These are the men who ignored the pleadings of the citizens of Rahway, whose interests they are sworn to protect, and voted to the Pennsylvania Railroad Company the most valuable franchise that this city ever had or ever will have.

Of these nine men, three are employes of the Pennsylvania Railroad, one is the son of an employe of the Pennsylvania Railroad, and still another in close business relations with the company. HOMET

'Stains? They're Easily Taken Out," says Anty Drudge.

Mrs. Fidget-"Do you know, Anty, I am getting to be a regular crank. I watch every egg-mark or stain that the children make on the nankins and table cloth. and I get so nervous I can't enjoy my meals." Anty Drudge—"Don't mind the stains and above all don't get nervous. Just rub Fels-Naptha soap on the spots, soak in cool or lukewarm water and rub lightly, and your napkins and table-cloths will be spotless.

The housewife is quite likely to be judged by the appearance of the wash as it hangs on the line. It is the one part of the housework that is all out of doors; all in the eye of your neighbors.

"How nice that wash looks" Is Ya coveted washday saying. If you knew—it was either Fels-Naptha soap or too much work that gave the nice look. Drudgery may give it; Fels-Naptha soap will give it without drudgery.

Fels-Naptha makes the clothes clean and pure, because it DISSOLVES every particle of dirt.

You first soap the clothes, roll and place them in cool or lukewarm water for half an hour. You then find that only light rubbing is needed to make them pure as driven snow.

And it's as good for every other part of the household work as for the wash. A trial will convince you. Follow directions on the red and green wrapper.
