SENATOR IN INTERVIEW AT CITY HALL**

## Plainfield Must Wait For Fanwood To Make First Move, He Says

Plainfield's continuance of Fanwood, which has been a prominent subject of discussion among the residents of both communities of late, will eventually result, according to Corporation Counsel Charles A. Reed of Plainfield, Fanwood. If it continues to grow, he says, will necessarily have to have city facilities such as fire, police and sewerage. "It will be cheaper in the long run for the

Fanwood will take in the adjacent borough. At the present time Fanwood has no sewage disposal system and its possibility of establishing an individual sewer would be a most high cost, be very vague. If the population continues to increase, the town will need a plant. I don't think the cheaper way out would be to come into Plainfield and get the sewerage facilities. For other necessary facilities would be

No action was taken, made by either Plainfield or Fanwood authorities for the simple reason that the townships are not required to give attention either by petition or public suggestion.

Plainfield would naturally agree to any proposition. It seems, though it will undoubtedly wait for Fanwood to take the initiative. In the meantime, the question of local officials that any attempt to take over Fanwood would result in

Immediate objection on the part of the residents of the borough and Plainfield would not seek the annexation unless all parties concerned were agreed.

Although he said that it will take quite some time to bring about the annexation, Corporation Counsel Corcoran said he was interested in the annexation for several reasons, why, eventually, the residents of the borough and Plainfield would not seek the annexation unless all parties concerned were agreed.

Corporation Counsel Reed is an alder elected to the council on matters of this kind, both legally and politically, and his comment will undoubtedly have interested those who are considering the proposal.

**BE REGULAR AND CAST A VOTE  
ON PLAN TO ANNEX FANWOOD**

With Corporation Counsel Charles A. Reed just about bringing up the question of the proposed annexation of Fanwood by Plainfield, The Mid-State Press decided to conduct a straw vote to determine just for now, to what extent the people here and in Fanwood are interested.

If you favor the annexation of Fanwood mark X after Yes. If

You are opposed to the annexation of Fanwood just mark X after  
 No. Mail this ballot to The Annexation Editor, Mid-State Press,  
 222 West Second Street, Plainfield, N. J. This is not a contest  
 and no prizes are to be given.

---

I desire to cast my vote on the Fanwood-Plainfield annexation plan.  
 I wish to vote NO. .... I wish to vote YES. ....

## OUR SPORTS TRAIL

By "BOB" JAEKEL

I hope that Jimmie McLarin doesn't give up now just because Sammy Mandell gave him such a pummeling Monday night. Sammy is much older at the game than is Jimmie and he said himself that Mac looks good for the title in the near future. Both of Jim's eyes were fogged up at the end of the fight and none can ever say that Mandell didn't hand him an anatomy full of stiff, solid cracks. Nevertheless, the kid fought like a Yank.

Plainfield High School is talking about this guy named Bill Lawrence, from over the Brook. Bill really can throw 'em up, but P. H. S. can smack 'em back if they come anywhere near the plate. Baris improves every time he steps up and with the regiment of pitchers "Hub" has he certainly should be able to pick out one or possibly two to hurl for him Thursday evening.

Tommy Burns looks like the starter for the Big Red Team and, well, who else could occupy the mound for their rivals better than Bill. There's not so much choice over there. In the old days the papers used to get the prize-fighters mad at each other in order to assure the fans a good battle. I wonder if that would work here in regard to this city series?

Everyone is talking about this here fight card put on by the Junior League, and supervised principally by Marty O'Loughlin. It looks like a real old fashioned card, this show. Real fights, real spirit, and a real cause. All the best men are being signed, have been signed, and who could ask for a better night of entertainment than that? And besides it's put across for the best cause in the world—CHARITY.

Marty Thompson is another all around ball player. He was stuck on No. 5 (third base) yesterday afternoon in the game against Morristown and in the fourth inning he made a lovely one-handed catch that helped greatly to hold the visitors under yolk. One of the Morristown men came over and said, "You guys have one of these things called ball teams, haven't you?" Ten to Four, Pal!

Mickey Walker won't have much of a rest this summer. There's something doing for him every minute of the season and he has plenty to think of about Ace Hudkins. I wish Ace might have seen Mick fight Monday night. Plenty of food for thought there for a contender, too. Plenty!

From the way the Big Red team hit yesterday afternoon it kinda looks bad for North Plainfield Thursday night. Ten runs scored against a team that is supposed to be fast and have a strong pitching staff is no mean number for a squad that has had such a hap hazard season as the Stinkmen.

Mooney Kline didn't appear in the lineup at High School Field yesterday, but Whitey Siergiej took his place and held it down like a veteran. It certainly looks as though Whitey is the most valuable man to the P. H. S. nine this year. He pitches, plays any position in the field, parks on third, and now he catches. What can you do with a guy like that?

This Harriers Club is something new in Plainfield and they intend making themselves known in the Rotary Meet in a couple of weeks. More power to you fellows. It looks good every time we see a new organization open up. Plainfield can stand a lot of new clubs. There used to be a heap of them a few years ago.

SOMERVILLE  
DEFEATED BY  
N. P. H. S.

Somerville met with defeat when it ran up against North Plainfield High School yesterday afternoon at N. P. H. S. field. The final score of the game was 14-1. Louette, Nelson, and Beebe shared the scoring honors for the Kauleas. Louette getting four hits and two runs out of five times at bat; Nelson was able to stretch three hits into three runs; and Beebe chalked up three nice hits for himself.

North Plainfield played better ball than the visitors all around. Fourteen hits marked the result of the stickwork, eleven of them crossing the home plate. Somerville only smacked out three hits and scored four runs.

Washington started on the mound for the locals, but was relieved in the fourth by Bill Lawrence. Bill was in his characteristic form, hitting six men and walking only one. This victory makes North Plainfield the high team in the Somerset County championship. They will probably have to play a single game with Somerville and Sound Brook respectively if it can possibly be arranged on account of the postponement of both these games by rain.

ACME BEATS  
HARRIS IN  
FIVE INNINGS

The Acme Club was able to easily bury the Harris aggregation under the heavy score of 15-1 last night in a five inning game at Greenbrook Park. Wonderful stick work and tight pitching featured for the winners and had darkness not halted the game the count would probably have been much larger.

Yetterman pitched the regular Acme ball and was assisted in the field in great order until the fifth when Harris seemed to gather itself a bit and sock the pellet out around Hampson. Goals got quite a work during that frame.

The Harrisians were tighter on their fielding than the Acme's however, allowing only three errors to be chalked up for them against the latter's five. The hitting was pretty well divided among both teams.

Hill of Harris was the heaviest hitter, knocking a pretty three-bagger in the fourth, scoring Bennett. Buckmaster was able to pound the ball for two doubles and a single.

Hitting and scoring honors for the Acme Club were divided among MacDonald, McCain, and O'Connor.

PLAINFIELD  
HIGH SCHOOL  
STILL WINSMorristown Goes Down To  
Score Of Ten-Four

Plainfield High School continued its winning streak yesterday afternoon by easily defeating Morristown to the score of 10-4 at High School field. An utterly new combination was used in the line of a battery featuring Whitey Siergiej and Louie Donalski. Whitey has never caught before and his work behind the batter was that of a veteran.

The Big Red Team played one of its best games against Morristown, and showed better form and head work than ever. A beautiful double play in the fifth from Bowser to Greenwood, and a perfect triple play in seventh via Donalski, to Siergiej to Bowser to Siergiej, proved that the locals were a real winning team and that this streak was no to be called luck. Every man used his head.

Bowser and Donalski started the count for P. H. S. in the first inning. Bowser went to first on a walk; Louie hit a sweet leaguer scoring Bowser, then Viviano layed under a fast one chalking Don. Marty Thompson made a wonderful catch in the fourth when Druen of Morristown snapped a hot one midway between second and third. Marty thrust out his handy left and nipped it as easily as if it had been an apple.

Walton, the Morristown third baseman, led his team at the bat, accounting for three of the eight hits marked up for him. The scoring started in the seventh when Donalski filled the bases and forced Druen home. Following this move Plainfield pulled this Houdini combination called a triple play. This support certainly saved Lou's day.

In the final frame, Coach Stine found it feasible to use practically a full second team. The boys played well in there and looked like good material for next year. Heiner showed up nicely at third. He is only a Sophomore this year and is in fine shape for the varsity next season.

Siergiej's throwing to the base was done and it is well to bear in mind that this man had his first try at catching yesterday.

Pitching honors were about evenly divided between the two teams. Donalski walked six men and No-doro two, while Donalski struck out five and No-doro and Johnson together fanned seven.
