SOMETHING ABOUT ONION CELLS. . . Marilyn Bernacki of Clark (center), a senior at Mother Seton Regional High School, Clark, is a recipient of a Grant-in-Aid sponsored by the N.J. Academy of Science. Her grant proposal is titled "The Differences in Growth Due to Changes in Chromosomal Patterns in Onion Cells Treated with Saccharin and Aspartame." She will present her research in May at Rider College. The monetary grant is a competitive award involving the presentation of a final written report and oral presentation. Bernacki has been working on this research project under the direction of Miss Lynn-Beth Schwarz, shown at right, a member of the Science Department at Mother Seton Regional High School. At the left, congratulating Bernacki, is Sister Regina Martin, Principal of Mother Seton.

The following suggestions are offered to those who bmit press releases to ensure better and more effective wspaper articles. Also, following these guidelines will elp in more timely processing of press releases. - All releases should be typed and double spaced. ou don't have a typewriter, legible printing will be ac-

- De net capiteliza entire press release - use capital etters only where appropriate. date of preferred release of the story on page one.

- There is no charge for press releases, except for weddings, birth announcements, and engagements. - We welcome articles and photographs from all ur readers for any event you would like to share. - News releases will not be taken over the phone Deadline for copy is Thursday, 5 p.m. for the following

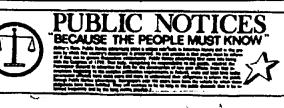

week's issue. — Do not submit small scraps of paper — they can

best. Although we will accept color, we cannot guarantee we will print them if they are poor quality. It does not matter what size photo you submit, each can be enlarged or reduced without damaging your photo. If you wish photo returned, please send self-stamped, addressed envelope, or pick up in person, with the date the picture appeared in paper

- Do not send in flyers of coming events. Articles st be submitted in press release form; send them in as ou would like them to appear in print.

--- Identify photographs on back, and indicate which erson is where (left, right, etc.). - And, finally, please be patient. We do our best to e that all submitted articles and pictures from our readers are published. Thank you for your cooperation.

## INTRODUCING GENTLE **CHIROPRACTIC!**

Hi. I'm Sharon M. Guida. Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain.

In addition to my doctorate, I have graduated from Mountainside Hospital School of Nursing. Since college I have completed courses in nutrition, scoliosis, personal & sports injury & radiology. Even now I attend nationwide seminars to stay current on the advances of this rapidly changing field.

If you have hesitated visiting a chiropractor, perhaps you didn't know about this gentle or "soft touch" technique. It has been effective treating:

Back Pain Neck Pain Headaches Arthritis

Shoulder Pain Painful Joints Arm/Leg Pain

And, because most insurance companies recognize and cover chiropractic care, your treatment may be at little or no cost to you according to the limits of your insurance policy. To encourage you to try gentle chiropractic, please accept this
