railroad through the city and for the because of the malpable injustice of the proposed action.  Councilman Armstrong stated Saturday night, with great satisfaction to himself) that a petition was being signed by the property owners urging the Mayor to sign the contract which has already been presented to him for his signature. Councilman Armstrong may not have known, or it he did he did not so state, that those who were signing such a petition were doing so merely to get the pavement laid and that they would then refuse to pay assessments by virtue of the petition of protest already on the with Common Council.  There is no doubt in any one's mind that the attempt to saddle a second assessment upon the property benefited will be met by long and expensive litigation, much to the pleasure and profit of City Attorney Dobbins.  The general opinion seems to prevail that this is no time to enter into such a controversy and that Rahway can ill afford to spend thousands of dollars to enforce a contract based, upon faucy prices and contrary to the wishes of those most directly interested.  The petition to Mayor Howard was signed and submitted as follows:  Rahway, N. J., Sept. 22d, 1911.	Their Attempted Shots At Editor Turned On Themselves.  General Opinion: "They Were Made To Look Like Thirty Cents."  Prevailing Sentiment Appears To Be That Council Should Not Cook Up Any More "Investigations" Until It Has a Case.  At a recent Council meeting it was voted that the Street Committee should "investigate" the proposed crosswalk to be laid by the News-Herald across Irving street without expense to the city. The committee tumbled early to the fact that it had been made rediculous and it did not [Continued on Page Eight].  To investigate a recent article in the News-Herald regarding the Main Street paving contract was not so wise as the street committee and went through with the case, much to the humilitation of its members.  Council chambers were packed to suffocation and two hundred were on the streets unable to get inside—all of which shows the great interest taken in councilmants affairs owing to the News-Herald's constant following of its motto that "Public business is the business of the public."  When the comittee was willing to await the arrival of Editor Furber's attorney, if the latter desired. Mr. Furber however, not having consulted an attorney on the charges, did not ask for a delay. If the dirty sheet, which has so little regard for the truth, did but know it the NEWS-HERALD was the first to agitate the question, over a year ago, when we circulated a petition for it and secured the assent of nearly every man on the street. That was the first attempt to get action through Council and the NEWS-HERALD has consistently and pecsistently pushed the mat-

We do not favor paving the street at the expense of the property owners (the second time) nor do we favor letting a contract at exhorbitant prices. The NEWS-HERALD stands to lose financially by this policy. If the cost goes into the general tax levy we pay our increased assessment accordingly, while if assessed to the property the NEWS-HERALD saves its extra assessment. Do the Advocate and the Council favor assessing to the properry owners to save themselves and their friends their proportion of the extra tax? Are they playing the game from selfish motives or are they said simple as to suppose they are working for public good?

"The "Investigation" Saturday night only lacked one feature to make it sall that the most fun loving could have desired. City Attorney Doblins could not be drawn into the controversy. Possibly SATURDAY Lawyer-Councilman Armstrong desired the credit (?) for all the intricate cross questioning that was to be

It is high time for a change in men and methods.

\_\_\_\_\_000------The Illimbeth Journal, appreciating the importance sof the Saturday night "Investigation" by a Common Council committee devoted two colu to its report of the affair. Our boasting booster NEWS INSTINCT. gives the same news six inches. Well! it is not surprising. Its habit has been to magnify the insignificant and unimportant and to twist its news items to suit its own pur-

poses. Its report of the meeting of the Main street property owners is but another sample of the venom it displays on every occasion. The News-Herald not only had nothing to do with the meeting but did not know it was to be held so the booster is nailed in another lie. The booster was not wise enough to know from the temper of the crowd

at the Saturday night affair that, practically to a man, they were disgusted

One man connected with the booster stated recently that they were sorry they had located here and would not have done so had they known the conditions. Well! Why don't they size up the conditions and make the best of it? It will do them no good to butt against a brick wall and try to build themselves up by misrepresentation and faischoods.

We have always regarded the giving for charity as not only a serious problem but a great responsibility which: calls for discrimination and careful procedure. We, of course, desire that our money-gifts shall go where they will do the most good—for the benefit of the most needy and worthy cause.

That it is given to us to be able to give for charity we regard as one of the highest privileges that can come to a large store, and that it is our privilege to give large sums lays a greater responsibility upon us, and reminds us that we must be just in being generous; that we must not give for the mere sake of giving, but that it is our duty to use every means we possibly can to see that our gifts go where they will do the most good, and as we desire to be impartial we feel that it is also our duty not to be influenced by

us that we cannot. Prior to the adoption of this plan we had from ten to fifty applications each day for donations, and we found it very difficult to investigate each one and pass on its worthiness, and equally so to refuse them.

It was all an accident, no doubt, but you feel so badly that you have to blame someone. Now if you had only known of Fels-Naptha you could have passed it off as a joke, enjoyed yourself and spared Will an uncomfortable time.'

There's a right way and a wrong way to do everything. And there is a new way and an old

way to do almost everything. The new way to wash clothes is the Fels-Naptha way—in cool or lukewarm

water, no boiling, either in winter or summer, and little rubbing. And the Fels-Naptha is the right way as well—saves time, saves the back, saves fuel, and the wash comes out cleaner,

sweeter, whiter. It is up to you to choose between the new and the old, the right and the wrong way of doing your washing.

Simple directions for washing and other household cleaning are printed on the inside of the red and green wrapper.
