Nightmare on Linden Ave.

I am writing as a concerned tax-paying citizen of Rahway, My concern is over Linden Avenue in Rahway There is potential danger brewing on this road and I think it should be brought to all of Rahway's attention. 1. A left-hand turn arrow is needed just to get on Linden Avenue from St. Georges; without this arrow there is constant congestion.

2. Lines need to be painted down the center of Linden Avenue; presently, motorists use this road as if it were their own private road, paying no mind to the rules of the road. With cars parked on either side and two-way traffic, you just can't have motorists driving down the center of this road.

3. Colonial Deli, positioned on St. Georges and Linden Avenue, has no parking and is adding to the chaos occurring on Linden Avenue. I feel that there are many other citizens of Rahway who would have to agree with me! There are children who live and play on this road. We can't continue to have speeding, inconsiderate drivers on this road as if it were a one-way street! Linden Avenue is a horror show. Do we

pay attention to this road?

Luckily the other communities passed the budget and it garnered enough votes to pass. I think the youngsters who attend the school will just have to take their parents by the hand to come out to vote to help their cause. Only 16% of Clark's 9,660 registered voters came out to vote. What a disgrace!

Come on board members and candidates — don't be afraid of not being elected. Stand up and be heard!! If you don't, families interested in education will move from the community and other families interested in moving into Clark wanting a good education for their children will change their mind.

Our trip to the

RAHWAY NEWS-RECORD/CLARK PATRIOT

Thousand Islands ********** Listen my friends and you'll hear my talk, on our wonderful trip thru the State of New York. We left our hometown on the minute of eight, so our driver Jim Marks should never be late.

We stopped on the thru-way for coffee and bun, and then we were ready for frolic and fun. We're a fun-loving crowd and we make quite a fuss, and we have great times on Jim Mark's bus. The bus was held up by a bandit named Bob. but low cash in the crowd made it a poor paying job.

We then headed north to the town of Lake George, and there we proceeded our bellies to gorge. We brought along pills to relieve stomach acid, so we'd be in good shape for our stay in Lake Placid.

The Ramada Hotel greeted us there, and tended our needs with sweet loving care. Our dinner that night was the pride of Lake Placid, and we needed no pills to soothe stomach acid.

The next day we traveled north-west to Massena, the St. Lawrence Seaway to see. The Locks Eisenhower, the Skydeck Tower, oh, so many attractions there'll be. We saw a ship raised to the level of the lake, from the lower level of the sea.

We then crossed the river to visit our neighbors, our Maple Leaf friends to the north. They gave us warm welcome, pushed us thru customs, and then they all cried "Sally forth."

We then found the village, "Upper Canada Village," result of St. Lawrence Seaway. They saved many buildings and added some more, to brighten our visit today.
