HEMOPHILIA STORY ... Al Oslislo, a member of the Kiwania Club of Rahway is shown with June Goldberg and Mana Weiner, social workers with the Hemophilia Association of New Jersey. At the last weekly meeting of the club, guest speaker Goldberg explained the beginning of the association in 1972 when seven families with hemophiliac children joined forces to work out the problem of the high cost of treatments. It costs \$40 to \$20 thousand dollars on the average per year and in some. cases up to \$100,000 to treat one person. Since the introduction of freeze dried clotting protein, life quality for hemophilians has become tolerable. The association provides needles and syringes and each year sends 15 to 20 children to camp free of charge. The Kiwanis Club of Pahway meets on Wednesdays at 12-15 at the Columbian Club in Rahway
