The greatest Pourth of July

celebration in the history of Rah-

way is scheduled for tomorrow

when the city will pay honor to

he fifty eight men who paid the

Welcome Address, Mrs. Harry

Memzer and Melvin W. Reed will

be soloints and Rev. J. W. Collier,

Rabble Abraham Schwartz and Rem Thomas B Meaney will be

in charge of the religious parts

of the program.

One of our good citizens reminds us that the parents of VOL. 125—No. 43 war veterans will probably enjoy tumorrow's program more than the men and women themselves. Extend Mains To a large extent this is probably true, but for the parents of infty-eight boys there will be no enjoyment in a "honor veterans" Water Supply

vide Water to Vet-

erans' Homes

Extension of mains and the

laying of laterals to serve eleven

more temporary veterans homes in

Acken drive and Hopkinson street

was provided for last night by

the Rahway Board of Water Com-

missioners. This board received

bids on pavement repairs in West Grand avenue, the lowest being

Keep that Wolf from the Door

with the purpose of keeping the wolf from the door. Personally we are inclined to believe that the buying of insurance is the best and cheapest of them all. Of course, since that is our profession we may be prejudiced to some extent, but there is a lot of common sense in the statement-Insure and he sure. We even go further and suggest that you be sure to insure

with this agency.

Our advice costs you nothing and places you under no obligation.

BRAKE MQUEAKS DISABLED VETS hough none of us would have it so, yet, each of us can't help out know that some of us seem o forget the need of the Disabled Vet. He won't accept mere charity, but wants to prove to us that he is now as skilled or perhaps more than

he was when he left for war. We'd like to prove to you that your car will be the better for an expert job of wheel balancing and alignment. For brake repairs, wheel balancing and alignment by thoroughly skilled me-

chanics, visit the-Rahway Brake Service 1263 MAIN STREET Samuel J. Gassaway PROPS. Joseph N. Gassaway 15 Years a Brake Specialist—17 Years a Chevrolet Specialist

Great news for all who build, own, or live in small homes of 5 to 6 rooms! For years you've been looking for just such an oil burner as this new Miller Qil Burner . . . for a burner eost little to run . . . give "just right" heat . . . and cause no trouble or

homes . . . it is not a large capacity oil burner cut down to fit a small home; (2) it was designed, engineered, and/built by one company with 103 years experience in the building of oil burning devices.

"just right" heat! at "just Positive flame control prevents over-firing. Retarded draft prevents waste of heat up the chimney. Operates automatically. And noiselessly. Underwriters' approved. Carries Commercial Standards Label

Let Us Pay Tribute...

On this July 4th, let us all join together to pay tribute to the men and women of Rahway who served their country in time of danger.

We shall always remember them, not only for the contributions they made but for

On this day, so memorable in American history, let us give humble, prayerful thanks that there is peace and that our sons and daughters are able to be with us again.

Let us all pay silent tribute to those who made the supreme sacrifice. Let us seek always to be sure that thy have not died in vain. With the help of God, let us rededicate our hearts and our lives to the eternal main tenance of that peace and that freedom for which they fought.

FHONES RABBOAS TOTAL TOTALS

An Expression of Sincere Gratitude

and a few brief facts about our future plans!

We want to express our sincere, heartfelt gratitude to the thousands of persons who have so kindly shown their regard for KOOS BROTHERS and who have mentioned their regret at the disastrous fire we've just experienced. It is this regard for our firm which has hastened us into immediate action to create a newer and greater institution for the display · and sale of fine furnishings for the home.

Less than 22 hours after the fire, plans were being formulated to erect a new and larger building on the old site of Koos Brothers, Rahway. W. O. Bartlett, of Bloomfield, New Jersey, has been appointed as the architect. The Fatzler Company, of Newark, New Jersey, has been awarded the construction contract.

W are presently trying to bring order out of chaos and we ask the continued patience and cooperation of our customers until we can announce further plans. Our temporary office is located in the Koos Bros. Warehouse, St. George Avenue and Stiles Street, Linden.

KOOS BROS.

of Rahway

To Telephone Users in New Jersey

January 6 --- --- he Board of Rublic Utility Commissioners of New Jersey to approve a general increase in telephone rates. This was the first such request in twenty-one years, and no provision was included in the application for a general wage increase.

> On the basis of wage increases granted to members of two of the unions and offered to the others, the Company estimates the cost of such wage increases in 1947 at \$6,000,000 annually. This adjustment is necessary so that telephone wages will continue to compare favorably with wages paid in other industries in New Jersey.

> To meet the higher payroll and other costs, we have found it necessary to ask for an additional increase in telephone rates. These revised rates would add 16% annually to the gross revenues present rates produce, compared with the 12% increase requested in our original application.

> Without higher rates for service, it is estimated that this Company's earnings in 1947 on the \$181,000,000 net telephone investment would be less than one per cent and possibly might show a net loss. The additional revenue we seek is necessary to assure sound operation of the business and is in the interest of all

scientific. There seems to be no basis for new assessments ether than precedent and that is something which is pretty flimsy. It appears that if we are to continue on the basis of collecting the major portion of our revenue through the antiquated system of property tax, then we should at least make a new evaluation as a basis to work from. Probably the best solution to the entire problem would be to reassess all property in the State, using this one source of revenue and then find other sources for getting whatever else is needed. Then, to equalize the burden of taxation at manual some of our agencies, such as schools. This, coupled with economics which could be made, would serve to give the taxpayer some of the consideration which he certainly
