Preface

IN presenting to the public the Plainfield-Westfield Directory for 1909, we hope we have succeeded in producing as accurate a book of this description as is possible.

We have made a thorough and efficient house-to-house canvass, and no one can appreciate, but by actual experience, the difficulties which constantly arise in procuring the information for a book of this kind.

But by bringing into execution the methods learned by many years' experience, we believe we have reduced the possible errors to the lowest minimum.

Thanking the public and our many patrons for the kind support they have entended to us, we remain,

Yours respectfully,

WAND DIRECTORY CO.,

TERRACE PARK

WESTFIELD, N. J.

Situated in the heart of the town. High land and varied landscape. Sewers, water, gas, electric light. Macadam roads, stone walks, shady trees. Restricted property and near station.

This property is not "being opened for development." It is **already developed** and the improvements are there. The restrictions placed on all lots insure the character of the neighborhood. The half hundred houses already built and occupied nearly all by their owners, ranging in cost from $4,000 to $30,000, have **fixed** the quality of this locality as a high class residential center in a distinctly residential town.

You do not have to guess its future. Your money is not risked—The place is established. If you have had an experience in real estate you will appreciate what that means.

Prices and terms are made attractive to the home-builder.

We will make appointments to meet you and drive you about Terrace Park and the rest of the town.
