**CERTIFICATE WINNERS** - Certificates commending them for improving their homes were presented to property owners in the Lower Main St. Urban Renewal Project's conservation area. Mayor Robert E. Henderson hands a certificate to Mrs. Rose Ward. Watching are, left to right, Albert F. Goetz, chairman of the Redevelopment Agency; James G. Crowley, area coordinator for urban renewal programs; Mrs. Carmela Capece, Mrs. A. J. Mollica and Lester Bodwell.

**STANDARD HOME EFFORTS** - Mrs. Rose Ward of 1075 Fulton St. was given recognition by the Redevelopment Agency for one of the home improvements in the Lower Main St. Urban Renewal Project's rehabilitation area who improved her property. With her are, left to right, Michael Goetz of 1171 Fulton St., another property owner cited by the agency; the Rev. Theophilus D. Krehel, an agency member, and Mayor Robert E. Henderson.

## Property Owners Spending \$408,000 to Better Homes

### Late News

LENDS \$216,000.

A total of \$216,000 in mortgage loans was approved by the board of directors of the Rahway Savings and Loan Association on Tuesday night at a meeting in the office at 1525 Irving St.

The directors also announced that after Sept. 1 copies of Rahway High School's varsity football and cross-country schedules will be available at the office. The directors said copies of the schedules also will be distributed in the school.

### MORE MOSQUITOES

The Union County Mosquito Extermination Commission announced yesterday that the mosquito control index for the past week was 8.2. The index the weekly average number of mosquitoes caught in one trap in one night for the previous week was 6.5.

The Rahway-Linden-Elizabeth-Winfield area maintained its pace as the most densely populated mosquito section of the county.

### LESS WAITING

The average waiting time at the motor vehicle inspection station here during the past week was 10.4 minutes, it was reported yesterday by Miss June Strolecki, director of the State Division of Motor Vehicles.

### ON COMMITTEE

George C. Syme, Republican city chairman, and George Carter of Clark are members of the ticket-committee for a

## Variance Refused For Multiple Units

The Municipal Council voted at a special meeting on Tuesday night in City Hall to return an application for a variance to permit four two-family dwellings in an "A" residence zone.

The Board of Adjustment, which recommended that the variance be granted, will be asked to reconsider the application with the idea of decreasing the number of houses proposed for the site at Lambert St. and Broad-

## Residential Zone Plea Denied

The Board of Adjustment decided after a public hearing on Monday night in City Hall to deny the request by George Wolf of Hanover for a variance which would permit construction of a commercial building in an "A" residential zone.

The unanimous vote rejected Mr. Wolf's request for permission to erect a building on West Inman Ave., between Rudolph Ave. and Dukes Rd., for the sale of cemetery memorials and flowers. The property consists of Lots 1 to 13, inclusive, of Block 571.

Walter S. Pryga, local attorney, represented Mr. Wolf. Mr. Pryga pointed out that the property is diagonally across the street from a similar business and a cemetery. He stated that the building would increase the value of the surrounding properties.

Mr. Wolf testified and showed photographs of his business establishment in Hanover. Frank Kuberski, of Clinton testified for Mr. Wolf as a real estate expert. Objectors were represented by Sanford Halberstadt of Elizabethtown and Joseph M. Einberg of Rahway. They submitted petitions, containing signatures of 11 objectors residing within 200 feet of the Wolf property. Most other property owners spoke against granting the variance.

## YMCA Pool Will Close For Month

The Rahway Y.M.C.A. will close the outdoor swimming pool for the traditional "house cleaning" project which is undertaken every year after busy program schedules concluding with the Camp Fairweather day camp program.

The use of the swimming pool will not be available, though, as in the past, because a new roof will be constructed by Thomas R. Evans Co.

Last winter, the "ry" swimming pool had to have its programs discontinued on a few occasions when snow or extreme wet weather conditions threatened the safety of the pool area. Emergency repairs were made only to keep the pool in operation during the team competition season and until the day camp program could be conducted.

It is anticipated that the pool will be out of use for at least a month while the poured concrete roof is installed.

Other programs, especially gym instruction programs, will be undertaken immediately after Labor Day and the entire fall program will begin when the pool roof has been completed. Little of the busy program year will be lost since next month is usually taken up by children becoming organized in their new school schedules, according to B. U. Smith, general secretary.

## REDEVELOPMENT AGENCY

The office of the Rahway Redevelopment Agency will be moved tomorrow from the present quarters at 113 East Milton Ave. to the agency's demonstration house at 45 East Emerson Ave., corner of Fulton St.

## OVERSEAS TRADE

Mesick & Co. Inc. has supplied \$386,938 in pharmaceuticals to three foreign countries this year, the Agency for International Development reported yesterday.

The shipments were as follows: \$270,737 to Viet Nam; \$60,800 to Chile and \$55,401 to Pakistan.

Don't miss August store-wide sale at Burden's Colonial Shop. — Adv.

## City Rejects Plans For New Firehouse And Asks Changes

### Our New Look

Readers of today's issue of the Rahway News-Record probably will recognize that the paper has a "new look." The News-Record now is being produced by the offset method of printing after more than 130 years of printing by the letterpress process. To the average reader, the change will be apparent in the fact that pictures will be clearer and the type will be blacker.

The offset method of printing may be explained simply by saying that instead of setting type and having engravings made of photographs the pages are produced by having the news set on machines similar to a typewriter. The pages are made up by pasting the stories and headlines on a large sheet of paper. The pages then are photographed and plates are made. The plates are put on the press and the completed newspaper is the result.

## A. J. Bryant Appointed To Board of Education

Andrew J. Bryant of 283 East Albert St. was appointed to the Board of Education by unanimous vote of the members at last night's meeting in Roosevelt School.

Mr. Bryant, who will serve until February, 1966, succeeds Robert C. Randolph of 1099 Stone St. who resigned last month. Mr. Randolph, a member of the board since 1962, has completed

studies at Newark State College, Union, in preparation for an industrial arts position. Last night the board appointed Mr. Randolph to teach industrial arts in the junior high school. His salary was established at \$5,900 a year, which includes credit for three years of military service and two years of work in industry.

A member will be selected at next February's school election to fill the remainder of Mr. Randolph's term. February, 1966, to February, 1967.

Mr. Bryant, a native of Columbus, Ga., holds a bachelor of science degree from Tuskegee Institute in Alabama. He is an Air Force veteran, having served as a personnel officer. Mr. Bryant is employed as a laboratory technician by the Montessano Chemical Co. He has been a Rahway resident since 1957 when he purchased his home. Mr. and Mrs. Bryant have three children.

## Downtown Merchants Offer Coupons Worth Over \$500

Merchants of downtown Rahway are holding a "thank you" half-million-dollar sale and are distributing coupons worth more than \$500.

Coupons worth \$34 in cash savings are on page fourteen of today's issue of the Rahway News-Record.

The merchants cooperating in the sale are the Fashion Shop, 78 East Cherry St.; W. T. Grant, 1516 Main St.; Green's Juvenile Furniture, 1501 Main St.; Marks Harris, 1538 Main St.; Jack & Jill Shop, 1521 Main St.; Kagan's Shoes, 38 East Cherry St.

Miller's Men's Shop, 1473 Main St.; Osmann's Gifts, 1537 Main St.; Miller Shoes, 1524 Main St.; Vaccinaw Women's Shop, 85 East Cherry St.; Rae-Lou Shop, 46 East Cherry St.; Rahway Fashion Fabrics, 1421 Main St.

Robinson's Hardware, 1527 Main St.; S & A Hardware, 1479 Main St.; Schatzman's

## Rahway Art Center Votes To Stop Operation a Year

Directors of the Rahway Art Center Inc., citing lack of interest on the part of many members and the need for an art center building, have voted to suspend operation of the enterprise for a year.

The center, which has been housed for the past year in the Eagles Home, has had to make two moves within the past few years. The first was from a rented building on Hamilton St. It was sold by the owner after the center had occupied the building for many years.

The center then went to the basement of a house at West Milton Ave. and Jaques Ave., formerly the property of Dr. Charles Card. The house, owned by Rahway Lodge 1075, B.P.O. Elks, was sold to the National State Bank of Elizabeth after the center had been a tenant only a short time.

The art center's directors said they are pleased with the cooperation given them by Rahway Aerie 1863, Fraternal Order of Eagles, but emphasized that the center had no relief at present.

Continued on Page Four

Municipal Council voted unanimously on Tuesday to return to the architects their plans for a new Fire Department headquarters, which would cost \$315,000, and to request the plans be modified so the cost will be kept within the \$225,000 appropriated. Council acted upon a request for \$50,000 additional to cover the costs quoted by the bidders. Councilman Robert H. McMenamin moved to table the ordinance to appropriate the \$50,000 additional and Councilman John L. Pritchett provided the second. Two councilmen, John C. Marsh and Dr. Adam T. McDaniel, were absent.

Councilman McMenamin commented that bids received for the building proposed for Main St. and East Emerson St. were "far in excess" of the amount appropriated by the governing body.

The plans will be returned to the architects, Building Inspector Max Vogel and Herbert Southern, Planning Board members. Council had adopted to ordinance which provided \$225,000 for the building. The first bids received on July 14 totaled \$303,000. The low bid of \$209,500 by the Gordon Construction Co. for the general contract work was rejected and that work re-advertised. Last week new bids were received. The general contract bids were lower with E. Kent & Sons the low bidder at \$185,200.

The architect's request for the additional funds was broken down as follows: Construction contracts, \$279,000; architect's fees, \$22,500; and furnishings, \$15,500. The reduction in the bid was the result of changing the original plans for a three-story building to a two-story building and substitution of waterproof painting.

The plans call for a two-story masonry building with a rear training tower, three engine bays, a dormitory and offices on the second floor, and a meeting hall in the basement.

Mayor Robert E. Henderson, who supported the request for additional funds, had declared, "The firehouse would be the first building to be constructed in the Lower Main St. Urban Renewal Project Area. I do not favor any changing of the basic specifications. The firehouse should be an edifice instilling civic pride."

Alonso W. Lawrence of 1243 Madison Ave. stated at Tuesday night's meeting that \$20 a square foot "is too much for this type of construction." He added that changes to the plans can be made.

Councilman Donald J. Forsythe commented that Council should be informed as to the extent of the plans and about any changes made by the architects.

## DREADED

A temperature of 90 degrees, with slight, warm breezes, and a high humidity made yesterday another one of a string of uncomfortable days. The Weather Bureau foresees no relief at present.

## City Library, Funds Aided By Children

Children of Rahway have been holding carnivals and fairs as part of their summer activities. The proceeds from their endeavors are being given to worthwhile projects.

A carnival held on Aug. 11 on Albermarle St. raised \$39.26 which has been sent to the Muscular Dystrophy Fund in New York City. The ringmasters for the event were Joan Allman of 555 Albermarle St. and Cynthia Pittson of 561 Albermarle St. Prizes were contributed by Rahway and Colonia merchants, and the mothers of the children donated the refreshments. Janice Sprotera and Jayne Zahorbenzki did the fortune telling and Diane Frazee was the dancer.

The Equine Club and neighborhood children held a fair at 2240 Allen St. on Aug. 11. A total of \$25 was obtained for the American Cancer Society. The children participating were Nancy Hyski, Linda Diaz, Florence Di Fabrizio, La Verne Bean, Susan Kapuscinski and Wayne Korb.

On Friday, Dudley "Rusty" Painter, 10, son of Mr. and Mrs. Dudley Painter of 294 West Lincoln Ave., and Jeffrey Linnell, 9-1/2, son of Mr. and Mrs. Harry Linnell of 301 West Lincoln Ave., gave the Rahway Free

Continued on Page Four

**AIDING WORTHY CAUSE** - Capt. Albert Suto of the Rahway First Aid Emergency Squad receives donation of \$16.80 from Robert Emmons, one of the six children who held a white elephant sale last week in the front yard of Mrs. Alan Arensdorf at 506 Sycamore St. The other children are, left to right, Barbara Elmiger, Maureen Emmons, Mary Beth Engel, Joy Teleszewski and Nicky Ruchalski.

## 'Helping Hand' Cuts Red Tape to Reunite Woman From Hong Kong With Her Family in This Country

By Barbara Curran

Many people in Union County have been helped by Congresswoman Florence P. Dwyer (R-Sixth Congressional District) but her "helping hand" was extended all the way to Hong Kong recently.

Mrs. Dwyer, at the request of Allen Kahn, eastern director of purchasing for Allen Industries Inc., was primarily responsible for bringing Mrs. Chin Lee Tieu Shung to Rahway.

Mrs. Young, mother of James Young of Young's Laundry, 1851 Irving St., had not seen her son in 17 years. Another son, Robert, lives in New York City but the family had been separated by the war and all efforts to bring Mrs. Young to this country had come to naught.

In February of last year Mr. Kahn and his wife left on a world tour - armed with a faded picture of Mrs. Young, addresses of where she might live, and a firm determination to locate the woman and present her with pictures of her Rahway grandchildren. With an interpreter and a taxi as their guides in Hong Kong, the Kahns managed to find Mrs. Young's apartment. She was treated to tea amid the "excitement of the whole street which broke out to meet us."

The Kahns still treasure gifts presented to them by Mrs. Young when she returned their visit by celebrating Chinese New Year's Day at their hotel.

Returning to Rahway from the world tour, Mr. Kahn was happy to relate his experiences to Mr. Young and volunteered to try to bring his mother to the States. Although the Kahns had tried this many times, their mother was barred by quota limitations.

Well aware of Mrs. Dwyer's efforts in this field, Mr. Kahn is asked her to assume the major responsibility for "unraveling the red tape" preventing Mrs. Young's entry. There were many details to be worked out - and positive proof had to be established that Mrs. Young was the mother of James and Robert. She had last seen James 17 years ago when he was serving with the American Army in the China-Burma-India theater and was stationed near Peking. Mrs. Young managed to save some of the letters James had written to her during the war and these were presented as evidence.

Through Mrs. Dwyer's efforts and the cooperation of Mr. Kahn "pages of things" were written about the Youngs and hours of work were spent tracing their background.

"Mrs. Dwyer wrote innumerable letters," Mr. Kahn said. "She was a great help to all of us."

At this spring the Kahns departed on another vacation tour which took them to the Middle East, Europe and Ireland. Upon their return this year they were again in close contact with their Chinese friends - Mrs. Young arrived in the States on May 16 from Hong Kong and now lives with her family in Rahway.

The little grandmother "was at first doubtful and then quite surprised. She didn't really expect to be able to come because we had petitioned for such a long time," her son said. Mrs. Young has been visiting friends, finding her way around town, and last week took her first trip to the World's Fair. But most of all she enjoys being with her three grandchildren - two girls and a boy. No matter what countries they visited at the fair - the Young children can learn about many of them from their grandmother.

**HAPPY ENDING** - Allen Kahn, eastern director of purchasing for Allen Industries, Inc., left, shakes hands with James Young of Rahway as Mrs. Young's mother, Mrs. Chin Lee Tieu Shung, embraces them. Mr. Kahn relates how he located Mrs. Shung on a trip to Hong Kong and worked with Rep. Florence P. Dwyer to get permission for Mrs. Shung to enter the United States. (Rahway News-Record Photo by Kenneth M. Lonky).

## Dishwasher Goes Along On Vacations

Most women dread the inconveniences of a vacation cottage kitchen, especially when they've left an electric dishwasher at home.

A portable electric dishwasher solves the problem neatly, since it can be taken along when a family takes up summer residence at its seashore, lake, or mountain cottage.

An automatic dishwasher is just as important at a summer cottage as it is at home, perhaps more so, since it lets the housewife enjoy her vacation with less drudgery and more free time.

Dirty dishes, pots, pans, and utensils can be stacked out of sight in the dishwasher and washed when it's convenient by simply plugging the appliance in and attaching the hose to the hot water faucet.

Now portable electric dishwashers are as efficient as built-in models, and some hold just as many dishes. Portables are especially practical in apartments and in houses with cramped kitchens, as well as for families that move to the country for the summer. When not in use, they can be pushed aside and used as extra counter space.

Automatic dishwashers get dishes cleaner than hand washing because they use water hotter than hands can stand. Several washings and rinsings in extremely hot water, plus hot-air drying, leave dishes sanitary and sparkling.

**Prepare Now For Your Needs In Future Years**

Plan ahead for the marvels of electric living when you build or remodel a house, even if you can't afford them now.

For example, adequate wiring and plumbing for an automatic electric dishwasher can be installed quickly and at low cost in a kitchen during construction. Later when you're ready to buy a dishwasher, it can be put in place quickly at minimum expense.

The same sort of "thinking ahead" applies to air conditioning and electric heating. It costs far less to install adequate wiring and necessary insulation for both during construction than it does at a later date.

Mineral wool insulation, in amounts recommended in the All-Weather Comfort Standard adopted by leading utilities and air conditioning and heating contractors, requires no more of an investment in time and labor than less efficient amounts of insulation.

The mineral wool goes to work immediately, saving on the cost of fuel and keeping the house more comfortable in summer, even without air conditioning.

When you're ready to install a cooling system, there's an additional saving. The mineral wool stops heat so efficiently that a smaller, less expensive cooling unit will do the job.

## EVERY HOME-MAKER

needs this book

to bring peace to the household

Today's homemaker finds it increasingly important to maintain an atmosphere of peace in the family, where each member can find strength to meet the problems of the outside world.

In Science and Health with Key to the Scriptures by Mary Baker Eddy many families are finding the intelligent answer to all their problems.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

## 25,103 Drivers Ignored Sign Signs

Twenty-five thousand one hundred and three drivers were found guilty of disregard of "stop" and "yield" sign regulations last year on New Jersey roadways.

The total was 1,562 more than convicted in 1967 and 2,844 above the total convicted in 1966. This is reported by the State Safety Council to point up the need for more understanding of the regulations covering "stop" and "yield" signs.

The "stop" sign regulations, according to the council, plainly require that "no driver of a vehicle shall enter upon or cross an intersecting street marked with a 'stop' sign unless he has brought his vehicle to a complete stop at a point within five feet of the nearest crosswalk or stop line marked upon the pavement at the nearest side of the intersecting street, and shall proceed only after yielding the right of way to all traffic on the intersecting street which is so close as to constitute an immediate hazard."

## DuPont Offers Industry Self-Training Course

More than 50 programmed instruction courses, developed by DuPont to train its own employees in basic industrial skills, are now being made generally available through the company's new Industrial Training Service at Wilmington, Delaware. The number of courses is expected to be doubled within a year.

The courses being offered, at nominal cost, were prepared by DuPont supervisors who were carefully trained in the exacting techniques of writing programmed instruction courses and who were on the job experts on the subjects.

The training program developed at a cost exceeding \$2,000,000 is being made available to provide a real boost to the upgrading of the industrial skills and productivity of the nation.

**STRENGTH FOR THESE DAYS**

Have their hearts set on God, Who giveth us richly all things to enjoy.

—(1 Tim. 6:17)

His will for us is abundant supply of all that we need to make life happy, secure and complete. God's supply is not limited to time or place. We need to know that God's law of increase is constantly active in our life and affairs, and we are richly and bountifully prospered.

Mrs. Wolf was born in Germany 71 years ago. She resided in Colonia for 15 years before coming to this city 10 years ago.

Surviving are her husband, George Wolf, a daughter, Mrs. Mary Margaret Diehl of Frankfurt, Germany; three grandchildren and three great-grandchildren.

The funeral service will be conducted tomorrow at 2 p.m. in the Thomas F. Higgins' Sons Funeral Home, 1116 Bryant St. Interment will be in Rosedale Cemetery, Montclair.

Mrs. Richard Allen, Mrs. Angela Bezek Allen, wife of Richard A. Allen of 1723 Boynton Ave., Westfield, died on Friday at her home.

Mrs. Allen, who was 41, was born in Biwabik, Minn., and had resided in Westfield for 15 years. She was a communicant of St. Agnes Church, Clack. Mr. Allen is proprietor of the A&A Printing and Stationery Co., 133 Westfield Ave., Clack.

In addition to her husband, Mrs. Allen is survived by three sons, Gerald, Bruce and Curtis, all at home; her mother, Mrs. Frank Bezek of Biwabik; two sisters, Mrs. Gerald Brown of San Francisco, Calif., and Mrs. Mark Senesac of Sunnyvale, Calif.; and three brothers, Frank Bezek of Hopkins, Minn.; Joseph Bezek of Minneapolis, Minn.; and Leonard Bezek of Biwabik.

Mrs. Helen Wolf, Mrs. Helen Wolf of 146 Madison Ave. died on Tuesday at the Oak View Nursing Home, Morgan, after a long illness.

Mrs. Appa was a member of Holy Comforter Episcopal Church, Ladies Auxiliary of Mulvey-Dimars Post 681, Veterans of Foreign Wars, and Rahway Unit 5, American Legion Auxiliary.

The funeral service will be conducted tomorrow at 2 p.m. in the Thomas F. Higgins' Sons Funeral Home, 1116 Bryant St. Interment will be in Rosedale Cemetery, Montclair.

Mrs. Helen Wolf, Mrs. Helen Wolf of 146 Madison Ave. died on Tuesday at the Oak View Nursing Home, Morgan, after a long illness.

## Religious Services in Rahway Area

**St. Mark's Roman Catholic**  
Rev. Charles F. Butner, pastor  
Sunday - 7:45, 8, 9, 10 and 11 a.m. and noon, Masses.  
Today - 8 p.m., St. Jude Novena.

**St. Agnes-Roman Catholic**  
Rev. Denis J. Whalen, pastor  
Sunday - 6:30, 7:30, 8:30, 10 and 11:15 a.m. and 12:30 p.m.; Masses; 9:20 to 10:15 a.m., Confraternity classes, grades one to four, five to eight, and confirmation.

**St. John the Apostle Byzantine Rite Catholic**  
Rev. Emil J. Mihalik, pastor  
Sunday - 8, 10 and 11:30 a.m., Masses.

**St. John the Baptist Russian Orthodox Greek Catholic**  
Rev. Theophil D. Kiehel, pastor  
Sunday - 8 a.m., Pro-Kyrie (Russian).

**First Church of Christ, Scientist**  
Sunday - 11 a.m., worship service and Sunday School; service and classes to be in the church building on Jefferson Ave.  
Wednesday - 8 p.m., testimony service.  
Tuesday and Thursday, noon to 3 p.m., and Wednesday, 6 to 7:30 p.m., reading room open.

**Church of Visitation**  
Most Rev. Peter Zuzawsky, archbishop  
Sunday - 8 a.m., religious service of the Christ Catholic Church, 946 Leesville Ave.

**First Baptist**  
Rev. James F. Horton, pastor  
Sunday - 9:45 a.m., service with sermon by the Rev. N. Barry Dancy, youth director; music by the Senior Choir under the direction of Cyril Blake, minister of music and organist; 9:45 a.m., nursery and kindergarten, and second and third grades, until noon; 11 a.m., Church School, junior through adult departments.  
Today - 8 p.m., Senior Choir.

**Second Presbyterian**  
Rev. Robert A. Wieman, pastor  
Sunday - 10 a.m., service with sermon, "God in Your Pocket," by the Rev. Richard Nygren, pastor of Peninsula Presbyterian Church, Penfield, N. Y.; supervised nursery for children whose parents are attending the service.

**Wish I'd Said THAT**

Man in all his haunted invincibility always bears the heaviest burden, feels the sharpest lash, and harbors the deepest hurt. Susan Frawley Eisele, Fairbault County (Minn.) Register.

Just too bad, isn't it that money has no conscience. Adam Kay, Baldwin (Kans.) Ledger.

People like boats, too loud, when they are in a fog. William L. Ziegler, New Oxford (Penn.) Item.

It's better to get bent from hard work than crooked trying to avoid it. Fred M. Brown, The Bergen (N.J.) Citizen.

Sign at a service station near Louisville: Drive Careful - You may kill a customer. Elizabeth W. Spalding, The Kentucky Bardstown Standard.

Happiness is getting called

**Safe Driving Starts At 35, Years That Is**

Life may begin at 40 but safe driving starts at age 35. That was the conclusion of a survey of the Illinois State License Division, which showed that the safest automobile drivers are those between the ages of 35 and 76.

Illinois drivers in the 20-through-24 age bracket had a higher percentage of accidents than any other age group.

**Safe Driving Starts At 35, Years That Is**

## Noisy Roof Can Rattle Any Family

The gentle pitter-patter of rain on the roof is a soothing sound - most everyone enjoys it. But did you know it's possible for a roof to be annoyingly noisy?

Under certain conditions, wind can set up an irritating vibration in some metal roofs, particularly on a modern, low-pitched roof. Hail or a hard rain may create objectionably loud noise. Even natural expansion and contraction can create disturbing sounds.

Unlike roofs of more rigid materials, asphalt shingles provide a quiet roof because they are flexible. They shrug off rain, hail, sleet, snow, and ice effectively for years yet reduce the sounds of impact to a whisper.

**For Easy Picnic: Keep Quick-Nic In Refrigerator**

Planning an old-fashioned Labor Day picnic? The generous storage space in a new electric refrigerator-freezer can help you provide all the traditional picnic fare without that old-fashioned Labor Day labor.

Start preparing foods that can be frozen. They include baked beans, fried chicken, sandwiches, pies, cakes and cookies. Hamburger patties, frankfurters, and

rolls can be bought early and frozen, too. You'll avoid competing with other last-minute shoppers.

Shop early in the week of the holidays for fresh fruits and vegetables. They'll stay fresh longer in the specially cooled and humidified vegetable compartments of a new electric refrigerator-freezer. There'll be plenty of space left for big jars of potato salad and cole slaw, cartons of cold milk, and the cold cuts, cheeses and relishes that belong in an old-fashioned picnic basket.

**Patching Worn Roof Is Waste of Time**

Patching a worn-out roof is like patching a worn-out tire. It's a waste of time. As soon as one patch is applied, another one is needed. This is the result of patching on the old roof to repair it.

Instead of patching a leaky roof, you can put a new roof of asphalt shingles over the old one. Asphalt shingles are low in applied cost, long-lasting, and weatherproof. They are available in many colors to blend or contrast with the color scheme of your house.

**HOT Water Needed For Sanitary Dishes**

How hot is the dishwasher you use? It should be at least 140° to remove grease film and kill household germs. If you wash dishes by hand, you can't stand that hot, even if you wear rubber gloves.

That's one reason women like automatic electric dishwashers. Dishwashers clean dishes, pots and pans, and utensils several times in water much hotter than hands can stand, then dries them thoroughly in hot air. Hands are spared, but soil and germs are not.

**Willow Grove Presbyterian**  
Rev. Julian Alexander Jr., pastor  
Sunday - 10 a.m., service and Church School for children through the second grade.  
Tuesday - 9:30 a.m., prayer service.  
Wednesday - 7:45 p.m., prayer meeting; 8:30 p.m., discussion series; 9:30 p.m., social get-together.

**My Neighbors**

## Retired Men's Unit Has Picnic

Members of the Rahway Retired Men's Club held its largest outing on Monday at Lake Hopatcong with 80 persons participating.

The festivities were marked by the introduction of Mayor and Mrs. Robert E. Henderson, Recreation Director and Mrs. G. Raymond Hoagland and Mrs. Myrtle McAleer, Walter S. Clapp, general chairman, introduced Albert F. Goggin, chairman of the Redevelopment Agency.

The club president, Herbert Haggas, welcomed the guests and gave a short address.

A feature of the affair was the celebration of the birthday anniversaries of members occurring during July and August as the regular sessions of the club are recessed during those two months. Randolph Gilman announced the names and led the singing in which all joined. For July he named George Suckar, John Derkach Sr., Frank L. Wagner, Fred E. Davis, Baldwin Jacob, Jason W. Kemp, Emil Sager, Charles E. Nordmeyer and Louis Buoni.

The August birthdays were those of Herzkich Fitch, William F. Davis, Maurice L. Rushmore, Frank J. O'Donnell, Charles W. Held, Alois Sautter, Alfred Aurich, Andrew Virotsko and Mark S. Woods Jr. The 55th wedding anniversary of Mr. and Mrs. Louis Melchior of 123 Jackson Ave. was celebrated. Luca Gambino Jr. of Elizabeth entertained with accordion music.

**CIRCUS IS COMING** - Trained elephants and pretty girls will be among the features of the Mills Brothers Three-Ring circus when it comes to Rahway on Sept. 4. The circus will be on the Redevelopment Agency area on Main St. The Sept. 4 performances at 2 and 8 p.m. are being sponsored by the Rahway Lions Club for benefit of its Sight Conservation Fund. Club members have special reduced rate tickets on sale now.

## Carr Appointed To Party Job

James J. Kinnealy Sr. of this city, Union County Democratic chairman, has announced the appointment of Philip J. Carr of 921 Richard Blvd. to the post of assistant county campaign coordinator.

Mr. Carr will be in charge of the seven zone coordinators who have been appointed throughout the county and will work to mold a strong working organization to bring victory to the Democratic Party.

Mr. Carr will work closely with Mr. Kinnealy and Barry B. Left, county campaign coordinator.

Mr. Carr is the vice chairman of the Rahway Democratic City Committee, past president of the Sixth Ward Democratic Club and a member of the Parking Authority. He was appointed by Gov. Richard J. Hughes to the State Youth Commission. His activities include participation in civic functions, such as the Heart Fund, Cancer Fund, March of Dimes and other drives.

He is married to the former Miss Genevieve Getchell. They have a daughter, "Cookie," a student at Madison School.

## Good Building Materials Save Money in Long Run

Savings from low home operating expense justify spending more money initially for top-quality building materials, according to A. M. Watkins, author of a new, comprehensive guide for families planning to build or buy houses.

"Only about 5 to 7 per cent more money spells the difference between poor materials and first-class ones. But annual savings and immensely increased performance return your money many times over," he says.

Watkins, whose guide is entitled "How to Judge a House," rates inadequate insulation as one of the five biggest causes of high upkeep expense.

He says, "When a typical 1,200-square-foot house is really well insulated, total heating and cooling bills can be reduced to an average of \$130 a year, or less than \$12 a month, nearly anywhere in the continental U. S. Don't skimp on insulation. In general, the kind most recommended is mineral wool."

The four other main causes of high upkeep are poor heating, inadequate wiring, termites and decay, and low-quality hot water heaters.

Workman installs comfort and economy—mineral wool insulation—in the walls of a new house under construction.

In "How to Judge a House," Watkins gives a special section to the eight most common flaws encountered in old houses for sale and how to spot them. Also included are the five basic tests of a good floor plan, tips on getting a sound structure, a guide to air conditioning, and what to know about F.I.A.'s rules.

The booklet is available for \$1 from the publisher, All About Houses, Inc., 27 Riddle St., Piermont, N. Y. It includes a 120-point check list.

## Tax Payments Set Record

Surrogate Mary C. Kanane has reported that Union County has received a 5 per cent return of all inheritance taxes paid by beneficiaries under wills and next of kin of persons dying intestate for the fiscal year ending June 30, amounting to \$246,618.60. This was in excess of \$96,618.60 of the anticipated revenue set up in the 1965 budget and \$69,671.19 more

than the all-time high return of 1964. A total of 1,897 new dockets were entered in the Surrogate's Court for the same period, an increase of 56 over 1964. Office revenue of \$62,945.58 was realized for the period from Jan. 1 through June 30 as follows: Wills Probated 17,041.92; Administrations 3,589.25; Guardianships 1,445.50; Certificates Issued 7,441.38; Orders to Limit

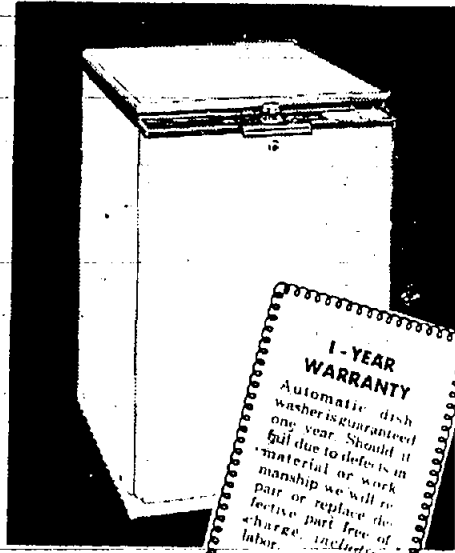

Creditors Entered 3,241.96; Accounts Allowed 10,298.51; Refunding Bonds and Releases Filed and Recorded 3,266.51; Petitions and Orders Filed 1,534.10; Inventories Filed 1,534.10; Adoptions & Mental Incompetents 2,738.25; Proceedings 12,347.96; Miscellaneous 62,945.58. The revenue anticipated for 1965 by the surrogate was \$125,000.00. A new system of flat filing

in the surrogate's vault was initiated by Miss Kanane in March for the conservation of space. All recorded wills are now microfilmed which is a less expensive process than photostating and binders half the size of those formerly used accommodate 1,000 instead of 600 pages. Two binders containing 2,200 pages require the same space as a 600-page photostated will of yesterday. All microfilming is processed in the Register's Office under the direction of Joseph M. Durkin.

## Downtown Retail Area Needs Urban Renewal

The downtown commercial and retail area of the City of Rahway has been the subject of many a conversation for the past 25 years. Basically, evolution has changed commercial transportation in Rahway from river barge, to railroad, to truck; but the Rahway business area was built along the river, then enlarged to encompass the railroad and was never planned to cope with the automobile. As a result, Main St. meanders with the river, Irving St. lies astride the railroad, and nearly all the cross streets are a block or two long and lead nowhere.

Further, much of the downtown property was constructed when offices and apartments over stores were deemed essential. Today, most people avoid quarters of this type. Narrow streets and impossible access avenues, have also contributed to the deterioration of the area. Which came first is of small importance. The point is that the problem is here, and it concerns not only the merchants and the individuals that own the downtown property, but it concerns the community because a good place to live includes a good place to work and a good place to shop; a modern city not only has a good police department and a good fire department and a good school system, but it also has a business section of which the community can be proud, and a sound tax base can best be achieved with a proper ratio of residential, industrial and commercial real estate.

Unless conditions are improved in downtown Rahway, all but the most astute or well-financed establishments will close their doors. Enterprising merchants will move to neighboring communities that provide the facilities conducive to pleasant, leisurely shopping. Less capable entrepreneurs will remain in sub-standard quarters, eking out an existence and adding to the blight of the area. As stores become vacant and remain long untenanted, social problems arise that soon become more disturbing than the loss of income.

Therefore, it is essential that the urban renewal program be enlarged to include the "downtown" area. A portion should be devoted completely to commercial and municipal buildings with parking facilities plentiful enough to include the commuter. Then, with wide avenues leading to and bypassing the central shopping area, the downtown area will witness a rebirth. The City of Rahway will take on a modern appearance to complement the growth of residential buildings that have been erected in the past decade.

None of this can or will be accomplished waiting for private enterprise to proceed. Although we are against Federal Government intervention in areas that private enterprise should do for itself, a project of this sort is too expensive in dollars and too extensive in scope to finance locally. We are faced with a problem, not a theory and we can ill afford to postpone a decision. Local merchants will be forced to make difficult adjustments and hard sacrifices, yet, something must be done for survival and now is a good time to start.

## Know Your Government

"Personal services" and "other expenses" take almost equal shares of the aggregate operating budgets of New Jersey's 21 counties this year.

Providing salaries, wages and pension costs as well as other forms of compensation and "kings benefits" for county employees, the "personal services" appropriations in the budgets of all counties total \$126½ million (\$126,545,736). This is a 7.4 per cent increase over actual 1964 expenditures of \$117,842,919 for the same purpose.

Appropriations for materials, supplies, repairs, maintenance, contracted services and other recurring expenditures listed in the "other expenses" category of the 21 county operating budgets total \$126,292,719. This represents a 7.2 per cent increase over 1964 actual outlays of \$117,798,566 for "other expenses."

Although the overall increase in 1965 appropriations over last year's spending for both personal services and other expenses averaged 7.3 per cent for the 21 counties, there were wide variations in the percentage increases among the individual counties. Only decline was a slight drop in the personal service appropriation in Ocean County.

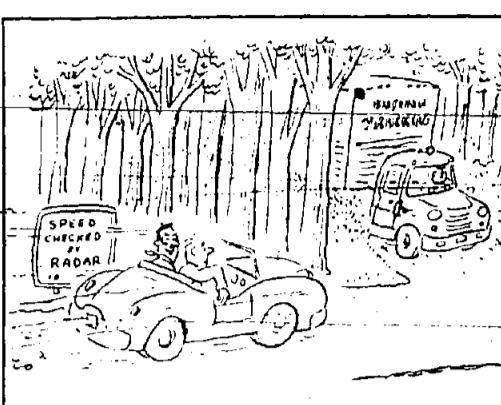

In Union County, the 1965 appropriations for "personal services" total \$9,400,724, an increase of 10.3 per cent as compared with the \$8,520,859—actually spent in 1964. The "other expenses" side of this county's 1965 operating budget provides \$7,832,780 in appropriations this year. This is 13.2 per cent more than the \$6,918,869 spent last year.

The totals are among tabulations being compiled by the New Jersey Taxpayers Association for inclusion in its forthcoming annual reference booklet, "Financial Statistics of New Jersey Local Government," providing fiscal data on each county, municipality and school district in the state.

As a means of encouraging the "Paint up, fix up" program in the Lower Main Street Conservation Area, the Redevelopment Agency, with the concurrence of the Urban Renewal Administration, purchased the property at 45 East Emerson Ave. at the corner of Fulton St.

Portions of this house had been originally moved to the site in 1907 to make way for the Pennsylvania Railroad elevation. Through the years additions were added. The structure, while basically sound, was neglected in recent years with little likelihood the owners would spend any money on it.

The location is in the center of the Conservation Area, making it easily available for showing as a "demonstration house." Two appraisals were made and the property was purchased for \$12,000. The monies spent acquiring the property and bringing it up to date can be recovered on resale.

Early in the planning stage of the Lower Main Street Project it became apparent that the old Rahway Lumber Co. yard on Fulton St. had to be removed.

The mill and office buildings had been constructed as a livery stable during the 1800's and were used for the storage of cotton during the Civil War. A highly inflammable lumber and millwork operation was a constant fire threat to the neighborhood. This was apparent at the time of a number of disastrous lumber yard fires in the area.

Plans for disposal and reuse of the property are being made.

## A. J. Bryant

Continued from Page One

Two are pupils in Rahway Junior High School and one is in Columbian School. Mrs. Bryant is an officer of the Columbian School P. T. A.

Mrs. Nancy Sottolano of 1296 Kline Pl. was appointed clerk typist in the board office at an annual salary of \$3,850 for the school year 1965-66.

Mrs. Norma Schwellert of 644 Thomas Pl. was named clerk for Franklin School at an annual salary of \$2,900 for the school year 1965-66.

The board accepted the resignation of Miss Carol A. Weintraub, who has been teaching French in the senior high school. Miss Weintraub resigned to study in France.

The board also accepted the resignation of Mrs. Norma Goldstein who has been employed in the school board office.

## Mineral Wool Usage Leads Other Products

Mineral wool structural insulation led all other building materials in percentage increase of value of shipments in 1961, according to figures released recently by the U. S. Department of Commerce. The increase was 15 per cent—three times that of the next material.

Other major materials showing substantial increases include veneer and plywood, five per cent; builders' hardware, five per cent; and residential electric fixtures, three per cent.

This information is from the publication, "1961 Annual Survey of Manufacturers," compiled by the Bureau of Census.

Evaluating the statistics, Fred H. Sides, executive officer of the National Mineral Wool Insulation Association, said they indicate "the steadily increasing acceptance of the fact that homes must be well insulated for both comfort and economy."

The Quality Home Requirements call for use of insulation labeled with "R" numbers. The "R" stands for resistance to the escape of heat from a house in the winter or entrance of heat in the summer. Specification of insulation by thickness is outmoded.

The Quality Home Requirements are R-19 for ceilings, R-11 for walls, and R-13 for floors above unheated spaces.

Cold Weather's 'Hot' Purchase Is Cool Comfort

Winter's a good time to shop for more comfort. C. or more electric room air conditioners installed during the off-season will prepare a family for those surprisingly sultry, ring days that often arrive long before summer's hot, hot mid-weather sets in.

Families who buy room air conditioners early can enjoy the advantage of leisurely shopping. This means they can be sure of getting the model they want. If it isn't in stock, the retailer will wait until the dealer can get it for them.

Although many room air conditioners can be installed easily by the average home owner, some units—particularly through-the-wall models—do require installation by trained mechanics. During the off-season this can be done at the home owner's convenience. During a heat-wave, he may have to simmer until the mechanics are available.

Many families who install room air conditioners during the winter make good use of them before the snow melts. The exhaust cycle—without cooling—quickly expels stale air, keeping a room fresh without letting in breezes.

Today's room air conditioners are available in a wide range of cooling capacities, and are designed to resist all kinds of weather for years.

City Library

Continued from Page One

Public Library the profits from a carnival held on July 30 in the Paterson yard.

Mrs. Minnie Chapin, director, received the profits, \$4, which the boys said could be used by the library "for anything". The boys told Mrs. Chapin the carnival was Jeffery's idea.

BUILT-IN COMFORT

A type of room air conditioner that's installed through the wall of a house is particularly practical for new home construction. While the house is being built, a special metal sleeve is installed in an outside wall. The air conditioning unit itself can be slipped into the sleeve at any time to provide comfort in summer and fresh air in winter.

## SCIENCE IN YOUR LIFE

### Your Health Team

Perhaps a member of your family, one of your friends—or even you—are among the more than 3,000,000 Americans who are alive today because they were born at the right time. A time which saw the greatest and most rapid advance of medical science in our history.

In little more than 20 years, the death rate in the United States has dropped by nearly one-fifth. And much of the credit for this impressive life-saving record goes to our all-American health team. This team is made up of devoted men and women from coast to coast who are banded together in a continuing battle against disease.

Captain of the team, of course, is your doctor. He's on the front line of the fight for health. And he has better ammunition than ever before—better diagnostic measures, better surgical techniques, better methods of treatment and better drugs.

Then there are those important members of the team you'll probably never meet: The research scientist. He may work in a hospital, a university, a foundation or in one of the scores of laboratories established by the private pharmaceutical companies. The pharmaceutical industry has played a major role in modern research, for out of the laboratories financed by private enterprise have come many of today's wonder drugs.

The clinical investigator. He's the team member who checks and double checks the new drug discoveries. Many of these investigators are physicians who set up careful, step-by-step test procedures for patients who could benefit from a promising new treatment.

The production engineer. Most often, he works in a pharmaceutical firm. His task is to combine chemical, biological and engineering know-how so that a new weapon against disease can be turned out in sufficient quantities to cure for all who may need it.

The wholesaler druggist. He runs the big supply depot for the war against disease. Your neighborhood pharmacist has neither the space nor the means to carry a half-million-dollar inventory of some 30,000 drug and related items. But when a pharmacist—or a hospital—needs some special item in a hurry, drug wholesalers throughout the nation are ready to answer the call.

Besides your doctor, there's another member of the health team that you do meet. He's your pharmacist—Modern pharmacy colleges turn out specialists in the science of drugs, men and women who know the chemical properties and uses of drugs—how to preserve, prepare and dispense the precise compounds called for in your doctor's prescription.

That's a quick line-up of your health team. They're all helping you to live longer. They're helping to make a longer life happier, too. For there are special problems in the aged—depressions sometimes plague the late years. Pharmaceutical research also is meeting that problem. New mental drugs, for example, have shown good results in brightening the lives of many elderly people who show depressive effects from some physical or mental stress.

Velop in an old roof, others may be quick to follow. Sometimes just walking on an old roof to patch it opens up new leaks.

Better than spot repairs is a complete new roof. Asphalt shingles, which are low in applied cost, durable, and attractive, can be applied over most existing roofs, making re-roofing practical in any season. A new asphalt shingle roof will add value to the house and will protect it for years.

Patchwork Out; Do Complete Job On Leaky Roof

Patchwork sometimes pays—when the elbows of a favorite jacket give out, for instance. But it's false economy to patch a shabby, leaky roof.

A roof usually wears out evenly, so when one or two leaks develop in an old roof, others may be quick to follow. Sometimes just walking on an old roof to patch it opens up new leaks.

Better than spot repairs is a complete new roof. Asphalt shingles, which are low in applied cost, durable, and attractive, can be applied over most existing roofs, making re-roofing practical in any season. A new asphalt shingle roof will add value to the house and will protect it for years.

Starting Monday, August 23 you'll hear a

new dial tone

when you telephone.

The new dial tone will come from equipment being installed now to bring new Touch-Tone® phone service to you within a few weeks.

With Touch-Tone push-button phones, you'll be able to tap buttons twice as fast as you now dial. Calling will be faster, easier. Watch your mail and newspaper for full information on Touch-Tone service.

And remember, don't be surprised next Monday when you hear the new dial tone.

## Go Dutch—It's a Treat

Treat yourself to Dutch doors—they can add flavor to a new home or to an older one that needs a lift.

Dutch doors have been a long-time favorite because they look warm and inviting, but in addition they have an appealing bonus feature: they can be opened and closed by halves. This makes them very popular with families who have small children.

With the bottom section closed and the top open, it keeps the little ones safely inside but lets in light and air and helps maintain contact with the outside world.

Dutch doors made of sturdy ponderosa pine are available from building materials dealers in a variety of stock sizes and styles. The wood units are precision-made for accurate fit and are treated with special chemicals for added years of service.

Dutch doors are particularly appropriate for traditional homes, but they harmonize with almost any style of architecture.

## Park Schedules Baby Parade

Olympic Park's 60th annual baby parade will get under way at 2 p.m. on Saturday, culminating in the award of trophies and savings bonds to at least a dozen of New Jersey's handiest children.

The Irvington-Maplewood amusement park's competition is one of the oldest such contests in the world and annually attracts hundreds of entries.

Blond, brunet and redheaded children, through 6, will vie separately with three winners to be selected in each category. In addition, there will be three winners in the division for decorated floats, which often are manned by more than one child.

A temporary grandstand will be erected for the public at the end of the parade route. Basil's Olympic Park Band and the semifinalists in the park's bathing beauty competition also will participate in the march.

### HOPE FOR FORECASTERS

The men who forecast America's heat waves—the U. S. Weather Bureau in Washington—received a favorable forecast themselves not long ago when the House approved a \$388,300 appropriation to air condition the Bureau's 19-year-old headquarters.

## Elizabethtown's Rates Are Cut

Rate reductions which will reduce the gas bills of almost 50,000 customers of the Elizabethtown Gas Co. by \$223,000 annually have been authorized by the New Jersey Board of Public Utility Commissioners.

The rate reductions were announced by William F. Hyland, president of the board, and John Kean, president of Elizabethtown Gas, following a series of conferences initiated by the board.

It is the second reduction in Elizabethtown natural gas rates authorized by the board in the past three years and places the cost of natural gas for home heating and industrial use at its lowest level since natural gas became available in this area in 1951.

The rate reductions will benefit primarily users of gas for residential heating and is expected to save Elizabethtown's 46,000 home heat customers an estimated \$225,000 annually. However, all residential customers who use more than 50 therms per month will benefit by the reduction.

The board has given special permission for the reductions to go into effect on Sept. 1 so heating customers will be under the lower rates for the full 1965-66 heating season. Normally a 30-day waiting period is required to institute new rates, but this requirement was waived by the board.

Reductions also were authorized by the board in rates for gas space heating for commercial and other users. About 3,000 customers will be effected and savings will amount to approximately \$45,000 annually.

Larger industrial and commercial gas users served at the wholesale gas service rate will also benefit from the rate reductions. Elizabethtown Gas officials said at least 100 customers using over 3,000 therms per month will save an estimated \$53,000 annually. These are primarily industrial and processing plants using gas for manufacturing purposes.

The company said the reduced rates reflect the greatly increased use of gas throughout Union and Middlesex Counties, improved operating efficiencies, savings resulting from reduced federal income taxes, and lower wholesale rates from pipeline suppliers.

MRS. EDWARD H. MANN JR.

## Miss Kathleen Eunice Fritz, Edward H. Mann Jr. Wed

Miss Kathleen Eunice Fritz, daughter of Mrs. Frank H. Fritz of 1011 Jacques Ave. and the late Mr. Fritz, became the bride of Edward H. Mann Jr., son of Mr. and Mrs. Mann of 1539 Rahway Ave., Westfield, on Saturday at 11 o'clock in St. Mary's Church.

The double ring ceremony was performed by the Rev. James Sharp, assistant pastor during a Nuptial Mass. The bride was given in marriage by her brother, Gerard Fritz.

The matron of honor was Mrs. Dorothy Fritz of Rahway, sister-in-law of the bride. The bridesmaids were Miss Mary Ann Lukas and Miss Judy McKain. The junior bridesmaid was Mary Ellen Moffitt, cousin of the bride.

Robert Mann, brother of the bridegroom, was best man. The ushers were James Fritz, brother of the bride, and Larry Murphy.

After a reception in the Knights of Columbus Hall, Scotch Plains, the couple left for a wedding trip to Cape Cod, Mass. Upon their return, they will reside in Valley Rd., Clark.

The bride, a graduate of Rahway High School, is a sales and service representative for the New Jersey Bell Telephone Co. in Perth Amboy.

The bridegroom, a graduate of Middlesex County Vocational and Technical High School, is employed as an audio technician by Kadar Audio Systems, Plainfield.

## HOME OWNERS' QUESTION BOX

Q—Can you explain the "R factor" in home insulation?

A—"R," in this case, stands for "insulated resistance" to the flow of heat. Thus, an R plus a number—such as R-19 on a batt or blanket of mineral wool—tells how much heat this batt or blanket is designed to stop when it is in place in the house.

A house to be air conditioned or electrically heated, for example, needs R-19 insulation in the ceiling, R-11 in walls and R-13 in floors to be effective. The higher the R number, the more effective the insulation.

## fashion a-go-go

by Alice Burky

FASHION'S NEWEST STYLES — with a special flare are waiting for junior and missy shoppers at NAN'S FASHION SHOPPE in Clark. A sparkling assortment of smart fashions for fall are featured in bright colors, lively prints and matching separates. Missy will find all her fashion needs — gloves and knee socks to lingerie and dresses. Nan "does all her own buying" — and tries to please the special needs of each customer. Jean is very helpful in answering all your style questions — and makes you feel "at home" while shopping. Their name brands, from sportswear to cocktail clothes, are just perfect for fall. You can't help but like the new knits in rich, warm colors. Shells, separates, and shifts in Handmade Knits — actually look handmade. A cozy brown shift with pink knit trim at the neck, arms, and hem is just beautiful.

Visits this week:  
**NAN'S FASHION SHOPPE**  
1905 Raritan Road, Clark

Smart wool suits with leather trim are "in" this year and very popular. Two-piece knits in all tones of beige are both pretty and practical. And no matter what you choose — free alterations are available to assure you the best fit possible. As an added asset — "Nan's Store Club" offers shoppers a chance to "win and choose." But no matter what you choose at NAN'S you'll be a fashion winner.

IM GLAD I CHANGED TO...

## "Recipe For The Week" Sally Sherbet

### Ingredients

1½ lbs. Round Steak (at least 1" thick cut into 1" slices — similar to London Broil)  
4-5 Medium-sized Peppers — cut in strips  
5 Medium-sized Onions — cut in strips  
2 cups Beef bouillon  
3 tbsps. Corn starch  
1 tbsps. Soy Sauce  
Salt and pepper to taste  
½ cup water  
3 cups boiled rice (cooked)

### Chinese Pepper Steak Directions

Brown steak in skillet in butter. Remove steak from skillet and set aside. Add peppers and onions to drippings and brown. Pour bouillon over vegetables and cook (covered) until tender. Add browned steak, salt and pepper to vegetables. Make a smooth paste out of water, soy sauce and corn starch. Pour paste mixture over steak and vegetables and cook about 5 min. until sauce is thickened, stirring constantly. Serve over boiled rice. Serves 3-4.

This week's recipe was submitted by:  
MRS. D. J. FLAIM, 23 Roberts Road, Clark  
YOU CAN WIN A DINNER FOR TWO:

From among the entries submitted Sally Sherbet will draw a winner each month for a FREE DINNER FOR TWO. The winner's recipe will be published. Submit your recipe today to:

# BEWARE

## of 'phony' Furnace Repairmen!

Every year an increasing number of homeowners are being duped by "phony" furnace repairmen, who operate under the guise of being affiliated with Elizabethtown Gas. Their racket is to offer a free inspection or low-cost cleaning of a furnace, only to report that the unit is "beyond repair" and must be replaced with new equipment. Their charges usually represent an outlay of huge amounts of money, needlessly spent. Never agree to change your heating equipment without consulting your Elizabethtown Gas office! Remember:

- All Elizabethtown Repairmen carry official company identification cards. When in doubt, call your local Elizabethtown office.
- An inspection by Elizabethtown is always FREE! If a "repairman" requests any kind of fee for inspection, he's not a bonafide Elizabethtown Serviceman.
- Elizabethtown Gas Company's Repairmen come only when called by you.
- If you believe there is anything wrong with your gas furnace, call your nearest Elizabethtown office immediately. We will advise you as to repairs or replacement without any charge.

**Elizabethtown Gas**

SERVICE NUMBERS ARE LISTED BELOW:  
Elizabeth area: 289-6400 / Westfield area: 233-8500 / Perth-Amboy area: 382-3400

## Reroofing Often Goes With New Addition

Look carefully at the roofing material on your home if you plan to add a room or build a new wing.

A mistake many families make is to apply new roofing on an addition without considering the age, condition, and appearance of the main roof.

A complete new roof for a house, applied at the same time the new room or wing is being built, helps unify the addition with the rest of the house. It increases overall house value, and can be financed with the same loan used to construct the addition.

## Cooling Costs High Without Insulation

Unless you want to throw money away, don't try to air condition any house until it's thoroughly insulated.

If walls, ceilings, and floors are properly insulated with mineral wool, a smaller air conditioning unit can be used. It will cost less to buy and to operate than a larger one.

## Five Complete U.J.C. Studies

Five area residents are among 104 recent high school graduates who received certificates from the Union Junior College, Cranford, for successfully completing a four-week College Readiness Program.

The non-credit program was designed to give the recent high school graduates a taste of college life, provide an orientation into how colleges operate, and provide a quick review of the basic skills — reading, English composition, and problem solving — to supplement what the high schools have done in those areas.

The Rahway residents of certificates are William R. Carmichael, 682 Maple Ave., Stanley Township, and Leo Hahn of 244 West Scott Ave., Clark students are Joseph A. Jaffe of 101 Lefferts Lane and William A. Sotak of 23 Westfield Pl.

The Rahway residents, graduates of Rahway High School, will start their college careers as follows: Mr. Carmichael, Maryville College, Maryville, Tenn.; Mr. Hahn, Findlay College, Findlay, Ohio, and Mr. Hahn, Union Junior College.

Mr. Jaffe and Mr. Sotak are hon graduates of Arthur L. Johnson Regional High School, Clark.

Mr. Jaffe will attend Alliance College, Cambridge Springs, Pa., and Mr. Sotak has been accepted at the University of Toledo, Toledo, Ohio.

## New Windows Grilles

Easy-Washing Grilles — One way to cut window-washing time to a minimum is to use wood window units with removable grilles. This type of grille used on windows with single pane glass creates the impression of a number of smaller panes. They are particularly popular in homes of traditional styling.

The grilles can be popped in or out of place in a moment, without using tools. When removed, they expose the unobstructed surface of the window for easy washing.

Removable grilles to fit stock wood window units of ponderosa pine are available in both diamond and rectangular patterns.

## Pupils Enrolled For Nursery

Registration will be continued through Sept. 14 for the 20 children who are pre-schoolers desiring enrollment in the nursery school of the Tutoring and Pre-School Program for the Groves Cleveland School and Columbian School District.

In order to be eligible, the child must be entering kindergarten in September, 1966. Selection of the 20 children who can be placed in the nursery school will be made from the list of pre-schoolers who are desiring enrollment. The pre-schoolers are particularly popular in homes of traditional styling.

The grilles can be popped in or out of place in a moment, without using tools. When removed, they expose the unobstructed surface of the window for easy washing.

Removable grilles to fit stock wood window units of ponderosa pine are available in both diamond and rectangular patterns.

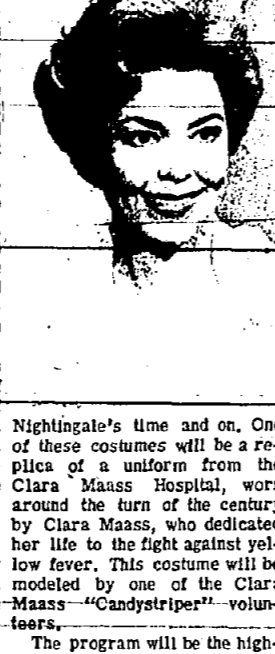

## Nurses Will Be Fashion Models

An unusual fashion and hair-dressing show, featuring nurses from local hospitals as models, will be given by the Rahway Kiwanis Club, at the Club's luncheon meeting on Aug. 11 in the Elks Clubhouse.

Mr. Fiore said that 99 per cent of the nurses used today are used illegally. He mentioned the types of narcotics and described the effects they have upon human beings.

The birthday anniversary of Dr. Manley C. Williams, which is also the anniversary of the Kiwanis Club, will be celebrated at the luncheon meeting.

The 10 millionth automobile manufactured overseas by General Motors — a Vauxhall Victor sedan from England — has been put on display at the COT Fall Fair.

## Narcotics Talk Given for Club

A talk about narcotics was given by Angelo Fiore, a member of the Rahway Kiwanis Club, at the Club's luncheon meeting on Aug. 11 in the Elks Clubhouse.

Mr. Fiore said that 99 per cent of the nurses used today are used illegally. He mentioned the types of narcotics and described the effects they have upon human beings.

The birthday anniversary of Dr. Manley C. Williams, which is also the anniversary of the Kiwanis Club, will be celebrated at the luncheon meeting.

The 10 millionth automobile manufactured overseas by General Motors — a Vauxhall Victor sedan from England — has been put on display at the COT Fall Fair.

## New Windows In Old Home Conceal Age

An older house takes on a remarkably new aspect, inside and out, when new windows are installed.

The exterior looks more welcoming and up-to-date, and the interior gains a sense of space, light and air. If the new windows are made of wood, they add a feeling of warmth and become a part of the decor.

If you are remodeling an older house, replacing old windows with new is an effective way to bring it up to date and increase winter comfort.

Today's wood windows have been observed as the weather-tightest built into them.

Because of this they are not susceptible to the formation of condensation which can damage wallpaper and walls. In addition, they lend comfort to a variety of decorative treatments since they can be painted, waxed or stained.

## Old Club Flags Fly at Picnic

Salvatore Pinelli, president, opened the 45th annual picnic of the Italian-American Citizens Club on Sunday at the Elks Clubhouse.

By raising five old club flags, the flags were a reminder of the club's history as well as a tribute to the 187 men who died in World War I.

A total of 350 members, their wives and friends attended the picnic.

Also present were officers, members and candidates for public office.

Music was provided by the Boys' Band, consisting of Robert Bontempo, Ron Ortol and Jim Kucharik.

Winners of the children's sports events were: Running race for 3-4 year-olds boys, Craig Osborne, Michael Santoro girls, Francis Smith and Mary Platz; 5-7 year-olds boys, Larry Matarske, Sal Zocchi Jr., and Tony DePalma girls, Sherill Osborne, Cindy Osborne, Debby Spangley, Allison Costello, Sharon Adler, Colleen Osborne, Larry Matarske, egg running contest, Donna Sica, Debby Prasse; bubble gum contest, Nancy Smith; Sal Zocchi Jr., dance contest, Miss Senko and Lisa Spangley.

The adult egg throwing contest were Mrs. Ginny Cavacavale and Jerry Pinelli.

## Family Life Today

By Phyllis Greer  
Specialist in Human Relations  
Rutgers University

How much freedom should children have? This is a question parents ask over and over again. All youngsters need freedom and will fight to get it. But whether they use it well, foolishly or dangerously depends upon their developing a sense of responsibility.

How much freedom the parents should give is in direct proportion to the youngsters' experience in assuming responsibility.

A child should begin developing responsibility early. It is difficult for parents to realize their child is ready to do things for himself. But a child's eagerness needs to be fostered. When the school child wants to dress himself, that is the time he should begin to put on his own clothes. By learning to do it himself, he acquires a real sense of achievement and is developing responsibility.

Children need freedom to grow and opportunities provided to develop their own critical judgment. Keeping a child dependent stifles his normal development. At adolescence, young people want a large measure of freedom. For a satisfying adulthood, the young people need freedom, but also need to learn to accept the responsibility for their actions.

## Health Hints

It seems conservatively safe to say that we give more attention and study to figures during the summer months than at any other season of the year. Some figures are undoubtedly more attractive than others, but none should command our attention more than those that demonstrate that the vacation months are the most dangerous of all.

For instance, there are more people killed and injured in August than in any other month. The annual total number of people injured in street and highway accidents in the United States is well over two million. Of these, almost 50,000 die. Yet 98 per cent of the motor vehicles involved are in apparently good condition, and almost 97 per cent of the drivers have been operating cars for one year or more. Moreover, better than 76 per cent of the accidents occur in clear weather, and over 70 per cent of the drivers involved are 25 years of age or older. Speed is the principal cause of accidents, accounting for approximately 40 per cent of them.

The months of August, September and October are years to enjoy on the highways and byways of America. Our one plea is that you live in good health to enjoy the recollections of your travels.

During its 2,800 years of life a pound of radium will give off 600,000 times as much energy as is released by the burning of a pound of coal.

# Why are plumbing and heating contractors piping up for gas heat?

Like a cheering chorus, local plumbing and heating contractors are piping up for gas heat. These experts know that gas heats best: quiet, healthful, and so trouble-free. They know, too, that a gas heat installation is simple and rarely needs servicing. The result: more than 45,000 families in the Elizabethtown area now

use natural gas for heating. And the total grows every day as one happy user tells another about the dependability, the cleanliness, the economy of gas heat. Small wonder that most new homes today are built with gas heating systems: the country's homes best!

Now's the time to call Elizabethtown

Gas, or your local plumbing or heating contractor, for a FREE HOME HEATING SURVEY. You'll get a written estimate of the yearly cost of gas heat, and also learn how reasonable it is to install a gas-fired conversion burner or a modern gas heating unit. It costs much less than you think!

New! Gas Heat Rates REDUCED Effective Sept. 1st!

## Tips on Touring

By Carol Lane

Women's Travel Authority

Safe Driving in Winter

Women who drive their hands to work or the railroad station and the children in school must drive regardless of weather. They can use these tips on winter driving.

Tight fitting, well weathered, stripped windows are a must in driving.

Stock windows of ponderosa pine are ideal for air-conditioned houses because wood units are particularly well suited for efficient built-in weatherstripping. Wood is a natural insulating material that helps keep cool air

## BACK FROM CRUISE

Miss Sharon Renner of 340 Sycamore St., left, and Miss Regina Kovack of Carteret return from a cruise to Nassau, Bahamas, aboard the S.S. Bahamas Star, the Eastern Steamship Line's cruise ship.

FOR WARM ATTIC

A pre-fab fireplace, which is easy to install, can keep an otherwise unheated attic warm even in cold weather if the attic is well insulated with mineral wool before it is finished.

Use bats or blankets of mineral wool labeled R-19 in the ceiling and R-11 in both outside and knee walls for the right amount of resistance to the passage of heat.

For extra warmth, from radiation, leave the five pipe of the fireplace exposed to the point where it passes through the ceiling.

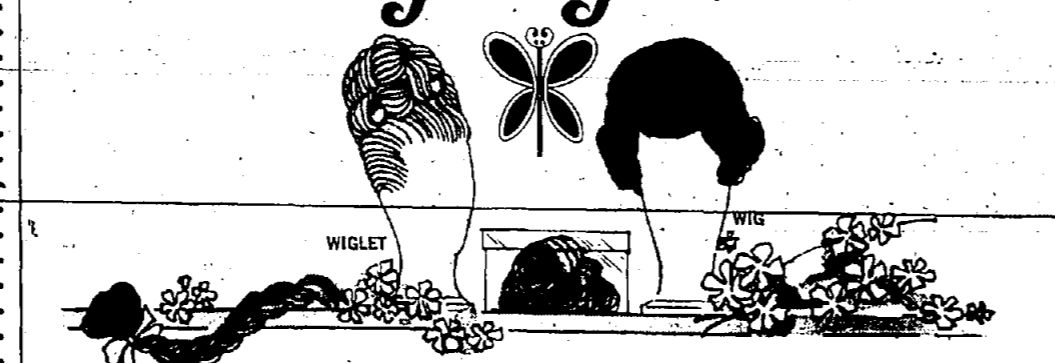

When making a curve on an icy road, turn the wheel slowly. If you take a slide when braking the car, turn the steering wheel in the direction of the rear wheels slide. Pump the brakes gently. This is especially important if you have power brakes.

With power brakes and power steering, you'll need a most careful touch. It's easy to lock the brakes and over-steer. Never start, stop or change directions suddenly. And keep a good distance behind the car in front.

But before you even start the motor-be smart! Have the radiator checked and good anti-freeze put in. Don't let the weather stop you!

## Adult School's Studies Varied

A state trend indicates that adult schools throughout New Jersey are continuing to offer courses in every conceivable area of education. Dr. Monroe L. Spivak, director of adult education for the Union County Regional Adult School, reported today.

Dr. Spivak added that reports from other adult schools in New Jersey indicate the variety of courses at the schools will increase.

As an example of the state pattern, Dr. Spivak cited the wide range of courses offered by the Union County Regional Adult School to meet the needs and the growing interest of suburbanites in education and recreation.

The three Union County Regional Adult Schools are at Dr. Monroe L. Spivak, director of adult education for the Union County Regional Adult School, reported today.

Dr. Spivak added that reports from other adult schools in New Jersey indicate the variety of courses at the schools will increase.

## Brewer Playground Wins Championship in Clark

On July 29, the 10th annual Clark championships were held at the Charles H. Brewer Playground. The Brewer playground won the team championship for the ninth time in 10 years. The team will be presented with a banner as a symbol of victory on final night program in Frank K. Hehly School tonight at 8:15 o'clock. The final standings were as follows: Charles H. Brewer, 105 points; Abraham Clark, 88 points; Valley Road, 44 points; Riverside, 41 points.

The individual winners were as follows: Senior Division - Boys' washers - Steve Totin; boys' broad jump - Greg Gorski; girls' jacks - Clancy Kierman; girls' hopscotch - Lenny Strychowski; boys' foul shooting - Ron Christian; girls' foul shooting - Cathy Fernandez; boys' chess - Allen Veverka; girls' chess - Cathy Jacquemin; boys' horseshoes - Chet Melly; girls' horseshoes - Barbara Herbig; boys' tetherball - Mike Jennings; girls' tetherball - Jean Marone; boys' checkers - Bill Kraemer; girls' checkers - Ruth Black; boys' paddle tennis - Bill Jones; girls' paddle tennis - Vicki Dzladky; boys' ring tennis - John Schifano; girls' ring tennis - Joanne Hannis; boys' noc hockey - Jim Romanosky; girls' noc hockey - Ellen Becchino.

**READY FOR ARCHERY** - Boys of the Clark playgrounds had archery as one of their activities. Shown preparing for the sport are, left to right, Tom Pasquale, Tom Stevens, John Ginesi, Greg Petrusko, Wayne Tombo and Bill Garrity. The final night program of the playgrounds will be held in Frank K. Hehly School, Clark, tonight at 8:15 o'clock. The playgrounds will close for the season tomorrow.

**BAKED ALASKA PIE**  
Flaky Butter Pie Crust: one 9-in. 1 1/2 cups sifted regular all-purpose flour  
1 teaspoon salt  
1/4 cup (1/2 stick) butter  
1/4 cup shortening  
1/4 cup cold milk  
In a large mixing bowl blend flour, salt and half of the shortening until the mixture resembles cornmeal. Blend in other half of shortening until it resembles small peas; add the milk and stir with a fork until moist enough to form a ball. On lightly floured surface roll dough slightly larger than inverted pie plate; fit dough to plate; flute edges; prick pastry with fork and bake 8-10 minutes. Cool completely and fill with assorted flavors of ice cream. Freeze until solid; top with meringue.

## Your Garden This Week

Have you caught up yet with the idea of just letting leaves and your house plants take care of themselves when you go on vacation?

There is no need to crowd seen some beautiful violets your neighbor's windowsill growing in round fishbowls with your plants or to ask someone to come in and water them.

The method works as well now as it did a few years ago when a Rutgers College of Agriculture scientist left a problem.

house plant on a shelf for months on end without watering it.

All Dr. Spencer H. Davis, plant disease specialist, did was to put the plant, pot and all, in a plastic bag and tie the bag shut. He found the plastic let the plant breathe but didn't allow moisture to escape.

You have to be sure, though, that the plants in their plastic domes get no direct sunlight. If they do, you may come home to something that looks like boiled spinach. Your plants will cook.

Use the soft, limp plastic bags like the ones the dry cleaners use. Not the crackle kind.

Water the plant well. It also may pay you to poke some sticks into the soil of the pot to support the plastic so the leaves don't touch it. Do this for sure.

Dr. Davis says he has with African violets as their plastic domes get no direct sunlight. If they do, you may come home to something that looks like boiled spinach. Your plants will cook.

Use the soft, limp plastic bags like the ones the dry cleaners use. Not the crackle kind.

Water the plant well. It also may pay you to poke some sticks into the soil of the pot to support the plastic so the leaves don't touch it. Do this for sure.

## Local Children Finish Third

The Rahway Recreation senior playground champions went to Warrenton Park, Ellensburg, on Aug. 11 to compete in the Union County Senior Playground Championships.

Their overall performance there was one of the strongest for a Rahway team in the past 10 years as they finished third, behind the winning Union team and the runnerup Clark squad. Their "point" total of 32 1/2 is the highest total garnered by a Rahway team since they won the county championship more than 10 years ago.

Twelve of the 18 members of the team placed in scoring positions as Rahway won two gold medals, five silver medals and two bronze medals. There also were three fourth place winners.

The following are the winners and their events: Chris Dolinich, Roosevelt, first place in girls' chess; Claudia Colbert, Madden, first place in girls' jacks; Pat Merkel, Stein, second place in girls' checkers; Howard Letsky, Flanagan, second place in boys' chess; Sheila Slater, Madden, second place in girls' horseshoes; Tom Bolitoff, Tully, second place in boys' ring tennis; Alfred Angelo, Tully, second place in boys' washers; Mike Campbell, Cleveland, third place in boys' checkers; Susan Varady, Squire Island, third place in girls' ring tennis; Marilyn Carmo, Madden, fourth place in girls' paddle tennis; Bill Bellingier, Madden, fourth place in boys' broad jump; and JoAnn Thomas, Madden, fourth place in girls' hopscotch.

## County Shows TB Increase

New active cases of tuberculosis in Union County increased in 1964 while tuberculosis deaths decreased one-third from the year before. Elizabeth's TB deaths also decreased while Union Township showed an increase, according to a report received today by the Union County Tuberculosis and Health League, based on State Health Department statistics.

Union County had 19 TB deaths in 1964 as compared to 29 in 1963. Elizabeth had 10 TB deaths as compared to 16 the year before. Union Township, which has ranged from one to three deaths annually, last year had four TB deaths. The state as a whole had a 15 per cent drop from 363 TB deaths in 1963 to 307 in 1964.

Elizabeth's TB death rate per 100,000 population is 9.4 which is higher than the state one of 4.7, and the Union County one of 2.5.

Union County retains its rank as having the third highest number of new active cases of tuberculosis in the state. Its total of 145 for 1964 is exceeded only by Hudson's 282 and the 391 in Essex.

Shown in the picture are, left to right, front row, Larry Mulhollen, Blair Svihra and James Krupnik; middle row, Leslie Schneider, Susan Hopkins, Peggy Zarzamski, Paul Hahn, Andy Bluestone, Tommy Kolibas, Max Recone, Lindsay Johnson and Robert O'Keefe; back row, Scott Baldwin, Terry Lemstra, Heather Baldwin, Susan Hufenus, Joni Jones, Carol Calladine, Robert Commerford, George Schweitzer, Richard Van Pelt, Sandy Johnson, B. U. Smith, general secretary of the Y.M.C.A.; David Setkowski and Adele Johnson.

## Sharps and Flats

Records reviewed are recent releases rated as follows:

E-Excellent; V-Very Good; F-Fair; P-Poor.

BEETHOVEN - Piano

Sonatas in B Flat, Op. 22; G

Minor, Op. 49, No. 1; G Major,

Op. 49, No. 2 - Philips Stereo

PHS 900-076 (mono 500-076) -

Rated E; Piano Sonatas in E

Major, Op. 14, No. 1; G Major,

Op. 14, No. 2 - Philips Stereo

PHS 900-077 (mono 500-077) -

Rated E - What can one say

about the incomparable piano

wizardry of Sviatoslav Richter

that hasn't been said dozens

of times before? Richter,

whose interpretive genius is

well known and regarded in

every country in the world,

performs the sonatas of Bee-

thoven in these two brilliant

new recordings with all of the

skill and intellectual strength

that one could ever hope for.

Whether the tempos be fast or

reflective, Richter has the

situation well in hand, pre-

cisely and dramatically bring-

ing forth every detail and mood

as called for by the composer.

Recordings that should be

part of every Beethoven

collection.

BILLY STRANGE - Eng-

lish Hits of '65 - Crescendo

GNP 2009 - Rated G - The

big guitar sound of Billy

Strange is applied toward a

dozen British pop selections

of recent vintage in a bright

and bubbling LP that should

particularly appeal to the teen

set. Imaginative and danceable

arrangements are offered—the

likes of "Come Stay With Me,"

"I Know a Place," "I'm Tell-

ing You Now," "Game of

Love," "Eight Days a Week,"

etc. Sound is very good.

JOYA SHERILL - Sings

Duke - 20th Century Fox

Stereo TFS 4170 (also in mono)

- Rated E - The distinct

voice of Joya Sherill, once

so significant a part of the

Duke Ellington Orchestra, is

featured here in a glowing

new album. Miss Sherill,

backed by such greats as

Johnny Hodges, Cootie Wil-

liams, Paul Gonsalves, Ray

Nance and others, splendidly

revisits a dozen Ellington

classics including "Mood In-

digito," "Sophisticated Lady,"

"In a Sentimental Mood,"

"Just a Lucky So and So,"

"Prelude to a Kiss," etc.

Recommended.

BOBBY DARIN - Venice

Blue - Capitol Stereo ST 2322

- Rated V - A huge string

filled orchestra consisting of

a host of noted studio men

and jazz personalities back

Bobby Darin in his latest

platter and one of his most

magnetic efforts in many

months. Bobby is spotlighted

in both a relaxed and lifting

beat, further enhancing such

favorites as "I Wanna Be

Around," "The Good Life,"

"Dear Heart," "Who Can I

Turn To," "Softly, As I

Leave You," "Taste of Hon-

ey," etc. Darin fans will find

this most satisfying.

featured here in a glowing new album. Miss Sherill, backed by such greats as Johnny Hodges, Cootie Williams, Paul Gonsalves, Ray Nance and others, splendidly revisits a dozen Ellington classics including "Mood Indigo," "Sophisticated Lady," "In a Sentimental Mood," "Just a Lucky So and So," "Prelude to a Kiss," etc. Recommended.

BOBBY DARIN - Venice Blue - Capitol Stereo ST 2322 - Rated V - A huge string filled orchestra consisting of a host of noted studio men and jazz personalities back Bobby Darin in his latest platter and one of his most magnetic efforts in many months. Bobby is spotlighted in both a relaxed and lifting beat, further enhancing such favorites as "I Wanna Be Around," "The Good Life," "Dear Heart," "Who Can I Turn To," "Softly, As I Leave You," "Taste of Honey," etc. Darin fans will find this most satisfying.

**CAPITALIZED GOVERNMENT**—The national government now supplies state and local governments with 14 per cent of their revenues in federal aid programs, making them more dependent on and subjecting them to more controls from Washington, according to Sen. Strom Thurmond (R-S.C.), when federal aid programs are estimated to reach \$13.6 billion, up 260 per cent since 1956.

**SOCIALIZED HOSPITALS**—The Appalachia program provides for a 100 per cent federal grant to defray the cost not only for the equipment but for the actual operation of health centers and other hospitals. It is one thing for the federal government to aid in the construction and purchase of equipment for a hospital, but quite another when the federal government, rather than the state, also pays the cost of its operation. Rep. Leslie Arends (R-Ill.).

**RENT SUBSIDY**—President Johnson's proposal for direct rent subsidies to the needy (including those with annual incomes of \$10,000) is "unconscionable," according to Sen. Allen J. Ellender (D-La.). If the proposal is ever written in law, Ellender said, "we will be pushed even deeper on the uncharted seas of deficit spending in search of the promised land, or, to use the current expression, the 'Great Society.'"

**GOVERNMENT COMPETITION**—"Since President Eisenhower left office the government's investment in activities that compete with private business has been increased by more than \$2 billion," said Sen. Wallace F. Bennett (R-Utah).

If you have to buy top-soil, you'll find that even dirt is no longer dirt cheap.

## Veterinarian Promoted

DR. O. H. SIEGMUND

Dr. Otto H. Siegmund has been promoted to director of veterinary publications for the Merck Sharp & Dohme Research Laboratories.

Dr. Siegmund, formerly manager of the laboratories' veterinary literature section, will direct the writing and editing of scientific publications, annotated bibliographies, technical bulletins, and monographs relating to animal health and nutrition. His new responsibilities also include the compilation of periodic reports on new veterinary products for the Food and Drug Administration, and of biological data for new drug applications in the animal field.

He will continue to serve as editor-in-chief of the Merck Veterinary Manual, a comprehensive handbook of diagnosis and

therapy first published under his direction in 1955. A third edition is being prepared.

## Your Public Library

By Minnie S. Chapin  
Director, Public Library

RECENT ADDITIONS  
THE PRESENT FROM

PEKING, by David Lampard. The background of this novel is communist China and deals with the Nationalist secret police and a young English pilot flying for an American airline in China. The reader gets a good picture of the vice corruption and violence during China's recent civil war.

THE TURRET ROOM, by Charlotte Armstrong. When Edie Thompson returns to the gloomy California mansion of her unhappy childhood for a visit, she doesn't mind the old turret room - until she discovers sinister emotional coils involving the whole family.

THE BEST FROM THE MAGAZINE OF FANTASY AND SCIENCE FICTION, edited by Avram Davidson. Science fiction and fantasy literature fans. MAY 10 WOMANHOOD, by W. W. Bauer, M.D. and Florence M. Bauer. A common-sense guide for teenage girls that gives frank, practical advice about sex and social problems of the growing years. Wholesome fiction is given on dating, virginity, good girl, etc.

THE HOUSE GUESTS, by John D. MacDonald. A delightful book about the author's two family cars, Roger and Geoffrey, and also some other animals. There is also much pleasant information about the MacDonald family.

FARM JOURNAL'S COMPLETE PIE COOK BOOK, edited by Nell B. Nichols. A treasury of 700 recipes for pies of all kinds, and for many kinds of pastry. Included are useful hints and a fascinating history of pies and pie traditions.

TWO JIMA, by Richard Newcomb. A detailed and dramatic account of the campaign to capture the island of Jima in 1945. It is packed with heroism, courage and human sacrifice.

PLAN EVENTS TO SELECT MISS HIGH SCHOOL

In two gala presentations to select both a beauty and a talent queen, the 1965 finals of the Miss High School of America Pageant will be held on Aug. 26 and 27 at 8 p.m. in Convention Hall, Asbury Park, as a public service project of the American College of Cosmetology and the City of Asbury Park. Forty queens will vie for the two national titles, having won state titles in contests held at home with varied vocal, dance and musical instrument solos in the talent competition, and natural beauty, scholastic achievement, participation in community projects and activities, extra-curricular activities in high school, poise and personality, speech and

## NEW OFFICERS TO BE IN CHARGE OF LODGE

New officers of Pythias, will conduct tonight's meeting at 9 o'clock in Temple Beth Torah.

The officers are: Chancellor-commander, Murray Fromer; vice chancellor, Leo Kahn; prelate, David Markoff; master-at-arms, Sidney Smith; inner guard, Telldon Isaac; outer guard, Seymour Lerner; and master-of-works, William Kaplan.

## PARK SYSTEM ISSUES HANDBOOK FOR PUBLIC

A 1965 edition of the "Handbook of the Union County Park System" has been published and is available for distribution. It has been announced by the Union County Park Commission.

The handbook offers information about the recreational facilities available throughout the park system to residents of Union County. Copies are free to Union County residents and may be obtained by sending a request to the Public Information Department, Union County Park Commission, Box 275, Elizabeth.
