# City back in court with Utilities Authority

The City of Rahway is in court this week with continuing litigation against the Union County Utilities

Authority (CUA). The City, represented by attorney Louis Rainone, has protested a change in the CUA by-laws, made in February, which allows a member other than the treasurer to sign contracts and checks. Rahway Busi-

ness Administrator, Joseph-Hartnett, acting as treasurer of the authority, has refused to sign checks in protest of the appointment of G.

Richard Malgran as authority counsel. Hartnett has charged that the appointment was a pre-arranged deal and ac-cused Malgran of a "conflict of interest" in seeking

and accepting the position of general counsel.

cept the appointment.

Rainone said the change in the by-laws is in violation of the consent judgement that settled the original lawsuit between the City and the Freeholders creating the authority. "It is an attempt to strip the powers of treasurer from Mr. Hartnett," said

Malgran resigned from Rainone. In the judgement, his position on the Board of Chosen Freeholders to ac position of treasurer, chairman or secretary of the authority as long as it is in

existence. During testimony before Superior Court Judge Milton Feller, County counsel Robert Doherty disclosed that some of the conversations between he and Hartnett were taped in conjunction with an in-

vestigation by the pro-secutor's office, said

These taped conversa tions allegedly support Rahway's position that Doherty gave Rahway "sign off rights" on all con-tracts and checks, said Rainone

The City will be back in court on April 27 to argue the inclusion of the tapes in testimony. The Utilities Authority has moved to suppress them from evidence. A decision on admissability of the tapes is expected that day.

# **GED** test for HS diploma slated for May in Rahway...

Rahway Adult Basic J Education Program in cooperation with Middlesex County College and the State Department of Adult Education will hold the General Educational Development (G.E.D.) test in Rahway Intermediate

School. The seven-hour test, which takes two evenings to administer, will be given from 6 p.m., to 10 p.m., on Tuesday May 5 and 12. candidates successfully passing the test will receive a New Jersey. State High School Diploma. Anyone who is interested

in testing in Rahway should call Beverly Backmann at 574-2595 anytime from 8 a.m. to 9 p.m. Because the testing is limited to 20 students, registration is required by April 28. There is a \$15 testing fee required by the State, which must be paid by certified check or money order upon registra-

tion. It is highly recommended that all candidates for testing take the free practice G.E.D. test which will be given in the Intermediate School on April 16, 28 and 30. This practice test is an excellent predictor of a person's scoring abilities on the official test, and will give them an idea of what they need to brush up on.

Presently, the G.E.D. tests five subjects; writing, science, social studies, reading and math. The reading, science and social studies portions of the test and predominently reading comprehension. The test is entirely multiple choice.

The standards for obtain ing a regular high school diploma are being raised with the required passing the High School Proficiency Test, In order for the State Diploma to maintain its relative equivalency, the requirements for passing the G.E.D. test are also being raised. As of January, 1988 the G.E.D. test will be completely changed. One of the biggest changes will be the addition of a 200 word written essay.

WHEN IT RAINS ... The roof of a carriage house on Mayor Daniel L. Martin's property on Hamilton Street collapsed after the heavy rains last week. Cheryl Martin, pictured, the mayor's wife, said the building had been eakening for two weeks. "After the rain, the roof fell in," said Cheryl. "A neighbor called police and an ambulance." The building, used mostly for storage, was

nearly empty at the time. Cheryl said the structure has been on the property for more than one hundred years and was used as a carriage building facility. A corps of engineers have been out to inspect the site to try to determine the exact age of the carriage house and the cause of the collapse.

# Voters beware...?

Clark taxpavers should beware that the same power brokers who control the Board of Education in Clark also control the Democratic Council in Clark, so if you are anticipating tax relief from the defeat of the elementary

school budget, do not get your hopes up.

As for the three newly-elected board members, after a short while you can expect them to fall in line with the six present rubber stamps to continue the plunder of the taxpayer in the name of "quality education." (Oh, what crimes have been committed in the name of "quality education" and/or "mandated programs!")

Really, what should the Clark taxpayer demand of our Mayor and Council as the minimum dollar reduction of the school budget as mandated by the voters? Considering the fact that since the Board of Education has, during the past two years, increased the school payroll by creating new positions in spite of low student enrollment by about \$200,000, then that should be the starting point for all cut considerations. In other words, the \$200,000 amount should not even be thought of as a

If we add to this sum an amount equivalent to the reduction in the number of excessive ancillary and administrative personnel — \$300,000 in round numbers we arrive at a minimum cut of only \$500,000.

Let's keep a watchful eye on our town fathers and nothers and demand that they ignore all the ballyhoo about the vote on April 7 not being a mandate of the people. Remember April in November

The might even choose not to cut anything at all or give us the usual token cut to keep everybody happy.

As the flyers we distributed before the election

pointed out in 1979-80 the K-8 budget was \$4,751,687. Remember this figure! Between 1979 and now we have closed two schools; we went from double-digit inflation to almost none; fuel oil and gas prices are down; there has been a dramatic reduction in student enrollment requiring these school closings; and over these years education has ugh" nor "efficient!" Today's proposed budget is a few dollars short of \$7 million. Under these circumstances we strongly feel that con sidering all the above factors, our present school system should be able to operate with ease at the 1979-80 budge

figure. Any reduction less than this figure will be pure ap sement by Council representatives and should be judg ed accordingly come election time. For too many years the citizenry has had to "make do" and learn to live within their means. It is now the responsibility of the educational community to operate in businesslike manner. Having to accomplish fantastic feats with few resources was one of the things that made

this country great. It stimulates creativity and the development of new ideas. A bloated, self-satisfied, overfinanced system has only led to mediocrity! It is high time our educational community learned how to "make do" cially! It's a good lesson! We are encouraging all to get in touch with their

Council representatives and make their feelings known before the budget meeting. From the schools we need

1. Be patient. You did pitfalls.

your cating patterns and hunger, not your appetite. It takes your brain close to I. Be patient. You did not gain your excess weight overnight. You can't expect to lose it overnight. The important thing is to find a weekly "goal" (usually between two and three pounds), and stick to it.

2. Learn how to eat. Sounds simple — but, how many of us really know what our nutritional requirements are? A good diet of the patients of the patients of the patients of the patients. It takes your brain close to 20 minutes to "learn" that you have eaten, and how of clearn, and how of lifting weights, or getting up at dawn for an hour of calesthenics. Find the form of extent you enjoy — a brisk, 20 minute walk daily is one example — and try to do it every day, at the same time. Although exercise alone cannot make you what our nutritional requirements are? A good diet of the patients of the task of dieting, it's possible to best to have a doctor exquirements are? # Rock 'n Roll T.V. series to be taped in Rahway

The Union County Arts Center, in the historic Rahway Theatre, Rahway, is the sight of a television taping for the T.V. series "The Authentic New York Rock 'N' Roll Show," on Saturday, April 18.

The 1st Annual Easter Rock 'n' Roll Show, being held at the Union County Arts Center, the first in a series of live "Rock 'n' Roll" concerts, is being taped as the pilot show for the T.V. series, which will be seen in 75 cities across the U.S.

beginning July 1987. The live concert, which begins at 8 p.m., features The Duprees, the New Ine Duprees, the New Jersey group that had national hits with "You Belong To Me," "Have You Heard," and "My Own True Love," and are celebrating their 25th aniversary in shore humines. niversary in show business.

Also appearing are The Del-Vikings ("Whispering Bells," "Come Go With Me," "Sunday Kind Of Love"), The Toys ("Lovers' Concerto," "Attack," "Sealed With A Kiss"), Vito And The Salutations ("Gloria," "Unchained Melody"), and the original Del Satins ("Teardrops Follow Me"), performing together for the

first time in 15 years. Bobby Lewis ("Tossin' And Turnin' ") is the special guest M.C., as well as host for the entire 26-week television series.

A2 Television Productions is the producer of this half-hour weekly television series, which features the best groups and songs of the late '50's and early '60's, and recreates the experience of attending the rock 'n' roll shows at the Fox and Paramount Theatres produced by Alan Freed and Murray the K during the "Golden

Age."
For those wishing to be part of the live audience on this special occasion, tickets
