The Knight Of The Silver Star

BY PERCY BREBNER

Will be rewarded by knowing that they have read a really picturesque narrative and one of the most gripping serials in modern fiction.

One man found this mysterious realm though he had to ride on the heaving top of an avalanche to do it. Clinton Verrall is worth travelling with—into the land hidden snugly from the world, where knights of the lance and ladies fair dwell as in the age of

Verrall and his lady love, none other than the famed Princess Daria, faced by powerful enemies, enmeshed in the intrigue of their foes, attacked, conspired against and imprisoned—suffered as few lovers have done And the result? Read for yourself

Those Who Crave Adventure Will Have No Cause To Complain Of This Story

Let me show you the account of the conflict between Verrall and the false Vasca. Come with me through the secret passageway to watch the death struggle between Verrall and Vasca, and to witness the escape of the imprisoned heroine.

"Strike, and strike deep," she cries to her arch toe, in a moment of despair, craving death.

That Is Just What The Story Does, It Strikes, And Strikes Deep

The story has been superbly illustrated in line by Frank Parker, who has a country wide reputation.

Men's Suits at \$12 Where Will You Find Their Equal?

We don't hesitate to pronounce the suits we offer this season at \$12 superior to any on the market. Not only are these \$12 suits made of excellent materials that are strictly all wool and embrace many handsome gray and brown mixtures, plain blue serges and attractive fancy striped serges, but they are tailored in a fashion that gives them a well-rounded-out appearance of the most carefully done custom work. The linings and trimmings are first class, made to do service along with the outer materials—well balanced garments in every sense fine enough for dress, cheap enough for business, and we ought to sell a lot of them this season-will sell a lot when men see them and appreciate the quality.
