REASONS

Why You Should Vote For

Commission Government

Because it is in force in over 175 cities in the United States, and in every case the people of those cities are getting better results than under the old form of government.

2 Because you elect those who manage the affairs of your city at large, and they represent all citizens, instead of only a ward. 3-Because those you elect are given power and authority to

accomplish results, which is not now the case. 4—Because city government is properly divided, with a responsible head to each branch, and citizens know to whom to look for

5—Because the Commissioners you elect have power to appoint all necessary officers and employees, and to get efficient and economical results.

6—Because it replaces an obsolete method of handling city affairs with a modern, said puts it up to the voters to elect good Commissioners.

You will find it deliciously appetizing and nourishing, supplying all the strength needed for work or play. Shredded Wheat is ready-cooked and ready-to-serve. You can easily prove its value by eating Wheatena for breakfast to-morrow morning. Cook it exactly as directed—we especially recommend the second recipe on the box—and you will be surprised at the flavor thus secured. Fifteen cents a box at grocers.
