

RAHWAY'S BIG DRUG STORE

Splendid Achievement of Enterprise And Energy

DAVIS' PHARMACY ABLE TO COMPLETELY EQUIP RETAIL STORES FROM ITS WHOLESALE DEPARTMENT

Each Department a Complete Store—Progressive Methods Keep It In the Forefront of Country's Leading Pharmacies.

104 Main Street, Nos. 116 and 118.

Davis' Pharmacy is the very heart of RAHWAY'S business section.

Impressive in its broad window display the establishment attracts attention by its magnificence.

The large, double store has a floor space of nearly five thousand square feet, every foot of which is utilized for the accommodation of its patrons and its extensive stock which is arranged tastefully upon its shelves and counters.

The fixtures of the store are elaborate and chosen with the aim which combine neatness, beauty and utility.

During a retail and wholesale business and enjoying a patronage that has constantly increased as the years went by since its establishment in 1892 it necessarily carries a stock which not only includes a complete assortment in every department, but also such volumes that it is enabled to completely restock the retail stores in the neighboring towns, which come within the territory of its wholesale operations.

Mr. Davis has made the prescription department his greatest care. Fresh drugs of absolute purity are used and are compounded with the skill resulting from years of experience and study which have earned for Mr. Davis recognition as an authority upon pharmacy and pharmaceutical work.

Mr. Davis was formerly president of the State Pharmaceutical Association and of the Kings' county, New York Board of pharmacy and is a member of the pharmaceutical association of the states of New York, New Jersey and South Carolina.

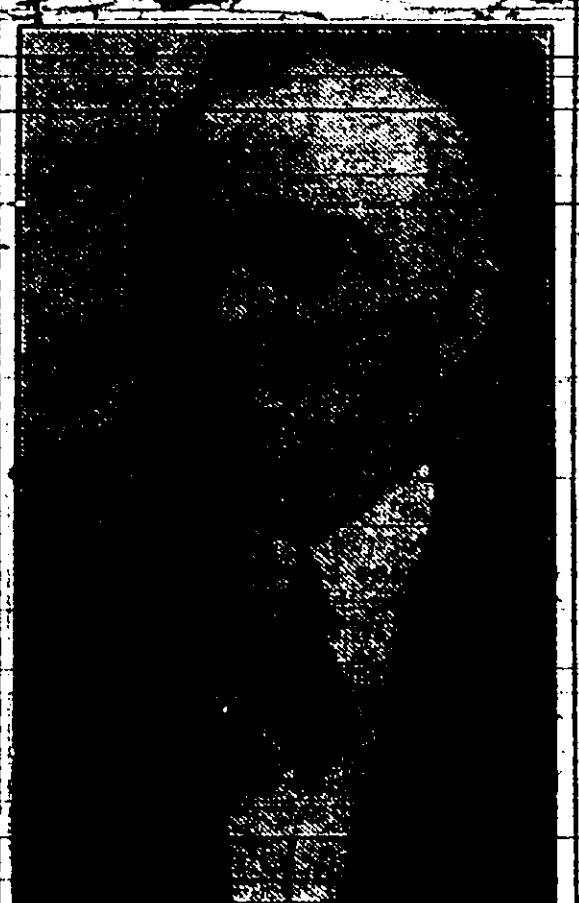

He is author of a number of articles upon pharmaceutical subjects in the leading papers devoted to that profession, which articles have been considered with interest and appreciation throughout the country.

It follows as a matter of course that in his own prescription department Mr. Davis has perfected a check system which absolutely precludes error. There also are to be found every appliance which modern science has contributed to pharmacy.

Confectionery. The delicious confections, pure chocolates and tanning are an irresistible attraction to the lovers of sweet things. These are displayed in choice selection and may be sent in fancy boxes as a welcome gift whose recipient always will be pleased with the choice judgment in kind.

Tea, Coffee and Soda Water. The tea, the soda fountain popular and the hot days come before it. Davis' Pharmacy is the place of sparkling water and pure soft drinks. Davis' Pharmacy is the place to get the soda water which is bottled under his own supervision and is known in every Rahway home.

National Clear Brand. Every user of tobacco knows that Davis may be found a really complete

WILLIAM M. DAVIS.

Line of everything for the tobacco user, skillfully selected, pleasingly displayed and reasonably sold.

Kodaks and Supplies. Mr. Davis is agent for the Eastman Kodak Company and carries a full assortment of Kodaks suited to every purpose, from that of the amateur beginning the study of photography to the professional who requires the most complete and exact instruments. All supplies for cameras and developing are carried and developing is done expertly.

Musical Instruments and Carriage. Musical instruments are carried and such supplies as may be needed from time to time can always be secured. Sheet music of all kinds is kept on hand for Rahway music lovers who know they may find here the latest production.

Toilet Articles and Perfumes. Everything conducive to luxury for the toilet and bath is constantly on hand and a very choice and well selected assortment of perfumes is offered.

Other departments contain post-cards, Waterman's Ideal fountain pens and many lines of novelties of which an especially large stock is handled around the holidays.

The medical profession of Rahway and neighboring towns that have special instruments and supplies for which any order will be promptly filled.

Mr. Davis is one of Rahway's most progressive men of affairs. He has traveled widely and has studied the progress of other municipalities and their methods and has studied the which stimulates them.

He has seen with his own eyes what may be done for a town by the pride of its citizens and he is one of Rahway's citizens who is "boosting" Rahway by his private enterprise and implicit faith in its future.

THE QUINN & BODEN CO.

Industry Valuable to Rahway Prospers Through Energy, Skill and High Standard of Business Principles

A SKETCH OF A MAMMOTH ENTERPRISE

Highly Artistic Volumes Sent by Hundreds of Thousands to Booklovers the Country over

The Quinn & Boden Company, with its factory located in Rahway and with offices in Rahway and New York is entitled to be ranked as one of the most important industrial concerns of the United States not only because of its enormous output, but also because of the highly artistic character of its work.

The book lover places the volumes which it binds on his shelves with the highest reverence. To him these works represent the last word in art, an art which for centuries outranked all others.

The Quinn & Boden Company is one of the very few which is able to undertake every phase of book production from the receipt of the author's manuscript to the completed volume.

Many of the largest and best known publishing houses in the United States have their entire supply of books, printed and bound by the Quinn & Boden Company. Among these may be mentioned such firms as Doubleday Page & Company; Dodd, Mead & Co.; Henry Holt & Co.; Fleming H. Revell Co.; Grosset & Dunlap; William Wood & Co.; A. L. Burt Co.; James L. Parke & Co.; Hignlow, Smith & Co.; Revue & Review Co. and S. S. McClure Company.

One of the most important books used in the schools in North Carolina, the history of North Carolina, is printed and bound in Rahway by this company.

It may be said without fear of exaggeration that there is hardly a library in the land, public or private, or any booklover with but a few choice volumes where a volume bound by this company could not be found, for from

GREYHALT PARK.

As the passenger on the Pennsylvania feels the train diminish its speed as it nears Rahway station he sees the sign of the Greyhalt Realty Company from the car window. He cannot fail to be impressed with the character of the tract undergoing development, its proximity to the heart of the city and its convenience to the station.

The Greyhalt Realty Company is known for its liberal policies and strict standard of business integrity and its large dealings in the past have gained for the firm a following which is constantly increasing as the years go by.
