

## Township aides won't accept 'no' on new ramp from Parkway

By R.R. Faszczewski

The mayor and councilmen from the township have let the state and county know in no uncertain terms that they want something done about the traffic congestion around the circle at Exit No. 135 of the Garden State Parkway and they are not going to take "no" for an answer.

Responding to complaints from two residents at the Township Council's July 15 session that nothing was being done about a Clark-supported proposal to add another exit of the parkway at Inman Ave., Colonia, Business Administrator Joseph Monaco pointed out Mayor George Nucera and Councilman-at-Large Bernard Hayden and Joseph B. Pozniak had screamed at the Union County Board of Chosen Freeholders to do something about the problem.

First Ward Councilman Raymond Krow told the residents the township's Governing Body has passed a resolution to the state asking for the new exit and it had not been supported by the freeholders.

Mayor Nucera added according to the township's research the land for the new exit near St. John Vianney R.C. Church in Colonia, was already dedicated for that purpose despite the fact the New Jersey Dept. of Transportation says it is not.

Second Ward Councilman William Caruso noted the township is trying to put pressure on Highway to support its position on the Inman Ave. exit by negotiating about Clark's support of a truck traffic plan for the county resource-recovery plant proposed for Highway.

Responding to a letter from Kenneth C. Afferton, the chief engineer for design for the state department of

transportation, in which Mr. Afferton said current federal regulations prevent the department from advancing highway improvements without substantial evidence of support from local involved municipalities, Mayor Nucera wrote to Mr. Afferton, "I know what you are trying to tell me in your letter about federal regulations, the feeling of the Board of Chosen Freeholders of Middlesex County, the mayors of Rahway and Woodbridge et al. Quite frankly I do not care, nor give a damn how other municipalities and counties feel. I'm only concerned over the traffic congestion we have here in Clark with no action by any governing body-county or state."

The mayors of Woodbridge and Rahway and the Middlesex County Board of Chosen Freeholders have all expressed opposition to the Inman Ave. exit because of the adverse traffic impact they say it will have on their communities.

In his letter to Mr. Afferton Mayor Nucera said he has tried to have a meeting with the above bodies and individuals and was told flatly they "weren't" interested because of their opposition to any additional ramp in Middlesex County.

Adding his petition is running out, the Clark mayor said, "At this point I will only deal with the State of New Jersey and no one else. As mayor of this township of close to 18,000 citizens I am responsible for their welfare and safety and I have every intention of doing exactly that. For too many years this township has been shunned and pushed aside as to its needs with absolutely no concern of feeling over the safety of the people of Clark and those motorists who are forced to enter and exit the Garden State Parkway at

Exit No. 135."

The Clark mayor concluded, "My business administrator, Col. Joseph J. Monaco, has contacted your Carol McCallum and arrangements are being made for a meeting of state representatives, yourself, my staff and Council representatives to sit down and have a discussion on this serious problem, with this meeting ending on a positive note."

In official action at the July 15 session the Council authorized the mayor and Mr. Monaco to sign the 1985-1986 contract with the Clark Local of the Policemen's Benevolent Assn.

According to Mr. Monaco the pact provides for two average salary increases of 4 percent each, one effective January of this year, and two average increases of 3.5 percent, one effective on Wednesday, Jan. 1 of next year and the second effective on Thursday, Jan. 31 of next year.

The liaison to the police department, Councilman-at-Large Fred Eckel, pointed out the referendum to the work schedules in the contract has been deleted because the final details on tours of duty have not been

worked out yet.

The councilmen also adopted a resolution which will allow Peter Usa & Sons to provide solid waste container service to the township under the contract rates agreed to last year rather than under a bid awarded earlier this year.

Township Attorney Stanley Fink explained when the bids were awarded in April an employee of the Usa firm had misread the specifications for certain surcharges and taxes and had not calculated them when preparing the bid.

He added two of the other bidders had done the same thing and, as a result of this, Mr. Usa had agreed to continue providing the container service under the old contract, which expires at the end of this year, at which time it would be rebid.

Mr. Fink explained by having the Usa firm continue under the old pact the township would be saving money.

However, Third Ward Republican Councilwoman Ruth DeLuca said she thought the contract should be rebid to comply with the law.

She was joined in voting against the resolution by Councilman Hayden and Fourth Ward Republican Councilman Brian Toal.

Also approved, this time unanimously, was a case for a two-story office building to be built on Raritan Rd., backing up to Lexington Blvd.

The case was needed because the building would be near park land owned by the township and would be using a sewer on township property.

Okayed by a 6-1 vote, Councilman Hayden against it, was a measure which would allow part-time and appointed

township employees to obtain the Blue Cross and Blue Shield PACE plan and dental plan at their own expense.

Introduced was an ordinance allowing for a \$10,038 salary for a clerk-typist in the health and welfare office.

Mayor Nucera explained he was trying with this position as with others to fit flat salary rates with no increment structure as persons left the positions they were in in order to save money.

EARNING HIS STRIPES... Clark Mayor George Nucera, left, pins stripes on newly-appointed Police Sgt. William Duffy. Looking on are the sergeant's wife, Mrs. Veronica Duffy, and their three children.

## DiFrancesco seeks unit for children

Sen. Donald T. DiFrancesco, whose district includes Clark, called for "prompt legislative action on my bill creating a permanent commission for children and youth to address the complex problems facing our young people today."

The senator made his remarks following the public presentation of the "Action Plan for Children," the recommendations of the Governor's Committee on Children's Services Planning, which Gov. Thomas Kean accepted July 10.

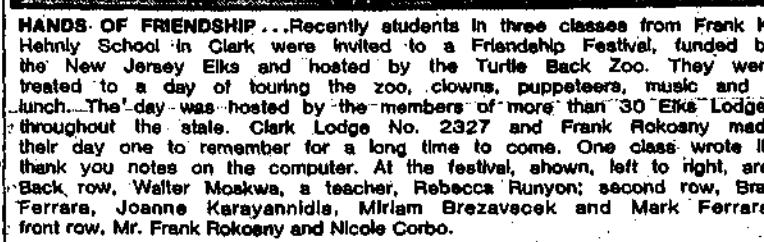

Sen. DiFrancesco was one of the legislators who helped develop the committee and has sponsored a wide variety of measures focusing on children's issues, including a bill to help the parents of children who are seriously ill.

"The legislation to establish a permanent commission for children was one of the actions recommended by the committee," said the legislator. "This

commission would report directly to the governor." "Commission members would be responsible for promoting the development of programs designed to strengthen families and encourage every child to reach his or her full potential. The commission would also assist in co-ordinating existing programs as well as new ones. I will urge Senate members to consider this legislation at the next session," he added.

Sen. DiFrancesco continued, "Nearly 400,000 New Jersey children are growing up in poverty. These youngsters are subjected to serious nutritional deficiencies and health care problems. Our state's infant mortality rate is higher than the national average. These kinds of statistics should not be allowed to continue in the future."

"We must address the problems facing our children now. They are our future."

## Regional accepts \$5,500 in vocational aid

The Union County Regional High School District No. 1 Board of Education, which governs Arthur L. Johnson Regional High School in Clark, July 16 authorized Board secretary, Harold R. Burdick, Jr., to accept \$5,500 in Vocation Education Summer Work Study Funding.

School body members also voted to re-appoint the firm of Johnstone, Skok, Loughlin and Lane as the attorney for the body from July 1 of this year to Monday, June 30, 1986 at the annual retainer of \$12,000.

Named assistant soccer coach at Johnson at a stipend of \$1,572 was Steve Petruzzelli.

The education body appointed Victoria McCullough to replace Valerie Malloy as head gymnastics coach at a stipend of \$2,368.

Dave Cowden was chosen to be head girls tennis coach at a stipend of \$1,698.

The following staff members will be employed in the business education summer workshop at stipends of \$11 each per hour according to school body approval: Lydia Bricchie, Antoinette Malloy, Karen Rusin, Edward Shustack, Joseph Hubert, Rose Sioj, Ann Pinney and Ruth Perry.

The instructor for the workshop, John Bakavich, will be paid \$20 per hour.

Board members gave their permission for the following members of the Johnson Child Study Team to be paid the following fees for one day of employment: July 2 of this year, when they were required to attend an administrative law hearing: Dr. Roger Mattiland, psychologist, \$131; Mrs. Jo Ann Diana, \$117.50; and Mrs. Karen Vintar, social worker, \$178.

A member of the English department at the Clark

school, Mrs. Susan Dougherty, had her salary increased from \$30,200 to \$31,000, effective on June 1 of this year, and will have it increased again, to \$33,000, effective on Sunday, Sept. 1 of this year, for completing 30 credits beyond her master's degree.

Board approval was given to pay the following former employees the stated amounts for unused sick leave which had been accrued at the time of their retirement: Fay Friedman, librarian, \$1,165; Melvin Lefever, guidance counselor, \$1,500; Harry Linkin, director of the adult school, \$1,500; and Doris Anderson, a teacher, \$110.

Two college students, Maria Papisanni and Mary MacMillan were given permission to do their student teaching at the township school during the upcoming school year.

Approval for a Berkeley Heights student enrolled in the trainable mentally retarded program at Johnson to participate in a shared-time program during 1985-1986 at the Occupational Center of Union County in Roselle, following the recommendation of the Clark school's Child

Study Team, was given. The education body also voted to continue the placement of a classified student from Clark at the Midland School in North Branch during 1985-1986.

Placement at the school may not be for the full school year since the parents will be seeking residential placement through the Division of Developmental Disabilities of the state with possible placement at another facility.

School body members also gave their permission for a tuition special education student in the regional district to participate in a special needs pre-vocational program at the Union County Vocational School in Scotch Plains.

On the recommendation of an engineering survey conducted by M. Diako Associates, which showed an emergency exists in the condition of the outdoor football field bleachers at the four regional high schools the school body approved the repair upon receipt of three written quotations at a maximum cost of \$42,148, which has been allocated in the 1985-1986 budget.

## Mr. Crater resigns Council candidacy

Due to his increased responsibilities as a member of the Union County Board of Taxation Second Ward Republican candidate for Township Councilman, George W. Crater, today resigned his candidacy for Clark's Second Ward Council seat.

"I very much would like to serve as a councilman in order to carry the fight against the irresponsible actions of our Democratic controlled Governing Body to the Council arena. However, I made a personal commitment to serve a full term on the Union County Board of Taxation. I have found keeping that commitment would make it difficult to devote as much time to the office of councilman as I would like. Therefore, I am resigning my candidacy in favor of a Republican candidate who would be able to devote the time which I had hoped to

devote," said Mr. Crater.

"On the bright side, I am happy to announce we already have a number of very fine potential candidates to replace my candidacy. I am confident the ward committee of the Republican Party will select a candidate who will bring pride to Clark and fine public service to the office of Second Ward councilman," he added.

Mr. Crater, who also is the Clark Republican chairman, invited all interested ward residents to send their resumes to the Clark Republican Committee, 461 Westfield Ave., Clark so the very best candidate can be chosen by the Republican ward committee to carry the Republican Party to victory in November.

"We consider victory in the Second Ward to be very essential for the restoration of a viable two-party system in Clark and to bring better

## Rinaldo seeks mail order ban on drug tools

Rep. Matthew J. Rinaldo, whose district includes Clark, today called for a ban on mail order sales of drug paraphernalia and advertising aimed at luring children into drug use.

He charged dealers in drug accessories are making millions by exploiting young people and spreading the use of cocaine and other habit-forming, illegal drugs.

Rep. Rinaldo joined a bipartisan group in the House in sponsoring legislation to make it illegal to use the United States Postal Service

or a private parcel service to sell or transport drug paraphernalia. Violators would be subject to a maximum penalty of three years imprisonment and a \$100,000 fine.

The lawmaker said the legislation is needed to get at paraphernalia dealers who have circumvented state and local laws outlawing these sales by offering their products through the mail.

"What they are doing is legal, but from my point of view there is an inherent contradiction in the sale and advertising of articles primarily -- and in some cases exclusively -- designed for use with controlled substances which are illegal," the legislator said.

"There is mounting concern, which has led to the free and unrestricted sale of these accessories not

**Government looks for missing children**

In recent months Congress has taken important steps to combat a widely recognized national tragedy - missing children.

Late last year legislation was approved and signed into law addressing this problem. In the last several weeks I have had an opportunity to chair subcommittee hearing after subcommittee hearing reviewing the justice department's implementation of this new law. I am firmly committed to ensuring the success of this important new initiative.

In the United States each year thousands of children disappear from their homes. These children are at great risk of physical harm and exploitation. The problems are compounded by the fact that abducted children are frequently moved from one locality to another, requiring the cooperation and coordination of local, state and federal law-enforcement efforts.

Words that come from people's names are called cognoms. Poor Thomas Crapper, an Englishman, did not deserve his eponymous immortality. In 1870 he invented one of the most important conveniences known to man - the modern flushing toilet system. What a sad legacy he left his heirs! The man that figuratively has been hanged to the outhouse of history.

Sir John Harrington did not fare much better. He developed an earlier but similar flushing system during the reign of Queen Elizabeth I, which was used in her palace. He, too, was immortalized by having the room in which his device was housed forever named after him - the John.

**Community group seeks day campers**

The Rahway Community Action Organization's Summer Day Camp program started on June 24 and the group is still enrolling those from six to 14 years of age.

The fee for the camp is based on a state-imposed sliding scale that includes gross income and family size.

This summer some of the daily activities include a Walt Disney Movie Series where the children watch and discuss safety films.

There is also swimming and recreational therapy including bowling and roller skating on Mondays and Tuesdays.

**Wildcats drop two to Linden Majors**

By Ray Holsland

The Holy Cow football team's loss to Linden was the fifth in a row. Linden's defense was particularly effective, forcing three turnovers and scoring on two of them.

In the sixth inning, Cathy McNally opened the inning with a hit to center.

In the top of the seventh Tricia Popowski was hit by a pitch but could not advance.

Sue Marshall gave up five hits, fanned two and walked only one.

The Wildcats are now 15 and 7 on the season.

Clark will travel to Memorial Field in Linden on Tuesday, July 30 to play Newark.

Patrick DeLuca glad for breaking tradition

It wasn't the norm in his family to go out to college, but with a lot of encouragement and support from his parents Patrick DeLuca of Clark broke that tradition. Two years ago he enrolled in Union County College's chemical technology program and now, after being graduated with honors, he proudly anticipates his next few years in the baccalaureate program at the New Jersey Institute of Technology in Newark, where he will study applied chemistry. "I hadn't done that well in high school, but in my junior year I switched," Mr. DeLuca said. "I discovered the satisfaction and so- accomplishment of getting good grades and learning."

"I was scared at first to go to college, since neither one of my parents or my two older sisters or brother had gone," the two-time scholar- ship recipient said. "Union County College has given me a lot of confidence and the teachers are great!" Mr. DeLuca said he basically fell into the job, the Clarke said. "I had used all the same techniques in my classes and laboratories." After only four weeks on the job National Starch offered the young student a full-time position. "I already knew I was go-

Richard Maljan.

Freeholders honor county veterans

The Union County Board of Chosen Freeholders recently passed a resolution proclaiming "The First New Jersey Supermarket of Veterans Services" day in honor of and in service to all veterans of Union County. This special program was held at Rutgers University and offered information on benefits and entitlements that are available to veterans and their dependents. Various assistance booths and workshops dealing with cur-

rent veterans services were also available, staffed by County, state and federal government representatives. The program was coordinated by service organizations and military and veterans groups. "I am extremely pleased to be honoring the veterans of Union County, and I hope all veterans who attended this program benefited from it in some way," said G. Richard Maljan, chairman of the Union County Board of Chosen Freeholders.

BONUS FOR YMCA... Peter Kowal, chairman of the YMCA Soccer Marathon, second from left, accepts a bonus from Eva Pascale to honor the team representing Pascale Agency of Rahway. The game began at 4 a.m. and ended with dawn lighting the sky. Congratulations were extended also to Josephine Polhemus, left, director of the Rahway Young Men's Christian Assn., and Carlos Garay, president of the board of trustees, for the very successful YMCA benefit and the good neighbor relationship with Carteret officials, who took part in the program held at Sullivan Field in Carteret from 7 p.m. to 10 p.m. on July 14.

Seton to conduct soccer instruction

The sixth annual soccer school will be in session from Monday to Friday, Aug. 12 to 16 at Mother Seton Regional High School in Clark from 9 a.m. to 3 p.m. The cost for the school, \$65 per week, includes a free shirt, insurance, awards and a week of soccer instruction. Individual skills, group and team tactics and physical fitness will be stressed. The school is under the direction of Woodbridge High School head coaches, Gregg Miller and Sam Sabalaukas. The purpose of the school is to provide fundamental and advanced techniques of soccer to young players. Miller and Sabalaukas each have 18 years playing experience on the high school, college and amateur level. They attended yearly clinics and workshops on modern coaching methods. Last year's school attracted 55 youngsters. Enrollment will be limited. For further information please contact Miller at 28 Smith Ave., East Brunswick or telephone 254-0919.

ON THE MARCH... Rahway Recreation Dept. members march in the Memorial Day Parade in May. Classes will be held again this fall in schools in Rahway.

Playground champs take 31 medals

The Rahway Recreation Dept.'s summer playground champions, competing at the state playground Olympiad championships, held at Tenafly High School field, won 31 medals. The squad also played the medal rush where: Louis Romeo, who won the 800 yard run; Dwayne Arrington, who won the 100 yard dash; Lisa Jurado, third and fifth, respectively, in the 100 yard dash; and the long-jumpers, Romeo, James McCall, Nick Robles, Mike Little and Betty Lewis. ### Blue Cross sets 'track festival'

The Essex County Summer Track Festival IX, which will feature a 10-kilometer road run and various track and field events, will be held at Underhill Field in Maplewood on Sunday, Aug. 4.

The annual event is sponsored by the Essex County Dept. of Parks, Recreation and Cultural Affairs and Blue Cross and Blue Shield of New Jersey as part of the county's state-wide health promotion activities.

Nearly 25,000 athletes have participated in the festival's organizers. "It's a good meet for all ability levels. Everyone who participates is a winner."

This year's competition will begin with a 10-kilometer road run at 8 a.m. Klapack said, "The road run is scheduled at a great time in the morning. You can run the race and then have other plans for the rest of the day, or stay and enjoy a terrific meet."

The entry fees are \$5 for the 10-kilometer run, \$10 per relay and \$2.50 per watch. Every competitor will receive a track foot charm and certificate of participation.

The entry fees are made payable to S.T.F. and mailed to Summer Track Festival IX, Essex County Dept. of Parks & Cultural Affairs, 115 Clifton Ave., Newark, N.J. 07104. The first 200 entrants will receive a free Summer Track Festival IX T-shirt.

In addition to the track festival Blue Cross and Blue

### Rutgers to hold floral open house

Visitors to the Rutgers Vegetable-Flower Open House on Saturday, July 27 will see over 100 varieties of flowers on guided tours of the Display Garden, including those they voted their favorites in a poll taken at last year's event. The top three winners were marigold, impatiens and zinnia, followed by petunia.

Other varieties on display include geranium, ageratum, pansy, alyssum, snapdragon and verbena. A home vegetable garden demonstration at the Vegetable Research Farm will be filled with practical ideas for growing a succession of vegetables throughout the season with a minimum of weeding and watering. Tour guides will be available to answer questions.

for the destructive Colorado potato beetle, vegetable variety trials, herb and companion-heated plastic greenhouses and disease studies of various vegetable and ornamental plants. Also on display are the Rutgers Display Garden, which will be repeated several times during the day at Holly House near the flower display.

## Heart patients earn diplomas

A group of patients accept diplomas to the applause of family and friends. The scene takes place at Overlook Hospital in Summit and the participants are "graduates" of its Cardiac Rehabilitation Program.

The three-year-old program, which helps cardiac patients who have experienced a cardiac event ranging from heart attack to angina, or who suffer from hypertension, is a complete and individualized prescribed exercise and "well-being" course.

Patients not only build their strength through exercise, they learn even though they have had a cardiac event in many cases they can return to active living. They also learn about good nutrition and weight control, they may stop smoking and they learn how to manage stress in their lives.

The 16-week rehabilitation program is part of the comprehensive services offered to Overlook patients through the car-

**DIPLOMA HOLDERS...** Overlook Hospital recently graduated this year's group of cardiac patients who have completed the 16-week Cardiac Rehabilitation Program. Among them are, from left front: Albert Wexler, Mildred Mayan, of Clark, Malcolm Sturnio, seated center, Charlotte Sharp, and Bernard Lesser; from left rear, Raymond Rowe of Clark, Ellen Del Vecchio, a registered nurse and program supervisor, and Henry Oakland.

Those who attend have the opportunity to meet others who have had similar experiences along with their families and to snack on diet cake and decaffeinated coffee after receiving their honorary diplomas "for outstanding accomplishments in cardiac rehabilitation."

Except for the less than four percent of Americans that live on farms, most people tend to think of soil only when it becomes dirt, smudged on our clothes or carried into the house on our shoes, says National Wildlife magazine.

Of America's 421 million acres of productive farmland, nearly 40 percent of the cropland is losing soil to erosion faster than Mother Nature can replace it.

**BONUS BREAKERS...** Jerome Timmons, back row, left, first-place winner; Gerald Wilson, center; Tyrone Crawford, right; Charles Crawford, first row left, and Raahon Crawford, right were among the dancers who performed in the Breakdance Extravaganza held recently at the Rahway Public Library. This event was one of a series of summer activities for Rahway young adults. Performers not pictured are Dwayne Hill, Tyhine Hill and Otis Wilson. All the dancers received certificates of participation.
