EXPECTS COTTON TO GO UP.

Texas Agriculture Commissioner Urgez Growers to Hold Crop.

Austin, Tex., Sept. 19.-E. R. Keene. state commissioner of agriculture, has issued an address to Texas cotton growers calling upon them to hold their cotton until the price reaches 15 cents per pound. He says that the crop is short and this fact, together with the demand for the staple justifles a fiftgen cent price.

cultured people.

Why not-indeed! But do you know it has taken years to bring this about?

The new Macey Book Cabinets retain every de-sirable feature of the Unit Idea. The result has been worked out so that unit sections can be added taken away, or re-arranged without destroying their beauty. The doors never stick, and always open and close smoothly. Artful cabinet work now does

away entirely with metal bands, so you never think of the ordinary sectional bookcases when you see a Macey Book Cabinet. Applying the Unit Idea to beautiful home furniture is the conception of Mr. O. H. L. Wernicke, "father of sectional book-cases." (His name is still used in the corporate title of a com-peting concern with which he has long since had no connection).
