The measure makes a number of major reforms to the New Jersey Police and Firemen's Retirement System (PFRS) in an effort to place it on sounder financial ooting and at the same time provide a five percent pension increase after 25 and 30 years of service, Senator Russo said.

Specifically, the legislation would increase the special retirement allowance provided after 25 years from 60 to 65 percent of final compensation, Senator Russo said. The benefit for 30 years of service would be raised from 65 to 70 percent

(If I rub my legs together, all that happens is the dry skin flakes off and

RAHWAY NEWS RECORD/CLARK PATRIOT

esses up my socks.) But outside the protean marvel of life, itself, one of the greatest modern miracles is the fact that presumably intelligent people continue to accept and feast upon the rhetoric of charlatans.

The WORLD

by Ned Negitsc

ACCORDING TO NED

The ones in the sciences sway us with their credentials and their technocratic mumbo-jumbo. The ones in politics impress us with their well-worn promises of renewed prosperity and with their long and steadily growing resumes. (In our weakness for something called charisma, we believe these amiable hypocrites, even though we know they don't even write their own speeches.) And the ones in the TV pulpits use their histrionic

skills to convince us that a privileged link exists between themselves and the almighty Some of these gifted communicators - in all of the above occupations – achieve stardom and prosper mightily through our unexplained reluctance to doubt

Don't get me wrong. I'm not saying they are all charlatans and opportunists. Somewhere among them; I'm sure, are a few of the genuine article – those who don't readily deflate when stuck with the pin of challenge. But they are usually recognizable as the less flamboyant; the less prone o beg unabashedly for our money or our votes. The problem is that most of this planet's inhabitants have not been equipped with the litmus kits necessary to

the scientific world. And, for the next four years after putting a new president in the White House, we'll be grousing about the fact that he's not doing the things he promised to do, and that he's doing a lot of things he promised not to

The miracle is that we never learn.

Sees hope in Dukakis

The media is going all-out to elect George Bush. They're focussing on labels, appearance, personality traits, on anything but the issues that affect our daily lives. Dukakis is painted as a cold technocrat, who rarely smiles, and, even worse, a Liberal.

The 1988 effection could be a turning point in history. Bush can be: counted on to continue the Cold War military build-up, Star Wars, and Reagonomics, which mean higher taxes for the middle class, interventions abroad ... with drugs-for-money deals. There'll be more union-busting, further erosion of clean environment measures to help big industry, while education, health care, Social Security, ERA, and care for the elderly are attacked, as the budget deficit grows. Dukakis would end the Cold War and pursue a sane

arms control/disturnament policy with the Soviet Union, including careful inspections. This would release billions for constructive internal problems. He plans to pursue political solutions to the troubled areas. The billions he would collect from the large corporate interests by closing tax loop-holes would be used to lower the budget deficit, help build affordable housing, aid for the homeless, provide healthcare, job training and funding for education, help for the small farmer and single parent families. With child care and job training, he would get the poor off welfare, enabling them to work and pay taxes.

Dukakis has worked well with business interests in hi . He insists they act responsibly and pay their fair share. He is ... remainiscent of that "horrid Liberal," FDR, | for the overseeing of the Municipal yard), turned this facilwho gave us Social Security, the 40-hour week, minimum wage, and unemployment insurance. For these, every

working man and woman is cternally grateful. The increase in crime and drugs, plus the ever-present nuclear threat have left a generation filled with fear and despair. Bush's embrace of Star Wars, which most scientists claim cannot work, represents a bonanza for the Arms Industry and a device to continue the Cold War and block arms control. The time is NOW to end the Cold War with Mike Dukakis, whose vision and policies will lead to lasting peace and an atmosphere of hope .---

Arthur Simon

Hayden replies to 'chameleon' charge

In regard to Clark Democratic Councilman Bi Caruso's letter of Oct. 27 where he calls ME a political hameleon, he just can't seem to be able to remember all the facts! He neglected to mention that in 1980 HE appeared before the Clark Republican screening committee in an attempt to be named a Republican candidate for ouncilman - and, THEY REJECTED HIM! It was then that he decided to become a Democrat!

He also fails to mention that two of the presen Democrats running for Council in Clark were previously Republicans until 1984 when the Republican committee became disenchanted with their behavior, and THEY witched parties. Incidentally, after serving on Council with the above-mentioned individuals for the past four years, I up with the unethical and unprofessional manner our com- 1041. munity was being run by bush-league self-serving novices. This Democratic administration has been an embarrass-

I have been an elected official since 1975, and yes, I ran with the team that opposed Bernie Yarusavage in 1984. however, in comparison the management skills and professionalism of Mr. Yarusavage are far superior than that of our current administration. In the past four years, Clark as had more lawsuits, legal fees, scandals and state investigations than every before:

To be called an obstructionist by Mr. Caruso is a comliment! I thought independent thinking, expressing one's thoughts, questioning what I see as the mishandling of tax sayers dollars and caring about my community was called sing a concerned elected official.

f Mr. Caruso and his rubber-stamp cohorts on Coun- | B on November 8. cil had asked a few questions, read all their correspondence and most important, knew how to add, perhaps Clark would not be in the disarray it is now. My loyalties have never been to a dictatorial administration, but to ALL the sidents who elected me to serve in their behalf to carefully guard their tax dollars and do what's best for their

And. further on into Mr. Caruso's letter he reviews my oting record from 1984-88. The "self-appointed political nalyst" of Clark's first mistake is his dates. For the record I took office in 1985.

ON APPROVING THE TOWNSHIP BUDGET Since when is a cost-effective approach to analyzing a rudget wrong? Since when is it wrong to ask Department heads for an explanation on their budgets? The emergency

cause he did not attend the Special Meeting on the budget My position on approving this budget was known before the meeting (because I disapproved of unwarranted raises being given to certain unqualified individuals.) SALARY INCREASES - (*minimal increases, says

Mr. Caruso) - YES, I voted against: *a. Eighty percent increase for Mayor and Council (Democratic majority on Council pushed for this). *b. Cost-free medical and dental benefits to part-time

*c. Part-time Engineer making over \$36,000 per year (and, Mayor Nucera requesting a \$1,000 raise for him). *d. Mayor's private secretary getting a 6-1/2% pay increase in 1987, plus an additional \$2,000 salary increase plus a 6% increase on top of that for 1988.

Mr. Caruso does not understand that in the business world, there are no automatic pay increases. Some people wait 18 months - and, then they get theirs "the old-fashioned way - they earn them. ON MONEY FOR TOWNSHIP CLEAN-UP

Check the record and you will see that I did vote for \$100,000 clean-up in 1988. And, I did vote for \$50,000 additional emergency appropriation. This was to pay for 100 truckloads. My main concern was the "guarantee that all homeowners would be serviced" since this Democratic administration has been known for their mismanagement and poor planning over the past four years. Forty-one truckloads were picked up in the 1st Ward, 53 trucks were filled in the 2nd Ward, and on Oct. 20 we (the Council) met and appropriated an additional \$150,000 for a total cost of \$300.000 for the 1988 Clean-up - and guarantee that all homes would be serviced.

When Bernie Yarusavage was Mayor, Clark had coninuous clean-up either by appointment on bulk items or the use of the compactor in the Municipal yard. The Democratic administration (Mr. Caruso is Chair-

ity into a "dump" where contractors and landscapers were permitted to dispose of their waste. The dump was ordered closed after a suspicious fire occurred over Labor Day weekend '87. SUPPORTING RECREATIONAL PROGRAMS -

NEVER SAID RECREATION PROGRAMS WERE NOT NEEDED IN CLARK! Having been involved mysel as a volunteer for almost 20 years in both boys' and girls sports activities as manager and coach, and having been active in fund-raising for most youth programs (unlike Bill Caruso, I've never asked for a 15% commission), most PTA's and most currently helping the ALJ Athletic Booster Club, I realize the importance of providing activitics for the youth of our community. Thousands of tax dol lars were wasted in 1985, 1986 and part of 1987 when the Administration's previous recreation appointces collected paychecks but provided minimal services. In the fall o 1987, with the appointment of Mr. Donofrio, a responsible recreation program was finally begun. And, Mr. Richard Donofrio, Director of Recreation, is to be commended on

doing an outstanding job! **PAVING THE MUNICIPAL PARKING LOT – A** one has to do is check the minutes and you will see that I have always been in favor of paving the Municipal parking lot. THAT IS, after all streets in town that were in need of repaving were completed! Repeated calls from home owners from all areas of our community have indicated to me that they want their streets repayed first. SELF-INSURANCE PROGRAM - Self-insurance

a risky business. Look at Kenilworth and the problem of possible bankruptcy that they are presently facing. ONE GARBAGE CONTRACTOR - 1 am against

splitting our community into two districts. The value of one's home should have nothing to do with the cost of gar bage collection. The Solid Waste Committee misled the taxpayers by telling them that the cost for garbage collection is a tax deductible item. For further information, call can see why! Yes, I switched my party affiliation! I was fed | the I.R.S. at the following toll-free number: 1-800-424-

> Space limitations have not permitted me to continue answering Mr. Caruso's distorted remarks. For anyone who may have further questions or would be interested in seeing documented information on the above, I can be contacted at any time. I am available and always have been to discuss issues or problems.

> In conclusion, as Election Day approaches, the decision is yours: do you want another four years of deceit, mismanagement and high taxes, or do you want a Mayor and Council that will work to restore your confidence in elected officials? I have always felt that serving as an elected offi cial in Clark is an honor that I hold in high regard. I hope you will join the many Independents

> Democrats and Republicans in Clark who have pledge their support to vote for the Republican candidates on Line Thank you

Rajoppi 'high standard' praised

As Chairman of the 1988 Freeholders Fiscal Affairs Committee of Union County, the figures released for 1986 and 1987 from the Union County Register's Office conto show improvement in revenue and efficiency in that

Union County Register of Deeds Joanne Rajoppi continues her high standard of professionalism in County Government by continuing to run her department with inovative methods which shows her concerns for the taxpay-

In 1986, the Register's Office turned over \$2.3 million more than the office expended in operating and salary expenses. The next year, 1987, Rajoppi's office turned in an additional \$2.9 million. This additional revenue certainly essens the tax burden for county taxpayers, The revenue-versus-expense ratio of her budget ha

eached an historic high during her tenure, making her office one of the few self-supporting in government with abolutely no support from County taxpayers dollars. With this in mind, Rajoppi has even gone one step urther in developing the first integrated computer software program for property recording which she has ed to other New Jersey counties. Rajoppi's program market was cited this summer ... with a prestigious award. All revenues generated from this program go into the County General Funds and assist in offsetting the County tax rate. I am pleased ... that Union County is so ably repre-

ented by a most qualified and experienced, hard-working public official. Joseph Suliga Freebolder

Dem supports **Republican** slate

As a resident of Clark for over 17 years and longime Democrat, I believe our Township has seen enough over these past four years and must vote for a Republican administration. That's why I'm chairing "Democrats for the Clark Republicans" ticket for 1988. This year's Republican ticket provides a team experienced in local government that can lead Clark into the

90's and beyond Their insightfulness will avoid past issues such as the. dump fiasco, garbage collection change and continuing emergency appropriations like one just recently for a 100 percent increase in the cost of the Townwide Cleanup. As a Democrat, former Council-member-at-Large, and Municipal Democratic Chairman, I support the team of Bernard Yarusavage for Mayor, Bernard Hayden, Ruth DeLuca and Joseph Rybak for Council Membersat-Large and urge the voters of Clark to consider this team on November 8, 1988.

loseph F. Farrell. .

Air Force Sgt. Paul Chaplar. 21, son of Charles J, and Janet M. Chaplar, Stone St., Rahway, can testify to the often contradictory customs and cultures encountered by Americans in England.

"I enjoy working with the British community," Chaplar said. "It gives me a chance to meet and learn about their cultures and backgrounds. They are very caring and conservative people. We often-share our differences between ourselves "

Chaplar, a 1984 graduate of Rahway High School, is an inventory management specialist stationed with the 10th Supply Squadron at Royal Air Force Base Al

Alconbury is tucked away in a small rural communit hours north of London on known as 'the bulge.'

No. . Winternet.

デジャング

Officially a Royal Air Force installation, it dates back to 1942 when it was occupied by a U.S. B-24 bomber unit. Currently, the base is primarily occupied and controlled by the U.S. Air Force. Its primary mission is playing host to American reconnais sance elements and the are retains much of its English country charm.

Scholarship deadline

High school students in tcrested in applying for \$1,000 college scholarships should request applications by December 1 from Educational Communications Scholarship Foundation, 72 N. McKinley Road, Lake Forest, IL 60045.

To receive an application, students should send a note stating their name, address, city, state and zip code, approximate grade point aver age and year of graduation. Sixty-five winners will be selected on the basis of aca-

RE-ELECT RINALDO TO CONGRESS. BECAUSE HE DOES MORE FOR YOU. This year on Election Day, when you get into the voting booth, forget about all the campaign rhetoric and promises, and think of yourself. Think of who can do the most for you, your family, your neighborhood, your friends and your neighbors. If you do, we're certain that you'll vote to re-elect Congressman Matt Rinaldo on November 8th. Because he can do more for you.

CONGRESSMAN RINALDO DOES MORE FOR THE ENVIRONMENT. The air we breath, the water we drink, the rivers and lakes we swim in, they all need protection. That's why Congressman Rinaldo was an original sponsor and strong supporter of the Clean Water Act --- legislation that will provide New Jersey alone with \$650 million in Federal funds to keep our rivers and lakes and drinking water clean.

1 (Vote for yoursel

That's why Congressman Rinaldo co-sponsored legislation to ban all ocean dumping of sewage sludge after 1992. That's why he is an original sponsor of legislation *requiring* the Environmental Protection Agency to control infectious waste disposal. CONGRESSMAN RINALDO DOES MORE FOR SENIOR CITIZENS.

It's beginning to look as if those who are willing to stand up for senior citizens are becoming an endangered species. But that's where Congressman Rinaldo is different. As the ranking Republican on the House Select Committee on Aging, he has used his seniority and clout to fight for long-term home health and nursing care for senior citizens. That's why he *introduced legislation* to provide a better Consumer Price Index

for the elderly on which Social Security, veterans' and railroad retirement cost-of-living adjustments will be based.

That's why he will fight against any proposal to reduce the deficit by cutting Social Security and Medicare. And maybe that's why Rep. Claude Pepper (D.-Fla) has cited his "courageous efforts" on behalf of Social Security and Medicare. CONGRESSMAN RINALDO IS DOING MORE TO STOP DRUG DEALERS AND TRAFFICKERS. One species that deserves to be endangered is drug dealers and traffickers. That's why

Matt Rinaldo voted for the death penalty for any dealer or trafficker who commits murder or who causes murder to be committed. That's why Matt supports the use of the military to stop the flow of drugs, urges

President Reagan to deny foreign aid to any country that does not work to suppress drug production, and *will never* support the legalization of dangerous drugs. CONGRESSMAN RINALDO IS DOING MORE TO STOP INSIDE TRADERS ON WALL STREET. Some people think white collar crime is victimless crime. But not Congressman Rinaldo. It was "delicate staff work with subcommittee Republicans led by Matthew Rinaldo of New Jersey that produced a bi-partisan bill that made it to the floor in a walk." And that's the Washington Post praising Matt, not us. That bill will help take insider traders off the Street and out of our public markets.

CONGRESSMAN RINALDO DOES MORE FOR THE 7TH DISTRICT. In the 100th Congress alone his personal efforts have secured nearly \$25 million in Federal support for much-needed community projects. In 16 years that figure has amounted to well over \$100 million in direct Federal aid to the 7th district. RE-ELECT RINALDO TO CONGRESS ON NOVEMBER 8TH BECAUSE

HE DOES MORE FOR ALL OF US.

In his 16 years in Congress, Congressman Rinaldo has established not just seniority, but a solid reputation for hard work, long hours, effective legislation and leadership. His record speaks for itself.

د اد موجد **برور ب**اد ماد م

So if you're wondering who to vote for, why not vote for yourself. You can do that by voting for Congressman Rinaldo on November 8th. You'll be voting to keep an effective, forceful leader in Congress --- someone who can do more for you.

RE-ELECT RINALDO TO CONGRESS. Keep him working for you.

Mr. | holds a bachelor of science | than 1,700 people. Caruso guoted New Jersey Governor A. Harry Moore who spoke at that long ago ceremony, "The things of the spirit are the things that really count. This building indicates that the people of the community have not lost their sense of appreciation of spiritual values. A community is no better than its citizens ... It's a fine thing to have dreams come true.' Mr. Caruso went on to say that our hospital still holds to the same values that Governor Moore praised three generations ago and that yet another dream has become a reality thanks to the support of our staff and our community, both of whom were willing to work together and make sacrifices.

P. Roy Vagelos, M.D., Chairman of Merck & Co., Inc., was guest speaker for this special occasion. He spoke of Rahway Hospital as a vital part of the community that cares for the sick, teaches the well about healthcare in order to prevent them from becoming ill and educates the hospital staff, all of which, he said, "Rahway Hospital docs ex traordinarily well." He went on to say that al

Johnson suffers toughest loss

by Chris Lindquist The Johnson Crusaders (2-3-1) suffered their toughest defeat of the year

to the Immaculata Spartans (4-2) last Friday night. Although neither team was able to capitalize in the first quarter, the Crusaders air-show exploded for two quick touchdowns in the second quarter. Johnson's first score came on an 8-yard reception by Greg Schubert. The point after was missed. On Immaculata's next series, Chris Lindquist intercepted deep pass and returned it to Immaculata's 40. Two plays later, quarterback John Poznanski connected with Lindquist on a 36-yard

touchdown pass. Vinny with five minutes left if the Pisano scored the PAT, game. They drove to the making the score 13-0 at 10-yard line, but failed to halftime The Crusaders came out | tercepted the ball in the end | flat in the second half. On zone. With two mnutes

Boright. "If this quirements. bill becomes a public law, widows and widowers would have immediate access to [bank accounts (deposits), stated, "I'm trying to speed securities, safe deposit boxes the day that expeditious and other jointly held assets shared with their late spouses rather than have to wait for a Division of Taxa-

tion Waiver. "This would also apply to child or children (biological or adopted) or the issue of bill," any child or legally adopted child," added Ann Walko, President of the Advisory Board on Status of Women. The transfer inheritance tax law was revised in 1985 to exempt transfers to surviving spouses made on or after January 1, 1985, and to parents, grandparents and children, made on or aft

Clark F.D. seeks new members

July 1, 1988. Affidavits and

The Clark Volunteer Fire Department is accepting applications for new members. Any township resident interested can obtain an application any Thursday evening between 7 and 9 p.m., and any Sunday morning between 9 and 12 at fire headquarters on Broadway. Requirements: good driving record, between 18 and 40 years of age and residing in the Township of Clark.

Naturalists' Club to host Audubon talk

Echo Lake Naturalists Club will meet on Tuesday, Nov. 8, at the Cranford Care Center, 205 Birchwood Ave., at 8 p.m. Mrs. Robert M. (Anne) Bishop of Westfield will talk on "The Life and Times of John James Audubon", artist, naturalist and author. Besides her interest in Audubon, Mrs. Bishop is an open hearth cook at the Miller-Cory Museum in Westfield. She is author of two books dealing with the culinary history of New Jersey - "The Pleasures of Colonial Cooking" and "The Victorian Seaside Cookbook." She also writes and lectures on the use of herbs in Colonial America. Mrs. Bishop is also Chairman of the Antiques De-

Club of Westfield. An All-Day Birding Trip is scheduled for Saturday, November 12, to the Brigantine National Wildlife Refuge (Forsythe Wildlife Refuge) with dinner being arranged at Forked River Inn. Mrs. Vi Debbie of Scotch Plains will lead the Membership and meetings are open to all area

residents interested in the environment. Call 233-9749 for information on meetings and 754-3233 for field trips.

RAHWAY NEWS-RECORD/CLARK PATRIOT

And A

The UNION COUNTY PROSECUTOR and SPECIAL GRAND JURY have concluded months of investigations focusing on county government insurance practicesd for the years 1986 and 1987.

Among those summoned to the Grand Jury were Union County Freeholder William Eldridge (who is also Republican County Chairman) and Republican Freeholder James Fulcomer.

ARROGANCE (see Grand Jury Report)

Prosecutor's staff: "... the language, tone and substance of Mr.

and arrogant in nature as to require our Foreperson to intervene." (p. 55)

The actions of Eldridge and his handpicked runningmate (Freeholder James Fulcomer) were criticized by the Grand Jury in this insurance scandal.

elected representatives are maintaining the proverbial finger upon the pulse of monetary expenditures if those representatives are voting upon measures in which no dollar amount, is included'' (p. 105).

THE COURIER NEWS WARNED US...

Freeholders in 1985 that is what the COURIER NEWS said about them.

In less than two years his legal fees have mushroomed to nearly ONE MILLION DOLLARS -- a 10,000% INCREASE! You pay for it every time you pay for garbage!

Natural Gas.

The Modern

hear of any homeowner running out of gas? If your oil heating system is old, convert to gas heat

before it starts to break down. You may be surprised at how little it may cost. And the money you save with economical gas heat will eventually pay for the conversion. Send for our free literature that tells you how to convert quickly and easily. Or if you don't want to chance being the

last one on your block to convert to gas heat, skip the coupon. Call 1-800-223-0509, Ext. 990.

Business phone Home phone My oil heating equipment is approximately ____ years old.
