## **GAS WATER HEATER AND GET** A \$50 REBATE.

To encourage energy conservation, we're giving \$50 rebates to Elizabethtown Gas customers who purchase (from any retailer) and install energy-efficient automatic gas water heaters in existing residential dwellings by December 31, 1985.

The efficiency of gas water heaters is measured by an energy factor (EF), which is based on overall performance in recovery efficiency, standby loss and energy input. What this really means is you can have more hot water for less money. Rebates will be provided for units with energy factors of: .56 (30-gallon unit); .54 (40-gallon unit); or .51 (50-gallon unit.)

For more information, mail the coupon on the right or call toll-free:

1-800-221-0364 This offer is available to owners of one- to four-family homes who are Elizabethtown Gas customers.
