Dr. Beadon, a former rector in Et. tham, Kent, England, one Sunday preached from the text "Who art

thou?" After reading it he made a pause for the congregation to reflect upon the words, when a man in military dress who at that instant was NOTHING CONDUCIVE TO marching very sedately up the middle aisle of the church, supposing it i question addressed to him, replied, am, sir, an officer of the Sixteenth regiment of foot on a recruiting party here, and, having brought my wife and family with me. I am come to church because I wished to be acquainted with the neighboring clergy. and gentry." This so deranged the divine and astonished the congregation that the sermon was concluded with considerable difficulty.

There is just one fire escape in the building in Washington building. That one is an interior fire the burned building said that he looked and the burned building said that he looked the burned burned burned the burned burned burned burned the burned bu doubtedly too careful of their well-earned record to allow any inaccuracies to death, the whole big front of the saw a girl climb out of the window to creey into their system of weights and measures but the transient buck- building is guiltless of one, nor is second from the most westerly winenter and shopkeeper who moves about from place to place with no reputer a fire escape in the back.

In the building was fireproof, and the refused to give his name, says that ard or be driven from the field.

The taxpayers are still kept in darkness regarding the uses to which ed a sign. Only the stock within it their money is put in public undertakings. Common Council, The Board of and the little girls were burned. Education, The Beard of Water Commissioners and The Board the only sufferer by the disaster. Dr. Ralph S. Fralick of 119 Waverly PUBLIC of Public Health expend their various appropriations without There are other concerns in the build-MOSEY, any thought of accountability to the men who supply the funds, ing. but it was Saturday, and the place was walking across Washington No taxpayer can know, without the waste of a lot of time, and other companies had let their people; square toward the building and startmuch assoyance to himself and the officials, the uses to which the tax money go home. Messra. Harris & Blanck. is devoted. Why should these matters remain a secret with the Pinance Committee? Why should not these expenditures be published in detail as are the expenditures of the County Board of Precholders?. Some narrow-the day. If the fire had broken out windows of the day. If the fire had broken out windows of the three topmost floors and saw dozens the day. If the fire had broken out minded individual will accuse us of urging publication for the paltry income five minutes later probably not a life We may derive from the printing. That such cannot be the motive will be would have been lost. understood by those who recall our attitude before the present editor was Within a few minutes after the first tor ways, on the little ledge. Then a is control of the News-Heraid and also by those who recall the fact that we have never healtated to oppose any measure before the people even if the passage meast an increased income for this paper. Our attitude on the His passage meant an increased income for this paper. Our attitude on the pavement, waists and skirts in interest, which is the street into the number of the pavement. ilquor question has cost us many an advertising contract and the total cost showing that they had been torn in them turned many times, shricking as the panic within the place before the girls got to the windows to jump to deliberately took her list and laid it

in this matter should make their wishes known.

"Great occasions find great men," and "it is no less fatal to be too far absed of the procession than to linger too far behind" were two thoughts combined in Colonel Harvey's flavannah address last week.

WESPROW That Woodrow Wilson is the "Man of the Hour," and that wilson is the agree who reads the Colonel's great mech and who is in trutch dead.

"Inside the with the water with the water which the firemen soon were pouring into the building soaking them. There with the water which the firemen soon were pouring into the clear the dead in the building and landing, burned and street away. Inside the building the firemen believed etill were dozens upon dozens of girls and men, and the firemen wasted no time upon those whom at a glance they knew to be believed that this was the easiest believed that this was the casiest believed that the bad deeponed the with the deings of Treaton. The final breaking of all relations with Nugent and the old Demogratic Ring on Monday and the success of the Senatorial election and the Geran bill in the Assembly have made New Jersey's Government of the marked man for presidential honors. He has rises above every that a quick giance aboved, according to Chief Croker, about fifty dead had the presidential the specification of the success of the Senatorial that a quick giance aboved, according to Chief Croker, about fifty dead had the senator that many girls had jumped from them all. That Waster Wilson shall till the symmetric chair is as on that floor alone. agree who reads the Colonel's speech and who is in touch dead. then all. That Wastrew Wilson shall till the presidential chair is now the list on that floor alone. Then will That Washew Wilson shall till the presidential chair is now the limit floor alone.

Solid intelligence of every true American. He has test the support of the limited strong and the liveness and it accepts that the minth floor excitation, extra who look for service is the people rather than the party.

Some of the girls in jumping amaging amaging the properties of them.

From July, 1896 to Jump 1810 a market of second secon

From July, 1896 to June, 1910, a period of fifteen years, there were respected to the Surgeon General of the United States Public Health and the Washington piace wide of the Safe were fatal, making a yearly average of the state of the yearly light finally surface. The bottles finally sufficient in the pro-vaccinationists say that vaccination prevents burned corpses from this hole, and the safe of the girls in jumping amash and twisting and twisting with fright.

Safe were fatal, making a yearly average of the wash upon the vault light finally suffice. The should five feet in diameter. Just at dusk firemen and pollection were pulling many built burned corpses from this hole, and the fried to press her younger companion closer to the wall. But the girl who was being burned corpses from this hole, and the provinced and shoulders said that from what he had been able loose from the protecting embrace.

mak of namepaper that seeks sincerely to serve the people and prothe first rights and their property must always expect the astagosism and
these of the public official who is appeared and pilleried."

I held twisted her bred and shoulders to leave about 610 persons to the protecting embrace, working in the place when the first the girl who was trying to save her started.

Assists these on the top foor at the first started and pilleried."
