Rahway Needs a Law to Govern

The Development of Flood Plains Rahway needs an ordinance regovern the development For Excuses of flood plains. That communities should pass such a measure has been the advice of all experts on flooding and stream On Flooding environment in the State, but somehow Council does not

want to move on this subject. The Democratic majority on the governing body voted flooded because I live on local level. Surely, someone riders have created difficult are evil men who are the award of contracts for to kill such an ordinance at the March 13 meeting. The higher ground, I am very to to blame, and isn't it too culties through reckless and waiting for enough Americans 'Professional Services' withvote was five Democrats against and four Republicans sympathetic to all myneigh late for excuses? bors and others who suffer Why such an issue should degenerate into a political flooding in the Robinson's CASIMER KAMINSKI football has not impressed itself upon the staff of this Branch area. I have watched 454 Central Avenue them organize and work to Rahway To us the issue is clear. Rahway needs a law to clear the streams and try prohibit unwise development of areas that presently to save whatever open lowretain flood waters for the good of all of its citizens. lands are left to hold some Cr The Democratic councilmanic majority had good of the flood water. reasons to vote against the first ordinance proposed. It seems to me that it is by Fifth Ward Republican Peter M. Donovan. The law high time the Union County was unclear in that it failed to specify areas that would prosecutor looked into the be affected by the proposed one-year moratorium on possibility of malfeasance nstruction in flood plains. It was unenforceable and, or non-feasance among city officials in the past and perve feel, violated private property rights. haps present administration. The Fifth-Ward councilman, however, changed the proposed measure substantially and added a map delineating areas to be affected to comply with the good who are trying to catch up

with the problem and seem suggestions of Democratic councilmen. Sections included in the second ordinance exempt to want to help, but some-flood control projects from the moratorium, specify where along the way, the affected areas, appoint enforcing officials and provide city allowed its streams and Rahway needs an ordinance of this kind, and if the Democrats object to the one proposed by the Fifth Ward councilman, then surely they should provide one of their own shortly, before construction is begun or completed that would deleterlously affect homeowners who are already frequently flooded. Perhaps it could be a better The staff of the newspaper cannot recall when a

product than the ones heretofore introduced. citizens group has fought so long, hard and cogently as Rahway Citizens for Flood Control to improve the city. Many of these good citizens are well-known Democrats. others are Republicans, but their political affiliations have nothing to do with the need for this law. The need is real, and so far, Council has not supplied the RCFC with the laws to reduce the threat of serious flooding. This announcement is neither an offer to sell nor a

solicitation of an offer to bus these securities.

LEGAL NOTICE NOTICE IS HEREBY GIVEN that the following ordinance was introduced and passed on first reading reading at a regular meet of the Municipal Council of the City of Rahway, N. J., held on the 13th day of March, 1972, and that said ordinance will be taken up for further consideration and final passage at a regular meeting at City Hall, 1470 Campbell Street, Rahway, New Jersey, on the 10th day of April, 1972, at eight o'clock P.M. prevailing time at which time and place all persons interested therien will be given an opportunity to be heard concerning the same. ROBERT W. SCHROF City Clerk AN ORDINANCE TO PROVIDE FOR THE REGULA-TION AND CONTROL OF INDUSTRIAL WASTE

AND TO PROVIDE THE RATE SCHEDULE FOR WHEREAS, THE City of Rahway has judged and does hereby judge that an Ordinance should be adopted regulating and conrolling industrial liquid waste discharged into the municipal sanitary coworage system and, further, that rates should be established for the discharge of said industrial liquid waste into the City sanitary sewerage system, NOW, THEREFORE, BE AND IT IS HEREBY ORDAINED, The purpose of this ordinance is to provide for equitable charges to industrial users based upon quantity and strength of wastewater discharge in compliance with Federal Regulation 18CFR601.34, dated July 2, 1970 1. INDUSTRIAL WASTES No industrial liquid waste shall be discharged into the sanitary sewer system of the City of Rahway unless it is amenable to secondary or biological treatment processes. No toxic materials, or wastes containing explosive or flammable substances which would be detrimental to the collection system, including pumping stations and all treatment plant facilities and equipment or treatment processes shall be permitted to be discharged into the collection sys-Paragraphs 2 and 3 set forth in further detail requirements concerning limitations on the quality of industrial waste charac-Every industry proposing to connect with the City sewer system and to discharge industrial waste into same, shall submit a the waste shall not be co-mingled with the industrial waste within complete chemical analysis of the waste, including biochemical

oxygen demand (BOD), chemical oxygen demand (COD), suspended solids, chlorine demand, phosphates, nitrates, and other waste characteristics required by the regulatory agencies and the New the average daily domestic sewage flow by 300 gpd—the latter rep ersey Department of Environmental Protection Every industry connected to the City system and discharging annual rate for discharge of domestic sewage into the City of Rahindustrial wastes shall pay a quarterly charge to the City to cover the cost of treatment of said industrial waste. Payment for industrial waste shall be based upon the following stors:

Capture of the following annual sewer charge applied to each household unit (presently \$15.00 per year). Industrial waste flow 2) BOD of the waste.
3) Suspended solids of the waste. The City of Rahway reserves the right to include additional made by any other agency for such quarter or any succeeding charges for industrial waste characteristics as may be imposed by period he Sewerage Authority to the City of Rahway or to modify the rates based upon actual cost to the City of Rahway QUARTERLY RATE SCHEDULE FOR INDUSTRIAL WASTES \$100.00 per MG or Million Gallons per Quarter

BIOCHEMICAL OXYGEN DEMAND \$ 60.00 per ton SUSPENDED SOLIDS: Tons per Quarter \$ 30 o0 per ton The City of Rahway shall undertake periodic sampling and testing of the waste to determine both volume and strength or The volume of sewage and or industrial waste from each industrial establishment may be determined by meters paid for and installed and maintained by the owner, actual water meter records and/or private well meter records combined with municipal water records or from estimates or measurement made by the City of Rahway consulting engineer The characteristics of the industrial waste shall be determined from actual samplings or other approved means and shall be based upon analyses made in accordance with the procedures outlined in the latest edition of "Standard Methods of Analysis of Water and Sewage" published by the American Public Health Association. The City of Rahway may require the installation of automatic samplers at the cost of the owner to obtain representative samples Additional classifications of waste characteristics or modifications of the rate schedule may be established by the City of Rah-

10c per thousand gallons

during a calendar quarter or as may be required The City of Rahway will accept industrial wastes into the sanitary sewerage system upon execution of a formal, written agreetions. If any such sections or part of section shall be invalid, such ment, and under and subject to the provisions appearing in said agreement, and the rules, regulations, and rates stated herein. The agreement will set out in detail the characteristics of the wastes, extent that an entire section or part of section may be inseparably flow conditions which shall govern and the conditions with respect to the physical connection or connections. It will be the policy of the City to consider each application on its own merits.

Any and all ordinances and parts of ordinances inconsistent policy of the City to consider each application on its own merits, and to esatblish specific conditions applicable to the particular with this ordinance or parts thereof are hereby repealed. situation, for each agreement. No connection shall be made prior to execution of the agreement.

Prior to approving an application for a connection involving the acceptance of industrial liquid wastes, the applicant shall sub-

mit complete data with respect to the following: a. Average, maximum rates of flow to be expected daily and b. Flow diagram, showing points of applications of chemicals, ype and quantity of each chemical used per day and per a schedule of operations, expected chemical characteristics of the untreated wastes, and the point or points of onnection to the sewerage system. The normal situation will require the separation of and separate points of con-nection for domestic sewage and industrial wastes from each industrial establishment. c. Chemical analyses and waste characteristics of liquid dustrial waste to be discharged into system. 2. PROHIBITED WASTES (1) Wastes containing the following substances or possessing the characteristics listed below will not be accepted:

a. Any vapors or stream.
b. Any fluids with temperature in excess of 150 degrees Any fluid wastes which contain in excess of 100 parts per million of fat, oil or grease, either vegetable or mineral. Any volatile, explosive or flammable substances such as Any volutile, explosive of infinitude substances are as benzine, gasoline, naptha, fuel oil or similar substances. Any solids or viscous matter which may contain any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers; tar, plastics; wood, paunch, hair or similar—substances.

J. MICHARLE LLARK P. C. Any-Huld wastes having n-pH-value less than 5.5 or in Amorney for Plaintiff excess of 9.0 or possessing other properties capable of causing damage or hazard to sewers, structures, treatment

process, equipment or operating personnel.

Personnel Department. Mr. and Mrs. Nicholas Sica, shall be provided and continuously maintained in an effec-(4) Each owner connected, shall be responsible for maintaining a quality of effluent from their premises which conforms to the provisions established in their agreement with the City of Rahway. Sampling and analysis shall be done to conform with accepted practice, and in accordance with the current edition of "Standard Methods for Examination of Water Sewage and Industrial Wastes" published by the American Public Health Association. The cost of preparing and submitting this data for consider-

ation by the City of Rahway shall be borne by the induscompliance with the terms of the agreement shall be borne by the owner although conducted by the City of Bahway or its duly authorized representative CONTROL METER AND SAMPLING MANHOLE Industries permitted to connect to City of Rahway's sewers. even though not initially required to provide preliminary treatment, may be required to provide a control manhole and or meter, as described above 5. INDUSTRIAL WASTE METERS AND WASTE SAMPLERS (1) Where the owner provides its own water supply, entirely

separate from that supplied by the City of Rahway, o provides from its own sources a portion of the water con sumed on the premises, which eventually finds its way into the sewerage system of the City of Rahway, all aforementioned provisions will apply. This does not relieve the owner from the requirement to furnish install and maintain meter of the indicator-register-record type, to measure the discharge of industrial wastes, as provided herein. All costs of furnishing, installing and maintaining the industrial waste flow meter will be borne by the owner. The City of Rahway's representative shall have access at reasonable times to industrial establishments and to any meters used to determine waste volumes discharged into the sewer system or excluded from the sewer system 6. PROHIBITED CONNECTIONS Under no circumstances will any of the following be connected to the sanitary sewers, directly or indirectly: Floor drain, area drain or yard drain.) Rain conductor or downspout. c) Grease pit.

(d) Air conditioning equipmen (e) Storm water inlets or catch basins. Drains from piece of equipment or manufacturing process, except when specifically authorized under the provisions of these rules and regulations. DOMESTIC SEWAGE A separate connection shall be provided for domestic sewage and household connections from the discharge of domestic sewage from each industrial plant. This shall be determined by dividing resenting the average household domestic sewage discharge. Th way's sewer system shall be computed by multiplying the number

of equivalent units, as determined by the formula above, times the 8. PAYMENTS The rates and charges fixed by the City of Rahway shall be in lieu of and in substitution for any other sewer charges heretofore Bills for said charges and rents shall be rendered to the owner or each premises quarterly in advance as soon as may be prac ticable after the beginning of each quarter and may be rendere with the tax bills covering real estate and said charges and rents shall become due and payable as herein prescribed. Said charges and rents shall draw interests and be a lien upon the premises until paid and the City of Rahway shall have and exercise the remedies for the collection thereof with interest, cost and penalties provided in Sec. 40:63-8 of the Revised Statutes and IRVING STREET, OPPOSITE ELIZABETH AVE. as it has by law for the collection of taxes upon real estate. 9. CONNECTIONS MANDATORY AND SPECIFIC Each owner of premises located on streets in which sewers are available shall connect all sewerage facilities on said premises to

the sewer system immediately upon such sewerage facilities become ing available and use said sewerage facilities at all times for No alteration or repair to any part of the sewer system or any connection thereto shall be made except by duly authorized representatives or employees of the City of Rahway without application for such having been made to the City of Rahway and approved and upon compliance with the rules and regulations of the City of Rahway relating thereto. No cesspool, privy vault, subsoil or cellar drains, rain water or surface drains shall be connected with the sewer system or any Any person, firm or corporation who shall fail to comply with be punished by a fine not exceeding \$50.00, or by imprisonment for a term not exceeding ten (10) days or both. Ready to buy a new or late-model used car? The best deal on wheels is as close as your office of UCTC. Here's our offer. With any approved UCTC car loan of \$1,000 or more, we'll hand you a check covering the registration fee for the first full year. That's a cash bonus of \$12...\$18... or \$30, depending on the size of car you buy. You have all the cost advantages of direct bank

financing. You can take up to three years to repay or UCTC's monthly budget plan. Credit life insurance protection is available at nominal cost. An offer this good can't last forever. Come in now before

you shop. We'll pre-approve your credit. You'll have the power to deal like a cash buyer . . . wherever you wish. Direct bank rates . . . fast action . . . pre-approved credit . . . and free registration. Four good reasons to buy now with a UCTC Car Loan.
