Tickets impede progress

I for three years I have parked in Rahway's Municipal A Lot on the corners of Main and Lewis Streets in the same parking spot in the same car. For three years I have paid \$25 a month for my sticker and for three years I have received tickets from Rahway's overzealous Parking Authority for a variety of imaginary attenses. It is becoming firesome. My offenses include: changing one expired month's

sticker to the pext at 9:30 a.m. on the first of the month 👔 our povernmental system and because citizens rarely need 🔞 instead of at 9 a.m.; changing a sticker too early to the next month; and, displaying two months stickers instead of just one. My cardinal sin was backing into the spot in stead of nosing into it and I paid dearly for this. My colleagues have all had similarly frustrating experiences. It is time that the Parking Authority realizes that its mission is providing parking, not tickets, to the \(\partial \) and the branches of the Armed Forces. Commonly business community of Rahway. 66 AM THE FLAG? My red stripes are symbols of the blood spilled in defense of this Glorious Nation. My white stripes signify tears shed by Americans who lost their sons. My blue field is indicative of God's Heaven of which I fly under. My stars clustered together unify 50 states as one for God and Country. "Old Glory" is my nickname and proudly I wave on high.
