

## Build By Plans

and avoid the expensive difficulties of haphazard construction.

Building by plans means that your buildings will be exactly as you intend them to be—every piece of lumber has its place—you know exactly where it belongs—you know in advance just how much lumber will be required.

Our plans, specifications and complete bills of material for all types of farm buildings are practical. The buildings have all been built time after time until all guesswork has been eliminated. They enable you to check up on the work at any stage in its progress and know that it is right.

We are making no charge for our plan service—it is a part of our new method of selling. We are offering it because it enables us to make pleased and satisfied customers.

We prefer to sell buildings rather than bills of lumber because we are then in better position to recommend the best wood and the proper grade for each use.

The responsibility of pleasing you rests with us.

If you plan any building for any time this year, see us at once.

**J. D. Loizeaux Lumber Co.**

## Of Manufacturers

Plans for a State-wide association of manufacturers of New Jersey, to be known as the Manufacturers' Association of the State of New Jersey, were announced this week, when a call was sent to a limited number of leading manufacturers to attend a dinner and preliminary meeting for purposes of organization, to be held at the new Robert Treat Hotel, at Newark, on Wednesday evening, September 26, and at which it is expected, in addition to the manufacturers invited, there will be present Governor Edge and other prominent men of affairs.

The call was issued by Warren C. King, chairman of the Manufacturers' Association of the Board of Trade, at Bound Brook, and president of the King Chemical Company of that place. Among the manufacturers known both throughout the State and nationally, who have been invited to send representatives to the initial meeting, are: John A. Roebing Sons Company, Trenton; Wadsworth Silk Dyeing Company, Paterson; Standard Chemical Company, Bayonne; H. W. Johns-Manville Company, Bound Brook; Colgate & Co., Jersey City; Johnson & Johnson, New Brunswick; King Chemical Company, Bound Brook; Armstrong Cork Company, Camden; Wheeler Condenser and Engineering Company, Carteret; Chrome Steel Works, Chrome; Richardson & Boynton Company, Dover; Warner Sugar Refining Company, Edgewater; Diehl Manufacturing Company, Elizabeth; Singer Manufacturing Company, Elizabeth; Garfield Worsteds Mills, Garfield; William Campbell Wallpaper Company, Hackensack; Crucible Steel Company, Harrison; Standard Ace Corporation, Plainfield; American Lead Pencil Company, Hoboken; National Fire Proofing Company, Kearny; Lamberville Rubber Company, Lambertville; Michelin Tire Company, Milltown; Balbach Smelting and Refining Company, Newark; Clark Thread Company, Newark; Westinghouse Electric and Manufacturing Company, Newark; Spicer Manufacturing Company, Plainfield; New York Belting and Packing Company, Passaic; Rotary Worsteds Mills, Passaic; Standard Underground Cable Company, Perth Amboy; Ingersoll-Rand Company, Phillipsburg; International Motor Company, Plainfield; Ravitron Woolen Mills, Raritan; Keystone Watch Case Company, Riverdale; Salem Glass Works, Salem; J. L. Mott Company, Trenton; Niles-Bement-Pond Company, Plainfield.

Raymond D. Hodge, of this city, is spending his vacation at Ocean Grove.

## Season Next Week

Manager Michael L. Shannon announces next Tuesday afternoon, September 4, as the formal opening of the Plainfield Theatre's third season of vaudeville and moving pictures. For this occasion he has secured a splendid bill of six all star acts and the latest releases from the leading film agencies in the country, making a program that is certain to please everyone. Performances are to be given in the afternoon at 2:15 and in the evening continuous from 7 until 11 o'clock. As in previous years the vaudeville and pictures will hold the boards every day when the house is not given over to the legitimate plays.

The vaudeville portion of the program was made up of five acts but during the coming season it will be six at all times. Arrangements have been made with the United Booking Office and other agencies to supply the pick of the talent appearing in the metropolitan district. The program will be changed twice each week on Mondays and Thursdays.

The picture features this season will include the Pathé "moving picture newspaper," showing the latest happenings all over the world. This is to be changed twice a week keeping pace with the accounts as printed in the daily newspapers. The Pathé reviews have been shown at the Plainfield Theatre the past two years and have proven one of the management's biggest drawing cards. Charlie Chaplin will be shown regularly in his latest comedies and there will also be feature photoplays every day. Soon after the theatrical season gets underway Manager Shannon promises a serial picture that will eclipse anything of the kind ever shown in this city. It is now being completed by a big producing company and will be described in detail later on.

The music at all performances the coming season will be under the supervision of Professor Harry Wetton, who needs no introduction to Plainfield audiences. He has gathered together an orchestra of eight pieces, each performer being a solo artist, thus assuring delightful musical programs each afternoon and evening. A new addition to the orchestra is worthy of mention in the personage of Chris Sorenson, Jr., of this city, who has been musical director during the present summer.

## Memory of Husband

In memory of her husband, Captain Frederick W. Vogel, who died in the Mount Vernon, N. Y., hospital several weeks ago, Mrs. Vogel made a personal request yesterday to Mayor Mitchell, of New York, that he present a photograph to the 71st Regiment, in which her husband was an officer at the time of his death. Mayor Mitchell has consented to make the presentation on behalf of Mrs. Vogel and will do so on Labor Day. The machine will be one of special military connection so that the house may be carried on the march without injury.

Captain Vogel was one of the first Americans to die since war broke out. He had lived in this city for several years and conducted the Edison Diamond Disc studio, on West Front street. He was a veteran of the Spanish-American War, having been breveted for bravery at San Juan and Santiago. Joining the 71st as a private, he had risen to captain and if he had lived a few days longer would have received a major's commission.

## Chancellor Upholds Will

### Case Decision of Judge

Chancellor Walker has affirmed on appeal the refusal of Judge Peter F. Daly, of Middlesex county, to probate the will of Mrs. Mary Van Orman Parker, widow of a New York judge and one time resident of Plainfield.

The Chancellor's decision nullifies Mrs. Parker's alleged will, which bequeathed an estate of \$25,000 to Victor Merrill, of Middlesex county. Judge Daly refused the probate because it was in Mr. Merrill's handwriting. It was shown too that he had induced her to remove from New York to Plainfield.

While the case is pending on appeal, Merrill wrote to Chancellor Walker asking an opinion in his favor. But Chancellor promptly called Merrill into court and adjudge him in contempt.

## "Spiegel's Revue," the Big Attraction Labor Day

Not satisfied with the remarkable record made last year by his "Merry Rounders," Max Spiegel has entered the burlesque field this year with another production which is even more elaborate and pretentious than the first named show. He calls his latest endeavor "The Spiegel Revue," and it comes to the Plainfield Theatre Monday, matinee and night, September 3.

Mr. Spiegel has gone the very limit in spending money on the wardrobe and the scenic appointments. The show is in two acts and ten scenes and so massive is the scenic equipment that it takes two sixty foot baggage cars to transport this part of the show alone. He has paid a great deal of attention to the electrical end of the production.

The curtain for the first act goes up on Soberville. There follows a railroad station scene, Kid's restaurant, a setting which depicts a street scene in New York, and a ladies' reducing parlor. A night court scene opens the second act and the following scenes are a street scene, a scene for Miss Miller and the Callahan Brothers, big specialty and a setting which represents the Peacock room of the Glimmore Hotel. The cast is headed by Miss Miller, supported by Harry Shappell, Princess Luba Meroff, Johnnie Walker, Callahan Brothers, California Trio and others.

Max Spiegel gave his personal oversight to the staging of the production. The chorus is a typical Spiegel one, which means the girls are the very prettiest in burlesque. The whole show, in short, is the best thing Mr. Spiegel or any other burlesque producer has ever produced.

Following a conference of Democratic leaders at Elizabeth Tuesday afternoon the following slate of candidates for the primaries next month was made public:

For State Senator—Francis V. Dobbins, Rahway.  
For Sheriff—Howard O. Lapley, Plainfield.  
For Surrogate—Leroy A. Gibby, Summit.  
For Assembly—Edward A. McGrath, Elizabeth; Francis A. Gordon, Elizabeth, and a third man, who will come from Westfield or Cranford.  
Coroner—Dr. J. Edward Rayne, Elizabeth.

From a geographical standpoint and the character of the candidates, the slate is regarded as one of the best submitted to Democratic voters in several years. State Committee man Dennis P. Collins declared that the ticket is ideal and should invite the support of a large number of independent voters. Each candidate is well fitted for the position to which he is nominated. General Collins declared, Walter H. Taverne, of Westfield, and Kenyon Messick, of Cranford, have been mentioned for the third place on the assembly ticket.

Blanket petition containing the names of those candidates will probably be filed in the county clerk's office this week. One hundred copies, all that are required by law, have been secured for the petition up to this time.

IN "RAINBOW" DIVISION. Albert Brynarski and Charles Wendell, two local boys, will be among the first Plainfielders to reach France, although their positions as pharmacists will probably prevent them from ever reaching the firing line. They are now training at Camp Mills, L. I., as members of the Red Bank Ambulance Corps, the only Jersey unit that will be in the "Rainbow" Division. Both young men expect to make a short visit home over Sunday in order to be prepared to serve at any moment.

## "When Dreams Come True" At the Plainfield Tomorrow

From time to time during past theatrical seasons, stories have come to the newspapers regarding the successful engagement played by "When Dreams Come True" in New York, Chicago and Boston. Local theatregoers who have no doubt read these stories will now have an opportunity of seeing this widely discussed musical comedy when it comes here to the Plainfield Theatre on Saturday, matinee and night.

The play tells of the adventures of a wealthy New Yorker's spry young son, who becomes involved with a French dancer, while he is in Paris, has his allowance cut off by the irate parent, and thus is compelled to go home in shivers. In the first scene there is a young girl whom he sees and with whom he falls in love from afar, but of course cannot meet until both are on stage, where trouble accumulates for them. In the course of the play, the young fellow finds himself simultaneously and unwittingly entangled to three or four females of varying acts and charms, and it is not until the last minute that he is free to marry the dream girl of the ocean liner.

The scenic investiture of the play is elaborate to the last degree. There are nearly a score of dancing numbers, showing the latest developments of the modern dances in addition to the dances that were popular a score of years back. The song numbers introduced in "When Dreams Come True" are all of the popular whistleable variety and were composed by Silvio Hais, who gained fame as the composer of some of Marie Callilli's most pronounced song hits.

The chorus, composed principally of pretty young girls who can sing, dance and wear gowns fetchingly, is one of the features of the performance.

A Group of the Chorus with "The Spiegel Revue," at Plainfield Theatre.

Matinee and Night, Monday, September 3.

Chorus Grouping in "When Dreams Come True," at Plainfield Theatre, Tomorrow, Matinee and Night.

## Vacancies Occurring in Fire Department

Resignations, conscription and illness have made inroads on the membership of the Plainfield Fire Department, that the Fire Board has been having a hard job keeping the various companies up to their full strength. Within the present month there have existed six vacancies, of which only two were filled by new appointments.

The last to resign was Edward Mosher, who has been in the department several years serving most of the time as assistant chief's driver. He quit last Monday to accept a position at his trade of machinist with the Spicer Manufacturing Company. The arduous hours without a full equivalent of pay was his principal reason for leaving. Earlier in the month Otto Guehrer, who was promoted last week and for whom no discharge has yet been claimed, Adams is the only man in the Plainfield Fire Department listed as

a conscript. William A. Schorb, Jr., was drafted for examination but was discharged because of a physical impairment of the feet, made prohibitive by the government but not coming under the ban of the city physician who examines for the Police and Fire departments. His complaint is what is commonly known as "flat feet." Although the Police department has a large percentage of young men in its ranks only two passed the draft Exemption Board's examination. These were John Worth and Thomas J. Behout, both of whom have filed claims for discharge. Only two new appointments have been made this month to the Fire Department. These were Charles T. Southard and Joseph Carroll who reported for duty on August 29.

## THESE THREE YOUTHS THIED HARD TO FIGHT.

One case of where patriotism gripped American youths still too small to enter came to notice in this city on Wednesday when a troop train going west stopped at the North avenue station long enough to put off three boys who had ridden "blind baggage" from Jersey City. Their desire to "take a shot" at the Germans and their inability to go as soldiers prompted them to steal a ride on the train in the hope that before they were discovered they would have reached a destination where they would not be sent home. The train was nearing this city when they were found hiding between the coal tender and the engine. Their pleadings that knee caps would not hinder their fighting ability, and sent back home on the next passenger train.

## Scoutmasters' School Will Open Tonight

As part of the plan formulated to make the approaching fall and winter one of the most active in Boy Scout circles that the city has ever known, a school of instruction will start tonight at the Scout headquarters, on East Front street, to fit young men for positions as Scoutmasters, assistant commissioners and other similar offices. The enlisting of a number who formerly occupied those positions and the desire to fill vacancies that have long existed has prompted Boy Scout Commissioner Duffy to start the school and he will be in direct charge of the experiment. A number have already signed to take the course of instruction, but there is still room. Commissioner Duffy says for many more. Tonight's meeting will be limited to a rough outline of the course and the answering of questions and enrolling of late entrants.

Mr. Duffy plans to conduct the school every Friday night and by the time cold weather sets in he expects those entered will be qualified to take their places as leaders of the Scouts. With well over 400 Boy Scouts organized into troops in various parts of the city there is plenty of opportunity for those not affected by the draft to do a patriotic duty and still not have it interfere with their business. Those wishing to enroll may do so at headquarters.

John J. Hines, of Liberty street, will return home Monday after two weeks' vacation at Atlantic City.

## Personal Mention of Plainfielders and Others Who Have Heeded the Summons of Death During the Past Week.

### AUGUST PRUDHON.

The funeral of August Prudhon, who died Saturday morning at his home in Watchung, N. J., was held Monday afternoon at the mortuary chapel of J. J. & C. A. Higgins on West Fourth street. The service was conducted by Rev. Edward S. Halston, of the Netherlands Reformed church, and was attended by many relatives and friends. Burial was in Hillside cemetery.

**MRS. MARY J. BUCKINGHAM.** Mrs. Mary Josephine Buckingham, aged 99 years, died Wednesday night at her home at 1860 Myrtle avenue, Newark, N. J., after a long illness. The funeral will be held at the late home tomorrow afternoon at 3 o'clock, and burial will be in Hillside cemetery.

**ALBERT CLAWSON.** Albert Clawson, a life-long resident of New York, died at his home on Brook avenue Wednesday morning, following a long illness. The funeral will be held at the late home tomorrow afternoon at 3 o'clock, and burial will be in Hillside cemetery.

**JOSEPH FREDERICK BERG, JR.** Joseph Frederick Berg, Jr., a resident of this city for nearly thirty years and widely known as a printer and business man, died in his home at 402 Park avenue, Newark, N. J., Saturday morning. He was removed to the institution from his home on North avenue on August 1st, suffering from a pneumonia which had been aggravated by a nervous affliction of the limbs. He had previously been ill for several weeks and his ailments were aggravated by the intense heat which prevailed the early part of the month.

Mr. Berg was the only son of Dr. and Mrs. Joseph F. Berg, of East Newark, and was born in Newark, N. J., forty-two years ago. He came to this city with his parents in 1888, continuing to make his home here until his death. After completing his education in the local schools he took up the trade of pressman, serving with several firms before being employed at the Baker Printing Plant on West Fifth street and while acting as pressman added composing to his knowledge of the printing business. In recent years he had devoted his time entirely to job printing conducting a shop at 402 Park avenue, Newark, N. J., from his home in the Chelsea building.

Mr. Berg possessed considerable musical talent as do the members of his family, and as a boy sang in the vestal choir in Grace Episcopal church. He had numerous friends and acquaintances in this city and the sympathy of all these are extended to his bereaved wife and family and to his parents and sisters who are living in Newark, N. J., where was Miss Daisy Adams, of Newark avenue, the deceased leaves five small children, his parents, and several relatives living in Newark, N. J.

The funeral was held yesterday afternoon at 402 Park avenue, and was strictly private. The service was conducted by Rev. Dr. Frederick Berg, of Flatbush, L. I., a cousin of the deceased. Interment was in Evergreen cemetery.

**HERMAN KATZCH.** Herman Katzsch, a resident of this city for the past several years, died suddenly Wednesday night at his home at 802 East Second street. He had been ill recently but had recovered and was about to retire when he suffered a sudden attack of vertigo which caused him to fall from the stairs. He fell back on his head and was killed. He was a well-known and successful business man and had been in the city for many years. He was a member of the German-American club and had many friends in the city. The funeral was held yesterday afternoon at 802 East Second street, and was attended by many friends. Burial was in Hillside cemetery.

**MRS. AMELIA KATZCH.** Mrs. Amelia Sanford, widow of Charles Sanford, died Wednesday night at her home at 802 East Second street. She had been in failing health for several years, during the time she was confined to her home in an invalid state. Mrs. Sanford was the daughter of the late Mr. and Mrs. Isaac Lahn, who lived in Plainfield, N. J., near the present site of the farm land country Club seventy years ago. She had resided in this vicinity all her life. Her husband was a member of the Plainfield Meeting and was a member of the German-American club. The funeral was held yesterday afternoon at 802 East Second street, and was attended by many friends. Burial was in Hillside cemetery.

With patriotic features predominating, the tenth annual Monmouth fair will open on Labor Day and continue through September. There will be games and exhibitions by representatives of the U. S. Army and Navy, American Red Cross, American Red Star Animal Relief, the League to Enfranchise Women, and United States Government Conservation Department, in which is known at all fairs throughout the country.

A company of Signal Corps men from the encampment, under the command of Major Mitchell, located at the fair grounds each day and will give demonstrations and drills of this branch of the U. S. Army. In addition to the methods of signalling, the modern system of war communication by telephone and the construction of these lines will be shown. Well as the setting up and operation of a modern war wireless station. This work will be supplemented by regular company drills. The work of the public health branch of the United States Navy will be demonstrated by a specially constructed bulletin board, at which representatives of the health branch of the service will be in attendance and answer questions, as well as be prepared to enroll and receive vaccinations.

Many of the exhibits will be in the horse show, which will be larger than ever before. Labor Day will be known as polo day, as there will be four large classes for the best polo players in the country. There will be weight ponies, heavy ponies, pair of ponies, shown by owners, and the spectacular polo pony teams of four riders. The polo pony team of four riders will be shown by the United States Polo Association. This event is most interesting, as it brings out the best players of this section in the country.

Tuesday, the second day of the show, will be farmers' day, with farm team breeding classes, in which competitors will be shown. Wednesday will be specialized in the hunter classes and jumpers and will bring out the best hunters in the country. The hunter classes will be shown by the United States Polo Association. This event is most interesting, as it brings out the best players of this section in the country.

**NO CHANGE IN BOROUGHOFFICIALS THIS YEAR**  
Pre-election forewarners in the borough are finding a scarcity of postal material to discuss this year, and indications are that primary day will be a quiet one, with hardly a ripple. Although the coming of Mayor William L. Smith and his councilmen John Mohr and J. J. re-election have won the support of the borough and with the time before petitions must be filed so near the polls that there being any seems remote.

Since his announcement that he could not be a candidate for State Senator, Harry Smith has been urged by his friends to become borough executive for another term and it is understood that he has agreed to run on the condition that he be unopposed. Both John and Stahl have consented to return to the borough, leaving the borough government without any changes.

Lapsley Holds Record For Age In Sheriff Race

Howard G. Lapsley, of Crescent avenue, this city, one of the youngest Democratic aspirants Union county ever had for the sheriff, has announced his candidacy to come before the voters at the September primary. Lapsley is practically unknown in political circles of the county, this being the first office of consequence he has ever sought.

The candidacy came to him entirely unbidden. He has been more or less active in city politics at Plainfield and for the last few weeks has been a volunteer member of County Democratic Board No. 2, sitting in the city. It was only a short time ago that friends in both Democratic and Republican circles urged him to announce his intention of seeking nomination. Then came the Democratic conference in Elizabeth and the announcement that he was elected as the sheriff candidate.

Graduated from the Plainfield High School with the class of 1905, Lapsley pursued two years of study abroad, obtaining his bachelors degree in political science. He is intimately versed on political problems of the day and his friends believe the capable of discharging the important duties of the office which they have urged him to seek. For two years he was engaged in the insurance business, salesmanship and banking in New York, but maintaining his residence in this city.

For the past year and a half he has been in the aviation service at Governor's Island under the Council of National Defense. Being of an inventive turn of mind, Lapsley offered himself to the experimental corps working there and has devoted his entire time to the problems the Government is trying to solve in the development of better aerial forces. Recently the particular branch of endeavor in which he was engaged was suspended temporarily and he has been giving further gratuitous service to his country, in adding with his own work in this city.

"Though I am a Democrat in politics," said Mr. Lapsley in discussing his candidacy, "I am of the belief that to a certain extent party politics should be cast aside this year, and voters should bend their efforts in the direction that would best serve the country. They should be directed to take office the best man on the ticket."

"To the sheriff belongs a great responsibility especially at the present time—a greater responsibility than year before, perhaps—and he will be called upon to handle even greater burdens if more draft quotas are called out. There is always the likelihood of disorder in a thing of this kind, though the present draft examinations have passed off without any serious incidents and it will require a man of decision and strong character to meet the requirements. Which man this shall be the voters must decide, and if they have not already made up their minds, let them do so at once, for the election of sheriff in past years, they should consider it more thoroughly than year before."

Mr. Lapsley is 31 years of age and one of the best known of the younger Democrats in Plainfield, having been actively identified with municipal politics for a number of years.

Chevrolet Entered in Chicago Holiday Races

Louis Chevrolet left this city yesterday for Chicago, where he will take part in the annual Labor Day automobile races in the Windy City on Monday. He was optimistic as to the outcome of the meet, although he did not express much concern over the knowledge that he would be opposed by the best drivers in the country.

His four especially constructed automobiles that were assembled at the plant of the American Motors Corporation, of New York, were shipped to Chicago on Wednesday and Chevrolet hopes to arrive in time for a short workout before the races.

Labor Day will be his first start since the three-cornered meeting between him, DePalma and Oldfield at Sheepshead Bay two weeks ago, when he came in second all three weeks and won \$2,500 as second money. His winning of the Cincinnati and Chicago classics earlier in the season puts him near the top of a list.

According to announcement made yesterday Chevrolet will again compete with DePalma, Oldfield and a prominent racer at Sheepshead Bay on September 22. Barney Oldfield was greatly embarrassed at being out by both DePalma and Chevrolet at their first meeting and was asked for another chance. The Harkness Cup will probably be put up as a prize.

Mrs. W. W. Warnock, of Craig house, returned home a few days ago after spending a month at the Hotel de Ville, Paris, with her daughter, Mrs. William C. McK. of Paterson.

THE REAL PROOF OF THE

# WELVE

After personal observation and first-hand knowledge of methods and materials employed in building the Velox "Biltwel" Six, your only unanswered query could be, "How does this car perform on the road?"

We can, of course, prove by demonstration its remarkable flexibility, power, riding quality and economy, but the spontaneous testimony of those who have driven Velox under all conditions of road and weather, on country highway and city boulevard, and in practically every nation of the earth, is your best proof of complete satisfaction.

OPEN EVENINGS

Y. W. C. A. NOTES.

Miss Titus will return from her vacation this week and will have charge of the camping party this week-end. There are still a few vacancies left and anyone desiring to go should communicate with the office before Friday evening. The camp will start at 4 o'clock Saturday afternoon and return late Sunday afternoon.

LOCAL MEN COMMISSIONED.

Plainfield had two more of its professional men join the colors this week when Robert Meeker and Russell Miller received commissions as first lieutenants in the U. S. 360th Corps. Dr. Chalmers H. Crist and Dr. David G. Atwood have already been commissioned, making four Plainfielders in that branch of the service.

## Nuggets of Church News

### HOPE CHAPEL

"The Problems of Life, Labor and Liquor," will be the subject of the Rev. D. W. Skellenger's sermon at the 7:30 service at Hope chapel Sunday night. There will be special music by the volunteer choir. Dr. Skellenger will also be in charge of the morning service.

### CRESCENT AVE. PRESBYTERIAN.

The Rev. John T. Reese of Philadelphia, will occupy the pulpit of the Crescent Avenue Presbyterian church on Sunday. On the following Sunday, Rev. Robert M. Blackburn of the same city, will be in charge and he will be the last of the supplies before Rev. John Sheridan Zelle returns from his vacation.

### SEVENTH-DAY BAPTIST.

Rev. James LeRoy Shaffer will conduct the regular weekly services in the Seventh-Day Baptist church tomorrow.

### GRACE EPISCOPAL.

Rev. Herman Lilienthal, of Astoria, La. I., will be in charge at the regular services in the Grace Episcopal church on Sunday.

### ST. STEPHEN'S.

Rev. J. Atwood Stansfield will officiate at the usual services at St. Stephen's church Sunday morning.

### FIRST BAPTIST.

Rev. Charles E. Miller, of Norris-town, Pa., will preach at the morning and evening services in the First Baptist church on Sunday. Rev. Philip B. Strong will resume his pastorate on the following Sunday.

### UNION SERVICES.

The last of the union services that have been conducted on Sunday nights during the past two months, in which the congregations of the First Baptist, First M. E., First Presbyterian and Trinity Reformed churches have joined, will be held Sunday night in the First Baptist church with the Rev. Charles E. Miller, of Norris-town, Pa., in charge.

### TRINITY REFORMED.

Rev. John J. Brook is expected home from his vacation in time to conduct the services at the Trinity Reformed church on Sunday. The evening service will be postponed in favor of the union service.

### HOLY CROSS.

The rector, Rev. H. St. George Bartholomew, who returned from a month's vacation spent in New England and will conduct the services on Sunday.

### FIRST M. E.

At the morning service in the First M. E. church on Sunday, Bishop William P. Oldham will preside. The pastor was in charge of religious work in Asia but more recently has directed missionary work in Asia.

### NETHERWOOD REFORMED.

Rev. Edward S. Ralston will preach at the morning and evening services at the Netherwood Reformed church on Sunday.

### MONROE AVENUE M. E.

Rev. J. J. Frazar returns from his summer vacation this week and will resume charge of the services on Sunday.

## Getting Ready For the Coming Primary Voting

Preparations have been started for the primary and general elections and the initial activity is underway in the office of City Clerk John Carroll and County Clerk Nell McLeod. The work involves a mass of details of the first items being arrangements for the polling places. In this city they will be the same as last year, with very few exceptions.

Another preliminary detail is the furnishing of the ballot boxes and booths, which is the duty of the elections committee of the Board of Freeholders. Members of the committee are busy learning the quantities needed by the different municipalities.

Under the election law, September 1 is the last day for the hearing of polling places. Provision must be made for their use on four days and evenings. September 11 is the first registry day, and September 25 is the day for the election of the county clerk, and also the second day for the registration of voters. October 23 is the third registry day, and November 4 is the general election day.

The law requires the county clerk to certify to the city clerk the list of names of candidates on September 5, and on the same day the Board of Freeholders must be notified of the list of polling places. That date is also the last day for the filing of petitions by candidates with the city clerk. September 10 is the final day on which vacancies in the list of candidates caused by death or resignation can be recognized and on that date the poll-books and the primary books of the preceding year must be delivered to the registry boards and election notices must be formally advertised for the first time. The second advertisement must appear on September 17. Petitions for the filling of vacancies on tickets caused by death or withdrawal must be filed no later than September 13.

Sample ballots and envelopes must be delivered September 17 or 18, and on September 22 the city clerk must notify the county clerk of all city offices to be filled. The city clerk is required to deliver to the district elections boards on September 24 the poll-books and envelopes for which receipts must be taken. This completes the preparations for the primary election to be held on the following day, September 25. The state money spent by candidates in the primary campaign must be filed October 1, and candidates nominated by the voters in the primary must file certificates of acceptance no later than October 5.

Vacancies on tickets caused by deaths or resignations subsequent to the primary must be filed on or before October 22. On October 27 the county clerk must furnish sample ballots and envelopes, which the city clerk must deliver to the district election boards on October 29 and 30. Delivery of the regular ballots by the county clerk to the city clerk must be done November 2 and 3, and on November 5 the city clerk must deliver the ballots and boxes to the election boards. Then everything will be in readiness for the opening of the polling places for the general election, November 6.

"MAYOR" BLATZ, IF YOU PLEASE.

In addressing Francis J. Blatz, president of the Common Council, he should be referred to during the next two weeks. It is expected that the city's chief executive, taking the place of Mayor Livingston Calkins, who is spending his customary summer sojourn at East Gloucester, Mass.

### THREE MEMBERS OF ACKERMAN FAMILY IN ACTIVE U. S. SERVICE

The story in last week's issue of the Record which told of the efforts Mrs. Hannah Linkle is to make in order to keep her third son from being taken in the draft has brought another case to notice where Plainfield parents have sent all three of their sons to war. Mrs. Linkle already has two sons in the country's service and she thinks that her third son should be allowed to remain at home, but Mr. and Mrs. Marion S. Ackerman, of Crescent avenue, helped their sons to serve their country.

Marion S. Ackerman, Jr., is a member of the Naval Militia, while Mr. Ackerman's other two boys, Warren and James, are in the navy and aviation branch of the service. The former, together with Reginald Rowland, raised \$25,000 with which to construct a "submarine chaser." It has been turned over to the government and is in service with the two young men in command. James Ackerman was a student at the first Fort Meyer officer's camp but was transferred to the aviation corps and is now training at Toronto. There are several other instances where two have come from the same family and after the draft has taken its quota there will be even more.

He is a prominent clubman and aeronautic enthusiast. He has been identified with a number of public interests in and about New York, for a long time serving as president of the New York Central Water Company. He resides at Llewellyn Park, West Orange.

## Trolleyman Outing to Seidler's Beach

The 5th annual outing of the trolleyman and conductors of the Central New Jersey Division of the Public Service Corporation was held yesterday afternoon at Seidler's Beach, this city, the trip being made in special cars.

The men left Plainfield shortly before 2 o'clock in the afternoon and the quick run was made to the shore where one of the diners that have made Seidler's the destination of all good trolley men was waiting for them. Everything that would tempt the appetite, from soup to nuts, was on the laden tables and entertainment and speech-making during the afternoon gave the necessary touch of fun to the occasion to make it a success. Besides two professional entertainers from New York, it was the American Motor Corporation furnished a program of the latest song hits and patriotic airs. Patrick Harron, well known to patrons of the trolleyman, was at his best during the afternoon and by his Irish wit and songs drew applause from every corner.

As guests of the occasion, J. J. Givings, of Elizabeth; N. W. Bolden, of Newark, both company officials, and George Lohr, local division superintendent, and T. P. Burke, of the New Brunswick district, were present and during the dinner made appropriate addresses. Mr. Lohr also entertained with his justly famous songs. The return home was made in the evening, the men arriving in this city shortly before midnight, after vowing it one of the most pleasant gatherings they had ever had.

Miss Margaretta Burke, of New York City, is spending a week with her cousin, Miss Mary Donnelly, of West Fourth street. She will return home next Thursday.

## Youth's Arrest Solves Bicycle Theft Mystery

Charged with stealing a bicycle belonging to Chas. Christiansen, of 1642 West Third street, Michael Saranga, aged 17 years, was arraigned before City Judge William G. DeMea in the city court this morning and held for trial until next Tuesday. Saranga, the police say, has been responsible for the disappearance of over twenty wheels from various parts of the city during the past two months, four of which were exhibited in court this morning, and it was to give an opportunity for the department to recover more of them that Judge DeMea remanded the youth. The boy was arrested yesterday afternoon by Officer Walsh at South Plainfield, where he disposed of most of the bicycles. Two wheels were located at that place, one at Metuchen and one in this city, and during the day it is expected that others will be located. The youth said this morning that he had removed recently from New York to New Durham, near

South Plainfield, and that he was in the custom of selling the wheels and going to New York to spend the money.

## INTEREST KEEN IN COMING BENEFIT "SMOKE" DANCE

A large sum, it is expected, will be realized from the charity dance that will be held for the benefit of Uncle Sam's fighting men at Columbus Hall on the evening of Wednesday, September 19, under the auspices of Eddie Marks and the members of his Jazz orchestra. The entire sum will be turned over to the New York Sun's tobacco fund. M. C. Van Arsdale, J. J. Varley and F. J. Blatz have been named to comprise the finance committee. Messrs. Doyle and McCormack have been named chairman of the floor committee. Nat Dorfman, New York newspaperman, is in charge of the publicity and advertising campaign. Tickets can be obtained by mail from Edward Marks, of No. 426 West 42nd street, or at Miller's drug store, Park avenue and Fourth street, and at the Quaker Shop, East Front street.

## Story of "Exorbitant" Prices for Aeroplanes Branded Falsehood by President H. B. Mingle

View of the Standard Aero Corporation's New Plant at Elizabeth, N. J.

Aviation circles have showed little discomfort at the charges appearing in a newspaper article published this week that the aeroplane manufacturers were demanding exorbitant prices for their product. The officials of the Standard Aero Corporation of this city were among those who met with worn the allegations, saying that they were so vague and so little supported by testimony that they were valueless.

H. B. Mingle, president of the Plainfield concern, issued a categorical denial of the charges, but because of business pressure did not go into detail before his departure for Washington for a conference with Government officials. His vice-president, Max J. Finkelstein, however, issued the following statement in his absence:

"It would be of no consequence if these charges were true, for the fact is that the Government canceled this whole contract. Not an aeroplane has been delivered under it, and not a penny has been paid to us on it by the Government. The only loss in this transaction has been ourselves, for we paid several thousand dollars in fees for the bond which the Government required us to file, and we have lost this."

"However, it is not true that the price was raised without cause. The fact is that the Government ordered thirty-two machines of a certain type, and later decided it wanted machines of more power, with larger motors, and proportionately stronger frames. The difference in price between the new machines desired and the models under consideration was \$2,100, just as difference in price

(Courtesy Elizabeth Daily Journal)

between motor cars of different models and power.

The Government finally decided it didn't want hydroaeroplanes at all and canceled the order, replacing it with one for several hundred machines of our training model. We are at work on these now. We offered our entire plant to the Government to do as it would, and to say that our feelings have been wounded by these unjust charges is to express the situation fictitiously. Some of the men of our organization are completely sick at heart over the affair."

Work is going ahead at the Elizabeth plant of the Standard, where complete renovation is being made to meet the needs of the extensive manufacturing contemplated there, as noted in the record last week. It is the Standard Aero Corporation in the first airplane corporation to use women on a large scale in the manufacture of planes. At the Elizabeth plant it is expected to employ hundreds of girls and young women.

The Standard has had a much greater growth than any other aeroplane company in the country during the past year, starting with some fifty men less than a year ago and at the present time employing upward of 1,600 men in the State of New Jersey, including a preliminary force at the new plant in course of construction at Elizabeth. The plant within three months expects to be operating with a force of at least 2,600 people.

Asked concerning the number of persons who will be met on at the opening of the new factory at Elizabeth, the Standard Aero concerns to New York corporation, with Harry Bowers Mingle as president, Mr. Mingle will have direct supervision of the Elizabeth plant, and the other
