In a statement issued by the two freshman councilmen,

they explained that the pro-

jected final cost of the new plant is \$170,000, which is

\$105,000 less than the \$275,000 which they maintain

would have been required to complete the original design. Vansco noted that the ori-

Estertainer Victor Hyde Delights Children at Abraham Clark School

Sings, Plays 20 Brass Instruments for Pupils

Laughter resounded from the Abraham Clark School auditorium when entertainer Victor Hyde played a variety of brass instruments and sang for the pupils. Hyde came to the school through the courtesy of the Patents Teachers Association which annually provides the children with live entertainment.

This event is always successful and Friday, Feb. 20, was to exception. Victor Hyde, who has to his credits 14 tours of Europe, a performance before Queen Elizabeth, a visit on the Mike Douglas Show and the Boio Show, knows how to make children laugh.

He astounded them, too, by playing four brass horns at time. This amazing gentleman told his young suddence that he had learned to play all 20 brass instruments while attending public school where, he said, is where their hope for a life of fulfillment begins.

Apartments Nearer Reality

The News-Record has learned that the developer for the Redevelopment Agency has secured a mortgage commitment from the State Housing Finance Authority. He has been given 120 days to complete working drawings, which will be due July 1. Hopefully, construction can begin as close to that date as possible, and Rahwayans can look forward to the prospect of having in totum four new 12-floor apartments. The first phase of construction, however, will only

Redevelopment of the approximately 30 acres in the downtown field area has been a big problem for both Democratic and Republican administrations, People have become cynical about a starting date, and indeed there has been unnecessary delay, primarily by the former developer. But beyond the problem of delays, the project is a vast undertaking that could greatly enhance the downtown area.

Costing approximately \$30 million, the four buildings will have \$75 price remains from the four buildings.

Police Blotter Wins Favor

Since we started to include the "Police Blotter" feature, many citizens have commented on its worth-while nature. Pointing out that the column has helped

to fill a void in crime reporting many readers are making it part of their weekly reading.

The purpose of the "Police Blotter" is to aid the Rahway Police Department in the apprehension of atlarge ciminals and to recover stolen merchandise.
It also serves to alert citizens to those cashing a

series of bad checks, performing break and entries, committing acts of vandalism, etc.

While we shall also include articles on major crimes on a weekly basis, the "Police Blotter" is a tasteful way of reporting most of the significant crimes that occur in Rahway without turning The News-Record into a scandal sheet.

At all times, sensationalism is avoided. The facts are given, and citizens are armed with the necessary information to contact policemen when they feel suspicious circumstances warrant. Cooperating with the Rahway Police Department is the principal way of keeping this city's crime rate down

Join the Auction Sunday

This Sunday The Rahway Historical Society will hold an auction-party at the Ilderan Outing Club. The proceeds of the event will be used to save the "Girl Scout House" from passing into extinction.

Scheduled to begin at 2 p.m., the auction will offer works by world-renown artists, such as Picasso and Dali, as well as those of talented local painters. To date, with the cooperation of the major industries in Rahway, community organizations, and the public, the society has been able to raise a reported \$40,000. This is still considerably short of the necessary \$75,000 to purchase the structure. Maintenance might be forthcoming from the state, but that is not yet a cer-

tainty.
This event is an opportunity for Rahwayans to show their support for retaining some part of the past that is with us. Three-story pre-Revolutionary structures year by year are becoming rarer. Some fall into ruin, others burn down as was the case with the Cross Kevs Hotel, still others are torn down to make way for new construction, particularly federal housing projects. Perth Amboy has demolished almost entire blocks of pre-Revolution architecture to make way for fed-

eral-financed high-rise slums. Tickets are reasonably prices at \$2, and over 200 paintings and related artwork will be auctioned. It's a good time to grace your home with a fine painting. Many of selections will be started at fair prices, so aiding The Rahway Historical Society will be easy to

Office Needed for Delivery

For along time now, Western Union has been considering closing its Rahway office, pointing out that "similar" service is available by phoning in telegrams to an Elizabeth office and having telegrams delivered by employees of a drug store in the city. We maintained months ago that if Western Union is to

continue having monopoly privileges extended to it as a public utility, then it should bear the responsibility of running its own house and maintaining superior service which we think is extremely difficult under a franchise

Just recently, William E. Ozzard, president of the Board of Public Utility Commissioners, ordered Western Union to deliver telegrams by hand unless senders indicated to the contrary. This action was taken because Western Union in practice was not informing the public that it does not deliver telegrams unless requested. When the request is made, a 75-cent surcharge is

The PUC found the charge reasonable but noted the majority did not get their telegrams delivered because they did not know a request had to be made. It also ordered the company to expand the area in which they deliver telegrams. At present, this service is available in only 399 out of the approximately 570 New Jersey municipalities.

Since the PUC is holding Western Union to a stricter standard of local performance, it would seem out-of-step with their directives to abolish the Rahway office which is making a profit and best services the needs of

Attend a Good Card Party

The St. Agnes Rosary Society in Clark will be holding its annual card party Thursday, April 2. Scheduled to begin at 8 p.m., this is the largest fund-raising event of the society, and its proceeds will aid the parish fund.

The theme of the party is green for the Irish, Staff members of Irish international Airlines will show various fashions made of Irish lace and linen. The admission price is a reasonable \$2.50 and affords members of the parish a way to aid their church. We know the organizers of the affairs are eager to have an a-one turnout at the auditorium of the Mother Seton Regional High School. Why not aid them?

'Child's Play' Isn't for Kids

A DAVID MERRICK FLING

David Merrick's flair for interesting theatre presents itself this season in the production of 'Child's Play" by Robert Marasco, This chill-ing tale is misnomered if for no other reason than it is a chronicle of the ebbing hours of a ten-year plot which is consummated in the destruction of a human being.

The playwright sophisticates adult

depravity subtly cluing the audience through the reactions of students in a Catholic boarding school.

If hate and evil are your cup of tea, then look to Par Hingle for an excellent portrayal of a doring professor unable to withstand the fessional challenges of a colleague

portrayed by Fritz Weaver.
The plot has 'anti-cleric' and 'antiacademic-administration overtones. The headmaster is projected as a weak and frustrated priest unable to cope with the crisis of a student revolution. The prefect-of-discipline

is an overbearing priest whose answer to every problem is the restriction of human activity.

Nine boys represent a student body of 200 in the play and have a deva-

stating impact on the audience thru the medium of silence rather than the spoken word. They combine the dramatic technique of the Greek chorus and Alfred Hitchcock's best mom-ents in "Psycho," Sado-masochistic is the only adjective which can de-

scribe the student mood and conduct.
The theatregoer is very subtly informed that the student body is in-tegrated in that one Negro student ap-pears prominently in the critical student scenes.

If you are looking for an escape from the trauma of everyday living, this is not the play to see.

The audience is left with an empty feeling in the pit of their stomach but a mind which seethes with questions and their stomach their stomach.

What do you tell your child about God?

Or, more important, what do you tell yourself . Nothing has greater bearing on your well-being

The confidence you have in God's love helps your child feel God's presence. It helps him gain confidence in good. And it creates an atmosphere of harmony, which is so important in any home.

The Bible, books, and periodicals in our Reading Room can help you research and prove for yourself, the truth about God and man. And this can bless all

Small Companies Get Big Morale Boost from Blue Cross and Blue Shield Group Coverage.

If you're a relatively small business you might think Blue Cross and Blue Shield Group Coverage is too big for you. Not so. Blue Cross and Blue Shield has plans for groups as tiny as four. In small companies such as that, the value, morale-wise, of the Blues is fantastic. It cuts down the brain drain-of losing your-valuable people to larger firms simply because they do offer the benefits of the Blues. And, it means that your people are not troubled by the spectre of what happens when illness comes and so are able to concentrate more effectively on their jobs.

Think about it for a minute—then fill out this coupon and send it along.

An amazing new ingredient now comes in this familiar package.

It's called a longer-lasting engine. Longer lasting than what? Longer lasting than our old engine, which in case rou didn't know, was one of the toughest engines

The new version is more powerful. (Top speed: 81 mph vs: 78 mph.) It has better acceleration. And most important, it weighs the same as the older version. So it doesn't have to work as hard to

get you where you're going. But that's where the generation gap ends: The new engine will still give you a good 26 niles to a gatlon of gas. It still takes pints of oil instead of quarts.

It still abstains from antifreeze. Because it's still And it's still conveniently located in the rear for better traction in mud and snow. Yes, all the things that made our old package a

hit last year are back again this year.

Including our old package.
