ROACHES?

Just now with cool weather, roaches accumulate around the hot water pipes and other warm places. This is your chance. Just sprinkle PETTY'S ROACH FOOD around in such places. It is sure death to the pests. It kills them right and left—and does it without dirt or nuisance, danger to children or pets.

I have sung its praises until my friends think it is really quite a joke. Because for everything my answer is. Use Fels-Naptha soap. Fels-Naptha Don't Injure the Clothes.

On account of the illness of my washwoman, I had a chance to give Pels-Naptha soap a thorough test and I wish to say that I am more than pleased. It don't injure the clothes in the least. It just makes the durt let go and leaves them clean and white as show. Several highly advertised and labor-saving soaps have come under my notice but none seems to fill the bid like Fels-Naptha. My husband just asked me if I was trying to make a name for myself ab a washwoman if sald no, but with Fels-Naptha soap I can be independent of a washwoman if I wish."

UNION COUNTY POULTRY SHOW

To Be Held In Elizabeth. Some Of The Prizes

Arrangements have been completed for the poultry show to be held November 9th, 10th and 11th, and prospects are most excellent for a very successful show, as the interest taken by the poultry raisers' in all sections of the County, has been unexpectedly great, applications for entry blanks coming in by every mail. It seems to have encouraged many novices to exhibit their birds by mak-Ing the rule that no birds would be accepted for competition excepting, thuse raised by residents of Union County, so that many who otherwise would have been afraid to exhibit, for fear of being heaten by some of the very large breeders, have decided

to enter their birds, feeling that as it is just among their neighbors, itwill be more of a friendly rivalry. This feeling has also been encouraged by the fact that instead of offering prize money, the Association is having very handsome prize medals made up especially for the occasion. These are similar to the medals awarded at all athletic events. First Prize being "a" Gold ' Medal, 'suspended = by a -blue ribbon from a bar, second, Silver on a red ribbon, and third Bronze and yellow ribbon. The medal is engraved with the crest of Union Countv. with Union County Poultry Association, around the edge. These

medals will be awarded for the First, Second and Third, best Cock, Hen, Cockerel, Pullet and Pen, of each wariety of poultry exhibited, and will make very valuable and ornamental trophies for those who are fortunate cough to win. Similar prizes are also offered on Turkeys, Geese, Pheasants. Pigeons, Rabbits and Guinea Pigs.

In addition to these handsome prizes, a large number of silver cups; and valuable special prizes are offered by various members of the Association and Trades people, for competition by members of the Association. The following is a list of these as T having this in charge, report that they expect a large number to be added to these before the Exhibition. As the time is growing short before the entries close, all who wish to exhibit their birds should write promptly to Mr. F.
