Council fails to act on waste-plant vote; Administration: City voice will be heard

By R. R. Faszczewski
A resolution which would have placed the question of whether Rahway should be the home of a resource-recovery plant serving Union County's 21 municipalities on the ballot for the Tuesday, Nov. 6, General Election failed to gain approval at the City Council's meeting on Monday.

The councilman seconding the resolution, Lawrence Bodine of the First Ward, withdrew his second after he was assured by administration officials any final decision on the plant would have to have Rahway's approval first.

Councilman Bodine added he wanted further information on the plant, which would convert solid waste to energy, and he wanted any final county resolution

on the matter to contain guarantees Rahway's wishes would be adhered to before the plans for the facility were given the final approval.

Pointing out he had voted for two previous resolutions expressing an interest in the facility, only for the purpose of discussion, the sponsor of the referendum measure, Second Ward Councilman John C. Marsh, said he had been led to believe the proposed plant would be only a small incinerator serving only four to six municipalities.

Councilman Marsh added while he was mayor (from 1967 to 1970) he had suggested such a small facility be constructed in conjunction with Woodbridge and Carteret and the resolution he introduced Monday

was not politically motivated. The Second Ward representative noted a survey of the residents of the Second Ward taken by him had shown they were overwhelmingly opposed to the proposed plant.

He objected to the fact Rahway did not attend the district Solid Waste Advisory Council meetings, no traffic survey had been made in the sending communities, Rahway was too densely populated to have such a facility placed within its borders and the cost of cleanup after the trucks had gone through and the repair of the streets would be too much for city taxpayers.

The councilman then said the citizens should be given the chance to weigh out the good and bad points of the proposal and given the right to make the decision.

He added if the resolution did not pass he urged residents to telephone him at home and hinted he might start a petition drive to have the question put on the ballot by referendum.

However, Mayor Daniel L. Martin objected strongly to the way Councilman Marsh tried to portray the status of the waste facility.

Mayor Martin said only himself, Councilman Marsh and Business Administrator Joseph M. Harnett represented Rahway at the Union County Board of Chosen Freeholders meeting on April 5 when an amendment to the original plan to the facility was adopted.

That amendment, according to the mayor, only names the lot and block number where the project would be located.

The mayor added there is no formal proposal before the freeholders and to say so "taints" the whole process and no councilman can speak about the project now because there is not enough information available at this time.

Replying to Councilman Marsh's comments about the city not sending representatives to the Solid Waste Advisory Council sessions, Mr. Harnett said there was no reason for Rahway to attend since it has daily direct contact with the county on the proposal, since the city is the proposed site for the plant.

He assured the councilmen they would definitely be given a vote on a final resolution before the plans on the plant were finalized.

and pointed out the city would be sitting on the screening committee which determines which private firm would build and operate the plant.

Although Sixth Ward Councilman James J. Fulcomer said Councilman Bodine's second to the Marsh resolution should not have been removed without a poll of the entire Governing Body, according to Robert's Rules of Order, Council President Max Sheld, backed up by a ruling by Council attorney, Louis Rainone, said it was only necessary for the seconder of a motion to withdraw his second for a motion to die.

Fourth Ward Councilman Harvey Williams added by past precedent of the Council no roll call vote was needed when a second was withdrawn on any motion.

Despite his objection to the way the Marsh motion was withdrawn, Councilman Fulcomer did say a 1981 poll he had taken in his ward showed most residents supported the plant.

The councilman also said he wanted to clear up one misconception in the Marsh resolution—the plant would be used to convert waste to energy and would not simply be a "garbage-burning incinerator."

Mayor Martin also pointed out if the plant project gets to the stage where actual proposals from industry are outlined it may not be approved by the city if it doesn't meet with certain criteria.

He gave as one example the separation process, which can vary all the way from hardly any separation of metal and other objects from paper and other materials to complete separation.

Mr. Harnett added the only thing the city has okayed at this point is a compact expressing an interest in the facility with the following being the top three conditions which must be satisfied before the project is to be approved by Rahway: It must give the city substantial economic benefit in terms of helping reduce taxes, providing jobs and attracting rates; it must be proven to be environmentally sound and safe and any traffic plan must be approved by the city.

City Council told: Stop meter boost

EDITOR'S NOTE: The following is an open letter to the City Council of Rahway from Benny Alfano of the Rahway Public Market at 44 E. Cherry St., Rahway.

The City Council is elected by the people to serve the people, but judging from the Rahway City Council action on parking meters, I have my doubts.

Everyone who comes to my store from all walks in Rahway objects to the increase in meter fines from \$2 to \$5. Yet my customers were never consulted by the Council before the increase.

Not one speaker from the administration or parking authority at a recent "businessmen's association" meeting gave the people any good reason for the parking-meter increase.

The councilmen should realize many people who have received these \$5 tickets have very little money. When these poor people pay these fines they literally are forced to take food off the table of their families.

The parking authority has plenty of money to handle all of its needs and to buy new meters over the next five years without raising any rates.

The anticipated revenue for the parking authority for the 1983-1984 fiscal year was \$110,000. That was before the increase in fines and the very substantial increase in rebates to the parking authority. Now this authority's leadership wants increased parking rates. They have got to be kidding!

The City Council major has sold Rahway shoppers down the river by raising the meter fines. Businessmen are losing business and shoppers are losing because of the new fines. Now the mayor and Council are considering raising the on-street rates from 10 to 25¢ per hour. That too would take food off the table of poor people in Rahway or drive them away from our shopping center.

Is the parking authority leadership trying to run downtown Rahway into a ghost town? How can the Council actually consider this outrageous proposal? Is the parking authority leadership trying to turn our downtown business center into a huge commercial parking lot after the business is driven out?

I urge the Rahway City Council to consider first the best interests of Rahway. I urge them to oppose any increase in the parking-meter rates and to roll back the parking-meter fines to \$2.

Mr. Proctor thanks Rahway's voters

I want to take the opportunity to thank all of the voters of Rahway who supported my candidacy in the recent Board of Education election.

I look forward to working on your behalf for the next three years and I will continually work to fulfill the trust which you have placed in me.

Lesniak, Karcher in waste debate

The state senator who represents Rahway, Raymond J. Lesniak, will participate in a bi-partisan debate focusing on the issues surrounding the toxic waste crisis in New Jersey.

The debate is set for Monday, April 16, and is being sponsored by Rutgers College in cooperation with P. Signe Alpha, the national political science honor society.

Sen. Lesniak, recognized nationally as one of the foremost environmental legislators in state government, will be joined on the panel by Rep. James Florio and Assemblyman Alvin Karcher, the Rahway director of law, representing the Democratic viewpoint, and Rep. Marge Roukema, State Sen. William Gormley and Mercer County Executive Bill Mathiasius representing the Republican position, reports a Lesniak spokesman.

The discussion will center on developing co-operative measures for effectively mitigating dumpsites in the state and formulating a clean, waste disposal and cleanup, the spokesman added.

The debate will run from 7 to 9 p.m. in the New Jersey Room of the Douglas College Center in New Brunswick. Admission will be free.

Governor Tom Kean

State helping hand goes out to seniors

About a month ago I announced my choice to be the new director of the division on aging. Last week Mrs. Ann Zahora of Cape May took over the duties of that office and I believe this will usher in a new era in New Jersey's service to our senior citizens.

Mrs. Zahora has had extensive experience in administering programs for our older citizens. She was the executive director of the Cape May County Area Agency on the Aging prior to accepting her new position. Before that she directed the Cape May City Office on Aging for three years and the Cape May Heart Assn. for three years before that.

I believe her extensive experience is vitally important, because programs for New Jersey's seniors continue to grow at a rapid rate. Real expertise will be needed to assure every eligible senior citizen and his family is kept fully informed on the programs and services that will improve the quality of his life.

Making New Jersey a national leader in providing services to the elderly has been one of my highest priorities since I took office. Some of the programs we will develop this year will, I believe, put us on the road to that goal.

Chief among my priorities this year is a subject I feel very strongly about. It is the practice of requiring nursing home patients, or their families, to sign expensive contracts for nursing home care when the patient is eligible for Medicaid.

The practice is known as the private-pay contract. As I said in my annual message to the Legislature this year it is a vicious practice and it must be stopped.

It victimizes not only our older citizens, but their families as well. It requires the patient or his or her family to agree to pay for more than the Medicaid rate for nursing home care. Patients who refuse to pay the higher fee are refused the care they need. It thus prevents families with the crucial choice of providing care for a loved one only at the price of extraordinary financial hardship.

Legislation, A-1662, that would authorize municipalities within the state to establish historic districts and landmark commissions, was introduced by Assemblywoman Maureen Ogden, who represents Clark.

She said more than 40 of the state's municipalities have historic preservation ordinances based upon the 67-year-old Home Rule Act or the 1975 Municipal Land Use Law.

"This means more than 500 municipalities have no provision to identify, preserve, rehabilitate or restore historic landmarks or areas within the municipal boundaries," she said.

Mrs. Ogden said the result has been the loss of more than 50% of the state's historic buildings over the past 50 years.

"The purpose of my bill is to reverse this trend," she said.

"The constitutionality of local historic-preservation ordinances has not been tested in our courts and their validity is subject to challenge. My bill would provide a constitutional vehicle for the creation of these commissions so local government could act to preserve local heritage without intervention or interference by federal or state agencies," she said.

Mrs. Ogden concluded.

DiFrancesco: Give GOP more voice

Senate Judiciary Leader Donald J. DiFrancesco, who represents Clark, today called on Senate President Carmine DeLoatch to add at least one more Republican to the Senate Revenue Finance and Appropriations Committee before the joint appropriations committee begins reviewing the state budget.

Sen. DiFrancesco said, "The Senate president is unfairly denying Republican representation on this key committee that will mold the state budget for the upcoming fiscal year. It is imperative he correct this gross inequity before any crucial decisions are made on the state budget."

"I have repeatedly asked the Senate president to add at least one more Republican to the committee, but so far he has refused. For some unexplained reason, Senate President, Orsorio, this year reduced the Republican membership on the Revenue, Finance and Appropriations Committee by one member. As a result, the committee is now disproportionately stacked with Democrats," the GOP leader added.

The Republican legislator noted, "This is not the only committee in which Republicans are underrepresented. The same inequity exists on the Judiciary Committee. It too must be corrected. Over the past few years, the membership of the Senate is Republican. This percentage, however, is reflected in the two committees at this point only can it rectify the situation."

Sen. DiFrancesco noted, "The Senate Revenue, Finance and Appropriations Committee, along with its counterparts in the Assembly, is responsible for shaping the most important piece of legislation considered by the Legislature every year."

Members of this committee are responsible for determining where to go to solve the problems we face. We owe it to the taxpayers of this state to have the senior Republican on the committee accurately reflect the political makeup of the Senate."

The Senate majority leader declared, "The Senate Judiciary Committee is another influential committee that deserves proper representation from both political parties. This committee plays a crucial role in the checks-and-balance system on which our state government was founded. New Jersey has one of the most powerful governments in the nation with broad powers in making laws, appointing and removing judges, county prosecutors, cabinet appointments and members of various boards and commissions. The Judiciary Committee is the first check on the governor's power by reviewing all nominations requiring the advice and consent of the Senate. In order to preserve the integrity of the checks-and-balance system the membership of the Judiciary Committee must accurately reflect the makeup of the full Senate."

He concluded, "I urge the Senate president to take immediate action to place additional Republican senators on these two committees so the membership is 40% Republican."

Fulcomer attacks 15% tax increase

Rahway residents were urged by Sixth Ward Councilman James J. Fulcomer to speak up at the public hearing on the "unreasonable" increase in local (city) tax for municipal purposes at the City Council meeting at 8 p.m. on Wednesday, April 18.

The local tax for municipal purposes including the new director of the division on aging. Last week Mrs. Ann Zahora of Cape May took over the duties of that office and I believe this will usher in a new era in New Jersey's service to our senior citizens.

Clevelanders give Dr. Seuss party

A birthday party celebration was held on March 16 at Grover Cleveland School in Rahway in honor of the famous children's author, Dr. Seuss.

His most familiar character creation, "The Cat in the Hat," and other humorous stories are enjoyed by children all over the world, reports a school spokeswoman.

The party, attended by the primary grade children, began with a filmstrip presentation followed by refreshments sponsored by the classroom mothers and the Parent-Teacher Assn.

EATING LIKE ANCESTORS - Students at the Carl H. Kumpf School in Clark enjoyed a treat in Walter Boright's American history classes when they prepared colonial pumpkin pie. The students "cooked down" eight pumpkins just as the Pilgrims did to make a table full of delicious pastries. A "team teaching" lesson was employed using historical research, mathematics and home economics skills to complete the project. Others involved were Al Smith, Robert Sinkovitz and Mrs. Ullian Lukovics as well as substitute teacher, Miss Diane Varela. Sampling the results, left to right, are: Front row, Mark Bongiovanni, Ed Cozzi, Stacey Stewart and Heather Prieco; back row, Mr. Boright and David M. Hart, the principal.

SWEET SUCCESS AT KUMPF - Students in the culinary arts class at the Carl H. Kumpf School in Clark recently participated in a cake-decorating contest sponsored by their instructor, Miss Jennifer Palmer. The amateur cake decorators created their culinary masterpieces after learning the basic decorating techniques and practicing with assorted tube designs. Each participant created her "work of art" in class over a two-day period. Entries were judged by faculty members, Walter Boright, Miss Elaine Murawski and David Vansolst, and students, Jon-Henry Barr and Meredith Kuznetsov. The three-place winners, shown, left to right, are: Debbie Pasquale, the first-place winner with her valentine sweetheart cake receiving her ribbon from Miss Jennifer Palmer, a home economics teacher; Kim Kovacska displaying her patchwork quilt cake, which earned second place; and Karen Deshevsky with her third-place winning entry, a chocolate replica of the Carl H. Kumpf School.

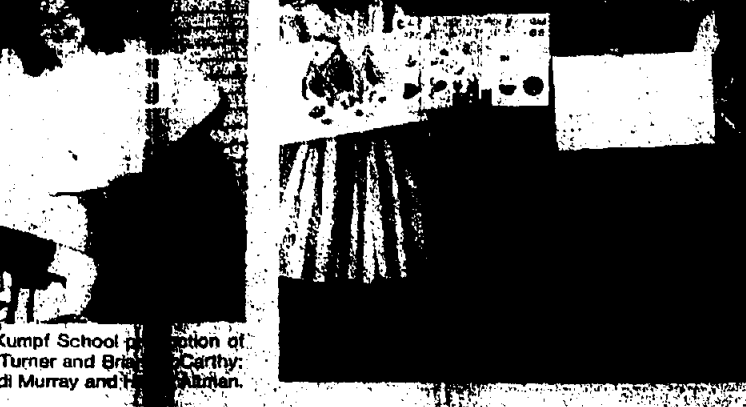

PICKING FAVORITE SON - On March 10, 27 Rahway High School students attended the Junior State National Nominating Convention at Princeton University. At this convention students from seven states listened to the state chairmen for the various national political candidates present their candidates' platforms. The students then chose Gary Hart as their candidate. In the afternoon the students themselves debated six campaign issues and decided on the party platform. Two Rahway students, Jack Harris, second from left, and Karen Thompson, received awards as outstanding spokesmen for their platform issues. Also at the convention, shown, left to right, are: Bill Cladek, the chairman of the school's social studies department; Gene Edwards and Larry Williams.

City hurlers seen crucial to crown
By Ray Headland
Coach Bill Dolan's Rahway Indians Baseball Team lacks depth, but he has hopes his pitcher product can help the Indians make a run for the conference flag. "We should have good defense and are hoping for our pitchers to stand up this spring," said the veteran Rahway coach.

This is his 22nd season at the helm of the Indians. The infield will have A. J. Cabell, a junior at first base, he batted 179 last season. Bill Carter, also a junior, will see some action at the first sack. Captain, Steve Wisk, a senior, who hit the ball at a .333 clip last year, will be at second base. The shortest spot will be handled by junior, Marty Denson, who hit .390 last season, and Scott Durkin, a sophomore, who also will pitch some of the time. At the third-base spot will be Dan Andren, a junior, who hit .250 for the Indians last season. The outfielders on the squad are Andre Powell, a junior with a .247 batting average last year; Ray

Houck, a junior who hit .333; Dave Ciborowski, a senior, who hit .200; junior, Edward Byrnes, a .310 batter, and Mark Hutchinson, a junior with a .245 mark. The catching chores will be handled by junior, Joe Pitula, a .230 hitter, and senior, Doug Lewis, who batted .152. Coach Dolan will select his pitchers from two seniors, Bill Gardner and Bob Reinhold, who may also be the designated hitter for the club. He hit .329 last season and was 0-1 in 13 innings. Herman Kuck, a junior, can also play at first base.

Crusaders start year with seven veterans

By Ray Headland
Seven veterans have returned to Coach Larry Sturchio's Arthur L. Johnson Regional High School Crusaders football team of Clark this spring. The Crusaders traveled to Scotch Plains-Fanwood on April 7 for a contest in the National Division of the Watchung Conference. The Crusaders opened the game with senior, Robert Bothe, at first base. Tom Brodzki, a senior, at second, and junior, Allan Cherb, at short. The hot corner was covered by Mark De Mille. In the outfield were three

seniors, Frank Venezia, John Rider and Charles Whitman. The catcher was senior, Glenn Griffin, with the pitcher selected from among Mike Dispenzere, Tom Scally, Mike Dowling, Marty Venezia and Mike Sabba. Other members of the varsity team at this time are Al Moller, Vincent Sabba and Ted Jasinski. Coach Sturchio feels his team will be strong on defense and if the offense comes along the team could be in the hunt for conference and state play.

Coach Cicciotti has a

sophomore in the net, Jeff Jordan, while on defense the one senior is Willie Dreyfus, along with junior, Dave Francisco, and two sophomores, Alan Jordan and Jay Paris. The mid-fielders are football players, senior, Ed Redwine; seniors, Ron Francisco and Robert Arbeny; junior, Clif Perrelli; sophomore, Mike Pecoraro; senior, Joe Leonardis, and junior, John Cresco. Kumpf athletes learn volleyball

Students at the Carl H. Kumpf Middle School in Clark recently were treated to a volleyball demonstration by Toni Woods and Dave Weston, two professional beach volleyball players from Florida. The students saw 90 minutes of volleyball and displays of controlling the volleyball. The demonstration was all part of a program being run by Sandy Powers with the assistance of Dean Klutkowski, the varsity coach at Arthur L. Johnson Regional High School in Clark. Forearm passing, setting and spiking are just a few of the basic skills the girls are developing in the Friday morning sessions. Coach Klutkowski is surprised at the turnout and the quality of the athletes he has seen. "The girls have a great attitude and they seem to catch on very quickly," he said.

RAY'S ROUND

On Saturday evening, April 14, the Rutgers County Club will honor Ray Hoagland, who served as the professional at the club from 1963 to earlier this year. He won 53 championships and tournaments, was the runner-up twice in the State Open, qualified for the National Open and the National Professional Golf Assn. Tournament and still raised a family of six. Of course, his wife, Claire Hoagland, had a little something to do with the last item.

George Martino had a hole-in-one on the 16th green at Colonia. He used a No. 4 wood to accomplish the feat.

Gary Ostera, the new head professional at the club, was the 1982 New Jersey Professional Golf Assn. Player of the Year and winner last September of the association's Pro-Professional Championship with Jimmy Dee.

A spokesman for the New Jersey College Baseball Assn. announced last week the Annual New Jersey All-Star game has been set for Wednesday, May 30, at Princeton University. The Annual Awards Banquet will be on Monday, June 4, while the New York-New Jersey All-Star Game will be played at Yankee Stadium on Wednesday, June 13.

Mike Gabel of Rahway is a member of St. Peter's College Baseball Team of Jersey City.

Walter Hennessy, a graduate of Rahway High School and the girls basketball coach at Hillside High School, was named the Coach of the Year last week by the Union County Basketball Coaches Assn. His team had a 25-and-2 record and was runner-up in the Union County and North Jersey, Group No. 3, Section No. 2 Tournaments.

The Osborne of Rahway and Robert Kolvec of Clark were named to the Union County Scholastic All-Stars by the association.

Luther Johnson of Rahway was named to the boys' team.

Rutgers upends Syracuse five

Dan Redzinski and Dave Depina led Rutgers to a 5-0 victory over Syracuse on Feb. 7 in the Clark Youth and Adult Recreation Assn. Basketball League.

The Scarlet Knights received well-balanced offensive support as Vince Corsetti, Michael Levey and Steve Mindich scored two points each, while Mike Pressman and Natalie Yens provided solid defense. The Syracuse team was led by Ryan Carter, Michael Katz and Joe Lucarello.

Four-person teams were employed in the first half through mutual agreement of the coaches and with the permission of the referees. This experiment was prompted by a discussion during a recent league meeting concerning the possibility of opening up the game to better testing and playmaking.

The four-person teams, however, resulted in a low scoring, evenly played defensive first half. The jury is still out on how effective this method may be as a teaching tool, but further experimentation is probably warranted, reports a league spokesman.

Notre Dame outscored Georgetown 42-21, bringing its record to 4-2. Scott Anger led all scorers with 10 points. Chris Glover had six points. Mark Parabacki had five points and Mark Dula had four points.

For Georgetown Bob DeBord was high with six points. Greg Schubert and Brian Woods each chipped in with four points. Craig Chern, Tom Bowen and Billy Lebers each had two points.

Notre Dame held off a charging North Carolina State team to slip by 26-21. Scott Anger led the winners with 16 points. Chris Lindquist, Rob Lombardi, Jason Steele and Mark Dula all turned in strong rebounding and defensive efforts for Notre Dame.

For North Carolina State, Williams was the high scorer with 15 points. Ken Nelson turned in a strong rebounding game.

Rutgers squeaks past Villanova

In what may have been the closest Clark Youth Adult Recreation Assn. basketball game of the year, Rutgers defeated Villanova 24-22.

Villanova, sparked by the offense, 16 points of Mike Dispenzere, a senior pitcher, should be one of the starters.

Tom Scally, a senior junior, Mike Downing and sophomore, Mary Venezia and Mike Sabba, will be working on the hill. They are without varsity experience.

Returning starters also include junior shortstop, Al Scherz, seniors, Glen Griffin, a catcher, and outfielder, Charles Whitman. Tom Bruck will be at second.

The Rutnick Rams have a predominance of juniors on their team. On any given day they could be tough, followed by St. Mary of the Assumption of Elizabeth, the Rutgers Catholic and Hillside.

The Mixed Team moved into a four game tie with the Rutgers Women's Church Bowling League at the Clark Lanes with a 5-5 record.

1040A "Short Form" Filers Can Get Extension To File

For the first time, taxpayers who file Form 1040A can request an automatic 4-month extension of time to file their tax returns. The Internal Revenue Service said.

The extension to file the tax return is not an extension of time to pay any tax due. The IRS stressed. Form 4868, the taxpayer should make a tentative estimate of the year's taxes and submit any balance due with the form. If the unpaid tax is more than 10 percent, there is a penalty for late payment unless the taxpayer can show reasonable cause for not paying the tax when due. The penalty is one-half of one percent per month or fraction of a month, up to a maximum of 25 percent. Interest is also assessed on any unpaid balance.

Form 1040A filers who obtain extensions should file the amount of any payment that accompanied Form 4868 on line 25, separate from tax withheld, when they file their Forms 1040A.

Landmarks to host theatre restorer

A distinguished figure in theatre-restoration circles, Don Streibig, will address the members and friends of Rahway Landmarks today at 8 p.m. at the Columbian School at the corner of E. Hazelwood and New Brunswick Aves., reports a Landmarks spokesman.

The occasion will be the monthly general meeting of the non-profit organization, which is currently raising money to acquire the Old Rahway Theatre for restoration as a county arts center.

A native Ohioan, the 57-year-old Mr. Streibig is perhaps most widely recognized for the eight years he spent directing the restoration of the now famous 3000-seat Ohio Theatre in Columbus. The Ohio project earned national acclaim as one of the more successful of its kind. Once threatened with demolition, the beautifully-restored theatre now runs 300 performances a year and has an annual operating budget of more than a million dollars, the spokesman added.

Fresh from that successful venture, Mr. Streibig was invited to New Jersey to assume his present post as executive director of the multi-million-dollar New Brunswick Cultural Center Project. He is currently a resident of that city.

His talk today in Rahway, tentatively entitled "Restoring the Past to Secure the Future," will mainly concern the current national trend to rescue and restore substantial old theatres as an economical alternative to building new ones.

The talk will also touch upon the role of the arts center as a keystone for urban renewal, the spokesman noted.

Prior to the start of the Ohio Theatre project, Mr. Streibig had spent seven years directing the Ohio Arts Center. Previously he had been in charge of entertainment for United States troops stationed in West Germany. He has a masters degree in theatre from Bowling Green State University in Ohio.

Mrs. Ogden backs New York ferry

She welcomes the prospect of renewed ferry service linking New Jersey with Manhattan "because the service would stimulate the use of mass transit" on the New Jersey side of the river, reports Assemblywoman Maureen Ogden, whose district includes Clark.

"Knowledgeable officials with the Port Authority have told me a 1% decline in the number of automobiles using the existing trans-Hudson crossings would reduce waiting time at the crossings to a maximum of 10 minutes. In turn, this 1% effect would help us avoid the potential 'gridlock' we are approaching because of massive vehicular use," Assemblywoman Ogden added.

Mrs. Ogden noted records indicate an average of more than 270,000 automobiles used the trans-Hudson crossings into Manhattan every day in 1983, an increase of more than 5% over 1982.

"I believe restored ferry service would be extremely popular with a significant percentage of our New York-bound commuters," the assemblywoman noted. "In turn park-ride facilities and the use of mass transit to the ferry terminals would have a welcome and positive effect upon the environment and upon our existing road network in the north Jersey area."

The legislator noted there appears to be a "tidal wave of public support" for the restoration of ferry service. "Clearly the problem must be addressed and, while a new tunnel or bridge might appear to be an alternative, neither would address the problem of air pollution or the inability of Manhattan to cope with an increase in the number of automobiles entering the city."

Mrs. Ogden said the prospect of renewed ferry service is an idea whose time has come again. Hudson River ferry service was discontinued in 1967.

"I am not as concerned with the siting of ferry terminal facilities as many of my colleagues," the lawmaker continued. "Wherever the facilities might be located the use of mass transit will be stimulated, we will avoid an intolerable gridlock problem at our existing crossings and there will be a reduction in the use of the automobile."

She said she would favor statutory incentives through such devices as increased crossing fees for one-person occupancy automobiles.

"New Jersey has no obligation to help solve parking problems in Manhattan. Rather enthusiasm for restored ferry service stems from my belief it would be a welcome, convenient alternative to the use of automobiles. It would provide an incentive for greater use of mass transit with all the public benefits that would result," the assemblywoman concluded.

Township man heads German fest

The 11th Annual German Heritage Festival will be held at the Garden State Arts Center on Sunday, Sept. 23. It was announced today by Albrecht Maier of Clark, recently re-elected general chairman of the state-wide volunteer festival committee.

Also elected to serve on the 1984 festival committee were: Vice chairman and program chairman, Ted Hiertl; secretary, Elke Wilkin; assisted by Barbara Oberding and Erika Clark; chorus co-ordinator, Paul Ahrens; cultural displays chairman, Robert Schoenenmann; assisted by Magdalena Elz; special events, Jim Grieco; journal chairman, Robert Wesley and Heinz Kellerman; ticket sales, Linda Janiw; budget co-ordinator, Hans J. Ludescheidt of Clark; publicity chairwoman, Erika Clark, assisted by Dr. Walter H. Kraft; student activities co-ordinators, Barbara Oberding and Norbert Langer; soccer co-ordinator, Nick Wiener; and trustees, Mr. Ahrens, Max A. Mueller, and Alfred Stiefel.

In addition to talent from Europe, the stage program will open with a mixed chorus of 500 voices representing all the German singing societies in the state. There will also be gymnastic exhibitions by the Carlstadt Turnverein.

The festival will also feature exhibits, sports and German food. Proceeds from the festival will benefit the Garden State Cultural Center Fund, which provides free pro-

DiFrancesco raps Florio on Bob Lee

Senate Minority Leader Donald T. DiFrancesco who represents Clark, today criticized United States Rep. James Florio for his "unwarranted attack" on the integrity of Robert W. Lee, Gov. Thomas H. Kean's nominee for state athletic commissioner.

Sen. DiFrancesco said, "Rep. Florio was completely out of line in suggesting Mr. Lee's nomination should be withdrawn. Mr. Lee should be commended, not criticized, for speaking frankly and with the authority of experience during the State Commission of Investigation's look into the lax enforcement of state boxing regulations."

The Senate minority leader added, "The State Commission of Investigation's report placed much of the blame for inadequacies in regulating the boxing industry on inadequate staff and a void in leadership which Mr. Lee was attempting to correct as deputy commissioner."

The GOP leader added, "Rep. Florio owes Mr. Lee an apology. The representative had no basis for impugning Mr. Lee's integrity. Mr. Lee has an impeccable record. I have known him for many years and can unequivocally state he is a dedicated, conscientious public servant. He has an outstanding reputation in Union County, where he served as a Scotch Plains police officer and detective in the county prosecutor's office. I wholeheartedly endorse Mr. Lee's nomination and have written to Senate Judiciary Chairman John Lynch urging him to give this nomination prompt attention."
