> HOW A WAGER WAS LOST ON BEACON COLORED BLANKETS, BECAUSE

Beacon Blankets Do Not Fade

"A" saw a Lavender Beacon Blanket with the sun pouring its rays upon it in our Broad Street Window. "A" was a buyer of wide experience and knew something of lavender coloring. So "A" bet "B" that color would fade if it remained in the window any length of time. At the end of a week, exposed to the sun every day, this Lavender Beacon Blanket was taken from the show window and upon comparison is a true story, leading up to the fact that we are going to have a sale of these self-same.

> Bully Beacon Blankets Beacon Bath Robe Blankets-Unfadable

Beacon Baby Blankets-Bet They Won't Fade Beacon Blanket Cloth by the yard-Unfadable Beacon Blankets and Cloths are not only sunproof, but are in colors that may be washed repeatedly.

BLANCHE

Our eldest forefathers, like the savages of today, fairly worshipped colors. It is not strange then, that many of the oldest given names portray this preference and that Blanche, meaning white, is one of the "newer names" seems

sunshine, is Blanche's emblem. Fair Girl ber sentiment, Southern France, or rather her poets, invented this appellation for some lovely dame of enchanting complexion, and from France it travelled to the neighboring kingdom of Navarre, to grace the fairest, princess. Stancho, of Castile fell in love with Blanche of Navarre and made her Queen Blanca, the

sort of Edward I of England, the name resumed its original form. This half-English Blanchs of Castile, consort of Louis VIII, of France turned but one of the greatest women of all times. After her husband's feathshe assumed the regency being a wise, resourceful and successful ruler. Slies died in 1912, and not a large of her count kinssian the third Henry of England

Anty Drudge Suggests an Essay.

Pair Graduate-'My commencement essay is on The Indisputable Superiority of Mind over Matter.' Anty Drugg:—"Why not make your essay about practical things: 'How Fels-Naptha Has Lightened Woman's Work.' After you are married, and have a house of your own, you will find that Fels-Naptha has done more to take the sting out of housework than anything ever invented."

The three great forward steps in woman's housework are: The modern range in place of the old fireplace and kettle;

The sewing machine in place of laborious hand-sewing;

Fels-Naptha soap, which makes it easy to wash clothes in cool or lukewarm water, without boiling or hard rubbing. Of these three, Fels-Naptha saves the woman more back-breaking labor, more

time, more money, and does more to make life pleasanter than either of the At the very first, you can see how it

saves time and labor, but perhaps you'll wonder how Fels-Naptha saves money. In two ways: First it saves the cost of coal or gas to heat water and boil theclothes.

Then the clothes last longer when washed with Fels-Naptha in cool or lukewarm water.

Their fibre isn't weakened by boiling nor strained by hard rubbing. You can't realize just what a help Fels-Naptha is until you've tried it in your own washing.

Why not begin next washday? Fels-Naptha easy way of washing in place of the tiresome, tedious back-breaking method.

Use it according to directions on the red and green wrapper, winter or summer.

Winter Fashions

Narrow Skirts-Striking Color Contrasts-Elaborate Trimmings—Fur Galore

It needs only a touch of sharp weather to bring out all the luxury of velvet and fur in every variety of make from dainty small cravats and reveres, to all enveloping garments cosy and warm but supple as satin and as cling-

Combinations Endless. Combinations of odd color, and differing materials are so much the rule that a garment self trimmed is noticeable. A dash of contrast cleverly used, lends distinction to many a suit or coat that would otherwise be flat

and lacking in style. Linings are more apt to differ than to match the outer material and endless plays are made on the idea of the coat that may be worn with either side out.

A magnificent long wrap, fit for an Empress, was shown recently at C. Shayne's. The pure white for was used for the garment, and worked up into a bordered effect atothe foot, the lines emphasized, here by a graceful draped fringe made of the ermine tails. The linings of soft heavy white

saim, irimined with narrow pleated quillings and the fastening at the left

Another long coat shown was of smoke colored embossed velvet lined

with moleskin, worked up so that it gave a blocked effect. The color and

cuffs were of costly fox in matching tone, the garment being reversible. So

elegant was the effect with either the mole or velvet outside that it was dif-

For more general wear there were coats of caracul, broadtail or the deved muskrat that is so exactly like seal in texture and color that only an

expert can tell the difference. This is sold under various names, and in

as "Alaska Sable" and under its own name holds a high place in fashionable

A novel combination new this season is fitch trimmed with skunk made

up most attractively in sets of stole and muffs, that are, set off with soft

coppy bows of black messaline satin. Broadtail and ermine make a most

distinguished contrast. The long scarf stole of the black fur with ends of

ermine are trimmed with narrow ball fringe. The muff of the same furs has

Vandyke points that are very new and smart. Muffs are all very large, very

Stiffness of any sort is a thing of the past in making up furs, and

Sets for young girls and for wear with tailored suits are of Civet cat,

The huge bags of elegant materials that were carried by peeresses at

King George's coronation to hold all the various fixings that might be need-

ed during the long hours in Westminster Abby, have set the style for elabor-

ate bags this year. All sorts of brocades and upholstery materials, embel-

lished with beads, gold or silver galoons and embroideries are used for

these huge pockets, and one sees them quite as much on the street as at the

theatre where they seem more in keeping with the surroundings. Bags C

match the hat, muff or stole are what all the girls desire and these made up

soid to be growing smaller, but one sees huge flat ones still on every side.

Velvet and Ratine

on the carbot last year but are increasingly worn at present. Combinations'

of velvet with wooden naterials are most modish, and the cloth dress with a

velvet coat is teckoned very smart, especially if the coat is one of the

models cut off at the waist line in front and prelonged in long coat tails at the back. The soft woolen surface of the ratine makes very stylish trim-

minus for suits and coats of serge, velvet, cordured or other materials

White is the favorite tone for these but one sees any amount of y-llow,

tans, soft warm reds, greens and the various purple tones used in this way.

Velvet and ratine are two favorite materials for winter suits. Both were

An Innovation in Oil Heaters

The Perfection Smokeless Oil Fleater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home. No home is quite complete without a Perfection Oil

Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamed will not tarnish or burn off. It is not an "enamed paint," but it is the same as the enamel of your cooking utenals.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

PERFECTION Dealers everywhere. At a years to show you the Perfection Heater enameled; or wide led disording or circular to any agency of

This Is the Age of Tunnel, Subway and Elevated Railroads,

HE age of marvelous feats in transit problems that seem the limit of engineering science.

Great Transportation Interests actuated by the Spirit of the since have been decided. Great Transportation Interests, actuated by the Spirit of the times, have provided transit facilities wonderful in efficiency, speed, comfort and safety; are building lines and stations of colossal dimensions and capacity; yet, although these improvements involve to an increasing extent the use of lower and upper levels - that land you underground or up in the air-in most of these stations the laborious old-time stairways and inclines are still to persist. Only the other day our Mayor and City Council signed the ordinance authorizing the Pennsylvania Railroad to elevate its tracks through Rahway, build its Station high up in the air, but through oversight no way was provided for reaching train-level except by steep, old-time stairs. Inconsiderately you and your family must under present plans forever continue with great sacrifice of vitality, mental vigor, and loss of time and money—to laboriously drag yourselves, your heavy bags and bundles, up and down heart-straining, nerve-racking, energy-sapping stairs and inclines, because you make no effort to correct this mistake in not obtaining street-level landing. and because you make no determined demand for modern methods of relief.

shall consists of three members; they and such members of such Boards of soldier or sailor of the United States

shall be elected by the voters of each Chesen Freeholders, whose, offices or the widow of such soldier or sail-

calculated to the date of such termin- not been passed, and shall be

Are you to silently submit to this unnecessary burden of real labor, when economic and humane inventions already perfected stand ready to move you up or down, Quickly, Safely, Comfortably, and Without Physical Effort?

Are your personal health and comfort to count for naught after you are landed at your destination?

Will you make no effort to conserve your energy, save your time, promote your comfort, and relieve congestion?

Escalators, or Moving Stairways, are Your Most Needed Facilities. Without Escalators the Whole Scheme of Track Elevation

and Station Completeness is Defeated

Escalators, or Moving Stairways, have proved the BEST METHOD YET DEVISED where the safe, quick, and comfortable moving of a large number of people from one level to another is concerned, not only in Railway Stations, but also in the great Stores and Mills. Escalators have demonstrated that they are indispensable wherever they have been installed. Actual every day experience for over ten years has shown that Escalators have solved the difficult phase of the Elevated and Tunnel transportation problem. Escalators, or Moving Stairways, should be in EVERY place where the safe and comfortable moving of people from one level to another is a pressing necessity—and if the people of Rahway will arise with one accord and demand Escalators in the new Rahway Pennsylvania Station they will be forthcoming.

Now is the Time for the People of Rahway to Speak-to Insist on Escalators. They Should Not Be Backward in Demanding Such Facilities as a

Condition of the Granting of their Franchise.

With wise forethought and judgment, London's busiest Terminal Station has just contracted for the installation of Escalators. In New York the Pennsylvania Station, Hudson Terminal, and many of the Subway and Elevated stations have Escalators already installed

With the same genuine desire to serve the public that prompted the granting of the Rahway franchise and making possible these great trackage improvements, our City Authorities and the Pennsylvania Company are only waiting for a more definite expression from YOU whether YOU desire Escalators or Moving Stairways, installed, before granting this great boon to YOU and the Rahway public. Now is the time for you to speak! To see personally, write to, telephone—do EVERYTHING to make it plain that Escalators, or Moving Stairways, ARE IMPERATIVE.

Now and Forever, Walk--or Write! Telephone!! Talk!!! ROMANCES-OF

nue. On Sunday afternoons people point of view of the substitution of

**We would have a Piano were it not for the \$ High Prices and Large Monthly Payments"

"Music is a part of a well-rounded education; just as essential as any of the studies taught in our schools,

set us to thinking. We investigated and found 400 homes in thiscity without planos-homes able to own them. Why are they without them? Simply because parents do not feel like obligating themselves for \$350, \$400 or \$450, and to pay \$10, \$12 or \$15 monthly. That is invariably the answer. And in these 400 homes are probably 3,000 CHILDREN WHO ARE RECEIVING A GOOD SCHOOL EDUCATION, BUT ABSOLUTELY NO MUSICAL TRAINING. So we figured out this plan, which puts prices and terms on worthy planos within the reach of all. Our figures show that, to reduce the prices and terms as we have, to offer the rebate on advance payments, to give Free Insurance, and the other great advantages, dom and worldliness of the stranger.

One evening she asked him timidly

One evening she asked him timidly

One of horse-drawn apparatus will

And that's what we purpose doing. We believe that more than 102 out of 400 are ready to grasp such a liberal opportunity.

The Hallet & Davis Club Plan

tape, no waiting for the club to fill. You don't even know who are the other members in the club. Join whichever club lest suits your

convenience, select any plane you desire from a dozen or more different makes-strictly high grade, brand-new Planes and the instru-

Any Club Price May Be Lessened Suppose a member wishes to pay more than the weekly dues—each member is given a book of from 154 to 188 Coupons, a Coupon

REBATE IN CASH IS RETURNED TO MEMBER IMMEDIATELY, as per following: CLUB A-Rebate of 15c in Cash for Each Weekly Payment Made in Advance. CLUB B-Rebate of 20c in Cash for Each Weekly Payment Made in Advance. CLUB C-Rebate of 25c in Cash for Each Weekly Payment Made in Advance. CLUB D-Rebate of 30c in Cash for Each Weekly Payment Made in Advance.

or each week. Upon payment a Coupon is stamped "Paid" and handed to member as receipt. For every payment made before due .

Thus, you see, the Club Price is reduced as many 15c, 20c, 25c or 30c rebates as weekly payments are made in advance. Or, should you pay all cash you will save \$23.25 to \$55.80, according to the club you join.

Advantages

PIRST-Whichever club you join YOU MAY SELECT FROM MANY DIFFERENT STANDARD MAKES. You are not compelled to take some inferior unknown make, as is the rule with some so-called plano clubs. SECOND-The instrument is immediately delivered to your home upon payment of the Club Membership Fee. No waiting for the club to be

filled-YOU GET THE INSTRUMENT AT ONCE. THIRD—If you are not satisfied with your choice after 30 days you may have back every cent you may have paid. FOURTH-You have the privilege of exchanging within one year without the loss of a penny to you. FIFTH-You will have from 154 to 188 weeks in which to pay for the

SIXTH-All members who join club "D" and secure Player-Planos will have PREE EXCHANGE OF MUSIC ROLLS as often as desired. This

SEVENTH-Should a member die after six months from joining, a recelpt in full for the instrument will be immediately given the family. Should sickness or accident overtake a member, payments will be deferred

upon a doctor's certificate. EIGHTH-An unlimited guarantee is given with each instrument. NINTH-Free Tunings for one year.

TENTH-You can reduce club price by adding Club Members. ELEVENTH-EVERY CLUB MEMBER CAN SAVE FROM 15 CENTS TO 30 CENTS FOR EACH WEEKLY PAYMENT MADE IN ADVANCE.

TWELFTH-A special Stool and beautiful Scarf FREE.
