Message Urges Federal In-, corporation Act

TO TAKE UP TARIFF LATER

President and Cabinet Decide Not Recommend Supplementary Legislation to Sherman Antitrust Act—Other Administration Policies Not to B Outlined Until Later In Session.

Washington, Nov. 20. -- Presider Taft's message-the shortest he has ever sent to congress--is finished. contains about 5,000 words and deals exclusively with the trust problem. Other policies of the administration. neluding the tariff, are not men-

tioned. The president has finally discarded the idea of recommending supplement ary legislation to the Sherman antitrust law for adoption by congress in the event that the national legislature fails to enact a federal incorporation law. The recommendations that the president had in mind for a time were destined to specify more definitely just what acts constitute violations of the Sherman antitrust law. The president Exonerates Him, but Contains Censure -had-been-discussing this subject with For Lavish Campaign Expenditures. | lur at the time of the shooting. X A PLAYGROUND CREE Adopted by the City Playground Association of New York.

We believe that a city child needs a place to play, things t play with and some one to take a fatherly or motherly interest

in its play, We believe that a playaround should be made attractive to win the child-varied in equipment. to hold the shild, who needs constant change, and supervised by directors trained in child oulture who can care for this child garden as an expert florist will care for his flowers, developing the best in each.

We believe that should be encouraged in the playground, avoiding the formal grouping according to age. 'We believe that normal p on ewings, seesaws and other such apparetus, or with simple games such as ball and tag I varied forms or with toys such

as ter brooms. dell houses, etc., to be a better preparation normal life than exciting computitions and complicated dames requiring constant instruction. We believe that a program fo playground work should be very clastic, allowing for change to mit the immediate need of child, weather conditions, etc. but should definitely establish the duty of each of the staff, a that no phase of the workoonge, stories, races, quiet occu-petion, general supervision, etc. —may be neglected. We believe that the title "at-

tendant" is wrengly applied the educators who have charge of playerounds and that the titl should be shanged to "director, assistant director and junior assistant director."

We believe that playground d __rectors, exposed to high winds and breiling sun, who must control and educate through play the roughest element as well as little children and babies, meeting every moment a different problem, should not be asked to give more hours' service of

child may be best molded hands of persons of the highest character and best training, who will make this a life work. yearly graded salary as in other professional work being essential to attract such workers. We believe that the park playgrounds should be open on week

day mornings as well as after school and under supervision so I that the methers and babies and physically weak and mentally defective children may have op-portunity for eutdoor play when the grounds are not crowded with school children. We believe that \$200 (no mer than the cost of a park concert

one afterneon) given for inexpeneive play material, such as rubber balls, jumping repes, etc., which will supply a thousand o more children a whole year with + practical lessons in the care of public property, unselfishness, etc., will bring better returns to . the government than an equal-2 amount spent for hespitals, pris-, one, children's courts or other
