REMEMBER APRIL IN NOVEMBER

Last April, in a Letter to the Editor in the Clark Patriot, I predicted what would happen to the defeated school budget. Unfortunately, for the sake of the taxpayers, my prediction came true. Let me remind the voters what happened.

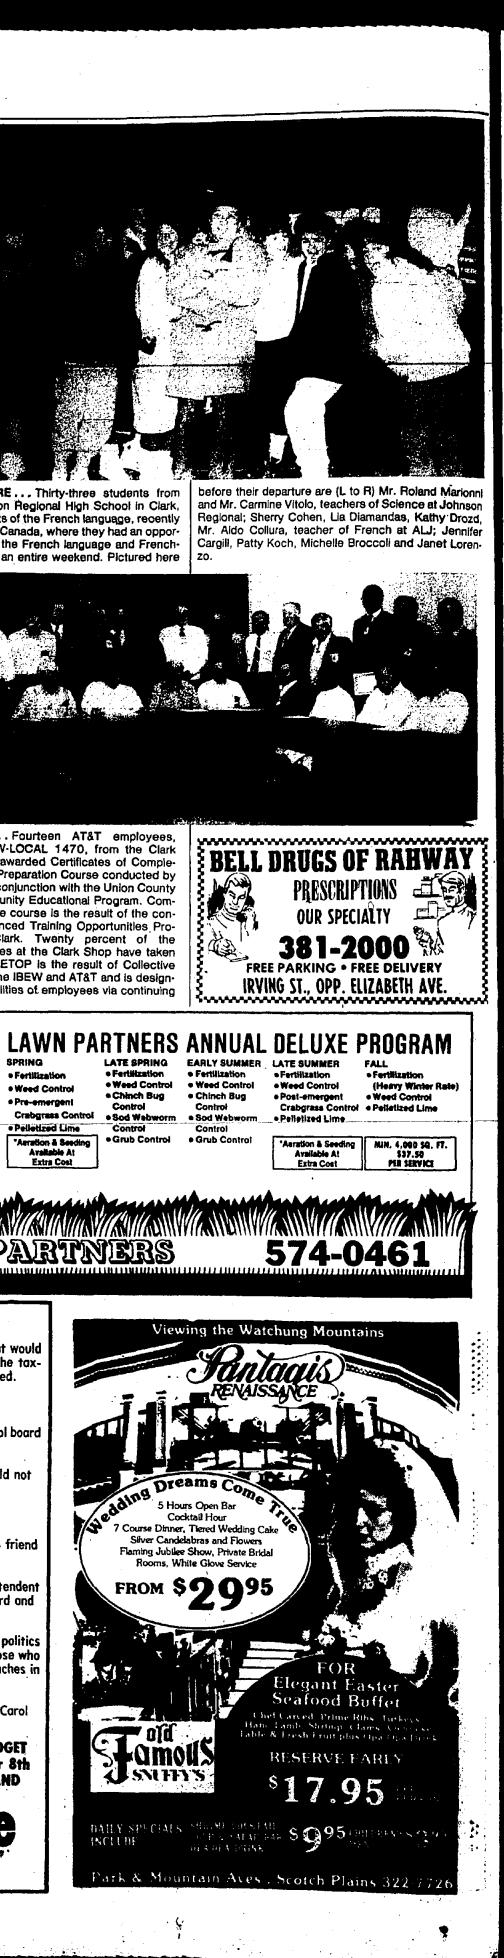

- On April 8th the school budget was handily defeated by the voters.
- Our town fathers met with an arrogant school administrator and the school board to gather information about possible budget cuts.
- Council had documented data which revealed that a \$450,000 cut would not significantly affect any child's education.
- Council cut only \$176,000.
- The school board rejected even this cut since it knew that a GENEROUS friend was waiting at the County Superintendent of Schools office.
- The school board requested that Dr. Gagliardi, the Union County Superintendent of Schools (whose wife is a teacher in Clark) mediate between the board and
- council to reduce the cut. The Council, ignoring the present plight of the Clark taxpayers, played politics with the board and revised the cut from \$176,000 to only \$60,000. Those who voted for a smaller cut (\$60,000) Joe Pozniak (has a daughter who teaches in Clark)-D, Fred Eckel-D, Bob Ellenport-D, Bill Caruso-D.
- Those who voted to keep the larger cut (\$176,000) Bernie Hayden-R, Carol Pluta-R, Carmine Cristiani-R.

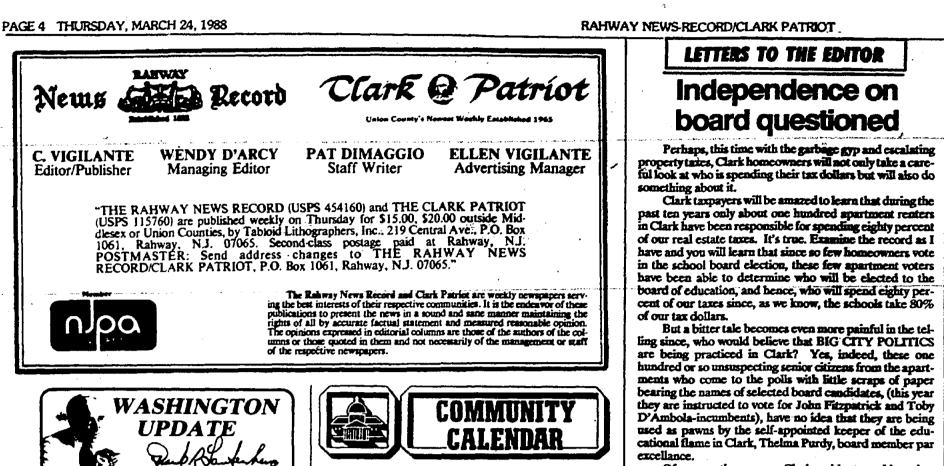

ON APRIL 5th LET'S DEFEAT THE BOARD'S EXTRAVAGANT BUDGET BY EVEN A GREATER MARGIN THAN LAST YEAR. ON November 8th LET'S DEFEAT THE PARTY WHICH WILL NOT CUT \$450,000 AND STICK WITH THAT CUT.

something about it.

Of course, the average Clark resident would not imagine that Bossism politics are being employed in his/her quiet little town but the lust for power shows no respect for time or place since, to the power seeker, the end always justifics the means. Now, let us take a look at what will result from reelect

Clark taxpayers will be amazed to learn that during the

ing Fitzpatrick and D'Ambola, and thus maintaining Thelma Purdy's voting majority on the board. The number of board employees will continue to mul-tiply - now at 5 employees for each student. Taxes will con-

tinue to soar accordingly. (Unemployment in Clark must be at zero since almost everyone works for the board of education. Ours is being called the most successful jobs program in the country.) Defeated school budgets will continue to be sent to the

County Superintendent of Schools whose wife works for Clark. Last year's Town Council cut went from \$176,000 to \$60,000 thanks to him and the Democratic council people (except Hayden). Two-thirds of the school children will continue to look

upon one-third as superior, thanks to the grouping system being used by the board. Clark's 8th grade graduates will continue to score the

lowest of all the Regional District towns on the High School Proficiency Test as they did this year. Qualified present board employees will continue to be overlooked for promotion while outsiders will be brought

in for top jobs (never pick up a stranger). Clark voters will continue to be ignored and ridiculed as in the recent board decision to grant early tenure to a questionable superintend

Interested and qualified board candidates without a power base will be discouraged from seeking board seats. Nepotism will continue to prevail and age discrimination will continue.

I am sure that the homeowner's course is evident - WE MUST OUTVOTE PURDY'S APARTMENT PEOPLE to break up her power clique on our board of education. To do this, on April 5 vote for me, Jim Kehoe for a two-year term and for any three of the following for three year terms, Anita Altman, Laurie Runyon, Michael Dudek or John Schroeck. Let's finally have an independent school board in Clark, free from power politics. (If you will not be in town on April 5th fill in the fac-

Early Latin speakers frequently created new words from existing ones by simply attaching prefixes to their roots. For example, by adding the negative prefix in, they could convert a noxious little word into a very chaste one innecent is a good illustration of this kind of linguistic amelioration (change for the better) wherein a nasty word chieves innocence.

The root of innecent is the not so innocent Latin word mere, meaning "harm, injury", which is the source of the English word merices, "harmful to health." Hoxa stems from the verb nocere, meaning "to cause or prepare the death of, whence to be harmful. "Therefore, innecent literally describes someone who is "not going to prepare your death." A comforting thought. The current sense of innecent is generalized to mean-

"uncorrupted by evil, malice or wrong doings; sinless." The obnoxious origin of insecont has come full circle with its alteration to the prejorative (disparaging) word aimy, which means "a fool or simpleton."
