Said He'd Die Before He Paid, But He is Living
Lester Cammerman, who was arrested last night for peddling stolen goods, was today in court on a \$1000 bond. He had only raised \$5 and wanted to get off with that. At first Judge Buckley was inclined to allow him to take part of the goods and to come back when he had obtained the balance. To this the judge objected, saying that he would be arrested in New York for disposing of the goods. Finally Judge Buckley took the \$5, allowed the man to take his goods, at the same time telling him to keep out of the city, as, if caught again, the full penalty would be imposed.

"Senor," he said as the agent looked at the ticket, "is this enough to sell this cabalero a ticket?"

"The train is gone," answered the agent.

"Not so, senor," replied the bundle of rope laughingly. "I am having it made for me."

"Ah, yes, well," responded the official, and, having sold the ticket, he handed the bundle of rope to the passenger.

"I will be the next to travel on the train," said the latter, holding up the ticket in his right hand.

"Archimedes, gracias, cabalero," said, bowing profoundly, "and—may you have a pleasant trip."

JOB PRINTING OF ALL KINDS

SATURDAY, NOVEMBER 17, 1911

The Executive Committee of the Board of Trade has decided on next Tuesday evening for the postponed "Boost Rahway" mass meeting at the High School. The regularly scheduled one was spoiled on account of the snowstorm the weather man provided for us last week on the occasion of the biggest public demonstration that has ever occurred in the city's history. Despite his best efforts to the contrary the parade was a big success. Two thousand Rahwayians marched amid the snowflakes to show their loyalty to the idea of co-operation for the city's increased growth and prosperity. But when it came to the end, it was realized that to sit in the High School auditorium in wet clothes was more than the situation demanded. So the weather man triumphed.

But next Tuesday night there is an opportunity to get back at him. The postponed meeting will then take place. Some of the best of our city's speakers have consented to address the gathering. The occasion will be instructive to those who are willing heartily to enter the move for the betterment of the city, but who are uncertain as to just what they can do. Come and hear the ideas advanced by these men and the "Boost Rahway" proposition may seem a little clearer to you. And anyway, you will be helping to take a slap at the weather man who was so perverse the other night.

CHARGES ILLEGAL VOTING
Point Pleasant, Nov. 17.—The identity of the six men who are charged with illegal voting by Captain James M. Van Note, defeated Democratic Majority candidate, was made known today. They are Thomas Ferguson Jr., Robert Graham Jr., son of Postmaster Thomas Graham; John Truett, Christopher Brower, Charles Wolff and Ralph Pearce. Ferguson is a nephew of Councilman-elect Ferguson, who has been accused of attempted bribery.

Van Note, who was defeated by Mayor W. Clayton, Republican, by a few votes, asserts that the men he calls illegal voters are not residents of the district in which they voted. Van Note claims that Pearce is employed as a clerk in a bank in Orange and lives in that place. Pearce voted here at the last election, claiming his residence at Point Pleasant. Friends of the accused say that they secured advice from Judge Barry at Point Pleasant before they cast their ballots, and that he told them to vote after swearing in their votes if such a step were necessary.

Mayor-elect Clayton says that he does not consider the action of Mayor Van Note to be of any great import, adding:

"If Captain Van Note sees fit to contest the election, of course I will defend myself in the case, but I think it is all likely to be dropped. Even though he should have the election contested it will make no difference in the office."

GOOD THINGS IN RAHWAY

One of Rahway's "Good things" mentioned in the "Good things" column is the fact that the city is now occupied by Rev. Arthur S. Cole, who was formerly pastor of the First Baptist church in Rahway.

REFUSE FARE REDUCTION
Trenton, Nov. 17.—In dismissing a complaint alleging that contractors are exacted on the Hamilton Square branch of the Trenton and Mercer County Traction Company, the Board of Public Utility Commissioners held an opinion yesterday afternoon holding that the length of the ride given for a single fare is not the only factor to be considered in determining its reasonableness.

The board held that before ordering a reduction of rates it must be satisfied that there are no circumstances to warrant the disparity in rates and that the loss in revenue to the company will not tend to deprive it of a fair return on its services and upon its investment.

The complaints under consideration were filed by Cochran, Druggan & Co., whose plant is located about three-quarters of a mile from the city limits of Trenton and F. C. Leasing, a property owner along the Hamilton Square branch of the trolley company.

The substance of each complaint was that the fares charged on the line were excessive and discriminatory. In view of the fact that longer rides are permitted for single fares on other branches of the line.

The board considered the physical conditions in rendering its decision and pointed out that when different lines radiate from the same point and traverse districts differently circumstanced as to population, it does not necessarily follow that the same amount of trip must be afforded for a single fare. In populous districts, the board pointed out that several considerations make it possible to collect several fares for the space actually occupied during a trip.

In summarizing its findings the board said:

"Differences in the length of ride afforded upon different lines of the same company for a single fare are not necessarily discriminatory.

"One circumstance which may warrant the disparity in charges for the same length of trip is the greater density in traffic upon lines affording the longer ride for a single fare.

"In case of doubt, based upon past experience with one company as to whether earnings suffice provided for operating expenses and a fair return upon actual investment, lower rates ought not to be imposed unless there is a demonstrable effect will be to stimulate the demand for service sufficiently to offset the reduced price per unit."

EDGE FOR LEADER IN SENATE
Trenton, Nov. 17.—Several South Jersey Senators, who have been visiting the State House since the "corridor caucus" of last Tuesday have expressed the belief that Senator William F. Edge, of Atlantic county, will win the floor leadership in the Senate. They have this on the belief that he will have five South Jersey votes to start with and that when the caucus meets in December he will get the one more necessary vote to give him the necessary majority.

While none of the Senators have openly expressed where they stand on the leadership, it is the belief of the South Jersey politicians that Senator Edge, of Cape May, Lewis, of Burlington, and Gaunt, of Gloucester, are for Senator Edge. Senator Nichols, of Cumberland, who because of his well-known independence is being looked upon as holding "the balance of power," says he has not pledged himself. He is very friendly to Senator Edge, however, and his political enemy, the former Governor Stokes, is well known. It is not at all likely, they are, that Nichols will be for Senator Davis, or Mercer, the other candidates for the leadership. This is the correct line of it will take only the vote of one North Jersey Senator to place Senator Edge the leader and place him in line for the Senate presidency in 1912.

Of course Senator Leavitt will not give up the leadership without a struggle. It is pretty well known that he is the enemy of David Baird to former Governor Stokes. The latter has been objecting to Senator Leavitt as the close friend of Stokes, that just the leadership to the Mercer Senator.

Several quarters of the State former Governor Stokes, a Republican, is the man who saved the Legislature to the Republicans this year by his personal campaigning.

His murmurs in several districts indicate that the party object to him this year to friends of Mr. Stokes will be pretty evenly divided.

"In case of doubt, based upon past experience with one company as to whether earnings suffice provided for operating expenses and a fair return upon actual investment, lower rates ought not to be imposed unless there is a demonstrable effect will be to stimulate the demand for service sufficiently to offset the reduced price per unit."

EDGE FOR LEADER IN SENATE
Trenton, Nov. 17.—Several South Jersey Senators, who have been visiting the State House since the "corridor caucus" of last Tuesday have expressed the belief that Senator William F. Edge, of Atlantic county, will win the floor leadership in the Senate. They have this on the belief that he will have five South Jersey votes to start with and that when the caucus meets in December he will get the one more necessary vote to give him the necessary majority.

While none of the Senators have openly expressed where they stand on the leadership, it is the belief of the South Jersey politicians that Senator Edge, of Cape May, Lewis, of Burlington, and Gaunt, of Gloucester, are for Senator Edge. Senator Nichols, of Cumberland, who because of his well-known independence is being looked upon as holding "the balance of power," says he has not pledged himself. He is very friendly to Senator Edge, however, and his political enemy, the former Governor Stokes, is well known. It is not at all likely, they are, that Nichols will be for Senator Davis, or Mercer, the other candidates for the leadership. This is the correct line of it will take only the vote of one North Jersey Senator to place Senator Edge the leader and place him in line for the Senate presidency in 1912.

Of course Senator Leavitt will not give up the leadership without a struggle. It is pretty well known that he is the enemy of David Baird to former Governor Stokes. The latter has been objecting to Senator Leavitt as the close friend of Stokes, that just the leadership to the Mercer Senator.

Several quarters of the State former Governor Stokes, a Republican, is the man who saved the Legislature to the Republicans this year by his personal campaigning.

His murmurs in several districts indicate that the party object to him this year to friends of Mr. Stokes will be pretty evenly divided.

GOOD THINGS IN RAHWAY

One of Rahway's "Good things" mentioned in the "Good things" column is the fact that the city is now occupied by Rev. Arthur S. Cole, who was formerly pastor of the First Baptist church in Rahway.

REFUSE FARE REDUCTION
Trenton, Nov. 17.—In dismissing a complaint alleging that contractors are exacted on the Hamilton Square branch of the Trenton and Mercer County Traction Company, the Board of Public Utility Commissioners held an opinion yesterday afternoon holding that the length of the ride given for a single fare is not the only factor to be considered in determining its reasonableness.

The board held that before ordering a reduction of rates it must be satisfied that there are no circumstances to warrant the disparity in rates and that the loss in revenue to the company will not tend to deprive it of a fair return on its services and upon its investment.

The complaints under consideration were filed by Cochran, Druggan & Co., whose plant is located about three-quarters of a mile from the city limits of Trenton and F. C. Leasing, a property owner along the Hamilton Square branch of the trolley company.

The substance of each complaint was that the fares charged on the line were excessive and discriminatory. In view of the fact that longer rides are permitted for single fares on other branches of the line.

The board considered the physical conditions in rendering its decision and pointed out that when different lines radiate from the same point and traverse districts differently circumstanced as to population, it does not necessarily follow that the same amount of trip must be afforded for a single fare. In populous districts, the board pointed out that several considerations make it possible to collect several fares for the space actually occupied during a trip.

In summarizing its findings the board said:

"Differences in the length of ride afforded upon different lines of the same company for a single fare are not necessarily discriminatory.

"One circumstance which may warrant the disparity in charges for the same length of trip is the greater density in traffic upon lines affording the longer ride for a single fare.

Europe Outstrips Us Only In Roads and Farming

As a Whole What Is Done Here Has a Big Lead

United States Is Far Ahead In Railroad System

By THOMAS A. EDISON, Famous Inventor

By WILLIAM C. BROWN, Railroad President

I AM PERFECTLY SATISFIED WITH WHAT WE DO AT HOME. IT'S MUCH BETTER THAN WHAT THEY CAN DO IN EUROPE.

But we don't know what good roads are. We are a RAW COUNTRY on the road business.

France has the BEST road engineers in the world.

Things are fairly prosperous in Europe, especially in Germany. But they've got nothing in the way of electrical contrivances that can EQUAL ours.

They are using all American machinery at present, but they're pushing ahead, with Germany in the lead. They have got the ideas better now and are beginning to make up to date stuff.

Farmers abroad raise TWICE AS MUCH as the American farmer. In England double the amount of produce is raised on acres that have been tilled a thousand years as compared with American acres that have been cultivated only a few years.

United States Can Whip Any Other Country on Land or Sea

By WILLIAM HOWARD TAFT, President of the United States

ALL the world is looking to us to lead in this great movement for PERMANENT WORLD PEACE. We have the resources to raise an army large and powerful enough to sweep any other army off the face of the earth. It is the same with our navy. We are not afraid of ANY other nation.

We can lead the world in this peace movement, and we ought not to let anything prevent our taking that course.

Suffragists of Nonmilitant Type Will Get Ballot First

By Governor WILLIAM STANTON

NOW we have a party of nonmilitant suffragists who are going to vote for the ballot first.

They want to help their sisters everywhere to win the ballot, but they find it strange to think of helping out those who clamor for it with a LOUD NOISE and an UNSEEMLY MANNER.

They believe quite generally in my state, I think, as I believe myself, that the suffragists, the nonmilitant group, are campaigning in a MORE EFFECTIVE MANNER than the others and that when the victory comes it will be to their banners.

Useless Middlemen Stand In the Way of the Farmer

By Former President THEODORE ROOSEVELT

I BELIEVE in a high standard of wages, and I believe all must agree with me. We want to try to shape matters so that we shall conserve the high standard of wages and give the farmer, the man who lives on the soil, the REAL BENEFIT of the increase of the cost to the consumer. I believe we should drive out every middleman who does not help the consumer. Certain middlemen are indispensable.

There are two classes of men I want to help—the man who TILLS THE SOIL and the man who WORKS FOR WAGES. Don't help any one else.

MASS MEETING TUESDAY NIGHT

Prominent Clergyman Will Address

Public Meeting on Loyalty to City

Interest in the "Boost Rahway"

movement continues without abate-

ment and indications point to a large

attendance at the mass meeting which

will be held in the High School on

Tuesday evening.

The speakers will be Rev. William

Torrence Stuchell, pastor of the Sec-

ond Presbyterian church, Rev. Charles

L. Corder, rector of St. Paul's Episco-

pal Church, Rev. Frank Moore, Super-

intendent of the State Prison, and

Dr. William H. Madison, of the

Merck Co. All are eloquent men and

thoroughly enthusiastic over the pro-

spect of a bigger and more prosperous

Rahway. Each speaker will present

his own line of thought, but the key

note of every address will be City

Loyalty and the benefits which will

come from hearty co-operation

among all citizens. The meeting will

Driver Almost Run Over By Own Team Of Horses

William Harrington, of Harrington, will holding the

reins, fell directly in front of the

team of horses, which he had been driving the wheels of the heavy truck. Just

as the truck was about to go over his

head, Harrington managed somehow to throw

the reins and escape. The horse, however, was not so lucky and was

run over by the wheels of the truck. The horse was killed and the driver

was injured. The accident occurred on Irving Street at 11 o'clock this

morning. The horse was brought to a stand-

still and the driver was taken to the hospital. The horse was

buried in the morning. The driver is expected to recover.

The accident was a very serious one and a warning to all drivers.

The horse was a valuable one and the driver was a well-known

person in the community. The accident was a very sad one.

The driver was a very good person and the horse was a very good

UNION AID SOCIETY MEETING

Philanthropic Citizens Arrange Plan

For Thanksgiving Dinners for Poor

A meeting of members of the Union

Aid Society was held at 3 o'clock this

afternoon at the residence of Mrs. St. Clair Moore, No. 87 Esterbrook Ave.

There was a good attendance of

members and in response to the in-

itation extended by the society several

residents who are interested in its

work were also present.

The principal item of business be-

fore the meeting was the perfecting

of arrangements for Thanksgiving.

The plan adopted by the society of

providing barrels in each of the pub-

lic schools for the purpose of re-lev-

ing the donations of the children to

be distributed among the deserving

poor in the city will again be followed

this year and the members hope that

the gifts will be abundant and gener-

ous.

The society also heard a detailed

report of the recent benefit which

that Louis Bevier, Ph. D. Litt. D. Pro-

fessor of Greek language and Litera-

ture in Rutgers College, will deliver

a course of lectures and readings on

Poets and Poetry. The lecture will

be given exclusively with American Poets

and will be accompanied by illustra-

like readings. The poets to be dis-

cussed are Ralph Waldo Emerson,

John Greenleaf Whittier, Henry Wad-

sworth, Longfellow, Oliver Wendell

MEN'S BIBLE CLASS IS ORGANIZED HERE

First Presbyterian Church

Undertakes Work Which is

Becoming Universal

At an enthusiastic and well attend-

ed meeting held at the residence of

Irving W. Story in Union Street on

Saturday evening the young men of

the First Presbyterian church formed

a Bible class, this being a step in the

great movement which is spreading

throughout the country for adult Bible

study.

The class will be known as the

William Bible Class. The import-

ance of the work and the aims and

objects included in its work were fully

explained at the meeting and the pro-

ject met with the hearty approval of

everyone present. Owing to the cir-
