Inspiration in the Lauter

> The charm of a FINE plane is a charm that lasts. An instrument with a sympathetic, liquid quality of tone, will hold your esteem and remembrance long after you have ceased to play upon it. A fine piano in the home becomes an inspiration and a joy to every member of the family.

Wherever the LAUTER PIANO is accessible, its rare musical worth gives it a peculiar place in the esteem of the whole circle. A case in point is a LAUTER GRAND that was sold to Mr. Claude Warford many years ago. This gentle man has a pupil and protege-and who is also a musical produgy—in the person of Miss Madeline E. Heyder. This promising young planist has just wor the much coveted scholarship at the Peabody Conservatory, Baltimore. Miss Heyder writes

Yes, it is quite true, of the thirty-two contestants for the three years' Peabody scholarship, I have won! Of course, I am greatly pleased at my great good fortune. I shall certainly make the most of it. It seams like a dream; I am giad it ian't,

Looking back over the toat four years of piano study can not but feel that the delightful Lanter Grand Piano in Mr. Warford's studio, on which most of my piano work has been done, is accountable for no small part of my success. I assure you that the hours spent with that dear, old Lauter certainly count for much. I'd like to have it down here with me, but "if wishes were horses, beggars might ride."

## **Old Santa** Is Here

Well, the old man arrived Saturday and oh,

what a welcome he received, "Toytown" was crowded all day and Santa Claus was kept busy sending wireless messages back to his home adviing his assistants what this and that child wanted. The old gentleman looks about as hale and hearty as ever and he tells us that he expects to be busier this year than ever before. From the looks of things up in "Toytown" Saturday we don't think he is far off the track. Come in and see Santa Claus-if you bring a grown up with you, he will give you a pretty present.

Anty Drudge on True Economy.

Mrs. Nuwed-"I'm economizing by doing my own washing. By boiling the clothes a long time I can get the dirt out without much hard rubbing." Anty Drudge-"Economizing shucks! You're burning up money in fuel and wearing out your clothes faster when you boil them. Use Fels-Naptha in cool or lukewarm water without boiling. You'll save fuel, save your clothes and you won't have any hard rubbing. That's true economy."

How much are the clothes worth that go into your weekly wash? Many dollars at least.

Isn't it worth while to take good care of those clothes, to make them wear as long as possible?

Then, why soften them by boiling and hardrub them into holes on the washboard? The Fels-Naptha way of washing will

save your clothes. Fels-Naptha will cleanse them thoroughly in cool or lukewarm water without

boiling or hard rubbing. The clothes will be sweeter, cleaner and whiter than you can get them any other

way. And they'll wear twice as long. Remember,—whether winter or summer, no boiling, no hot water, no hard

rubbing. Time saved, fuel saved, work casier.

less bother.

Follow simple directions on the red and green wrapper.
