Apartment Project Killed by Council

Madison Hill Garden Apartments Inc., 1447 Campbell St., was refused a variance to permit construction of a 40-unit project on Madison Hill Rd. by Municipal Council at a special meeting on Tuesday night.

A near capacity crowd, consisting mainly of property owners who objected to granting of the variance for the tenement project, were present to hear the decision. The vote was 4-0 with Councilman Robert H. McMenamin abstaining. He said he did not receive the transcript of the Board of Adjustment's hearing until Sunday, and had not read the entire transcript.

The applicant sought permission to erect two buildings with a total of 40 apartments on the Madison Hill Rd. site near Hedon Pl. The variance was required because the property is in an "A" residential zone. The applicant was represented at the hearings before the Board of Adjustment and Council by Joseph M. Feinberg of 1447 Campbell St. The objectors were represented by Stanford Halberstadter, Elizabeth attorney. More than 400 property owners registered objections through representation by Mr. Halberstadter and by signing petitions.

William H. Fortune of 1237 Elm Ter., who acted as spokesman for the Milton-Madison Homeowners Association, thanked the councilmen for the action. He said the vote provides "a lift for the future of Rahway."

The Council, in the resolution refusing the variance, made the following points:

1. The site is in a "neighborhood" containing one-family dwellings which are well-kept and maintained.

2. The multi-family buildings would impair the appearance of the residential character of the neighborhood, increase traffic hazards, create noise and depreciate values of the surrounding one-family dwellings.

3. The land can be used for one-family dwellings, which are economically feasible.

4. "No need exists for such multi-family apartment units."

5. "The highest and best use for such lands is for the development of one-family dwellings."

6. "The fact that perhaps such a multi-family apartment dwelling may provide higher rates than one-family dwellings on said lands is not a sufficient special reason for granting the variance."

7. "The granting of the variance would constitute a substantial detriment to the public good and would substantially impair the intent and purpose of the zone plan and zone ordinance of the City of Rahway."

8. "The granting of the variance would constitute a substantial detriment to the public good and would substantially impair the intent and purpose of the zone plan and zone ordinance of the City of Rahway."

Agency Reelects Goetz Chairman

Albert F. Goetz, chairman of the Rahway Redevelopment Agency since 1960, was reelected at the annual meeting of the agency in the Town House on Tuesday night.

Also reelected were Frank V. Martin as vice chairman and Raymond F. Handerman as secretary-treasurer.

The election preceded a dinner at which Jason R. Nathan, regional director of urban renewal for Region II of the Housing and Finance Agency, pledged the continued help and aid of the Urban Renewal Administration in speeding the local program. Mr. Nathan told the more than 90 guests that the URA is "happy and well-satisfied with Rahway's progress" and pointed out that approximately 15% of the city is under redevelopment. He praised the progressive and active cooperation of citizens and officials in carrying out the work.

After the dinner, guests were welcomed by Mr. Goetz and an invocation was delivered by the Rev. Dr. Christopher Nichols, rector of St. Paul's Church. The toastmaster, the Rev. Theophil D. Krehel, an agency member, introduced the guests and ac-

knowledged the work of those who had aided the agency during the year.

The 1965-66 school budget, defeated by the voters at last week's annual election, will be placed before the citizens again on Tuesday when a special election will be conducted from 2 to 9 p.m.

The Board of Education, after setting the election date and in voting unanimously to resubmit the proposed budget unchanged, issued a strong statement in support of its stand. The statement appears in full in this issue.

The budget figures to be placed before the voters on Tuesday are: Current expenses, \$2,819,650.75; capital outlay, \$71,858.

If the budget is rejected on Tuesday, it will go before the Municipal Council for action.

Councilman Donald J. Forsythe, Sixth Ward Republican, yesterday appealed to the voters to support budget, declaring that "it is an honest one." He said the school board and councilman held meetings to discuss the fiscal measure before it was submitted to the voters. Councilman Forsythe pointed out that the appropriations included in the budget are necessary, adding that Council cut \$226,000 from the 1964-65 budget after it had been rejected by the voters last February.

A total of 3,209 voters went to the polls at the Feb. 9 school election. The results were: Current expenses, yes, 1,218; no, 1,657; total, 2,875; capital outlay, yes, 1,113; no, 1,702; total, 2,815.

The votes by ward on the current expense item last week were as follows: First Ward, yes, 163; no, 275; Second Ward, yes, 194; no, 286; Third Ward, yes, 329; no, 375; Fourth Ward, yes, 82; no, 111; Fifth Ward, (Continued on Page 12)

Indians to Play In Tourney Sat.

The Rahway High School Indians will meet the Raiders from Scotch Plains-Fanwood on Saturday night on the Roselle Catholic High School court in a quarter-final round of the 29th annual Union County Interscholastic Conference Basketball Tournament.

On Tuesday night on the Westfield High School court, the Dave Arnold-coached team snapped the 13-game winning streak of the Blue and White of Holy Trinity High School of Westfield, 79-50. This was the 12th win in 19th games for the Indians.

The Indians controlled both boards, led by 6-5 Lloyd Glover, who tallied 18 points, and the outstanding floor play of senior Joe Stalevich, who set up many plays and scored 16 points. The local five never trailed after three minutes of the first quarter.

Rahway led, 11-10, at the end of the first quarter and then increased its margin on two free throws by Dave Holland and a side shot by Stalevich. Norton hit underneath, and then Stalevich and Heiderman and Holland increased the lead to 30-18. The Indians then were well on their way to the quarter-finals of the tournament.

United Fund To Elect

The United Fund of Rahway will hold its annual meeting at 8 p.m. on Feb. 25 in Municipal Council chamber of City Hall.

The session will provide an opportunity to bring the public up-to-date on progress in the campaign to raise \$78,000 to aid eight community agencies. Samuel M. Robinson, general campaign chairman, will report. Results presently stand at \$54,000, or 69 per cent.

Ten trustees will be elected for three years. One will be elected for two years and another for one year to fill the unexpired terms of Bruce Elliott and Dr. E. W. Lance, respectively.

After the meeting the board of directors will elect officers for the coming year.

Awards will be presented during the meeting for outstanding performance in the campaign by industrial and commercial firms and their employees.

Redevelopment Project Given Federal Approval

The Redevelopment Agency this week received the Urban Renewal Administration's approval of two steps in two of the agency's projects for improvement of the city.

US Sen. Clifford P. Case of this city advised the agency that the URA has approved a federal advance of \$91,000 to begin survey and planning activities for the 38-acre Essex urban renewal project.

Approval of the agency's final plan for the 102-acre urban re-

newal project in the East Hazelwood Ave. area was announced by US Sen. Harrison A. Williams Jr. of Westfield.

The Essex project, which is in a predominantly residential area between Essex St. and the Rahway River, contains 45 dwellings, of which 30 have been rated as deficient. The renewal plans calls for clearance and development of 24 acres, and rehabilitation and conservation of 14 acres, all for predominantly residential purposes. The agency's Lower Main St. renewal project is on the opposite bank of the river.

Public parks and some flood control areas are planned. As required by law, families to be displaced by site operations will be offered relocation in decent, safe and sanitary housing.

Approval of the Hazelwood project plans will allow the agency to proceed with the final steps on its application for a loan and grant contract. Federal law required that the city hold a public hearing on the project and obtain Municipal Council approval.

The area, which is predominantly residential, would be developed for industrial use. The federal grant in reserve for the project is \$743,600, which will cover three-quarters of the project's net cost.

The board also suggested that taxpayers make "a concerted effort" to obtain federal and state financial aid for education

as a means to lessen the taxpayers' burden. The board's complete statement follows: "The quality of public education in Rahway will continue to deteriorate, and the value of property will follow the same course unless enough support is mustered to pass the proposed 1965-66 school budget at the special election scheduled for Feb. 23. "At a loss to understand how they could be elected to a public office of great trust and then have their recommendations ignored by the same voters, Board of Education members are renewing their appeal for an affirmative vote on the proposed budget in the interest of all pupils, and the general taxpayer. Approve Budget, Board Requests

Approval by the voters of the 1965-66 school budget at Tuesday's special election is being urged by the Board of Education which stated this week that the fiscal measure includes appropriations "to maintain the present inadequate educational services and at the same time give due consideration to the hard-pressed property taxpayer."

The board also suggested that taxpayers make "a concerted effort" to obtain federal and state financial aid for education

as a means to lessen the taxpayers' burden. The board's complete statement follows: "The quality of public education in Rahway will continue to deteriorate, and the value of property will follow the same course unless enough support is mustered to pass the proposed 1965-66 school budget at the special election scheduled for Feb. 23. Clark Budget Cut \$25,000

CLARK — The Board of Education will ask voters to approve its 1965-66 school budget, decreased by \$25,000 following its defeat on Feb. 9, during a special election on Tuesday from 2 to 9 p.m.

The board decided to decrease the budget, which totals approximately \$1.6 million, at a special meeting on Friday night. About 90 per cent of the decrease was made in the items for current expenses and the remainder in the appropriations for capital outlay.

Zion Lutheran To Show Film

"Question 7," the feature length motion picture of Christian courage against unbeatable odds, will be shown at Zion Lutheran Church on Sunday at 3 p.m.

The film is a drama of conviction, an authentic description of life in a land where to be a Christian is inconvenient, uncomfortable and unprofitable. It is the heart-warming story of a boy and his father, each faced to decide his future on his willingness to stand up for what he believes.

"Question 7" was produced by the Louis A. Pashenman Associates for the Lutheran Film Association. It has been acclaimed by the leaders of all faiths, and has received 27 international awards. Said the leader of one faith: "This film is the story of our time for every man — white or Negro — who is to be a Christian." The film is a must for every Christian.

The showing at Zion is being sponsored by the Zion Lutheran Church on Sunday at 3 p.m.

Highest Award Given 4 Scouts

The Ad Altare Dei award, the highest Catholic Church-Boy Scout honor, was presented to four Rahway boys on Feb. 7 in St. James Church, Springfield.

William Hohltzell, Andrew Kelly, James Kiger and Ronald Miller were given the awards by Archbishop Thomas Blom of Newark. The Troop 100 members worked for their medals as part of the "Strengthen America's Heritage" national program for 1965. The scoutmaster, Maurice Moran, accompanied the boys to the presentation ceremonies. Casimir Begier coordinated the Rahway scouting under Catholic auspices.

Museum Will Show Film on Earthquakes

"Men, Steel, and Earthquakes," a color, sound motion picture will be shown at the Union County Park Commission's Trailside Nature and Science Center in the Watchung Reservation on Sunday at 3 p.m.

The film depicts the causes of earthquakes, shows the destruction wrought by recent quakes, and illustrates how modern buildings are designed to resist the effects of earthquakes.

Gasoline Fumes Object of Search
CLARK — Complaints of gasoline fumes in basements of Clark homes resulted in a tour of manholes and catch basins by township officials on Feb. 6. Public Works Director Anthony W. Belluscio, Fire Chief William Miskovich and the superintendent of the Road Department, Thomas Smith, made the tour in answer to residents' complaints that fumes and back-up from township sewers were invading their basements. The officials found that leaves, garbage and tin cans cluttered most of the catch basins causing sewer stoppage. Gasoline and oil also had been thrown into the sewers.
For public health and safety citizens are requested to "stop using catch basins as disposal plants," the director said. He reminded citizens that public health ordinances include penalties for such health hazards. The public's cooperation is the most effective way of clearing up the problem, Mr. Belluscio stated.

27 Registered For 'Y' Camp

When snow is on the ground and freezing weather exists, it's hard to persuade young people and their parents to register for summer camping. But the story is getting through far ahead of any previous year, according to B. U. Smith, general secretary of the Rahway YMCA.
Registrations from the Rahway area for Camp James M. Speers, the resident camp located in the Pocono Mountains of eastern Pennsylvania, are far ahead of any previous year, Mr. Smith stated last night. Twenty-seven have registered for 78 camper weeks on a goal of 75 campers for 200 camper weeks.
"The problem exists," Mr. Smith said, "in that we are competing for the available places with 16 other YMCAs. And experience has shown that in most of those communities, they plan much farther ahead than do the young people of Rahway and vicinity."
Camp flyers were released at the end of December from the Camp Speers office, located in Newark. A second mailing has just been made from the Rahway office. Mr. Smith said, and these two mailings have produced 13 registrations from former Camp Speerites and 14 registrations from boys and girls without former resident camp experience, but most with former day camp experience. The "Y" general secretary commented.
To date, the following boys and girls have registered from Rahway: Christine, Pat and Mike Weaver, Blair Svihra, Neil Kahn, Debby Weber, Nancy and Patricia Quirk, Billy Smeltzer, Ronnie and Robin Toth, William Dooley, Sandy, Adele and Lindsay Johnson; from Colonia: June Erdmann, Ellen and Scott Blackman, Jeff and Amy Bluestone, Laurie Schwartz, David Klein and William Goldberg; from Linden: Robert Osada and Chris Kjesbu; from Carteret: Vail and Jayve Porter.
Boys and girls who will be nine years of age at camp time and have completed third grade are eligible for Camp Speers, Mr. Smith stated. All parents are asked to call the Rahway office by telephone, to send a letter or call in person any day, except Sunday, from 9 a.m. to 10 p.m.

Police Reserves Review Work

A meeting of the officers of the Rahway CD Police Reserves was held in City Hall on Feb. 9 to review past services and to develop training needs for the coming year.
Capt. David McClay, commanding officer, cited the unit for providing almost 2,000 man-hours at 19 major events while assisting the Police Department during the year and noted that 2,390 man-hours were spent at training programs and drills.
Deputy Chief of Police Erwin Crahan, police director of the group, commended the officers for the "fine turnout" to provide protection for the women participating in the Mothers March on Polio. Twenty-three private cars with uniformed reserves in them were in operation.
Civil Defense Director William J. McBride spoke about the vehicles, the proposed budget for equipment for this year and a new CD radio teletype device.
Other reports included: Capt. William Jordan, advanced training course for Union County Police Reserves; Lt. David Martin, accelerated local training, records and awards; Lt. John Davies, pistol training; Lt. Peter Mickla, disaster truck unit; Lt. Edward Wengarteni, heavy rescue truck unit; Lt. Frank Chrobak and Sgt. Morgan Mackey, radio procedures.
Equipment needs were discussed by the supply officer, Sgt. William Harrison, and five sergeants, Isadore Forman, Chester Bridges, Joseph Zygo, James Kolyer 2nd and John McGuire.

Parents-Coaches Schedule Dance

Medical expenses not covered by insurance of students participating in the athletic program, including cheerleaders, and baton-twirlers, at the Rahway High School are paid for by the Parents and Coaches Benevolent Association.

In order to replenish its treasury, the association will sponsor a benefit dance at 8 p.m. on Feb. 28 in the school gymnasium. The event will be a "Shindig Shuffle" with a combo contest, according to John Salpas, chairman.

Student musical combos have been invited to compete in a session after the dance. First prize will be \$50, and second prize, \$25.

Judges for the contest will be Mayor Robert E. Henderson, Mayor Russel Young of Winfield, Mrs. Harland E. Sizer, Niekolas Delmonaco, Ralph Manfredi, Joseph Evan, John Warms and Harry Reiser.

All parents of athletes are welcome to attend the meetings in Rahway High School. The next meeting will be Wednesday.

Authority's Work Speaker's Topic

The budget of the Rahway Valley Sewerage Authority and its work were discussed by George Bartell, Rahway's representative on the authority, before the Fifth Ward Democratic Club meeting on Friday at Rocky's Bar and Grill.

Mr. Bartell told about the new plants to be constructed so that pollution will be diverted from the Rahway River to the sea. He said New York City has been complaining that sludge, which goes from the river into the Arthur Kill, has been polluting area waters. Mr. Bartell said that because the growth of this area the nine municipalities in the authority put a total of 60 million gallons of sludge daily into the river.

James W. McGee was appointed public relations chairman. Councilman Charles E. Crowell spoke about the city budget for 1965 and also about the possibilities of a new Rahway Free Public Library building.

COMING SOON:

a new Elizabeth telephone directory with larger, easier-to-read printing and all-number listings for all customers

When your new telephone directory is delivered soon, you'll notice that the listings are printed in type that's much easier to read because it's about 20% larger.

You'll also notice that everyone in this area will have all-number telephone numbers like 354-9970 (in place of EL 4-9970). But you'll continue dialing exactly as before.

All-number calling is part of our long-range program to increase the supply of telephone numbers. We're rapidly running out of usable letter combinations to identify all the new telephones of the many new homes and businesses needing telephone service. The new numbering system greatly increases the supply of usable telephone numbers.

If you have any questions about your new directory, just call the Telephone Business Office.

DR. KARL PFISTER
Grant by Merck Honors Chemist
Establishment of a Karl Pfister Visiting Professorship in Chemistry at the Massachusetts Institute of Technology was announced by Jerome B. Wheeler, dean of the School of Science. The professorship honors Dr. Karl Pfister, a member of the M.I.T. Class of 1949 who is executive director of developmental research in the Merck Sharp & Dohme Research Laboratories. It was made possible by a \$25,000 grant from the parent corporation.

EXPLANATORY STATEMENT

SUMMARY OF CURRENT FUND SECTION OF APPROVED BUDGET

Table with 3 columns: Item, Year 1965, Year 1964. Rows include: General Appropriations for Municipal Purposes, Local District School Purposes, Reserve for Uncollected Taxes, Total General Appropriations, Anticipated Revenue Other Than Current Property Tax, Building Aid Allowance, State Aid, Local Tax for Municipal Purposes, Addition to Local District School Tax.

Amount to be Paid by Taxes for Support of Municipal Purposes Including Reserve for Uncollected Taxes: (a) Local Tax for Municipal Purposes, (b) Addition to Local District School Tax.

Table with 3 columns: Item, General Budget, Water Utility. Rows include: Budget Appropriations-Adopted Budget, Contingency Appropriations, Total Appropriations, Paid or Charged (Including Reserve for Uncollected Taxes), Received, Total Expenditures and Unexpended Balances Cancelled, Overexpenditures.

* See Budget Appropriation Items so marked to the right of column Expended 1964 Reserved. The Budget for the year 1965 is submitted herewith.

The State Statutes changing the method of assessed valuations has finally been put in effect, after several years of postponement. In simple terms, this means that all valuations will first be raised to the 100% value, then 50% of this amount will constitute the respective assessed valuations starting with the year 1965. Hence, the overall assessed valuations will be increased and the tax rate will be decreased.

It is difficult to arrive at a tentative tax rate at this time, due to unknown factors. The school budget was defeated yesterday, and the final outcome is unknown. Further, the County Budget is not completed. However, using the school budget as submitted, and using last year's County Tax, I have arrived at a tentative tax rate of \$8.63 per \$100.00 valuation.

CURRENT FUND-ANTICIPATED REVENUES

Plans were made for increased activities in all departments. The annual bus ride for the school safety patrol of 225 members will be held on May 18 with the World's Fair as the destination. Installation of a fire alarm system at City Hall and a general extension and improvement throughout the city was reported by Mr. Miller.

Deputy Fire Chief Robert J. Duffy was accepted as a new member. Tribute was paid to the late Johnathan the 1964 member.

How the safety of school children was promoted by the prompt removal of snow and ice from all walks and crossings was emphasized by Mr. Brunette. Steps taken to insure the safety of school children in case of a city wide safety alarm was reported by Mr. Miller.

A resolution was adopted commending the service of Mr. Carlson chairman and committee in carrying out the annual dinner and installation ceremonies and for the outstanding musical program provided by Mr. Riggi.

The March meeting of the council and executive board will be combined at the residence of Mr. Rizzo, 1065 Madison Ave., on March 16.

KILLERS AT LARGE
There are statistics to prove that through the length and breadth of our country—in cities, towns, and villages—there live tens of thousands of men and women, to all outward appearances normal, who become dominated by killer instincts when they are driving their automobiles. These killers at large are responsible in one year for the violent death of ten thousand more Americans than were slain in three years of war in Korea. These killers are not openly maniacal, or they would not be at large. They are seemingly average people who as car drivers are so impatient to get where they are going—even if to the grave—and so determined that no one person, be he driver or pedestrian, will impede their progress, that will consummate indifference to consequences they hurl their mechanical juggernauts forward to have by violence, if necessary, the satisfaction of their selfish wills.

It is granted that not all motor accidents are so caused, but most are. Selfishness blinds judgment, passion overthrows reason, wild willfulness eliminates decent considerations and wholesome fears, and death and anguish result.

DIPLOMA RECORD

In 1964, Rutgers presented a record 3,000 degrees to graduates from 14 colleges and schools of the state university.

DR. LUTHER S. ROEHM

Merck Chemical Unit Reorganized

Merck & Co. Inc. has reorganized the Merck Chemical Division into separate divisions for marketing and production, according to an announcement by Henry W. Gadsden, president.

Dr. Luther S. Roehm, formerly vice president for marketing of the Merck Chemical Division, has been named vice president and general manager. He will direct marketing operations and services for the company's industrial and fine chemical products and animal health and feed products.

Hubert N. Fiaccone, formerly director of operations for the Merck Chemical Division, will serve as vice president and general manager of the newly established Merck Chemical Manufacturing Division, which produces bulk pharmaceutical and nutritional products, animal health and feed products, and industrial and fine chemicals.

Dr. Roehm joined Merck in 1961. Previously, he had served as research chemist, manager

HUBERT N. FIACCONE

of technical services and development, and assistant general sales manager for Dow Chemical Co., and as vice president of A. E. Staley Manufacturing Co.

Mr. Fiaccone, a graduate of Syracuse University, was associated with General Chemical Company before joining Merck in 1942. He served in various production and engineering positions at the Stonewall Plant of Merck Chemical Division in Elk River, Va., before being named manager of the company's Flint River Plant in Albany, Ga. Sub-

sequently, he was named plant manager at Stonewall, a position he held until 1962 when he was transferred to company headquarters in Rahway. He was appointed director of operations for Merck Chemical Division in 1964.

STATE DEBT RECORD

General obligation debt of New Jersey's State Government will reach an historical high of \$277,266,000 on July 2.

This includes recent sale of almost half the \$90.1 million higher education and institutional construction bonds authorized by New Jersey voters last November. It also takes into consideration the retirement between now and the beginning of the 1965-66 fiscal year on July 1, next, of older obligations on the state's debt amortization schedules. The figures, compiled by the New Jersey Taxpayers Association, are based upon official reports.

The 1965 bond sale totaled \$45 million, including \$25 million higher education bonds and \$20 million institutional bonds. These bonds will not be fully retired until 1983 by which time the state will have paid out interest totaling \$20,468,000. Earnings on investment of bond funds before the money is fully ex-

pendent on the various projects will serve to offset some of the interest cost for three or four years.

Net interest to be paid on the 1965 issue is 2,897 1/2 per cent and compares with a net interest cost of 2,734 1/2 per cent on \$38 million of green acres and institutional bonds (Series B) sold in March, 1963, and 3,046 1/2 per cent on \$42 million green acres and institutional bonds (Series A) in 1962.

The \$45.1 million remaining unissued bonds are expected to be offered for sale sometime next year.

See us. We deliver: A full-sized Chrysler for just a few dollars a month more than some smaller cars.

That's not hot air. That's a fact. Seven Newport models are actually that low priced. And every one is big—a beautiful 18-foot, two-ton Chrysler with a no-extra-cost 383 cubic-inch V-8—that runs on regular gas. Come see the guys who can make it a big-car year for you.
