A weekend coast-to-coast call doesn't have to cost more than a 70° snack.

You can save by dialing calls on weekends. From 8 a.m. to 11 p.m. Saturday. 70¢ plus tax is the most you'll pay for a 3-minute call to anywhere in the U.S.A. except Hawaii and Alaska. That's if you dial your own stationto-station call without using the ser-

vices of an operator. And that's about half as much as the same call costs before 5 p.m. weekdays. · and save. Save enough to buy some snacks...or make more phone calls.

Mr. Kernan outlined the issues as follows: "1. We must continue professional management of the school budget so that the taxpayers receive full value in return for their contribution to the school system; 2. We must encourage a much wider community interest in the school system as the best way to insure that our young people develop the knowledgeand skills they will need in their world of tomorrow." "This should begin with an advisory board composed of our own townspeople, making a complete study as to the future needs of our school system. This should include any future building program and reorganization of the present classroom space so as to provide flexible education programs, such as team teaching, educanional development laboratories and individualized instruc-Mrs. Billy said the most important function of a board should be to see "that the children receive an education that can best meer their individualized needs. A resident of Rahway for 13 years, Mrs. Billy has two children in the public schools. Mr. Keefe, a lifelong resident of Rahway who lives at 404 Central Avenue, stated that his platform is as follows: "1. An educational system that is more receptive to the individual needs of students, teachers, administrators and parents; 2. Retention of our experienced, knowledgeable teachers; 3. A grievance body for students and parents that is accessible to he administration to make grievances known before they escalate into areas of unbearable frustration; 4. A system which keeps the public informed of all board actions and activities." I believe I can bring to the board an outlook of total education, using all the resources available to us." Mr. Keefe declared. "I do not feel that I should attempt to run our schools, but I must see that they are well run." Mr. Keefe said his background, training and position have made him aware of the necessity of making the system relate to the individual and the individual to the system.
