How much could you save

by selecting your food more carefully? About one half of the average family income is spent for eatables. Every time you throw away food because you cannot eat it or don't like it, you are throwing away money. People who buy "our kind" of groceries don't need to do this. Everything we sell comes to you good and fresh, and is guaranteed to be pure and wholesome. Also the price is right. Try us and see.
