

City Council votes to censure John Marsh

By R. R. Faszczewski
Rahway's City Council, by a vote of five in favor, two against and one abstention, Monday approved the censure of Second Ward GOP Councilman John C. Marsh for what the resolution called his "dishonest conduct" concerning efforts by the councilman to express certain facts and opinions on the resource-recovery plant proposed for the city.

The five Democrats present at the session agreed with the motion, First Ward Republican Councilman Lawrence Bodine and Councilman Marsh voted against it and Sixth Ward Republican Councilman James J. Fulcomer abstained.

Fourth Ward Democratic Councilman Harvey Williams was unable to attend due to illness.

The censure action: Condemns "the dishonesty of this member, the dishonesty he has brought to public service and his egregious lack of regard for the public interest, officially disavows the Governing Body from the actions of the councilman and the taint his actions give to public

service," expresses the Council's "duty to alert the public this member's actions and statements on the subject of resource recovery as evidenced to date are dishonest and he has no credibility whatsoever on this subject," and indicates "it is not the intention of any person's actions or opinions but rather to alert and inform the public the member's actions and statements are not found in the truth and have merited the condemnation of this body."

The censure action was brought about by a letter to the Governing Body from Mayor Daniel L. Martin in which he accused the Second Ward representative of disregarding the truth in recent statements he made and actions he took to have the resource-recovery plant question put on the November General Election ballot by petition and statements the councilman made against the proposed facility.

Mayor Martin's letter is outlined below.

Sharon Surber of 577 Bryant St. said the councilman should be praised for letting the people know what is going on. She added

the administration was trying to shut him up and called the Martin administration, "a dictatorship."

Tom Cusmano of 2366 Allen St. declared if Councilman Marsh was censured the Governing Body would be going against the Constitutional rights of free speech.

The councilman's legislative aide and the financial secretary for the organization founded by Mr. Marsh to get the resource-recovery question on the ballot, R. A. G. E., Rahway Against a Garbage Environment, Terri Malone of 873 Inman Ave., pointed out to the Governing Body members there is nothing in the city code which allows the proposals submitted to be stopped by the councilman from performing his duties and it would probably have little or no effect.

She added the Second Ward representative had made public an issue which should be made public and the administration and Council were trying to shut up the only councilman trying to alert the city to what was going on with the proposed facility. She urged the Governing Body to let the

people decide for themselves via a referendum.

Eddie Smith of 1280 Clark St. said he was against censorship.

He pointed out the Council had debated for months on an ordinance regulating amusement devices, adding everyone's input was needed and the councilman should not be so sensitive to opposing points of view.

The sponsor of the censure motion, Councilman-at-Large James Cadigan, said he was not against anyone opposing an action of government as long as that opposition was done with truth.

He added the 1981 resolution expressing interest in resource recovery was supported by both Democrats and Republicans; the resolution didn't mention only Rahway participating in bringing garbage to the site; the original proposal for a waste facility had been larger, not smaller than the proposals submitted to the city; there had never been two locations mentioned and none of the proposed locations was in the Second Ward—all assertions he said Councilman Marsh had

made in his press releases about the proposed facility.

Although Councilman Bodine said he disagreed with the methods the Second Ward councilman was using, he opposed the resolution because he didn't want to deny his colleague the right to speak.

Councilman Bodine added the Marsh resolution opposing resource recovery earlier this year had been introduced only because county publicity on the matter had made it look like the facility would definitely be put in Rahway.

He noted only when he had been assured Rahway would have control over whether or not the facility would be located in the city did he withdraw his second to that motion.

Although the First Ward councilman said he thought the questionnaire Councilman Marsh had circulated in the Second Ward had been "wounded" to get the response Mr. Marsh had wanted, he couldn't see why this would be considered dishonest.

He added since Rahway is such a small city any facility built in the city

considered in the vicinity of the Second Ward.

Councilman Fulcomer said a survey he had conducted in the Sixth Ward had been "scrupulously honest," unlike that taken by Councilman Marsh.

Although all the conditions the councilman set for acceptance of the resource-recovery plant by Rahway have not been met as yet, he said the Second Ward representative should have presented all the facts he circulated in his "Garbage Alerts" to the Council and the county rather than going to the residents first.

He added many of the facts Councilman Marsh had complained about had been brought out and explained before, resource recovery would be subject to the same pollution standards as a factory and most of the trucks using the facility, probably a lot less than what Councilman Marsh had estimated, would use Rte. No. 1 and not city streets.

The Sixth Ward representative also said the tax-revenue estimates of Councilman Marsh had been much too low, since just 15% of the county's

costs of the proposed facility could bring the city about \$1 million in new revenue.

Although he said voting against the censure resolution would "whitewash" the incorrect statements made by Councilman Marsh, Councilman Fulcomer said he could not vote for censure because it would help a Democratic councilman have the chance of being elected in the Second Ward.

Business Administrator Joseph M. Hartnett, who was given permission to speak by Council President Max Sheel, although he said he was not speaking specifically on censure, noted most of the speakers on the resource-recovery measure and those associated with the R. A. G. E. group had Republican connections, and, thus, Councilman Marsh was trying to politicize what should be a non-political issue.

He noted Councilman Marsh chaired the R. A. G. E. group, Terri Malone was the financial secretary and Terri Ulrich, a Republican party official, was the secretary for the group.

Mr. Hartnett, also concerned about the censure action, said he had

spoken to Terri Malone saying it didn't matter whether the Second Ward councilman was right or wrong in bringing out the facts on resource recovery as long as he brought out the facts.

He said all public officials should be careful about all statements they make.

In his own defense, Councilman Marsh pointed out Mr. Cadigan had not been on the Council when the 1981 resolution had been brought up.

He said as far as he was concerned bringing an incinerator into Rahway would label the city as a "dump," he had never said the plant had been intended just for Rahway and the amount and size of the amount of trash to be handled had never been discussed.

The Second Ward representative added he had said "yes" to the 1981 resolution only for purposes of discussion and he denied even making one telephone call to Second Ward residents about the issue.

He noted he had sent the survey to his constituents in response to a front-page story in a local, daily newspaper implying the facility was already an accomplished fact.

Councilman Marsh also said a facility three-tenths of a mile from the Merck property in Rahway was slightly less than three-tenths of a mile from the Second Ward, and, therefore in its vicinity, and any garbage burning would bring pollution.

He denied his campaign committee, which he said is not even formed, was involved in the petition drive, and condemned a piece of literature he said was circulated by Mayor Martin last weekend implying citizens of Linden were spearheading the R. A. G. E. petition drive.

The Second Ward councilman also said the mayor should be charged with nonfeasance for not bringing out all the facts on resource recovery.

Mayor Martin disputed a Marsh assertion franchise taxes collected from the facility would be "spread around" the state rather than given to Rahway and pointed out Linden receives about \$17 million for having a Public Service generating facility within its boundaries and no other jurisdiction except the state receives a cut of that money.

He added the county had received six to seven proposals on resource recovery, nothing was on the table as far as final plans go and the councilman was trying to get residents alarmed over an issue which didn't exist.

Mayor's call for censure outlined

Mayor Daniel Martin last week issued a formal request to the City Council calling upon the body to censure Councilman Marsh.

Referring to recent statements by the councilman regarding the proposed resource-recovery facility, the mayor accused the Second Ward representative of "disgraceful conduct for a public official."

The mayor emphasized he was not questioning the councilman's opinions, but rather his methods.

"Every citizen and every public official is entitled to hold and express personal opinions," the city's chief executive said, "but when public officials deliberately lie it must be exposed for the public good."

Mayor Martin pointed out once before Councilman Marsh had been reprimanded by his peers on Council when it had a Republican majority.

"In 1975 the Republican-controlled Council voted to approve and accept an investigating committee's report condemning John Marsh for maliciously and deliberately lying in the conduct of his duties," he declared. (The Council's action was in response to totally unfounded accusations made by Councilman Marsh concerning city purchasing practices, particularly for motor vehicle tires and tubes, according to the mayor.)

Following is the complete, edited text of the communication from the mayor to the Governing Body regarding the censure.

It is my duty as mayor to bring to your attention a most dishonest and unethical effort which is being

promoted in our community at this time.

Three years ago every Council member and myself made a solemn pledge there would be no use of the newspapers with despicable falsehoods and has deliberately pandered to people's fears. Here are two examples of his misrepresentations taken directly from statements made by him, of which I have copies.

He has called resource recovery a proposal of Democrats, when he knows in fact it has been proposed and supported on a bipartisan basis. This is a deliberate lie designed to try to make this a political issue.

To purposely arouse the people of the Second Ward, he has issued statements that, and I quote, "the two locations being considered are in the vicinity of the Second Ward." First of all, he knows only one location has ever been considered, and, secondly, he knows the Second Ward is as far from this location as every other ward in the city except the First and Fourth. Again, this is a deliberate misrepresentation.

As for the resource-recovery proposal itself, let's set the record straight. There is no way in Rahway are going to support this proposal unless at least three basic conditions are met.

1. That it would be of substantial economic benefit to the community by reducing taxes, increasing property values, generating jobs for Rahway people and improving the overall economy of our community.

2. That it would be safe and sound environmentally and health-wise, with built-in guarantees.

3. That any and all traffic plans are approved by us here in Rahway.

If these conditions and others are not met, Rahway will not support it. Period. Where does resource recovery stand now? There is not even a proposal yet before us to consider. Only

the idea has been pursued. The only commitment Rahway has given is to welcome the idea as an idea worthy of consideration. We had said we will host the facility if, and only if, our concerns and those of our citizens as I mentioned above, are satisfied.

But until we have a specific proposal before us we cannot say where we stand. We must have complete details, financial, traffic, environmental and others, before we decide what to do. Anyone who says otherwise is being irresponsible.

Rahway will be represented on the committee to review proposals for such a facility. The proper time to consider and debate all the issues, both for the officials and the people of Rahway, is when we actually have a specific proposal submitted to us. This decision is far too important to be left to the intellectual bankruptcy and dishonesty that one councilman is now pushing. We must proceed responsibly.

Marsh: Mayor, Council will not muzzle me!

For one, am going to honor my pledge to the people of Rahway to keep this question on the high road, not the low road. I urge all Council members to join me in trying to do what is right and what is best for Rahway. We must not and we will not play political games with Rahway's future. And we must and we will fight against those who do.

The depth of our mutual conviction that this must be kept a non-political issue can only be evidenced by taking appropriate action, in this case censure, against those who break their word and violate the standards of public service.

"You can count on it: I won't be muzzled on this one. Someone has to alert the people and it's pretty obvious either the mayor doesn't know what's going on-which may be the case since neither he nor anyone from the administration has bothered to attend the county Solid Waste Advisory Committee meetings for the past 30 months-or maybe Mayor Martin knows, but doesn't want anyone else to know."

Councilman Marsh admitted he's not an expert on resource-recovery facilities, "but garbage is garbage and when you burn it, it's incineration no matter what fancy names you want to call it."

"I wanted the administration to make public everything it knew so Rahway residents could make an informed decision at the polls on the future of our community," he declared. "But Mayor Martin keeps saying there's nothing to vote on, that Rahway will have its say through the Council."

"But it will be too late, then," Councilman Marsh claimed. "The only thing we'll be deciding is the traffic plan-which will be largely unenforceable anyway-and possibly the site plan."

He added the county "is considering the no ifs, ands or buts. You only have to call a few people in the county government to find that out."

Councilman Marsh said as long as the mayor and

Council in Rahway continue to "deny the people the right to vote on whether we are to host a garbage-burning resource-recovery facility in Rahway for the entire county, I will not be silenced."

He pointed out this was not the first time the Martin administration has called for his censure.

"When I called for joint and bulk purchasing with the state and county in order to save Rahway taxpayers some money, they censure me then, too. And when I refused to approve a city bill for topsoil which had been delivered to a Democratic ward leader's home, they threatened to censure me then," he recalled. "But after I hedged them for two months, they finally checked it out and found I was right. They called it a 'stupid mistake' I called it gross negligence, may be worse."

"They know I'll always alert them when I think something's 'fishy.' I don't like crooked politicians and I strongly object to the sneaky, underhanded way the Martin administration has handled this. They can censure me all they want, I certainly won't keep quiet until all the facts are out and the people have a right to vote on whether we should burn the county's garbage in Rahway," he concluded.

Who do they think they are fooling?

EDITORS' NOTE: The following is a response to the Clark Township Council meeting on May 7 by Mrs. Joan Baroff, a Democrat, of 275 Valley Rd., Clark.

It's amazing now, after nine months of studies and reports on the part of Councilman Large George Sanguiliano and his Capital Improvement Committee. Second Ward Councilman George Nucera and Councilman at Large Joseph Pozniak, have become so involved in the garbage collection in this township...

Up until the Council meeting on the evening of May 7, these men had shown no interest at all in improving our garbage situation. In fact, they were merely against Councilman Sanguiliano's "hazy" hold after Councilman Sanguiliano announced in the newspaper his committee had been expanded and would be ready to make the final proposal at the next Council meeting...

Especially when they made a statement to the newspapers saying Councilman Sanguiliano "hazy" held any meetings? Well, I was at the public meetings and if they knew what was going on in this township and had been pre-occupied with politics and changing parties, they would have been at the meetings or at least known the minutes of those meetings are a matter of public record...

Also, those meetings were announced to the Council and were advertised in the newspapers. Mr. Pozniak says he's now in a hurry. "We know what the problems are. I don't want to wait any longer." Mr. Pozniak, if you know what the problems are it's because Councilman Sanguiliano told you. And if you knew what they were before he started the study, then why did you, as Council president in 1983, allow the study to be made?

It is obvious to the intelligent people in this township who you men are attempting to do. You are trying to step in and take the credit for someone else's work. We're not as stupid as you think we are. We know who has been working on this garbage problem and it certainly hasn't been you.

If you think you are now going to take the credit and sit in your campaign and the people of Clark are going to buy it—you're sadly mistaken.

Who do you think you're fooling??? NOT US.

Slides of the activities of the society will be shown. Refreshments will be served. There will be no admission charge.

Congressman Bernard Dwyer Reports Government helps to honor seniors

May is Older Americans Month, a month set aside each year through an act of Congress to express this nation's gratitude to its senior Americans and recognize the vast contributions senior citizens have made and continue to make to this country.

Since 1963 May has been proclaimed to honor older Americans, who presently number 26 million. Those past two decades also saw an awakening of a national awareness of the problems of aging and the development of a number of important programs designed to assist senior Americans in leading independent and secure lives.

Most Federal support for older Americans is for Social Security and Medicare, which are financed through their own tax collected expressly and exclusively for the purpose of paying retirement and health benefits.

Another important area where the federal government helps to honor older Americans is through the Social Security Administration's Older Americans Act of 1965. This act provides for a broad spectrum of research and training aimed at easing or eliminating the physical, psychological and social problems which beset many older Americans.

The area of research which accounts for the greater commitments of National Institutes of Aging efforts currently include Alzheimer's disease, the lengthening of life expectancy, maintaining health and training health professionals in geriatrics.

As a member of the House appropriations subcommittee on health and human services, I am able to participate in the process which determines funding levels for all of these important aging programs.

Our primary concern in this area is to assure our nation continues to meet its on-going responsibilities to older citizens. The effects of the transformation of a federal policy over the last two decades can be seen in the improved economic status and social independence of the elderly. The challenge remains to moderate the rising cost of health care and to fulfill the nation's commitment to older Americans in the decades to come.

County legion sets flag-retirement rites

Plans are being finalized for the Annual Flag Retirement Ceremony of the Union County American Legion and Auxiliary.

The purpose of this ceremony is for the proper disposal of the American flag when it is in such condition it is no longer a fitting emblem for display and should be disposed of in a dignified way.

The convention will start with the Annual Flag Retirement Ceremony, which is a fitting tribute and an overt expression of patriotism which enhances the understanding of the public of honor and respect due the American flag.

Members of the public are requested to bring any worn or outdated flag to their local American Legion chapter for proper disposal.

The program will be held on the grounds of Clark Post No. 328 at Westfield and Liberty Aves., Clark, at 7 p.m. on May 31. Participation in the ceremony will be free.

YOU CAN BE IN THE THEATRE!

The Union County Arts Center Project, which involves acquisition and restoration of the "Old Rahway" Theatre on Irving St., had its humble beginnings five years ago with a group of local residents determined to preserve this city landmark.

Since last June, with the help of this newspaper and many other local businesses, fraternal groups and individuals, more than \$100,000 has been raised toward the \$175,000 needed for purchase.

THE REST MUST BE RAISED BY WEDNESDAY, JULY 4, OR THE THEATRE WILL GET SOLD TO SOMEONE ELSE AND ITS DESTINY WILL BE ANYONE'S GUESS.

Approximately \$60,000 more is needed to consummate purchase and then restoration can begin.

You can help by donating or purchasing any amount you can afford. Use the handy coupon below and mail it to the address shown or telephone your pledge to the number shown in marquee. Selected donations will be announced on the theatre marquee. The more generous ones will also be acknowledged with plaques permanently installed inside the restored theatre, reports a Landmarks spokesman.

Lady Indians massacre Lions

By Ray Hoagland
 Rahway's Lady Indians defeated the Roselle Catholic team 17-1 as Rose Sweeney fanned three and allowed 10 walks and eight hits, winning her first game of the season.

Rahway was led by Valerie Scala, who had three hits and drove in three runs. The girls scored seven times in the second inning. Nancy Yill and Linda Milla walked with the bases loaded and Janice Witherington sent home a run. Linda Mika had already tripled in two runs in the first inning.

Clark's Arthur L. Johnson Regional High School girls rolled to a 1.50 win over the Roselle Rams as Karen Parascio hurled a one-hitter for her third in four starts this spring. Lisa Larkins had a grand slam in the sixth. Valerie Scala added a run-producing triple in the sixth.

Clark is now 11-5, while the Rams are 4-8.

Teachers seek voice in school reform

The experience and knowledge of classroom teachers is essential to worthwhile educational reform, Edna E. Fulton, president of the New Jersey Education Association, said today. Speaking at the Annual Union County Legislative Dinner, held at the Clinton Manor in Union, the association president assured the members the organization is offering its own initiatives for school improvement as well as responding to proposals of reform by those outside the profession. Making teaching an attractive career is basic to good schools, she added. To that end, the organization is acting on Gov. Thomas H. Kean's recommendation of the minimum pay for teachers in New Jersey be \$18,500. The association supports two bills, one which would automatically establish that

Mayflower group to discuss Pilgrim grandchildren

The Society of Mayflower Descendants in the State of New Jersey will hold a meeting at noon on Saturday, May 19, at the Forsgate Country Club in Jamesburg. Following a luncheon new members will be introduced by Gov. Richard G. Durkin of New Brunswick. The speaker will be Milton E. Terry, the former governor of the New Jersey Society. His topic will be "Pilgrim Grandchildren in Colonial New Jersey." Dr. Terry is the co-president of "The Soule Genealogy," and the compiler of "The Ancestral Index of the General Society." He is a statistician and computer specialist in the research department of the Bell Telephone Laboratories. He received his doctorate from the University of North Carolina and his bachelor's degree from Acadia University in Nova Scotia. The speaker has been a professor at Rutgers, the State University of New Jersey. He is married to a Mayflower descendant, and they have three children and seven grandchildren. Dr. Terry's ancestors can be traced back to his Hopkins, five Brewsters, two Howlands and one each of the Aken, Regis, Soule and Warren families. New members to be received are Thomas James Bain, a descendant of James Chilton, Augusta, Mrs. James Cavano, William

Kumpf students learn their business

Certificates of achievement were awarded to students in Otto Picard's eighth grade social studies class at the Carl H. Kumpf School in Clark for their successful completion of Junior Achievement's "Project Business." The awards were presented by IBM representative, Mrs. Tracy Colucci, who worked co-operatively with Mr. Picard over a 16-week period to present the fundamentals of the business world to the class. Seven specific topics were covered: "The Nature of Economics," "Different Economic Systems," "Principles of Supply and Demand," "Competition," "Consumerism," "Money and Banking" and "Career Exploration." This unique program, which brings the resources of business into the classroom, enabled the Kumpf students to gain a first-hand understanding of the business community, reports Mr. Picard.

Workshop opens doors to young

This 13th season of the Westfield Summer Workshop for the Creative Arts, Inc., offers creative experiences for the young child. Among the over 100 courses many are designed for the kindergarten-to-fifth-grade child. The awakening of the creative spirit in the young child can be enhanced through sculpture, rhythm instruments, (new this year) and kindergames. All these courses provide for individual expression and essential group involvement. Reports: Ursulae Schlosberg, the director and founder of the workshop.

A pre-kindergarten program has been planned with "hands-on" indoor and outdoor experiences and an approach to language development and reading readiness through the arts, as well as early exposure to computers. Kindergames is a basic introduction to creative movement, using sight, sound and feelings. Creative dramatics will encourage the child to create original plays from stories and real life, according to Mr. Schlosberg.

Lions start drive for new members

A spokesman for the Rahway Club of the International Assn. of Lions Clubs announced the month of May is the club's membership drive month. The Lions have many objectives, among them taking an active interest in the civic, cultural, social and moral welfare of the community. The Lions are dedicated to sight conservation, helping people in need of eye care and helping the blind, the spokesman noted. The Rahway Lions Club will sponsor a fund-raising flea market on Saturday, May 19, at Roosevelt School in Rahway. The flea market will be open to the public from 8 a.m. to 4 p.m. The school is located on St. George and Lake Aves., Rahway. For dealer information please telephone Joe LoPiccolo at 388-1291 or 388-4347. Proceeds from this affair will be used to help the blind and disabled. Any man interested in becoming a Lion and who is willing to work to achieve the Lions Club objectives should telephone Ray Rogers Jr. at 388-8087. Those interested in becoming Lions may also join at the flea market.

SCORING HIGH AT KUMPF - Five of the 30 seventh graders from the Carl H. Kumpf School in Clark, who took the Scholastic Achievement Tests along with high school juniors and seniors in January, attained scores higher than the average college-bound seniors in the verbal and written English sections. These students, shown left to right, are: Maria Quiñones, left, and Joseph Lewis, right, with guidance counselor, Mrs. Mary Foster, center, back, Linda Junay, Joanne Goldberg and Diana Herdster. The opportunity was arranged through Johns Hopkins University and was made available to these seventh-grade students who scored in the top 3% nationally in mathematics and/or verbal skills on standardized tests. Linda Junay scored above the average college-bound senior in three areas: Verbal, mathematics and written English.

Arabic numerals were invented in India.

DABBLING IN FOLKLORE - Who were Pecos Bill, Mike Fink and John Henry? Ask the third-grade students at the Frank K. Healy School in Clark. These and other folkloric characters as well as some folk-song characters came to life on stage in song and dance presented at the school. A music program about American legendary folk heroes was presented at the school. All third-grade children participated. Doing their parts, left to right, are: Darren Makofsky as Mike Fink, Scott Raymond as Tom Sawyer and Thomas Leggie and Nancy Bongiovanni as Sweet Betsy and Ike from Pecos.

ON USING THE LIBRARY - In addition to borrowing books and audio-visual materials and using the library for research, all students are given skill lessons by Clark's Frank K. Healy School librarian, Brynna Abruzzo. Brynna is shown having her work checked while Kristen Grady and Melissa Cohen wait their turns. They are students in a third-grade class.

RAHWAY ARTISANS - Madison School of Rahway parents craft their talents. From the school's craft table at a recent Renaissance Festival at Rahway High School, left to right, are: Ruth McDermick, Pat Trankiewicz, Judy Evans and Mavy Erickson.

KEEPING ORDER - Seeing all dealers in their proper places is the job of the clerks and clerks at the Clark's Carl H. Kumpf School Parent-Teacher Association. Left to right, are: Margaret Mindich, one of many who volunteered their time for the day.

R. A. G. E. seeks citizen volunteers

The chairman of R. A. G. E., "Rahway Area Governmental Environment, Second Ward," Councilman John Marsh, today accused the Martin administration of "deliberately deceiving the Council and the people of Rahway" and of being "arrogant and indifferent" toward Rahway citizens regarding the county reorganization plan.

The councilman noted the R. A. G. E. Committee will be meeting again today at 8 p.m. at the Rahway Italian-American Club.

"I urge all residents who are concerned about the county's plan to burn all the county's garbage," Marsh said.

FIRST CUSTOMER - Marie Muringer, left, the president of Rahway Unit No. 5 of the American Legion Auxiliary, and Comm. Harry Hook of Rahway Post No. 5 of the American Legion, second from left, watch as Rahway Mayor Daniel L. Martin, center, accepts the first poppy from the Auxiliary's poppy chairman, Mary Howland, and Andrew McKinney, the post's poppy chairman, to kick-off the American Legion Poppy Drive, which will officially start tomorrow and end on Sunday, May 27. The American Legion and Auxiliary were the first national organizations to adopt the poppy as their memorial flower in 1920 and 1921. Disabled and hospitalized veterans make the official American Legion Flanders poppy throughout the year in hospitals and workshops maintained by Auxiliary volunteers. The poppies are made of red crepe paper by hand. The veterans receive pay for each poppy made. Every cent of the proceeds from the poppy drive is devoted to helping veterans and their families. "Be proud to wear your poppy. It's a silent memorial to those who gave their lives for their country and ours so that you, I and our children could enjoy the freedoms of American citizens," concluded Mrs. Muringer.

"Creativity is not the finding of a thing but the making something out of it after it is found." James Russell Lowell

Theatre to sell auction tickets

The Rahway Theatre box office will open again, on Saturday, May 19, for the first time since the theatre closed more than two years ago-but only for a few hours.

The occasion will be the sale of tickets to the gala benefit auction being held by the non-profit Rahway Landmarks organization in June to help raise money to acquire the theatre.

The box office sale will take place from 10 a.m. to 1 p.m. and the price per ticket is \$3. The auction will take place the evening of Saturday, June 16, at the Huffman-Koos Furniture Showroom on St. George Ave.

Approximately \$70,000 must still be raised if Rahway Landmarks is to meet its Wednesday, July 4, deadline for purchasing the theatre. If the group succeeds, it will begin preparations immediately to restore it for use as a county arts center, reports a Landmarks spokesman.

The auction is one of three fund-raising events currently being readied.

County honors visiting nurses

The executive director of the Visiting Nurse and Health Services, Mrs. Rosemary Cucaro, was recently honored at the 13th Annual Convention and Installation of Officers of the Senior Citizen Council of Union County.

The national theme for Senior Citizen Month, this month, is "Health, Make It Last a Lifetime."

A special resolution presented by Freeholder Edward J. Slomkowski highlighted the assistance given by the visiting nurse service to the elderly with both home health care and health maintenance programs.

Also honored was Mrs. Geraldine Casey of Rahway Hospital, who represented all hospital medical social workers.

The visiting nurse service is a voluntary, non-profit home health care agency with a 70-year history of providing health care. The agency's service area includes Clark and Rahway.

Another will be awards of Yamaha motorcycles courtesy of Central Cycle and Marine on Rte. No. 1. There will also be a benefit organ concert, planned for Sunday, June 24, at St. Mary's R. C. Church and a flea market at the Columbian School in Rahway on Saturday, June 2.

Tickets for the auction, which will feature both goods and services with a minimum value of \$25 per item, will also be available at the June 2 flea market.

Karen Halleck vaults to win

A Clark member of the WING'S Gymnastic Team of Cranford, Karen Halleck, 11, scored 64.8, placing her sixth overall in the United States Gymnastics Foundation Class No. 3 State Championship, held on April 28 and 29 in Riverdale.

She also finished sixth in vaulting and third in the floor exercise, turning in the finest optional routine of the competition.

The team finished in fifth place in the event.
