business interests of the town are not capable of filling the demand. Plainfield merchants have profited largely by South Plainfield trade and it would be to their interests to revive the movement for an extension of the local trolley service to the suburb.

N. S. A. S. ROUTINE HAS ASSUMED BIG PROPORTIONS.

With a steadily broadening scope the National Special Aid Society is bringing its influence to bear more prominently each day. The character of the work being conducted is highly patriotic as well as essential to the demands of this important era in the nation's history and those at the helm deserve every assistance and encouragement the community may give them. The society has adopted a program that will be indispensable in the event of actual warfare and through its channels the women of Plainfield will be given the opportunity to play a conspicuous role.

Weeks of preparation have mobilized the National Special Aid Society's forces to war-time strength and the leaders have determined upon the avenue of activity through which they will be of best service to their country. Time and energy devoted to preliminary details by the chief movers in the organization have developed a program designed to influence womankind to do a man's work while the nation is engaged in a struggle with the enemy.

"PLANTING DAY" ONE WEEK FROM TOMORROW.

Governor Edge has issued a proclamation designating Saturday, April 21, as "planting day," the object being to encourage the development of agricultural interests in the State to the utmost point possible in order that New Jersey may contribute its fullest share to the food resources of the nation. School children as well as householders are urged to join in the movement. Every foot of ground should be made to count during the coming summer months and the State should turn out four or five times the quantity of garden truck it has in previous years.

The governor's proclamation is self-explanatory: "The period is one of uncertainty. There is no lack of confidence or patriotism, but the food raising, economic question is not as clear and distinct as we would have it. One sure way of dispelling the mist of uncertainty in this respect and re-establishing that stability which we should have to increase the productivity of our farm lands."

FAMILIARIZE YOURSELF WITH MILITARY COMMANDS.

Today is the eighth day of the war. Already a number of lives have been added to the nation's war toll although we have not engaged in actual conflict with the German forces. Persons who persist in disobeying military commands in this serious era must expect to pay the penalty. The government has ordered its guardsmen not to take any chances; the militiamen have been commanded to shoot to kill when their order to "halt" is flagrantly unheeded.

Every good American should familiarize himself with the military commands published elsewhere in this paper. If he fails to respect the uniformed guard's orders he must suffer the consequences. This is no time for trifling and the trifle is looked upon as a menace to the nation.

Complaints have been made by several individuals who have occasion to use the streets in the business section relative to the reckless manner in which the motor-car is used by the postoffice messenger to deliver and receive mail from the railroad depot is being driven. There has been a very evident disregard of pedestrians' rights and it is high time the colored chauffeur was "jacked" up. He has averted a number of accidents by narrow margins and he seems to be inclined to continue the daredevilry until something serious occurs. Mails must be delivered to trains with every possible dispatch but there is no law which allows a postal service employee to drive a car at excessive speed endangering life and limb. The postmaster has had the matter brought to his attention and if he finds that the individual in question is not competent to control the machine in the proper manner he should be given to understand that there are other men available who will observe the law.

With the coming of summer we are once more reminded of the inhuman duty our policemen are called upon to perform when stationed during the day time on a business section beat. The traffic patrolmen are often times compelled to stand for hours at a time at the juncture of Park avenue and Front street with a broiling sun beating down upon the brick pavement which acts as a ready reflector or heat. Conditions are had enough in the winter time but the scorching sun's rays make the job a very high intolerable one in mid-summer. Other cities have erected a small shed at traffic stations and the men on duty is thus enabled to perform his work with less discomfort. It would cost the city only a small sum to perform a similar humane act and the deed would be greatly appreciated by the patrolmen.

Work being done by the Plainfield Belgian Relief Society has been given more or less prominence during the last year but few people realize the extent of the service rendered. Local women have devoted generous portions of their time to work for the relief of the stricken people of the war country and the results are inestimable. It is only reasonable to expect that the Plainfield Belgian Relief Society will turn its energies in another direction should America become involved in the struggle and the organized efforts of the women enthusiasts will undoubtedly prove of even more value to their home country than they have abroad.

The consumers are not so much interested in how high the cost of ice will be next summer, but in the excuse that will be put forth justifying the high prices in view of the bumper ice crops of the last winter.

Auto Brigade to Be Formed Cadet Officers Named at P. H. S.

With a view to definitely establishing the prescribed duties and rights of volunteers the Home Defense League announced the following list of regulations at Wednesday night's meeting:

1. Members of the League shall carry their badges at all times; and display them at drill nights and also whenever on duty.
2. Members shall carry night sticks only on duty and when otherwise specially ordered.
3. Members shall wear uniforms only on drill nights, and when detailed for duty.
4. Members shall carry fire arms when on duty, at target practice, and on drill night upon the issue of orders to that effect by the commander.
5. Members of the League are required to appear for drill, practice, and patrol or other police duty, as and when ordered unless excused, in advance on account of sickness or great emergency. Members whose private affairs interfere with absolute regularity will be asked to withdraw in order that men on the waiting list who are eager to join the organization may be able to conform to military regulations may be selected in their stead.
- It is further announced that the National Special Aid Society has very kindly offered to serve hot lunches at police headquarters just before and immediately after the hours when men go on and off night duty. Further notice these lunches will be served between 8:30 and 9 p. m.; between 12:30 p. m. and 1:30 p. m.; and after 5 p. m.
6. The committee will shortly appoint a sub-committee to organize an automobile brigade. The men of Plainfield who cannot otherwise work as active members of the Defense League for patrol duty, but who own automobiles and are able to offer their services in that way, will be invited to communicate with the chairman of the Automobile Committee as soon as appointed. The service will be performed by car members of the automobile brigade will probably be to drive his car on regular assigned nights, possibly as often as once a week, call for men when needed and take them from their homes to their posts and return them when relieved. This is the tentative plan which the Automobile Committee will work out in detail.
- As soon as the League is recruited up to full strength, Commander Ransom will make a permanent squad assigned by the district. The Mayor and Police Board on recommendation of Chief Kieley will then probably call upon the League for the assignment of a certain number of cars for patrol duty each night on short four-hour shifts. By this arrangement, members of the League may be called out for four hours as often as once a week. The patrol service will cover various sections of the city. This will relieve a number of regular police officers and also, if needed, as an emergency reserve force at police headquarters ready to go out at a moment's notice.
7. The committee announces the appointment of Henry W. Brower as reporting secretary of the League. He will have charge of all records and statistics and is hereby authorized to address to him at police headquarters.
- Mayor Calkins states that the League will parade publicly as soon as fully recruited and informed. This will probably take place on a Saturday afternoon with the regular police force and also. If needed, the old call firemen who have offered their services to the city for emergency call.
8. The Commission has appointed William M. Wherry, Jr., chairman of a committee on local resources, which will shortly take a census to supplement the preliminary census recently taken by the Boy Scouts. Each resident will be asked to give certain information regarding nationality, residence in the city, occupation, etc., which is now being person who wish to withhold. The census will be taken by members of the Defense League, who will report to the city auditor by the Boy Scouts. Each resident will be asked to give fully the information requested.

JESSEY SENATOR DIES.

State Senator Edmund Burke Osborne, of New Jersey, died last night in his home at Montclair, after an illness of several days. He was 70 years old and was a native of New Jersey. He was married and had two sons. Senator Osborne was widely known in national politics. He held the Republican party with Colonel Roosevelt, but returned to the fold in 1913. He was a delegate to the Republican National Convention in 1912 and a delegate to the Progressive National Convention in August of the same year. In 1911 he was made a member of the New Jersey State Board of Education by President Wilson and was elected State Senator in November last.

Mr. Osborne was both in Manchester, Iowa, and was president of the Osborne Company, manufacturers of art calendars.

Pierson Creates Berth For His Brother-in-Law

The Municipal Finance Measure, introduced by Assemblyman Pierson, of Westfield, to secure the position of State Commissioner of Municipal Accounts and Mr. Pierson's wife's brother-in-law, Walter R. Pierson, of Westfield, had been appointed to that position by State Treasurer Reed.

The newly created berth carries a salary of \$5,000 a year and his duties will be to supervise the sinking fund requirements, receive and compile the annual financial statements, required from all municipalities under the act of the Legislature, record bond issues and in general oversee municipal finances in order that they may comply with the new law.

Jessey Doctors Appealed To For Reserve Service

A letter calling on the doctors of the State to "do your bit" in the present crisis and appeal to the New Jersey Association of the Medical Reserve Corps of the United States Army, was approved at a meeting of the association at the Hotel Hamilton last night. It is being sent out over the signature of Dr. David A. Kraker, president. The letter reads:

"To the members of the medical department of the United States Army. At this particular time, when patriotism and love of home and country are being kindled in the hearts of true men and offering their services for the firing line, won't you 'do your bit' in a professional way by joining the Medical Reserve Corps and if required, also your country the benefit of the service you are so well qualified to perform? Those who join the Reserve Corps will be immediately called upon to serve as first lieutenants, with advancement to the rank of captain or major when suitable proficiency is shown in the military work.

"As a red-blooded American citizen, we know you are interested. This division is authorized by the War Department to examine applicants."

Jessy WILLARD, READY.
Jessy Willard, world's heavyweight champion, is ready to leave the ring and enter the trenches at the President's call. He sent the following telegram yesterday:

"Dear Mr. President—I will fight. When do you want me?"
"JESSY WILLARD."

OPENED TAILOR SHOP.
Isaac Shrager, who has been engaged in the clothing business in Plainfield for the past twenty years, has opened an establishment of his own at 116 East Second street, where he will conduct an up-to-date tailor shop.

FORUM

PLUMBING INSPECTORSHIP.
To the Editor, Plainfield Record:

The controversy appearing in your paper in reference to the plumbing inspection of the Board of Health, is becoming somewhat interesting.

Why don't some of the old boss plumbers come forward and settle the whole question, as they well know that McVey was engaged in the well-driving business for years and whose his oldest son, George McVey, is a journey plumber from A. M. Griffin he convinced the plumbing with well-driving.

A. L. HUFF.

"CORNELL NIGHT."
"Cornell Night" will be observed at the New York State University, Ithaca, N. Y., on Thursday night, when over five thousand feet of film will be shown depicting every phase of college life at the Big Red.

Students of the college, as well as members of the Cornell Alumni Association of Orange, will be present and make addresses. All High School students and other boys are invited.

HUMOROUS SALE.
The annual rummage sale of the Women's Auxiliary of the local branch of the Y. M. C. A. will be held in the association building on Thursday, May 10, from 10 a. m. to 5 p. m. Articles to be contributed will be gladly accepted if Mrs. James E. Kimball, 410-B, is notified.

VERDICT FROM LOCAL MAX.
Miss Anna Levine, a bookkeeper, has obtained a verdict of \$1,300 against Frederick E. Chase, a song writer of Plainfield, in the Supreme Court of Bronx county. She alleged that Chase had obtained \$1,000 from her on a promise to invest it in a music publishing company.

HEAD PLAC RAINING.
With hundreds of employees gathered about to watch the ceremonies, a large American flag presented to the company this week by the machinery was unfurled at the factory of the Scott's Press Works at noon today. The officials were considerably surprised. The week when Fred W. Fleming, engineer on behalf of the met, presented the flag to the company. The funds for it were raised by popular subscription and the men were all willing to help.

OPEN SEASON.
Unless rain takes a hand and prevents the season, the team of the Plainfield High School will play its first game of the season tomorrow afternoon against Russell High School at Rutherford. Unless the conditions should make it impossible the schedule as originally intended will be played out.

COMING DANCE.
Clara Mackenzie is arranging to hold a dance in Debole's Hall on Friday, April 26.

To Mobilize Pupils

(Continued from Page One.)

Each pupil in the army will be given a certificate of enrollment by his school superintendent or principal. These school officials will be recruiting officers, and when the boys and girls enlist they will take this pledge:

"On my honor I will do my best to devote myself to the service of my State and country in the present crisis—one, by planting, cultivating, harvesting and marketing crops on the farm; two, by influencing other boys to do the same; three, by keeping myself physically strong and mentally alert in the performance of these obligations."

The soldiers in this Junior Industrial Army will receive, in some cases, wages for their work, but for all of those who serve with nobility there will be a badge merit signed by Governor Edge.

How the pupils will assist in increasing the food output was outlined in a letter from the Department of Public Instruction, which will be sent broadcast throughout the State.

Older boys in the schools will be excused from their studies to till the land, and this agricultural work, whether it be on home gardens or on the bigger farms, will be credited to their credit.

"In the present national crisis," says the letter, "the help of all in whatever capacity, is a paramount duty. Pupils of the public schools may render effective service to the State and nation by assisting in the planting, cultivating, harvesting and marketing of crops during the present season. Not only is it our duty to guarantee an adequate food supply for our own people, but our responsibilities broaden to include the rendering of assistance in helping other countries which are facing a food shortage."

Blanks already have been prepared, as the teachers may keep an account of the work pupils do on farms. "It is recognized," states the letter, "that the initiative and the character of this work will be determined by the local Board of Education, and that, moreover, the movement is not one of compulsion, but one of volunteer service."

Although the school authorities are desirous of having all the pupils volunteer for farm work, the movement is not one of compulsion, but one of volunteer service. The school principals will decide where the school pupils will be kept at the State house of the services rendered by each boy, and volunteers, when they obtain work, will be designated by an emblem supplied by the State. Upon the conclusion of the harvest all volunteers will receive a certificate of honorable discharge, signed by the Governor.

H. S. Training
(Continued from Page One.)

The first division will consist of those willing to work on farms. The second division will be those who are being worked out for planting and care of the members of this division. An adequate wage will be paid.

Second division—Boys' vocational schools, to manufacture articles in constant use by all branches of the regular army and sailors.

Third division—Boys' vocational schools, to furnish supplies for the Red Cross or similar duty.

Fourth division—Household arts division, to cooperate in the household duties of the Red Cross or similar duty.

Charles in furnishing household necessities for dependents of soldiers.

Fifth division—Manual training division for shops furnishing equipment.

Other divisions will be formed as required. The experience of the first division is proceeding rapidly, the State Garage and the State Department of Labor aiding.

OBSERVE ARBOR DAY.
Arbor Day this year falls on Friday, under the law designated as the second Friday in April for its observance. The State Forester is directing the attention of county and municipal authorities to the fact that the statute requiring the introduction of special Arbor Day exercises into all of the schools of the State, and the observance by the superintendents of plans for these exercises.

IN THE SERVICE.
Rev. J. Madison Hargis, pastor of the Scotch Plains Baptist church and chaplain and captain of the Fourth Regiment, N. J. N. G., returned last night to report to the regiment's army in Jersey City.

National Guard News

Sergeant Frederick Goddard was elected Second Lieutenant of Troop D of the Second New Jersey Cavalry. Mr. Charles, who was moved up to the rank of first lieutenant, the office that was left vacant when Daniel Hattie was elected captain to succeed Albert J. Borden, retired.

Sergeant Goddard is one of the veteran members of the unit and while at the barracks was appointed clerk in the First Brigade Headquarters staff of General Edwin Hines. He was a corporal at that time and is now a corporal following the return home.

Battalion Adjutant Albert I. Little, of the Second New Jersey Cavalry, visited his home in Plainfield over Sunday. He is not with the Company K but is stationed "somewhere in Jersey" with two Elizabeth companies.

The equipment of the cavalry and artillery was found to be in excellent condition at the last Federal inspection and of recent date the officers have been taking advantage of every opportunity for drill work. The horses of Troop D are stationed at the Horse Show grounds and the animals are in just as good condition as the soldiers for service. More mounts will be needed but they probably will be issued by the State or Federal government as soon as the mobilization call is sounded.

The organization of a regiment of New Jersey cavalry is a possibility if the nation goes to war with Germany. This has been suggested by some of the leading officers of the National Guard, and the project is looked upon with much favor by officers of the present cavalry troops of the First and Second Brigades.

There are present there only four troops of cavalry in the State, two located in Newark, one in Red Bank and the others in the Highlands. In organizing a regiment of cavalry, Newark would probably be expected to supply at least three of the new troops, which would make in all five troops with headquarters in the city.

They would be recruited from Newark and various Essex towns. Another troop might be organized in West Hudson, while Scotch Plains would undoubtedly supply several troops.

Major Robert B. Brown, commanding the First New Jersey Cavalry, is taking considerable interest in the matter of recruits who have enlisted in Troops A and C during the last week. Each troop is now recruited above

the peace strength, more than seventy enlisted men being in each. The strength of the 106, exclusive of three commissioned officers.

Commissioned officers of the New Jersey National Guard who in civilian life are employed or attached of any city, county or any municipality, under the provisions of the McCran law, as the intent and purpose of the act, cannot be paid by the municipality they serve while they are doing military duty with the guard. The McCran law was passed the 15th day of the 1917 session of the Legislature.

In the Second Regiment the law affects; among others, Lieutenant-Colonel William H. Martin, Captain C. C. Gordon and Second Lieutenant Frank V. Lowden, of the First Battalion. Enlisted men, excluding sergeants, corporals and privates, may be paid their full wages as county or city employees if the governing bodies so order.

Coldeston is a very clerk. Lieutenant Lowden is a member of the prosecutor's detective staff and clerk of the Grand Jury, and Captain Gordon is a member of the field schools. All three draw liberal salaries while in the service. The full text of the McCran law is as follows:

"1. It shall be lawful for the departments, institutions, committees, commissions or other bodies of the State, or any subdivision or committee thereof, to pay the salaries or compensation of their employees or attaches during the time said employees or attaches are members of the National Guard of this State are performing military duty incident to current war conditions; provided, however, that such payment or compensation shall not be paid to any commissioned officer of the said National Guard. This act shall take effect immediately."

Golf clubs all over the country are plowing up portions of their links this year and potatoes and onion blossoms will take the place of well worn lawns. The Hackensack Country Club, the Plainfield Country Club and the Hyewood Golf Club are all located in the immediate vicinity of the city.

In a recent letter to several of the clubs in the association that have all started plowing for crops, Mr. Perrin said:

"I believe all our 500 clubs will at once actively adopt the plan, and I hope to have an opportunity to offer my own services as a tiller of the soil."

Both the National Special Aid Society and the Kenyon Garden's Association have completed plans for extensive agricultural activities. At a meeting of the board of directors of the Kenyon Garden's Association, which was held yesterday at the Kenyon Garden's Association, officers twenty plots of ground, each 10x20, at its property on Stelle Avenue, near Arlington Avenue. The offer was accepted and already a class of twenty women has been formed and will receive instruction several times a week from a member of the Government agricultural station at New Brunswick. Another class is being formed by Mrs. J. H. Van Buren, of Seventh Street, who has been placed in charge of this department of the society, and it will start its period of instruction sometime next week.

The offer to the society by Mr. Charles Eaton of his farm at Watchung was declined because it was too far to be to be a center, but each member of the society has promised to keep her own garden, besides working in the Kenyon's plots. The Kenyon Garden's Association is an organization for women and will have many more women and children included in its membership and considerable money on hand to be used when it opens the season next week than it had last year.

No Citizenship For Them
Until the War Has Ended

Citizenship is now being refused to Germans and Austro-Hungarians in Newark and many other places. The consequence, however, is that the Pleas Court in Newark, has announced that the cases of all subjects of Germany and Austria would be held in abeyance until the war, without prejudice. The court reasoned that, under the law prohibiting aliens with whose country the United States was at war, from obtaining first papers, the logical procedure would be to deny citizenship to such aliens until the conflict is settled.

TO CONSTRUCT RANGES.
At a meeting of the Panwood Home Guards held last night David D. Kenny, it was announced, was willing to donate the use of land on the mountain east of this city for a thousand foot rifle range. The Scotch Plains Home Guards have received a like offer and the two organizations are to join together, in laying the money for the ranges will be constructed according to regulations with standard targets and a ten foot pit in back of them for the marksmen. The regulation for the ranges for Kraig rifles has been sent in by both bodies and two former National Guard men, Rev. J. Madison Hargis, captain of the Fourth Regiment, N. J. N. G., and John Krause, major in the Twenty-third N. Y. N. G., will act as instructors.

Will Soon Register
All Single Men

Means of registering all single men between the ages fixed under the universal training bill and of registering those to be exempted to the law, were discussed yesterday by the executive council of the Committee on Labor of the National Defense Council. Men between the ages of 21 to 25 inclusive will first be called, those younger or older being exempt, provided the bill is favorably acted upon by Congress.

Through co-operation with the War Department, the Government will be accomplishing this great work will be accomplished by the State co-operation in placing the Government on a war.

It is apparently the intention of the War Department to aim for an army with 2,000,000 men as its first object, the men to be raised in increments of 500,000 as rapidly as they can be collected and trained.

Secretary of War Baker went to the Capitol yesterday to explain to Senator Charles McNamara, chairman of the Senate Committee on Military Affairs, the War Department bill to raise an army of about 2,000,000 men to be planned for by compulsory measure. The measure has been approved by the President. It will be formally presented to the committee of Congress within a few days.

Now that Congress has nearly completed its action on the war, the attention of the nation is beginning to be somewhat uneasiness over the universal training law.

HOW TO REACH SOLDIERS.
For the benefit of those whose soldier boys are on duty for their country, somewhere in the United States, the War Department has issued a Department ruling which has been stated that mail to the boys may be addressed in care of whatever department or office they are in.

Department headquarters are: Southern, Fort Sam Houston; Eastern, Governor's Island; Central, Chicago, and Western, San Francisco.

In case it is not known in which department the man serves, address letters care of the Postmaster General, War Department, Washington, where proper disposition will be made of them.

HAS CENSOR PLAN.
Former Senator Ernest R. Ackerman, of this city, has made the recommendation to the Postmaster General that he should help in the delivery of mail in case every letter and article is censored. Realizing that the holding up of mail while it is being censored would cause infinite trouble and delay to business men, he advocates the establishing of a separate department for the censoring of mail.

It is likely to be of great importance. His plan has been well received at the Capitol and will likely be put into effect.

PUBLIC NOTICE

To Aliens Within the City of Plainfield:

As Mayor of the City of Plainfield, I do hereby give, public notice that the Police Department of the City has been directed by T. W. Gregory, Attorney General of the United States, to notify all alien enemies within this locality to bring to Police Headquarters and surrender the following articles which, under the Proclamation of the President, dated April 6, 1917, it is unlawful for alien enemies to have in their possession:

Any firearm, weapon, or implement of war, or component part thereof, ammunition, maxim or other firearm, bomb, or explosive, or material used in the manufacture of explosives; any aircraft or wireless apparatus, or any form of signaling device, or any form of cipher code, or any paper, document, or book written or printed in cipher or in which there may be invisible writing.

A detailed receipt will be given for all articles so surrendered, and at the close of the war such articles will be returned.

Any alien enemy who fails to surrender such articles within twenty-four hours after this public notice will be subject to summary arrest if such articles are found in his possession, and the articles will be seized and forfeited to the use of the United States.

April 13, 1917, 9 o'clock P. M.
LEIGHTON CALKINS, Mayor.

Apartment Grands

There is no gainsaying that a Grand Piano adds immensely to the charm of a well furnished home.

There are many people living in small apartments who have the mistaken idea that a Grand Piano would occupy too much space.

We have special Apartment Grands that occupy very little more space than an Upright. These exquisite little instruments are very moderately priced—\$485 up—and are built precisely the same as the more expensive Grands.

If you would like to know exactly how much room an Apartment Grand will occupy, we will gladly mail you a paper pattern of it free.

FREE PAPER PATTERN
Fill out the coupon and mail it to us, and we will send you a paper pattern of our Apartment (or any other style) Grand free, showing you exactly how much space such an instrument would occupy in your room.

RULES FOR DISPLAY OF NATIONAL FLAG.

In order to show proper respect for the flag the following ceremony should be observed:

- It should not be hoisted before sunrise nor allowed to remain up after sunset.
- At "retreat," sunset, civilian spectators should stand at "attention" and uncover during the playing of the "Star Spangled Banner." Military spectators are required by regulation to stand at "attention" and give the military salute.
- When the National colors are passing on parade, or in review, the spectator should, if walking, halt, and if sitting, arise and stand at attention and uncover.
- When the flag is flown at half staff as a sign of mourning it should be hoisted to full staff at the conclusion of the funeral.
- In placing the flag at half staff, it should first be hoisted to the top of the staff and then lowered to position, and preliminary to lowering from half staff it should be first raised to the top.
- On Memorial Day, May 30, the flag should fly at half staff from sunrise to noon and full staff from noon to sunset.
- To hang the flag union down is a sign of distress and it should never be so hung unless in need.
- In decorating with bunting the same rule should be followed as in hanging the flag, i. e., the blue stripe should be to the same as the field of the flag.

P. S. Baseball League Ready

A Public School Athletic League has been instituted in this city under the direction of the Public Recreation Committee. In connection with the league, six baseball teams representing the Irving, Jefferson, Hittler, Evergreen Avenue, Washington and Grammar Schools has been organized and trained by James Nash, Jr., the Committee's athletic instructor. A schedule of thirty games has been arranged and games will be played every Monday, Wednesday and Friday beginning last Tuesday and concluding June 8. The games will be played after school hours at Hope Common, West End Oval, the Soccer Field (Clinton Avenue), Crescent Oval and on the field at the corner of West Fourth street and Monroe Avenue. Great enthusiasm has been displayed thus far and each team will make an effort to hold "first place."

On Tuesday evening April 17, the Athenian Athletic Club has arranged to play a final basketball game for this season on the High School court with the St. Douglas team of Orange. Swimming classes will be a feature of the work conducted by the Recreation Committee. "A ladies' class meets every Friday evening in the High School pool under the direction of Miss Marian Snyder. Instructions are given in swimming and diving. A class for men will be started Wednesday evening, April 18, with Mr. Nash in charge. This will be a splendid opportunity to learn how to swim or to enjoy the sport.

The Sauter Bank, a new organization which represents the International Motor Company, is holding rehearsals each week in the Washington School.

The Public Schools are being used by several different Boy Scout troops which have recently been formed. A Colored People's Non Bible Class will be started in the Washington School and meet regularly each Sunday afternoon.

The Aero Club is using the High School manual training room every Monday, Wednesday and Thursday evenings.

GOLF CHANGES.

The United States Golf Association has sent out a notice announcing the change in the par system. Hereafter all holes up to 250 yards will be par 3. Above this and up to 445 yards, par 4. From this distance to 600 yards it will be par 5, and anything over this will be par 6. This change was made necessary on account of the increased length that it is possible to get out of the new balls.

WHEN TOLD TO HALT, HALT!

If a military sentry, on guard duty, cries "Halt!" do not argue—halt promptly. Then, when he asks, "Who goes there?" answer, "A friend."

If more than one person is halted, the sentry will order: "Advance one." This means that all the party, with the exception of one, shall remain standing while one advances slowly toward the sentry for recognition until the sentry, again commands "Halt!"

He will then question the challenged one. Answer promptly and courteously, and obey any order given.

The sentry is the personification of the United States army. His orders are to shoot to kill when his challenges are not obeyed. As a soldier, he must obey orders.

A Source

of Comfort

Undertakers who offer the Norfolk as part of their service tell us they seldom fail to hear from their families some such remark as this: "I can't tell you what a source of comfort the vault has been to us. We have always had a dread of being put in the ground. The Norwalk is such a relief. We are thoroughly indebted to you for bringing to us this wholesome and indestructible burial receptacle." Your undertaker can give you the desired information.

THE NORWALK VAULT CO.,
Plainfield, New Jersey

Capital and Surplus \$800,000.00.

A United States Government Loan

Undoubtedly the Government of the United States will shortly offer for popular subscription a large bond issue to provide funds for emergency measures. While the terms and conditions are not yet available, there will probably be a large over-subscription, due to the strong patriotic spirit aroused by recent events, as well as to the opportunity thus afforded for obtaining a tax-free security of the highest grade.

All patriotic citizens will want to do their share when the opportunity presents itself and to that end this Company will be glad to assist its clients and friends by handling their subscriptions to such a loan when, as and if issued.

Women's Clubs

(Continued from Page Seven)

cussion of ways and means to help American women and their families.

A meeting of the literary department of the Monday Afternoon Club will be held in the parish house of the Congregational church Monday afternoon. Mrs. Archibald Cox will read a paper on "Progressive Clubs" and Miss Elsie De R. Saffers will read one on "Club Men of Letters." The meeting will start at 2:30 and the members of the club and their friends are urged to attend.

At a meeting of the civic department of the Monday Afternoon Club held in the parish house of the Congregational church this week Mrs. Charles R. Banks, of Watchung avenue, took charge and led a very interesting discussion of municipal and Governmental affairs.

The annual meeting of the City Union of Kings Daughters will be held at the Day Nursery on Wednesday, May 2, at 2 o'clock. Each one of the fourteen circles will make a minute report and the business session for the ensuing year will also take place. The union is now busy completing plans for opening the children's playground for the summer and also for the fitting of the house adjoining the nursery as a free clinic.

The second collection of paper by the Plainfield Belgian Relief Society will be made on May 12, the sum realized from the collection to go toward the milk fund. The local society has had hundreds of letters since the war started through its earnest efforts and is now trying to do even better.

The mass meeting under the auspices of the Belgian Relief Society, which was originally scheduled to be held in the Plainfield High School on April 25, has been postponed to May 2. Mrs. Vernon Kellogg and George R. Baker, both prominent members in the local organization, will make addresses on the supplementary meal plan for which the local society is now working.

Under the auspices of the Monday Afternoon Club, Miss Janet Richards, the well known lecturer, gave a talk about the present national crisis before a large number of the members of the club and their friends in the auditorium of the Plainfield High School yesterday afternoon. The lecture was both timely and interesting and during the afternoon she freely expressed her views on the United States' entry into the world war. The second of Mrs. Richards' lecture talks, which will also be her last appearance here before fall, will be given in the High School on April 25. She will continue her discussion of the affairs of the day.

A regular meeting of the Plainfield Business Women's League will be held at the room of the Y. W. C. A. next Friday night, at which time one of the city officials will make an address following supper.

The Women's Association of the Congregational church is planning to hold a mission conference in the parish house of the church next Tuesday afternoon.

Activities of the Kenyon Garden Association promise to be greater this year than ever before. The plan from the Government that unused land be cultivated has resulted in large local property owners offering the use of their land and the association will be able to cultivate as much as it wants. The list of children who are to work in a garden has not yet been completed by Mrs. Henry D. Hibbard, the president, but everything will be ready for the spring opening in another week.

The Volunteer Auxiliary, which has as its purpose the caring for families of local marines called into the service, has appointed a sub-committee of women who, in connection with the local branch of the National Spanish American League, will co-operate with the auxiliary. Those comprising the committee include Mrs. A. V. Healy, chairman; Mrs. F. W. Nichols; Mrs. Daniel P. Glina; Mrs. James R. Joy and Mrs. Charles A. Peterson.

A "library" party will be held in the association rooms of the Y. W. C. A. tomorrow night under the auspices of the educational committee. The program will consist of a book as an addition to the library and an entertaining program will be enjoyed.

The bride was dressed in a traveling suit and had as attendants, Miss Marion E. Frellie, a sister, and Miss Ruth A. Hay. Following the marriage a wedding breakfast was enjoyed and afterward the couple left for a several weeks' trip through the South. Upon their return they will reside on Russell road, Plainfield.

Word has reached friends in this city of the marriage last Saturday of Miss Jeannette Clark, daughter of Mrs. Frank Russell, near of Springfield, Mass., and Roy Clinton Whitall, son of Mr. and Mrs. Charles D. Whitall, of this city. The ceremony was performed by Rev. Dr. Nell McPherson at the Hotel Kimball, Springfield.

Clara Poole, a brother of the bride, gave her hand in marriage, and she was attended by her sister-in-law, Mrs. Walter W. Poole. Charles Whitall, a brother of the groom, was best man, while the ushers were Walter E. Hammond, of Mystic, Conn., and Walter W. Poole, of Newport, R. I. Seven-year-old Caroline Cullen was flower girl and

Rev. D. F. B. Randolph, for the past three years pastor of the Monroe Avenue M. E. church, has removed to Hasbrouck Heights, where he has taken charge of his new pastorate assigned to him at the Newark conference.

Musical Clubs

(Continued from Page Seven)

study Miss Tilton, who is a former resident and graduate of the Plainfield High School, is ready to appear in opera and as soon as the war ceases she plans to take her to Italy for that purpose. She will be assisted on Wednesday night by Emil Polak, pianist.

The entire program follows:
1. (a) Beethoven's Fidelio, Scarpia; (b) Carel Selve (by special request); (c) Act 1 of "L'Inferno" by Serrali, Mozart, Miss Tilton.

2. (a) Villie Chanson, Georges Bizet; (b) Apres un Reve, Gabriel Faure; (c) La Pavane, Alfred Bruneau; (d) Villanelle, Eva Dell Acqua, Miss Tilton; (e) Prélude C sharp minor, Rachmaninoff; (f) Bacchanale, Dvorak, Mr. Polak; (g) Regnava nel Silenzio, aria from Lucia, Donizetti, Miss Tilton.

3. (a) To a Waterlily, MacDowell; (b) Ode to Spring, Mr. Polak.
(a) Longing, Frank La Forge; (b) In Pride of May, Frank La Forge; (c) Dutch Serenade, Side Lange; (d) A Question (dedicated to Miss Tilton), Emil Polak, Miss Tilton.

7. Parla Waltz, Arditi, Miss Tilton.

With nearly two hundred women of Union county, including a large number of Plainfielders, as patronesses, Miss Madeline Klotz, well known Plainfield pianist, will give a recital in the auditorium of the Westfield High School last night. Over a thousand people from that place, Plainfield, Cranford, Elizabeth, Fairwood and other places were present and were heartily pleased with her recital.

The recital was given under the auspices of the Grant Parent-Teacher Association, of which Miss Klotz is president. Miss Klotz was assisted by Maximilian Pilzer, one of this country's leading violinists. They rendered a program of classical compositions that for interest and diversity has seldom been approached outside of metropolitan circles.

Another recital by the well known Knickerbocker will be given in the Westfield High School next Thursday night. Many friends of the Knickerbocker, that famous quartet before and as the coming appearance will be the last before they retire from the musical world for good it is probable that the local audience will avail themselves of the opportunity of hearing them again. It is being held under the auspices of the Westfield Musical Club.

What is expected to be the last meeting of the Plainfield Musical Club for the coming season will be held at the home of Mrs. John Peter Stevens, 945 Lincoln avenue, on Tuesday afternoon. The afternoon's program will be rendered by Mrs. Henry M. Stevens, pianist, assisted by Miss L. L. Liscow. This week's meeting of the club was held on Easter Monday at the home of Mrs. Henry Lockwood DeForest, of 555 Hudson avenue, at which time Mrs. DeForest offered a pleasing musical program. She contributed piano solos as well as piano and cello duets and vocal solos.

Miss Laura Tappan, of New York, cellist, and John Miles, of Philadelphia, violinist.

Evans Williams, one of America's greatest concert singers, assisted by the Ethel Rubel Trio, gave a benefit recital in the auditorium of the Plainfield High School on Monday night. The proceeds going to defray the expenses of the Free Dental Clinic at Muhlenberg Hospital.

When the execution of the titles were all in English, but the music was selected from some of the composers of classical fame. Groups of selections by the composers were called into the service by Miss Edith Aibel, violinist; Miss Marie Romet, cello; and Miss Brenda Putnam, pianist. Their long-continued service to the music of the world was a most enjoyable one. "All Through the Night" in which the "ello was prominent, "Farewell," "All Little Shepherdesses," and "An Old Irish Tune" were very popular with the audience. The program was a most enjoyable one.

Mr. Williams' first number was a group from Handel, and the selection "Sound An Alarm," with a touch of the dramatic, was a most enjoyable one to which he responded with "All the World Loves a Lover." In his second group of four, comprising the "Mondrian," "Song, My Mother Taught me," "The Song of the Lark," and "The Message," by Brahms, he told the enthusiasm of the audience, and selected most heartily into the program. President Williams brought him out again, and he responded with "Sweet Miss Mary." The audience would not let him go, and he responded with "The Song of the Lark," which has made his name popular on the Victor records. In his concluding group of four selections, "Murmuring Zephyr," "The Song of the Lark," "The Spirit Song" by Haydn was his best. After the selection "Wind and Lyre" he was recalled twice, and after the selection "The Gates of the Temple" and "The Four Leaf Clover."

Daniel McNamee, of Central avenue, has returned to his studies at Lafayette University after enjoying a summer vacation in Europe. Lester Metlick, of Prospect avenue, is on his way home from an extended business trip through South America.
