Peter M. Campana, Democratic candidate for Clark Fourth Ward councilman, of 18 Brant Ave.

It is obvious my opponent, Brian Toal, and William Caruso's opponent, Richard C. Burger, have begun their campaigns for Council armed with lies and deceit. In an article in the Sept. 19th "Clark Patriot" they us these lies, this deceit to attack and degrade my position as director of senior citizen affairs by terming it a paid

patronage job using the people's money. I think it is time to set the record straight. May I re mind you it was not a Democrat who first appointed me a cordinator for the Mayor's Senior Citizen Committee but, rather. former Republican Mayor Bernard Yarusavage in January, 1983. Mayor George Nucera reappointed me

Furthermore, when initially appointed, I received no salary but acted as a volunteer. I would not call that patronage. Remember, too, the funds for senior citizen afwere part of the 1985 budget which had the approval of Mr. Toal as a member of Council. Once again he seems now-he voted ... and he wants to be re

Presently the Clark Senior Citizen's Club meets weekly at the Veterans of Foreign Wars hall and the money the township gives to this group -\$1,500 per year is used to oav for rental of the facility for its meetings What our opponents fail to mention is that the Council has offered a rent-free meeting place for this private club so that the need for the \$1,500 no longer exists.

The current Democratic administration has establish a senior citizens' complex in the Brewer Community Center --a complex supported by a \$40,000 county grant that was secured by Mayor Nucera while he was still a member of Council. With this grant it has been possible to refurbish many areas of the Brewer building for the use of all of Clark's senior citizens. I have spoken with William Wermuth, the president of

The Clark Senior Clitzens' Club, a number of times in order to arrange a meeting facility in the Brewer complex, and because his group has paid rent for the VFW meeting room to cover the rest of this year it wishes to remain there for now. The Brewer complex is now open, however, to all

senior citizens in Clark. The local chapter of the American Assn. of Retired Persons meets there once a month and is very happy with our accomodations. Our services are many and varied and the list continues to expand: There are recreation, game and conference rooms; there is a television and a library, the gymnasium is set up rium. We have offered blood pressure testing three times a week we hold exercise classes with a qualified instructor, and we have scheduled speakers, the Handicapped most recently a nutritionist. We have distributed vials in which our senior citizens can place important medical information that would then be made available to the first aid squad in the case of an emergency. Late in August I conducted a survey of senior citizens who met at Brewer to determine their priorities. Their greatest concern was housing and next in importance was the availability of meals in the cafeteria. I have been in

contact with Phillip Pearlman at the county division on aging in order to obtain a unit for meals in the Brewer afeteria and we have discussed the possibility of Meals on Wheels in town. I must clarify one last point. I now receive a salary for my position- so do other township directors. But contrary

to what my opponent hopes you will believe, my salary comes from the \$40,000 grant budgeted from the county, not from the township. The county earmarks \$4,000 for this salary, but so far with three quarters of the year gone by I have personally collected \$1,332. The balance has been utilized for the fees of speakers and instructors at the senior citizens' complex. I could also have my out-of-pocket expenses reimbursed but I choose to pay for them

I have worked hard for the senior citizens of Clark, I have put in long hours, I have tried to do my best for them, I strongly believe in what I do, I love my work. And of these accusations, I admit, I am guilty.

This is the third in a series of articles which have been prepared to acquaint you further with the work of your Surrogate's Office.

My staff and I appreciate the chance to chat with you and describe to you what goes on on a daily basis in our office. We want to answer questions which "you always wanted to ask, but didn't know from whom you ould get the answers." Today let's discuss two questions which many of you

ask whenever you come to the Surrogate's Office at the Union County Court House, Second Floor, Old Annex, 2 Broad St. Elizabeth, telephone, 527-4280, or when I see you at gatherings throughout Union County. I. What is meant by "probate of a will"?

Under New Jersey law the county surrogate admits wills to probate, which means upon the death of the testator to testatrix (maker of the will) the legal process which is required to settle an estate is started by tablishing the genuineness of the will. 2. Where does this process take place?

This process takes place in the Surrogate's Office in the county in which the decedent resided. In the case of most of the readers of this newspaper it would be the Union County Courthouse. (address given above). In the next column I will continue to answer questions on wills.

## on serving liquor

For many homeowners the Kelly versus Gwinnell deci-sion changed the way they entertained and served liquor to guests in their homes. In this landmark decision the court ruled a social host who serves liquor to an adult guest knowing the guest is intoxicated and will be operating a motor vehicle is liable for injuries that are in-flicted if an accident occurs.

During the year following the court's decision confu-sion over "social host liability" has reigned. In addition the decision has opened the door for numerous lawsuits. Many homeowners simply don't know where their esponsibilities begin and end when they serve liquor to

In response to the unfair burden placed on homeown ers throughout the state members of the New Jersey Legislature created the Commission on Alcoholic Liabili-This commission recently released its proposal for gislation designed to clearly and succinctly define host

or injury in a host-liability lawsuit unless the case mee ertain specific criteria. The criteria include

-The host "willfully and knowingly" provided alcoho-Lic beverages to a person who was visibly intoxicated. Visibly intoxicated is defined as a person displaying clear -The host served alcoholic beverages with a reckless

disregard of the consequences of his actions in relation to the life and property of another person. The liquor was served with a "reasonably foreseeable risk of harm to

This proposed legislation will be introduced at the next Assembly session this month and in the Senate when that iouse reconvenes. The commission has given the Legislature a reasonable

approach to the problems of host liability by proposing bills that recognize it is extremely unfair to hold hosts liable for the actions of others except in the most extreme cases of blatant irresponsibility. Enactment of these bills will help keep the price of homeowners's insurance from skyrocketing, bring an end to the number of lawsuits, and guide homeowners on how

o safely and responsibly serve liquor to guests in their

TAKE MY

Losing weight is not really that simple nor is an ex-planation of the origin of these co-featured words. There are actually three distinct origins and definitions for these two words that sound and look so similar. The Latin guage is responsible for the confusion that exists. It is always better to save the best for last, so let us start with desert, which has two distinct origins and meanings. There is the desert which stems from the Latin word ertum, meaning dry, sandy, barren region, incapable f supporting human life.

The other desert, derived from a separate Latin root, deservir, which the French converted to deserve, is defin-, meril, from which he disparaging idiom, "to get one's just deserts" comes. This could also be construed as a special reward served at the end of a meal. Now, let us turn to the real McCoy, dessert - a word

with a nice flavor to it. The root for this dessert (with the extra helping of ss's) is distinct from the first two. It stems from the Latin word desservir. The components of dessert are der — from, and servir — to serve. They literally describe what is left when the main courses have been cleared from the table. Today it is

defined as a separate course, such as pudding, cake, pie or other sweet served at the end of lunch or dinner. This is an excellent time for us to desert desserts and get our just deserts, which we probably do not deserve. c 1985, L.I. Inc.

#### Merck appoints Donald Griffin in the MSD AGVET Divi-sion of Merck & Co., Inc., of Rahway, Dr. Hilmer

RAHWAY NEWS RECORD/CLARK PATRIOT

Jones, vice president, of North American Operations, announced. He will succeed John J. Linney, who is retiring at year's end. Mr. Griffin formerly was xecutive director of animal health marketing in the central marketing group, a position he assumed shortly after the formation of the division in 1979. Since joining the corporation in 1965 he has held positions in corporate systems and data cessing, in international marketing and in the animal ealth area since 1970, when it was part of the Merck Chemical Division.
