PRETTIEST THING In My Home is a Macey Book Cabinet

To surround your children with furniture by the Old Masters is an education. It is like living with cultured people.

Why not one of the new Macey Book Cabinets in your home—the only sectional bookcases made which express the genius of the most noted old furniture craftsmen?

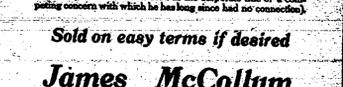

Why not a Macey Book Cabinet to inspire ambitions and refined ideas of taste in your children, never to be lost again throughout all the days of their lives?

Why not—indeed! But do you know it has taken years to bring this about?

The new Macey Book Cabinets retain every desirable feature of the Unit Idea. The result has been worked out so that unit sections can be added, taken away, or re-arranged without destroying their beauty.

Applying the Unit Idea to beautiful home furniture is the conception of Mr. O. H. L. Wenzel, "father of sectional bookcases." (His name is still used in the corporate title of a consulting concern with which he has long since had no connection.)

WOMEN PROMISE AID TO 'BOOST RAHWAY' AND BANISH SIGNS

Members of the Old Association Will Be Revived and Act as Auxiliary to the New Board of Trade

It is now practically certain that the women of the city will come to the aid of the 'boost Rahway' movement.

Close to the heels of this announcement comes the news that a concerted agitation to curb bill-board advertising in this city is rapidly taking shape.

Mackenzie, Elizabeth; high treasurer, W. J. Bray, Jersey City; high physician, Dr. Marcus L. Clawson, high counselor, W. S. Darro, Camden; high auditor, W. D. Daner, Somerville; Walter Williams, Jersey City; high orator, M. A. Murphy, Jersey City; high journal secretary, Frank Wagner, Elizabeth; high organizer, E. J. McChes, Plainfield; high senior woodward, Thomas Conner, Morristown; high junior woodward, Elmer White, Newark; high marshal, John Frank, Elizabeth; high messenger, J. F. LEWIS MASON DALLY. Lewis Mason Dally, son of Christina and the late Charles P. Dally, died yesterday afternoon at the home of his mother in the twenty-sixth year of his age.

Several months ago Mr. Dally was taken to the Rahway hospital by a severe attack of typhoid fever. He was nursed by his mother and his wife, Mrs. Edna Garrison of South Orange, and his mother-in-law, Mrs. Dally.

This morning William M. Davis, of the Board of Trade said that some thing should be done to curb the bill board advertising in this city. Mr. Davis said that the present state of affairs was a reproach to the appearance of the city and that the lead of New York state in prohibiting the posting of advertisements along public thoroughfares should be followed and the practice be made an offense against the law.

Rev. William Torrance Stuchell of the Second Presbyterian church on Broadway, N. J., said he would do anything in his power to help Mr. Stuchell said that the board of health should be organized in the city rather forcibly brought to his mind, for directly across from his church a large hotel has been erected.

Mr. George C. Alsworth was impressed with the stand taken by Dr. Stuchell and Mr. Davis, and said he would take care of her part in the fight to clean up the city. Mr. Alsworth endorsed the Board of Trade and suggested that the Town Improvement Association be called together so as to aid the man wherever the opportunity presented itself.

"I am sure," said Mrs. Alsworth, "I can speak for the women of this city when I say I will be only too glad to cooperate in anything that will benefit the city."

Who Says Horses Don't Know Their Lunch Time?

At the noon-time whistles were sounding residents of West Grand street were surprised to see a horse that had been quietly standing by the curb waiting for its drivers, move out into the middle of the street and turning start on a gallop trot for the coast of the town.

One of the men who had been driving it appeared on the street just after the horse started. He immediately pursued the animal, which increased its speed, and for some distance the start was kept up. The horse was stopped short and whinnied. One of the hoisters peered out.

"Shey, follows, here's Jennie Lee," he called out.

This morning a man entirely out of breath rushed up to the stable with the news that the horse he had hired had morning had run away. He went into the middle of the stable and quietly manuevering a bag of corn, stood Jennie Lee.

TO REGULATE PUSHCARTS

Merchants Say They Are a Nuisance And Urge Police To Take Action

Numerous complaints have been received at Police Headquarters during the past fortnight about the pushcart peddlers who persist in encroaching in front of the shops along Main and Cherry Streets, blocking up the street and in many ways annoying the property owners and tenants.

People in buying the peanuts are not careful about the manner of carrying of the bags and other refuse, and scatter the shells over the sidewalk in every direction. The pushcarts remain out all hours of the night and the business men feel they should be regulated. They have appealed to the police for action.

HEALTH BOARD COMPLAINS. Complaint was made this morning by Frederick M. MORMON ELDERS IN THIS CITY MAKING RELIGIOUS APPEAL

House to House Canvas in Search of Converts to the Faith is Made During the Past Week

Mormonism has invaded this city during the past week and three elders of the Mormon church are at the present time making a house-to-house canvas. They are attempting to reach the women of the town with circulars and propaganda, and according to the statement of one of the women interviewed by one of the Mormons this morning, they claim to have made several converts to the faith, and to have established a branch of the Mormon church here.

The location of the church was not disclosed by the elder. In an investigation conducted this morning by the Record it was incidentally learned that religious "talks" have been operating here.

Where the Mormons came from or how they started their campaign in this city could not be learned. They were first noticed about three days ago in East Rahway where they seem to be particularly active. The three men are all active young men and a number of good-looking, well-dressed young men in black suits, and a few in black caps. The other two are middle-aged men, one of light and the other of dark complexion, and they both wear black caps.

The tall young man wearing the cap seems to be the leader, and he directs the efforts of the other two. They carry a bundle of books and pamphlets and always try to get in front of the door. They are dressed in the purpose of their visit. They explain that they are Mormon missionaries and ask the lady if she is interested in the same time continuing to talk rapidly and displaying their books and pamphlets.

The books are for sale at various prices and a small pamphlet is sold for fifteen cents. This pamphlet explains many of the doctrines of Mormonism. All three of the men are fluent talkers, and seldom fail to get attention. Long experience enables them to create the curiosity of the housewife and to sell their books. They have sold many books in this city

**1c** **ARRESTED AFTER HE ENTERED IRVING ST. BLACKSMITH SHOP**

Policeman Bartz Caught Man Entering Harned's Window and Followed Him In To Put the Handcuffs On  
**SAYS HE SOUGHT TICKET**

Had Lost Railroad Ticket, He Told Judge and Merely Wanted A Place to Spend the Night

Frank A. Allen, who said he was a printer, was arrested by Patrolman Bartz at a late hour last night inside the blacksmith shop of Samuel A. Harned on Irving Street. Allen was arraigned in the local police court this morning, charged with burglary and sufficient evidence was found to hold him in \$500 bail to await the action of the Grand Jury. He will be taken to Elizabeth in default of the necessary bail this afternoon.

Patrolman Peter Bartz at a late hour last night detected a man prying open a window in the blacksmith shop. He waited until the prowler had disappeared inside the window and proceeded to follow him. Drawing near the window he saw the man striking matches and peering about the place as though looking for something.

Slipping a leg over the window sill Bartz alertly quietly into the room and a moment later a surprised individual was tumbling at the handcuffs around his wrists.

This morning testimony in the case was heard before Judge Buckley. Bartz gained preferred a charge of burglary against the man, who gave his name as Frank A. Allen and his address as 225 West 125 Street, New York City. He said he had been a member of the printer's union for 27 years.

Mr. Harned saw the man entering his shop last night and witnessed his capture by the policeman. He praised the work of Patrolman Bartz in making the arrest and said that the man was probably after his tools.

Allen, when placed on the stand, told a peculiar story. He said he had left Trenton in the morning to go through to New York but his ticket got and got out at Rahway. He said he was looking for a place to sleep last night when arrested.

Questioning by the court brought out the fact that prisoner had been arraigned before "Battery Dan" Finn, former magistrate of the Jefferson Market Court in New York on charges of intoxication before. He also admitted having been arrested on several occasions, but in each case said he had been discharged.

Allen pleaded with the judge to allow him to leave town and go on to New York, where he said he had a job waiting for him. The prisoner said he had been drinking and laid his trouble to this. The court, however, refused to listen to his plea and held him in \$500 bail to await the action of the Grand Jury.

When the man was arrested he had with him an alarm clock he said he had purchased in Trenton. Sergeant Conger on the supposition that the clock had been stolen is working to secure evidence of the fact. If this is proved an additional charge will be made against the prisoner.

**TRAMP FIGHTS WHEN SHERIFF GETS HIM**

Paulsen Interrupts Three in Midnight Gaiety and is Attacked.

Late last night when the good people of Clark Township were tucked away in bed, Deputy Sheriff Paulsen was awakened out of sleep by two of his neighbors who informed him that a party of vagrants were celebrating in a barn on their farm. The sheriff hurried into his clothes, grasped his trusty club and sallied out into the night.

He almost immediately had gone on ahead of him and the sheriff was alone. As fast as his legs would carry him he hurried to the spot. Nearing the barn Paulsen started to reconnoiter. Finally after much negotiation he hurried into the barn and there he found a party of three men who were celebrating in a barn on their farm. The sheriff hurried into his clothes, grasped his trusty club and sallied out into the night.

**GAME FISH OUT OF LAKE**

Game Warden Takes Hundreds of Bass and Catfish to Other Lakes Safely

Wagon loads of fish are being daily removed from the old Milton Lake and are being transferred to nearby streams. Yesterday game warden Hobbs removed 3,500 catfish and 700 large-mouth black bass, and he states that the lake is still well stocked with fish.

The warden said a number of assistants have been taking the fish from the pond in huge nets. They have a specially constructed wagon on which has been placed a big tank of water, and as the fish are drawn from the lake they are placed in the tank. They are being carted to Bloodgood's and Jackson's pond, and placed back in the water. Very few of the removal from the lake to the adjacent streams, and the game protectors are very much pleased with the work.

For many years Milton Lake was one of the best spots of Union County and within a few weeks all that will remain of the picturesque body of water will be the black mud bottom. Nearly all of the water has now been drawn from the lake, and when the fish are removed the last water will be taken from the stream. It is expected that when the bottom of the lake is exposed many interesting and curious articles will be found.

During the supper ex-mayor Holmes and Henry Lambear were among those who spoke.

**LOCAL HEBREW CONGREGATION OBSERVES DAY AND MARY STREETS WILL CLOSE.**

The Day of Atonement, Yom Kippur, the Jewish calendar, will be celebrated in Rahway as elsewhere on Monday. When the first stars appear in the heavens Sunday evening, October 1st, they will usher in the day hallowed to the Jew in his entire religious calendar. From that hour until the evening of the following day, October 2, the devout Israelite will give himself entirely to God, and to the purifying of his soul by repentance. It will be a day spent by him in meditation and prayer, with no thought of the world, its profits and pleasures.

Atonement begins with the evening of the 10th of Tishrei from its being fornication which refers to vows concerning the individual and his conscience. With its strongly marked melodies and songs, this service advances the course of time a very impressive character. Throughout the following day a continuous series of services is held; which toward the middle of the afternoon is heightened in impressiveness by a most solemn commemorative service for the dead. This is followed by the Netilat, or closing service, in which the main ideas of the day are especially emphasized: repentance, conditioning forgiveness and God's sealing the decree of man for the ensuing year.

**LOW WAGES PREVAIL ABROAD.**

Washington, Sept. 28.—Low wages compared with the American standard are said by United States consuls according to a report by United States Consul S. H. Strunk, stationed at Mannheim, Germany. The average yearly wages of engineers are given as \$167, farmers \$158, brakemen on freight trains \$75, and blacksmiths \$605, are paid to assistant watchmen. The total number of officials in the railway system is 11,225 and of workmen 15,274.

The mileage of the state system is 1,470 miles. In the last year 12,626, 226 persons were carried 736,464,991 miles, with a good record as to accidents.

There were thirty accidents last year, two passengers were killed and thirty-one injured. The number of accidents was less than in any previous year.

**Tells Judge of Her Suit Before Wife Has A Chance**

John Horavic, a Hungarian of Essex Street, appeared before Judge Buckley in the Police Court last night and reported that his wife had deserted him for the fourth time within the two years of their married life, and that he wished the judge to know, and because he expected that the defendant would appear in a few days and try to have him arrested for not supporting her. The judge commended him for his foresight in entering a complaint, and John explained that in his native land it was the custom to inform the judge when you believed anybody was about to make a complaint against you.

Horavic claims that his wife left him a few months after their marriage and that she has since then been with her parents in Ruzegovet, and she threatened to have him arrested if he did not support her.

John made it clear that he was no adherent of the fallacy of "one wife is enough for him, and the more wives going about town have no chance of converting him.

**BASEBALL SEASON ENDS**

The El Cid baseball team will once again meet the strong Rahway Field club team at the Riverside Park grounds tomorrow afternoon, and a great game is expected as the rivalry between these teams is very keen. Brennan and Collins will play the battery for the El Cids and Vanderhorst and Collins will do the honors for the Field Club. Both teams are primed for the game and are confident of victory.

At the Reformatory grounds on Sunday afternoon another fast game will be played when the 21-348s will meet the Cranford colored giants. The giants have played some of the best amateur teams in Jersey and have made an excellent record this year. Big crowds are expected to attend the game to be on hand for every event. The colored giants will be the last team to be played by the El Cids, and the supporters of the local boys will attend in large numbers.

**FIRE CHIEFS TO BE NOMINATED MONDAY**

Up town and downtown men will have candidates in the field.

Great interest now centers in the nominations to be made on Monday night at the City Clerk's office for the officers of the Fire Department. It is said that the downtown men have practically agreed to support John Somersdyke for chief and the uptown candidates are keeping the names of their candidate quiet. They will not make it public until Monday afternoon.

Several candidates have been mentioned for the nominations for the chief, but the names of the candidates are not likely to be an open one. The uptown men are said to be very solidly lined up, and they will support their candidates to a man. The downtown men are keeping very quiet, and the name of Mr. Somersdyke is that they believe the opposition cannot offer a better candidate.

The convention will be called to order at eight o'clock sharp by George W. Crane, who was the chairman of the last convention. A temporary chairman will be selected, and the delegates from each company will then present the name of their candidate.

The election will take place at the city clerk's office on October 9, and the polls will be opened at four o'clock in the afternoon and will close at eight o'clock in the evening. All firemen in good standing will be allowed to vote.

A prominent fireman speaking of the election this morning advanced the idea that it would be good policy for the fire department to come to an agreement this year to elect the Assistant Chief of the department to the chief's place. He said that if it could be so arranged each year that an experienced assistant could be made chief it would be a great help to the department as it would always leave a man thoroughly acquainted with the details of the department by making a man assistant chief for two years, he said it would be safe to say he would be well equipped for the office of chief when he was elected. The same fireman spoke of the necessity of having the department heads thoroughly study local conditions especially with regard to the schools and the big factories where a fire is often likely to break out. He said he would like to see the policy carried to the extent of knowing the exact "lay of the land" in all of the big plants.

**DEFINITE PLACE IS FIXED FOR "BOOST RAHWAY" MEETING**

Committee Chooses Bearer's Hall As The Setting on October 9, of Public Demonstration for Movement

START THE BOARD OF TRADE

At That Time the New Organization Will be Definitely Put Under Way and the Work Started

On Monday evening October 9 at Bearer's Hall on Irving Street a general mass meeting of the citizens of Rahway will be held. The Board of Trade committee will submit its report to Rahwayians as a whole on that night and the citizens will proceed to launch a permanent organization.

William M. Davis of the special committee appointed by the committee of fifteen to select a spot for the evening said he was in communication with two prominent men from out town organizations of a similar nature and unless the unexpected intervened he thought they would be present to give advice.

A report on the bylaws of the organization will be read. This report is of a comprehensive nature and entirely covers the ground in as concise a manner as possible. The bylaws of the local organization are based upon those submitted to the committee by the Newark Board of Trade. The New Brunswick Board of Trade, the Wall River Chamber of Commerce and other organizations.

It is urgently requested by the committee that all men of this city be present on that evening for the movement to be started by the people of Rahway, not the business men, or the contractors, or the property owners. This movement is a prophetic one and will take in every male resident of this city eventually.

Plans are rapidly maturing for the formation of a woman's auxiliary and it is even said the school children of the city will be formed into an auxiliary with the idea of "boosting" the city. The importance of inculcating a spirit of civic pride in the coming generation of Rahwayians is of equal importance with the work of a number of prominent women have come out and expressed themselves as ready to cooperate with the men in any movement towards the benefit of the city.

**AUTO HOLDUP WITH GUN-PLAY**

Another attempted holdup was added to the list of such crimes that have recently been committed on county roads hereabouts, when on Tuesday night, William Schorb and Thomas Timbo, driving an automobile from South Plainfield were stopped on the Plainfield Road by two men who suddenly appeared in the road ahead of them and signaled to stop the car. Thinking that possibly the men wanted information or help, Mr. Schorb stopped the car, as soon as the car came to a standstill one of the men seized Mr. Timbo by the shoulder and told him to step out of the car.

Mr. Schorb took to the situation at once and pulled a revolver from his hip pocket. Seeing this move the other highwayman pulled a gun, but Schorb had him covered. Timbo seized the automobile handle next to starting the car and struck at the man standing beside him. The man, who had jumped from the car and started on the other man then stepped on the gas and the range of the jumps was made. Mr. Schorb and Timbo, who were turned the fire and the highwayman escaped.

It is supposed the man who fired the shot was the highwayman who was seen to jump from the automobile and strike at the man standing beside him. The man, who had jumped from the car and started on the other man then stepped on the gas and the range of the jumps was made. Mr. Schorb and Timbo, who were turned the fire and the highwayman escaped.
