That the primary election in Tren LOCAL NEWS for under the Commission Form of Sovermment was a distint victory for the people was manifested by an editorial which appeared in the Newark our readers not to become News of Friday and which reads as

Prophe's Rade The point in which all three papers agree perfectly is that the people, and no one else, have taken charge of their municipal affairs. Some 14,000 out of 15,000 voters in the city participated in the primaries. Men who had never before been interested in their local government, but had left the selection of candidates to the party machines, became active when the Walsh law gave them the opportunity to make their in-, end of fun Friday after- finence felt. Their activity was noting to fly kites which the best guaranty possible of ase the strings were too men who aspired to the commistails not long enough and sionerships knew the people were p and down the sidewalk before the primaries were not New York. e least discouraged because machines, and the promises they gave were to the voters only. The field was open to all, and hat so far no society has sixty-three men went before the result is that Trenton has had the State of New Jersey.

ers have taken the responsibility in Haines Falls, N. Y.

PRIMIEY ELECTION IN TRENTON on themselves. If any mistake has been made, the fact will be discovered, and the voters will have the power to rectify the blunder.

Dress at English and French Races the sidewalk on upper Maple avenue, tractive plumbing establishments in

The Derby and Grand Prix Races are over and dresses, suits, coats and are very high reach over from Ways at work and give an excellent thats worn there will set the modes for months to come, since these are the the neighboring fields and leave only example of modern mechanical busihats work the great world of Paris and London where prominent dress-last events in the great world of Paris and London where prominent dress-makers can exploit their designs, and see which find acceptance with the best makers can exploit their designs, and see which find acceptance with the best dressed women in the throng of fashionables that represent the entire world. pecially, disagreeable. This year at the French race, American women were among the best turned

Black and White

The combination of black and white was a notable feature. One wellknown member of the smart set wore a white satin tailor-made black ha another an eyelet embroidered lingerie gown over black satin. A black and white striped silk tailor-made with an all white hat was a third much-admired get up.

Huts and Parasols Match Coats. Many dresses of white lingerie were worn with black or colored silk coats, and with these the hat and arasol matched the coat. A practical 'ashion for women of limited means 15 well as for people who dress without regard to cost. Some of the stunning white gowns.

worn were trimmed with black and black hats accompanied them. Simifor suits were made up with colored satin collars, buttons and ties. The hats and parasols matched in color. Skirts were short and narrow and very girlish on the right figures. Floating panels back and front modified the severeness of these where the deure needed concealment, and trimings were placed on these extra

Points To Be Emphasized Wherever the fimmings are placed

on a dress or hat there the eye is attracted, so if a woman wishes to divert attention from the size of her waist, it is well to have that part plain and trimming placed near the bottom of the skirt.

It is because the eye follows the trimmings that a row of buttons down the skirt adds to the effect of height. Fancy belts and hanging knickneck wants a plain collar, and well shaped shoulders are best displayed if some ornamental cut or detail calls attention to them. With some study the best points can be emphasized in dress and defects lost sight of. Satin and Pongee Coats.

Reversible long coats of pongee and tatin are among the best liked cover. alls of this season, and have for the present thrown the two-toned satin wraps into the second class. Royalblue and grass are among the favorite color contrasts with the natural yel-" low tone of the pongee which is invariably worn outside. With black atin linings the reverse is often dis-

Puffed Crowned Hats. Hats, with puffed crowns of lace in black or white or black over white

side of the pond. Frilly brims often go with them but more often the brim h vired and made of lace or straw. Covering the crowns of black straw hats with white lace of decided mesh and pattern is another late idea. No other rimming is used except an aigrette of lace or flowers or feathers.

ball wiv Teddy and me." Mother-" I can't little son. This washing will take me all the rest of the afternoon, and I'll be too tired to play to-day."

Anty Drudge-" My dear, if you had used Fels-Naptha soap in cold or lukewarm water to do this washing you would have been through long ago and would have felt fresh and bright enough to play with the children. Your clothes would have been cleaner and fresher, too. Just try it next washday, for your own sake and the children's."

There is nothing worse than hot water for making hands red and rough-unless it is common soap. Hot water and common soap make a combination bad for the skin. Fels-Naptha soap helps to hep the hands

nice. Fels-Naptha itself is healing to the skin. Then, with Fels-Naptha, you never have to put your hands into hot water. Fels-Naptha soap washes clothes, washes

dishes and does all the cleaning about the house in cold or lukewarm water. No boiling, no steam; not even hot water. Your hands are not made tender, and rough and red, but remain soft and smooth.

The work is done better, too, and in far less time than in the ol l-fashioned way with het water. Why not have nice hands? Follow the directions in the Fels-Maptha red and green wrapper.

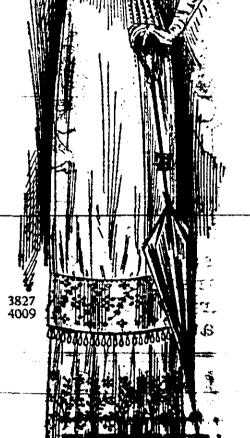

Take it with you on the fishing trip, on the automobile tour, to the Summer camp, the bungalow in the woods, the cottage by the sea, wherever you go to escape the trials of housekeeping, the worries of business or the weariness of Summer days.

is the Shredded Wheat wafer, made of the whole wheat, steam-cooked, shredded and baked by electricity. It is crisp, tasty and full of nutriment. Serve itwith butter, cheese, caviar or marmalades or eat it with nothing Enough Priscuit can be taken in a fisherman's creel to supply all the strength needed for a day's sport.

BRIEF ITEMS OF LOCAL NEWS

RAHWAY N. J., FRIDAY, JULY 28, 1911

COMMISSION GOVERNMENT ASSOCIATION OF RAHWAY

r the formation of the new organi a conditions in our city on Monday evening of last week the Lyric theatre was comfortably filled and much enthusiasm exhibited. The Elizabeth Journal apparently appreclates fully the advantage of this new movement and is losing no opportunity to place information on the subject before its readers. Of the Rahway meeting it has the

following to say: "An opportunity was given for some citizen understanding the movement to explain it to the citizens present, and as none other volunteered James B Furber, publisher of the News-Herald, as briefly as possible, gave an able exposition of the commission form and its operation in other cities. He expressed his regret that no action was taken by the citizens following the address by Judge Carey upon the subject before the Brother hoods of the various churches of the city several months ago. "Someone must start the work. It is illogical not to take it up because Hoboken, Bayonne or some other city has turned it down. We have our own problems and diffihaven't got to wait until some orner piace has tried IL as It Is already standing the test in 140 cities throughout the country. It has been tried, tested and not found wanting.

"Mr. Furber next gave the names of the cities and the population where the commission form of government is being used. The manner in which this government is manipulated so successfully in Switzerland was also portrayed. He compared the commossion form to the board of directors of a large corporation, showing that the menchosen are usually picked out because of their ability. Nothing goes on in this city or any other that cannot be handled as a business.' The opportunity to hold a commissioner directly responsible for his acts was described by Mr. Furber, and to show the inefficiency of the present city government he pointed out that on June 20 an ordinance was passed by the Common Council extending the fire limits, and that since that-time two buildings had been built that did not most the fire code reulrements. He showed that it was apparently the duty of no

particular official to see that this ordinance was enforced. "The alleged plan of each coundiso condemned by the speaker, aged is without doubt."

cess of the movement in Galveston. Tex., was described, after which an exposition of the initiative, referendum and recall and non-partisan primary methods of the commission form was given. "A brief discussion then ensued concerning the circulation of petitions for securing twenty per cent of the names of the voters. necessary for calling a special election. Mr. Furber suggested that the chairman appoint a committee for each ward and that the committee secure helpers, and the canvass made block by block, so that the city would be thoroughly. canvassed. Upon motion of Dr Moore the chairman was authorized to appoint a committee of five, one from each ward, and that this committee add four other members from each ward."

nts favorably upon the proposed
