INTRODUCING GENTLE **CHIROPRACTIC!**

Hi, I'm Sharon M. Guida, Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years learned the precise locations where light pressure can bring chiropractic relief to pain.

addition to my doctorate, I have graduated from Mountainside Hospital School of Nursing. Since college I have completed courses in nutrition, scoliosis, personal & sports injury & radiology. Even now I attend nationwide seminars to stay current on the advances of this rapidly changing field.

If you have hesitated visiting a chiropractor, perhaps you didn't know about this gentle or "soft touch" technique. It has been effective treating:

> Headaches Arthritis Bursitis

Shoulder Pain Painful Joints Arm/Leg Pain Stiffness Cold Hands/Fee Hip Pain

And, because most insurance companies recognize and cover chiropractic care, your treatment may be at little or no cost to you according to the limits of your insurance policy. To encourage you to try gentle chiropractic, please accept this
