**His  
Daddy  
Has Gone  
To War**

**POOR LITTLE KID!** He has played hard all day with the toy soldiers his father brought home to him the day he left for France. And he's been keeping his spirits up because his father said to him—"Boy, take care of your little mother—and keep her happy till I come home again." And he has been trying very hard to back up that soldier in France. As his head sinks

down on his arm he sees that big soldier—his gun in hand, his face set towards Victory.

And as the soldier goes "Over the Top" he turns his head and smiles—smiles at the boy who means so much to him—who stands to him for home, country, love, happiness, success—all he holds most dear.

**Look well at this Child!** He represents the future of America—the future of Liberty—do your share to help his father win the great fight for all the children of the world.

## LOCAL NEWS IN BRIEF

**Happenings of the Past Week Tersely Told  
For Busy Readers.**

A miniature flood was produced at West Front street and Exchange alley, Monday, when a big auto truck knocked over a fire hydrant. Patrolman Nolan was in the vicinity and gave a hurry summons to the Water Company employees. The rush of water was shut off before any damage resulted. Dewey Barbour, of Carlstadt, driver of the truck, was placed under arrest, but after paying for the wrecked hydrant was released.

In the city court, Tuesday morning, Joseph Parsons, a colored taxi cab driver, was arraigned on a charge of fast driving preferred by Frank Zwilow, of New Brunswick. Zwilow claimed he was running his automobile on South avenue and had to run the machine upon the sidewalk to avoid being run down by Parsons. One wheel on the Zwilow machine was demolished. Parsons had several witnesses in court to prove that he was not running more than twelve miles an hour when the charge was dismissed. In court the same morning, Robert Cornell, of Orange, was fined \$3 for running his automobile over the speed limit. He was arrested on South avenue by Fairbairn McKinley.

Mrs. John Massey will again have charge of the Children's Chorus for the Decoration Day program of the G. A. R., and the first assembly was held in Town Hall yesterday afternoon. The attendance was large but many more children who can sing are needed and are asked to be present at the second, gathering on Thursday of next week.

Franklin A. Langworthy has been elected superintendent of the Sabbath school of the Seventh-Day Baptist Society, this city, to succeed W. C. Hubbard. The new superintendent was welcomed to his new work Saturday by Dr. H. M. Maxson, associate superintendent.

Court Watchmen, Daughters of Isabella, have issued invitations for a patriotic dance to be held in Columbus Auditorium, Friday night, May 14. DeLisle's jazz orchestra will furnish the music.

Members of the Gessing and Turn Vets, assisted by the Ladies' Auxiliary, are arranging for a Red Cross benefit to be held in Bessersburg Hall on Tuesday night, May 11. The date on which the new Red Cross drive for more funds will begin. The affairs will be doubly auspicious. The program will include vocal and instrumental selections, dancing and prize bowling. Henry Haward is chairman of the committee and his associates from the Bessersburg society are Karl Hermann, John Retzer, J. Bau and Fritz Witt. The assisting committee from the auxiliary is composed of Mrs. Hermann, Mrs. G. O. Keller, Mrs. Carl Felber and Mrs. M. Mendenbach.

Harry R. Derfinger, of 115 Duane street, the borough, is among the lo-

## PLAINFIELD'S HONOR ROLL.

In today's issue of the Record readers will find  
a list of approximately 850 Plainfield young men and  
women who have enlisted in their country's service  
and who form what is to be known as the city's  
"Honor Roll." These names have been compiled pri-  
marily through the efforts of William M. Wherry,  
Jr., who has done everything possible to record ev-  
ery individual going from this community but who  
realized more and more as he went along that it was  
a stupendous task.

The main obstacle to making the list complete  
has been enlistments with out of town units. No  
check can be kept upon them outside of the records  
at Washington, which will not be available until af-  
ter the war, and even then, the enormity of the task  
is beyond ordinary conceptions. For this reason, Mr.  
Wherry, Mayor Calkins, the Public Affairs Com-  
mittee of the Common Council and all others entrusted  
with the responsibility of making up the honor roll,  
seek the co-operation of every citizen in Plainfield.

Keep in mind that this honor roll is to be placed  
in the City's Archives that future generations will  
use it as an official reference and when the history  
of the great struggle is recorded it will enable Plain-  
field to substantiate its claim of giving more sons and  
daughters than any other municipality in this sec-  
tion, population considered. Keep in mind also that  
the beautiful service flag, now being prepared and  
soon to be unfurled, will flutter in the breeze as a  
symbol of Plainfield's manhood and womanhood en-  
gaged in the titanic task of forever suppressing the  
autocratic Hun. It would indeed, be a deplorable  
oversight if one name was left off the glorious ban-  
ner and it remains for those who are here to see that  
no such mistake is made.

When Mr. Wherry first began his gathering of  
names, the impression prevailed that Plainfield had  
contributed all told, about 500 soldiers and sailors.  
As the list grew larger and larger, it was soon seen  
that this number would be exceeded by at least 300  
and now the total has got to be 850 mark. We are  
firmly convinced that Plainfield has given the coun-  
try a thousand of its flower of manhood and woman-  
hood and the only way to validate the claim is for  
every resident of the community to present the names  
within their keeping. Don't wait for someone else  
to make the report. Scan the list as it is printed  
in the Record today and if you find the name of a  
relative or friend missing, send it to Mr. Wherry  
at once. Plainfield's honor roll must and will be  
complete, from the highest ranked officer down to  
the humblest dough-boy assigned to kitchen duty.  
The credit that is now being given those "dog  
their bit" will pale to insignificance by the agita-  
tion that is destined to come in succeeding years.  
The honor roll will tell to whom honor is due.

## GOVERNMENT FUNDS FOR BUILDING PURPOSES.

In seeking a solution of Plainfield's housing  
problem, the Business Men's Association has taken  
up a question that has been perplexing this com-  
munity for nearly a year. Should the organization  
succeed in providing a remedy it will earn the gra-  
titude of industrial workers who have been put to  
great inconvenience and at the same time be of no

small aid to the Government in manufacturing sup-  
plies.

At the beginning of industrial activity at the  
commencement of the war in Europe, Plainfield was  
said to have had fully 300 vacant houses. Today  
there is hardly a moderate priced dwelling that is  
not tenanted and should there be one it is only be-  
cause of conditions that make it uninhabitable. Even  
the mansions in the Netherwood and South End sec-  
tions, renting from fifty dollars to one hundred dol-  
lars a month, have all been leased, so great has been  
the influx of men in all walks of life. From this it  
can be seen that the housing problem has become a  
serious proposition and concerted action was neces-  
sary.

So far the Business Men's Association has re-  
ached only the point of discussion. A committee was  
appointed which has conferred with manufacturers,  
real estate men and merchants. Facts gleaned by  
conferences are being sorted over and when the  
course becomes clear the association will push the  
matter to a finish.

Inasmuch as the building of more homes will  
entail a great expense it seems as though the Busi-  
ness Men's Association might solicit some of the  
Government funds being provided for this purpose.  
Congress appropriated many millions of dollars to  
be used by communities in promoting building op-  
erations, a special committee being appointed to op-  
erate all requests. Newark and Elizabeth are among  
the nearby cities that have applied for money and  
according to report they are to be given a propor-  
tionate quota. Plainfield is entitled to a large sum  
because of a number of plants making munitions and  
if the proper credentials are shown, we believe that  
it will be forthcoming. The Government needs the  
men, the men need the homes, the Government has  
the necessary financial means and there you are.

## PERTINENT PARAGRAPHS.

It is not merely knowing what to say that counts  
so much as knowing when to say it.

Before bowing to the inevitable, be certain that  
it is not a case of mistaken identity.

Exchanging bachelors quarters for a better half  
is not necessarily marrying for money.

One of the greatest blessings of old age is that  
insurance solicitors give a fellow a rest.

The Saints are praised. At last the white-winged  
dove of peace is fluttering about the City Hall.

It is all right so long as a man and wife are  
one; but it is all wrong when they are one too many.

If you would hear only pleasant things concerning  
yourself, just confine your conversation to yourself.

The real daylight saving proposition is to put  
in a real day's work. You can't obtain by shifting  
the hands of a clock what you fail to achieve be-  
cause your own hands remain idle.

If the cops keep on bringing in auto speeders  
from that particular section, South Avenue might  
well be termed "the Flivver Trap."

And as you go along don't forget that produc-  
ing more is the first great need, for it is after pro-  
duction that conservation can be practiced.

The Mayor wants you to celebrate Liberty Day  
but don't take it all out in shouting and wondering  
why somebody didn't get up a big parade. Digging  
down in your jeans and producing the necessary  
simoleons to buy a Liberty Bond is the real way to  
obey the Executive's command.

What gets us about this Brunson dairy affair is  
where was the North Plainfield Board of Health dur-  
ing all those days that the deplorable conditions ex-  
isted? Surely an inspection weeks ago would have  
shown that things were not right and a change made  
accordingly, before it remained for a fire to reveal  
the danger to which milk users were being sub-  
jected.

## THINGS WE WOULD LIKE TO KNOW—

If there is any one in Plainfield who does not get  
more thrills from the sight of one troop train than  
listening to ten patriotic addresses!

Where John Dahl gets all his men from!

If "Doc" Giddens and "Percy" McVey think as  
much of trout fishing now as they did before it cost  
them \$46.75!

## MORE THAN EVER THIS SPRING

# QUALITY IS ECONOMY IN MEN'S LOW SHOES

The war has created a shortage of good leather, as well as of skilled shoe makers. Only by  
out close relations with leading manufacturers are we able to command for our customers,  
STILL THE HIGHEST QUALITIES.

Our values are UNSURPASSED, as they have always been—no skimping—no substitutions—  
—no "camouflaging."

Quality is ECONOMY and ECONOMY in SHOES refers to the famous  
VAN ARSDALE SHOE LEADERS!

## PERSONAL

Mr. and Mrs. Daniel J. Courain, of West Fourth street, are the happy parents of a baby daughter who arrived at their home a few days ago. Mrs. Catherine C. Brown, of South Second street, has received official word that her son, Private Leslie Brown, a member of the Field Artillery, has arrived safely in France.

Mr. and Mrs. Telephone Parent, Jr., of 314 Madison place, are rejoicing over the arrival of a young son, born to them this week. Mrs. Parent was formerly Miss Elizabeth V. Day.

Mr. and Mrs. Stephen H. Schief, of Scotch Plains, formerly of Plainfield, have announced the engagement of their daughter, Miss Lillian Schief, to Bradley Barrett, of Panwood. No date has been set for the wedding.

Private Edward Heath, of North Avenue, who recently went to Camp Meade, from this district, returned to his company Tuesday, after a four days' furlough. He is soon to enter the mobile crane course and is to assist in bringing newly made army trucks from Detroit overland to the Atlantic seaboard.

Mr. and Mrs. Gardner W. White, of West Eighth street, are the parents of a son born to them a few days ago. Mrs. White was formerly Miss Sylvia Curtis, daughter of the late T. M. Curtis. Mr. White is in Uncle Sam's service as a sergeant in the Long Island defense division stationed on Long Island.

Miss Alice Moran, of Hampton, returned home Monday, after a pleasant visit with her cousin, Miss Cecilia Fox, of Spruce street.

John J. McGee, secretary to the late Congressman John H. Capstick, returned to Washington, Wednesday, after spending a week at his home on Richmond street. Mr. McGee, closing up the Washington affairs of his deceased employer and will shortly return to Plainfield permanently, pending acceptance of one of several positions that have been tendered him.

Thomas Doragall, of Liberty street, has been home to his home for the past week by a severe attack of lumbago.

John J. Casey, of 456 West Third street, is home on a ten days' furlough from his duties as a sanitary inspector in the Government reservation at Fort Monmouth, Va.

Miss Margaret L. Cato, who was married last Saturday afternoon by Mayor William L. Smalley, at the home of the bride's parents, Mr. and Mrs. L. B. Weston, of Fairview avenue, are now located at Jackson Heights, L. I., where they will reside temporarily. Mrs. Cato was formerly Miss Margaret Weston, of the borough's best known young women. At the ceremony she was attended by Miss Elizabeth St. Ives, of New York, while John C. Fox, brother-in-law of the bride, was officiating. Mr. Cato's home is at Oakland, Cal., but he has been stationed at College Point, L. I., as a chief aeronautics and mechanical engineer for the L. W. P. Engineering Company of that place.

## More Registrants Pass Physical Test

Forty registrants from the Plainfield district who for various reasons had not undergone their physical examinations were passed upon by the local Medical Board at the Evergreen Avenue school, Saturday afternoon. Thirty-two were accepted for general military service and eight were referred to the Union County Medical Advisory Board for examination on the following Tuesday.

Eighteen other registrants, who were notified to be present at the gathering of last Saturday did not appear. They are now being looked up by agents of the draft board and their satisfactory explanation can be given will be inducted into service immediately.

These are the thirty-two men who were accepted for general service:

Abner Armstrong  
Charles Heston  
Edward H. Boynton  
David C. Conway  
Samuel Corneat  
Walter E. Boynton  
Simon H. Noble, Jr.  
John De Forge  
Charles S. Elliot  
John H. Flanagan  
William Gasker  
Salvatore Giacopponi  
Owen Heston  
David P. Hinton  
Walter W. McNamara  
Harry E. Mattoon  
Harold S. Moon  
Joseph P. Mollack  
John McGee  
Oscar T. Nielsen  
Sylvio Regillo  
James Runtz  
John Shyne  
John Simonson  
Joseph J. Starish  
William H. Toner  
Frank Wadsworth  
Charles H. Westphal  
Barnard Wilson

Of the nine men appearing before the Medical Advisory Board Tuesday, three were accepted for general service, two for limited service, two rejected and two others accepted for other boards. The names of the men and their disposition was as follows: Accepted because of physical defects—Donald DeLille and James Mastriani. Accepted for other exemption board—Isaac Cohen and Maurice Wilson.

**MUSICAL INVITATIONS ISSUED.**  
The Sister of Mercy high pupils of St. Mary's College have issued invitations for the Annual Spring Musical. It is to be held on Sunday afternoon, May 12, at 3 o'clock, and will be on a more elaborate scale than of previous years.

## Trolley Companies Give Reasons For Service Carting

In an effort to acquaint the public with the reason for certain innovations such as carting down the service and ordering "skip-stop," the trolley companies are issuing letters in circular form. The Trenton and Mercer County Traction Company is one of the first to adopt this measure for off-setting criticism and the Public Service Corporation is among the other concerns that are to follow suit. Plainfield is among the municipalities that is suffering from the shortened trolley facilities and the protest against them have been within reason as no official explanation was forthcoming. The reasons advanced by the Trenton and Mercer Company are compiled under the caption, "Trolley Skip Stop Via the War," and are as follows:

"The Council of National Defense has issued to the electric railways of this country, through the Electric Railways War Board, a call for their utmost co-operation toward winning the war."

"The council asks especially that we postpone all expenditures on new construction or replacement that can possibly be avoided."

"While this will interfere for the time being with certain of our plans, there is no question what our duty is. We must give the patriotic call that is asked, and we shall. The call says in part:

"During the first nine months of 1917 the States and cities of the United States sent more money for public improvements than for the corresponding period of 1916. In fact as these expenditures were not absolutely necessary they were against the interests of both public and private enterprise."

"1. Labor was taken from pursuits essential to war purposes."

"2. Capital was withheld from enterprises necessary to war purposes."

"3. The burden of taxation was increased at a time when taxpayers were least able to bear them."

"4. The cost of such improvements was many times in excess of the cost in normal times."

"The council has sent the following to us and to all the electric railways of the whole country: 'Every effort that this country is capable of should be applied to bring the war to a successful conclusion. During the period of the war any enterprise or undertaking should be tried and justified by this test: Will the men, money and material so applied best contribute in this way to the winning of the war?'

"New enterprises which are not fundamental to the efficient operation of the country's necessary activities should not be undertaken."

"The Electric Railways War Board has sent to all companies a bulletin in which they point out ways of saving coal, saying under the heading: 'Unnecessary Service.'

"Every effort that this country is capable of should be applied to bring the war to a successful conclusion. During the period of the war any enterprise or undertaking should be tried and justified by this test: Will the men, money and material so applied best contribute in this way to the winning of the war?'

"New enterprises which are not fundamental to the efficient operation of the country's necessary activities should not be undertaken."

been tried proves that not only can economies be brought about, but the service can be greatly improved.

"Third—The heating of cars by electricity and even by coal entails great use of fuel. The Post Administration especially recommends that the amount of heat in cars be cut down. Heating of waiting stations by electricity should be done away with."

## Food Administrator Names County Supervisor

William E. Tyler, New Jersey food administrator, has taken his first step in seeing that Union county observes the order to use wheat substitutes by appointing Ernest Zeek, of Plainfield, to search out violations. As soon as they are reported to Mr. Zeek, he will establish the truth of them and communicate with Mr. Tyler.

The State administrator decided to take some action in the matter after he learned that all of the bakers in the county were not observing the rules for 25 per cent. substitute for wheat in bread and other products. Those who are found flagging are liable to either a heavy fine or to having their place of business closed for a period of days.

## Government Advises Early Coal Orders

"Place your order for coal now, even if this is no one for the immediate delivery," says the food administrator in a statement today reiterating its determination to effect distribution of all coal during the summer months for next winter.

"With the country's coal supply largely ordered ahead," the statement adds, "the food administration will be in a position to act promptly and facilitate the movement of an adequate supply of coal to meet the demand. The railroads will be enabled to judge of the traffic facilities which must be made available for shifting coal production and for distributing the supply."

## THE NEW EDISON

"The Phonograph with a Soul"  
It is not an imitation nor yet an interpretation. It is a Re-Creation; so complete and satisfying that no human ear can detect a shade of difference between artist and instrument.

The famous tone tests in which 30 great artists have sung in direct comparison with the New Edison have established the truth of this assertion. Over 1,500 of these tests have been held; over 2,000,000 people have attended them. And invariably the New Edison met the ordeal successfully. Not one person could distinguish between the voice of the artist and that of the instrument.

Come into our store and witness a demonstration of this marvelous instrument.
