JOE PRINTING OF ALL KINDS

FRIDAY, OCTOBER 6, 1911

Although there has been very little news and feathers about it, the committee in charge of the Board of Trade has been doing some very hard work. After perusing similar documents from all over the country, they have adopted a set of by-laws which in their opinion will shape an organization best fitted to attend to the needs of Rahway. They have also been quietly prospecting for members and many names have been signed to the membership list.

Every citizen of Rahway is neglected to put it tenderly, who does not aid this movement with active participation. We have too much of the at-back-and-forth spirit in our city and it is this type of men who have hurt its progress. Anyone with brains can see that if the majority of citizens "go together" and say they will do everything in their power to boom the city, it is already doomed. What we need here are live ones. There is everything else ready at hand and furnished by nature. Let us be men enough, therefore, to get together and show that the city is in the bloom frame of mind. The rest is simple. Westfield has done it, with really marvelous results. Are our people not as good as Westfield?

At present they are aiding Mr. Schaefer in building a bridge in Locust Grove. These young adventurers are graduates of the Boston High School and are off on this trip around the world for adventure and business experience. Both boys are carpenters by trade.

Who Will Direct Raising of Fund For Civil War Monument.

HONORS CIVIL WAR WOMEN.

Loyal Legion Accepts \$50,000 Gift. New York, Oct. 6.—An announcement is made by James M. Beck, commandant of the Loyal Legion, that a gift of \$50,000 has been made by a retired army officer to start a fund of \$50,000 to be used in the erection in Washington of a national monument to the "women of the civil war."

Although the condition named by the anonymous donor was that his gift was contingent upon the raising of \$50,000, the commandant adopted a resolution accepting the gift and bidding for it to make the total amount \$100,000 to be raised within a year.

GIRL IN TRANCE A WEEK.

Physicians Puzzled Over Condition of Young Society Woman. Greenwich, Conn., Oct. 6.—The case of Miss Elizabeth McAndrews, a popular eighteen-year-old girl of this town, who has been in some sort of a trance since last Friday, is puzzling physicians who have been called in consultation over her condition. Miss McAndrews, who is a daughter of a prominent family, was found in a trance on Friday evening, but shortly after retiring her mother heard her singing and then laughing and crying. When she got to her daughter's bedside the young woman had become unconscious and could not be aroused. A physician was immediately summoned and every method was used to return her to consciousness, but without avail.

Miss McAndrews has remained for days in the same kind of a stupor except that she has become conscious for a few minutes three or four times only to lapse into the trance-like state again. Members of the family say that she once arose from her bed, after taking a drink of water, became unconscious again.

RODNEY SACKETT.

One of Stephenson's Managers Is Witness in Election Probe.

AN EXPENSIVE CAMPAIGN.

Stephenson Said He Didn't Want to Buy Nomination. Milwaukee, Wis., Oct. 6.—When Senator John Stephenson found his expenses for nomination at the primaries in 1908 were running so high that the house of beer and cigars amounted to \$20,000, and the aggregate was fast approaching the total of \$100,000, he renounced and told his campaign managers, "I want to win the nomination, but I don't want to buy it."

This was part of the testimony given today before the senate committee which is investigating charges that bribery and corruption contributed to his election.

In reply to his complaint, Stephenson was told the three other Republican candidates for the primary nomination were making a hard fight, their expenses daily aggregating \$80,000.

Stephenson's campaign manager, Mr. Sackett, his secretary.

"The committee was provoked that so much money was being spent," said Edmunds. "He would say, 'I want to win the nomination, but I don't want to buy it,' then he would supply what he needed."

BOOKBINDERS SAID TO HAVE EFFECTED FAIR SETTLEMENT
Reported at One O'clock To-day That At A Conference This Morning An Agreement Had Been Reached

STRIKERS CAN'T USE MONEY
Information Secured by International Slugs New York Locals From Paying Strike Benefits

Strike orders from the bookbinders headquarters in New York city had not been received at the local union headquarters on Elizabeth Avenue up to a late hour this morning. The men however said they expected to receive a message ordering a general walkout at any moment and were holding them selves in readiness to obey it.

According to a New York labor organ the Bookbinders League have conceded to the demands of the men and granted their demands. This is said to have been the result of a conference in New York city. This will not affect the local strikers, however, for Quinn and Boden of this city have said that though members of that league, it has not been decided to join the national union. There are still sixteen firms holding out against the demands of the men, and it is said they intend to fight them out.

There was little business of an important nature conducted at last night's meeting. In the absence of G. W. Crane, treasurer, who is living out of town, no treasurer's report was submitted. The meeting adjourned at an early hour.

Among the members present last night were H. L. Lamphier, president; J. P. Dunn, secretary; Robert Kinsey, Fred Miller, Thomas Holland, Frederick A. H. Grouner, John McCoy, William Connolly, Francis Bailey and E. C. Fox.

It is claimed by the local strikers that Frost has played them a bad trick in securing this injunction for it ties up the funds of the society and prevents the payments of benefits. Gluckling, president of the union, also comes in for a share of the blame from the men.

The strikers are at various points up and down the highway and prevent the payments of benefits. Gluckling, president of the union, also comes in for a share of the blame from the men.

According to a report Anthony Farrell, a striker, was stabbed by a strikebreaker named T. J. Crowley in New York City while the striker was on picket duty last night. The account says that Farrell attempted to induce Crowley to join the strikers and was in a scuffle that followed, was stabbed once in the abdomen and taken to the St. Vincent's hospital. This report has not been confirmed.

It was reported to the Record shortly after 1 o'clock that the men and the competitive bosses had come to an agreement at a meeting held early this morning in New York City. It has been impossible to verify this statement.

LIBEL SUIT DEMURRED UP.
Charles H. Angeman, attorney representing James B. Furber in a libel suit for \$50,000 brought against him by A. Edward Woodruff, argued on a demurrer before Justice Bergen of the Supreme Court at Elizabeth this morning. The court heard the argument for the demurrer and reserved decision. Judge C. McKay Whittemore represented Mr. Woodruff.

Fred Becker, William Toms and Austin Lauer, late officers Rahway, are spending their spare time in perfecting a small steam engine of their own design. The engine has all the accessories of a large one besides improvements by the young mechanics.

ODD FELLOWS ALL READY
Get Booths and Building Ready For Fair at Auditorium Monday Night

Members of Essex County Lodge No. 27 of the Independent Order of Odd Fellows were hard at work this morning at the Auditorium on Cherry Street building booths and decorating the building in preparation for the opening of the fair to be held there next week. The doors will be opened at eight o'clock on Monday night, and a week of activity has been planned. There will be something doing every minute, and an interesting program has been outlined by the committee.

The grand opening on Monday night will be "Bachelor's Night" and by wide advertising of this fact the committee expects to bring many hopeful young ladies to the fair. On Tuesday the American Mechanics will be entertained, and on Wednesday night the Rahway Lodge of Elks have been invited to attend. Special features will be provided for the ladies on Wednesday and Friday night the Pioneers will be entertained, and on the closing night the Knights of Pythias and the Pythian Sisters will visit the fair.

NAME NEW FUND TRUSTEE
Firemen's Relief Association Elects George Helms Trustee to Office

At a regular meeting of the Firemen's Relief Association held in the Council chamber last night George Helms was elected to fill the vacancy on the Board of Trustees left by the resignation of Harry Simmons. H. L. Lamphier, president of the association, was in the chair.

There was little business of an important nature conducted at last night's meeting. In the absence of G. W. Crane, treasurer, who is living out of town, no treasurer's report was submitted. The meeting adjourned at an early hour.

Allied Building Trades Council Here Tomorrow

At the Labor Hall on Cherry Street tomorrow afternoon at two o'clock delegates from all over the state will assemble for the quarterly conference of the Allied Building Trades Council. The Council is one of the most important events in labor circles in the state. It is made up of delegates from several of the cities in the state, one delegate from each city. There will be about twenty out-of-town men and a reception committee of the local Building Trades Alliance who will take part in the deliberations.

The delegates will report on conditions throughout the state, and will take action on several matters of great importance at this time. It is thought they will take some action toward aiding the defense fund of the McNamara brothers, who are in jail in Los Angeles, charged with blowing up the Times building in that city.

NAME SPEAKERS FOR BIG "BOOST" MEETING
Prominent Plainfield Men Secured and Rahwayans Will Give Addresses

William M. Davis received word by telephone this morning from Judge U. H. Clark, secretary of the Plainfield Board of Trade, and George L. Babcock, president of the Board, that they will be present at the "boost" Rahway" meeting on Wednesday evening.

Judge Ulrich said this morning that the Board of Trade at Plainfield was watching with interest the progress of the local board and they would help them in any way they could. Both of these speakers have had considerable experience in like organizations and their advice and ideas will be of great interest.

There will be other impromptu speeches by local residents at the meeting. From present appearances a large crowd may be looked for. There have been many names added to the present list of speakers but it is not possible to give a complete list at this time.

The committee urges every resident of this city to present himself at Bauer's Hall promptly at 8 o'clock on Wednesday evening. They want to impress upon the people that this is not a movement of the business men, but of all the people.

Great interest has been aroused in all sections of the city by this movement of the people. Women as well as men have stamped the seal of their approval upon it. Mrs. A. Edward Woodruff, formerly prominent in the improvement Association, is among those who have come out with in the last three or four days in favor of it.

Mr. Woodruff said to a representative of the Record that the general plan to better the city would undoubtedly be of great benefit. He commended the get-together plan and thought Arthur R. Wendell's idea to give a series of lectures illustrated with views of the city was an excellent one. He said she would do all in her power to help the cause along and other prominent ladies of the city are also interested.

LOST IN ADIRONDACKS.
Utica, N. Y., Oct. 5.—Albert H. Perkins, of Ithaca, the division engineer in the employ of the state corporation commission, who had been lost in the Adirondack wilderness since Sunday afternoon, was found by a party of hunters searching the woods, in a cave and well.

To-day Perkins made his appearance in the Chappaqua camp, at Beaver Lake, and later left for Elmira, where he is now being treated by a physician. The mother went to the park to see if he was all right. To her surprise she found the little one playing on the rails. Without taking a second thought the frantic mother rushed toward the tracks. An express train was approaching, the engineer having blown his whistle.

Mrs. Thompson succeeded in throwing the train off the tracks. The engine, which she herself was riding on, was stopped. The train was stopped. The engine, which she herself was riding on, was stopped.

TREE FALLS INTO HOUSE
Maple Whose Roots Were Cut in Paving Damages Porch When Soil Looseens

Shortly after nine o'clock this morning a big maple tree on Grand Street in front of the German Lutheran Church crashed to the ground. The upper branches struck the porch in front of the residence of John McCarthy at 78 Grand Street, and slightly damaged it. The tree fell directly across the road. Fortunately nobody was near enough to be in the way of it, and the only damage done was to Mr. McCarthy's porch.

With a quarter of an hour after the tree fell Street Commissioner Armstrong with a corps of men was on the job, and in a few hours had the street cleared and open for traffic. He investigated the cause of the accident, and found that three weeks ago a new sidewalk was laid along the street. Workmen had trimmed the roots of the maple tree in placing the curb, and when the rain last night loosened the earth the tree began to bend and finally toppled over.

HOLY NAME WILL PARADE
200 Members of Local Branch Will March on Way to Elizabeth

About two hundred members of the Holy Name Society of this city will parade tomorrow afternoon from St. Mary's Church on Central Avenue to the railroad station, where they will board the 2:30 train for Elizabeth to attend the demonstration and parade of the Holy Name Societies of Union man Martin to vacate his position among them on the grounds presented.

It will be remembered that St. Mary's was voted out of the council on the ground that he had removed from the ward which he represented. The Councilmen took the action after receiving an opinion from the city attorney on the irregularity.

Mr. Martin refused to be put out without at least a fight and immediately started legal action to compel the councilmen to reinstate him. The trial and preliminary hearings before the commissioners of the Supreme Court in Newark were held during the months of August and September. Nearly every city official at one time or another was subpoenaed to appear before the Commissioner during those months.

It now looks as though the trial would drag along well towards the end of the year. There are three branches of the Supreme Court at Elizabeth and it has not been decided which one of them will hear the case.

DEATH CAUSED BY SPLINTER.
Plainfield, Oct. 5.—Tetanus, following the running of a splinter into his hand, caused the death last night of a young man, 17 years old, a son of Mr. and Mrs. C. R. Melick. The boy was taken to the hospital where he died.

The youth was splitting wood three weeks ago, when a splinter entered the palm of his right hand. It was extracted by a physician. Yesterday Mr. Melick's wife called and found the boy dead. The body was taken to the hospital where it was found.

MOTHER DIES TO SAVE BABY.
Long Branch, Oct. 5.—In her effort to save the life of her two-year-old son, who had followed a collar dog from his home to the tracks of the Pennsylvania Railroad, at Allentown, yesterday afternoon, Mrs. Sarah Van Schoelk Thompson, wife of Lloyd Thompson, was instantly killed and her child so badly hurt that he died a few hours later at the Monmouth Memorial Hospital at Long Branch.

The Thompson home is located about two hundred yards from the Pennsylvania tracks. The boy had been playing near the steps while Mrs. Thompson was busy in the house. The mother went to the porch to see if he was all right. To her surprise she found the little one playing on the rails. Without taking a second thought the frantic mother rushed toward the tracks. An express train was approaching, the engineer having blown his whistle.

Mrs. Thompson succeeded in throwing the train off the tracks. The engine, which she herself was riding on, was stopped. The train was stopped. The engine, which she herself was riding on, was stopped.

WM. MARTIN VS. CITY AT SUPREME COURT NOVEMBER SESSION

City Attorney Secures Stay in Suit Brought by Former Councilman For Reinstatement

DOBBINS SCORED BY JUDGE

Judge Kallach Arraigns City Attorney For Failing in Trying Case He Had Advised Against Once

Objection was filed this morning by City Attorney Dobbins representing the city in the case of William M. Martin for reinstatement in Common Council on technical grounds. Mr. Dobbins said the case should be tried before a branch of the Supreme Court and that it was not properly before Judge Kallach. Judge Kallach sustained the objection and it will be heard before the Supreme Court at its November term.

In his argument Justice Kallach scored the City Attorney. The Court remarked that the position was a peculiar one for Dobbins to take in defending his clients in a matter upon which he had already advised them they were wrong.

This came after John A. Bernhardt, counsel for Mr. Martin, had read a copy of the City Attorney's letter to the Common Council advising that body they were wrong from legal standpoint in compelling former Councilman Martin to vacate his position among them on the grounds presented.

Mr. Martin refused to be put out without at least a fight and immediately started legal action to compel the councilmen to reinstate him. The trial and preliminary hearings before the commissioners of the Supreme Court in Newark were held during the months of August and September. Nearly every city official at one time or another was subpoenaed to appear before the Commissioner during those months.

VISITOR GETS A LESSON.
Never again will William M. Martin leave his Westfield grounds and journey to this city with a superabundance of sleep-inducers under his belt. Yesterday received a lesson this morning at the police court he will remember for some time to come. The lesson was the University of Judge Buckley cost \$100.00.

The company with William Martin arrived in this city late last night. Martin was driving a motorcar from Westfield and had Martin with him as passenger. The body of the car sank into oblivion long before the trial was over and by the time this city was reached was in a condition of body and mind known as "all in."

Stable tried to revive Martin but to no effect; the Westfield man was refused to be disturbed. Sometime at this point telephone to police headquarters and Patrolman Peter M. Minkley after Minkley brought the men to the lockup.

This morning when arraigned before Judge Buckley Martin, who is an ex-councilman and father of eight children, was charged with driving a motorcar without a license and without a license to drive a motorcar. He was charged with driving a motorcar without a license and without a license to drive a motorcar.

He was charged with driving a motorcar without a license and without a license to drive a motorcar. He was charged with driving a motorcar without a license and without a license to drive a motorcar.
