

COAST TO COAST FLIGHT IS ENDED

Enthusiastic Crowd Greeted
Rogers at Los Angeles.

POLICE FIGHT OFF NOBS

Seventeen Hunters Surround Aviator
and Almost Tear Off Clothes and
Wreck Machine For Moments of
Flight in Which He Covered 4,141
Miles.

Los Angeles, Cal., Nov. 3.—A mad
thousand of cheering people gathered
at the Los Angeles airport to greet
the aviator, landed in Tournament park,
California, this morning, the last of
his epic making record flight from New
York to the Pacific coast. No sooner
had he brought his airplane to earth
than he was literally mobbed by men,
women and children, who surrounded
him and fought for an opportunity
to shake his hand, speak to him or
even to get a piece of his dress or
equipment to carry off as souvenirs.

The police were compelled to use
force in order to force the crowd back
from the aviator, which they were
in a fair way to tear to pieces. Finally,
guarded by the police, Rodgers was
driven to a hotel, where he went
to bed, declining to see any reporters
until he was rested.

His plane call for a continuation of
the flight, a distance of twenty miles,
to the ocean, where he will land on
the beach, thus actually completing
his ocean to coast trip.

Rogers told of a remarkable escape
from death when downed at Los Angeles.
His flight was a race for life,
during which he operated his machine
with but one hand for a distance of
six miles. When Rodgers was entering
a narrow stretch on the San Geronimo
pass his machinery broke in several
places. One of the connecting
rods of the crank shaft broke at
the bottom when he was at a height of
2,800 feet.

Rogers had never been seen to fly
so unsteadily before, and his associates,
who saw him, were terrified. The
biplane dipped and plunged, but
Rodgers, holding the jumping bar
rod with his thumb and a loosened
rod with his other hand, kept the
engine going at top speed. In spite
of this peril and handicap he made
the twenty miles from Santa Springs to
his landing place at Rancho in eleven
minutes. It had to be a record break-
ing feat and he was doomed.

Rogers in his journey from New
York to Rancho traveled a total of
4,141 miles in 4,840 minutes actual flying
time.

TAFAT AT HOME TODAY

President Arrives in Cincinnati to
Register and Vote.

Cincinnati, Nov. 3.—President Taft
arrived here today to register and vote
in Cincinnati. He is expected to
arrive in Cincinnati this morning in
order to be here to register in person
to secure his right to the election to
renew. At the president had been
intended to spend tomorrow in Cin-
cinnati, but for the necessity of his
leaving there today to register he has a
free day before him.

Mr. Taft will need every hour of it,
too, for work that is piling up in Wash-
ington and which must be done be-
fore the convening of congress. Sec-
retary Elliot met Mr. Taft here and
is spending the entire day with him,
working on official matters.

By bringing the president to the news of
the action of the National City com-
pany in New York in surrendering its stock
holdings, this matter the president
has promised to settle immediately
after his return to Washington.

The action of the National City com-
pany has entirely changed the situa-
tion in removing the whole case to
complaint of the report of Attorney
General Wickham, which first ruled
the question of the validity of the
actions between national banks and
savings and trust companies or other
national banks.

AUTO KILLS NEW YORKER.

David G. Lawrence Crushed Under Car
on Long Island Road.

New York, Nov. 3.—David G. Lawrence,
owner of the old Bristol hotel property
at Twenty-fourth street and
Sixth avenue and of real estate on
Long Island, was killed by the over-
turning of an automobile on Merrick
road, near Rockville Center, N. Y.

Mr. Lawrence was caught under the
car and his chest was crushed.

Dr. Pezzani, his chauffeur, was flung
into the sand several yards from the
wrecked machine and was unconscious
for a few minutes.

WEATHER EVERYWHERE.

PRINCETON IS WIPPER.

Students Preparing Welcome For
Team on Return to School.

Princeton, N. J., Nov. 3.—Princeton
students are very happy about Saturday's victory. It was the first "big"
football victory for Princeton in
seven years. The students are plan-
ning to give the team a great reception
when they return Tuesday morning
from Atlantic City, where they were
taken immediately after the game Sat-
urday.

It is expected that the next two
weeks will be busy ones indeed for the
Princeton alumni. It is to achieve the
height of Princeton's ambition and win
from Yale.

After the team returns from their
little week end of rest they will un-
doubtedly be driven hard. Vaughan's
work fullback against Harvard was
a disappointment to those who had ex-
pected information of the change, as it
was counted on to fill the position of

MRS. VERMILY LIVES

TO BE TRIED FOR LIFE

Police Watch Chicago Woman

to Prevent Suicide.

Chicago, Nov. 3.—Mrs. Louis F. Ver-
mily is making a gallant fight for
life, with the chances overwhelmingly
in favor of her complete recovery
from the dose of arsenic poisoning
which she attempted to end her
life Saturday. The woman, who was
held for the murder of Policeman Ar-
thur Bissone and whose situation
attempts to end her life was multi-
plied under the very eyes of the po-
lice, has passed what is regarded as
the crisis and is so far recovered as
to be able to sit up for a short time.

The police have redoubled their
watch over the woman with the idea
of cutting her off from all opportunity
of making a fresh attempt at suicide.

"Unless fresh complications set in,"
was the statement given out by those
in attendance.

BITTER FIGHT IN MARYLAND.

Gorman and Goldsborough Claiming

Baltimore, Nov. 3.—Maryland will
elect tomorrow a governor, state com-
missioner, attorney general and mem-
bers of the general assembly. The con-
flict of the state and Baltimore city
will elect local officials fighting in
attendance from Maryland.

The contest has raged about the can-
didate for governor, Senator Arthur P.
Gorman being the Democratic stand-
ard bearer and Phillips Lee Goldsbor-
ough, former collector of the internal
revenue, leading the Republican ticket.
It has been the bitterest fight since
1860, and on the eve of election both
sides are claiming victory.

Republican State Chairman Hanna
claims that Goldsborough will have
from 7,000 to 10,000 majority in the
city and 2,000 in the state.

Phillips Lee in Havana, N. Y.

Havana, Nov. 3.—The Philadelphia
National lost their grip on the A.
League here by a score of 5 to 3. The
winner pitched for the Philadelphia
manager, leading the Republican ticket.
It has been the bitterest fight since
1860, and on the eve of election both
sides are claiming victory.

Republican State Chairman Hanna
claims that Goldsborough will have
from 7,000 to 10,000 majority in the
city and 2,000 in the state.

BOTH PARTIES SEE VICTORY AHEAD

Democrats Confident of Win- ning Legislature.

FIRST TEST OF GERAN LAW

Electoral Measure and Omnibus Bill

Before the People For the First Time.

Re-Governor Stokes Confident Re- publicans Will Carry Ticket in All

Counties.

Trenton, N. J., Nov. 3.—On the eve

of election both Democratic and Re- publican leaders are expressing con- fidence in the result.

Governor Wilson has publicly pre- dicted that his own party will produce a

Democratic legislature, with a major- ity. In both senate and assembly of

men who believe in his political doc- trine.

"This is an event year. The election will

be of unusual interest, however, be- cause it is the first test of the Geran

law and of the omnibus law in New

Jersey will be made.

The one body that Governor Wil- son has available is the Senate. The

former State Chairman James B. Su- perior and of James Shultz. Prior to

the election the "dollar" party was in- tense and appealed for support for

his candidates. But Nugent refused

his support on the equity, and his ticket

was not available in the Senate. The

Senate is now in the hands of the

Democratic party. The Senate is now

in the hands of the Democratic party.

JOB PRINTING OF ALL KINDS

MONDAY, NOVEMBER 6, 1911

The voters of this city will be called upon tomorrow to select the men who will govern Rahway for the next two years. The campaign has been one of the quietest in the history of the city. Only two meetings have been held since the nominations were filed, and at neither of those meetings was the local political situation discussed to any great extent.

At the meeting at which Governor Wilson spoke in the Auditorium the issues discussed were purely state issues, and at the Republican dinner the speakers devoted themselves largely to a discussion of county issues. This quiet campaign may lead many people to believe that the local election this year is not an important one, but if we stop for a moment and consider we will realize that the election this year is a very important one.

Rahway is on the verge of a great boom. The fact is generally realized. The paving of Main Street is to be done during the next two years. The work of elevating the tracks of the Pennsylvania Railroad will be started in a short time and for a period of three years, until the work is finished, many perplexing problems in connection with the work will have to be solved by the men selected tomorrow to govern this city. The State Board of Health has issued an order stating that a new sewer system must be in operation in this city within a short time and this is another matter which will be partly in the hands of the next Mayor and Common Council.

All of these matters are of the most vital interest to the future of the city, and it is up to the people to see that men are placed in office who will have a proper sense of the responsibility of their task, and who are properly equipped to work for the best interest of the city in the most efficient manner.

This year for the first time in the history of the city Rahway is honored with a candidate for the office of Sheriff. William H. Wright, a resident of this city for many years, and a man known to everyone in the city for his honesty and integrity, has been named on the Republican ticket. Mr. Wright has served as Under Sheriff, and is familiar with the duties of the office. He is a Rahwayian who is proud of his city and his city is proud of him. Democrats and Republicans unite in praising him and he should carry the city by a big majority.

If you have done your duty by going out to register, do your duty tomorrow by going out to vote.

JAILED UNDER THE NEW LAW.
Trenton, November 4.—John Miller, alias Philly Hart of Philadelphia, received the first sentence in this county under the new indeterminate sentence law, when he was given from three to seven years for breaking and entering. In 1901 Miller shot a boy in New Brunswick. He was sentenced to be hanged, but this was commuted to life imprisonment. Several years later Governor Woodrow Wilson granted him a pardon. He lived there and gave to the

QUIET CAMPAIGN FOR ELECTION.

John Farrell, Republican candidate for Councilman at Large.
"I have been twelve years a member of the Common Council and three years its president. I have also served twelve years on the Board of Freeholders. During that time I have endeavored to treat all persons of both parties with courtesy and fairness, and to act always for the best interests of the city and country. If elected at the approaching election I shall carry out this same policy. As a member of the Council I would do all in my power to put the city on a solid basis financially."

William Ransom, Republican candidate for Water Commissioner.
"Residents are what the people look for, and candidates should not be selected on account of personal liking, social standing or wealth. The record of three years term on the Water Board shows what can be accomplished by conscientious work. This improvement has brought water into more residences through the extension of the mains. The safety area has been also extended. The bringing of water into the First Ward was well known to be a hobby of mine. The installation of a new pump of high efficiency is another improvement. This will give water which will take care of the city's needs not only now, but for ten years to come."

"The upkeep of the whole plant has been most economical and it has all been done without incurring any bonded indebtedness, the revenue derived from the sale of water covering the cost. The rate, too, is as low as that in any other city in the state."

The following are the tickets presented to the voters of the city tomorrow for their approval:

EXCHANGES PULPIT WITH DR. STUCHELL
(Continued from Page One.)
tance. Artists are not alone in the use of deceptive powers. Satan has power to transform himself into an angel of light.

Evil becomes mingled with good and good with evil, that it is a difficult matter to know what the devil and what the good is. "Be not deceived," is the formula often used in the bible. Deception is one of the indispensable weapons of the evil one. Wrong ideals of life lead further into error and sin. It is one of the pitiful things of human life men and women may come to maturity without a clear knowledge of what right and wrong is. Christ's prayer was, "Father, forgive them for they know not what they do."

I could recite you a most pitiful story of a young man who was reared in the impure atmosphere of the cattle trail, and the distance from the city did not know any other life until habits were formed and associations which seemed almost irrevocable. At this point a heart-breaking catastrophe was brought to look upon the other side of life, and to see the awful glow which yawned before his feet. God helped him as he does every struggling soul, and through infinite pain and suffering that young man found his way back to a clean life. But the memories of the old life cried damnation through the years like the lioness howl of the prairie wolf at night. I will tell you the story of another young man in a parable. A king's page along the highway saw two children at play. A little boy and a little girl. He loved them and gave to each a very precious man which he took

them keep. They were both delighted for they loved one another, and they loved the good king who had often showed them kindness. As the years passed by these children grew to love each other dearly and pledged their lives to each other. With the years came the necessity of separation for a time, but it was softened by the thought that when they were permitted to meet again it would be to be separated no more. Out among his fellows the lad, now grown to manhood, found that many of his companions laughed at the notions which he had cherished at the notion which he had cherished from childhood. And the girl, which had been given him by the king, which represented purity of life, they laughed at as a childish toy, and they induced him to better something within him told him that he ought not to have lost the gem which the king had given him. And when he confessed to the maiden that he had bartered away the gem, in bitterest anguish she thrust him away from her, and so no remaining years of each were full of loneliness and sorrow because he had lightly esteemed the king's gift.

In the kingdom of God right values are placed upon things. There is no possibility of making such a mistake from the vantage of the "kingdom of God" there is given a knowledge which enables one to look upon the true and not the world's valuation.

ELECTION RETURNS WILL BE ANNOUNCED FROM THE RECORD OFFICE ELECTION NIGHT.

AUTOMOBILE HIT A POLE.

By the merest chance a man, whose name could not be ascertained, escaped serious injury Saturday when his automobile ran into a telephone pole near Colonia.

As he reached a curve in the highway, the high wind blew the auto's hat off. In making a quick grasp to recover the hat he allowed the machine to swerve. Before he could regain control the front of the auto smashed into the pole. The driver was hurled through the air, and landed in a patch of grass near the side of the road. Beyond a severe shaking up and a few bruises he was unhurt. He was able to return home by train, but the touring car, a big Packard, was almost completely wrecked, and was brought to Newark by the Packard people who sent their big wrecking truck for the purpose.

TAMMANY IS HOPEFUL.

Murphy Predicts Success, as Does R. val Chairman.
New York, Nov. 6.—The political prophets indulged in forecasts on tomorrow's election. Charles F. Murphy said:
"After a careful analysis of the detailed reports submitted to me by the district leaders, and of the canvases as I receive in every campaign, I predict that the entire Democratic county ticket will be elected tomorrow by a substantial and gratifying majority—larger than we have had in this county in many years."

Chairman Koenig of the Republican county committee made this statement: "I am perfectly certain of victory."

FAIR VOTERS OUTNUMBER MEN
In California Town Women Are 500 in Majority.
San Francisco, Cal., Nov. 6.—When registration closed for the municipal election in this city and county yesterday they found that the women voters exceeded the men. There are 2,900 men in the registration list and nearly 3,000 women. This is due to the fact that the women are more numerous than the men in the city.

THE ENTIRE SERIES OF HISTORIES OF RAHWAY'S CHURCHES WILL BE PRINTED IN PERMANENT FORM AT THE CONCLUSION OF THE SERIES IF THERE IS A SUFFICIENT DEMAND ON THE PART OF THOSE INTERESTED. IT IS PLANNED TO PUBLISH THE BOOK IN BOOK OR PAMPHLET FORM. SUBSCRIPTIONS FOR THE WORK SHOULD BE LEFT AT THE OFFICE OF THE RECORD OFFICE, 136 IRVING STREET, RAHWAY, N. J., AT WHICH THE BOOKS WILL BE ON HAND.

ALL PERSONS WHO DO NOT HAVE THE DAILY RECORD DELIVERED REGULARLY EVERY EVENING ARE REQUESTED TO COMMUNICATE WITH THE CIRCULATION MANAGER IMMEDIATELY. THE ALL MISTAKES OF DELIVERY MAY BE RECTIFIED.

BAY STATE VOTE WILL BE CLOSE

Foss and Frothingham Each Claim Victory.

FEW WAGERS UP ON RESULT

Boston Paper Makes Strong Vote, and Result Indicates That Present Governor Has Shown Better of Running. Campaign Confined to Industrial Centers.

Boston, Nov. 6.—With the opening of the polls only a few hours off, both parties are claiming a victory. But despite these predictions the politically wise ones say that every indication points to a close election, with Foss a shade the better of the running. The vote is very close, and men with money to bet are finding few takers because of the uncertainty.

A liberal Democratic observer, who has been making a study of the situation, says that the vote will be very close, and that the result will be determined by the vote in the industrial centers, where the tariff issue has been made prominent by the campaigners.

BOTH CLAIM KENTUCKY.

Democratic Expect 21,000 and Republican 15,000 Majority.

Louisville, Ky., Nov. 6.—Estimates made by the managers of both the Republican and Democratic parties show that each is sure of a victory tomorrow, when a governor and all state officers and one-half the general assembly are to be elected. Democrats claim the state by 21,000, while the Republicans point to the fact that four years ago Kentucky went Republican by 15,000 and that conditions are even better now than they were then. Their claim is 15,000.

Indications are that James B. McCreary, Democrat, will be elected by a small though safe majority. Republican leaders state that thousands of dollars have been thrown into Kentucky. They claim that the Democrats are trying to buy the state.

In a proclamation Governor Wilson promises immunity to the man who informs against vote buying or vote selling.

The campaign has been a vituperative one, and it is feared that the fact that the vote is so close will lead to a riot on election day.

TAFT AIDS HOME TICKET.
Independents Worried Over President's Letter in Cincinnati Fight.

Cincinnati, Nov. 6.—The last hours of the local campaign election the Republicans professing jubilation, their opponents, Democrats and Independents, either worried over the new cable letter from President Taft to ex-Mayor Julius Fleischmann, concerning his (the president's) attitude in the local fight. It is considered that not all of the contents of the president's letter were given out for publication and speculation is rife as to the suppressed parts.

Meanwhile the Independent, Republican are still awaiting an answer to their telegram sent to the president, in which they stated that the local situation as to the elimination of boss rule in the Republican party had been misrepresented in ex-Mayor Fleischmann's letter.

POTTER IN RHODE ISLAND.

Providence, R. I., Nov. 6.—Indications following a vigorous campaign throughout the state are for a Republican victory, which will include the re-election of Governor Aram J. Potter with a plurality considerably increased over the 1,100 vote by which he best Lewis A. Waterman of Providence last year.

Mr. Waterman is again his opponent, but is generally considered a weaker candidate than a year ago.

The general sentiment is that the Republican party will be a slight increase in the two-thirds membership which the party had in the last assembly. Five cities and several towns elect municipal officers.

FAIR VOTERS OUTNUMBER MEN

In California Town Women Are 500 in Majority.

San Francisco, Cal., Nov. 6.—When registration closed for the municipal election in this city and county yesterday they found that the women voters exceeded the men. There are 2,900 men in the registration list and nearly 3,000 women. This is due to the fact that the women are more numerous than the men in the city.

THE ENTIRE SERIES OF HISTORIES OF RAHWAY'S CHURCHES WILL BE PRINTED IN PERMANENT FORM AT THE CONCLUSION OF THE SERIES IF THERE IS A SUFFICIENT DEMAND ON THE PART OF THOSE INTERESTED. IT IS PLANNED TO PUBLISH THE BOOK IN BOOK OR PAMPHLET FORM. SUBSCRIPTIONS FOR THE WORK SHOULD BE LEFT AT THE OFFICE OF THE RECORD OFFICE, 136 IRVING STREET, RAHWAY, N. J., AT WHICH THE BOOKS WILL BE ON HAND.

The Republican Platform Provides For:

Abolition of Grade Crossings without expense to municipalities.
Equalization of Tax Assessments.
Revision of State Statutes.
Substitution of the Indeterminate Franchise, or tenure during good behavior, for the present limited franchise act.

The Following Candidates Are Pledged To These Reforms

For Senator Carlton B. Pierce Of Cranford

Mr. Pierce is a native Jerseyman, born in Trenton in 1857, and a resident of Cranford for the last seventeen years, a graduate of Rutgers College, class of 1878, and the Albany Law School: a lawyer by profession.

He served in the Assembly for three years, 1908-1910, during which time he was identified with the Public Utilities legislation, and advocated giving the commission rate-making powers. He was identified with the Civil Service and Railroad Rehabilitation legislation, and was largely responsible for the enactment of these measures; he drafted both acts providing for a revaluation of railroad property for taxation purposes, which will bring to the State treasury a million and a quarter dollars annually in additional taxes from railroads, of which the school districts will receive \$400,000 and Union county \$60,000 for free education.

For Sheriff William H. Wright Of Rahway

In William H. Wright the Republican party presents a man qualified by years of experience to discharge the duties of the sheriff's office. He resigned from the position of Assistant Postmaster of Rahway after a service in the Rahway Postoffice of twenty-two years to become Deputy Sheriff and has charge of the detail and clerical work of the office during the term of Sheriff Kirkland.

For Coroner Dr. Moe Robinson Of Elizabeth

Doctor Moe Robinson was born in Elizabeth in 1884; was graduated from Public School No. 2, the Bathing High School and the New Jersey Medical College of Newark, from which he entered the College of Physicians and Surgeons at Baltimore, Md., graduating in 1908.

He served one year as house physician of the Alexander's Hospital and has been engaged successfully in the practice of his profession in Elizabeth since 1909.

Democratic	

For Members of the General Assembly

George L. Babcock Of Plainfield

George L. Babcock was born in Plainfield, where he now resides. He attended the public schools and was graduated from Plainfield High School. He spent three years at Alfred University, New York. Is a manufacturer, President of the Plainfield Chamber of Commerce. He is a member of the Plainfield Play Ground Commission and active in educational and charitable work.

William F. Groves Of Elizabeth

William F. Groves was born at Langhorne, Pennsylvania, of Quaker parentage. Is a graduate of Wesleyan University. While engaged as teacher he attended the evening sessions of the New York Law School, from which he was graduated in the class of 1900. Was admitted to the New Jersey Bar in 1901, and has since practiced in Elizabeth. Was secretary of the Elizabeth Board of Trade for seven years, and a member of the Board of Education for four years.

George C. Otto Of Elizabeth

George C. Otto was born in Elizabeth in 1885; attended the public schools until he was 18 years of age. Is a successful business man of the Fort section of Elizabeth; for twenty years has been engaged in the wholesale paper, wooden and willow ware business at 109 Court Street.

SERIAL NO. 73

R. R. ENGINEERS AND CONTRACTORS LOOK OVER TRACK PLANS

Tracks Are to Be Elevated Thoroughly Inspected

Will Award Contract Soon

The First Actual Work will Commence in a Few Weeks, and Laborers Will Soon Be Here

Engineers of the Pennsylvania Railroad Company and representatives of several of the contracting firms who are bidding on the work of elevating the tracks through this city arrived here yesterday morning and commenced an inspection of the territory in which the change is to be made. The rest of this week will be taken up with an examination of the topographical conditions of the country through which the road passes and it is expected that, within a short time the contract for part of the elevation will be awarded and the work will be started.

At the meeting of the Common Council to be held tonight at the City Hall the principal matter to be discussed will be the track elevation and it is expected representatives of the railroad will be present to report to the Council the progress of the work. A number of streets in this city will have to be closed while the work is going on and at the Council meeting resolutions will be introduced ordering the streets to be vacated.

For the past two weeks borings have been made by the railroad engineers and every foot of the ground over which the elevated tracks will pass has been carefully tested. Borings have been made in the Rahway river where it passes under the tracks, and one of the first things to be done by the railroad will be the sinking of the concrete foundations for the supports of the bridge which will span the river.

All of the buildings owned by the railroad, and which have been occupied for some time past by tenants now vacant, and will be torn down in a short time. It is believed the first buildings to be destroyed are those near the steel works south of the railroad station. As far as can be learned the first construction will start at that point and will gradually work north. The railroad station will be left intact as long as possible but it is expected there will be many changes made from time to time as the construction work progresses.

According to the present plan it is said one track will be elevated at a time and this track will be opened for traffic long before the complete elevated system is ready. It is not known definitely whether the track to be elevated will be the track going into New York City or the outbound track, but from all indications it would seem as though the inbound track would be the first completed. This will mean that the construction will very likely start on the east side of the tracks, and that traffic through the city will be very little disturbed during the progress of the work.

It is thought the first lot of engineers who will take part in the work will arrive in this city early next week, and a few weeks later the first gang of laborers to start on the actual construction work will be here.

The engineering inspection today was in the vicinity of the steel works, and near the Morris property. From now it is probable that the inspection will be made north of the station.

A TRANSFER OF LICENSES.

The Board of License held a quiet meeting in the City Hall last night. Present: J. B. Marshall and J. H. Will. The board was present. The city business transferred was the transfer of licenses for transfer of licenses from James G. Smith to Thomas W. Smith, and from J. H. Will to J. H. Will.

BOLAND IN LONG FLIGHT

Gone Twelve Miles Without Mishap in Machine With New Device

Frank C. Boland, the well known aviator of this city, achieved signal success with his new steering and elevating device at Hempstead Plains on Sunday afternoon. He made a twelve mile flight going at the rate of more than a mile a minute, and landed gracefully in the center of the course. As he reached the ground Boland was surrounded by a crowd of admiring brother aviators, and he was congratulated on his daring and skill, and the success of the new device on which he has been working for a few years.

Assisted by Captain Baldwin, J. Starnes of the Mott School of Aviators, and Kimball, of the Fairchild school, Boland prepared his machine for its first long flight. He tested his places and engine by a few short flights he glided into the air, and smoothly and rapidly rose a few hundred feet into the air. The course was a three mile circuit and the aviator circled it four times without the slightest difficulty. His descent to earth was perfect. He swooped down and skinned along the earth with scarcely a jar. Boland was very high in the air, a few days, and he will be assisted by his brother Joseph, who built the motor of the aeroplane.

Record Election Returns Shown On Cherry Street

Complete local, county and state election returns will be shown at the Daily Record office this evening.

As the telegraph and telephone wires bring them in, by special arrangement with the Western Union Telegraph Company, from New York, where a letter printed bulletin is being prepared, the Daily Record will be kept in touch with the situation through the courtesy of a newspaper.

Local conditions will however be the most interesting. A representative has been arranged that will allow the most thorough and up-to-the-minute reports of how the local election is going. They will be shown to the people in the easiest possible time. A representative of this paper will be at every polling place.

FINE WEATHER BRINGS OUT BIG EARLY MORNING VOTE AND THE PARTY WORKERS PREDICT RECORD

Great Activity In All Wards and Over Half the Third Voted Before Noon

Leaders Are Confident

Democrats and Republicans Seem Sure of Victory, and Are Working Hard to Get Out Vote

Due perhaps in some measure to the cheerful turn in the weather, voters turned out bright and early this morning, and from indications up to present time it appeared that a heavy vote would be cast. The vote will certainly be at least up to the normal. The polling in all districts proceeded quietly, no disturbance or trouble of any kind being recorded during the forenoon. The challengers had a strenuous time in every instance.

Taken by wards up to a little before the noon hour the third ward, had made the best showing, fully 50 per cent of the total registered vote having been cast. In the fifth ward, which came next in standing, about 40 per cent had voted up to noon. The fourth ward had passed almost the same percentage at noon, while the first and second wards were considerably behind the leaders, each showing a percentage of about 35.

The heaviest part of the voting is expected after working hours, from 5 o'clock up to the closing hour at 7 o'clock, although in several districts the working men dropped their ballots on their way to work.

Experienced workers among the polling booth very generally were of opinion that, with the pleasant weather, the total vote cast would be fully 85 per cent of the total registration. If this estimate is correct, the total turnout should be in the neighborhood of 1700.

Republican and Democratic party leaders and workers were equally active in expressing an opinion as to the result of the vote. Thomas A. Fyfe, Democratic candidate for mayor, expressed himself optimistically last night and today on the outcome, and said that he felt sure that the country would be carried by his party. In this he was supported by several of the workers, but as to the local vote there was no such unanimity. Democratic leaders said they had secured out a substantial majority and that the work counted for anything they would win.

On the other hand the Republican workers could equally confidently maintain that the party's record and the efficient canvass which has been made will carry them to victory in the county. They also feel sanguine about the result in the city, although they have no certainty of this until the votes are counted.

No far as the attendance at the polling booths, were able to judge, the turnout was very good, and the Democratic portion of the total vote in the city, although somewhat less than the Republican portion, was expected to be about 40 per cent of the total registration.

The total turnout in the county was expected to be about 1700, and the Republican portion of the total vote was expected to be about 85 per cent of the total registration.
