RAHWAY, NEW JERSEY, WEDNESDAY, DECEMBER 24, 1980

\$140,000 contingency fund to cover part and pre tutute legal costs and other expenses. That is how an additional appropriation to cover the construction of the new City Hall complex was described by Rahway Business Administrator Joseph M. Martnett after introduction of an ordinance Dec. 15 which will bring the total appropriation for the project to \$4,650,660 if it is adopted on Monday, Dec. 29. According to Mr. Hartnett, the money would also be used

to put finishing touches on the building and to pay instruction inspector, Arthur Gabel, until June. The bond ordinance was introduced by a S-3 vote with the suncil's three Republicans voting against it after arguing for a lesser amount, according to the business administrate Reportedly \$30,491 will go to pay legal custs incurred

during the long intgation involving the city and a group of residents associated with the Rahway Tappeyurs Assn., who wanted a referendum on a bond ordinance passed two years

million already allocated at that time for the subject. The refused to vote for a figure higher than \$65,000 and the Council members were expected to take a tour of the complex Dec. 20 to get a better idea of the necessity for some of the expenditures in the ordinance. The Governing Body also voted to insert \$7,800 into the 1980 budget. The funds came about as the result of the extension of a Comprehensive Employment and Training Act contract to Wednesday, Doc. 31. Another \$19,200 was also inserted because of another CETA contract which was extended to Dec. 31.

Step-family explosion

2011 The WEAR 2047, DECEMBER 24, 1640

presents 'roots' problem Enclosurements of a steptamily, a family where one of the applies when the basiogical parent, the bolidays may be the season of costociating decisions about familial obligations. wass Rong on University social-worker educator, Mrs. Greta-W Northern Association horself. Prof. Stanton has spont more than sorking with and studying children and families.

Recent is she tocased her attention on the problems arising them the case makering days are and remarriagerates that have produce the step-tailuly explosion. Standards indicate in the 1980's 95% of the adult - population in the Ended States will marry, and 40% of those enarry the shake war. - 49 to see divorced. NOW will remark and 40% of the tornations will disson again. - In ref of all the remarnages there will be one parent who

has east sits of one or more children. And, according to "The New York Times, " by 1990 only 50% of all children under 18 was be using with both their natural parents. - Instay, one chud out of six in the United States is country's 24.5 million households, remarried couples live with some move children from a spouse's former marriage. Step, madren, the professor said, tend to be the most

sufnerable subjects to the emotional and psychological turmed that can anise in a newly-formed steplamily. Next duren may become the innocent recipients of the parents' "unfinished business" with each other and consequently feel "unwanted, unloved, or torn apart," the Cocatorn explained These studges, she continued, must grapple with the problem of "nots" because they have at least three, surveying that parents, plus an estra number of grandparents and relatives. They ask themselves, "Who am I?"

I where do Decking?" "What parent do I want to be like, or will I be like when I grow up?" That's where a social worker or agency can help. Prof. Stantist nored. A boy or girl during the teen years when cuests as of norts from large may be referred to an agency the performs such as depression and alcohol and drug abuse. The summer in fact, might be suffering from step-family dis-mentation or the "unfinished family business." While there are now community mental health clinics and fatters agencies that do offer services to help all families and a few that offer services to stepfamilies in particular, the social worker explained more has to be done. Professional help shelid be made available to help stepparents and their children at the earliest possible time, preferably at the places where they congregate, churches, temples, libraries and

Har emery educational groups and crisis-intervention minis and a server is even in which professionals might oc able to reach a troubled stepchild or stepparent when problems first develop, the added. Presentist, Prof. Stanton's research involves an attempt to put forestion pilot programs for educating stepfamilies, paid less than 90% of the student social soriers and others about step-family De la comp I wish we could encourage people to seek help at the time through litigation. when families burt the most, during the transitional life crisics of death or divorce, at remarriage or early in the nemarriage period," she concluded, "This is when

stepparents can make a go of the new family relationships by not respecting so much so soon of themselves and their hisdren of the children of their stepparents."

How to waste money 'Fedgov' lesson No. 7

Who can belp but be enraged by the senseless throw aways of American taxpayers' money on foreign aid

By E. Sidman Wachter

and government-guaranteed credits and loans to our Communist enemies? On the domestic scene, who can stomach the windfall the presidents of the government's new Synthetic Fuels identify the type of wood. Corp appointed by Chairman John Sawhill have been meduled to receive salaries of \$150,000, \$140,000 and up to \$13m (\$18) menpermineter per annung. President-ciect Ronald Reagan is dead right in his pledge to cut government spending and reduce taxes. The American public is fed up with both. It is time for the cry babies to stop - mining about the "oppression of the poor" sure to come to pass as a result. That is more campaign oratory, not fact... All "fedges" has to do to pare billions and billions of dollars from the federal budget is to cut out the waste and nonvense. Details on these are readily available in Donald Lambro's new book, "Fat City," Here are a few annual figures:

"Five hundred million to \$1 billion wasted on hon-principal or fravolous travel. -One bulkon dollars to conduct the 1980 census, the results of which are now being challenged in the courts. According to General Accounting Office auditors, this central could have cost \$400 million less. -Six bullion eight hundred million dollars, complete with

"guidelines" handed to state and local governments through revenue sharing, promoting the dependence of autonomous covernment entities on "Big Brother." --Five hundred million dollars for movies on every concrivable subject. \$1.5 billion to "hype" government agencies and glorify their bureauterats through public relations schemes carried out by 20.000 other bureaucrats whose salaries also must be paid from taxpayer funds. -Sixty eight million dollars to operate 11 federal-state

regional commissions, called even by Flendest James Carter "a waste of time and money." -Morever, regental government is an import from the Soviet Union, whereas the United States is a republic comprised of many sovereign states. -Two-and-a-half billion dollars for well-beeled consultants

to prepare studies seldom read by anybody. --One-and-a-half million dollars for private chefs and dining rooms for cabinet secretaries and top military brass. -One hundred thousand dollars for professional masseurs for representatives and senators. -Multiple billions of dollars for fedral student-loan programs, with widespread individual cheating and official

corruption at all levels. --Twenty-four billion dollars for the Dept. of Agriculture, which finances "scientific" studies to ascertain the most popular vegetable grown in backyard gardens is the tomato. -Half of the U.S. D. A. budget goes not to help farmers but hand out Fred Starme www.s-manted was hear to pay for

neals in restaurants. It is devoutly to be hoped with so many big spenders eliminated at the polls this year the 97th Congress will get down to brass tacks and excise from government expenditures not only the waste and corruption but also the idiotic, undesirable and unnecessary outlays.

Don't burn money

officials should advise you concerning the requirements for locating and installing a wood stove safely. The New Jersey Division of Consumer Affairs_through inc____ Unice of Weights and Measures, has issued rules designed to protect buyers of firewood. The rule requires a cord of firewood be stacked in a compact manner with individual pieces touching and parallel to each other in a space of 128 cubic feet. Generally, firewood must be sold by the cord. There are three exceptions to this rule: Natural or processed wood sold in packaged form may be sold by the cubic foot, whole logs must be sold by net weight and firewood offered for sale in packaged form may be sold by net weight plus individual count when each package contains less than four cubic feet. salaties for ' fedges ' bureaucrats? Just recently, the three ticket or sale invoice and include the quantity delivered and Deliveries of firewood must be accompanied by a delivery

If you have any question aming the measurements of firewood offered for sale or if you have a complaint concerning firewood sales, you should contact your local or county weights and measures office.

Poilisettie plants arou ice in Clar

When your family gathers around the Christmas tree tomorrow and admires poinsettia plants, which decorate many homes, you might remember many of the Yule plants have been grown right in the township for the past 20 years This year alone, Mr. and Mrs. Louis R. Miele of 982 Lake Ave. raised some 3,500 of the decorative flowers, most of which were sold to wholesalers in the metropolican area. Named in honor of Joel Poinsett, a one-time United States imbasuador to Mexico, the tropical plant is part of the spurge family, which has about 4,000 species, ranging from small rorping plants to large trees. The plant has small, yellow Aswers with red, white or pink bracts. Prior to shipping this year's crop, the Mieles were hosts at an open house for friends and business associates on Dec. 14 Clark, was assigned to Kessat their home.

The original structure of the house was built more than 100 years ago. It is located adjacent to the greenhouses and also NORSES AR OFFICE. Colorful plants decorated every room, and there was a tour if the greathouses. Mrs. Miele has been affiliated with the business ever since ence through the Commun-

her marriage to Mr. Miele seven years ago. The Mieles work ity College of the Air Force. seven days a week in busy seasons on the two-and-a-quarter- The airman will now reacre form. The only son of Mr. and Mrs. Louis A. Miele of 980 Lake Ave., Cark, Louis R. Miele assisted his parents on the farms most of his life. He purchased it from them 10 years ago. The

ider Mr. Miele still helps out. There area bout seven employes at the greenhouse, ncluding some part-time students and housewives.

It was pointed out Poinsettias are a long crop. The Misles start late in April with stock plants of rooted cuttings shipped from California. Then, early in July, when they are a substantial size, the firm makes its own cuttings from them. It takes four to five weeks for the township-made stings to root and the Mieles start planting early in August. The first cuttings become the largest plants. Poinsettins like sunlight and do best in a quiet, draft-free location where they can get at least four hours of direct sunlight each day. They like a moderate temperature--about Church in Elizabeth 5 to 65 degrees at night and 68 to 75 during the day if raised at house.

It is important not to water the plants too much. The Mieles water large plants daily and smaller ones two or three The plant can be put in a closet or some other dark area and John Chrebet of Rahfrom about four in the afternoon to about eight in the morning. For the plants to flower for Christmas, the alternate

light and dark period should start late in September or by ly October. Mrs. Illu Seerles Taylor, 57,

The next tournament to be sponsored by the club will be a One-on-One Basketball Tournament. To date there are 112 entrants, reports James R. Powers, physical education instructor.

RAY'S CORNER _____ By Ray Hoagland _____

Some highlights of the recent football season: Harold 'Butchie'' Young of Rahway was the first Union County scoring champion from the city since Joe Williams. Young ran away with the title, producing 149 points on a combination of 19 touchdowns, a field goal, 28 placements

and two two-point conversion plunges. Williams established what was then the Union County kecord of 191 points, before Young was born. He went on 1 star at the University of Iowa and then in the Canadian League and set his schoolboy record in 1958. He broke loose for 30 touchdowns and 11 extra points, conversion runs then were worth just one point, during an eight-game season. Williams scored six touchdowns in his final game against Jonathon Dayton Regional on Thanksgiving Day at Veteran's Memorial Field in Rahway. Young, who leld the Indians to a 10-2 record, averaged

45.6 yards on his touchdown runs, topped by an 85-yard kickoff return in the North Jersey, Section No. 2, Group No. 3, final, a 10-7 loss to Summit. He broke loose for 15 touchowns runs from scrimmage, two interception returns." a fumble-recovery return and the kickoff. Young had runs of 65 and 55 yards with interceptions.

Greg Roszkowski of Clark kicked 15 of 19 extra points. The longest punt return for a score was by Gawain Bragg of Rahway, 55 yards, and John Bukowiecz of Arthur L Johnson Regional High School of Clark, 50 yards. ...

Our selection for the coming Watchung Conference. National Division boys basketball champion is between the Hillside Comets and the Arthur L. Johnson Regional High School Crusaders, with Union Catholic a good bet, followed by Cranford, Roselle, Rahway and Roselle Catholic. In the girls' division it will be between the Union Catholic and Johnson girls followed by Roselle, Hillside, Cranford and

Rahway. In wrestling it appears to be a toss up between Rahway and Johnson, followed by Hillside, Cranford, Roselle, Union Catholic and Roselle Catholic.

Cosmetic Benefits Question: My mother, a

widow in her sixties, recently spent a whole day with a beauty consultant having herself "made over," I think she's too old for this, Should I be concerned?

Answer: There is no age limit to feeling good about one's appearance, Cosmetics are beneficial to people throughout their lives. Ac-cording to an independent conducted by reworch psychologists the use of cosmetics helps people retain a lively appearance, to communicate vigor and competence, and to grow older gracefully with a sense

of dignity and pride. 71, butcher

STATEMENT The bond ordinance published herewith has been finally adopted on Monday, December 15, 1940, and the twenty-day pariod of limitation within which a sait, action or proceeding question ing the validity of such ordinance can be compensed, as provided in the Local Bond Law, has begin to run from the date of the first publication of this statement,

> EDWARD R. PADUSNIAK TOWNSHIP CLERK TOWNSHIP OF CLARK

BOND ORDINANCE PROVIDING FOR A STORM WATER DRAINAGE IMPROVEMENT IN BLAKE DRIVE AND CLAUSS ROAD DN AND BY THE TOWNSHIP OF CLARK, IN THE COUNTY OF UNION, NEW JERSEY, APPROPRIATING \$17,398 THEREFOR AND AUTHOR-IZING THE ISSUANCE OF \$14,500 BONDS OR NOTES THE TOWNSHIP FOR FINANCING SUCH APPRO-

BE IT ORDANED BY THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF CLARK, IN THE COUNTY OF UNION, NEW JERSEY (not less than two-thirds of all the members thereof affirmatively concurring), AS FOLLOWS: ECTION 1.

The Improvement described in Section 3 of this boad ordinance is hereby authorized as a general improvement to be made or acquired by The Township of Clark, in the County of Union, New Jersey, For the said improvement of purpose stated in said Section ? there is hereby appropriated the sum of \$17,306, said sum being inclusive of all appropriations heretofore made therefor and including the sum of \$898 as the down payment for said improve-

virtue of provision in a previously adopted budget or budgets of the Township for down payment or for capital improvement SECTION 2. For the financing of said improvement or purpose and to meet the part of said \$17,398 appropriation ast provided for by applica-tion herounder of said down payment, segntiable bands of the nin and all and a sub- and and and a sub- and a sub- and a sub-

mount of \$16,500 pursuant to the Local Band Law of New Jersey. In anticipation of the issuance of said banks and to tempo-rarily finance said improvement or purpose, segutiable notes of the Township in a principal amount not exceeding \$16,500 are hereby authorized to be insued pursuant to and within the limitations prescribed by said Law, TION 1.

(a) The improvement hereby antherized and purpose for the financing of which said obligations are to be immed in the improvement of the storm water drainage system of the Township in the Blake Drive and Clauss Read area by con-struction therein of storm water severs with required catch basiss, masholes, fittings, as shown or referred to on the plans hereinafter meetioned, tegriher with required structures and appurturnances and including all work and underials secessary therefor or incidental thereto, all as shown on and in accordance with the plans and uperifications therefor to be prepared and filed in the office of the Township Clerk, (b) The estimated maximum amount of bonds or motes to be insued for said purpose is \$16,500, (c) The estimated cost of said purpose is \$17,396, the excess thereof over the said estimated maximum amount of bonds or notes to be issued therefor being the amount of the said \$000 down payment for said purpose, CTION 4. . . .

The following additional matters are hereby determined, de-clared, recited and stated; (a) The sold purpose described in Section 3 of this bend ordinance is not a current expense and is a property or improvement which the Township may lawfully acquire or make as a general improvement, and so part of the cest thereof has been or shall be specially searced on property specially bearfised thereby. (b) The period of undelness of axid purpose within the limitations of said Local Bond Lev, according to the reason-able life thereof computed from the date of the said books sutherised by this band ordinance, is farty (40) years. (c) The supplemental delt statement required by said Law has been duly made and filed in the office of the Township tierk and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey, and such statement shows that the gross debt of the Township as defined in said Law is increased this boad ordinance by \$16,500, and the said obligations by this boad ordinance by \$16,500, and the said obligations prescribed by said Law,

and other house of exponse listed in and permitted unfor Section 40A:2-20 of and Law may be included as part of the cost of said improvement and is measure in the investing stimule thereof, The full faith and credit of the Township are hereby pledged

The will find an event of the principal of and interest on the sold obligations sollierized by this band ordinance. Said obligations shall be street, minimized obligations of the Township, and the Township shall be utiligated to lovy at valorem taxes upon all the taxable property within the Township for the payment of said shill places and interest the Societ without limitation of rate or amount. CTION 4. The casital builget of the Township is hereby amouled to con-
